

District Judge Angel Kelley: ELECTRONIC ORDER entered. After review of the 60 Response to Order to Show Cause filed by the Plaintiffs, the Court DISCHARGES the 44 Order to Show Cause and determines that the two cases are related for the purpose of Local Rule 40.1(g). The Court notes: (1) this case and the Commonwealth case arise out of the same occurrence; (2) the injunctive relief sought in this case requires many of the same factual determinations as the Commonwealth case; and (3) random reassignment of this case poses a risk of Defendants becoming subject to conflicting court orders regarding Plaintiffs here, many of whose members are located in states that are plaintiffs in the Commonwealth case.
