D.C. No. 3:19-cv-02769-WHA

Before: BERZON, CHRISTEN, and BADE, Circuit Judges.  
Order by Judges BERZON and CHRISTEN; Dissent by Judge BADE.

In its most recent status report, the government stated that it has initiated a new rulemaking that may moot this case. Accordingly, the government's request that this case be held in abeyance for six months or until thirty days after the issuance of a final rule, whichever is sooner (Dkt. No. 128), is GRANTED. At the end of that period, the parties shall provide the Court with a report as to the status of the rulemaking process and may file motions to govern further proceedings.

BADE, Circuit Judge, dissenting:

The Department of Health and Human Services has issued a notice of proposed rulemaking that, if made final, would significantly alter or rescind the rule at the heart of this case. Consequently, this case is no longer prudentially ripe, and instead of holding this case in abeyance, I would direct the parties to file supplemental briefs to address whether the court should dismiss this case without prejudice. *See Sierra Club v. U.S. Nuclear Regul. Comm'n*, 825 F.2d 1356, 1362 (9th Cir. 1987) (“We will not entertain a petition where . . . further agency action might render the case moot and judicial review completely unnecessary.”); *see also Ohio Forestry Ass’n v.
