

District Judge Angel Kelley: ELECTRONIC ORDER entered. After review of the 21 Response to Order to Show Cause filed by Plaintiffs, the Court DISCHARGES the 13 Order to Show Cause and determines that the two cases are related for the purpose of Local Rule 40.1(g). The Court notes: (1) this case and the Commonwealth case arise out of the same occurrence; (2) the injunctive relief sought in this case requires many of the same factual determinations as in the Commonwealth case; (3) counsel representing Defendants in this case ?do not oppose continuing to treat these cases as related? [Dkt. 21 at 1]; and (4) random reassignment of this case poses a risk of Defendants becoming subject to conflicting court orders regarding Plaintiffs here, whose member institutions reside in all twenty-two states that are plaintiffs in the Commonwealth case.
