UNITED STATES DISTRICT COURT
FOR THE SOUTHERN DISTRICT OF NEW YORK

JANE DOE on behalf of BABY DOE, a minor, and PATRICIA CAVALLARO-KEARINS, on behalf of themselves and all others similarly situated, Plaintiffs, v. ANTHEM HEALTHCHOICE ASSURANCE, INC., d/b/a ANTHEM BLUE CROSS AND BLUE SHIELD, and d/b/a ANTHEM BLUE CROSS, and ANTHEM HP, LLC, d/b/a ANTHEM BLUE CROSS AND BLUE SHIELD HP, and d/b/a ANTHEM BLUE CROSS HP, Defendant.	Civil Action No. 1:24-cv-08012

DEFENDANT ANTHEM HEALTHCHOICE ASSURANCE, INC.'S NOTICE OF MOTION TO DISMISS

PLEASE TAKE NOTICE that Defendant Anthem HealthChoice Assurance, Inc. ("Anthem"), shall move this Court before the Honorable John P. Cronan of the United States District Court for the Southern District of New York, located at 500 Pearl St., New York, NY 10007, on such date and time as the Court may direct, for an Order pursuant to Rule 12(b)(6) of the Federal Rules of Civil Procedure to dismiss the Plaintiffs' complaint with prejudice. Anthem requests the Court hear oral argument on the Motion to Dismiss.

PLEASE TAKE FURTHER NOTICE that in support of its Motion to Dismiss, Anthem will rely upon the accompanying Memorandum of Law, the Declaration of Brendan G. Stuhan, the pleadings, papers, and other documents on file, and such further evidence or argument as the Court may consider.

Dated: March 28, 2025

Respectfully Submitted,

By: /s/ Matthew J. Aaronson

S. Rep. No. 95-903 (1978) 9, 10

Defendant, Anthem HealthChoice Assurance, Inc. ("Anthem")[1], through its undersigned counsel, submits this Memorandum of Law in Support of its Motion to Dismiss the Complaint (ECF No. 1) ("Complaint" or "Compl.") filed by "Jane Doe" on behalf of her child "Baby Doe," a minor, and Patricia Cavallaro-Kearins (collectively, "Plaintiffs") pursuant to Fed. R. Civ. P. 12(b)(6).

INTRODUCTION

Plaintiffs are enrollees in the Service Benefit Plan (the "Plan"), a health insurance plan for federal employees, retirees, and their families, which is governed by the Federal Employees Health Benefits Act ("FEHBA"), 5 U.S.C. §§ 8901–8914. The Plan is created by a federal government contract between the U.S. Office of Personnel Management ("OPM") and the Blue Cross and Blue Shield Association ("BCBSA"), the latter of which enters into the contract as agent for and on behalf of Anthem and other local Blue Cross and Blue Shield companies that administer the Plan in their individual localities. Anthem administers the Plan in parts of New York.

Plaintiffs allege that Anthem's provider directory for the Plan is inaccurate, thwarting Plaintiffs' efforts to obtain mental health coverage under the Plan and causing them to pay higher "out-of-network" rates for their mental health care, instead of the lower "in-network" rate they thought they would receive under the Plan. Plaintiffs bring various state law claims focusing on these supposed misrepresentations in the Plan's provider directory, and a breach-of-contract claim as purported third-party beneficiaries of the contract between OPM and BCBSA.

Plaintiffs' claims—all brought under state law—must be dismissed with prejudice because they are fundamentally inconsistent with FEHBA and the regulations and contracts thereunder.

---

[1] Anthem HP, LLC, d/b/a Anthem Blue Cross And Blue Shield HP, and d/b/a Anthem Blue Cross HP was voluntarily dismissed from the action on January 23, 2025 (ECF No. 15).

FEHBA includes a broad preemption provision, 5 U.S.C. § 8902(m)(1), under which the terms of OPM's contracts with carriers like BCBSA expressly preempt state law. Additionally, Congress gave OPM broad authority over FEHBA carriers and plans, including the authority to police the conduct of FEHBA carriers. OPM has exercised that authority by adopting regulatory and contractual provisions giving OPM enforcement authority over FEHBA carriers' marketing materials and other Plan literature. Congress's grant of broad supervisory and enforcement authority to OPM thus also implicitly preempts state law claims that would interfere with OPM's exercise of this authority.

Congress also assigned to OPM the authority to make benefits determinations in individual cases and, pursuant to that authority, OPM has created a mandatory administrative remedy for Plan enrollees who believe they were improperly denied benefits. That remedy requires exhaustion of administrative review before filing suit and allows for suits against OPM only, expressly disallowing suits against FEHBA administrators such as Anthem.

Plaintiffs' claims as Plan enrollees, if permitted to proceed, would violate FEHBA and OPM's related authority. Indeed, courts have repeatedly concluded in highly analogous decisions that dismissal is required in these circumstances. As detailed below, all of Plaintiffs' claims must be dismissed with prejudice for three independent reasons: (1) Plaintiffs' state law claims are expressly preempted by FEHBA, (2) those claims are also implicitly preempted by FEHBA, and (3) Plaintiffs failed to exhaust available administrative remedies. In addition, the third-party breach of contract claim must be dismissed because Plaintiffs are not intended third-party beneficiaries with the right to sue; OPM is the only one with the right to enforce the contract against Anthem. Finally, to the extent any portion of Plaintiffs' claims survive this motion, Plaintiffs concede they cannot pursue benefit-of-the-bargain damages for their claims.

BACKGROUND

A. Statutory, Regulatory, and Contractual Background Regarding FEHBA and the Service Benefit Plan

FEHBA. In 1959, Congress enacted FEHBA to create "a comprehensive program of health insurance for federal employees." *Empire HealthChoice Assurance, Inc. v. McVeigh*, 547 U.S. 677, 682 (2006). To accomplish that goal, Congress vested "significant authority" in OPM. *Muratore v. OPM*, 222 F.3d 918, 920 (11th Cir. 2000). That includes broad discretion for OPM to establish insurance plans with many different insurers, which are known under FEHBA as "carriers." *See* 5 U.S.C. §§ 8901(7), 8902–03, 8913.

The Service Benefit Plan. One such plan is the nationwide Service Benefit Plan. *See* 5 U.S.C. § 8903(1). The Plan is formed, pursuant to FEHBA, by federal government contract No. CS 1039, between OPM and BCBSA (the "OPM-BCBSA Contract");[2] 2024 Statement of Benefits for the Service Benefit Plan at 4 (Ex. O to Stuhan Decl.) [hereinafter, "2024 Statement of Benefits"].[3] "OPM's contract with [BCBSA] describes the benefits that employees are eligible for, and on what terms." *Gonzalez v. Blue Cross Blue Shield Ass'n,* 62 F.4th 891, 896 (5th Cir. 2023). BCBSA is the carrier of the Plan, and contracts on behalf of local participating Blue Cross and Blue Shield companies ("BCBS Companies") that administer the Plan in their respective

[2] Periodically, the OPM-BCBSA Contract is restated in full. Stuhan Decl. ¶ 5. In other years, OPM and BCBSA enter into amendments to the most recent version of the contract. *Id*. ¶ 6. The relevant provisions upon which Anthem relies for purposes of this motion are substantively unchanged between the versions of the OPM-BCBSA Contract in effect during the relevant period, and appear in the same numbered sections of the contract. Attached to the Stuhan Declaration are the versions of the OPM-BCBSA Contract or applicable annual amendments that were operative during the period of 2018 through 2024 in which Plaintiffs allege their claims arose. *See* Exs. A through H to Stuhan Decl. (2013 and 2023 Contract and 2018-2021 and 2023-2024 Amendments).

[3] The prior versions of the Statement of Benefits for 2018 through 2023 are also attached to the Stuhan Decl. as Exhibits I through N.

localities. OPM-BCBSA Contract § 4.3; *Health Care Serv. Corp. v. Methodist Hosps. of Dallas*, 814 F.3d 242, 247 (5th Cir. 2016). Anthem is a BCBS Company that administers the Plan in parts of New York.[4]

OPM's Authority. Congress vested OPM with broad authority to police FEHBA carriers, *see, e.g.*, 5 U.S.C. §§ 8902(e), 8910(b), 8913(a), and OPM has adopted extensive regulations to that effect, *see, e.g.*, 48 C.F.R. §§ 1609.7001, 1652.203-70, 1652.222-70, 1652.246-70. Consistent with these provisions, the OPM-BCBSA Contract expressly gives OPM authority to evaluate Anthem's work under the contract and to take enforcement action against Anthem to protect the interests of federal enrollees. *E.g.*, OPM-BCBSA Contract §§ 1.9, 1.10, 1.11, 1.12, 1.14.

Congress also vested OPM with sole authority to contract for the provision of FEHBA health plans, to determine the benefit structure of each plan, and to promulgate the official description of a plan's terms in a Statement of Benefits, which is sometimes referred to as a "Brochure." *See* 5 U.S.C. §§ 8902(a), (d), 8907. The Statement of Benefits is "[a]uthorized for distribution by" OPM and is incorporated into the government contract between OPM and BCBSA. *See* 2024 Statement of Benefits cover page; § 2.2(a); *Empire*, 547 U.S. at 684. Under the contract's terms, FEHBA carriers "shall provide the benefits as described in the agreed upon

[4] The OPM-BCBSA Contract and Statement of Benefits (and other documents) are properly considered by the Court on this motion to dismiss. The Complaint repeatedly references and relies on the OPM-BCBSA Contract and the incorporated Statement of Benefits. *E.g.*, Compl. ¶¶ 71, 84, 117–18, 152–54, 170, 240, 253, 229, 262–63, 269. The Court may consider those documents because they are "integral to the complaint and [are] specifically referenced in th[e] pleading." *In re Bear Stearns Cos., Inc. Secs., Derivatives, & ERISA Litig.*, 763 F. Supp. 2d 423, 565 (S.D.N.Y. 2011) (citation omitted); *see also Goel v. Bunge, Ltd.*, 820 F.3d 554, 558–59 (2d Cir. 2016); *Levy ex rel. Immunogen Inc. v. Southbrook Int'l Invs., Ltd.*, 263 F.3d 10, 13 n.4 (2d Cir. 2001). Separately, the Statement of Benefits is available on OPM's official government website: https://www.opm.gov/healthcare-insurance/healthcare/plan-information/plans/pdf/2024/brochures/71-005.pdf (last visited Mar. 28, 2025), and thus is a matter of public record of which the Court can take judicial notice.

brochure text." OPM-BCBSA Contract § 2.2(a). And such carriers must also "produce and make available an FEHB Summary of Benefits and Coverage (SBC)." *Id*. § 1.13(e).

The contract requires the "verbatim" use of the OPM-approved Statement of Benefits and requires FEHBA carriers' marketing materials, supplemental literature, and other materials—including the SBC—to "be truthful and not misleading" and to meet other requirements set forth in OPM's regulations or other guidance. *Id*. § 1.13(b), (c), 1.14(a), (b). If a FEHBA carrier violates those duties, the contract gives OPM the power to direct the carrier to take corrective actions "to protect the interests of Federal Members." *Id*. § 1.13(d), 1.14(c), (d). Those corrective actions include cease-and-desist orders, orders to reissue nonconforming materials, orders to provide corrective notices to enrollees, allowing enrollees to transfer to another plan, and termination of the Plan. *Id*. Most of OPM's contractual rights are also mandated by regulation. 48 C.F.R. § 1652.203-70.

The Plan's Preferred and Participating Provider Network. The Plan offers a "Preferred Provider Organization," which is a network of "certain hospitals and other healthcare providers" that have been designated as "Preferred" providers or "PPO" providers and with whom Anthem (or another BCBS Company) contracts. *E.g.*, 2024 Statement of Benefits at 12; *see also* Compl. ¶ 104. In addition, the Plan also offers "Participating" providers, which are not Preferred providers but other providers contracted with Anthem (or another BCBS Company). *Id*. Anthem must notify OPM when a provider contract is added or terminated. OPM-BCBSA Contract § 1.10(a)(4); 48 C.F.R. § 1652.222-70.

The Plan pays Preferred providers and Participating providers at negotiated rates. *E.g., id*. at 12, 29–31, 156–58. Plaintiffs refer to such providers as "in-network." *E.g.*, Compl. ¶ 104. Because there is no limit to what out-of-network providers (*i.e.*, providers that are neither Preferred

nor Participating) can charge, enrollees typically pay more in cost-sharing (*e.g.*, coinsurance, copayments, and deductibles) if they use such providers. 2024 Statement of Benefits at 13, 29–31, 157; Compl. ¶¶ 105-09, 116.

The Plan's Mental Health Coverage. The Statement of Benefits describes the Plan's mental health coverage, including the amounts the Plan will pay for in-network and out-of-network providers. 2024 Statement of Benefits at 93–97. The Statement of Benefits also contains a link where enrollees can locate Preferred providers. *Id*. at 94. That link takes the user to the "Find a Doctor" website referenced in the Complaint. Compl. ¶ 71 & n.61.

The OPM-BCBSA Contract's Incorporation of the No Surprises Act. OPM requires FEHBA contractors, including Anthem, to comply with certain provisions of the No Surprises Act ("NSA"), including a provision of the NSA designed to ensure that health plans' provider directory information is accurate.[5] OPM-BCBSA Contract § 2.18(a); Compl. ¶ 119; 42 U.S.C. § 300gg-115 (PHSA § 2799A-5).[6] That NSA provision requires a health plan issuer to maintain accurate provider directory information. 42 U.S.C. § 300gg-115(a).

If a health plan's provider directory mistakenly lists a provider as in-network, the plan cannot impose on an enrollee who receives the inaccurate information a cost-sharing amount that is higher than the amount that would have applied had the provider actually been in-network. 42 U.S.C. § 300gg-115(b).

[5] By its terms, the NSA does not apply to FEHBA plans, as those provisions apply only to a "group health plan" or a "health insurance issuer offering group or individual health insurance coverage." *See, e.g.*, 42 U.S.C. § 300gg–115(a)(1).

[6] The NSA added nearly identical provisions to three statutes: the Public Health Service Act ("PHSA"), the Employee Retirement Income Security Act ("ERISA"), and the Internal Revenue Code. For simplicity, we cite to the PHSA provisions, which are found in Title 42 of the U.S. Code.

FEHBA's Administrative Remedies. Under FEHBA, each health plan contract requires the carrier "to pay for or provide a health service or supply in an individual case" if OPM "finds that the employee . . . is entitled thereto under the terms of the contract." 5 U.S.C. § 8902(j). OPM has implemented this provision by establishing a mandatory administrative remedy for those who believe that a carrier has wrongfully denied benefits. 5 C.F.R. § 890.105; *see also id.* § 890.107(d)(1).[7] An enrollee who is dissatisfied with a carrier's benefits decision must first request that the carrier reconsider its decision and, if the carrier upholds its decision, seek review by OPM. *Id.* § 890.105(a)-(d). If OPM finds that the denial by the carrier was incorrect, the carrier must pay the benefits and "honor any case-by-case determinations that OPM makes for an individual employee." *Gonzalez*, 62 F.4th at 896 (citing 5 U.S.C. § 8902(j)).

If OPM upholds the denial of benefits, then the enrollee may sue OPM. *Id.*; *Bridges v. Blue Cross & Blue Shield Ass'n*, 935 F. Supp. 37, 42 (D.D.C. 1996); 5 C.F.R. § 890.107(c). However, no lawsuit may be brought "prior to exhaustion of the administrative remedies provided in § 890.105." 5 C.F.R. § 890.107(d)(1); *see also id.* § 890.105(a)(1) ("A covered individual must exhaust both the carrier and OPM review processes . . . before seeking judicial review of the denied claim."). And such lawsuits "must be brought against OPM and not against the carrier or carrier's subcontractors." 5 C.F.R. § 890.107(c). In other words, "a patient who wishes to challenge a denial may sue only OPM, not [the carrier]." *Gonzalez*, 62 F.4th at 896 (citing 5 C.F.R. § 890.107(c)). The remedy in such a lawsuit "shall be limited to a court order directing OPM to require the carrier to pay the amount of benefits in dispute." 5 C.F.R. § 890.107(c).

[7] The administrative remedy is also described in detail in the Statement of Benefits. *See* 2024 Statement of Benefits at 139–41; *see also Gonzalez*, 62 F.4th at 896 ("The Plan documents describe all of these procedures.").

B. Plaintiffs' Allegations[8]

Plaintiffs allege that Anthem's directory of in-network providers for the Plan contains inaccurate information regarding mental health providers, including by listing providers that are not, in fact, in-network and by listing inaccurate information for those who are. *E.g.*, Compl. ¶¶ 1–3, 10, 126–28. Plaintiffs allege these inaccuracies render the Plan materials "deceptive," including the OPM-approved Statement of Benefits and the "Find a Doctor" website referenced therein. *Id.* ¶¶ 10, 152, 165–71. And Plaintiffs allege they were harmed because the claimed inaccuracies caused them to delay or forgo treatment or forced them to incur the costs of using out-of-network providers. *E.g., id.* ¶¶ 4, 13, 76. Plaintiffs also claim these alleged inaccuracies effectively denied them the mental health benefits promised under the Plan, which they claim individually induced them into enrolling in the Plan in the first place. *E.g., id.* ¶¶ 6, 71, 87, 156, 198, 214.

Although Plaintiffs assert that Anthem's allegedly inaccurate provider directory violates several laws regarding provider networks, including the NSA, Plaintiffs do not bring any causes of action under those laws. Instead, Plaintiffs assert state law causes of action for: (1) breach of the OPM contract (specifically, the NSA provider directory provisions incorporated therein); (2) violation of N.Y. Gen. Bus. Law ("GBL") § 349; (3) violation of GBL § 350; (4) violation of N.Y. Ins. Law § 4226; (5) fraudulent misrepresentation; and (6) unjust enrichment. Compl. ¶¶ 227–84.

ARGUMENT

I. PLAINTIFFS' STATE LAW CLAIMS ARE EXPRESSLY PREEMPTED BY FEHBA

All of Plaintiffs' claims—brought solely under state law—are preempted by FEHBA's express preemption provision, 5 U.S.C. § 8902(m)(1).

[8] As it must, Anthem assumes the well-pled allegations in the Complaint to be true for purposes of this motion. However, Anthem notes that several allegations are not accurate and does not concede the truth of any allegation for any other purpose.

A. The Text and Purpose of FEHBA's Preemption Provision

FEHBA contains the following express preemption provision, which gives preemptive effect to the terms of the OPM-BCBSA Contract (including the terms of the incorporated Statement of Benefits):

> The terms of any contract under this chapter which relate to the nature, provision, or extent of coverage or benefits (including payments with respect to benefits) shall supersede and preempt any State or local law, or any regulation issued thereunder, which relates to health insurance or plans.

5 U.S.C. § 8902(m)(1). The Supreme Court has explained that "under § 8902(m)(1) as it now reads, state law—whether consistent or inconsistent with federal plan provisions—is displaced on matters of 'coverage or benefits.'" *Empire*, 547 U.S. at 686.

With FEHBA's preemption provision, Congress sought to "strengthen the ability of national plans to offer uniform benefits and rates to enrollees regardless of where they may live." H.R. Rep. No. 105-374, at 9 (1997); *accord* S. Rep. No. 95-903, at 2 (1978) (legislative history of FEHBA's original preemption provision); *see also Empire*, 547 U.S. at 686. The "policy underlying § 8902(m)(1) is to ensure nationwide uniformity of the administration of FEHBA benefits." *Burkey v. Gov't Emps. Hosp. Ass'n*, 983 F.2d 656, 600 (5th Cir. 1993) (citing *Hayes v. Prudential Ins. Co.*, 819 F.2d 921, 925 (9th Cir. 1987)).

Among other things, FEHBA's preemption provision was specifically intended to preempt state laws that purport to regulate the content of written materials distributed to FEHBA enrollees about their benefits. OPM's predecessor, the U.S. Civil Service Commission, explained that FEHBA's preemption provision was designed in part to solve the "problem" of state "legislation and regulations" purporting to govern "the format and type of informational material that must be furnished, including in some instances the type of language to be used" in materials provided to

enrollees. S. Rep. No. 95-903, at 7 (1978); *Mahajan v. Blue Cross Blue Shield Ass'n*, No. 16-cv-6944, 2017 WL 4250514, at *9 (S.D.N.Y. Sept. 22, 2017) (discussing legislative history).

The Supreme Court has thus interpreted FEHBA's preemption provision broadly, noting that "Congress' use of the expansive phrase 'relate to'" in defining the scope of the preemption provision "'express[es] a broad pre-emptive purpose'" and is "notably 'expansive [in] sweep.'" *Coventry Health Care of Mo., Inc. v. Nevils*, 581 U.S. 87, 95–96 (2017) (quoting *Morales v. Trans World Airlines, Inc.*, 504 U.S. 374, 383, 384 (1992)) (alterations added by *Nevils* Court). The Supreme Court concluded that a broad reading of § 8902(m)(1) was appropriate considering FEHBA's "statutory context and purpose":

> FEHBA concerns benefits from a federal health insurance plan for federal employees that arise from a federal law in an area with a long history of federal involvement. Strong and distinctly federal interests are involved, in uniform administration of the program, free from state interference, particularly in regard to coverage, benefits, and payments.

Id. (internal quotation marks and citations omitted).

B. The Requirements for Express Preemption Are Met Here

There are two requirements for express preemption under FEHBA's preemption provision: (1) the state law at issue must implicate contract terms "which relate to the nature, provision, or extent of coverage or benefits (including payments with respect to benefits)"; and (2) the state law must "relate[] to health insurance or plans." 5 U.S.C. § 8902(m)(1); *see also Nevils*, 581 U.S. at 94 (discussing the "two preconditions on federal preemption" under FEHBA). Both requirements are readily met by the allegations in this lawsuit.

Plaintiffs appear to concede that the first requirement for preemption is met, as they acknowledged, but did not contest, that element in their pre-motion briefing. *See* ECF No. 18 at 2. Plaintiffs' claims implicate numerous contractual provisions that relate to coverage or benefits, including the aforementioned mental health coverage and benefits provisions, the provisions

relating to benefits when using Preferred and Participating providers and when using non-participating providers, the provisions governing the materials describing coverage and benefits, and the NSA provisions that apply to the Plan only by virtue of the terms of the OPM-BCBSA Contract (which are found in a part of the contract entitled "Benefits," OPM-BCBSA Contract at p. II-1). There is no question these contract terms "relate to the nature, provision, or extent of coverage or benefits," 5 U.S.C. § 8902(m)(1), and Plaintiffs have not contended otherwise.

Plaintiffs instead contest the second requirement for preemption: that the state law in question relates to health insurance or plans. Plaintiffs' sole argument is that "state 'laws of general application that make absolutely no reference to health insurance or plans' do not fall within the second preemption requirement." ECF No. 18 at 2 (quoting *Empire HealthChoice Assurance, Inc. v. McVeigh*, 396 F.3d 136, 146 (2d Cir. 2005)). This assertion fails on its face. As an initial matter, N.Y. Ins. Law § 4226—the basis of Plaintiffs' Fourth Cause of Action—specifically applies to "insurer[s] authorized to do in this state the business of life, or accident and health insurance," and thus plainly references "health insurance." N.Y. Ins. Law § 4226(a). Plaintiffs offer no explanation as to how FEHBA's second requirement for preemption is unmet as to N.Y. Ins. Law § 4226, and Plaintiffs' attempt to apply N.Y. Ins. Law § 4226 to regulate Anthem's administration of the Plan belies any argument that it is not related to health insurance or plans.

As to their remaining causes of action, however, Plaintiffs are wrong in their assertion that laws of general application that do not reference "health insurance or plans" fall outside of FEHBA's express preemption provision. The only authority Plaintiffs cite on this point is the Second Circuit's opinion in *Empire*. But that statement is pure dicta, because that case related solely to whether federal question jurisdiction existed, not whether express preemption occurred.

See Mahajan, 2017 WL 4250514, at *8.

More importantly, whether dicta or not, the statement from the Second Circuit's *Empire* decision cannot survive the Supreme Court's subsequent decision in *Nevils*, holding that FEHBA expressly preempted Missouri's common-law doctrine precluding subrogation and reimbursement. 581 U.S. at 93. That doctrine is not specific to health insurance or plans; indeed, the case the Supreme Court cited as representative of that doctrine involved business insurance. *Id.* (citing *Benton House, LLC v. Cook & Younts Ins., Inc.*, 249 S.W.3d 878, 881–82 (Mo. App. 2008)). Nonetheless, the Court held that the state's rule was preempted by FEHBA. In fact, this Court has previously held that *Nevils* teaches that state laws of general application that do not reference health insurance or plans still trigger FEHBA's second requirement for preemption, and other courts have reached the same conclusion. *See Mahajan*, 2017 WL 4250514, at *7–8; *Ray v. Tabriz*, No. 23-cv-1467, 2025 WL 306175, at *2 (N.D. Ill. Jan. 27, 2025); *see also Kaiser Foundation Health Plan, Inc. v. Maylone*, No. 55585-9-II, 2022 WL 3754902, at *7 (Wash. Ct. App. Aug. 30, 2022).

Numerous other courts have also held state laws of general application to be preempted by FEHBA. *See, e.g., Gonzalez*, 62 F.4th at 904 (plaintiff's state common law claims preempted by FEHBA even though those laws "do not specifically relate to health insurance," because "preemption reaches even a state's general laws when their application relates to the scope or administration of federal healthcare plans," a result "compel[led]" by the Supreme Court's interpretation of similar preemption provisions) (citing *Morales*, 504 U.S. at 384, 386); *Bryan v. OPM*, 165 F.3d 1315, 1320 (10th Cir. 1999) (FEHBA preempts Oklahoma attorney fee statute applicable to many types of insurance other than health); *Hayes v. Prudential Ins. Co.*, 819 F.2d 921, 926 (9th Cir. 1987) (finding various state common law and statutory claims to be preempted

under FEHBA's original, narrower preemption provision, including breach of contract and breach of fiduciary duty claims); *Russell v. Gennari*, No. 1:07cv793, 2007 WL 3389998, at *5 (E.D. Va. Nov. 8, 2007), *aff'd*, 284 F. App'x 98 (4th Cir. 2008) (professional negligence and breach of fiduciary duty claims preempted by FEHBA); *see also Morales*, 504 U.S. at 383 ("a State's general consumer protection laws" qualify as laws "relating to rates, routes, or services of any air carrier" so as to fall within the ambit of the Airline Deregulation Act's preemption provision); *id*. at 386 (dismissing the argument that the preemption provision "imposes no constraints on laws of general applicability," a theory this Court has "consistently rejected" in the ERISA context); *Metro. Life Ins. Co. v. Christ*, 979 F.2d 575, 576, 579 (7th Cir. 1992) (finding "state divorce decree and state law equitable principles" to be preempted by a preemption provision nearly identical to FEHBA's original, narrower provision).

Plaintiffs' claims here are much like claims this Court and other courts have found to be preempted. In *Mahajan*, just like this case, a Plan enrollee alleged that BCBSA's misrepresentations about the Plan's provider network violated GBL §§ 349 and 350, fraudulently induced her to enroll in the Plan, and constituted negligent misrepresentation. *See* 2017 WL 4250514, at *5. This Court held that each of those claims were expressly preempted by FEHBA. *See id*. at *6-9. *Gonzalez* involved allegations that BCBSA breached the OPM-BCBSA Contract by imposing a process that was not contained in the Plan terms and fraudulently or negligently misrepresented the Plan terms. *See* 62 F.4th at 903. The court found those claims, among others, to be preempted. *See id*. at 903-04. Plaintiffs' claims here are likewise preempted by FEHBA.

II. PLAINTIFF'S CLAIMS ARE IMPLIEDLY PREEMPTED BY FEHBA

Even if the statute had no express preemption provision, FEHBA would still preempt Plaintiffs' claims impliedly. Implied preemption occurs when the state law claims "'stand[] as an obstacle to the accomplishment and execution of the full purposes and objectives of Congress.'"

In re Trib. Co. Fraudulent Conv. Litig., 946 F.3d 66, 81 (2d Cir. 2019) (quoting *Hillman v. Maretta*, 569 U.S. 483 (2013)). Here, Plaintiffs' claims are also impliedly preempted because they interfere with OPM's exclusive authority over FEHBA and because they undermine the uniform nationwide administration of a FEHBA plan.

As described above, Congress delegated to OPM the exclusive authority to police the conduct, policies, and practices of FEHBA carriers, and OPM has promulgated extensive regulations on the topic. *See* 5 U.S.C. §§ 8902(e), 8910, 8913(a); 48 C.F.R. § 1600 *et seq.*; *see also Bridges*, 935 F. Supp. at 42–43; *Kight v. Kaiser Found. Health Plans of Mid-Atl. States, Inc.*, 34 F. Supp. 2d 334, 342 (E.D. Va. 1999). In this case, Plaintiffs' attempt to use state law to regulate the conduct of a FEHBA carrier and the terms of a FEHBA plan conflicts with the broad enforcement powers Congress gave to OPM. The court in *Kight* reached just that conclusion: "Congress already adopted an enforcement scheme in FEHBA whereby it delegated the power to police the administration of FEHBA plans to OPM." 34 F. Supp. 2d at 342. Where a plaintiff "attempt[s] to seek state law review of Plan administrative policies," it "directly conflicts with the OPM powers," resulting in preemption "under traditional conflict preemption principles." *Id.*; *accord Mahajan*, 2017 WL 4250514, at *11.

Plaintiffs' state law claims interfere with several aspects of OPM's exclusive authority. First, OPM has broad power to ensure that a FEHBA carrier's marketing materials are "truthful and not misleading" and to punish a carrier's failure in that regard through financial penalties, suspending new enrollment under the contract, or terminating the contract entirely, among other actions. 48 C.F.R. § 1652.203-70(a), (c), (d). OPM also has the authority to order "corrective action to protect the interest of Federal Members" like Plaintiffs, including by "[d]irecting the Carrier to cease and desist" use of the marketing material and to issue corrections to enrollees. *Id.*

§ 1652.203-70(c); *see also* OPM-BCBSA Contract §§ 1.13, 1.14. Plaintiffs' state law claims seeking to regulate the content of Anthem's "advertising, marketing, and program materials," Compl. ¶ 170; *see also id.* ¶¶ 71, 87, 167, conflict with OPM's authority. That is particularly true to the extent that alleged misrepresentations are in the Plan's Statement of Benefits, *see, e.g.*, *id.* ¶ 170, which is a document that is "[a]uthorized for distribution by" OPM, 2024 Statement of Benefits at cover page; *Jacks v. Meridian Res. Co.*, 701 F.3d 1224, 1233 (8th Cir. 2012), and which was intended by Congress to contain provisions that *the Office* [*i.e.*, *OPM*] "considers necessary or desirable," 5 U.S.C. § 8902(d) (emphasis added).

Second, OPM has broad authority over the Plan's provider network. Under the OPM-BCBSA contract, any "[a]ddition or termination of provider agreements" is a "Significant Event" of which OPM must be notified within ten days. OPM-BCBSA Contract § 1.10(a)(4). Further, with respect to any Significant Event, OPM has broad remedial powers, including the ability to direct BCBSA or Anthem to take corrective action, to withhold payments, to suspend new enrollments in the Plan, to allow impacted enrollees to transfer to another FEHBA plan, or to terminate the contract entirely. *Id.* § 1.10(b). Those OPM enforcement powers are specifically meant "to protect the interest of Members" like Plaintiffs. *Id.* Plaintiffs' claims seeking to regulate the scope of the Plan's provider network conflict with that OPM authority.

Aside from interfering with OPM's exclusive authority, Plaintiffs' state law claims also stand as an obstacle to Congress's intent that each FEHBA plan be administered uniformly nationwide. *See Mahajan*, 2017 WL 4250514, at *10. The application of 50 different sets of state laws to the Plan would make it impossible to administer the Plan uniformly in each state and would drive up costs as the carrier would need to stay abreast of, and in compliance with, each of those laws. *See id.* "'[F]ederal programs that by their nature are and must be uniform in character

throughout the Nation necessitate formulation of controlling federal rules.'" *Helfrich v. Blue Cross and Blue Shield Ass'n*, 804 F.3d 1090, 1099 (10th Cir. 2015) (quoting *United States v. Kimbell Foods, Inc.*, 440 U.S. 715, 728 (1979)). In *Helfrich*, the court held that when state laws conflict with the "strong federal interest in uniformity" under FEHBA, such state laws are displaced by federal law. *Id*.; *see also id*. at 1095–1103.

Because Plaintiffs' state law claims stand as an obstacle both to OPM's exclusive authority over FEHBA plans and to the nationwide uniformity Congress envisioned, their claims are impliedly preempted by FEHBA.

III. PLAINTIFFS' CLAIMS MUST BE DISMISSED BECAUSE PLAINTIFFS FAILED TO UTILIZE AVAILABLE ADMINISTRATIVE REMEDIES

As set forth above, FEHBA explicitly calls for OPM to decide benefits issues, 5 U.S.C. § 8902(j), and the agency has promulgated detailed regulations for doing so, 5 C.F.R. §§ 890.105, 890.107. Plaintiffs say that remedy does not apply because they "are not disputing Anthem's decision to deny coverage on any particular benefit claim." ECF No. 18 at 1. Plaintiffs' argument misses the mark. To begin with, OPM's regulations cover more than benefit disputes. 5 C.F.R. § 890.107(b) allows for suits against OPM over OPM's regulations. That provision allows for suits by enrollees stemming "from dissatisfaction with the OPM's general programmatic decisions," but requires such suits be brought against OPM. *Bridges*, 935 F. Supp. at 42. Thus, "the detailed enforcement scheme of the FEHBA leaves no room for" an action against Anthem here. *See id*. at 43.

Additionally, where, as here, an enrollee alleges that a health plan carrier made misrepresentations about the enrollee's coverage or benefits under the terms of the plan, those claims must also be pursued through FEHBA's remedy for benefits disputes. *See, e.g.*, *Botsford v. Blue Cross & Blue Shield of Mont., Inc.*, 314 F.3d 390 (9th Cir. 2002), *opinion amended on*

denial of rehearing, 319 F.3d 1078 (9th Cir. 2003); *Cicio v. Vytra Healthcare*, 321 F.3d 83, 96–97 (2d Cir. 2003), *vacated on other grounds*, 542 U.S. 933 (2004); *cf. Cicio v. Vytra Healthcare*, 208 F. Supp. 2d 288, 296 (E.D.N.Y. 2001) (concluding "negligent misrepresentations about the scope of coverage under the Policy" fall within the scope of ERISA's similar remedies provision, *aff'd*, 385 F.3d 156 (2d Cir. 2004)).

In *Botsford*, for instance, a Plan enrollee underwent a "$3,036.00 medical procedure" performed by an out-of-network provider and "received a reimbursement check for only $915.74" from the Plan. 314 F.3d at 392. Instead of utilizing FEHBA's administrative remedy, the plaintiff in *Botsford* filed suit in federal court, alleging a "state statutory claim," under the Montana Unfair Trade Practices Act ("MUTPA"), Mont. Code Ann. § 33-18-201(1), premised on the theory that the FEHBA carrier "misrepresent[ed] the policy regarding reimbursement of non-participating providers." *Id*. at 392–93.[9] The Ninth Circuit concluded that "Montana Code Section 33-18-201(1) conflicts with, and is therefore preempted by, FEHBA." *Id.* at 393. "[A]lthough [the enrollee] stated his claim as a breach of state law, it really amounts to an alternative method of remedying a contractual breach" of the Plan terms. *Id*. at 396. The court went on to hold that the enrollee's exclusive remedy was the one offered under FEHBA. *See id*. at 396–99. Accordingly, any remedies available under MUTPA were displaced. *See id*. at 396; *see also Kight*, 34 F. Supp. 2d at 336, 340 (in action against FEHBA carrier "for concealing a physician financial incentive program" that "allegedly encouraged physicians to reduce the quality of medical care to patients," plaintiff's claims for "direct negligence for failure to establish policies and guidelines," for "tortious interference with contract," and for fraud all fell under FEHBA's administrative remedy

[9] *Botsford* also alleged "various state common law causes of action, such as fraud" and "negligent misrepresentation," but voluntarily dismissed all but the MUTPA claim. *Id*. at 392, 393.

because all "are in essence a claim that plaintiff was denied medical benefits because of the alleged physician financial incentive program").

The Supreme Court addressed the same issue in the analogous ERISA context in *Aetna Health Inc. v. Davila*, 542 U.S. 200 (2004). A key issue there was whether the plaintiffs' claims fell within ERISA's civil remedies provision—ERISA § 502(a)(1)(B)—which allows for suits by ERISA participants "to recover benefits due to him under the terms of his plan." 29 U.S.C. § 1132(a)(1)(B). The plaintiffs alleged that they had suffered physical injuries because of their ERISA plan's denial of coverage for certain treatment. 542 U.S. at 204–05. The plaintiffs elected not to pursue their remedies under ERISA and instead filed suit for tort damages they alleged followed from the denial of coverage. *See id*. at 204–06; *see also id*. at 214–15. The Supreme Court held that the plaintiffs' only remedy was under ERISA § 502(a)(1)(B): "Upon the denial of benefits, [plaintiffs] could have paid for the treatment themselves and then sought reimbursement through [ERISA's civil remedies provision], or sought a preliminary injunction," which, if successful, would have avoided all injuries alleged. *Id*. at 211.

Plaintiffs are wrong that their claims here do not constitute disputes that fall within 5 C.F.R. § 890.105's administrative remedy. Plaintiff Cavallero-Kearins alleges that she was unable to identify an in-network provider using the Plan directory, and she was "left with no other option than to go out-of-network." Compl. ¶¶ 74-76, 79. She alleges that she "had to spend thousands of dollars on out-of-network providers" and "the reimbursement from Anthem was a tiny fraction of her out-of-pocket costs." *Id*. ¶ 76. And she further alleges Anthem "[o]n numerous occasions" stated it had not received her requests for reimbursement. *Id*. ¶ 80. But Ms. Cavallero-Kearins's complaints about inadequate, delayed, or denied reimbursement of out-of-network costs are

precisely the sort of benefits disputes that must be addressed through FEHBA's mandatory administrative dispute process. *See Botsford*, 314 F.3d at 396–99.

Plaintiff Doe likewise should have pursued her claims through FEHBA's administrative remedies. Doe alleges that she was unable to find an in-network provider using the Plan directory "with the training or experience necessary to provide adequate care within a reasonable distance of her home." Compl. ¶ 92. As the Supreme Court has recognized, the remedy for such a claim is to obtain treatment and then seek reimbursement through the provided administrative process. *See Aetna Health*, 542 U.S. at 211. And while Doe alleges she was "unable to financially afford out-of-network care" and therefore had to "forgo care," Compl. ¶ 93, Doe could have informed Anthem of her difficulty in finding an in-network provider and requested an accommodation such as a single-case agreement that would have allowed her to see an out-of-network provider at in-network rates. *See Jamie F. v. UnitedHealthCare Ins. Co.*, No. 19-CV-1111-YGR, 2020 WL 6802416, at *1 (N.D. Cal. Nov. 19, 2020) ("A [single-case agreement] is an agreement between a non-network provider and a . . . claims administrator pursuant to which the claims administrator agrees to pay a set rate for . . . treatment for the individual claimant"); *Robert O. v. Harvard Pilgrim Health Care, Inc.*, No. 2:17-CV-1251-TC, 2019 WL 3358706, at *3 (D. Utah July 25, 2019) ("Single case agreements are contracts between the insurer and the out-of-network provider that allow the consumer to see his or her out-of-network provider, usually at a negotiated in-network rate." (*quoting* Miriam Ruttenberg, Esq., Choice and Continuity of Care as Significant Health Issues for Equality in Mental Health Care, 10 J. of Health & Biomedical L. 201, 209 (2014)). Had Anthem refused to provide such an accommodation or otherwise failed to provide Doe with benefits under the Plan, Doe could have pursued her claims through FEHBA's administrative remedy under 5 C.F.R. §§ 890.105 and 890.107.

In short, both Plaintiffs had a straightforward remedy to obtain exactly the coverage they sought through FEHBA's administrative remedy. That Plaintiffs failed to pursue their available remedy does not excuse them from complying with FEHBA's requirements; rather, it bars them from seeking judicial relief on claims for which they failed to exhaust these remedies. 5 C.F.R. § 890.107.

The Second Circuit has held that a failure to exhaust FEHBA's administrative remedy should result in the dismissal of the enrollee's lawsuit. *See Kennedy v. Empire Blue Cross & Blue Shield*, 989 F.2d 588, 594 (2d Cir. 1993); *see also Kobleur v. Grp. Hospitalization & Med. Servs., Inc.*, 954 F.2d 705, 710–11 (11th Cir. 1992). A pre-suit exhaustion requirement "may arise from explicit statutory language or from an administrative scheme providing for agency relief." *Kennedy*, 989 F.2d at 592 (citation omitted). The court in *Kennedy* concluded that the administrative remedy set forth in OPM's regulations satisfies the latter option. *See id*. at 593–94. Accordingly, it affirmed the dismissal of the enrollee's claims for failure to exhaust that remedy. *See id*. at 594, 596.[10] Because Plaintiffs' claims are cognizable under OPM's administrative remedy, they must be dismissed.

IV. PLAINTIFFS CANNOT SUE AS THIRD-PARTY BENEFICIARIES

Plaintiffs' First Cause of Action for breach of the OPM-BCBSA Contract must also be dismissed for the additional reason that Plaintiffs, as non-parties to that contract, are not entitled to sue Anthem to enforce the contract's terms. That was the conclusion correctly reached by the

[10] In *Kennedy*, the court found the exhaustion requirement to exist even though OPM's regulations were, at the time, ambiguous as to whether the administrative remedy was mandatory or optional. *Id*. at 592-93. OPM has since removed any ambiguity and its regulations now make clear that exhaustion is required. *See* 5 C.F.R. § 890.107(d)(1) (a lawsuit "[m]ay not be brought prior to exhaustion of the administrative remedies provided in § 890.105"). Thus, this case presents an even stronger case for dismissal for failure to exhaust than did *Kennedy*.

only case that directly addresses whether Plan enrollees are *intended* third-party beneficiaries of the OPM-BCBSA Contract *with the right to sue* to enforce its terms. *See Fero v. Excellus Health Plan, Inc.*, 236 F. Supp. 3d 735, 763–69 (W.D.N.Y. 2017). And it is the only conclusion consistent with recognized constraints on third party rights to sue, which are heightened where a private party seeks to enforce governmental rights under a government contract.

Third parties can enforce a contract only when they are "intended," rather than "incidental," beneficiaries of the contract. Restatement (Second) of Contracts § 302 (Am. Law Inst. 1981). Although some courts use the terms differently (or use different terms), the Restatement uses "intended beneficiary" to refer to a beneficiary who "acquires a right [to sue] by virtue of a promise" while an "incidental beneficiary" does not. *Id.* at cmt. a. Even under non-government contracts, "[p]roving third-party beneficiary status requires that the contract terms 'clearly evidence[] an intent to permit enforcement by the third party' in question." *Hillside Metro Assocs., LLC v. JPMorgan Chase Bank, N.A.*, 747 F.3d 44, 49 (2d Cir. 2014) (citation omitted); *see also JP Morgan Chase & Co. v. Conegie ex rel. Lee*, 492 F.3d 596, 600 (5th Cir. 2007).

Under federal government contracts, it is even more difficult to show that a third-party was intended to have the right to sue to enforce the contract. *See Rivera v. Bank of Am. Home Loans*, No. 09 CV 2450, 2011 U.S. Dist. LEXIS 43138, at *13 (E.D.N.Y. Apr. 21, 2011) (citing Restatement (Second) of Contracts § 313 cmt. a (Am. Law Inst. 1981)); *see also Cent. Sw. Tex. Dev., L.L.C. v. JPMorgan Chase Bank, N.A.*, 780 F.3d 296, 299–300 (5th Cir. 2015). The Supreme Court has recognized the heightened standard under government contracts: "[t]he distinction between an intention to benefit a third party and an intention that the third party should have the right to enforce that intention is emphasized where the promisee is a governmental entity." *Astra USA, Inc. v. Santa Clara Cnty.*, 563 U.S. 110, 118 (2011) (citation and internal quotations marks

omitted); *see also Caltex Plastics, Inc. v. Lockheed Martin Corp.*, 824 F.3d 1156, 1160 (9th Cir. 2016) (demonstrating status as an intended beneficiary with rights to enforce a government contract is a "'comparatively difficult task'") (citation omitted).

The burden is on a plaintiff to point to specific language in the contract demonstrating an intent to permit a third party to sue to enforce the contract's terms. *See Nguyen v. United States Catholic Conf.*, 719 F.2d 52, 55 (3d Cir. 1983); *Fero*, 236 F. Supp. 3d at 769; *Cade v. BAC Home Loans Servicing, LP*, No. 10-CV-4224, 2011 WL 2470733, at *4 (S.D. Tex. June 20, 2011). "[S]ilence cannot be interpreted to manifest a clear intent to permit enforcement." *Fero*, 236 F. Supp. 3d at 769.

Plaintiffs argue that they are within the class of individual that the OPM-BCBSA Contract was intended to benefit. ECF No. 18 at 3. But more is required. To bring a third-party breach of contract claim, a plaintiff must show that "the contract intended to provide the plaintiff with a legal cause of action, not just [that] the plaintiff falls within a class of individuals that the contract and its underlying policies seek to benefit." *Alpino v. JPMorgan Chase Bank, N.A.*, No. 10-12040, 2011 U.S. Dist. LEXIS 43210, at *9-10 (D. Mass. Apr. 21, 2011); *see also Skillman-Eastridge, Ltd. v. JPMorgan Chase Bank, Nat. Ass'n*, No. 3:09-CV-01988-M, 2011 WL 4528391, at *4 (N.D. Tex. Sept. 29, 2011). For that reason, the court in *Fero* held that even though the OPM-BCBSA Contract's purpose was "to benefit federal employees," those employees could not bring a breach of contract action because "'[p]roving third-party beneficiary status requires that the contract terms clearly evidence an *intent to permit enforcement* by the third party in question.'" 236 F. Supp. 3d at 768 (quoting *Hillside Metro Assocs.*, 747 F.3d at 49).

Here, Plaintiffs cannot point to any contract provisions demonstrating that OPM and BCBSA intended Plan enrollees like Plaintiffs to be able to sue Anthem to enforce the contract's

NSA provisions or any provisions for that matter. To the contrary, the contract indicates they have no such right. The contract does contain provisions allowing Plan enrollees to sue regarding enrollment disputes, benefits disputes, and challenges to OPM regulations, but requires such suits be brought against the government only (either the government employing office or OPM). OPM-BCBSA Contract § 2.8(g); *see also* 2024 Statement of Benefits at 140. The lack of similar provisions for lawsuits against the carrier indicates the contracting parties did not intend there to be such a right. *Cf. Hamdan v. Rumsfeld*, 548 U.S. 557, 578 (2006) (explaining that "a negative inference may be drawn from the exclusion of language from one statutory provision that is included in other provisions of the same statute"); *Russello v. United States*, 464 U.S. 16, 23 (1983).

Further, as discussed above, the OPM-BCBSA Contract (and OPM's regulations) repeatedly places exclusive enforcement responsibility *with OPM* for a wide range of matters, including marketing and other Plan materials and literature and provider networks. *See, e.g.*, OPM-BCBSA Contract §§ 1.9(k), 1.10(a)(4), (b), 1.11, 1.12(a), 1.13(d), 1.14(c), (d). In short, the contract is rife with references to OPM's ability to enforce the contract, including numerous rights for OPM to take action it deems necessary "to protect the interests of" enrollees. *E.g., id*. § 1.10(b), 1.12(a), 1.14(c). But the contract is silent as to any right of enrollees to sue Anthem. Accordingly, enrollees such as Plaintiffs do not have such a right, and thus are not intended third-party beneficiaries of the OPM-BCBSA Contract that may sue to enforce its terms. *Fero*, 236 F. Supp. 3d at 769.

V. PLAINTIFFS CONCEDE THAT BENEFIT-OF-THE BARGAIN DAMAGES ARE UNAVAILABLE TO THEM

Last, Plaintiffs conceded in their response to Anthem's pre-motion letter that "benefit-of-the-bargain" damages are barred in this case by the filed-rate doctrine. ECF No. 18 at 3; *see Fero*,

236 F. Supp. 3d at 780-81. Accordingly, in the event any aspect of the Complaint survives this motion, the Court should enter an order striking benefit-of-the-bargain damages (including portions of Paragraphs 199 and 233 of the Complaint) and precluding Plaintiffs from obtaining, seeking, or referencing benefit-of-the-bargain damages in any future proceeding in this matter.

CONCLUSION

For these reasons, Plaintiffs' Complaint should be dismissed in full with prejudice.

UNITED STATES DISTRICT COURT
FOR THE SOUTHERN DISTRICT OF NEW YORK

JANE DOE on behalf of BABY DOE, a minor, and PATRICIA CAVALLARO-KEARINS, on behalf of themselves and all others similarly situated, Plaintiffs, v. ANTHEM HEALTHCHOICE ASSURANCE, INC., d/b/a ANTHEM BLUE CROSS AND BLUE SHIELD, and d/b/a ANTHEM BLUE CROSS, Defendant.	Civil Action No. 1:24-cv-08012

DECLARATION OF BRENDAN G. STUHAN IN SUPPORT OF DEFENDANT'S MOTION TO DISMISS

Pursuant to 28 U.S.C. § 1746, Brendan G. Stuhan, under penalty of perjury under the laws of the United States of America, declares the following to be true and correct:

1. I am over twenty-one years of age, of sound mind, and fully competent to make this declaration. Based on my personal knowledge and experience at the Blue Cross and Blue Shield Association ("BCBSA") and on my review of documents related to the substance of this Declaration as indicated below, the matters below are true and correct.

2. I have personal knowledge of the matters stated in this Declaration and could and would competently testify to them if called as a witness.

3. I am employed as Deputy General Counsel by BCBSA in Washington, D.C. In that role, I am involved and familiar with the Blue Cross and Blue Shield Service Benefit Plan, which is one of the federal government's health benefits plans for federal employees, annuitants, and

their dependents and which is governed by the Federal Employees Health Benefits Act, 5 U.S.C. §§ 8901-8914 ("FEHBA"). "Federal Employee Program" (or "FEP") is a nickname for the Blue Cross and Blue Shield Service Benefit Plan.

4. The Service Benefit Plan is formed by a federal government contract – Contract No. CS 1039 – between the United States Office of Personnel Management ("OPM") and BCBSA. BCBSA is the carrier of the Service Benefit Plan. BCBSA enters into that contract on behalf of and as agent for participating local Blue Cross and/or Blue Shield companies. Local Blue Cross and/or Blue Shield companies are independent licensees of BCBSA. Defendant Anthem HealthChoice Assurance, Inc. ("Anthem") is such a company and administers the Service Benefit Plan in parts of New York state.

5. OPM and BCBSA (on behalf of and as agent for participating local Blue Cross and/or Blue Shield companies such as Anthem) have entered into Contract No. CS 1039 annually for decades. Periodically, the entire contract is restated in what I will refer to as the "OPM-BCBSA Contract." The most recent OPM-BCBSA Contract is the 2025 version, and the 2022 version and 2013 version are the most recent versions before that. With minor redactions in Appendix B thereto, true and correct copies of the 2013 and 2022 OPM-BCBSA Contract are attached hereto as Exhibits A and B, respectively.

6. In other years, OPM and BCBSA (on behalf of and as agent for participating local Blue Cross and/or Blue Shield companies such as Anthem) have entered into annual amendments to the most recent version of the OPM-BCBSA Contract. With minor redactions in Appendix B thereto, true and correct copies of the 2018, 2019, 2020, and 2021 annual amendment to the 2013 OPM-BCBSA Contract are attached hereto as Exhibits C, D, E, and F, respectively. With minor redactions in Appendix B thereto, true and correct copies of the 2023 and 2024 annual amendments

to the 2022 OPM-BCBSA Contract are attached hereto as Exhibits G and H, respectively.

7. Each year, the Service Benefit Plan's Statement of Benefits is incorporated into the applicable OPM-BCBSA Contract or annual contract amendment. True and correct copies of the 2018 through 2024 Statement of Benefits for the Service Benefit Plan are attached hereto as Exhibits I, J, K, L, M, N, and O, respectively. Each annual Statement of Benefits is also available for download on OPM's official government website. For example, the 2024 version can be downloaded at: https://www.opm.gov/healthcare-insurance/healthcare/plan-information/plans/pdf/2024/brochures/71-005.pdf (last visited March 25, 2025). Other versions can be downloaded by changing the year in that web address.

Executed on this the 25th day of March 2025.

TABLE OF CONTENTS

This is an experience-rated contract for the fee-for-service plan Carrier and consists of the cover page, the table of contents and the provisions, clauses and appendices as included in PARTS I through 6.

PART I - GENERAL PROVISIONS

1.1 DEFINITIONS OF FEHB TERMS
1.2 ENTIRE CONTRACT
1.3 ORDER OF PRECEDENCE
1.4 INCORPORATION OF LAWS AND REGULATIONS
1.5 RECORDS AND INFORMATION TO BE FURNISHED BY OPM
1.6 CONFIDENTIALITY OF RECORDS (FEHBAR)
1.7 STATISTICS AND SPECIAL STUDIES
1.8 NOTICE
1.9 PLAN PERFORMANCE—EXPERIENCE-RATED FFS CONTRACTS
1.10 NOTICE OF SIGNIFICANT EVENTS (FEHBAR)
1.11 FEHB INSPECTION (FEHBAR)
1.12 CORRECTION OF DEFICIENCIES
1.13 INFORMATION AND MARKETING MATERIALS
1.14 MISLEADING, DECEPTIVE OR UNFAIR ADVERTISING (FEHBAR)
1.15 RENEWAL AND WITHDRAWAL OF APPROVAL (FEHBAR)
1.16 SUBCONTRACTS (FEHBAR)
1.17 NOVATION AGREEMENT (FEHBAR)
1.18 AGREEMENT TO RECOGNIZE CARRIER'S CHANGE OF NAME (FEHBAR)
1.19 UNDERWRITER
1.20 CERTIFICATION UNDER P.L. 104-191 (HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT OF 1996)
1.21 PATIENTS' BILL OF RIGHTS
1.22 ADMINISTRATIVE SIMPLIFICATION - HIPAA
1.23 HIPAA COMPLIANCE
1.24 NOTICE ON TERMINATION OF FEHBP OR PROVIDER CONTRACT
1.25 TRANSITIONAL CARE
1.26 STANDARDS FOR PHARMACY BENEFITS MANAGEMENT COMPANY (PBM) ARRANGEMENTS
1.27 DISCLOSURE NOTICE UNDER P.L. 108-173 (MEDICARE MODERNIZATION ACT OF 2003)
1.28 CARRIER DISASTER RECOVERY PLAN
1.29 HEALTH INFORMATION TECHNOLOGY REQUIREMENTS
1.30 HEALTH INFORMATION TECHNOLOGY PRIVACY AND SECURITY
1.31 DEFINITION OF INFORMATION SECURITY
1.32 CARRIER PERSONNEL SECURITY REQUIREMENTS
1.33 INFORMATION TECHNOLOGY SYSTEMS SECURITY
1.34 CARRIER ACCESS TO OPM IT SYSTEMS
1.35 PROCEDURES FOR REPORTING A SECURITY BREACH

PART II - BENEFITS

2.1 ENROLLMENT ELIGIBILITY AND EVIDENCE OF ENROLLMENT
2.2 BENEFITS PROVIDED
2.3 PAYMENT OF BENEFITS AND PROVISION OF SERVICES AND SUPPLIES
2.4 TERMINATION OF COVERAGE AND CONVERSION PRIVILEGES
2.5 SUBROGATION
2.6 COORDINATION OF BENEFITS (FEHBAR)
2.7 DEBARMENT AND OTHER SANCTIONS
2.8 FILING HEALTH BENEFIT CLAIMS/COURT REVIEW OF DISPUTED CLAIMS
2.9 CLAIMS PROCESSING
2.10 CALCULATION OF COST SHARING PROVISIONS
2.11 BENEFITS PAYMENTS WHEN MEDICARE IS PRIMARY
2.12 CONTINUING REQUIREMENTS AFTER TERMINATION OF THE CARRIER
2.13 LARGE PROVIDER AGREEMENTS (FEHBAR)
2.14 COORDINATION OF PRESCRIPTION DRUG BENEFITS WITH MEDICARE

PART III - PAYMENTS, CHARGES AND ACCOUNTING

3.1 PAYMENTS—EXPERIENCE-RATED CONTRACTS (FEHBAR)
3.2 ACCOUNTING AND ALLOWABLE COST (FEHBAR)
3.3 SPECIAL RESERVE
3.4 INVESTMENT INCOME (FEHBAR)
3.5 NON-COMMINGLING OF FUNDS (FEHBAR)
3.6 UNCASHED CHECKS
3.7 SERVICE CHARGE
3.8 CONTRACTOR RECORDS RETENTION (FEHBAR)
3.9 APPROVAL FOR ASSIGNMENT OF CLAIMS (FEHBAR)
3.10 AUDIT, FINANCIAL, AND OTHER INFORMATION
3.11 SURVEY CHARGES
3.12 FEHB CLEARINGHOUSE
3.13 TAXPAYER IDENTIFICATION NUMBER (FEHBAR)
3.14 REPORTABLE OVERPAYMENTS
3.15 AUDIT RESOLUTION
3.16 REPORTABLE FINDINGS

PART IV - SPECIAL PROVISIONS

4.1 ALTERATIONS IN CONTRACT (FAR)

PART V - STANDARD CLAUSES

This contract shall include all of the following standard clauses required by the Federal Acquisition Regulation (FAR) or Federal Employees Health Benefits Acquisition Regulation (FEHBAR).

This contract shall include all of the following standard clauses required by the Federal Acquisition Regulation (FAR) or Federal Employees Health Benefits Acquisition Regulation (FEHBAR).

5.1 DEFINITIONS
5.2 [RESERVED]
5.3 GRATUITIES
5.4 COVENANT AGAINST CONTINGENT FEES
5.5 ANTI-KICKBACK PROCEDURES
5.6 [RESERVED]
5.7 AUDIT AND RECORDS-NEGOTIATION
5.8 PRICE REDUCTION FOR DEFECTIVE CERTIFIED COST OR PRICING DATA
5.9 [RESERVED]
5.10 SUBCONTRACTOR CERTIFIED COST OR PRICING DATA
5.11 [RESERVED]
5.12 [RESERVED]
5.13 [RESERVED]
5.14 UTILIZATION OF SMALL BUSINESS CONCERNS
5.15 [RESERVED]
5.16 [RESERVED]
5.17 CONVICT LABOR
5.18 CONTRACT WORK HOURS AND SAFETY STANDARDS ACT-OVERTIME COMPENSATION
5.19 EQUAL OPPORTUNITY
5.20 [RESERVED]
5.21 NOTIFICATION OF VISA DENIAL
5.22 EQUAL OPPORTUNITY FOR VETERANS

5.59 PROHIBITION OF SEGREGATED FACILITIES
5.60 SUBCONTRACTS FOR COMMERCIAL ITEMS
5.61 NOTIFICATION OF EMPLOYEE RIGHTS UNDER NATIONAL LABOR RELATIONS ACT
5.62 APPLICABLE LAW FOR BREACH OF CONTRACT CLAIM
5.63 CENTRAL CONTRACTOR REGISTRATION
5.64 CONTRACTOR CODE OF BUSINESS ETHICS AND CONDUCT
5.65 EMPLOYMENT ELIGIBILITY VERIFICATION
5.66 UPDATES OF PUBLICALLY AVAILABLE INFORMATION REGARDING RESPONSIBILITY MATTERS (DEVIATION)
5.67 PERSONAL IDENTITY VERIFICATION OF CONTRACTOR PERSONNEL
5.68 PRIVACY OR SECURITY SAFEGUARDS
5.69 ENCOURAGING CONTRACTOR POLICIES TO BAN TEXT MESSAGING WHILE DRIVING

PART VI -- APPENDICES

A- FEHBP BROCHURE
B- SUBSCRIPTION RATES, CHARGES AND LIMITATIONS
C- FEHBP SUPPLEMENTAL LITERATURE GUIDELINES JANUARY 2000
D- RULES FOR COORDINATION OF BENEFITS, MODEL REGULATION SERVICE, JANUARY 2005, NATIONAL ASSOCIATION OF INSURANCE COMMISSIONERS

E- SMALL BUSINESS SUBCONTRACTING PLAN (if applicable)

PART I - GENERAL PROVISIONS

SECTION 1.1
DEFINITIONS OF FEHB TERMS (JAN 2012)

For purpose of this contract, the following definitions apply:

Act: The Federal Employees Health Benefits Act, as amended; chapter 89 of title 5, United States Code.

Benefits: Covered services or payment for covered services set forth in Appendix A, to which Members are entitled to the extent provided by this contract.

Carrier: As defined by chapter 89 of title 5, United States Code, and may be used interchangeably with the term Contractor.

Enrollee: The Federal employee, Tribal Employee, annuitant, former spouse, temporarily-covered former Federal employee or family member enrolled under this contract.

FEHBP: Federal Employees Health Benefits Program.

Letter of Credit: The method by which certain Carriers, and their underwriters if authorized, receive recurring premium payments and contingency reserve payments by drawing against a commitment (certified by a responsible OPM official) which specifies a dollar amount available. For each Carrier participating in the Letter of Credit arrangement for payment under FEHBAR 1632.170(b), the terms "carrier reserves" and "special reserves" include any balance in the Carrier's Letter of Credit account.

Member: The Enrollee and/or an eligible family member for benefit purposes, and sometimes referred to as subscriber.

Regulations: (1) The Federal Employees Health Benefits Regulations; part 890, title 5, Code of Federal Regulations, and (2) Chapters 1 and 16 of title 48, Code of Federal Regulations.

Subcontractor: Any supplier, distributor, vendor, or firm that furnishes supplies or services to or for a prime contractor, or another subcontractor, except for providers of direct medical services or supplies pursuant to the Carrier's health benefits plan.

Tribal Employee: A full-time or part-time common law employee of a tribal employer.

Tribal Employer: A tribal employer is an Indian tribe or tribal organization, as those terms are defined in 25 U.S.C. Chapter 18, carrying out at least one program under the Indian Self-Determination and Education Assistance Act or an urban Indian organization as that term is defined in 25 U.S.C. Chapter 18 carrying out at least one program under the title V of the Indian Health Care Improvement Act, provided that OPM accepts the tribe, tribal organization, or urban Indian organization's agreement to offer FEHB.

SECTION 1.2
ENTIRE CONTRACT (JAN 2009)

(a) This document as described in the *Table of Contents* constitutes the entire contract between the parties. No oral statement of any person shall modify or otherwise affect the terms, conditions, or specifications stated in this contract. Requests for modifications of this contract must be submitted to the authorized Contracting Officer. Only the Contracting Officer acting within the scope of his or her authority may execute a contract modification on behalf of the government.

(b) All statements concerning coverage or benefits made by OPM, the Carrier or by any individual covered under this contract shall be deemed representations and not warranties. No such statement shall convey or void any coverage, increase or reduce any benefits under this contract or be used in the prosecution of or defense of a claim under this contract unless it is contained in writing and a copy of the instrument containing the statement is or has been furnished to the Member or to the person making the claim.

SECTION 1.3
ORDER OF PRECEDENCE (JAN 1996)

Any inconsistency in this contract shall be resolved by giving precedence in the following descending order: The Act, the regulations in part 890, title 5, Code of Federal Regulations, the regulations in chapters 1 and 16, title 48, Code of Federal Regulations, and this contract.

SECTION 1.4
INCORPORATION OF LAWS AND REGULATIONS (JAN 2002)

(a) The applicable provisions of (1) chapter 89 of title 5, United States Code; (2) OPM's regulations as contained in part 890 of title 5, Code of Federal Regulations; and (3) chapters 1 and 16 of title 48, Code of Federal Regulations constitute a part of this contract as if fully set forth herein, and the other provisions of this contract shall be construed so as to comply therewith.

(b) If the Regulations are changed in a manner which would increase the Carrier's liability under this contract, the Contracting Officer will make an equitable adjustment in accordance with the changes clause, Section 5.38 -- Changes--Negotiated Benefits Contracts.

SECTION 1.5
RECORDS AND INFORMATION TO BE FURNISHED BY OPM (JAN 2012)

(a) OPM shall maintain or cause to be maintained records from which the Carrier may determine the names and social security numbers of all Enrollees. OPM, other agencies of the Federal Government, Tribal Employer, or the FEHB Clearinghouse shall furnish the information to the Carrier at such times and in such form and detail as will enable the Carrier to maintain a currently accurate record of all Enrollees.

(b) The Carrier is entitled to rely on information furnished to it under paragraph (a). OPM agrees that any liabilities incurred under this contract in reliance upon such information

shall be a valid charge against the contract. Errors or delays in keeping or reporting data relating to coverage shall not invalidate coverage that would otherwise be validly in force and shall not continue coverage that would otherwise be terminated. OPM shall make an equitable adjustment of premiums upon discovery of errors or delays under this Section.

(c) Clerical error (whether by OPM, any other agency, Tribal Employer, the FEHB Clearinghouse, or the Carrier) in keeping records pertaining to coverage under this contract, delays in making entries thereon, or failure to make or account for any deduction of enrollment charges, shall not invalidate coverage otherwise validly in force or continue coverage otherwise validly terminated. OPM shall make an equitable adjustment of premiums when an error, delay, or failure is discovered. If any person finds relevant facts pertaining to a person covered under this contract to be misstated, and if the misstatement affects the existence, amount, or extent of coverage, the actual facts shall determine whether coverage is in force under the terms of this contract and in what amount or to what extent. Any claim payments the Carrier makes before an adjustment or determination shall be a valid charge against this contract.

(d) The OPM shall direct the agencies and Tribal Employers to provide the Carrier or the FEHB Clearinghouse, not less often than quarterly, the names of Enrollees enrolled under the contract by payroll office and the premium paid for those Enrollees for the current pay cycle. The Carrier shall at least quarterly reconcile its enrollment records with those provided by the Government, the Tribal Employer, or the FEHB Clearinghouse.

(e) In instances of erroneous enrollments where benefit payments have been made in error, the Carrier must inform Enrollees within forty-five days of when the Carrier receives notification from the agency or the Tribal Employer that the Carrier will collect for these benefit payments. The Carrier shall provide notice to the Enrollees that they have the right to contest their enrollment change with their agency, Tribal Employer, or their retirement system.

SECTION 1.6
CONFIDENTIALITY OF RECORDS
(JAN 1991) (FEHBAR 1652.224-70)

(a) The Carrier shall use the personal data on employees and annuitants that is provided by agencies and OPM, including social security numbers, for only those routine uses stipulated for the data and published annually in the Federal Register as part of OPM's notice of systems of records.

(b) The Carrier shall also hold all medical records, and information relating thereto, of Federal subscribers confidential except as follows:

(1) As may be reasonably necessary for the administration of this contract;

(2) As authorized by the patient or his or her guardian;

(3) As disclosure is necessary to permit Government officials having authority to investigate and prosecute alleged civil or criminal actions;

(4) As necessary to audit the contract;

(5) As necessary to carry out the coordination of benefit provisions of this contract; and

(6) For bona fide medical research or educational purposes. Release of information for medical research or educational purposes shall be limited to aggregated information of a statistical nature that does not identify any individual by name, social security number, or any other identifier unique to an individual.

(c) If the Carrier uses medical records for the administration of the contract, or for bona fide research or educational purposes, it shall so state in the Plan's brochure.

SECTION 1.7
STATISTICS AND SPECIAL STUDIES (JAN 2009)

(a) The Carrier shall maintain or cause to be maintained statistical records of its operations under the contract and shall furnish OPM, in the form prescribed by the Contracting Officer, the statistical reports reasonably necessary for the OPM to carry out its functions under Chapter 89 of title 5, United States Code.

(b) The Carrier shall furnish such other reasonable statistical data and reports of special studies as the Contracting Officer may from time to time request for the purpose of carrying out its functions under Chapter 89 of title 5, United States Code.

(c) The Carrier shall furnish the routine reports in the required number of copies in a format to be determined by the Contracting Officer as instructed by OPM.

(d) The Carrier shall notify the OPM Contract Representative immediately upon a change in the name or address of the Carrier's contract administrator(s).

SECTION 1.8
NOTICE (JAN 2003)

Where the contract requires that notice be given to the other party, such notice must be given in writing to the address shown on this contract's signature page. To notify OPM, the Carrier must write to the Contracting Officer, unless otherwise specified.

SECTION 1.9
PLAN PERFORMANCE--EXPERIENCE-RATED FFS CONTRACTS (JAN 2013)

(a) Detection of Fraud and Abuse. The Carrier shall conduct a program to assess its vulnerability to fraud and abuse and shall operate a system designed to detect and eliminate fraud and abuse internally by Carrier employees and subcontractors, by providers providing goods or services to FEHB Members, and by individual FEHB Members. The program must specify provisions in place for cost avoidance not just fraud detection, along with criteria for follow-up actions. The Carrier must submit to OPM an annual analysis of the costs and benefits of its fraud and abuse program. The Carrier must submit annual reports to OPM by March 31 addressing the following:

1) Cases opened;
2) Dollars identified as lost and recovered on active cases
3) Actual savings and prevented loss on active cases;
4) Active cases referred to law enforcement (other than the OPM-OIG)
5) Active cases referred to OPM – OIG;
6) Active cases resolved administratively;
7) Percentage of active cases where the FEHB Program is the only or primary line of business affected
8) Number of FEHB providers who are on prepayment review; and
9) Number of arrests and criminal convictions resulting from active cases

The report will also include the industry standards checklist.

(b) Clinical Care Measures. The Carrier shall measure and/or collect data on the quality of the health care services that are provided to its members as requested by OPM. Measurement/data collection efforts may include performance measurement systems such as Healthcare Effectiveness Data and Information Set (HEDIS) or similar measures developed by accrediting organizations such as the National Committee for Quality Assurance (NCQA), the Joint Commission on Accreditation of Healthcare Organizations (JCAHO), or URAC. Costs incurred by the Carrier for collecting or contracting with a vendor to collect quality measures/data shall be the Carrier's responsibility and are allowable administrative expenses, subject to the administrative cost limitation.

(c) Patient Safety. The Carrier shall implement a patient safety improvement program. At a minimum, the Carrier shall --

(1) Report to OPM on its current patient safety initiatives;

(2) Report to OPM on how it will strengthen its patient safety program for the future;

(3) Assist OPM in providing its members with consumer information and education regarding patient safety; and

(4) Work with its providers, independent accrediting organizations, and others to implement patient safety improvement programs.

(d) Accreditation. To demonstrate its commitment to providing quality, cost-effective health care, the Carrier shall continue to pursue and maintain accreditation according to the steps and timeframes outlined in the carrier's current business plan. The carrier shall submit accreditation changes and business plan updates to its OPM contract representative.

(e) Consumer Assessments of Healthcare Providers and Systems (CAHPS). In addition to any other means of surveying Plan members that the Carrier may develop, the Carrier shall participate in the HEDIS Consumer Assessments of Healthcare Providers and Systems (CAHPS) to provide feedback to Enrollees on Enrollee experience with the various FEHBP plans. The Carrier shall take into account the published results of the survey, or other results as directed by OPM, in identifying areas for improvement as part of the Carrier's quality assurance program. Payment of survey charges will be in accordance with Section 3.11.

(f) Contract Quality Assurance. The Carrier shall develop and apply a quality assurance program specifying procedures for assuring contract quality. At a minimum the carrier shall meet the following standards and submit an annual report to OPM on these standards by July 1 of the following contract period:

(1) *Claims Processing Accuracy* - the number of FEHB claims processed accurately and the total number of FEHB claims processed for the given time period, expressed as a percentage.

REQUIRED STANDARD: An average of 95 percent of FEHB claims must be processed accurately.

(2) *Claims Coding Accuracy* - the number of FEHB claims coded accurately divided by the total number of FEHB claims coded for the given time period, expressed as a percentage.

REQUIRED STANDARD: An average of 98 percent of FEHB claims shall be coded accurately.

(3) *Recovery of Erroneous Payments* - the average number of working days it takes for the Carrier to begin collection action against an FEHB provider or member following identification of an erroneous payment, including overpayments.

REQUIRED STANDARD: The Carrier takes an average of no more than 30 working days from the date it identifies an FEHB erroneous payment to the date it begins the collection action.

(4) *Coordination of Benefits (COB)* - the Carrier must demonstrate that a statistically valid sampling technique is routinely used to identify FEHB claims prior to or after processing that require(d) coordination of benefits (COB) with a third party payer. As an alternative, the Carrier may provide evidence that it pursues all claims for COB.

(5) *Claims Timeliness* - the average number of working days from the date the Carrier receives an FEHB claim to the date it adjudicates it (paid, denied or a request for further information is sent out), for the given time period, expressed as a cumulative percentage.

REQUIRED STANDARD: The Carrier adjudicates 95 percent of claims within 30 working days.

(6) *Processing ID cards on change of plan or option* - the number of calendar days from the date the Carrier receives the enrollment from the Enrollee's agency, Tribal Employer, or retirement system to the date it issues the ID card.

REQUIRED STANDARD: The Carrier issues the ID card within fifteen calendar days after receiving the enrollment from the Enrollee's agency, Tribal Employer, or retirement system except that the Carrier will issue ID cards resulting from an open season election within fifteen calendar days or by December 15, whichever is later.

(7) *Member Inquiries* - the number of working days taken to respond to an FEHB member's written inquiry, expressed as a cumulative percentage, for the given time period.

REQUIRED STANDARD: The Carrier responds to 90 percent of inquiries within 15 working days (including internet inquiries).

(8) *Written Inquiries Accuracy* – the number of FEHB written inquiries handled accurately divided by the total number of FEHB written inquiries handled for the given time period, expressed as a percentage.

REQUIRED STANDARD: A minimum of 97 percent of FEHB written inquiries shall be answered accurately.

(9) *Telephone Inquiries Accuracy* – the number of FEHB telephone inquiries handled accurately divided by the total number of FEHB telephone inquiries handled for the given time period, expressed as a percentage.

REQUIRED STANDARD: A minimum of 97 percent of FEHB telephone inquiries shall be answered accurately.

(10) *Internet Inquiries Accuracy* – the number of FEHB Internet inquiries handled accurately divided by the total number of FEHB Internet inquiries handled for the given time period, expressed as a percentage.

REQUIRED STANDARD: A minimum of 97 percent of FEHB Internet inquiries shall be answered accurately.

(11) *Telephone Access* - the Carrier shall report on the following statistics concerning telephone access to the member services department (or its equivalent) for the given time period. Except that, if the Carrier does not have a computerized phone system, report results of periodic surveys on telephone access.

(i) Call Answer Timeliness - the average number of seconds elapsing before the Carrier connects a member's telephone call to its service representative.

REQUIRED STANDARD: On average, no more than 30 seconds elapse before the Carrier connects a member's telephone call to its service representative.

(ii) Telephone Blockage Rate - the percentage of time that callers receive a busy signal when calling the Carrier.

REQUIRED STANDARD: No more than 5% of callers receive a busy signal.

(iii) Telephone Abandonment Rate - the number of calls attempted but not completed (presumably because callers tired of waiting to be connected to a Carrier representative) divided by the total number of calls attempted (both completed and not completed), expressed as a percentage.

REQUIRED STANDARD: On average, Enrollees abandon the effort no more than 5 percent of the time.

(iv) *Initial Call Resolution* – the percentage of issues resolved during the initial call.

REQUIRED STANDARD: On average, caller's issues must be resolved during the initial call at least 60% of the time.

(12) *Responsiveness to FEHB Member Requests for Reconsideration*:

REQUIRED STANDARD: For 100 percent of written FEHB disputed claim requests received for the given time period, within 30 days after receipt by the Carrier, the Carrier shall affirm the denial in writing to the FEHB member, pay the claim, provide or authorize coverage of the service, or request additional information reasonably necessary to make a determination.

(g) Quality Assurance Plan. The Carrier must demonstrate that a statistically valid sampling technique is routinely used prior to or after processing to randomly sample FEHB claims against Carrier quality assurance/fraud and abuse prevention standards.

(h) Reporting Compliance. The Carrier shall keep complete records of its quality assurance procedures and fraud prevention program and the results of their implementation and make them available to the Government as determined by OPM.

(i) FEHB Clearinghouse (CLER). The Carrier shall not have any CLER records with a 160 error code and a fail count of four or higher, except for OPM annuitants. A '160' error is when a Carrier reports an enrollment but no agency or Tribal Employer reports that enrollment.

(j) Correction of Deficiencies. The Contracting Officer may order the correction of a deficiency in the Carrier's quality assurance program or fraud prevention program. The Carrier shall take the necessary action promptly to implement the Contracting Officer's order. If the Contracting Officer orders a modification of the Carrier's quality assurance program or fraud prevention program pursuant to this paragraph (j) after the contract year has begun, the costs incurred to correct the deficiency may be excluded from the administrative expenses -- for the contract year -- that are subject to the administrative expenses limitation specified at Appendix B; provided the Carrier demonstrates that the correction of the deficiency significantly increases the Carrier's liability under this contract.

(k) In order to allow sufficient implementation time, the Contracting Officer will notify the Carrier reasonably in advance of any new requirement(s) under paragraphs (a) through (j).

SECTION 1.10
NOTICE OF SIGNIFICANT EVENTS (JUL 2005) (FEHBAR 1652.222-70)

(a) The Carrier agrees to notify the Contracting Officer of any Significant Event within ten (10) working days after the Carrier becomes aware of it. As used in this section, a Significant Event is any occurrence or anticipated occurrence that might reasonably be expected

to have a material effect upon the Carrier's ability to meet its obligations under this contract, including, but not limited to, any of the following:

(1) Disposal of major assets;

(2) Loss of 15% or more of the Carrier's overall membership;

(3) Termination or modification of any contract or subcontract if such termination or modification might have a material effect on the Carrier's obligations under this contract;

(4) Addition or termination of provider agreements;

(5) Any changes in underwriters, reinsurers or participating plans;

(6) The imposition of, or notice of the intent to impose, a receivership, conservatorship, or special regulatory monitoring;

(7) The withdrawal of, or notice of intent to withdraw State licensing, HHS qualification, or any other status under Federal or State law;

(8) Default on a loan or other financial obligation;

(9) Any actual or potential labor dispute that delays or threatens to delay timely performance or substantially impairs the functioning of the Carrier's facilities or facilities used by the Carrier in the performance of the contract;

(10) Any change in its charter, constitution, or by-laws which affects any provision of this contract or the Carrier's participation in the Federal Employees Health Benefits Program;

(11) Any significant changes in policies and procedures or interpretations of the contract or brochure which would affect the benefits available under the contract or the costs charged to the contract;

(12) Any fraud, embezzlement or misappropriation of FEHB funds; or

(13) Any written exceptions, reservations or qualifications expressed by the independent accounting firm (which ascribes to the standards of the American Institute of Certified Public Accountants) contracted with by the Carrier to provide an opinion on its annual financial statements.

(b) Upon learning of a Significant Event OPM may institute action, in proportion to the seriousness of the event, to protect the interest of Members, including, but not limited to--

(1) Directing the Carrier to take corrective action;

(2) Suspending new enrollments under this contract;

(3) Advising Enrollees of the Significant Event and providing them an opportunity to transfer to another plan;

(4) Withholding payment of subscription income or restricting access to the Carrier's Letter of Credit account;

(5) Terminating the enrollment of those Enrollees who, in the judgment of OPM, would be adversely affected by the Significant Event; or

(6) Terminating this contract pursuant to Section 1.15, Renewal and Withdrawal of Approval.

(c) Prior to taking action as described in paragraph (b) of this clause, the OPM will notify the Carrier and offer an opportunity to respond.

(d) The carrier will insert this clause in any subcontract or subcontract modification if the amount of the subcontract or modification charged to the FEHB Program (or in the case of a community-rated carrier, applicable to the FEHB Program) equals or exceeds $550,000 and is at least 25 percent of the total subcontract cost. The amount of the dollar charge to the FEHB Program shall be adjusted by the same amount and at the same time as any change to the threshold for application of the Truth in Negotiations Act pursuant to 41 U.S.C. 254b(a)(7).

SECTION 1.11
FEHB INSPECTION (JUL 2005) (FEHBAR 1652.246-70)

(a) The Contracting Officer, or an authorized representative of the Contracting Officer, has the right to inspect or evaluate the work performed or being performed under the contract, and the premises where the work is being performed, at all reasonable times and in a manner that will not unreasonably delay the work.

(b) The Contractor shall maintain and the Contracting Officer, or an authorized representative of the Contracting Officer, shall have the right to examine and audit all books and records relating to the contract for purposes of the Contracting Officer's determination of the Carrier's subcontractor or Large Provider's compliance with the terms of the contract, including its payment (including rebate and other financial arrangements) and performance provisions. The Contractor shall make available at its office at all reasonable times those books and records for examination and audit for the record retention period specified in the Federal Employees Health Benefits Acquisition Regulation (FEHBAR), 48 CFR 1652.204-70. This subsection is applicable to subcontract and Large Provider Agreements with the exception of those that are subject to the "Audits and Records – Negotiation" clause, 48 CFR 52.215-2.

(c) If the Contracting Officer, or an authorized representative of the Contracting Officer, performs inspection, audit or evaluation on the premises of the Carrier, the subcontractor, or the Large Provider, the Carrier shall furnish or require the subcontractor or Large Provider to furnish all reasonable facilities for the safe and convenient performance of these duties.

(d) The Carrier shall insert this clause, including this subsection (d), in all subcontracts for underwriting and claim payments and administrative services and in all Large Provider Agreements and shall substitute "contractor", "Large Provider," or other appropriate reference for the term "carrier."

SECTION 1.12
CORRECTION OF DEFICIENCIES (JAN 1997)

(a) The Carrier shall maintain sufficient financial resources, facilities, providers, staff and other necessary resources to meet its obligations under this contract. If the OPM determines that the Carrier does not demonstrate the ability to meet its obligations under this contract, the OPM shall notify the Carrier of the asserted deficiencies. The Carrier agrees that, within ten (10) working days following notification, it shall present detailed plans for correcting the deficiencies. These plans shall be presented in a form prescribed by the OPM. Pending submission or implementation of plans required under this Section, the OPM may institute action as it deems necessary to protect the interests of Members, including, but not limited to:

(1) Suspending new enrollments under this contract;

(2) Advising Enrollees of the asserted deficiencies and providing them an opportunity to transfer to another plan;

(3) Withholding payment of subscription income or restricting access to the Carrier's Letter of Credit account; or

(4) Terminating the enrollment of those Enrollees who, in the judgment of OPM, would be adversely affected by the deficiency.

(b) The Carrier agrees that failure to submit or to diligently implement plans which are required under this Section shall constitute sufficient grounds for termination of this contract pursuant to Section 1.15, *Renewal and Withdrawal of Approval.*

(c) Prior to taking action as described in paragraph (a) the OPM shall notify the Carrier and offer an opportunity to respond.

(d) The Carrier shall include the substance of this clause in the contract with its underwriter and substitute an appropriate term for "Carrier."

SECTION 1.13
INFORMATION AND MARKETING MATERIALS (JAN 2013)

(a) OPM and the Carrier shall agree upon language setting forth the benefits, exclusions and other language of the Plan. The Carrier bears full responsibility for the accuracy of its FEHB brochure. OPM in its sole discretion, may order the Carrier to produce and distribute the agreed upon brochure text in a format and quantity approved by OPM, including an electronic 508 compliant brochure version. Section 508 of the Rehabilitation Act of 1973, as amended 29 U.S.C. § 794d, for OPM's web site. This formatted document is referred to as the FEHB brochure. The Carrier shall distribute the FEHB brochure on a timely basis to new Enrollees and to other Enrollees upon their request. The Carrier shall also distribute the document(s) to Federal agencies and Tribal Employers to be made available to such individuals who are eligible to enroll under this contract. At the direction of OPM, the Carrier shall produce and distribute an audio cassette version, CD, or other electronic media of the approved language. The Carrier may print additional FEHB brochures for distribution for its own use, but only in the approved format and at its own expense.

(b) Supplemental material. Only marketing materials or other supplemental literature prepared in accordance with FEHBAR 1652.203-70 (Section 1.14 of this contract) may be distributed or displayed at or through Federal facilities.

(c) The Carrier shall reflect the statement of benefits in the agreed upon brochure text included at Appendix A of this contract, verbatim, in the FEHB brochure.

(d) OPM may order the Carrier to prepare an addendum or reissue the FEHB brochure or any piece(s) of supplemental marketing material at no expense to the Government if it is found to not conform to the agreed upon brochure text and/or supplemental marketing materials preparations described in paragraphs (a), (b) and (c) of this section.

(e) The Carrier shall produce and distribute an FEHB Summary of Benefits and Coverage (SBC).

SECTION 1.14
MISLEADING, DECEPTIVE OR UNFAIR ADVERTISING (JAN 1991) (FEHBAR 1652.203-70)

(a) The Carrier agrees that any advertising material, including that labeled promotional material, marketing material, or supplemental literature, shall be truthful and not misleading.

(b) Criteria to assess compliance with paragraph (a) of this clause are available in the *FEHB Supplemental Literature Guidelines* which are developed by OPM and should be used, along with the additional guidelines set forth in FEHBAR 1603.7002, as the primary guide in preparing material; further guidance is provided in the NAIC *Advertisements of Accident and Sickness*

Insurance Model Regulation. The guidelines are periodically updated and provided to the Carrier by OPM.

(c) Failure to conform to paragraph (a) of this clause may result in a reduction in the service charge, if appropriate, and corrective action to protect the interest of Federal Members. Corrective action will be appropriate to the circumstances and may include, but is not limited to the following actions by OPM:

(1) Directing the Carrier to cease and desist distribution, publication, or broadcast of the material;

(2) Directing the Carrier to issue corrections at the Carrier's expense and in the same manner and media as the original material was made; and

(3) Directing the Carrier to provide, at the Carrier's expense, the correction in writing by certified mail to all Enrollees of the Plan(s) that had been the subject of the original material.

(d) Egregious or repeated offenses may result in the following action by OPM:

(1) Suspending new enrollments in the Carrier's Plan(s);

(2) Providing Enrollees an opportunity to transfer to another plan: and

(3) Terminating the contract in accordance with Section 1.15. *Renewal and Withdrawal of Approval.*

(e) Prior to taking action as described in paragraphs (c) and (d) of this clause, the OPM will notify the Carrier and offer an opportunity to respond.

(f) The Carrier shall incorporate this clause in subcontracts with its underwriter, if any, and other subcontractors directly involved in the preparation or distribution of such advertising material and shall substitute "Contractor" or other appropriate reference for the term "Carrier."

SECTION 1.15
RENEWAL AND WITHDRAWAL OF APPROVAL (JAN 1991) (FEHBAR 1652.249-70)

(a) The contract renews automatically for a term of one (1) year each January first, unless written notice of non-renewal is given either by OPM or the Carrier not less than 60 calendar days before the renewal date, or unless modified by mutual agreement.

(b) This contract also may be terminated at other times by order of OPM pursuant to 5 U.S.C. 8902(e). After OPM notifies the Carrier of its intent to terminate the contract, OPM may take action as it deems necessary to protect the interests of Members, including but not limited to--

(1) Suspending new enrollments under the contract;

(2) Advising Enrollees of the asserted deficiencies; and

(3) Providing Enrollees an opportunity to transfer to another plan.

(c) OPM may, after proper notice, terminate the contract at the end of the contract term if it finds that the Carrier did not have at least 300 Enrollees enrolled in its Plan at any time during the two preceding contract terms.

SECTION 1.16
SUBCONTRACTS (JUL 2005) (FEHBAR 1652.244-70)

(a) The Carrier will notify the Contracting Officer in writing at least 30 days in advance of entering into any subcontract or subcontract modification, or as otherwise specified by this contract, if the amount of the subcontract or modification charged to the FEHB Program equals or

exceeds $550,000 and is at least 25 percent of the total subcontract cost. The amount of the dollar charge to the FEHB Program shall be adjusted by the same amount and at the same time as any change to the threshold for application of the Truth in Negotiations Act pursuant to 41 U.S.C. 254b(a)(7). Failure to provide advance notice may result in a Contracting Officer's disallowance of subcontract costs or a penalty in the performance aspect of the Carrier's service charge. In determining whether the amount chargeable to the FEHB Program contract for a given subcontract or modification equals or exceeds the $550,000 threshold, the following rules apply:

(1) For initial advance notification, the Carrier shall add the total cost/price for the base year and all options, including quantity or service options and option periods.

(2) For contract modifications, options and/or renewals (e.g. evergreen contracts) not accounted for in paragraph (a)(1) of this clause, the carrier shall provide advance notification if they cause the total price to equal or exceed the threshold. OPM's review will be of the modification(s), itself, but documentation for the original subcontract will be required to perform the review. The $550,000 threshold will be adjusted by the same amount and at the same time as any change to the threshold for application of the Truth in Negotiations Act. All subcontracts or subcontract modifications that equal or exceed the threshold are subject to audit under FAR 52.215-2 "Audit and Records-Negotiations" if based on cost analysis or 48 CFR 1646.301 and 1652.246-70 "FEHB Inspection" if based on price analysis.

(b) The advance notification required by paragraph (a) of this clause shall include the information specified below:

(1) A description of the supplies or services to be subcontracted;

(2) Identification of the type of subcontract to be used;

(3) Identification of the proposed subcontractor and an explanation of why and how the proposed subcontractor was selected, including the competition obtained;

(4) The proposed subcontract price and the Carrier's cost or price analysis;

(5) The subcontractor's current, complete, and accurate cost or pricing data and Certificate of Current Cost or Pricing Data, must be submitted to the Contracting Officer if required by law, regulation, or other contract provisions.

(6) (Reserved)

(7) A negotiation memorandum reflecting--

(i) The principal elements of the subcontract price negotiations;

(ii) The most significant consideration controlling establishment of initial or revised prices;

(iii) An explanation of the reason cost or pricing data are not required, if the Carrier believes that cost or pricing data are not required.

(iv) The extent, if any, to which the Carrier did not rely on the subcontractor's cost or pricing data in determining the price objective and in negotiating the final price;

(v) The extent, if any, to which it was recognized in the negotiation that the subcontractor's cost or pricing data were not accurate, complete, or current; the action taken by the Carrier and the subcontractor; and the effect of any such defective data on the total price negotiated;

(vi)The reasons for any significant difference between the Carrier's price objective and the price negotiated; and

(vii) A complete explanation of the incentive fee or profit plan when incentives are used. The explanation will identify each critical performance element, management decisions used to

quantify each incentive element, reasons for the incentives, and a summary of all trade-off possibilities considered.

(c) The Carrier will obtain the Contracting Officer's written consent before placing any subcontract for which advance notification is required under paragraph (a) of this clause. However, the Contracting Officer may ratify in writing any such subcontract for which written consent was not obtained. Ratification will constitute the consent of the Contracting Officer.

(d) The Contracting Officer may waive the requirement for advance notification and consent required by paragraphs (a), (b) and (c) of this clause where the Carrier and subcontractor submit an application or renewal as a contractor team arrangement as defined in FAR Subpart 9.6 and--

(1) The Contracting Officer evaluated the arrangement during negotiation of the contract or contract renewal; and

(2) The subcontractor's price and/or costs were included in the Plan's rates that were reviewed and approved by the Contracting Officer during negotiation of the contract or contract renewal.

(e) If the carrier follows the notification and consent requirements of paragraphs (a), (b) and (c) of this clause and subsequently obtains the Contracting Officer's consent or ratification, then the reasonableness of the subcontract's costs will be inferred as provided for in 1631.205-81. However, consent or ratification by the Contracting Officer will not constitute a determination:

(1) Of the acceptability of any subcontract terms or conditions;

(2) Of the allowability of any cost under this contract; or

(3) That the Carrier should be relieved of any responsibility for performing this contract.

(f) No subcontract placed under this contract will provide for payment on a cost-plus-a-percentage-of-cost basis. Any fee payable under cost reimbursement type subcontracts will not exceed the fee limitations in FAR 15.404-4(c)(4)(i). Any profit or fee payable under a subcontract will be in accordance with the provision of Section 3.7, *Service Charge*.

(g) The Carrier will give the Contracting Officer immediate written notice of any action or suit filed and prompt notice of any claim made against the Carrier by any subcontractor or vendor that, in the opinion of the Carrier, may result in litigation related in any way to this contract with respect to which the Carrier may be entitled to reimbursement from the Government.

SECTION 1.17
NOVATION AGREEMENT (JAN 1996)

The agreement at FEHBAR 1642.1204 shall be submitted for approval to OPM when the Carrier's assets or the entire portion of the assets pertinent to the performance of this contract, as determined by the Government, are transferred.

SECTION 1.18
AGREEMENT TO RECOGNIZE CARRIER'S CHANGE OF NAME (JAN 1996)

The agreement at FEHBAR 1642.1205 shall be submitted for approval to OPM when the carrier changes its name and the Government's and Contractor's rights and obligations remain unaffected.

SECTION 1.19
UNDERWRITER (JAN 2009)

(a) If this Plan is underwritten, the Carrier shall not modify (except as allowed in Section 2.3, *Payment of Benefits and Provision of Services and Supplies*) or terminate the policy issued by the Underwriter of the Plan or give notice of termination or intent not to renew the policy without prior express approval of the Contracting Officer. The Carrier shall notify the Contracting Officer in writing of its decision to change Underwriters as soon as is reasonable after the decision is made but no later than at the time the Carrier submits its benefit and rate proposal to OPM for the succeeding contract term.

(b) In the event of any inconsistency between the terms of this contract between OPM and the Carrier and the terms of the policy issued by the Underwriter to the Carrier, the terms of this contract shall prevail.

(c) If this Plan is underwritten, the policy issued to the Carrier by its Underwriter is a part of this contract and is incorporated therein by reference. The Carrier shall include paragraph (b) in the contract with its Underwriter.

SECTION 1.20
CERTIFICATION UNDER P.L. 104-191 (HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT OF 1996) (JAN 1998)

The Carrier will issue a certification of coverage for members in accordance with the regulations issued by the Department of Health and Human Services.

SECTION 1.21
PATIENTS' BILL OF RIGHTS (JAN 1999)

(a) The Carrier shall implement the recommendations in the Health Care Consumer Bill of Rights and Responsibilities ("Patients' Bill of Rights") in accordance with OPM guidance.

(b) During the Carrier's provider contract renewal process, the Carrier shall make any necessary modifications to such provider contracts to comply with the recommendations of the Patients' Bill of Rights in accordance with OPM guidance. All new provider contracts with the Carrier shall comply with the recommendations of the Patients' Bill of Rights in accordance with OPM guidance.

SECTION 1.22
ADMINISTRATIVE SIMPLIFICATION-HIPAA (JAN 2008)

(a) The Carrier shall implement and be in compliance with the Department of Health and Human Services (DHHS) regulations regarding the standards for electronic transactions, code sets and unique identifiers on the date DHHS specifies. Subject to paragraph (c) of this section, the regulations at 45 CFR parts 160 and 162 are incorporated by reference in this contract.

(b) The Carrier shall implement and be in compliance with the DHHS regulations regarding the standards for privacy and security of individually identifiable health information on

the date DHHS specifies. Subject to paragraph (c) of this section, the regulations at 45 CFR parts 160 and 164 are incorporated by reference in this contract.

(c) Because OPM has determined that the DHHS administrative simplification regulations should serve as a uniform nationwide standard for the FEHB Program, and because of the preemption provision at 5 U.S.C. 8902(m)(1), the provisions of 45 CFR part 160, subpart B are inapplicable to the Carrier with respect to the Plan.

(d) If the Carrier is an employee organization that retains an underwriter, then these requirements also apply to the underwriter with respect to the Plan. If the Carrier for the plan authorized under 5 U.S.C. 8903(1), qualifies for limited application of the HHS Privacy Rule as a business associate, then the HHS Privacy Rule requirements apply to the underwriting participating affiliates.

SECTION 1.23
HIPAA COMPLIANCE (JAN 1998)

(a) The Carrier shall comply with and shall take all steps reasonably necessary to ensure that its affiliates, subcontractors, and agents comply with the guaranteed availability provisions of the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and implementing regulations. "Guaranteed availability" means the Carrier, affiliates, subcontractors, and agents do not engage in practices that: 1) decline to offer health insurance coverage (as defined in section 2791(b)(1) of the Public Health Service Act "the Act") to, or deny enrollment of an eligible individual (as defined in section 2741(b) of the Act); or, 2) impose any preexisting condition exclusion (as defined in section 2701(b)(1)(A) of the Act), with respect to such coverage.

(b) A State or Federal enforcement action as the result of noncompliance with the requirements of HIPAA is a significant event under Section 1.10 of this contract, Notice of Significant Events. If the Carrier, or any affiliate, subcontractor, or agent, is notified of any enforcement action by any Federal or State authority with regard to HIPAA compliance, the Carrier must notify OPM within ten working days of learning of the action.

SECTION 1.24
NOTICE ON TERMINATION OF FEHBP OR PROVIDER CONTRACT (JAN 2003)

(a) Members who are undergoing treatment for a chronic or disabling condition or who are in the second or third trimester of pregnancy at the time a carrier terminates (1) its FEHBP contract, (2) the members' specialty provider contract, or (3) a Preferred Provider Organization (PPO) or Point of Service (POS) network contract, for reasons other than cause, may be able to continue to see their specialty provider for up to 90 days or through their postpartum care.

(b) The Carrier shall notify its members in writing of its intent to terminate its FEHBP contract, the members' specialty provider contract, or a PPO or POS network contract, for reasons other than cause, in order to allow sufficient time for the members to arrange for continued care after the 90-day period or their postpartum care, whichever applies. The Carrier shall send the required notice to the member if the Carrier has in its records an address for the member different from the Enrollee's address; otherwise, the Carrier may send the notice to the Enrollee. The Carrier shall send the notice in time to ensure it is received by the members no less than 90 days prior to the date it terminates the contract, unless the Carrier demonstrates it was prevented from doing so for

reasons beyond its control. The Carrier's prompt notice will ensure that the notification period and the transitional care period run concurrently.

SECTION 1.25
TRANSITIONAL CARE (JAN 2003)

(a) "Transitional care" is specialized care provided for up to 90 days or through the postpartum period, whichever is later, to a member who is undergoing treatment for a chronic or disabling condition or who is in the second or third trimester of pregnancy when the Carrier terminates (1) its FEHBP contract, (2) the member's specialty provider contract, or (3) a Preferred Provider Organization (PPO) or Point of Service (POS) network contract for reasons other than cause. The 90-day period begins the earlier of the date the member receives the notice required under Section 1.24, Notice on Termination of FEHBP or Provider Contract, or the date the Carrier's or the provider's contract ends.

(b) The Carrier shall ensure the following:

(1) If it terminates a specialty provider contract or a PPO or POS network contract other than for cause, it allows members who are undergoing treatment for a chronic or disabling condition or who are in the second or third trimester of pregnancy to continue treatment under the specialty provider for up to 90 days, or through their postpartum period, whichever is later, under the same terms and conditions that existed at the beginning of the transitional care period; and

(2) If it enrolls a new member who voluntarily changed carriers because the member's former carrier was no longer available in the FEHB Program, it provides transitional care for the member if he or she is undergoing treatment for a chronic or disabling condition or is in the second or third trimester of pregnancy for up to 90 days, or through the postpartum period, whichever is later, under the same terms and conditions the member had under the prior carrier.

(c) In addition, the Carrier shall (1) pay for or provide the transitional care required under this clause at no additional cost to members;

(2) require the specialty provider or network to promptly transfer all medical records to the designated new provider during or upon completion of the transition period, as authorized by the patient; and,

(3) require the specialty provider or network to give all necessary information to the Carrier for quality assurance purposes.

SECTION 1.26
STANDARDS FOR PHARMACY BENEFIT MANAGEMENT COMPANY (PBM) ARRANGEMENTS (JAN 2012)

The Carrier will ensure and report that the following standards are included in new, renewing or amended contracts with vendors providing a retail pharmacy network and/or a mail order pharmacy and/or a specialty pharmacy to Enrollees and Family Members (hereafter "PBM") effective on or after January 1, 2011. Notwithstanding the foregoing, the revisions to Section 1.26(a) in the January 2011 clause shall not take effect before the expiration of the Carrier's current contract (including the exercise of an existing option to extend the term by not more than one year at a time) but not later than January 2013. The PBM includes all entities that have a

majority ownership interest in or majority control over the PBM. The PBM also includes any other subsidiary of the entity that has majority ownership or control over the PBM.

This section does not apply to carrier-owned PBMs, which are already expected to adhere to the FAR and FEHBAR standards and requirements, and the remaining provisions of this contract.

(a) Transparency Standards

(1) The PBM is not majority-owned or majority-controlled by a pharmaceutical manufacturing company. The PBM must disclose to the Carrier and OPM the name of any entity that has a majority ownership interest in or majority control over the PBM.

(2) The PBM agrees to provide pass-through transparent pricing based on the PBM's cost for drugs (as described below) in which the Carrier receives the value of the PBM's negotiated discounts, rebates, credits or other financial benefits.

(i) The PBM shall charge the Carrier no more than the amount it pays the pharmacies in its retail network for brand and generic drugs plus a dispensing fee.

(ii) The PBM shall charge the Carrier the cost of drugs at mail order pharmacies based on the actual cost, plus a dispensing fee. Costs shall not be based on industry benchmarks; for example, Average Acquisition Cost (AAC) or Wholesale Acquisition Cost (WAC).

(iii) The PBM, or any other entity that negotiates and collects Manufacturer Payments allocable to the Carrier, agrees to credit to the Carrier either as a price reduction or by cash refund the value of all Manufacturer Payments properly allocated to the Carrier. Manufacturer Payments are any and all compensation, financial benefits, or remuneration the PBM receives from a pharmaceutical manufacturer, including but not limited to, discounts; credits; rebates, regardless of how categorized; market share incentives, chargebacks, commissions, and administrative or management fees. Manufacturer payments also include any fees received for sales of utilization data to a pharmaceutical manufacturer.

(3) The PBM must identify sources of profit to the Carrier and OPM as it relates to the FEHB contract.

(4) The PBM's administrative fees, such as dispensing fees, must be clearly identified to retail claims, mail claims and clinical programs, if applicable. The PBM must agree to disclose sources of each administrative fee to the Carrier and OPM.

(5) The PBM, or any other entity that negotiates and collects Manufacturer Payments allocable to the Plan, will provide the Carrier with quarterly and annual Manufacturer Payment Reports identifying the following information. This information shall be presented for both the total of all prescription drugs dispensed through the PBM, acting as a mail order pharmacy, and its retail network and in the aggregate for the 25 brand name drugs that represent the greatest cost to the Carrier or such number of brand name drugs that together represent 75% of the total cost to the Carrier, whichever is the greater number:

(i) the dollar amount of Total Product Revenue for the reporting period, with respect to the PBM's entire client base. Total Product Revenue is the PBM's net revenue which consists of sales of prescription drugs to clients, either through retail networks or PBM-owned or controlled mail order pharmacies. Net revenue is recognized at the prescription price negotiated with clients and associated administrative fees;

(ii) the dollar amount of total drug expenditures for the Plan:
(iii)the dollar amount of all Manufacturer Payments earned by the PBM for the reporting period;
(iv) the Manufacturer Payments that have been (1) earned but not billed (2) billed and (3) paid to the PBM based on the drugs dispensed to the Plan members during the past year.
(v) the percentage of all Manufacturer Payments earned by the PBM for the reporting period that were Manufacturer Formulary Payments, which are payments the PBM receives from a manufacturer in return for formulary placement and/or access, or payments that are characterized as "formulary" or "base" rebates or payments pursuant to the PBM's agreements with pharmaceutical manufacturers:
(vi)the percentage of all Manufacturer Payments received by the PBM during the reporting period that were Manufacturer Additional Payments, which are all Manufacturer Payments other than Manufacturer Formulary Payments.

(6) The PBM agrees to provide the Carrier, at least annually, with all financial and utilization information requested by the Carrier relating to the provision of benefits to eligible Enrollees through the PBM and all financial and utilization information relating to services provided to the Carrier.

(7) The Carrier shall provide any information it receives from the PBM, including a copy of its contract with the PBM to OPM. A PBM providing information to a Carrier under this subsection may designate that information as confidential commercial information. The Carrier in its contract with the PBM shall effectuate the PBM's consent to the disclosure of this information to OPM. OPM shall treat such designated information as confidential under 5 C.F.R. § 294.112.

(8) If the Carrier's PBM arrangement is with an Underwriter rather than with the Carrier, then all references to the Carrier and Plan appearing in this Section 1.26 shall be deemed to be references to the Underwriter.

(9) The Carrier will require that its PBM contractors:

(i) Provide information to physicians, pharmacists, other health care professionals, consumers, and payers about the factors that affect formulary system decisions, including: cost containment measures; the procedures for obtaining non-formulary drugs; and the importance of formulary compliance to improving quality of care and restraining health care costs;

(ii) Provide consumer education that explains how formulary decisions are made and the roles and responsibilities of the consumer; and

(iii) Disclose the existence of formularies and have copies of the current formulary readily available and publicly accessible.

(10) In accordance with FEHBAR 1652.204-74, FAR 52.215-2 and FEHBAR 1652.246-70, all contracts and other documentation that support amounts charged to the Carrier contract are fully disclosed to and auditable by the OPM Office of Inspector General (OPM OIG). The PBM must provide the OPM OIG upon request all PBM records including, but not limited to:

(i) All PBM contracts with Participating Pharmacies;
(ii) All PBM contracts with Pharmaceutical Manufacturers;
(iii)All PBM contracts with third parties purchasing or using claims data;
(iv) All PBM transmittals in connection with sales of claims data to third parties; and

(v) All PBM Maximum Allowable Cost (MAC) price lists.

(b) Integrity Standard

The Carrier will require that its PBM contractors agree to adopt and adhere to a code of ethics promulgated by a national professional association, such as the Code of Ethics of the American Pharmacists Association (dated October 27, 1994), for their employed pharmacists.

(c) Performance Standards

The Carrier will require that its PBM contractors develop and apply a quality assurance program specifying procedures for ensuring contract quality on the following standards at a minimum and submit reports to the Carrier on their performance. PBMs must meet, at minimum, the member inquiry, telephone customer service, paper claims processing, and other applicable standards set for Carriers at Section 1.9(f)(1), (2), (5), (7), and (11). All other standards discussed below will have specific target goals the PBM is expected to achieve. Carriers may permit PBMs to measure compliance using statistically valid samples for the PBMs book of business. Agreed to standards shall be provided to OPM for its review and comment. If OPM has concerns about a particular standard, the Carrier agrees to present OPM's concerns to the PBM and either revise the standard as requested by OPM or revise the standard to the extent feasible and present to OPM information demonstrating the problems associated with making the requested revisions in full.

(1) Retail Pharmacy Standards

(i) Point of Service (POS) system response time. The PBM's network electronic transaction system provides rapid response to network pharmacies.

(ii) POS system availability. The PBM's network electronic transaction system generally is available to, and accessible by, network pharmacies.

(iii) Licensing – The PBM verifies the appropriate licensing of its network pharmacies.

(2) Mail Service Pharmacy Standards

(i) Dispensing accuracy – The PBM dispenses its prescriptions to the correct patient and for the correct drug, drug strength and dosage in accordance with the physician's prescription not less than 99.9% of the time.

(ii) Turnaround time – The PBM promptly dispenses and ships at least 98% on average of all prescriptions not requiring intervention or clarification within 3 business days or meets an equivalent measure approved by OPM.

(3) Prior Approval – if applicable – The PBM promptly reviews and responds to requests for prior approval for specific drugs following receipt of all required information.

(4) Quality of Drug Therapy - The quality assurance program implemented by a Carrier's PBM contractor must include a process to measure the quality of its drug therapy provided to Enrollees. Specific areas to be addressed include achievement of quality targets measured by both internal and external metrics; identification and appropriate use of best practices; and

application of evidence-based medicine, as appropriate.

(d) Alternative Drug Options
The Carrier will require that its PBM contractors, at a minimum, utilize the following protocols for PBM initiated drug interchanges (any change from the original prescription) other than generic substitutions:

(i) The PBM must treat the prescribing physician, and not itself, as the ultimate decision-maker. Furthermore, to the extent appropriate under the circumstances, the PBM must allow the patient input into that decision-making process. At a minimum, the PBM must provide the patient with a written notice in the package sent to the patient that the drug interchange has occurred with the approval of the Prescriber.

(ii) The PBM will obtain authorization for a drug interchange only with the express, verifiable authorization from the Prescriber as communicated directly by the Prescriber, in writing or verbally, or by a licensed medical professional or other physician's office staff member as authorized by the Prescriber.

(iii) The PBM must memorialize in appropriate detail all conversations with patients and physicians in connection with drug interchanging requests, including the identity of the contact person at the physician's office and the basis for his or her authority.

(iv) The PBM will only interchange a patient's drug from a lower priced drug to a higher priced drug to patient or Plan when authorized by the Carrier or the Plan.

(v) The PBM will permit pharmacists to express their professional judgment to both the PBM and physicians on the impact of drug interchanges and to answer physicians' questions about dosing. PBMs will not require pharmacists to, and will not penalize pharmacists for refusing to, initiate calls to physicians for drug interchanges that in their professional judgment should not be made.

(vi) The PBM will offer to disclose, and if requested, will disclose to physicians, the Carrier, and patients (i) the reason(s) why it is suggesting a drug interchange and (ii) how the interchange will affect the PBM, the Plan, and the patients financially.

(e) Patient Safety Standard - The Carrier will require that its PBM contractors establish drug utilization management, formulary process and procedures that have distinct systems for identifying and rectifying consumer safety issues including:

(i) A system for identifying and communicating drug and consumer safety issues at point-of-service; and

(ii) A system of drug utilization management tools, such as prospective and concurrent drug utilization management that identifies situations which may compromise the safety of the consumer.

(f) Safety and Accessibility for Consumers - The Carrier will require that its PBM contractors meet the following standards related to pharmacy network management and consumer access to medications.

(1) The Carrier will require that its PBM contractor define the scope of its services with respect to:

(i) The distribution channels offered (e.g. pharmacy network, mail order pharmacies, or specialty pharmacies);
(ii) The types of pharmacy services offered within each distribution channel; and
(iii) The geographic area served by each distribution channel.

(2) The Carrier will require that for each distribution channel provided by its PBM contractor. the PBM contractor:

(i) Establishes criteria and measures actual performance in comparison to those criteria: and
(ii) Makes improvements where necessary to maintain the pharmacy network and meet contractual requirements.

(3) The Carrier will require that its PBM contractor establish a quality and safety mechanism for each distribution channel in order to identify and address concerns related to:

(i) Quality and safety of drug distribution; and
(ii) Quality of service

(g) Contract Terms - The contract between the PBM and the Carrier must not exceed 3 years without re-competition unless the Contracting Officer approves an exception. The Carrier's PBM contract must allow for termination based on a material breach of any terms and conditions stated in the Carrier's PBM contract. The Carrier must provide sufficient written notice of the material breach to the PBM and the PBM must be given adequate time to respond and cure the material breach.

SECTION 1.27
DISCLOSURE NOTICE UNDER P.L. 108-173 (MEDICARE MODERNIZATION ACT OF 2003) (JAN 2006)

The Carrier will issue, as part of its FEHB benefits brochure, a disclosure notice concerning creditable prescription drug coverage in accordance with the regulation at 42 CFR §423.56 issued by the Department of Health and Human Services.

SECTION 1.28
CARRIER DISASTER RECOVERY PLAN (JAN 2007)

The Carrier must implement a disaster recovery plan that addresses flexibility for the following:

(a) Medical and pharmacy procedures and requirements
(b) Barriers to accessing needed health care;
(c) Requests for out-of-network medical services;
(d) Alternatives for medical pre-certification, referrals, medical necessity review and notification of hospital admissions;
(e) Accessing other PCPs or specialists;

(f) Pharmacy restrictions, refills, additional supplies of medications as backup;
(g) Mail-order pharmacy;
(h) Adhering to recommendations for vaccinations from the Center for Disease Control;
(i) Claims payments;
(j) Crisis toll free hotline;
(k) Ability to identify current members;
(l) Recovery procedures for critical business functions (i.e., system, network, communication, work area recovery); and
(m) Secure backup site (hot/cold). A "hot work site" is a designated location to be used in the event of a disaster that is fully prepared for continuation of work to which the employees can go. A "cold work site" is a designated location to use in the event of a disaster that is not fully prepared for continuation of work to which the employees can go.

The Carrier must provide OPM with the following information:
(a) description of its disaster recovery plan;
(b) the carrier's current state of readiness and the frequency of evaluations;
(c) the carrier's work with its subcontractor on this issue;
(d) a timeline; and
(e) any potential problem areas.

The Carrier may implement its own additional measures.

Carriers must submit this information by January 1, 2007. Carriers who enter the FEHBP subsequent to 2007, must submit this information by January 1st of their first FEHBP contract year. Any material changes to the disaster recovery plan, such as a prime disaster recovery subcontract change or a hot site change, should be reported to OPM.

SECTION 1.29
HEALTH INFORMATION TECHNOLOGY REQUIREMENTS (JAN 2011)

(a) The Carrier agrees that as it implements, acquires, or upgrades health information technology systems, it shall utilize, where available, certified health information technology systems and products that meet interoperability standards recognized by the Secretary of Health and Human Services, as existing on the date of the implementation, acquisition, or upgrade of health information technology systems ("Interoperability Standards"). Interoperability standards include those standards adopted by the Secretary to promote meaningful use of health information technology in accordance with Public Law 111-5, The Health Information Technology for Economic and Clinical Health Act (HITECH Act).

(b) The Carrier agrees that such health information technology systems will have already been pilot tested in a variety of live settings and refined, if needed, before the Carrier will consider them for implementation.

(c) The Carrier agrees that as its provider agreements are established or renewed, it will encourage contracted providers to comply with applicable Interoperability Standards and to demonstrate meaningful use of health information technology in accordance with the HITECH ACT.

SECTION 1.30
HEALTH INFORMATION TECHNOLOGY PRIVACY AND SECURITY (JAN 2012)

(a) Any Carrier subcontractor, large provider, or vendor, that administers a personal health record or quality and cost or price transparency software applications for Members that collect, create, receive, store or transmit individually identifiable protected health information of Members that does not qualify as a covered entity or business associate under the Health Insurance Portability and Accountability Act of 1996 (HIPAA) or regulations will be required by the Carrier to, at a minimum, comply with equivalent privacy and security policies as are required of a "covered entity" under the HIPAA Privacy and Security regulations.

(b) The Carrier will provide for consumer transparency including, but not limited to, the posting of the subcontractor's, large provider's, or vendor's notice of privacy practices prominently at the point where the Member enters the subcontractor's, large provider's, vendor's or other entity's website or web portal.

(c) Notices of privacy practices disclosures must describe the uses of individually identifiable protected health information and any potential disclosure to other entities as described in the HIPAA Privacy Rule.

SECTION 1.31
DEFINITION AND SCOPE OF INFORMATION SECURITY (JAN 2012)

(a) As indicated in FAR Subpart 2.1, information security means protecting OPM information and information systems from unauthorized access, use, disclosure, disruption, modification, or destruction in order to provide —

1. Integrity, which means guarding against improper information modification or destruction, and includes ensuring information nonrepudiation and authenticity; or destruction.

2. Confidentiality, which means preserving authorized restrictions on access and disclosure, including means for protecting personal privacy and proprietary information; and

3. Availability, which means ensuring timely and reliable access to, and use of, information.

(b) This Contract grants the Carrier access to OPM's Letter of Credit (LOC) System. The Carrier recognizes its responsibility to help maintain the information security of OPM's LOC System. Section 1.31 through 1.35 inclusive and Section 5.67 and 5.68 pertain exclusively to such limited access to OPM's LOC System.

SECTION 1.32
CARRIER PERSONNEL ACCESS DETERMINATION REQUIREMENTS (JAN 2012)

(a) Carrier personnel who receive a user identification and password to access OPM's LOC System shall comply with the U.S. Office of Management and Budget (OMB) Memorandum M-05-24, referenced in paragraph (a) of FAR 52.204-9, Personal Identity Verification of Contractor Personnel, which is available on-line at http://www.whitehouse.gov/omb/memoranda/fy2005/m05-24.pdf.

(b) Homeland Security Presidential Directive (HSPD) 12 requires the Government to institute standards for secure and reliable identification of employees and contractors accessing

Federal facilities. OPM has determined that a National Agency Check with Written Inquiries (NACI) is required for Carrier employees with access to OPM's LOC System. The Carrier must obtain these access determinations for its employees with access to OPM's LOC System using the e-QIP system. The NACI will be requested on a Standard Form (SF) 85, "Questionnaire for Non-Sensitive Positions." OPM will not allow Carrier employees who have not completed the NACI process in any of its facilities, pursuant to applicable security policies.

(c) Carriers must meet facility and access clearance requirements.

(d) Carriers are responsible for the security, integrity and appropriate authorized use of their systems interfacing with OPM's LOC System. OPM, through its Contracting Officer, may require the use or modification of security and/or secure communications technologies related to Government systems access and use.

(e) OPM, at its discretion, may suspend or terminate the Carrier's access to and/or use of OPM's LOC System when a security or other electronic access, use or misuse issue gives cause for such action. The suspension or termination may last until such time as the Government determines that the situation has been corrected or no longer exists.

SECTION 1.33
INFORMATION TECHNOLOGY SYSTEMS SECURITY (JULY 2011)

Carriers must comply with OPM IT Security and Privacy, NIST and OMB requirements for system users. System users are Carrier employees with a user identification and password to access OPM's LOCS. Based upon the Federal Information Processing Standards Publication 199 (FIPS PUB 199), the Government has determined that a minimum level, applies to the sensitivity of the data contained in OPM's LOC System and a minimum level, applies to the operational criticality of the data processing capabilities of OPM's LOC System. (Note: FIPS PUB 199 is accessible on line at: http://csrc.nist.gov/publications/fips/fips199/FIPS-PUB-199-final.pdf.)

In order to access the OPM LOC System, the Carriers must demonstrate that they comply with the end-user security requirements in the Federal Information Security Management Act of 2002 (FISMA, Public Law 107-347, 44 U.S.C. 3531-3536); Office of Management and Budget (OMB) Circular A-130, Appendix III, "Security of Federal Automated Information Systems" and an acknowledgement of their understanding of the security requirements in the contract. (Note: OMB Circular A-130, Appendix III is accessible on line at: http://www.whitehouse.gov/omb/circulars/a130/appendix_iii.pdf.)

SECTION 1.34
CARRIER ACCESS TO OPM IT SYSTEMS (JAN 2011)

Each Carrier employee is required to utilize individual identification and authorization to access the OPM LOC System. Using shared accounts to access the OPM LOC System is strictly prohibited. OPM will disable accounts and access to the OPM LOC System will be revoked and denied if carriers share accounts. Users of the OPM LOC System will be subject to periodic auditing to ensure compliance to OPM Security and Privacy Policy. In addition, Carriers are required to comply with the following NIST 800-53 security controls to include at a minimum: Access Control (AC) - Controls falling under the AC category ensure that proper restrictions are in place to limit access to authorized users with a need to know.

(1) Provide to the OPM Letter of Credit (LOC) System Security Officer listed in OPM's "Letter of Credit Drawdown System User Manual For Experience Rated Carriers" - Contacts for Questions and Problem Resolution, an initial and complete list of employees' names that require access to OPM's LOC System;

(2) By the fifth day of each month thereafter, send a staffing change report to the Contracting Officer's Representative, contract administrator and LOC Security Officer. The report must contain the listing of all staff members with an LOC System user identification and password who left employment or were hired under this contract in the past 60 days. This form must be submitted even if no separation has occurred during this period. Failure to submit a 'Contractor Staffing Change Report' each month will result in the suspensions of all user IDs associated with this contract; and

(3) Anyone who accesses the OPM LOC System must complete OPM's IT Security and Privacy Awareness Training (ITPSA) annually and upon the initial access. This requirement applies to all Carriers.

SECTION I.35
PROCEDURES FOR REPORTING A LETTER OF CREDIT SYSTEM SECURITY BREACH (JAN 2013)

(a) A breach of data, system access, etc. includes loss of control, compromise, unauthorized disclosure, unauthorized acquisition, or unauthorized access of information whether physical or electronic. As an agency, OPM is required to immediately report all potential security and data breaches -- whether they involve paper documents or electronic information. In order to meet this responsibility, OPM has established a new internal procedure for reporting the loss or possible compromise of any data, and this clause conforms to that procedure.

(b) OPM Carriers must report any breach or potential breach to the OPM Situation Room and the Contracting Officer within 30 minutes of becoming aware of the risk – regardless of the time or day of the week. Breaches should be reported, even if it is believed the breach is limited, small, or insignificant. OPM's IT security experts, who will determine when a breach needs additional focus and attention. The OPM Situation Room is available 24 hours per day, 365 days per year. Report the breach to the OPM Situation Room and the Contracting Officer either by phone or by e-mail; however, be sure NOT to include PII in the e-mail.

(1) OPM Carriers must report a breach or potential security breach to the OPM Situation Room at: sitroom@opm.gov, (202) 418-0111, Fax (202) 606-0624.

(2) When notifying the Situation Room, please copy the Contracting Officer.

(3) To get help with WinZip, please contact the OPM Help Desk at: helpdesk@opm.gov, (202) 606-4927, TTY (202) 606-1295.

(4) If you have questions regarding these procedures, contact the Contracting Officer.

PART II – BENEFITS

SECTION 2.1
ENROLLMENT ELIGIBILITY AND EVIDENCE OF ENROLLMENT (JAN 2012)

(a) Enrollment.

(1) Each eligible individual who wishes to be enrolled in the plan offered by this Carrier shall, as a prerequisite to such enrollment, complete a Health Benefits Election Form, or use an electronic or telephonic method approved by OPM, within the time and under the conditions specified in 5 CFR Part 890. The personnel office having cognizance over the Enrollee shall promptly furnish notification of such election to the Carrier.

(2) A person's eligibility for coverage, effective date of enrollment, the level of benefits (option), the effective date of termination or cancellation of a person's coverage, the date any extension of a person's coverage ceases, and any continuance of benefits beyond a period of enrollment and the date any such continuance ceases, shall all be determined in accordance with regulations or directions of OPM given pursuant to chapter 89, title 5, United States Code.

(b) Special Limitations With Regard To Employee Organizations.

(1) A plan sponsored by an employee organization as defined by the Act, is available only to eligible employees, Tribal Employees, annuitants, former spouses, and former employees and eligible members of their families who must be or must become members of the sponsoring organization to enroll in the Plan.

(2) Employees or Tribal Employees with membership status in an employee organization at the time they become annuitants may retain their membership in the organization and, if eligible, continue their enrollment in the Plan. Survivor annuitants of Enrollees in the Plan may continue their enrollment in the Plan without becoming members of the sponsoring employee organization.

(c) The Carrier shall issue evidence of the Enrollee's coverage and furnish to the Enrollee copies of any forms necessary to make claim for benefits.

SECTION 2.2
BENEFITS PROVIDED (JAN 2009)

(a) The Carrier shall provide the benefits as described in the agreed upon brochure text found in Appendix A.

(b) In addition to providing benefits in accordance with (a) above, the Carrier shall be authorized to modify them as follows:

(1) To permit methods of treatment not expressly provided for, but not prohibited by law, rule or Federal policy, if otherwise contractually appropriate, and if such treatment is medically necessary and is as cost effective as providing benefits to which the Member may otherwise be entitled.

(2) To pay for or provide a health service or supply in an individual case which does not come within the specific benefit provisions of the contract, if the Carrier determines the benefit is within the intent of the contract, and the Carrier determines that the provision of such benefit is in the best interests of the Federal Employees Health Benefits Program.

(3) To offer in individual cases, after consultation with and concurrence by the Member and provider(s), a benefit alternative not ordinarily covered under this contract which will result in equally effective medical treatment at no greater benefit cost. An alternative benefit will be made available for a limited time period and is subject to the Carrier's ongoing review. Members must cooperate with the Carrier's review process.

(c)The decision to offer, deny, or withdraw coverage for a modified benefit provided in accordance with (b) above is solely within the Carrier's discretion (unless the Carrier and Member have entered into an alternative benefits agreement that expressly modifies this authority), and is not subject to OPM review under the disputed claims process.

(d) In each case when the Carrier provides a non-covered benefit in accordance with the authority of (b) above, the Carrier shall document in writing prior to the provision of such benefit the reasons and justification for its determination. The writing may be in the form of an alternative benefit agreement with the Member. Such payment or provision of services or supplies while a valid charge under the contract shall not be considered to be a precedent in the disposition of similar cases or extensions in the same case beyond the approved period.

(e) Except as provided for in (b) above, the Carrier shall provide benefits for services or supplies in accordance with Appendix A.

(f) The Carrier, subject to (g) below, shall determine whether in its judgment a service or supply is medically necessary or payable under this contract.

(g) The Carrier agrees to pay for or provide a health service or supply in an individual case if OPM finds that the Member is entitled thereto under the terms of the contract.

(h) (1) Notwithstanding (b) and (e) above, in accordance with Section 504 of the Rehabilitation Act of 1973, 29 U.S.C. § 794, and 5 C.F.R. § 723.130(d), in the case of a Member who is a qualified individual with a handicap, the Carrier shall pay for or provide a covered health service or supply in the most integrated setting appropriate to the Member's needs, when required by OPM following OPM consultation with the Carrier, pursuant to paragraph 2.2(g), above.

(2) An OPM requirement under (h)(1) is subject to ongoing review by OPM and the Carrier. Members must cooperate with the review process. If, in the Carrier's judgment, the conditions for the OPM requirement are no longer satisfied, the Carrier may request that OPM modify or terminate the requirement. OPM's decision to modify or terminate a requirement shall be subject to judicial review.

SECTION 2.3
PAYMENT OF BENEFITS AND PROVISION OF SERVICES AND SUPPLIES (JAN 2013)

(a) By enrolling or accepting services under this contract, Members are obligated to all terms, conditions, and provisions of this contract. The Carrier may request Members to complete reasonable forms or provide information which the Carrier may reasonably request, provided, however, that the Carrier shall not require Members to complete any form as a precondition of receiving benefits unless the form has first been approved for use by OPM. Notwithstanding Section 2.9, *Claims Processing*, forms requiring specific approval do not include claim forms and other forms necessary to receive payment of individual claims.

(b) All benefits shall be paid (with appropriate documentation of payment) within a reasonable time after receipt of reasonable proof covering the occurrence, character, and extent of the event for which the claim is made. The claimant shall furnish satisfactory evidence that all

services or supplies for which expenses are claimed are covered services or supplies within the meaning of the contract.

(c) The procedures and time period for filing claims shall be as specified in the agreed upon brochure text (*Appendix A*). However, failure to file a claim within the time required shall not in itself invalidate or reduce any claim where timely filing was prevented by administrative operations of Government or legal incapacitation, provided the claim was submitted as soon as reasonably possible.

(d) The Carrier may request a Member to submit to one or more medical examinations to determine whether benefits applied for are for services and supplies necessary for the diagnosis or treatment of an illness or injury or covered condition of the Member and may withhold payment of such benefits pending completion of the examinations. The examinations shall be made at the expense of the Carrier by a physician selected by the Member from a panel of at least three physicians whose names are furnished by the Carrier, and the results of the examinations shall be made available to the Carrier and the Member.

(e) As a condition precedent to the provision of benefits hereunder, the Carrier, to the extent reasonable and necessary and consistent with Federal law, shall be entitled to obtain from any person, Tribal Employer, organization or agency, including the Office of Personnel Management, all information and records relating to visits or examination of, or treatment rendered or supplies furnished to, a Member as the Carrier requires in the administration of such benefits. The Carrier may obtain from any insurance company or other organization or person any information, with respect to any Member, which it has determined is reasonably necessary to:

(1) identify enrollment in a plan,

(2) verify eligibility for payment of a claim for health benefits, and

(3) carry out the provisions of the contract, such as subrogation, recovery of payments made in error, workers compensation, and coordination of benefits.

(f) Benefits are payable to the Enrollee in the Plan or his or her assignees. However, under the following circumstances different payment arrangements are allowed:

(1) Reimbursement Payments for the Enrollee. If benefits become payable to the estate of an Enrollee or an Enrollee is a minor, or an Enrollee is physically or mentally not competent to give a valid release, the Carrier may either pay such benefits directly to a hospital or other provider of services or pay such benefits to any relative by blood or connection by marriage of the Enrollee determined by the Carrier to be equitably entitled thereto.

(2) Reimbursement Payments for a minor child. If a child is covered as a Family Member under the Enrollee's self and family enrollment and is in the custody of a person other than the Enrollee, and if that other person certifies to the Carrier that he or she has custody of and financial responsibility for the child, then the Carrier may issue an identification card for the child(ren) to that person and may reimburse that person for any covered medical service or supply.

(3) Reimbursement Payments to family members covered under the Enrollee's self and family enrollment. If a covered child is legally responsible, or if a covered spouse is legally separated, and if the covered person does not reside with the Enrollee and certifies such conditions to the Carrier, then the Carrier may issue an identification card to the person and may reimburse that person for any covered medical service or supply. In the case of a legally separated spouse, the Carrier may also furnish the explanation of benefits to the spouse when determined by the Carrier to be required.

(4) Reimbursement payments to Government programs, such as Medicaid. If Federal law provides that reimbursement is payable to a Government program under coordination of benefits or similar rules, in lieu of being payable to the Enrollee or other covered person, the Carrier may reimburse the other Government program for any covered medical service or supply. To the degree that the Carrier is able to identify Medicaid beneficiaries, the Carrier will process claims directly to the provider of service or reimburse the Medicaid agency if the Medicaid agency has already paid the provider and is seeking reimbursement. When this situation is identified, the Carrier will update the member's records to ensure proper adjudication of claims.

(5) Compliance with the HIPAA Privacy Rule. The Carrier may pay benefits to a covered person other than the Enrollee when in the exercise of its discretion the Carrier decides that such action is necessary to comply with the HIPAA Privacy Rule, 45 C.F.R. §164.500 et seq.

(6) Any payments made in good faith in accordance with paragraphs (f)(1) through (f)(5) shall fully discharge the Carrier to the extent of such payment.

(g) *Erroneous Payments.* It is the Carrier's responsibility to proactively identify overpayments through comprehensive, statistically valid reviews and a robust internal control program. If the Carrier determines that a Member's claim has been paid in error for any reason (except in the case of fraud or abuse), the Carrier shall make a prompt and diligent effort to recover the erroneous payment to the member from the member or, if to the provider, from the provider. The recovery of any overpayment must be treated as an erroneous benefit payment, overpayment, or duplicate payment under 48 C.F.R. §1631.201-70(h) regardless of any time period limitations in the written agreement with the provider. The Carrier shall follow general business practices and procedures in collecting debts owed under the Federal Employees Health Benefits Program. Prompt and diligent effort to recover erroneous payments means that upon discovering that an erroneous payment exists, the Carrier shall--

(1) Send a written notice of erroneous payment to the member or provider that provides: (A) an explanation of when and how the erroneous payment occurred, (B) when applicable, cite the appropriate contractual benefit provision, (C) the exact identifying information (i.e., dollar amount paid erroneously, date paid, check number, date of service and provider name), (D) a request for payment of the debt in full, and (E) an explanation of what may occur should the debt not be paid, including possible offset to future benefits. The notice may also offer an installment option. In addition, the Carrier shall provide the debtor with an opportunity to dispute the existence and amount of the debt before proceeding with collection activities;

(2) After confirming that the debt does exist and in the appropriate amount, send follow-up notices to the member or the provider at 30, 60 and 90 day intervals, if the debt remains unpaid and undisputed;

(3) The Carrier may off-set future benefits payable to the member or to a provider on behalf of the member to satisfy a debt due under the FEHBP if the debt remains unpaid and undisputed for 120 days after the first notice;

(4) After applying the first three steps, refer cases when it is cost effective to do so to a collection attorney or a collection agency if the debt is not recovered; provided, however, that the carrier may not commence an overpayment recovery lawsuit later than December 31 of the third year after the year in which the overpayment was discovered by the carrier (except in cases where the False Claims Act, 31 U.S.C § 3729, or another federal limitations period applies);

(5) Make prompt and diligent effort to recover erroneous payments until the debt is paid in full or determined to be uncollectible by the Carrier because it is no longer cost effective to

pursue further collection efforts or it would be against equity and good conscience to continue collection efforts;

(6) Additional prompt and diligent effort is required for significant claim overpayments that exceed $10,000 per each claim. Examples of such efforts include copies of dated notices, offset attempt(s) made, certified letter communication(s), and third party collection efforts to the extent required under (g)(4) above. The Carrier should maintain and provide to OPM upon request, documentation of those efforts.

(7) Suspend recovery efforts for a debt which is based upon a retroactive disenrollment that has been appealed under 5 C.F.R. § 890.104 or a claim that has been appealed as a disputed claim under Section 2.8, until the appeal has been resolved;

(8)(i) The Carrier may charge the contract for benefit payments made erroneously but in good faith provided that it can document that it made a prompt and diligent effort to recover erroneous payments as described above.

(ii) Notwithstanding (g)(8)(i), the Carrier may not charge the contract for the administrative costs to correct erroneous benefit payments (or to correct processes or procedures that caused erroneous benefit payments) when the errors are egregious or repeated. These costs are deemed to be unreasonable and unallowable under section 3.2(b)(2)(ii);

(9) Maintain records that document individual unrecovered erroneous payment collection activities for audit or future reference.

(10) If OPM determines that a Member's claim has been paid in error for any reason (except fraud and abuse), the Carrier shall make a prompt and diligent effort to recover the erroneous payment to the member from the member or, if to the provider, from the provider as specified in (g)(1) through (9).

(11) At the request of OPM, the Carrier shall provide evidence that it has taken the steps enumerated above in this subsection to promptly recover erroneous payments, including but not limited to overpayments related to Medicare coordination of benefits. OPM will review the Carrier's claims payments and procedures to validate the Carrier's prompt and diligent effort. The Contracting Officer may require the Carrier to establish and submit to the Contracting Officer a written corrective action plan.

(12) In compliance with the provisions of the Contract Disputes Act, the Carrier shall return to the Program an amount equal to the uncollected erroneous payment where the Contracting Officer determines that (a) the Carrier's failure to appropriately apply its operating procedure caused the erroneous payment and (b) that the Carrier failed to make a prompt and diligent effort to recover an erroneous payment.

(h) Erroneous payment recoveries may be reduced by any legal or collection agency fees expended to obtain the recoveries and which are not otherwise payable under this experience-rated contract. The amount credited to the contract shall be the net amount remaining after deducting the related legal or collection agency fees.

(i) All health benefit refunds and recoveries, including erroneous payment recoveries, must be deposited into the working capital or investment account within 30 days and returned to or accounted for in the FEHBP letter of credit account within 60 days after receipt by the Carrier.

(j) Notwithstanding subsection (f), the Carrier reserves the right to pay the Member directly for all covered services described in the agreed upon brochure text attached as Appendix A.

(a) A Member's coverage is terminated as specified in regulations issued by the OPM. Benefits after termination of coverage are as specified in the regulations.

(b) A Member is entitled to a temporary continuation of coverage or an extension of coverage under the conditions and to the extent specified in the regulations.

(c) A Member whose coverage hereunder has terminated is entitled, upon application within the times and under the conditions specified in regulations, to a non-group contract regularly offered for the purpose of conversion from the contract or similar contracts. The conversion contract shall be in compliance with 5 U.S.C., chapter 89, and regulations issued thereunder.

(d) Costs associated with writing or providing benefits under conversion contracts shall not be an allowable cost of this contract.

(e) The Carrier shall maintain on file with OPM copies of the conversion policies offered to persons whose coverage under this contract terminates and advise OPM promptly of any changes in the policies. The Contracting Officer may waive this requirement where because of the large number of different conversion policies offered by the Carrier it would be impractical to maintain a complete up-to-date file of all policies. In this case the Carrier shall submit a representative sample of the general types of policies offered and provide copies of specific policies on demand.

SECTION 2.5
SUBROGATION (JAN 2006)

(a) The Carrier's subrogation rights, procedures and policies, including recovery rights, for payments with respect to benefits shall be in accordance with the provisions of the agreed upon brochure text, which is incorporated in this Contract in Appendix A. As the member is obligated by Section 2.3(a) to comply with the terms of this Contract, the Carrier, in its discretion, shall have the right to file suit in federal court in order to enforce those rights.

(b) Subrogation recoveries may be reduced by any legal fees expended to obtain the recoveries and which are not otherwise payable under this experience-rated contract. The amount credited to the contract shall be the net amount remaining after deducting the related legal fees.

SECTION 2.6
COORDINATION OF BENEFITS (JAN 2001) (FEHBAR 1652.204-71)

(a) The Carrier shall coordinate the payment of benefits under this contract with the payment of benefits under Medicare, other group health benefits coverages, and the payment of medical and hospital costs under no-fault or other automobile insurance that pays benefits without regard to fault.

(b) The Carrier shall not pay benefits under this contract until it has determined whether it is the primary carrier or unless permitted to do so by the Contracting Officer.

(c) In coordinating benefits between plans, the Carrier shall follow the order of precedence established by the NAIC Group Coordination of Benefits Model Regulation, Rules for Coordination of Benefits, as specified by OPM.

(d) Where (1) the Carrier makes payments under this contract which are subject to COB provisions; (2) the payments are erroneous, not in accordance with the terms of the contract, or in

excess of the limitations applicable under this contract; and (3) the Carrier is unable to recover such COB overpayments from the Member or the providers of services or supplies, the Contracting Officer may allow such amounts to be charged to the contract; the Carrier must be prepared to demonstrate that it has made a diligent effort to recover such COB overpayments.

(e) COB savings shall be reported by experience-rated carriers each year along with the Carrier's annual accounting statement in a form specified by OPM.

(f) Changes in the order of precedence established by the NAIC Group Coordination of Benefits Model Regulation, Rules for Coordination of Benefits, implemented after January 1 of any given year shall be required no earlier than the beginning of the following contract term.

[NOTE: In the event that benefits are payable to the Member under no-fault automobile insurance, the no-fault automobile insurer shall be the Primary Carrier if it is obligated legally to pay benefits for health care expenses without regard to other health benefits coverage that the Member may have. The term "no-fault automobile insurance" includes any automobile insurance policy under which the insurer pays benefits for health care expenses resulting from the accident without regard to whether the insured's conduct contributed to the accident.]

SECTION 2.7
DEBARMENT AND OTHER SANCTIONS (JAN 1999)

(a) Notwithstanding 5 U.S.C. 8902(j) or any other provision of the law and regulations, if, under 5 U.S.C. 8902a, 5 CFR 970, or Public Law 103-123 (or other applicable appropriations law), a provider is barred from participating in the Program under 5 U.S.C. or the provider's services under 5 U.S.C. are excluded, the Carrier agrees that no payment shall be made by the Carrier pursuant to any contract under 5 U.S.C. (either to such provider or by reimbursement) for any service or supply furnished by such provider during the period of the debarment, except as provided in 5 CFR 970.200(b).

(b) The OPM shall notify the Carrier when a provider is barred from the FEHBP.

SECTION 2.8
FILING HEALTH BENEFIT CLAIMS/COURT REVIEW OF DISPUTED CLAIMS (MAR 1995) (FEHBAR 1652.204-72)

(a) General. (1) The Carrier resolves claims filed under the Plan. All health benefit claims must be submitted initially to the Carrier. If the Carrier denies a claim (or a portion of a claim), the covered individual may ask the Carrier to reconsider its denial. If the Carrier affirms its denial or fails to respond as required by paragraph (b) of this clause, the covered individual may ask OPM to review the claim. A covered individual must exhaust both the Carrier and OPM review processes specified in this clause before seeking judicial review of the denied claim.

(2) This clause applies to covered individuals and to other individuals or entities who are acting on the behalf of a covered individual and who have the covered individual's specific written consent to pursue payment of the disputed claim.

(b) Time limits for reconsidering a claim. (1) The covered individual has 6 months from the date of the notice to the covered individual that a claim (or a portion of a claim) was denied by the Carrier in which to submit a written request for reconsideration to the Carrier. The time limit for requesting reconsideration may be extended when the covered individual shows that he

or she was prevented by circumstances beyond his or her control from making the request within the time limit.

(2) The Carrier has 30 days after the date of receipt of a timely-filed request for reconsideration to:

(i) Affirm the denial in writing to the covered individual;

(ii) Pay the bill or provide the service; or

(iii) Request from the covered individual or provider additional information needed to make a decision on the claim. The Carrier must simultaneously notify the covered individual of the information requested if it requests additional information from a provider. The Carrier has 30 days after the date the information is received to affirm the denial in writing to the covered individual or pay the bill or provide the service. The Carrier must make its decision based on the evidence it has if the covered individual or provider does not respond within 60 days after the date of the Carrier's notice requesting additional information. The Carrier must then send written notice to the covered individual of its decision on the claim. The covered individual may request OPM review as provided in paragraph (b)(3) of this clause if the Carrier fails to act within the time limit set forth in this paragraph.

(3) The covered individual may write to OPM and request that OPM review the Carrier's decision if the Carrier either affirms its denial of a claim or fails to respond to a covered individual's written request for reconsideration within the time limit set forth in paragraph (b)(2) of this clause. The covered individual must submit the request for OPM review within the time limit specified in paragraph (e)(1) of this clause.

(4) The Carrier may extend the time limit for a covered individual's submission of additional information to the Carrier when the covered individual shows he or she was not notified of the time limit or was prevented by circumstances beyond his or her control from submitting the additional information.

(c) Information required to process requests for reconsideration. (1) The covered individual must put the request to the Carrier to reconsider a claim in writing and give the reasons, in terms of applicable brochure provisions, that the denied claim should have been approved.

(2) If the Carrier needs additional information from the covered individual to make a decision, it must:

(i) Specifically identify the information needed;

(ii) State the reason the information is required to make a decision on the claim;

(iii) Specify the time limit (60 days after the date of the Carrier's request) for submitting the information; and

(iv) State the consequences of failure to respond within the time limit specified, as set out in paragraph (b)(2) of this section.

(d) Carrier determinations. The Carrier must provide written notice to the covered individual of its determination. If the Carrier affirms the initial denial, the notice must inform the covered individual of:

(1) The specific and detailed reasons for the denial;

(2) The covered individual's right to request a review by OPM; and

(3) The requirement that requests for OPM review must be received within 90 days after the date of the Carrier's denial notice and include a copy of the denial notice as well as documents to support the covered individual's position.

(e) OPM review. (1) If the covered individual seeks further review of the denied claim, the covered individual must make a request to OPM to review the Carrier's decision. Such a request to OPM must be made:

(i) Within 90 days after the date of the Carrier's notice to the covered individual that the denial was affirmed; or

(ii) If the Carrier fails to respond to the covered individual as provided in paragraph (b)(2) of this clause, within 120 days after the date of the covered individual's timely request for reconsideration by the Carrier; or

(iii) Within 120 days after the date the Carrier requests additional information from the covered individual, or the date the covered individual is notified that the Carrier is requesting additional information from a provider. OPM may extend the time limit for a covered individual's request for OPM review when the covered individual shows he or she was not notified of the time limit or was prevented by circumstances beyond his or her control from submitting the request for OPM review within the time limit.

(2) In reviewing a claim denied by the Carrier, OPM may

(i) Request that the covered individual submit additional information;

(ii) Obtain an advisory opinion from an independent physician;

(iii) Obtain any other information as may in its judgment be required to make a determination; or

(iv) Make its decision based solely on the information the covered individual provided with his or her request for review.

(3) When OPM requests information from the Carrier, the Carrier must release the information within 30 days after the date of OPM's written request unless a different time limit is specified by OPM in its request.

(4) Within 90 days after receipt of the request for review, OPM will either:

(i) Give a written notice of its decision to the covered individual and the Carrier; or

(ii) Notify the individual of the status of the review. If OPM does not receive requested evidence within 15 days after expiration of the applicable time limit in paragraph (e)(3) of this clause, OPM may make its decision based solely on information available to it at that time and give a written notice of its decision to the covered individual and to the Carrier.

(f) OPM, upon its own motion, may reopen its review if it receives evidence that was unavailable at the time of its original decision.

(g) Court review. (1) A suit to compel enrollment under § 890.102 of Title 5, Code of Federal Regulations, must be brought against the employing office that made the enrollment decision.

(2) A suit to review the legality of OPM's regulations under this part must be brought against the Office of Personnel Management.

(3) Federal Employees Health Benefits (FEHB) carriers resolve FEHB claims under authority of Federal statute (chapter 89, title 5, United States Code). A covered individual may seek judicial review of OPM's final action on the denial of a health benefits claim. A legal action to review final action by OPM involving such denial of health benefits must be brought against OPM and not against the Carrier or the Carrier's subcontractors. The recovery in such a suit shall be limited to a court order directing OPM to require the Carrier to pay the amount of benefits in dispute.

(4) An action under paragraph (3) of this clause to recover on a claim for health benefits:

(i) May not be brought prior to exhaustion of the administrative remedies provided in paragraphs (a) through (f) of this clause;

(ii) May not be brought later than December 31 of the 3rd year after the year in which the care or service was provided; and

(iii) Will be limited to the record that was before OPM when it rendered its decision affirming the Carrier's denial of benefits.

SECTION 2.9
CLAIMS PROCESSING (JAN 2011)

A standardized claims filing process shall be used by all FEHB carriers. The Carrier shall apply procedures for using the standard claims process. At a minimum the Carrier's program must achieve the following objectives:

(1) The majority of provider claims should be submitted electronically;

(2) All providers shall be notified that future claims must be submitted electronically, or on the Centers for Medicare and Medicaid Services 1500 form or the UB-04 form;

(3) The Carrier shall not use any unique provider claim form(s) for such FEHB member claims;

(4) The Carrier should reject all such claims submitted on forms other than the CMS 1500 form or the UB-04 form and shall explain the reason on the Explanation of Benefits form; and

(5) The Carrier shall advise OPM of its progress in implementing this policy as directed by the Contracting Officer.

SECTION 2.10
CALCULATION OF COST SHARING PROVISIONS (JAN 1996)

When the Member is required to pay a specified percentage of the cost of covered services, the Member's obligation for covered services shall be based on the amount the provider has agreed to accept as full payment, including future discounts that are known and that can be accurately calculated at the time the claim is processed. This includes for example, prompt pay discounts as well as other discounts granted for various business reasons. Any discount not determined at the time of the actual adjudication shall be placed in the Special Reserve upon its determination.

SECTION 2.11
BENEFITS PAYMENTS WHEN MEDICARE IS PRIMARY (JAN 2007)

When a Member who is covered by Medicare Part A, Part B, or Parts A and B on a fee-for-service basis (a) receives services that generally are eligible for coverage by Medicare (regardless of whether or not benefits are paid by Medicare) and are covered by the Carrier, and (b) Medicare is the primary payer and the Carrier is the secondary payer for the Member under the order of benefit determination rules stated in Appendix A and Appendix D of this contract, then the Carrier shall limit its payment to an amount that supplements the benefits payable by Medicare (regardless of whether or not Medicare benefits are paid). For Medicare Part B prescription drugs, the Carrier will coordinate benefits except when prescription drugs are purchased from retail or mail order. When emergency services have been provided by a Medicare nonparticipating institutional provider and the provider is not reimbursed by Medicare, the Carrier shall pay its primary benefits. Payments that supplement Medicare include amounts necessary to reimburse the Member for Medicare deductibles, coinsurance, copayments, and the

balance between the Medicare approved amount and the Medicare limiting charge made by non-participating providers.

Carriers may use the Department of Veterans Affairs (VA) Medicare-equivalent remittance advice (MRA) when the form is submitted to determine the Plan's benefits payment for covered services provided to members who have Medicare as their primary payer, when Medicare does not pay the VA facility.

SECTION 2.12
CONTINUING REQUIREMENTS AFTER TERMINATION OF THE CARRIER
(JAN 2004)

(a) The Carrier shall fulfill all of the requirements agreed to under the contract that continue after termination. The order of precedence for the applicable laws, regulations, and the contract are listed in Section 1.3.

(b) Contract requirements extend beyond the date of the Carrier's termination until the effective date of the new enrollment including processing and paying claims incurred prior to the effective date of the new enrollment.

(c) When the prior carrier is discontinued in whole or in part, the gaining carrier assumes full coverage on the effective date of the new enrollment.

SECTION 2.13
LARGE PROVIDER AGREEMENTS (OCT 2005) (FEHBAR 1652.204-74)

(a) Notification and Information Requirements. (1) The experience-rated Carrier must provide notice to the Contracting Officer of its intent to enter into or to make a significant modification of a Large Provider Agreement:

(i) Not less than 60 days before entering into any Large Provider Agreement; and

(ii) Not less than 60 days before exercising a renewal or other option, or significant modification to a Large Provider Agreement, when such action would result in total costs to the FEHB Program of an additional 20 percent or more above the existing contract. However, if a Carrier is exercising a simple renewal or other option contemplated by a Large Provider Agreement that OPM previously reviewed, and there are no significant changes, then a statement to the effect that the renewal or other option is being exercised along with the dollar amount is sufficient notice.

(2) The Carrier's notification to the Contracting Officer must be in writing and must, at a minimum:

(i) Describe the supplies and/or services the proposed provider agreement will require;

(ii) Identify the proposed basis for reimbursement;

(iii) Identify the proposed provider agreement, explain why the Carrier selected the proposed provider, and what contracting method it used, where applicable, including the kind of competition obtained;

(iv) Describe the methodology the Carrier used to compute the provider's profit; and,

(v) Describe provider risk provisions.

(3) The Contracting Officer may request from the Carrier any additional information on a proposed provider agreement and its terms and conditions prior to a provider award and during the performance of the agreement.

(4) Within 30 days of receiving the Carrier's notification, the Contracting Officer will give the Carrier either written comments or written notice that there will be no comments. If the Contracting Officer comments, the Carrier must respond in writing within 10 calendar days, and explain how it intends to address any concerns.

(5) When computing the Carrier's service charge, the Contracting Officer will consider how well the Carrier complies with the provisions of this section, including the advance notification requirements, as an aspect of the Carrier's performance factor.

(6) The Contracting Officer's review of any Large Provider Agreement, option, renewal, or modification will not constitute a determination of the acceptability of the terms and conditions of any provider agreement or of the allowability of any costs under the Carrier's contract, nor will it relieve the Carrier of any responsibility for performing the contract.

(b) Records and Inspection. The Carrier must insert in all Large Provider Agreements the requirement that the provider will retain and make available to the Government all records relating to the agreement that support the annual statement of operations and Enrollee records--Retain for 6 years after the agreement term ends.

(c) Audit and Records - Negotiation. The provisions of FAR 52.215-2, "Audit and Records--Negotiation," when required, or FEHBAR 1652.246-70, "FEHB Inspection" apply to all experience-rated Carriers' Large Provider Agreements. The Carrier will insert the clauses at FAR 52.215-2, when applicable, or FEHBAR 1652.246-70 in all Large Provider Agreements. In FAR 52.215-2 the Carrier will substitute

(1) The term "Large Provider" for the term "Contractor" throughout the clause, and

(2) The term "Large Provider Agreement" for the term "Subcontracts" in paragraph (g) of FAR 52.215-2. The term "Contracting Officer" will mean the FEHB Program Contracting Officer at OPM. The Carrier will be responsible for ensuring the Large Provider complies with the provisions set forth in the clause.

(d) Prohibited Agreements. No provider agreement made under this contract will provide for payment on a cost-plus-a-percentage-of-cost basis.

(e) The Carrier will insert this clause, 1652.204-74, in all Large Provider Agreements.

SECTION 2.14
COORDINATION OF PRESCRIPTION DRUG BENEFITS WITH MEDICARE (JAN 2006)

(a) The Carrier shall comply with the Center for Medicare and Medicaid Services' (CMS) Part D Coordination of Benefits Guidance when the mechanisms and systems indicated in this guidance are in place and functioning properly. This guidance provides the requirements and procedures for coordination of benefits between Part D plans and other providers of prescription drug coverage.

(b) For Medicare Part B covered prescription drugs, the Carrier will coordinate benefits with Medicare except when such prescription drugs are purchased from retail or mail order pharmacies. The Carrier may pay its benefits on retail pharmacy or mail order drugs eligible for Medicare Part B coverage.

PART III - PAYMENTS, CHARGES AND ACCOUNTING

SECTION 3.1
PAYMENTS—EXPERIENCE-RATED CONTRACTS (JAN 2003) (FEHBAR 1652.232-71)

(a) OPM will pay to the Carrier, in full settlement of its obligations under this contract, subject to adjustment for error or fraud, the subscription charges received for the Plan by the Employees Health Benefits Fund (hereinafter called the Fund) less the amounts set aside by OPM for the Contingency Reserve and for the administrative expenses of OPM and amounts for obligations due pursuant to paragraph (b) of this clause, plus any payments made by OPM from the Contingency Reserve.

(b) OPM will notify the Carrier of amounts due for outstanding obligations under the contract. Not later than 60 days after the date of written notice from OPM, the Carrier shall reimburse OPM. If payment is not received within the prescribed time frame, OPM shall withhold the amount due from the subscription charges owed the Carrier under paragraph (a) of this clause.

(c) The specific subscription rates, charges, allowances and limitations applicable to the contract are set forth in Appendix B.

(d) Recurring payments from premiums shall be made available for carrier drawdown not later than thirty days after receipt by the Fund. The Contracting Officer may authorize special non-recurring payments from the Contingency Reserve in accordance with OPM's regulations.

(e) In the event this contract between the Carrier and OPM is terminated or not renewed in accordance with General Provision I.15, *Renewal and Withdrawal of Approval*, the Contingency Reserve of the Carrier held by OPM shall be available to the Carrier to pay the necessary and proper charges against this contract to the extent that the Carrier reserves are insufficient for that purpose.

SECTION 3.2
ACCOUNTING AND ALLOWABLE COST (JAN 2003) (FEHBAR 1652.216-71)

(a) Annual Accounting Statements.

(1) The Carrier shall furnish to OPM an accounting of its operations under the contract. In preparing the accounting, the Carrier shall follow the reporting requirements and statement formats prescribed by OPM in the OPM Annual and Fiscal Year Financial Reporting Instructions.

(2) The Carrier shall have its Annual Accounting Statements and that of its underwriter, if any, audited in accordance with the FEHBP Experienced-Rated Carrier and Service Organization Audit Guide (Guide). The Carrier shall submit the audit report and the Annual Accounting Statements to OPM in accordance with the requirements of the Guide.

(3) Based on the results of either the independent audit prescribed by the Guide or a Government audit, OPM may require the Carrier to adjust its annual accounting statements (i) by amounts found not to constitute actual, allowable, allocable and reasonable costs; or (ii) to reflect prior overpayments or underpayments.

(4) The Carrier shall develop corrective action plans to resolve audit findings identified in audits that were performed in accordance with the Guide. The corrective action plans will be prepared in accordance with and as defined by the Guide.

(b) Definition of costs. (1) The Carrier may charge a cost to the contract for a contract term if the cost is actual, allowable, allocable, and reasonable. In addition, the Carrier must:

(i) on request, document and make available accounting support for the cost to justify that the cost is actual, reasonable and necessary; and

(ii) determine the cost in accordance with: (A) the terms of this contract, and (B) Subpart 31.2 of the Federal Acquisition Regulation (FAR) and Subpart 1631.2 of the Federal Employees Health Benefits Program Acquisition Regulation (FEHBAR) applicable on the first day of the contract period.

(2) In the absence of specific contract terms to the contrary, the Carrier shall classify contract costs in accordance with the following criteria:

(i) Benefits. Benefit costs consist of payments made and liabilities incurred for covered health care services on behalf of FEHBP subscribers less any refunds, rebates, allowances or other credits received.

(ii) Administrative expenses. Administrative expenses consist of all actual, allowable, allocable and reasonable expenses incurred in the adjudication of subscriber benefit claims or incurred in the Carrier's overall operation of the business. Unless otherwise stated in the contract, administrative expenses include, in part: all taxes (excluding premium taxes, as provided in section 1631.205-41), insurance and reinsurance premiums, medical and dental consultants used in the adjudication process, concurrent or managed care review when not billed by a health care provider and other forms of utilization review, the cost of maintaining eligibility files, legal expenses incurred in the litigation of benefit payments and bank charges for letters of credit. Administrative expenses exclude the cost of Carrier personnel, equipment, and facilities directly used in the delivery of health care services, which are benefit costs, and the expense of managing the FEHBP investment program which is a reduction of investment income earned.

(iii) Investment income. While compliance with the checks presented letter of credit methodology will minimize funds on hand, the Carrier shall invest and reinvest all funds on hand, including any in the Special Reserve or any attributable to the reserve for incurred but unpaid claims, which are in excess of the funds needed to discharge promptly the obligations incurred under the contract. Investment income represents the net amount earned by the Carrier after deducting investment expenses. Investment expenses are those actual, allowable, allocable, and reasonable contract costs that are attributable to the investment of funds, such as consultant or management fees.

(iv) Other charges. (A) Mandatory statutory reserve. Charges for mandatory statutory reserves are not allowable unless specifically provided for in the contract. When the term "mandatory statutory reserve" is specifically identified as an allowable contract charge without further definition or explanation, it means a requirement imposed by State law upon the Carrier to set aside a specific amount or rate of funds into a restricted reserve that is accounted for separately from all other reserves and surpluses of the Carrier and which may be used only with the specific approval of the State official designated by law to make such approvals. The amount chargeable to the contract may not exceed an allocable portion of the amount actually set aside. If the statutory reserve is no longer required for the purpose for which it was created, and these funds become available for the general use of the Carrier, the Carrier shall return to the FEHBP a pro rata share based upon FEHBP's contribution to the total Carrier's set aside shall be returned to the FEHBP in accordance with FAR 31.201-5.

(B) Premium taxes. (1) When the term "premium taxes" is used in this contract without further definition or explanation, it means a tax, fee, or other monetary payment directly or indirectly imposed on FEHB premiums by any State, the District of Columbia, or the Commonwealth of Puerto Rico or by any political subdivision or other governmental authority of

those entities, with the sole exception of a tax on net income or profit, if that tax, fee, or payment is applicable to a broad range of business activity.

(2) For purposes of this paragraph (B), OPM has determined that the term "State" as used in 5 U.S.C. 8909(f) includes, but is not limited to, a territory or possession of the United States.

(c) Certification of Accounting Statement Accuracy. (1) The Carrier shall certify the annual and fiscal year accounting statements in the form set forth in paragraph (c)(3) of this clause. The Carrier's chief executive officer and the chief financial officer shall sign the certificate.

(2) The Carrier shall require an authorized agent of its underwriter, if any, also to certify the annual accounting statement.

(3) The certificate required shall be in the following form:

CERTIFICATION OF ACCOUNTING
STATEMENT ACCURACY

This is to certify that I have reviewed this accounting statement and to the best of my knowledge and belief:

1. The statement was prepared in conformity with the guidelines issued by the Office of Personnel Management and fairly presents the financial results of this reporting period in conformity with those guidelines.

2. The costs included in the statement are actual, allowable, allocable, and reasonable in accordance with the terms of the contract and with the cost principles of the Federal Employees Health Benefits Acquisition Regulation and the Federal Acquisition Regulation;

3. Income, rebates, allowances, refunds and other credits made or owed in accordance with the terms of the contract and applicable cost principles have been included in the statement;

4. If applicable, the letter of credit account was managed in accordance with 5 CFR part 890, 48 CFR chapter 16, and OPM guidelines.

(End of Certificate)

SECTION 3.3
SPECIAL RESERVE (JAN 2003)

(a) This contract is experience rated. The Special Reserve represents the cumulative difference between income to the plan (subscription income plus interest on investments [item (b)(2)(iii) in Section 3.2, *Accounting and Allowable Cost*, which also includes income gain or loss]) and plan expenses (benefit costs plus allowable administrative expenses and retentions). The Special Reserve held by or on behalf of the Carrier is to be used only for payment of charges against this contract.

(b) If this contract is terminated or not renewed and there is a positive balance remaining in the Special Reserve after all allowable costs chargeable to the contract in accordance with Section 3.2 plus an agreed-upon amount of administrative expenses for contract liquidation have been paid, the balance of any funds held by the Carrier, including current income on its investment, shall be paid to OPM for credit to the Carrier's Contingency Reserve maintained by OPM when the Carrier submits its annual accounting statement for the final contract year.

(c) The Carrier shall incorporate this clause in all agreements with underwriters of the Carrier's FEHB Plan.

SECTION 3.4
INVESTMENT INCOME (JAN 1998) (FEHBAR 1652.215-71)

(a) The Carrier shall invest and reinvest all FEHB funds on hand that are in excess of the funds needed to promptly discharge the obligations incurred under this contract. The Carrier shall seek to maximize investment income with prudent consideration to the safety and liquidity of investments.

(b) All investment income earned on FEHB funds shall be credited to the Special Reserve on behalf of the FEHBP.

(c) When the Contracting Officer concludes that the Carrier failed to comply with paragraphs (a) or (b) of this clause, the Carrier shall credit the Special Reserve with investment income that would have been earned, at the rate(s) specified in paragraph (f) of this clause, had it not been for the Carrier's noncompliance. "Failed to comply with paragraphs (a) or (b)" means: (1) making any charges against the contract which are not allowable, allocable, or reasonable; or (2) failing to credit any income due the contract and/or failing to place excess funds, including subscription income and payments from OPM not needed to discharge promptly the obligations incurred under the contract, refunds, credits, payments, deposits, investment income earned, uncashed checks, or other amounts owed the Special Reserve, in income producing investments and accounts.

(d) Investment income lost as a result of unallowable, unallocable, or unreasonable charges against the contract shall be paid from the first day of the contract term following the contract term in which the unallowable charge was made and shall end on the earlier of: (1) the date the amounts are returned to the Special Reserve (or the Office of Personnel Management); (2) the date specified by the Contracting Officer; or (3) the date of the Contracting Officer's Final Decision.

(e) Investment income lost as a result of failure to credit income due the contract or failure to place excess funds in income producing investments and accounts shall be paid from the date the

funds should have been invested or appropriate income was not credited and shall end on the earlier of: (1) the date the amounts are returned to the Special Reserve (or the Office of Personnel Management); (2) the date specified by the Contracting Officer; or (3) the date of the Contracting Officer's Final Decision.

(f) The Carrier shall credit the Special Reserve for income due in accordance with this clause. All lost investment income payable shall bear simple interest at the quarterly rate determined by the Secretary of the Treasury under the authority of 26 U.S.C. 6621(a)(2) applicable to the periods in which the amount becomes due, as provided in paragraphs (d) and (e) of this clause.

(g) The Carrier shall incorporate this clause into agreements with underwriters of the Carrier's FEHB plan and shall substitute "underwriter" or other appropriate reference for the term "Carrier".

SECTION 3.5
NON-COMMINGLING OF FUNDS (JAN 1991) (FEHBAR 1652.232-72)

(a) The Carrier and/or its underwriter shall keep all FEHBP funds for this contract (cash and investments) physically separate from funds obtained from other sources. Accounting for such FEHBP funds shall not be based on allocations or other sharing mechanisms and shall agree with the Carrier's accounting records.

(b) In certain instances the physical separation of FEHBP funds may not be practical or desirable. In such cases, the Carrier may request a waiver from this requirement from the Contracting Officer. The waiver shall be requested in advance and the Carrier shall demonstrate that accounting techniques have been established that will clearly measure FEHBP cash and investment income (*i.e.*, subsidiary ledgers). Reconciliations between amounts reported and actual amounts shown in accounting records shall be provided as supporting schedules to the Annual Accounting Statements.

(c) The Carrier shall incorporate this clause in all subcontracts that exceed $25,000 and shall substitute "contractor" or other appropriate reference for "Carrier and/or its underwriter".

SECTION 3.6
UNCASHED CHECKS (JAN 1996)

Payment of checks issued pursuant to this contract shall be voided if the checks have been outstanding for two (2) years. The amounts represented by these checks shall be credited to the Special Reserve of this contract no later than the 25th month after issuance. The term "Check" shall include any written instrument issued to pay or reimburse the payment of benefits, or any services, supplies or subcontracts hereunder.

SECTION 3.7
SERVICE CHARGE (JAN 1996)

(a) Any service charge negotiated shall be set forth in Appendix B and shall be the total profit that can be charged to the contract. The amount set forth in Appendix B shall encompass all profit (whether entitled service charge, profit, fee, contribution to reserves or surpluses or any other title) that may be included in major subcontracts in accordance with the provisions of FEHBAR 1631.205-80, Major Subcontractor Service Charges.

(b) One-twelfth of the service charge for the contract term accrues on the last day of each month during the contract term. The Carrier shall withdraw the service charge from the Special Reserve when it accrues.

(c) If this contract is renewed by operation of section 1.15(a), the amount of the service charge accrued under (b) shall be "one-twenty-fourth" rather than "one-twelfth." The remainder of the service charge not otherwise accrued during the contract term shall accrue on the last day of the contract term.

SECTION 3.8
CONTRACTOR RECORDS RETENTION (JUL 2005) (FEHBAR 1652.204-70)

Notwithstanding the provisions of Section 5.7 (FAR 52.215-2(f)). *Audit and Records - Negotiation* the Carrier will retain and make available all records applicable to a contract term that support the annual statement of operations and, for contracts that equal or exceed the threshold at FAR 15.403-4(a)(1), the rate submission for that contract term for a period of six years after the end of the contract term to which the records relate. This includes all records of Large Provider Agreements and subcontracts that equal or exceed the threshold requirements. In addition, individual Enrollee and/or patient claim records will be maintained for six years after the end of the contract term to which the claim records relate. This clause is effective prospectively as of the 2005 contract year.

SECTION 3.9
APPROVAL FOR ASSIGNMENT OF CLAIMS (JAN 1991) (FEHBAR 1652.232-73)

(a) Notwithstanding the provisions of Section 5.35 [FAR 52.232-23], *Assignment of Claims*, the Carrier shall not make any assignment under the Assignment of Claims Act without the prior written approval of the Contracting Officer.

(b) Unless a different period is specified in the Contracting Officer's written approval, an assignment shall be in force only for a period of one year from the date of the Contracting Officer's approval. However, assignments may be renewed upon their expiration.

SECTION 3.10
AUDIT, FINANCIAL, AND OTHER INFORMATION (JAN 2001)

The Carrier shall furnish to OPM audit, financial, and other information in the format and within the time frames specified in the Audit Guide for Financial Statement Audits, Reporting on Internal Controls and Compliance with Laws and Regulations, Attestation Reports, Agreed-Upon Procedures, and Reporting on Internal Controls of Third Party Servicing Organizations. Information and reports shall be furnished in the required number of copies to the addresses specified by OPM.

SECTION 3.11
SURVEY CHARGES (JAN 2002)

(a) If the Carrier participates in an FEHB annual consumer assessment survey, it shall pay OPM's contractor a pro rata share of the total cost of consolidating and reporting the survey

results to OPM. The Carrier shall pay a separate fee for each plan option and /or rating area. The Carrier agrees to pay the contractor's invoice within 30 days of the billing date. If the Carrier does not remit payment to the contractor within 60 days of the billing date, OPM shall withhold the amount due from the Carrier's subscription charges according to FEHBAR 1652.232-71, Payments--experience-rated contracts, and forward payment to the contractor.

(b) Costs incurred by the Carrier for contracting with a vendor to conduct the survey shall be the Carrier's responsibility and constitute allowable administrative charges.

SECTION 3.12
FEHB CLEARINGHOUSE (JAN 2012)

(a) The FEHB Clearinghouse will facilitate the reconciliation of enrollments between carriers and Federal agencies, and between Carriers and Tribal Employers. The Carrier shall pay a pro rata share based on its proportion of FEHB premiums as determined by OPM for the cost of developing and operating the Clearinghouse.

(b) OPM shall withhold the amount due from the Carrier's subscription charges under the authority of FEHBAR 1652.232-71, Payments--Experience-Rated Contracts, and shall forward payment to the FEHB Clearinghouse.

SECTION 3.13
TAXPAYER IDENTIFICATION NUMBER (JAN 2000) (FEHBAR 1652.204-73)

(a) Definitions.

Common parent, as used in this provision, means that corporate entity that owns or controls an affiliated group of corporations that files its Federal income tax returns on a consolidated basis, and of which the Carrier is a member.

Taxpayer Identification Number (TIN), as used in this provision, means the number required by the Internal Revenue Service (IRS) to be used by the Carrier in reporting income tax and other returns.

(b) The Carrier must submit the information required in paragraphs (d) through (f) of this clause to comply with debt collection requirements of 31 U.S.C. 7701(c) and 3325(d), reporting requirements of 26 U.S.C. 6041, 6041A, and 6050M, and implementing regulations issued by the IRS. The Carrier is subject to the payment reporting requirements described in Federal Acquisition Regulation (FAR) 4.904. The Carrier's failure or refusal to furnish the information will result in payment being withheld until the TIN number is provided.

(c) The Government may use the TIN to collect and report on any delinquent amounts arising out of the Carrier's relationship with the Government (31 U.S.C. 7701(c)(3)). The TIN provided hereunder may be matched with IRS records to verify its accuracy.

(d) Taxpayer Identification Number (TIN).

TIN: _____

(e) Type of organization.

☐ Sole proprietorship;
☐ Partnership;
☐ Corporate entity (not tax-exempt);
☐ Corporate entity (tax-exempt);
☐ Other_____.

(f) Common parent.

Carrier is not owned or controlled by a common parent as defined in paragraph (a) of this clause.

Name and TIN of common parent:

Name_____

TIN_____

SECTION 3.14
REPORTABLE OVERPAYMENTS (JAN 2011)

(a) If the Carrier becomes aware of either a duplicate letter of credit payment or a significant letter of credit overpayment made by OPM, the Carrier shall notify the Contracting Officer within a maximum of ten days and request instructions for disposition of the overpayment. See FAR § 3.1003(a)(3) for penalties applicable to the failure to timely report credible evidence of significant overpayments which shall mean letter of credit payments that are 25% or a percentage determined by the Contracting Officer above the total checks presented amount for the day(s) in question and are reoccurring with no corrective action plan in place.

SECTION 3.15
AUDIT RESOLUTIONS (JAN 2011)

When OIG issues a Draft Report of findings to the Carrier, the Carrier must respond with all available, accurate and relevant documentation to validate or invalidate the findings. This must be done within the timeframe specified in the OIG Draft Report transmittal letter. The Carriers shall promptly begin reconciling findings and not wait until the receipt of the Final Report to address disagreement with any findings previously communicated in the Draft Report.

OPM expects to fully resolve audits within 180 days of issuance of the final report. To enable this, Carriers must expeditiously tender all documentation necessary for resolution of the audit not later than 120 days from the date of the final audit report. This includes overpayment recoveries via check or certification, full documentation of the Carrier's position for findings being contested, evidence supporting due diligence assertions, and support for all other pertinent issues which OPM must consider, as appropriate. Fully supported requests for an extension will be evaluated by the Contracting Officer on a case-by-case basis.

SECTION 3.16 REPORTABLE FINDINGS (JAN 2013)

(a) Audit findings (except for claim payment findings) in the scope of an OIG audit are reportable as questioned charges unless the Carrier provides documentation supporting that the findings were already identified and corrected (i.e., administrative expense overcharges and untimely health benefit refunds were already processed and returned to the FEHBP) prior to audit notification.

(b) Claim payment findings (i.e., claim overpayments) in the scope of an OIG audit are reportable as questioned charges unless the Carrier provides documentation supporting that these findings were already identified (i.e., documentation that the plan initiated recovery efforts) prior

to audit notification and corrected (i.e., claims were adjusted and/or voided and overpayments were recovered and returned to the FEHBP) by the original due date of the draft report response.

Part IV-SPECIAL PROVISIONS is deleted and replaced with the following:

SECTION 4.1
ALTERATIONS IN CONTRACT (JAN 2011) (FAR 52.252-4)

Portions of this contract are altered as follows:

(a) Section 1.6 Confidentiality of Records. The following subsection is added:

(d) Local Blue Cross and/or Blue Shield Plans may combine the personal data and medical records of Federal subscribers, and information relating thereto, with the same information of other individuals who have health benefits coverage under the Local Blue Cross and/or Blue Shield Plan. This combined data may only be used and disclosed for the Plan's health care operations and payment activities, as such terms and conditions are defined under the Health Insurance Portability and Accountability Act, and its implementing regulations (45 CFR § 164.501). Such activities include, but are not limited to: care management; prevention, detection, and recovery of funds subject to fraud and abuse; and negotiation of provider contracts.

(e) As used in subsection (b)(1) of this section, "administration of this contract" means health care operations and payment activities, as such terms and conditions are defined under the Health Insurance Portability and Accountability Act, and its implementing regulations (45 CFR § 164.501).

(b) Section 1.9 Plan Performance—Experience-Rated FFS Contracts.

The Carrier may use the appropriate systems for measurement and/or collection of data on the quality of the health care services as described in subparagraph 1.9(b).

(c) Section 1.14, Misleading, Deceptive, or Unfair Advertising, is amended by removing the reference to the NAIC Advertisements of Accident and Sickness Insurance Model Regulation (Appendix D-b). Carrier should continue to use the FEHB Supplemental Literature Guidelines (now at the renumbered Appendix C) along with FEHBAR 1603.7002.

(d) Section 1.15 Renewal and Withdrawal of Approval (FEHBAR). The following subsections are added:

(d) If the agency suspends payment of the subscription charges for any reason, the Carrier may (1) suspend making benefit payments until payment of all subscription charges due is fully restored; or (2) terminate the contract without prior notice.

(e) Section 1.21 Patient Bill of Rights. For the purpose of compliance with this Section, the Carrier will conduct the following minimum activities: (1) the Carrier will provide subscribers with a Fact Sheet that includes information about the disenrollment rate in the Blue Cross and Blue Shield Service Benefit Plan, as well as Local Plan-specific information including compliance with Federal and State financial requirements, public corporate information, years in existence, and accreditation status; (2) Provider

Directories will include language advising subscribers to contact their providers directly to obtain information about the providers, including but not limited to board certifications, languages spoken, availability of interpreters, facility accessibility, and whether the provider is accepting new patients.

(f) Section 1.30 Health Information Technology Privacy and Security. Subsections (b) and (c) of Section 1.30 are amended to read as follows:

(b) The Carrier will promote consumer transparency by ensuring that at the point where the Federal member enters the subcontractor's, large provider's, or vendor's website or web portal the link to the subcontractor's, large provider's, or vendor's notice of privacy practices and/or privacy policies is displayed on the bottom, or prominently displayed elsewhere, on the website or web portal.

(c) Notice of privacy practices and/or privacy policies disclosures must describe the uses of individually identifiable protected health information and any potential disclosure to other entities as described in the HIPAA Privacy Rule.

(g) Section 2.2 Benefits Provided. The following paragraph is added to subsection 2.2(a):

(4) The Carrier may pay the Preferred Provider Organization level of benefits under this contract to ease the hardship of members affected by natural disasters such as earthquakes, floods, etc., when because of the natural disaster members have difficulty gaining access to Preferred network providers. The Carrier may pay the Preferred level of benefits without regard to the provider's contractual relationship with the Carrier and will determine an appropriate time frame based on local conditions during which the provision of this paragraph will apply. Benefits provided under this paragraph will be made available to all members similarly affected by the natural disaster.

(h) Section 2.3 Payment of Benefits and Provision of Services and Supplies. Notwithstanding subsection (f) of Section 2.3, benefits provided under the contract are not assignable by the Member to any person without express written approval of the carrier, and in the absence of such approval, any such assignment shall be void. Notwithstanding such approval, no assignment of benefits may be made in any case prior to the time that a valid claim for benefits arises.

(i) Section 2.3 Payment of Benefits and Provision of Services and Supplies. The introductory paragraph of Subsection 2.3(g) is amended to read as follows:

(g) *Erroneous Payments.*

(i) If the Carrier or OPM determines that a Member's claim has been paid in error for any reason (except in the case of fraud or abuse), the Carrier shall make a prompt and diligent effort to recover the erroneous payment to the member from the member or, if to the provider, from the provider; the recovery of any overpayment must be treated as an erroneous benefit payment, overpayment, or duplicate payment under 48 C.F.R. 1631.201-70(h) regardless of any time period limitations in the written agreement with the provider.

(ii) The Carrier shall be deemed to have satisfied the requirements of

Subsection (g) (i) above by complying with Subsections (ii), (iii), and (iv). Local Blue Cross and Blue Shield Plans which have time period limitations in their provider contracts which prevent the Plan from recovering erroneous benefit payments made to providers will participate in an action plan. The action plan shall be developed by the Blue Cross and Blue Shield Association by December 31, 2008 and agreed to by the Contracting Officer and the Blue Cross and Blue Shield Association. The Blue Cross and Blue Shield Association and the Contracting Officer shall utilize standards of commercial reasonableness and neither shall unreasonably withhold agreement. The action plan shall be designed to reduce the occurrence of erroneous benefit payments, to identify and recover erroneous benefit payments within the time limits stipulated in their provider contracts, and to demonstrate due diligence in making an attempt to identify and recover within that provider contract timeframe such erroneous benefit payments.

(iii) The Blue Cross and Blue Shield Association shall be responsible for monitoring and determining whether each Blue Cross and Blue Shield Plan participating in the action plan is complying with its obligations under the action plan.

(iv) A Blue Cross and Blue Shield Plan which is in compliance with its obligations under the action plan shall be found to be in compliance with its obligation under this Section 2.3(g) to make a prompt and diligent effort to recover erroneous benefit payments. In the event that any Plan with such time period limitations is determined to be not in substantial compliance with the action plan, and that Plan is determined not to have pursued material benefit payments with promptness and diligence, then the Plan shall return the erroneous benefit payments to the Program.

(v) The Carrier shall follow general business practices and procedures in collecting debts owed under the Federal Employees Health Benefits Program. Prompt and diligent effort to recover erroneous payments means that upon discovering that an erroneous payment exists, the Carrier shall—

(j) Section 2.3 Payment of Benefits and Provision of Services and Supplies. Subsection (g)(7)(ii) of Section 2.3 is amended to read as follows:

Notwithstanding (g)(7)(i), the Carrier may not charge the contract for the administrative costs to correct erroneous benefit payments (or to correct processes or procedures that caused erroneous benefit payments) when the errors are egregious and repeated. These costs are deemed to be unreasonable and unallowable under Section 3.2(b). The term "repeated" in the previous sentence does not apply to situations in which a claims processing system error causes multiple erroneous payments or to situations that involve audit findings on errors that are endemic to the provision of insurance and claims processing.

(k) Section 2.3 Payment of Benefits and Provision of Services and Supplies. Subsection (g)(10) of Section 2.3 is amended to read as follows:

(10) In compliance with the Contracts Disputes Act, the Carrier shall return to the

Program an amount equal to the uncollected erroneous benefit payment where the Contracting Officer determines that the Carrier failed to make a prompt and diligent effort, as that term is described above, to recover the erroneous benefit payment. This provision applies to benefit payments which have been paid in error for any reason (except in the case of fraud or abuse).

(l) Section 2.4 Termination of Coverage and Conversion Privileges. The conversion contract set forth in Section 2.4(c) may be a contract that is regularly offered by the local Blue Cross and/or Blue Shield Plan.

(m) Section 2.5 Subrogation. The following subsections are added:

(c) To the extent that a Member has received benefits for covered services under this contract for an injury or illness caused by a third party, the Carrier shall have the right to be subrogated and succeed to any rights of recovery against any person or organization from whom the Member is legally entitled to receive all or part of those same benefits, including insurers of individuals (non-group) policies of liability insurance that are issued to and in the name of the Member. The obligation of the Carrier to recover amounts through subrogation is limited to making a reasonable effort to seek recovery of amounts to which it is entitled to recover in cases which are brought to its attention. The Carrier shall not be required to recover any amounts from any person or organization who causes an injury or illness for which the Member makes claims for benefits.

(d) The Carrier may also recover directly from the Member all amounts received by the Member by suit, settlement, or otherwise from any third party or its insurer, or the Member's insurer under an individual policy or liability insurance, for benefits which have also been paid under this contract.

(e) The Member shall take such action, furnish such information and assistance, and execute such papers as the Carrier or its representative believes are necessary to facilitate enforcement of its rights, and shall take no action which would prejudice the interests of the Carrier to subrogation.

(f) Effective January 1, 1997, all Participating Plans shall subrogate under a single, nation-wide policy to ensure equitable and consistent treatment for all Members under the contract.

(n) Section 2.6 Coordination of Benefits (FEHBAR). The following subsections are added:

(g) The benefits payable by this Plan shall be determined, on a claim by claim basis, only for those claims in excess of $100, except where Medicare is the primary payer of benefits.

(h) Whenever payments which should have been made under this contract in accordance with this provision have been made under any other group health coverage, the Carrier shall have the right, exercisable alone and in its sole discretion, to pay over to any organizations making such other payments any amount it shall determine to be

warranted in order to satisfy the intent of this provision, and amounts so paid shall be deemed to be benefits paid under this contract and, to the extent of such payments discharged from liability under the contract.

(o) Section 3.1 Payments (FEHBAR). The following sentence is added to the end of Section 3.1(a):

OPM will withhold from the subscription charges amounts for other obligations due under the contract only to the extent that OPM and the Carrier have agreed in writing to specific deductions for such other obligations.

(p) Section 3.1 Payments (FEHBAR). The following subsection is added:

(g) Except as required pursuant to Sections 1.25 and 2.12, in the event this contract is terminated or not renewed, the agency shall be liable for all sums due and unpaid, including subscription charges, for the period up to the last day of the Member's entitlement to benefits.

(q) Section 3.2 Accounting and Allowable Cost (FEHBAR). Section 3.2(b)(2)(ii) of this contract is amended to comply with 5 U.S.C. 8909(f) as follows:

(1) No tax, fee, or other monetary payment may be imposed, directly or indirectly, on a Carrier or an underwriting or plan administration subcontractor of an approved health benefits plan by any State, the District of Columbia, or the Commonwealth of Puerto Rico, or by any political subdivision or other governmental authority thereof, with respect to any payment made from the Fund.

(2) Paragraph (1) shall not be construed to exempt any Carrier or subcontractor of an approved health benefits plan from the imposition, payment, or collection of a tax, fee, or other monetary payment on the net income or profit accruing to or realized by such Carrier or underwriting or plan administration subcontractor from business conducted under this Chapter, if that tax, fee, or payment is applicable to a broad range of business activity.

(r) Section 3.2 Accounting and Allowable Cost (FEHBAR). The provision in Section 3.2 (b)(2)(iv)(A) is supplemented as follows:

Charges for mandatory statutory reserves (Section 3.2(b)(2)(iv)(A)) to satisfy mandatory statutory reserve requirements of Participating Plans are allowable to the extent that such requirements exceed that portion of the service charge at Appendix B, Subscription Rates, Charges, Allowances and Limitations applicable to such Plans.

(s) Section 3.2 Accounting and Allowable Cost (FEHBAR). This section is modified as follows:

The Carrier, as required by the Blue Cross and Blue Shield Service Benefit Plan Workplan, shall furnish OPM an accounting of its operations under the contract not less than 120 days after the end of the calendar year contract period.

(t) Section 3.3 Special Reserve. The provision in Section 3.3(a) is supplemented as follows:

The Special reserve held by or on behalf of the Carrier is to be used only for payment of charges against this contract, including advance payments to Participating Plans and to hospitals.

(u) Section 3.10, Audit, Financial, and Other Information. Compliance by the Carrier and Participating Blue Cross and Blue Shield Plans with the Blue Cross Blue Shield Service Benefit Plan Workplan, as agreed upon between the Carrier and OPM, will constitute compliance with the Audit Guide referred to in Sections 3.2 and 3.10.

SECTION 4.2
HOSPITAL (FACILITY) BENEFIT PAYMENTS AND CONDITIONS (JAN 1991)

(a) Benefits described in the agreed upon brochure text shall be provided to the extent practicable in the form of services rendered by hospitals, freestanding ambulatory facilities, and home health care agencies, and payment, therefore, by or on behalf of the carrier shall constitute a complete discharge of their obligations under this contract to the extent of services rendered in accordance with the terms and conditions of the contract.

(b) Benefits for inpatient hospital care shall be available only to a Member admitted to the hospital on the recommendation, and while under the active medical supervision of a duly licensed physician or alternative provider as described in section 8902(k)(1) of title 5 U.S.C. who is a member of the staff of, or acceptable to, the hospital selected.

(c) Hospital service is subject to all the rules and regulations of the hospital selected including rules governing admissions.

(d) While a Member may elect to be hospitalized in any hospital, the Carrier does not undertake to guarantee the admission of such Member to the hospital, nor the availability of any accommodations or services therein requested by the Member or his physician.

SECTION 4.3
DEFINITION OF CARRIER (JAN 1991)

The Carrier is the Blue Cross and Blue Shield Association, an Illinois not-for-profit corporation, acting on behalf of participating Blue Cross and Blue Shield Plans and pursuant to authority specified in Exhibit A for and in behalf of the organizations specified in Exhibit A (hereinafter sometimes referred to as "Participating Plans").

SECTION 4.4
AUDIT DISPUTES (JAN 2000)

(a) Any questioned costs or issues documented by or on behalf of OPM's Office of the Inspector General (OIG) in draft or final audit reports examining the Carrier's and Participating Plans' performance under this contract, that are provided to the Carrier and that were initially raised in the timeframe set forth in subsection (c) below, remain open until resolved. Audit issues related to monetary findings for which extensions of the

waiver period for the issuance of final decisions and processing of prior period adjustments were obtained in previous contract terms also remain open until resolved.

(b) Resolution of a questioned cost or issue can be the result of a resolution letter or the issuance of a final decision by the Contracting Officer, or by the processing of a prior period adjustment, an adjustment to the Special reserve, or submission of a claim to OPM (as appropriate) by the Carrier or Participating Plan. A prior period adjustment intended to partially or fully resolve an audit finding will not be considered closed until properly reported on the calendar year Annual Accounting Statement.

(c) A claim seeking, as a matter of right, the payment of money, in a sum certain, pursuant to 48 CFR section 52.233-1, shall not be made more than five years following the last day prescribed by the contract for filing the calendar year Annual Accounting Statement for the year with respect to which the claim arises. A claim includes, in the case of the carrier, a charge against the contract.

SECTION 4.5
ASSOCIATION DUES (JAN 2004)

A Participating local Blue Cross and Blue Shield Plan may charge to this contract Association Dues, with the exception of dues related to those lobbying costs and Special Assessments determined to be unallowable. In calculating the unallowable portion of dues related to lobbying costs for a contract year, the Blue Cross and Blue Shield Plan will rely on the percentage of dues, less any special assessments, as determined by the BCBSA for IRS purposes, to be not tax deductible from the previous contract year.

SECTION 4.6
TRAVEL COSTS (JAN 1996)

The Carrier may charge and account for travel expenses related to administration of the contract on a per diem basis, subject to the maximums prescribed by the Federal Travel Regulations. For those travel costs for each contract term that are subject to the Federal per diem rates set forth at 48 CFR section 31.205-46, the Carrier shall charge to the contract an amount equal to the lesser of:

(i) the actual aggregate charges for those costs, or
(ii) the aggregate charges calculated using the per diem rates set forth in the Federal Travel Regulations.

SECTION 4.7
MARKET RESEARCH COSTS (JAN 1996)

(a) Costs of market research surveys or studies are generally allowable if the survey or study is:

1. directed to current Members and Members who left the Blue Cross and Blue Shield Service Benefit Plan in the most recent Open season, or
2. focused on long-range planning, industry state-of-the-art developments, or product development issues for which a direct benefit or potential benefit to the FEHB Program

can be identified, or
3. pre-approved by the Contracting Officer.

(b) Costs of market research surveys or studies are generally not allowable if the primary purpose is to survey or study an otherwise unallowable cost item, such as: to determine the effectiveness of advertising or sales strategies; to evaluate image effectiveness or ways to achieve image enhancement; or to perform a competitive analysis with other carriers in the FEHB Program. Such costs are unallowable, regardless of who receives the research surveys or studies.

(c) This provision does not supersede other contract requirements, such as prior approval for subcontracts under Section 1.16 Subcontracts (FEHBAR 1652.244-70).

SECTION 4.8
PRESCRIPTION DRUG BENEFITS WAIVER PROVISIONS (JAN 2009)

(a) For the purposes of applying the special provisions in this section, the Standard Option Mail Service Prescription Drug Program service standards are:

(1) When a prescription order is placed that does not require additional information or clarification (i.e., a clean or non-diverted prescription), the prescription order shall be dispensed within three business days from the date of receipt so the enrollee may expect to receive the medication within 7 calendar days.

(2) When a prescription order is placed that does require additional information, clarification or resolution of payment issues (i.e., a diverted prescription), the prescription order shall be dispensed within seven business days from the date of receipt so the enrollee may expect to receive the medication within 14 calendar days. However the following situations will not be considered a diverted prescription for the purposes of this section:

(i) Prescriptions for refrigerated products that require prior arrangements between the mail order pharmacy and a Member before the Member can receive the Prescription;

(ii) Prescriptions requiring specific counseling obligations imposed by the pharmaceutical manufacturer, distributor or the FDA;

(iii) Prescriptions requiring "registration" with a pharmaceutical manufacturer.

(b) The special provisions described in paragraphs (c)(1), (2), and (3) shall become effective automatically when less than 98 percent of the prescriptions are filled within the service standards described in either paragraph (a)(1) or (a)(2) for 7 consecutive business days. The special provisions shall terminate when for 7 consecutive business days 98 percent or more of the prescriptions are filled within the service standards described in paragraphs (a)(1) and (a)(2) of this section.

(c) The special provisions are:

(1) The Carrier shall waive during the effective periods in paragraph (b) the coinsurance for a 21 day prescription filled at a Preferred retail pharmacy when the Mail Service Prescription Drug Program vendor is unable to fill the prescription within the service standards. This waiver of the coinsurance shall be in effect for 14 calendar days after notice to the enrollee as described in paragraph (c)(2) below.

(2) The Carrier shall deliver to the enrollee a written or telephone notice no later than 5 days from the date of receipt for clean or non-diverted prescriptions and no later than 12 days from the date of receipt for diverted prescriptions.
This notice shall:

(i) advise the enrollee that the Mail Service Prescription Drug Program may not be able to fill the prescription(s) within the service standard timeframes;

(ii) advise the enrollee that any applicable coinsurance will be waived for a 21 day supply of the medication(s) when filled at a Preferred retail pharmacy;

(iii) provide the enrollee with instructions on how to use the waiver, and

(iv) advise the enrollee when the waiver will expire.

(3) The Carrier may use next day delivery service at no additional cost to the enrollee in order to meet the service standards in (a)(1) and (a)(2).

SECTION 4.9
SMALL BUSINESS SUBCONTRACTING PLAN (JAN 2002) (FAR 52.219-9) (AS AMENDED)

An amended clause 52.219-9, Small Business Subcontracting Plan, is attached to Appendix E.

SECTION 4.10
LETTER OF CREDIT (JAN 1997)

As of January 1, 1997, OPM will administer Letter of Credit drawdowns directly with the local Plans.

SECTION 4.11
PILOTING OF COST CONTAINMENT PROGRAMS (JAN 2001)

Upon approval by the Contracting Officer, the Carrier may design and implement pilot programs in one or more local Plan areas that test the feasibility and examine the impact of various managed care initiatives. The Carrier shall brief the Contracting Officer on a pilot program prior to its implementation, advise the Contracting Officer of the progress of the pilot program and provide a written evaluation at the conclusion of the pilot program. The evaluation of the pilot program shall, at a minimum, assess the cost effectiveness, effect on quality of care and/or quality of life, and customer satisfaction, and recommend whether the pilot program should be continued or expanded.

SECTION 4.12
TRANSITION COSTS FOR PLAN TERMINATIONS (JAN 1999)

In the event a Participating Plan's license to use the Blue Cross and/or Blue Shield service marks is terminated, thereby rendering it ineligible to participate in this Contract, the costs of transitioning the terminated Plan's Service Benefit Plan subscribers to a successor Plan shall be subject to advance approval. The Carrier shall submit to OPM a proposed transition plan, together with a detailed estimate of costs, prior to the incurrence of any significant transition costs. OPM and the Carrier shall negotiate an advance agreement pursuant to FAR 31.109 that covers the extent of allowable transition costs.

SECTION 4.13
PAYMENT BY ELECTRONIC FUNDS TRANSFER-CENTRAL CONTRACTOR REGISTRATION (MAY 1999) (FAR 52.232-33)

The references to the Central Contractor Registration in FAR 52.232-33 are not applicable to this contract.

PART V - REQUIRED CLAUSES

SECTION 5.1
DEFINITIONS (JAN 2012) (FAR 52.202-1)

a) When a solicitation provision or contract clause uses a word or term that is defined in the Federal Acquisition Regulation (FAR), the word or term has the same meaning as the definition in FAR 2.101 in effect at the time the solicitation was issued, unless—
   (1) The solicitation, or amended solicitation, provides a different definition;
   (2) The contracting parties agree to a different definition;
   (3) The part, subpart, or section of the FAR where the provision or clause is prescribed provides a different meaning; or
   (4) The word or term is defined in FAR Part 31, for use in the cost principles and procedures.
b) The FAR Index is a guide to words and terms the FAR defines and shows where each definition is located. The FAR Index is available via the Internet at https://www.acquisition.gov/far at the end of the FAR, after the FAR Appendix.

SECTION 5.2
[RESERVED]

SECTION 5.3
GRATUITIES (APR 1984) (FAR 52.203-3)

(a) The right of the Contractor to proceed may be terminated by written notice if, after notice and hearing, the agency head or a designee determines that the Contractor, its agent, or another representative -
(1) Offered or gave a gratuity (e.g., an entertainment or gift) to an officer, official, or employee of the Government; and
(2) Intended, by the gratuity, to obtain a contract or favorable treatment under a contract.
(b) The facts supporting this determination may be reviewed by any court having lawful jurisdiction.
(c) If this contract is terminated under paragraph (a) above, the Government is entitled -
(1) To pursue the same remedies as in a breach of the contract; and
(2) In addition to any other damages provided by law, to exemplary damages of not less than 3 nor more than 10 times the cost incurred by the Contractor in giving gratuities to the person concerned, as determined by the agency head or a designee. (This subparagraph (c)(2) is applicable only if this contract uses money appropriated to the Department of Defense.)
(d) The rights and remedies of the Government provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or under this contract.

SECTION 5.4
COVENANT AGAINST CONTINGENT FEES (APR 1984) (FAR 52.203-5)

(a) The Contractor warrants that no person or agency has been employed or retained to solicit or obtain this contract upon an agreement or understanding for a contingent fee, except a bona fide employee or agency. For breach or violation of this warranty, the Government shall have the right to annul this contract without liability or, in its discretion, to deduct from the contract price or consideration, or otherwise recover, the full amount of the contingent fee.

(b) "Bona fide agency," as used in this clause, means an established commercial or selling agency, maintained by a contractor for the purpose of securing business, that neither exerts nor proposes to exert improper influence to solicit or obtain Government contracts nor holds itself out as being able to obtain any Government contract or contracts through improper influence.

"Bona fide employee," as used in this clause, means a person, employed by a contractor and subject to the contractor's supervision and control as to time, place, and manner of performance, who neither exerts nor proposes to exert improper influence to solicit or obtain Government contracts nor holds out as being able to obtain any Government contract or contracts through improper influence.

"Contingent fee", as used in this clause, means any commission, percentage, brokerage, or other fee that is contingent upon the success that a person or concern has in securing a Government contract.

"Improper influence," as used in this clause, means any influence that induces or tends to induce a Government employee or officer to give consideration or to act regarding a Government contract on any basis other than the merits of the matter.

SECTION 5.5
ANTI-KICKBACK PROCEDURES (OCT 2010) (FAR 52.203-7)

(a) Definitions.

"Kickback," as used in this clause, means any money, fee, commission, credit, gift, gratuity, thing of value, or compensation of any kind which is provided, directly or indirectly, to any prime Contractor, prime Contractor employee, subcontractor, or subcontractor employee for the purpose of improperly obtaining or rewarding favorable treatment in connection with a prime contract or in connection with a subcontract relating to a prime contract.

"Person," as used in this clause, means a corporation, partnership, business association of any kind, trust, joint-stock company, or individual.

"Prime contract," as used in this clause, means a contract or contractual action entered into by the United States for the purpose of obtaining supplies, materials, equipment, or services of any kind.

"Prime Contractor," as used in this clause, means a person who has entered into a prime contract with the United States.

"Prime Contractor employee," as used in this clause, means any officer, partner, employee, or agent of a prime Contractor.

"Subcontract," as used in this clause, means a contract or contractual action entered into by a prime Contractor or subcontractor for the purpose of obtaining supplies, materials, equipment, or services of any kind under a prime contract.

"Subcontractor," as used in this clause, (1) means any person, other than the prime Contractor, who offers to furnish or furnishes any supplies, materials, equipment, or services of any kind under a prime contract or a subcontract entered into in connection with such prime contract, and (2) includes any person who offers to furnish or furnishes general supplies to the prime

Contractor or a higher tier subcontractor.

"Subcontractor employee," as used in this clause, means any officer, partner, employee, or agent of a subcontractor.

(b) The Anti-Kickback Act of 1986 (41 U.S.C. 51-58) (the Act), prohibits any person from --

(1) Providing or attempting to provide or offering to provide any kickback;

(2) Soliciting, accepting, or attempting to accept any kickback; or

(3) Including, directly or indirectly, the amount of any kickback in the contract price charged by a prime Contractor to the United States or in the contract price charged by a subcontractor to a prime Contractor or higher tier subcontractor.

(c)(1) The Contractor shall have in place and follow reasonable procedures designed to prevent and detect possible violations described in paragraph (b) of this clause in its own operations and direct business relationships.

(2) When the Contractor has reasonable grounds to believe that a violation described in paragraph (b) of this clause may have occurred, the Contractor shall promptly report in writing the possible violation. Such reports shall be made to the inspector general of the contracting agency, the head of the contracting agency if the agency does not have an inspector general, or the Department of Justice.

(3) The Contractor shall cooperate fully with any Federal agency investigating a possible violation described in paragraph (b) of this clause.

(4) The Contracting Officer may (i) offset the amount of the kickback against any monies owed by the United States under the prime contract and/or (ii) direct that the Prime Contractor withhold, from sums owed a subcontractor under the prime contract, the amount of the kickback. The Contracting Officer may order the monies withheld under division (c)(4)(ii) of this clause be paid over to the Government unless the Government has already offset those monies under subdivision (c)(4)(i) of this clause. In either case, the Prime Contractor shall notify the Contracting Officer when the monies are withheld.

(5) The Contractor agrees to incorporate the substance of this clause, including this paragraph (c)(5) but excepting paragraph (c)(1), in all subcontracts under this contract which exceed $150,000.

SECTION 5.6
[RESERVED]

SECTION 5.7
AUDIT AND RECORDS-NEGOTIATION (OCT 2010) (FAR 52.215-2)

(a) As used in this clause, "records" includes books, documents, accounting procedures and practices, and other data, regardless of type and regardless of whether such items are in written form, in the form of computer data, or in any other form.

(b) *Examination of costs.* If this is a cost- reimbursement, incentive, time-and-materials, labor-hour, or price redeterminable contract, or any combination of these, the Contractor shall maintain and the Contracting Officer, or an authorized representative of the Contracting Officer, shall have the right to examine and audit all records and other evidence sufficient to reflect properly all costs claimed to have been incurred or anticipated to be incurred directly or indirectly in performance of this contract. This right of examination shall include inspection at all reasonable times of the Contractor's plants, or parts of them, engaged in performing the

contract.

(c) *Certified cost or pricing data.* If the Contractor has been required to submit certified cost or pricing data in connection with any pricing action relating to this contract, the Contracting Officer, or an authorized representative of the Contracting Officer, in order to evaluate the accuracy, completeness, and currency of the certified cost or pricing data, shall have the right to examine and audit all of the Contractor's records, including computations and projections, related to--

(1) The proposal for the contract, subcontract, or modification;

(2) The discussions conducted on the proposal(s), including those related to negotiating;

(3) Pricing of the contract, subcontract, or modification; or

(4) Performance of the contract, subcontract or modification.

(d) *Comptroller General* -- (1) The Comptroller General of the United States, or an authorized representative, shall have access to and the right to examine any of the Contractor's directly pertinent records involving transactions related to this contract or a subcontract hereunder and to interview any current employee regarding such transactions.

(2) This paragraph may not be construed to require the Contractor or subcontractor to create or maintain any record that the Contractor or subcontractor does not maintain in the ordinary course of business or pursuant to a provision of law.

(e) *Reports.* If the Contractor is required to furnish cost, funding, or performance reports, the Contracting Officer or an authorized representative of the Contracting Officer shall have the right to examine and audit the supporting records and materials, for the purpose of evaluating--(1) The effectiveness of the Contractor's policies and procedures to produce data compatible with the objectives of these reports and (2) The data reported.

(f) *Availability.* The Contractor shall make available at its office at all reasonable times the records, materials, and other evidence described in paragraphs (a), (b), (c), (d), and (e) of this clause, for examination, audit, or reproduction, until 3 years after final payment under this contract or for any shorter period specified in Subpart 4.7, Contractor Records Retention, of the Federal Acquisition Regulation (FAR), or for any longer period required by statute or by other clauses of this contract. In addition--(1) If this contract is completely or partially terminated, the Contractor shall make available the records relating to the work terminated until 3 years after any resulting final termination settlement; and (2) The Contractor shall make available records relating to appeals under the Disputes clause or to litigation or the settlement of claims arising under or relating to this contract until such appeals, litigation, or claims are finally resolved.

(g) The Contractor shall insert a clause containing all the terms of this clause, including this paragraph (g), in all subcontracts under this contract that exceed the simplified acquisition threshold and--

(1) That are cost-reimbursement, incentive, time-and-materials, labor-hour, or price-redeterminable type or any combination of these;

(2) For which certified cost or pricing data are required; or

(3) That require the subcontractor to furnish reports as discussed in paragraph (e) of this clause.

The clause may be altered only as necessary to identify properly the contracting parties and the Contracting Officer under the Government prime contract.

SECTION 5.8
PRICE REDUCTION FOR DEFECTIVE CERTIFIED COST OR PRICING DATA (AUG

2011) (FAR 52.215-10)

(a) If any price, including profit or fee, negotiated in connection with this contract, or any cost reimbursable under this contract, was increased by any significant amount because (1) the Contractor or a subcontractor furnished certified cost or pricing data that were not complete, accurate, and current as certified in its Certificate of Current Cost or Pricing Data, (2) a subcontractor or prospective subcontractor furnished the Contractor certified cost or pricing data that were not complete, accurate, and current as certified in the Contractor's Certificate of Current Cost or Pricing Data, or (3) any of these parties furnished data of any description that were not accurate, the price or cost shall be reduced accordingly and the contract shall be modified to reflect the reduction.

(b) Any reduction in the contract price under paragraph (a) of this clause due to defective data from a prospective subcontractor that was not subsequently awarded the subcontract shall be limited to the amount, plus applicable overhead and profit markup, by which (1) the actual subcontract; or (2) the actual cost to the Contractor, if there was no subcontract, was less than the prospective subcontract cost estimate submitted by the Contractor; provided, that the actual subcontract price was not itself affected by defective certified cost or pricing data.

(c)(1) If the Contracting Officer determines under paragraph (a) of this clause that a price or cost reduction should be made, the Contractor agrees not to raise the following matters as a defense:

(i) The Contractor or subcontractor was a sole source supplier or otherwise was in a superior bargaining position and thus the price of the contract would not have been modified even if accurate, complete, and current certified cost of pricing data had been submitted;

(ii) The Contracting Officer should have known that the certified cost or pricing data in issue were defective even though the Contractor or subcontractor took no affirmative action to bring the character of the data to the attention of the Contracting Officer;

(iii) The contract was based on an agreement about the total cost of the contract and there was no agreement about the cost of each item procured under the contract; or

(iv) The Contractor or subcontractor did not submit a Certificate of Current Cost or Pricing Data.

(2)(i) Except as prohibited by subdivision (c)(2)(ii) of this clause, an offset in an amount determined appropriate by the Contracting Officer based upon the facts shall be allowed against the amount of a contract price reduction if--

(A) The Contractor certifies to the Contracting Officer that, to the best of the Contractor's knowledge and belief, the Contractor is entitled to the offset in the amount requested; and

(B) The Contractor proves that the certified cost or pricing data were available before the "as of" date specified on its Certificate of Current Cost or Pricing Data, and that the data were not submitted before such date.

(ii) An offset shall not be allowed if--

(A) The understated data were known by the Contractor to be understated before the "as of" date specified on its Certificate of Current Cost or Pricing Data; or

(B) The Government proves that the facts demonstrate that the contract price would not have increased in the amount to be offset even if the available data had been submitted before the "as of" date specified on its Certificate of Current Cost or Pricing Data.

(d) If any reduction in the contract price under this clause reduces the price of items for which payment was made prior to the date of the modification reflecting the price reduction, the

Contractor shall be liable to and shall pay the United States at the time such overpayment is repaid--

(1) Interest compounded daily, as required by 26 U.S.C. 6622, on the amount of such overpayment to be computed from the date(s) of overpayment to the Contractor to the date the Government is repaid by the Contractor at the applicable underpayment rate effective for each quarter prescribed by the Secretary of the Treasury under 26 U.S.C. 6621(a)(2); and

(2) A penalty equal to the amount of the overpayment, if the Contractor or subcontractor knowingly submitted certified cost or pricing data which were incomplete, inaccurate, or noncurrent.

SECTION 5.9
[RESERVED]

SECTION 5.10
SUBCONTRACTOR CERTIFIED COST OR PRICING DATA (OCT 2010) (FAR 52.215-12)

(a) Before awarding any subcontract expected to exceed the threshold for submission of certified cost or pricing data at FAR 15.403-4, on the date of agreement on price or the date of award, whichever is later; or before pricing any subcontract modification involving a pricing adjustment expected to exceed the threshold for submission of certified cost or pricing data at FAR 15.403-4, the Contractor shall require the subcontractor to submit certified cost or pricing data (actually or by specific identification in writing), unless an exception under FAR 15.403-1 applies.

(b) The Contractor shall require the subcontractor to certify in substantially the form prescribed in FAR 15.406-2 that, to the best of its knowledge and belief, the data submitted under paragraph (a) of this clause were accurate, complete, and current as of the date of agreement on the negotiated price of the subcontract or subcontract modification.

(c) In each subcontract that exceeds the threshold for submission of certified cost or pricing data at FAR 15.403-4, when entered into, the Contractor shall insert either --

(1) The substance of this clause, including this paragraph (c), if paragraph (a) of this clause requires submission of certified cost or pricing data for the subcontract; or

(2) The substance of the clause at FAR 52.215-13, Subcontractor Certified Cost or Pricing Data - Modifications.

SECTION 5.11
[RESERVED]

SECTION 5.12
[RESERVED]

SECTION 5.13
[RESERVED]

SECTION 5.14
UTILIZATION OF SMALL BUSINESS CONCERNS[1] (JAN 2011) (FAR 52.219-8)

[1] Section 5.14 only applies to plans participating in the small business pilot (none are experience-rated HMOs).

(a) It is the policy of the United States that small business concerns, veteran-owned small business concerns, service-disabled veteran-owned small business concerns, HUBZone small business concerns, small disadvantaged business concerns, and women-owned small business concerns shall have the maximum practicable opportunity to participate in performing contracts let by any Federal agency, including contracts and subcontracts for subsystems, assemblies, components, and related services for major systems. It is further the policy of the United States that its prime contractors establish procedures to ensure the timely payment of amounts due pursuant to the terms of their subcontracts with small business concerns, veteran-owned small business concerns, service-disabled veteran-owned small business concerns, HUBZone small business concerns, small disadvantaged business concerns, and women-owned small business concerns.

(b) The Contractor hereby agrees to carry out this policy in the awarding of subcontracts to the fullest extent consistent with efficient contract performance. The Contractor further agrees to cooperate in any studies or surveys as may be conducted by the United States Small Business Administration or the awarding agency of the United States as may be necessary to determine the extent of the Contractor's compliance with this clause.

(c) *Definitions*. As used in this contract--

"HUBZone small business concern" means a small business concern that appears on the List of Qualified HUBZone Small Business Concerns maintained by the Small Business Administration.

"Service-disabled veteran-owned small business concern"--

(1) Means a small business concern--

(i) Not less than 51 percent of which is owned by one or more service-disabled veterans or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more service-disabled veterans; and

(ii) The management and daily business operations of which are controlled by one or more service-disabled veterans or, in the case of a veteran with permanent and severe disability, the spouse or permanent caregiver of such veteran.

(2) Service-disabled veteran means a veteran, as defined in 38 U.S.C. 101(2), with a disability that is service-connected, as defined in 38 U.S.C. 101(16).

"Small business concern" means a small business as defined pursuant to Section 3 of the Small Business Act and relevant regulations promulgated pursuant thereto.

"Small disadvantaged business concern" means a small business concern that represents, as part of its offer that--

(1)(i) It has received certification as a small disadvantaged business concern consistent with 13 CFR part 124, Subpart B;

(1)(ii) No material change in disadvantaged ownership and control has occurred since its certification;

(1)(iii) Where the concern is owned by one or more individuals, the net worth of each individual upon whom the certification is based does not exceed $750,000 after taking into account the applicable exclusions set forth at 13 CFR 124.104(c)(2); and

(1)(iv) It is identified, on the date of its representation, as a certified small disadvantaged business in the CCR Dynamic Small Business Search database maintained by the Small Business Administration, or

(2) It represents in writing that it qualifies as a small disadvantaged business (SDB) for any Federal subcontracting program, and believes in good faith that it is owned and controlled by one or more socially and economically disadvantaged individuals and meets the SDB eligibility criteria of 13 CFR 124.1002.

"Veteran-owned small business concern" means a small business concern--

(1) Not less than 51 percent of which is owned by one or more veterans (as defined at 38 U.S.C. 101(2)) or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more veterans; and

(2) The management and daily business operations of which are controlled by one or more veterans.

"Women-owned small business concern" means a small business concern--

(1) That is at least 51 percent owned by one or more women, or, in the case of any publicly owned business, at least 51 percent of the stock of which is owned by one or more women; and

(2) Whose management and daily business operations are controlled by one or more women.

(d)(1) Contractors acting in good faith may rely on written representations by their subcontractors regarding their status as a small business concern, a veteran-owned small business concern, a service-disabled veteran-owned small business concern, a HUBZone small business concern, a small disadvantaged business concern, or a women-owned small business concern.

(2) The Contractor shall confirm that a subcontractor representing itself as a HUBZone small business concern is certified by SBA as a HUBZone small business concern by accessing the Central Contractor Registration (CCR) database or by contacting the SBA. Options for contacting the SBA include—

(i) HUBZone small business database search application web page at http://dsbs.sba.gov/dsbs/search/dsp_searchhubzone.cfm; or http://www.sba.gov/hubzone;

(ii) In writing to the Director/HUB, U.S. Small Business Administration, 409 3rd Street, SW., Washington, DC 20416; or

(iii) The SBA HUBZone Help Desk at hubzone@sba.gov.

SECTION 5.15
[RESERVED]

SECTION 5.16
[RESERVED]

SECTION 5.17
CONVICT LABOR (JUN 2003) (FAR 52.222-3)

(a) Except as provided in paragraph (b) of this clause, the Contractor shall not employ in the performance of this contract any person undergoing a sentence of imprisonment imposed by any court of a State, the District of Columbia, Puerto Rico, the Northern Mariana Islands, American Samoa, Guam, or the U.S. Virgin Islands.

(b) The Contractor is not prohibited from employing persons-

(1) On parole or probation to work at paid employment during the term of their sentence;

(2) Who have been pardoned or who have served their terms; or

(3) Confined for violation of the laws of any of the States, the District of Columbia, Puerto Rico, the Northern Mariana Islands, American Samoa, Guam, or the U.S. Virgin Islands who are authorized to work at paid employment in the community under the laws of such jurisdiction, if-

(i) The worker is paid or is in an approved work training program on a voluntary basis;

(ii) Representatives of local union central bodies or similar labor union organizations have been consulted;

(iii) Such paid employment will not result in the displacement of employed workers, or be applied in skills, crafts, or trades in which there is a surplus of available gainful labor in the locality, or impair existing contracts for services;

(iv) The rates of pay and other conditions of employment will not be less than those paid or provided for work of a similar nature in the locality in which the work is being performed; and

(v) The Attorney General of the United States has certified that the work-release laws or regulations of the jurisdiction involved are in conformity with the requirements of Executive Order 11755, as amended by Executive Orders 12608 and 12943.

SECTION 5.18
CONTRACT WORK HOURS AND SAFETY STANDARDS ACT -- OVERTIME COMPENSATION (JUL 2005) (FAR 52.222-4)

(a) *Overtime requirements.* No Contractor or subcontractor employing laborers or mechanics (see Federal Acquisition Regulation 22.300) shall require or permit them to work over 40 hours in any workweek unless they are paid at least 1 and ½ times the basic rate of pay for each hour worked over 40 hours.

(b) *Violation; liability for unpaid wages; liquidated damages.* The responsible Contractor and subcontractor are liable for unpaid wages if they violate the terms in paragraph (a) of this clause. In addition, the Contractor and subcontractor are liable for liquidated damages payable to the Government. The Contracting Officer will assess liquidated damages at the rate of $10 per affected employee for each calendar day on which the employer required or permitted the employee to work in excess of the standard workweek of 40 hours without paying overtime wages required by the Contract Work Hours and Safety Standards Act.

(c) *Withholding for unpaid wages and liquidated damages.* The Contracting Officer will withhold from payments due under the contract sufficient funds required to satisfy any Contractor or subcontractor liabilities for unpaid wages and liquidated damages. If amounts withheld under the contract are insufficient to satisfy Contractor or subcontractor liabilities, the Contracting Officer will withhold payments from other Federal or federally assisted contracts held by the same Contractor that are subject to the Contract Work Hours and Safety Standards Act.

(d) *Payrolls and basic records.* (1) The Contractor and its subcontractors shall maintain payrolls and basic payroll records for all laborers and mechanics working on the contract during the contract and shall make them available to the Government until 3 years after contract completion. The records shall contain the name and address of each employee, social security number, labor classifications, hourly rates of wages paid, daily and weekly number of hours worked, deductions made, and actual wages paid. The records need not duplicate those required for construction work by Department of Labor regulations at 29 CFR 5.5(a)(3) implementing the Davis-Bacon Act.

(2) The contractor and its subcontractors shall allow authorized representatives of the Contracting Officer or the Department of Labor to inspect, copy, or transcribe records maintained under paragraph (d)(1) of this clause. The Contractor or subcontractor also shall allow authorized representatives of the Contracting Officer or Department of Labor to interview employees in the workplace during working hours.

(e) *Subcontracts*. The Contractor shall insert the provisions set forth in paragraphs (a) through (d) of this clause in subcontracts that may require or involve the employment of laborers and mechanics and require subcontractors to include these provisions in any such lower tier subcontracts. The Contractor shall be responsible for compliance by any subcontractor or lower-tier subcontractor with the provisions set forth in paragraphs (a) through (d) of this clause.

SECTION 5.19
EQUAL OPPORTUNITY (MAR 2007) (FAR 52.222-26)

(a) *Definition*. "United States," as used in this clause, means the 50 States, the District of Columbia, Puerto Rico, the Northern Mariana Islands, American Samoa, Guam, the U.S. Virgin Islands, and Wake Island.

(b)(1) If, during any 12-month period (including the 12 months preceding the award of this contract), the Contractor has been or is awarded nonexempt Federal contracts and/or subcontracts that have an aggregate value in excess of $10,000, the Contractor shall comply with this clause, except for work performed outside the United States by employees who were not recruited within the United States. Upon request, the Contractor shall provide information necessary to determine the applicability of this clause.

(2) If the Contractor is a religious corporation, association, educational institution, or society, the requirements of this clause do not apply with respect to the employment of individuals of a particular religion to perform work connected with the carrying on of the Contractor's activities (41 CFR 60-1.5).

(c)(1) The Contractor shall not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. However, it shall not be a violation of this clause for the Contractor to extend a publicly announced preference in employment to Indians living on or near an Indian reservation, in connection with employment opportunities on or near an Indian reservation, as permitted by 41 CFR 60-1.5.

(2) The Contractor shall take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, or national origin. This shall include, but not be limited to—

(i) Employment;
(ii) Upgrading;
(iii) Demotion;
(iv) Transfer;
(v) Recruitment or recruitment advertising;
(vi) Layoff or termination;
(vii) Rates of pay or other forms of compensation; and
(viii) Selection for training, including apprenticeship.

(3) The Contractor shall post in conspicuous places available to employees and applicants for employment the notices to be provided by the Contracting Officer that explain this clause.

(4) The Contractor shall, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, or national origin.

(5) The Contractor shall send, to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, the notice to be provided by the Contracting Officer advising the labor union or workers' representative of the Contractor's commitments under this clause, and post copies of the notice in conspicuous places available to employees and applicants for employment.

(6) The Contractor shall comply with Executive Order 11246, as amended, and the rules, regulations, and orders of the Secretary of Labor.

(7) The Contractor shall furnish to the contracting agency all information required by Executive Order 11246, as amended, and by the rules, regulations, and orders of the Secretary of Labor. The Contractor shall also file Standard Form 100 (EEO-1), or any successor form, as prescribed in 41 CFR Part 60-1. Unless the Contractor has filed within the 12 months preceding the date of contract award, the Contractor shall, within 30 days after contract award, apply to either the regional Office of Federal Contract Compliance Programs (OFCCP) or the local office of the Equal Employment Opportunity Commission for the necessary forms.

(8) The Contractor shall permit access to its premises, during normal business hours, by the contracting agency or the OFCCP for the purpose of conducting on-site compliance evaluations and complaint investigations. The Contractor shall permit the Government to inspect and copy any books, accounts, records (including computerized records), and other material that may be relevant to the matter under investigation and pertinent to compliance with Executive Order 11246, as amended, and rules and regulations that implement the Executive Order.

(9) If the OFCCP determines that the Contractor is not in compliance with this clause or any rule, regulation, or order of the Secretary of Labor, this contract may be canceled, terminated, or suspended in whole or in part and the Contractor may be declared ineligible for further Government contracts, under the procedures authorized in Executive Order 11246, as amended. In addition, sanctions may be imposed and remedies invoked against the Contractor as provided in Executive Order 11246, as amended; in the rules, regulations, and orders of the Secretary of Labor; or as otherwise provided by law.

(10) The Contractor shall include the terms and conditions of this clause in every subcontract or purchase order that is not exempted by the rules, regulations, or orders of the Secretary of Labor issued under Executive Order 11246, as amended, so that these terms and conditions will be binding upon each subcontractor or vendor.

(11) The Contractor shall take such action with respect to any subcontract or purchase order as the Contracting Officer may direct as a means of enforcing these terms and conditions, including sanctions for noncompliance, provided, that if the Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of any direction, the Contractor may request the United States to enter into the litigation to protect the interests of the United States.

(d) Notwithstanding any other clause in this contract, disputes relative to this clause will be governed by the procedures in 41 CFR 60-1.1.

SECTION 5.20
[RESERVED]

SECTION 5.21

NOTIFICATION OF VISA DENIAL (JUN 2003) (FAR 52.222-29)

It is a violation of Executive Order 11246 for a Contractor to refuse to employ any applicant or not to assign any person hired in the United States, Puerto Rico, the Northern Mariana Islands, American Samoa, Guam, the U.S. Virgin Islands, or Wake Island on the basis that the individual's race, color, religion, sex, or national origin is not compatible with the policies of the country where the work is to be performed or for whom the work will be performed (41 CFR 60-1.10). The Contractor shall notify the U.S. Department of State, Assistant Secretary, Bureau of Political-Military Affairs (PM), 2201 C Street NW, Room 6212, Washington, DC 20520, and the U.S. Department of Labor, Deputy Assistant Secretary for Federal Contract Compliance, when it has knowledge of any employee or potential employee being denied an entry visa to a country where this contract will be performed, and it believes the denial is attributable to the race, color, religion, sex, or national origin of the employee or potential employee.

SECTION 5.22
EQUAL OPPORTUNITY FOR VETERANS (SEP 2010) (FAR 52.222-35)

(a) *Definitions.* As used in this clause—

All employment openings means all positions except executive and senior management, those positions that will be filled from within the Contractor's organization, and positions lasting 3 days or less. This term includes full-time employment, temporary employment of more than 3 days duration, and part-time employment.

Armed Forces service medal veteran means any veteran who, while serving on active duty in the U.S. military, ground, naval, or air service, participated in a United States military operation for which an Armed Forces service medal was awarded pursuant to Executive Order 12985 (61 FR 1209).

Disabled veteran means—

(1) A veteran of the U.S. military, ground, naval, or air service, who is entitled to compensation (or who but for the receipt of military retired pay would be entitled to compensation) under laws administered by the Secretary of Veterans Affairs; or

(2) A person who was discharged or released from active duty because of a service-connected disability.

Executive and senior management means—

(1) Any employee—

(i) Compensated on a salary basis at a rate of not less than $455 per week (or $380 per week, if employed in American Samoa by employers other than the Federal Government), exclusive of board, lodging or other facilities;

(ii) Whose primary duty consists of the management of the enterprise in which the individual is employed or of a customarily recognized department or subdivision thereof;

(iii) Who customarily and regularly directs the work of two or more other employees; and

(iv) Who has the authority to hire or fire other employees or whose suggestions and recommendations as to the hiring or firing and as to the advancement and promotion or any other change of status of other employees will be given particular weight; or

(2) Any employee who owns at least a bona fide 20-percent equity interest in the enterprise in which the employee is employed, regardless of whether the business is a corporate or other type of organization, and who is actively engaged in its management.

Other protected veteran means a veteran who served on active duty in the U.S. military, ground, naval, or air service, during a war or in a campaign or expedition for which a campaign badge has been authorized under the laws administered by the Department of Defense.

Positions that will be filled from within the Contractor's organization means employment openings for which the Contractor will give no consideration to persons outside the Contractor's organization (including any affiliates, subsidiaries, and parent companies) and includes any openings the Contractor proposes to fill from regularly established "recall" lists. The exception does not apply to a particular opening once an employer decides to consider applicants outside of its organization.

Qualified disabled veteran means a disabled veteran who has the ability to perform the essential functions of the employment positions with or without reasonable accommodation.

Recently separated veteran means any veteran during the three-year period beginning on the date of such veteran's discharge or release from active duty in the U.S. military, ground, naval or air service.

(b) *General.*

(1) The Contractor shall not discriminate against any employee or applicant for employment because the individual is a disabled veteran, recently separated veteran, other protected veterans, or Armed Forces service medal veteran, regarding any position for which the employee or applicant for employment is qualified. The Contractor shall take affirmative action to employ, advance in employment, and otherwise treat qualified individuals, including qualified disabled veterans, without discrimination based upon their status as a disabled veteran, recently separated veteran, Armed Forces service medal veteran, and other protected veteran in all employment practices including the following:

(i) Recruitment, advertising, and job application procedures.

(ii) Hiring, upgrading, promotion, award of tenure, demotion, transfer, layoff, termination, right of return from layoff and rehiring.

(iii) Rate of pay or any other form of compensation and changes in compensation.

(iv) Job assignments, job classifications, organizational structures, position descriptions, lines of progression, and seniority lists.

(v) Leaves of absence, sick leave, or any other leave.

(vi) Fringe benefits available by virtue of employment, whether or not administered by the Contractor.

(vii) Selection and financial support for training, including apprenticeship, and on the job training under 38 U.S.C. 3687, professional meetings, conferences, and other related activities, and selection for leaves of absence to pursue training.

(viii) Activities sponsored by the Contractor including social or recreational programs.

(ix) Any other term, condition, or privilege of employment.

(2) The Contractor shall comply with the rules, regulations, and relevant orders of the Secretary of Labor issued under the Vietnam Era Veterans' Readjustment Assistance Act of 1972 (the Act), as amended (38 U.S.C. 4211 and 4212).

(3) The Department of Labor's regulations require contractors with 50 or more employees and a contract of $100,000 or more to have an affirmative action program for veterans. *See* 41 CFR part 60–300, subpart C.

(c) *Listing openings.*

(1) The Contractor shall immediately list all employment openings that exist at the time of the execution of this contract and those which occur during the performance of this contract,

including those not generated by this contract, and including those occurring at an establishment of the Contractor other than the one where the contract is being performed, but excluding those of independently operated corporate affiliates, at an appropriate employment service delivery system where the opening occurs. Listing employment openings with the State workforce agency job bank or with the local employment service delivery system where the opening occurs shall satisfy the requirement to list jobs with the appropriate employment service delivery system.

(2) The Contractor shall make the listing of employment openings with the appropriate employment service delivery system at least concurrently with using any other recruitment source or effort and shall involve the normal obligations of placing a bona fide job order, including accepting referrals of veterans and nonveterans. This listing of employment openings does not require hiring any particular job applicant or hiring from any particular group of job applicants and is not intended to relieve the Contractor from any requirements of Executive orders or regulations concerning nondiscrimination in employment.

(3) Whenever the Contractor becomes contractually bound to the listing terms of this clause, it shall advise the State workforce agency in each State where it has establishments of the name and location of each hiring location in the State. As long as the Contractor is contractually bound to these terms and has so advised the State agency, it need not advise the State agency of subsequent contracts. The Contractor may advise the State agency when it is no longer bound by this contract clause.

(d) *Applicability.* This clause does not apply to the listing of employment openings that occur and are filled outside the 50 States, the District of Columbia, Puerto Rico, the Northern Mariana Islands, American Samoa, Guam, the U.S. Virgin Islands, and Wake Island.

(e) *Postings.* (1) The Contractor shall post employment notices in conspicuous places that are available to employees and applicants for employment.

(2) The employment notices shall—

(i) State the rights of applicants and employees as well as the Contractor's obligation under the law to take affirmative action to employ and advance in employment qualified employees and applicants who are disabled veterans, recently separated veterans, Armed Forces service medal veterans, and other protected veterans; and

(ii) Be in a form prescribed by the Director, Office of Federal Contract Compliance Programs, and provided by or through the Contracting Officer.

(3) The Contractor shall ensure that applicants or employees who are disabled veterans are informed of the contents of the notice (*e.g.,* the Contractor may have the notice read to a visually disabled veteran, or may lower the posted notice so that it can be read by a person in a wheelchair).

(4) The Contractor shall notify each labor union or representative of workers with which it has a collective bargaining agreement, or other contract understanding, that the Contractor is bound by the terms of the Act and is committed to take affirmative action to employ, and advance in employment, qualified disabled veterans, recently separated veterans, other protected veterans, and Armed Forces service medal veterans.

(f) *Noncompliance.* If the Contractor does not comply with the requirements of this clause, the Government may take appropriate actions under the rules, regulations, and relevant orders of the Secretary of Labor. This includes implementing any sanctions imposed on a contractor by the Department of Labor for violations of this clause (52.222–35, Equal Opportunity for Veterans). These sanctions (see 41 CFR 60–300.66) may include—

(1) Withholding progress payments;

(2) Termination or suspension of the contract: or

(3) Debarment of the contractor.

(g) *Subcontracts.* The Contractor shall insert the terms of this clause in subcontracts of $100,000 or more unless exempted by rules, regulations, or orders of the Secretary of Labor. The Contractor shall act as specified by the Director, Office of Federal Contract Compliance Programs, to enforce the terms, including action for noncompliance.

SECTION 5.23
AFFIRMATIVE ACTION FOR WORKERS WITH DISABILITIES (OCT 2010) (FAR 52.222-36)

(a) General. (1) Regarding any position for which the employee or applicant for employment is qualified, the Contractor shall not discriminate against any employee or applicant because of physical or mental disability. The Contractor agrees to take affirmative action to employ, advance in employment, and otherwise treat qualified individuals with disabilities without discrimination based upon their physical or mental disabilities in all employment practices such as -

(i) Recruitment. Advertising, and job application procedures;

(ii) Hiring, upgrading, promotion, award of tenure, demotion, transfer, layoff, termination, right of return from layoff, and rehiring;

(iii) Rates of pay or any other form of compensation and changes in compensation;

(iv) Job assignments, job classifications, organizational structures, position descriptions, lines of progression, and seniority lists;

(v) Leaves of absence, sick leave, or any other leave;

(vi) Fringe benefits available by virtue of employment, whether or not administered by the Contractor;

(vii) Selection and financial support for training, including apprenticeships, professional meetings, conferences, and other related activities, and selection for leaves of absence to pursue training

(viii) Activities sponsored by the Contractor, including social or recreational programs; and

(ix) Any other term, condition, or privilege of employment.

(2) The Contractor agrees to comply with the rules, regulations, and relevant orders of the Secretary of Labor (Secretary) issued under the Rehabilitation Act of 1973 (29 U.S.C. 793) (the Act), as amended.

(b) Postings. (1) The Contractor agrees to post employment notices stating (i) the Contractor's obligation under the law to take affirmative action to employ and advance in employment qualified individuals with disabilities; and (ii) the rights of applicants and employees.

(2) These notices shall be posted in conspicuous places that are available to employees and applicants for employment. The Contractor shall ensure that applicants and employees with disabilities are informed of the contents of the notice (e.g., the Contractor may have the notice read to a visually disabled individual, or may lower the posted notice so that it might be read by a person in a wheelchair). The notices shall be in a form prescribed by the Deputy Assistant Secretary for Federal Contract Compliance, of the U.S. Department of Labor (Deputy Assistant Secretary), and shall be provided by or through the Contracting Officer.

(3) The Contractor shall notify each labor union or representative of workers with which it has a collective bargaining agreement or other contract understanding, that the Contractor is bound

by the terms of Section 503 of the Act and is committed to take affirmative action to employ, and advance in employment, qualified individuals with physical or mental disabilities.

(c) Noncompliance. If the Contractor does not comply with the requirements of this clause, appropriate actions may be taken under the rules, regulations, and relevant orders of the Secretary issued pursuant to the Act.

(d) Subcontracts. The Contractor shall include the terms of this clause in every subcontract or purchase order in excess of $15,000 unless exempted by rules, regulations, or orders of the Secretary. The Contractor shall act as specified by the Deputy Assistant Secretary to enforce the terms, including action for noncompliance.

SECTION 5.24
[RESERVED]

SECTION 5.25
DRUG-FREE WORKPLACE (MAY 2001) (FAR 52.223-6)

(a) Definitions. As used in this clause,

"Controlled substance" means a controlled substance in schedules I through V of section 202 of the Controlled Substances Act (21 U.S.C. 812) and as further defined in regulation at 21 CFR 1308.11-1308.15.

"Conviction" means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes.

"Criminal drug statute" means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, possession or use of any controlled substance.

"Drug-free workplace" means the site(s) for the performance of work done by the Contractor in connection with a specific contract where employees of the Contractor are prohibited from engaging in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance.

"Employee" means an employee of a Contractor directly engaged in the performance of work under a Government contract. Directly engaged is defined to include all direct cost employees and any other Contractor employee who has other than a minimal impact or involvement in contract performance.

"Individual" means an offeror/contractor that has no more than one employee including the offeror/contractor.

(b) The Contractor, if other than an individual, shall - within 30 days after award (unless a longer period is agreed to in writing for contracts of 30 days or more performance duration); or as soon as possible for contracts of less than 30 days performance duration -

(1) Publish a statement notifying its employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the contractor's workplace and specifying the actions that will be taken against employees for violations of such prohibition;

(2) Establish an ongoing drug-free awareness program to inform such employees about-

(i) The dangers of drug abuse in the workplace;

(ii) The contractor's policy of maintaining a drug-free workplace;

(iii) Any available drug counseling, rehabilitation, and employee assistance programs; and

(iv) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace.

(3) Provide all employees engaged in performance of the contract with a copy of the statement required by subparagraph (b)(1) of this clause;

(4) Notify such employees in writing in the statement required by subparagraph (b)(1) of this clause that, as a condition of continued employment on this contract, the employee will -

(i) Abide by the terms of the statement; and

(ii) Notify the employer in writing of the employee's conviction under a criminal drug statute for a violation occurring in the workplace no later than 5 days after such conviction.

(5) Notify the Contracting Officer in writing within 10 days after receiving notice under subdivision (b)(4)(ii) of this clause, from an employee or otherwise receiving actual notice of such conviction. The notice shall include the position title of the employee:

(6) Within 30 days after receiving notice under subdivision (b)(4)(ii) of this clause of a conviction, take one of the following actions with respect to any employee who is convicted of a drug abuse violation occurring in the workplace:

(i) Taking appropriate personnel action against such employee, up to and including termination; or

(ii) Require such employee to satisfactorily participate in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency; and

(7) Make a good faith effort to maintain a drug-free workplace through implementation of subparagraphs (b)(1) through (b)(6) of this clause.

(c) The Contractor, if an individual, agrees by award of the contract or acceptance of a purchase order, not to engage in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance while performing this contract.

(d) In addition to other remedies available to the Government, the Contractor's failure to comply with the requirements of paragraphs (b) or (c) of this clause may, pursuant to FAR 23.506, render the Contractor subject to suspension of contract payments, termination of the contract for default, and suspension or debarment.

SECTION 5.26
[RESERVED]

SECTION 5.27
FEDERAL, STATE, AND LOCAL TAXES (STATE AND LOCAL ADJUSTMENTS) (APR 2003) (FAR 52.229-4)

(a) As used in this clause-

"After-imposed tax" means any new or increased Federal, State, or local tax or duty, or tax that was excluded on the contract date but whose exclusion was later revoked or amount of exemption reduced during the contract period, other than an excepted tax, on the transactions or property covered by this contract that the Contractor is required to pay or bear as the result of legislative, judicial, or administrative action taking effect after the contract date.

"After-relieved tax" means any amount of Federal, State, or local tax or duty, other than an excepted tax, that would otherwise have been payable on the transactions or property covered by this contract, but which the Contractor is not required to pay or bear, or for which the Contractor

obtains a refund or drawback, as the result of legislative, judicial, or administrative action taking effect after the contract date.

"All applicable Federal, State, and local taxes and duties" means all taxes and duties, in effect on the contract date, that the taxing authority is imposing and collecting on the transactions or property covered by this contract.

"Contract date" means the effective date of this contract and, for any modification to this contract, the effective date of the modification.

"Excepted tax" means social security or other employment taxes, net income and franchise taxes, excess profits taxes, capital stock taxes, transportation taxes, unemployment compensation taxes, and property taxes. "Excepted tax" does not include gross income taxes levied on or measured by sales or receipts from sales, property taxes assessed on completed supplies covered by this contract, or any tax assessed on the Contractor's possession of, interest in, or use of property, title to which is in the Government.

"Local taxes" includes taxes imposed by a possession or territory of the United States, Puerto Rico, or the Northern Mariana Islands, if the contract is performed wholly or partly in any of those areas.

(b) Unless otherwise provided in this contract, the contract price includes all applicable Federal, State, and local taxes and duties.

(c) The contract price shall be increased by the amount of any after-imposed tax, or of any tax or duty specifically excluded from the contract price by a term or condition of this contract that the Contractor is required to pay or bear, including any interest or penalty, if the Contractor states in writing that the contract price does not include any contingency for such tax and if liability for such tax, interest, or penalty was not incurred through the Contractor's fault, negligence, or failure to follow instructions of the Contracting Officer.

(d) The contract price shall be decreased by the amount of any after-relieved tax. The Government shall be entitled to interest received by the Contractor incident to a refund of taxes to the extent that such interest was earned after the Contractor was paid by the Government for such taxes. The Government shall be entitled to repayment of any penalty refunded to the Contractor to the extent that the penalty was paid by the Government.

(e) The contract price shall be decreased by the amount of any Federal, State, or local tax, other than an excepted tax, that was included in the contract price and that the Contractor is required to pay or bear, or does not obtain a refund of, through the Contractor's fault, negligence, or failure to follow instructions of the Contracting Officer.

(f) No adjustment shall be made in the contract price under this clause unless the amount of the adjustment exceeds $250.

(g) The Contractor shall promptly notify the Contracting Officer of all matters relating to Federal, State, and local taxes and duties that reasonably may be expected to result in either an increase or decrease in the contract price and shall take appropriate action as the Contracting Officer directs. The contract price shall be equitably adjusted to cover the costs of action taken by the Contractor at the direction of the Contracting Officer, including any interest, penalty, and reasonable attorneys' fees.

(h) The Government shall furnish evidence appropriate to establish exemption from any Federal, State, or local tax when-

(1) The Contractor requests such exemption and states in writing that it applies to a tax excluded from the contract price; and

(2) A reasonable basis exists to sustain the exemption.

SECTION 5.28
RESERVED

SECTION 5.29
TAXES - FOREIGN NEGOTIATED BENEFITS CONTRACTS (JAN 1998) (FEHBAR 1652.229-70)

(a) To the extent that this contract provides for performing services outside the United States, its possessions, and Puerto Rico, this clause applies in lieu of any Federal, State, and local taxes clause of the contract.

(b) "Contract date," as used in this clause, means the effective date of this contract or modification.

"Country concerned," as used in this clause, means any country, other than the United States, its possessions, and Puerto Rico, in which expenditures under this contract are made.

"Tax" and "taxes," as used in this clause, include fees and charges for doing business that are levied by the government of the country concerned or by its political subdivisions.

"All applicable taxes and duties," as used in this clause, means all taxes and duties, in effect on the contract date, that the taxing authority is imposing and collecting on the transactions covered by this contract, pursuant to written ruling or regulation in effect on the contract date.

"After-imposed tax," as used in this clause, means any new or increased tax or duty, or tax that was exempted or excluded on the contract date but whose exemption was later revoked or reduced during the contract period, other than excepted tax, on the transactions covered by this contract that the Carrier is required to pay or bear as the result of legislative, judicial, or administrative action taking effect after the contract date.

"After-relieved tax," as used in this clause, means any amount of tax or duty, other than an excepted tax, that would otherwise have been payable on the transactions covered by this contract, but which the Carrier is not required to pay or bear, or for which the Carrier obtains a refund, as the result of legislative, judicial, or administrative action taking effect after the contract date.

"Excepted tax," as used in this clause, means social security or other employment taxes, net income and franchise taxes, excess profits taxes, capital stock taxes, transportation taxes, unemployment compensation taxes, and property taxes. "Excepted tax" does not include gross income taxes levied on or measured by sales or receipts from sales covered by this contract, or any tax assessed on the Carrier's possession of, interest in, or use of property, title to which is in the U.S. Government.

(c) Unless otherwise provided in this contract, the contract price includes all applicable taxes and duties, except taxes and duties that the Government of the United States and the government of the country concerned have agreed shall not be applicable to expenditures in such country by or on behalf of the United States.

(d) The contract price shall be increased by the amount of any after-imposed tax or of any tax or duty specifically excluded from the contract price by a provision of this contract that the Carrier is required to pay or bear, including any interest or penalty, if the Carrier states in writing that the contract price does not include any contingency for such tax and if liability for such tax, interest, or penalty was not incurred through the Carrier's fault, negligence, or failure to follow instructions of the Contracting Officer or to comply with the provisions of paragraph (i) below.

(e) The contract price shall be decreased by the amount of any after-relieved tax, including any interest or penalty. The Government of the United States shall be entitled to interest received by the Carrier incident to a refund of taxes to the extent that such interest was earned after the Carrier was paid by the Government of the United States for such taxes. The Government of the United States shall be entitled to repayment of any penalty refunded to the Carrier to the extent that the penalty was paid by the Government.

(f) The contract price shall be decreased by the amount of any tax or duty, other than an excepted tax, that was included in the contract and that the Carrier is required to pay or bear, or does not obtain a refund of, through the Carrier's fault, negligence, or failure to follow instructions of the Contracting Officer or to comply with the provisions of paragraph (i) below.

(g) No adjustment shall be made in the contract price under this clause unless the amount of the adjustment exceeds $250.

(h) If the Carrier obtains a reduction in tax liability under the United States Internal Revenue Code (Title 26, U.S. Code) because of the payment of any tax or duty that either was included in the contract price or was the basis of an increase in the contract price, the amount of the reduction shall be paid or credited to the Government of the United States as the Contracting Officer directs.

(i) The Carrier shall take all reasonable action to obtain exemption from or refund of any taxes or duties, including interest or penalty, from which the United States Government, the Carrier, any subcontractor, or the transactions covered by this contract are exempt under the laws of the country concerned or its political subdivisions or which the governments of the United States and of the country concerned have agreed shall not be applicable to expenditures in such country by or on behalf of the United States.

(j) The Carrier shall promptly notify the Contracting Officer of all matters relating to taxes or duties that reasonably may be expected to result in either an increase or decrease in the contract price and shall take appropriate action as the Contracting Officer directs. The contract price shall be equitably adjusted to cover the costs of action taken by the Carrier at the direction of the Contracting Officer, including any interest, penalty, and reasonable attorneys' fees.

SECTION 5.30
[RESERVED]

SECTION 5.31
[RESERVED]

SECTION 5.32
[RESERVED]

SECTION 5.33
DISCOUNTS FOR PROMPT PAYMENT (FEB 2002) (FAR 52.232-8)

(a) Discounts for prompt payment will not be considered in the evaluation of offers. However, any offered discount will form a part of the award, and will be taken if payment is made within the discount period indicated in the offer by the offeror. As an alternative to offering a discount for prompt payment in conjunction with the offer, offerors awarded contracts may include discounts for prompt payment on individual invoices.

(b) In connection with any discount offered for prompt payment, time shall be computed from the date of the invoice. If the Contractor has not placed a date on the invoice, the due date shall be calculated from the date the designated billing office receives a proper invoice, provided the agency annotates such invoice with the date of receipt at the time of receipt. For the purpose of computing the discount earned, payment shall be considered to have been made on the date that appears on the payment check or, for an electronic funds transfer, the specified payment date. When the discount date falls on a Saturday, Sunday, or legal holiday when Federal Government offices are closed and Government business is not expected to be conducted, payment may be made on the following business day.

SECTION 5.34
INTEREST (OCT 2010) (FAR 52.232-17) FEHBAR (JAN 1995)

(a) Except as otherwise provided in this contract under a Price Reduction for Defective Certified Cost or Pricing Data clause or a Cost Accounting Standards clause, all amounts that become payable by the Contractor to the Government under this contract shall bear simple interest from the date due until paid unless paid within 30 days of becoming due. The interest rate shall be the interest rate established by the Secretary of the Treasury as provided in Section 611 of the Contract Disputes Act of 1978 (Public Law 95-563), which is applicable to the period in which the amount becomes due, as provided in paragraph (e) of this clause, and then at the rate applicable for each six-month period as fixed by the Secretary until the amount is paid.

(b) The Government may issue a demand for payment to the Contractor upon finding a debt is due under the contract.

(c) Final Decisions. The Contracting Officer will issue a final decision as required by 33.211 if—

(1) The Contracting Officer and the Contractor are unable to reach agreement on the existence or amount of a debt in a timely manner;

(2) The Contractor fails to liquidate a debt previously demanded by the Contracting Officer within the timeline specified in the demand for payment unless the amounts were not repaid because the Contractor has requested an installment payment agreement; or

(3) The Contractor requests a deferment of collection on a debt previously demanded by the Contracting Officer (see 32.607-2).

(d) If a demand for payment was previously issued for the debt, the demand for payment included in the final decision shall identify the same due date as the original demand for payment.

(e) Amounts shall be due at the earliest of the following dates:

(1) The date fixed under this contract.

(2) The date of the first written demand for payment, including any demand resulting from a default termination.

(f) The interest charge shall be computed for the actual number of calendar days involved beginning on the due date and ending on—

(1) The date on which the designated office receives payment from the Contractor;

(2) The date of issuance of a Government check to the Contractor from which an amount otherwise payable has been withheld as a credit against the contract debt; or

(3) The date on which an amount withheld and applied to the contract debt would otherwise have become payable to the Contractor.

(c) The interest charge made under this clause may be reduced under the procedures prescribed in 32.608-2 of the Federal Acquisition Regulation in effect on the date of this contract.

SECTION 5.35
ASSIGNMENT OF CLAIMS (JAN 1986) (FAR 52.232-23)

(a) The Contractor, under the Assignment of Claims Act, as amended. 31 U.S.C. 3727, 41 U.S.C. 15 (hereafter referred to as "the Act"). may assign its rights to be paid amounts due or to become due as a result of the performance of this contract to a bank. trust company. or other financing institution, including any Federal lending agency. The assignee under such an assignment may thereafter further assign or reassign its right under the original assignment to any type of financing institution described in the preceding sentence.

(b) Any assignment or reassignment authorized under the Act and this clause shall cover all unpaid amounts payable under this contract. and shall not be made to more than one party. except that an assignment or reassignment may be made to one party as agent or trustee for two or more parties participating in the financing of this contract.

(c) The Contractor shall not furnish or disclose to any assignee under this contract any classified document (including this contract) or information related to work under this contract until the Contracting Officer authorizes such action in writing.

SECTION 5.36
DISPUTES (JUL 2002) (FAR 52.233-1)

(a) This contract is subject to the Contract Disputes Act of 1978. as amended (41 U.S.C. 601-613).

(b) Except as provided in the Act, all disputes arising under or relating to this contract shall be resolved under this clause.

(c) "Claim," as used in this clause, means a written demand or written assertion by one of the contracting parties seeking, as a matter of right, the payment of money in a sum certain, the adjustment or interpretation of contract terms, or other relief arising under or relating to this contract. However, a written demand or written assertion by the Contractor seeking the payment of money exceeding $100,000 is not a claim under the Act until certified. A voucher, invoice, or other routine request for payment that is not in dispute when submitted is not a claim under the Act. The submission may be converted to a claim under the Act, by complying with the submission and certification requirements of this clause, if it is disputed either as to liability or amount or is not acted upon in a reasonable time.

(d)(1) A claim by the Contractor shall be made in writing and, unless otherwise stated in this contract, submitted within 6 years after accrual of the claim to the Contracting Officer for a written decision. A claim by the Government against the Contractor shall be subject to a written decision by the Contracting Officer.

(2)(i) The Contractor shall provide the certification specified in paragraph (d)(2)(iii) of this clause when submitting any claim exceeding $100,000.

(ii) The certification requirement does not apply to issues in controversy that have not been submitted as all or part of a claim.

(iii) The certification shall state as follows: "I certify that the claim is made in good faith; that the supporting data are accurate and complete to the best of my knowledge and belief; that the amount requested accurately reflects the contract adjustment for which the Contractor believes the Government is liable; and that I am duly authorized to certify the claim on behalf of the Contractor."

(3) The certification may be executed by any person duly authorized to bind the Contractor with respect to the claim.

(e) For Contractor claims of $100,000 or less, the Contracting Officer must, if requested in writing by the Contractor, render a decision within 60 days of the request. For Contractor-certified claims over $100,000, the Contracting Officer must, within 60 days, decide the claim or notify the Contractor of the date by which the decision will be made.

(f) The Contracting Officer's decision shall be final unless the Contractor appeals or files a suit as provided in the Act.

(g) If the claim by the Contractor is submitted to the Contracting Officer or a claim by the Government is presented to the Contractor, the parties, by mutual consent, may agree to use alternative dispute resolution (ADR). If the Contractor refuses an offer for ADR, the Contractor shall inform the Contracting Officer, in writing, of the Contractor's specific reasons for rejecting the offer.

(h) The Government shall pay interest on the amount found due and unpaid from (1) the date that the Contracting Officer receives the claim (certified, if required); or (2) the date that payment otherwise would be due, if that date is later, until the date of payment. With regard to claims having defective certifications, as defined in FAR 33.201, interest shall be paid from the date that the Contracting Officer initially receives the claim. Simple interest on claims shall be paid at the rate, fixed by the Secretary of the Treasury as provided in the Act, which is applicable to the period during which the Contracting Officer receives the claim and then at the rate applicable for each 6-month period as fixed by the Treasury Secretary during the pendency of the claim.

(i) The Contractor shall proceed diligently with performance of this contract, pending final resolution of any request for relief, claim, appeal, or action arising under or relating to the contract, and comply with any decision of the Contracting Officer.

SECTION 5.37
NOTICE OF INTENT TO DISALLOW COSTS (APR 1984) (FAR 52.242-1)

(a) Notwithstanding any other clause of this contract--

(1) The Contracting Officer may at any time issue to the Contractor a written notice of intent to disallow specified costs incurred or planned for incurrence under this contract that have been determined not to be allowable under the contract terms; and

(2) The Contractor may, after receiving a notice under subparagraph (1) above, submit a written response to the Contracting Officer, with justification for allowance of the costs. If the Contractor does respond within 60 days, the Contracting Officer shall, within 60 days of receiving the response, either make a written withdrawal of the notice or issue a written decision.

(b) Failure to issue a notice under this Notice of Intent to Disallow Costs clause shall not affect the Government's right to take exception to incurred costs.

SECTION 5.38

CHANGES--NEGOTIATED BENEFITS CONTRACTS (JAN 1998) (FEHBAR 1652.243-70)

(a) The Contracting Officer may at any time, by written order, and without notice to the sureties, if any, make changes within the general scope of this contract in any one or more of the following:

(1) Description of services to be performed.

(2) Time of performance (i.e., hours of the day, days of the week, etc.).

(3) Place of performance of the services.

(b) If any such change causes an increase or decrease in the cost of, or the time required for, performance of any part of the work under this contract, whether or not changed by the order, the Contracting Officer shall make an equitable adjustment in the contract price, the delivery schedule, or both, and shall modify the contract.

(c) The Carrier must assert its right to an adjustment under this clause within 30 days from the date of receipt of the written order. However, if the Contracting Officer decides that the facts justify it, the Contracting Officer may receive and act upon a proposal submitted before final payment of the contract.

(d) Failure to agree to any adjustment shall be a dispute under the Disputes clause. However, nothing in this clause shall excuse the Carrier from proceeding with the contract as changed.

SECTION 5.39
COMPETITION IN SUBCONTRACTING (DEC 1996) (FAR 52.244-5)

(a) The Contractor shall select subcontractors (including suppliers) on a competitive basis to the maximum practical extent consistent with the objectives and requirements of the contract.

(b) If the Contractor is an approved mentor under the Department of Defense Pilot Mentor-Protégé Program (Pub. L. 101-510, section 831 as amended), the Contractor may award subcontracts under this contract on a noncompetitive basis to its protégés.

SECTION 5.40
GOVERNMENT PROPERTY (NEGOTIATED BENEFITS CONTRACTS) (JAN 1998) (FEHBAR 1652.245-70)

(a) Government-furnished property. (1) The Government shall deliver to the Carrier, for use in connection with and under the terms of this contract, the Government-furnished property described in this contract together with any related data and information that the Carrier may request and is reasonably required for the intended use of the property (hereinafter referred to as "Government-furnished property").

(2) The delivery or performance dates for this contract are based upon the expectation that Government-furnished property suitable for use (except for property furnished "as-is") will be delivered to the Carrier at the times stated in this contract or, if not so stated, in sufficient time to enable the Carrier to meet the contract's performance dates.

(3) If Government-furnished property is received by the Carrier in a condition not suitable for the intended use, the Carrier shall, upon receipt of it, notify the Contracting Officer, detailing the facts, and, as directed by the Contracting Officer and at Government expense, either repair, modify, return, or otherwise dispose of the property. After completing the directed action and

upon written request of the Carrier, the Contracting Officer shall make an equitable adjustment as provided in paragraph (h) of this clause.

(b) Changes in Government-furnished property. (1) The Contracting Officer may, by written notice, (i) decrease the Government-furnished property provided or to be provided under this contract, or (ii) substitute other Government-furnished property for the property to be provided by the Government, or to be acquired by the Carrier for the Government, under this contract. The Carrier shall promptly take such action as the Contracting Officer may direct regarding the removal, shipment, or disposal of the property covered by such notice.

(2) Upon the Carrier's written request, the Contracting Officer shall make an equitable adjustment to the contract in accordance with paragraph (h) of this clause, if the Government has agreed in this contract to make the property available for performing this contract and there is any -

(i) Decrease or substitution in this property pursuant to subparagraph (b)(1) above; or

(ii) Withdrawal of authority to use this property, if provided under any other contract or lease.

(c) Title in Government property. (1) The Government shall retain title to all Government-furnished property.

(2) All Government-furnished property and all property acquired by the Carrier, title to which vests in the Government under this paragraph (collectively referred to as "Government property"), are subject to the provisions of this clause. Title to Government property shall not be affected by its incorporation into or attachment to any property not owned by the Government, nor shall Government property become a fixture or lose its identity as personal property by being attached to any real property.

(d) Use of Government property. The Government property shall be used only for performing this contract, unless otherwise provided in this contract or approved by the Contracting Officer.

(e) Property administration. (1) The Carrier shall be responsible and accountable for all Government property provided under this contract and shall comply with Federal Acquisition Regulation (FAR) subpart 45.5, as in effect on the date of this contract.

(2) The Carrier shall establish and maintain a program for the use, maintenance, repair, protection, and preservation of Government property in accordance with sound industrial practice and the applicable provisions of subpart 45.5 of the FAR.

(3) If damage occurs to Government property, the risk of which has been assumed by the Government under this contract, the Government shall replace the items or the Carrier shall make such repairs as the Government directs. However, if the Carrier cannot effect such repairs within the time required, the Carrier shall dispose of the property as directed by the Contracting Officer. When any property for which the Government is responsible is replaced or repaired, the Contracting Officer shall make an equitable adjustment in accordance with paragraph (h) of this clause.

(4) The Carrier represents that the contract price does not include any amount for repairs or replacement for which the Government is responsible. Repair or replacement of property for which the Carrier is responsible shall be accomplished by the Carrier at its own expense.

(f) Access. The Government and all its designees shall have access at all reasonable times to the premises in which any Government property is located for the purpose of inspecting the Government property.

(g) Risk of loss. Unless otherwise provided in this contract, the Carrier assumes the risk of, and shall be responsible for, any loss or destruction of, or damage to, Government property upon its delivery to the Carrier. However, the Carrier is not responsible for reasonable wear and tear

to Government property or for Government property properly consumed in performing this contract.

(h) Equitable adjustment. When this clause specifies an equitable adjustment, it shall be made to any affected contract provision in accordance with the procedures of the Changes clause. When appropriate, the Contracting Officer may initiate an equitable adjustment in favor of the Government. The right to an equitable adjustment shall be the Carrier's exclusive remedy. The Government shall not be liable to suit for breach of contract for --

(1) Any delay in delivery of Government-furnished property;

(2) Delivery of Government-furnished property in a condition not suitable for its intended use;

(3) A decrease in or substitution of Government-furnished property; or

(4) Failure to repair or replace Government property for which the Government is responsible.

(i) Final accounting and disposition of Government property. Upon completing this contract, or at such earlier dates as may be fixed by the Contracting Officer, the Carrier shall submit, in a form acceptable to the Contracting Officer, inventory schedules covering all items of Government property (including any resulting scrap) not consumed in performing this contract or delivered to the Government. The Carrier shall prepare for shipment, deliver f.o.b. origin, or dispose of the Government property as may be directed or authorized by the Contracting Officer. The net proceeds of any such disposal shall be credited to the contract price or shall be paid to the Government as the Contracting Officer directs.

(j) Abandonment and restoration of Carrier's premises. Unless otherwise provided herein, the Government -

(1) May abandon any Government property in place, at which time all obligations of the Government regarding such abandoned property shall cease; and

(2) Has no obligation to restore or rehabilitate the Carrier's premises under any circumstances (e.g., abandonment, disposition upon completion of need, or upon contract completion). However, if the Government-furnished property is withdrawn or is unsuitable for the intended use, or if other Government property is substituted, then the equitable adjustment under paragraph (h) of this clause may properly include restoration or rehabilitation costs.

(k) Communications. All communications under this clause shall be in writing.

(l) Overseas contracts. If this contract is to be performed outside of the United States of America, its territories, or possessions, the words "Government" and "Government- furnished" (wherever they appear in this clause) shall be construed as "United States Government" and "United States Government-furnished", respectively.

SECTION 5.41
LIMITATION OF LIABILITY -- SERVICES (FEB 1997) (FAR 52.246-25)

(a) Except as provided in paragraphs (b) and (c) below, and except to the extent that the Contractor is expressly responsible under this contract for deficiencies in the services required to be performed under it (including any materials furnished in conjunction with those services), the Contractor shall not be liable for loss of or damage to property of the Government that (1) occurs after Government acceptance of services performed under this contract and (2) results from any defects or deficiencies in the services performed or materials furnished.

(b) The limitation of liability under paragraph (a) above shall not apply when a defect or deficiency in, or the Government's acceptance of, services performed or materials furnished results from willful misconduct or lack of good faith on the part of any of the Contractor's managerial

personnel. The term Contractor's managerial personnel, as used in this clause, means the Contractor's directors, officers, and any of the Contractor's managers, superintendents, or equivalent representatives who have supervision or direction of --

(1) All or substantially all of the Contractor's business;

(2) All or substantially all of the Contractor's operations at any one plant, laboratory, or separate location at which the contract is being performed; or

(3) A separate and complete major industrial operation connected with the performance of this contract.

(c) If the Contractor carries insurance, or has established a reserve for self-insurance, covering liability for loss or damage suffered by the Government through the Contractor's performance of services or furnishing of materials under this contract, the Contractor shall be liable to the Government, to the extent of such insurance or reserve, for loss of or damage to property of the Government occurring after Government acceptance of, and resulting from any defects and deficiencies in, services performed or materials furnished under this contract.

SECTION 5.42
PREFERENCE FOR U.S.-FLAG AIR CARRIERS (JUN 2003) (FAR 52.247-63)

(a) *Definitions*. As used in this clause-

"International air transportation" means transportation by air between a place in the United States and a place outside the United States or between two places both of which are outside the United States.

"United States" means the 50 States, the District of Columbia, and outlying areas.

"U.S.-flag air carrier" means an air carrier holding a certificate under 49 U.S.C. Chapter 411.

(b) Section 5 of the International Air Transportation Fair Competitive Practices Act of 1974 (49 U.S.C. 40118) (Fly America Act) requires that all Federal agencies and Government contractors and subcontractors use U.S.-flag air carriers for U.S. Government-financed international air transportation of personnel (and their personal effects) or property, to the extent that service by those carriers is available. It requires the Comptroller General of the United States, in the absence of satisfactory proof of the necessity for foreign-flag air transportation, to disallow expenditures from funds, appropriated or otherwise established for the account of the United States, for international air transportation secured aboard a foreign-flag air carrier if a U.S.-flag air carrier is available to provide such services.

(c) If available, the Contractor, in performing work under this contract, shall use U.S.-flag carriers for international air transportation of personnel (and their personal effects) or property.

(d) In the event that the Contractor selects a carrier other than a U.S.-flag air carrier for international air transportation, the Contractor shall include a statement on vouchers involving such transportation essentially as follows:

STATEMENT OF UNAVAILABILITY OF U.S.-FLAG AIR CARRIERS

International air transportation of persons (and their personal effects) or property by U.S.-flag air carrier was not available or it was necessary to use foreign-flag air carrier service for the following reasons (see section 47.403 of the Federal Acquisition Regulation):

(State reasons):
(End of statement)

(e) The Contractor shall include the substance of this clause, including this paragraph (e), in each subcontract or purchase under this contract that may involve international air transportation.

SECTION 5.43
GOVERNMENT SUPPLY SOURCES (AUG 2010) (FAR 52.251-1)

The Contracting Officer may issue the Contractor an authorization to use Government supply sources in the performance of this contract. Title to all property acquired by the Contractor under such an authorization shall vest in the Government unless otherwise specified in the contract. Such property shall not be considered to be Government-furnished property, as distinguished from Government property. The provisions of the clause entitled "Government Property," at 52.245-1, shall apply to all property acquired under such authorization.

SECTION 5.44
AUTHORIZED DEVIATIONS IN CLAUSES (APR 1984) (FAR 52.252-6)

(a) The use in this solicitation or contract of any Federal Acquisition Regulation (48 CFR Chapter 1) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the date of the clause.

(b) The use in this solicitation or contract of any Federal Employees Health Benefits Acquisition Regulation (48 CFR Chapter 16) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the name of the regulation.

SECTION 5.45
LIMITATION ON PAYMENTS TO INFLUENCE CERTAIN FEDERAL TRANSACTIONS (OCT 2010) (FAR 52.203-12)

(a) *Definitions*. As used in this clause—

"Agency" means "executive agency" as defined in Federal Acquisition Regulation (FAR) 2.101.

"Covered Federal action" means any of the following actions:

(1) Awarding any Federal contract.

(2) Making any Federal grant.

(3) Making any Federal loan.

(4) Entering into any cooperative agreement.

(5) Extending, continuing, renewing, amending, or modifying any Federal contract, grant, loan, or cooperative agreement.

"Indian tribe" and "tribal organization" have the meaning provided in section 4 of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450b) and include Alaskan Natives.

"Influencing or attempting to influence" means making, with the intent to influence, any communication to or appearance before an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with any covered Federal action.

"Local government" means a unit of government in a State and, if chartered, established, or otherwise recognized by a State for the performance of a governmental duty, including a local public authority, a special district, an intrastate district, a council of governments, a sponsor group representative organization, and any other instrumentality of a local government.

"Officer or employee of an agency" includes the following individuals who are employed by an agency:

(1) An individual who is appointed to a position in the Government under Title 5, United States Code, including a position under a temporary appointment.

(2) A member of the uniformed services, as defined in subsection 101(3), Title 37, United States Code.

(3) A special Government employee, as defined in section 202, Title 18, United States Code.

(4) An individual who is a member of a Federal advisory committee, as defined by the Federal Advisory Committee Act, Title 5, United States Code, appendix 2.

"Person" means an individual, corporation, company, association, authority, firm, partnership, society, State, and local government, regardless of whether such entity is operated for profit, or not for profit. This term excludes an Indian tribe, tribal organization, or any other Indian organization eligible to receive Federal contracts, grants, cooperative agreements, or loans from an agency, but only with respect to expenditures by such tribe or organization that are made for purposes specified in paragraph (b) of this clause and are permitted by other Federal law.

"Reasonable compensation" means, with respect to a regularly employed officer or employee of any person, compensation that is consistent with the normal compensation for such officer or employee for work that is not furnished to, not funded by, or not furnished in cooperation with the Federal Government.

"Reasonable payment" means, with respect to professional and other technical services, a payment in an amount that is consistent with the amount normally paid for such services in the private sector.

"Recipient" includes the Contractor and all subcontractors. This term excludes an Indian tribe, tribal organization, or any other Indian organization eligible to receive Federal contracts, grants, cooperative agreements, or loans from an agency, but only with respect to expenditures by such tribe or organization that are made for purposes specified in paragraph (b) of this clause and *are* permitted by other Federal law.

"Regularly employed" means, with respect to an officer or employee of a person requesting or receiving a Federal contract, an officer or employee who is employed by such person for at least 130 working days within 1 year immediately preceding the date of the submission that initiates agency consideration of such person for receipt of such contract. An officer or employee who is employed by such person for less than 130 working days within 1 year immediately preceding the date of the submission that initiates agency consideration of such person shall be considered to be regularly employed as soon as he or she is employed by such person for 130 working days.

"State" means a State of the United States, the District of Columbia, or an outlying area of the United States, an agency or instrumentality of a State, and multi-State, regional, or interstate entity having governmental duties and powers.

(b) *Prohibition.* 31 U.S.C. 1352 prohibits a recipient of a Federal contract, grant, loan, or cooperative agreement from using appropriated funds to pay any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with any

covered Federal actions. In accordance with 31 U.S.C. 1352 the Contractor shall not use appropriated funds to pay any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the award of this contractor the extension, continuation, renewal, amendment, or modification of this contract.

(1) The term *appropriated funds* does not include profit or fee from a covered Federal action.

(2) To the extent the Contractor can demonstrate that the Contractor has sufficient monies, other than Federal appropriated funds, the Government will assume that these other monies were spent for any influencing activities that would be unallowable if paid for with Federal appropriated funds.

(c) *Exceptions*. The prohibition in paragraph (b) of this clause does not apply under the following conditions:

(1) *Agency and legislative liaison by Contractor employees*.

(i) Payment of reasonable compensation made to an officer or employee of the Contractor if the payment is for agency and legislative liaison activities not directly related to this contract. For purposes of this paragraph, providing any information specifically requested by an agency or Congress is permitted at any time.

(ii) Participating with an agency in discussions that are not related to a specific solicitation for any covered Federal action, but that concern—

(A) The qualities and characteristics (including individual demonstrations) of the person's products or services, conditions or terms of sale, and service capabilities; or

(B) The application or adaptation of the person's products or services for an agency's use.

(iii) Providing prior to formal solicitation of any covered Federal action any information not specifically requested but necessary for an agency to make an informed decision about initiation of a covered Federal action;

(iv) Participating in technical discussions regarding the preparation of an unsolicited proposal prior to its official submission; and

(v) Making capability presentations prior to formal solicitation of any covered Federal action by persons seeking awards from an agency pursuant to the provisions of the Small Business Act, as amended by Pub. L. 95-507, and subsequent amendments.

(2) *Professional and technical services*.

(i) A payment of reasonable compensation made to an officer or employee of a person requesting or receiving a covered Federal action or an extension, continuation, renewal, amendment, or modification of a covered Federal action, if payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal action or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal action.

(ii) Any reasonable payment to a person, other than an officer or employee of a person requesting or receiving a covered Federal action or an extension, continuation, renewal, amendment, or modification of a covered Federal action if the payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal action or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal action. Persons other than officers or

employees of a person requesting or receiving a covered Federal action include consultants and trade associations.

(iii) As used in paragraph (c)(2) of this clause, "professional and technical services" are limited to advice and analysis directly applying any professional or technical discipline (for examples, see FAR 3.803(a)(2)(iii)).

(iv) Requirements imposed by or pursuant to law as a condition for receiving a covered Federal award include those required by law or regulation and any other requirements in the actual award documents.

(3) Only those communications and services expressly authorized by paragraphs (c)(1) and (2) of this clause are permitted.

(d) *Disclosure*.

(1) If the Contractor did not submit OMB Standard Form LLL, Disclosure of Lobbying Activities, with its offer, but registrants under the Lobbying Disclosure Act of 1995 have subsequently made a lobbying contact on behalf of the Contractor with respect to this contract, the Contractor shall complete and submit OMB Standard Form LLL to provide the name of the lobbying registrants, including the individuals performing the services.

(2) If the Contractor did submit OMB Standard Form LLL disclosure pursuant to paragraph (d) of the provision at FAR 52.203-11, Certification and Disclosure Regarding Payments to Influence Certain Federal Transactions, and a change occurs that affects Block 10 of the OMB Standard Form LLL (name and address of lobbying registrant or individuals performing services), the Contractor shall, at the end of the calendar quarter in which the change occurs, submit to the Contracting Officer within 30 days an updated disclosure using OMB Standard Form LLL.

(e) *Penalties*.

(1) Any person who makes an expenditure prohibited under paragraph (b) of this clause or who fails to file or amend the disclosure to be filed or amended by paragraph (d) of this clause shall be subject to civil penalties as provided for by 31 U.S.C. 1352. An imposition of a civil penalty does not prevent the Government from seeking any other remedy that may be applicable.

(2) Contractors may rely without liability on the representation made by their subcontractors in the certification and disclosure form.

(f) *Cost allowability*. Nothing in this clause makes allowable or reasonable any costs which would otherwise be unallowable or unreasonable. Conversely, costs made specifically unallowable by the requirements in this clause will not be made allowable under any other provision.

(g) *Subcontracts*.

(1) The Contractor shall obtain a declaration, including the certification and disclosure in paragraphs (c) and (d) of the provision at FAR 52.203-11, Certification and Disclosure Regarding Payments to Influence Certain Federal Transactions, from each person requesting or receiving a subcontract exceeding $150,000 under this contract. The Contractor or subcontractor that awards the subcontract shall retain the declaration.

(2) A copy of each subcontractor disclosure form (but not certifications) shall be forwarded from tier to tier until received by the prime Contractor. The prime Contractor shall, at the end of the calendar quarter in which the disclosure form is submitted by the subcontractor, submit to the Contracting Officer within 30 days a copy of all disclosures. Each subcontractor certification shall be retained in the subcontract file of the awarding Contractor.

(3) The Contractor shall include the substance of this clause, including this paragraph (g), in any subcontract exceeding $150,000.

SECTION 5.46
[RESERVED]

SECTION 5.47
PROTECTING THE GOVERNMENT'S INTEREST WHEN SUBCONTRACTING WITH CONTRACTORS DEBARRED, SUSPENDED OR PROPOSED FOR DEBARMENT (DEC 2010) (FAR 52.209-6)

(a) *Definition. Commercially available off-the-shelf (COTS)* item, as used in this clause—

(1) Means any item of supply (including construction material) that is—

(i) A commercial item (as defined in paragraph (1) of the definition in FAR 2.101);

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in section 3 of the Shipping Act of 1984 (46 U.S.C. App. 1702), such as agricultural products and petroleum products.

(b) The Government suspends or debars Contractors to protect the Government's interests. Other than a subcontract for a commercially available off-the-shelf item, the Contractor shall not enter into any subcontract, in excess of $30,000 with a Contractor that is debarred, suspended, or proposed for debarment by any executive agency unless there is a compelling reason to do so.

(c) The Contractor shall require each proposed subcontractor whose subcontract will exceed $30,000, other than a subcontractor providing a commercially available off-the-shelf item, to disclose to the Contractor, in writing, whether as of the time of award of the subcontract, the subcontractor, or its principals, is or is not debarred, suspended, or proposed for debarment by the Federal Government.

(d) A corporate officer or a designee of the Contractor shall notify the Contracting Officer, in writing, before entering into a subcontract with a party (other than a subcontractor providing a commercially available off-the-shelf item) that is debarred, suspended, or proposed for debarment (*see* FAR 9.404 for information on the Excluded Parties List System). The notice must include the following:

(1) The name of the subcontractor.

(2) The Contractor's knowledge of the reasons for the subcontractor being in the Excluded Parties List System.

(3) The compelling reason(s) for doing business with the subcontractor notwithstanding its inclusion in the Excluded Parties List System.

(4) The systems and procedures the Contractor has established to ensure that it is fully protecting the Government's interests when dealing with such subcontractor in view of the specific basis for the party's debarment, suspension, or proposed debarment.

(e) *Subcontracts.* Unless this is a contract for the acquisition of commercial items, the Contractor shall include the requirements of this clause, including this paragraph (e) (appropriately modified for the identification of the parties), in each subcontract that—

(1) Exceeds $30,000 in value; and
(2) Is not a subcontract for commercially available off-the-shelf items.

SECTION 5.48
BANKRUPTCY (JUL 1995) (FAR 52.242-13)

In the event the Contractor enters into proceedings relating to bankruptcy, whether voluntary or involuntary, the Contractor agrees to furnish, by certified mail or electronic commerce method authorized by the contract, written notification of the bankruptcy to the Contracting Office responsible for administering the contract. This notification shall be furnished within five days of the initiation of the proceedings relating to bankruptcy filing. This notification shall include the date on which the bankruptcy petition was filed, the identity of the court in which the bankruptcy petition was filed, and a listing of Government contract numbers and contracting offices for all Government contracts against which final payment has not been made. This obligation remains in effect until final payment under this contract.

SECTION 5.49
FEHBP TERMINATION FOR CONVENIENCE OF THE GOVERNMENT--NEGOTIATED BENEFITS CONTRACTS (JAN 1998) (FEHBAR 1652.249-71)

(a) The Government may terminate performance of work under this contract in whole or, from time to time, in part if the Contracting Officer determines that a termination is in the Government's interest. The Contracting Officer shall terminate by delivering to the Carrier a Notice of Termination specifying the extent of terminating and the effective date.
(b) After receipt of a Notice of Termination, and except as directed by the Contracting Officer, the Carrier shall immediately proceed with the following obligations, regardless of any delay in determining or adjusting any amounts due under this clause:
(1) Stop work as specified in the notice.
(2) Place no further subcontracts except as necessary to complete the continued portion of the contract.
(3) Terminate all subcontracts to the extent they relate to the work terminated.
(4) Assign to the Government, as directed by the Contracting Officer, all right, title, and interest of the Carrier under the subcontracts terminated, in which case the Government shall have the right to settle or to pay any termination settlement proposal arising out of those terminations.
(5) With approval or ratification to the extent required by the Contracting Officer, settle all outstanding liabilities and termination settlement proposals arising from the termination of subcontracts; the approval or ratification will be final for purposes of this clause.
(6) As directed by the Contracting Officer, deliver to the Government any data, reports, or studies that, if the contract had been completed, would be required to be furnished to the Government.
(7) Complete performance of the work not terminated.
(c) After termination, the Carrier shall submit a final termination settlement proposal to the Contracting Officer in the form and with the certification prescribed by the Contracting Officer. The Carrier shall submit the proposal promptly, but no later than 1 year from the effective date of termination, unless extended in writing by the Contracting Officer upon written request of the

Carrier within this 1-year period. However, if the Contracting Officer determines that the facts justify it, a termination settlement proposal may be received and acted on after 1 year or any extension. If the Carrier fails to submit the proposal within the time allowed, the Contracting Officer may determine, on the basis of information available, the amount, if any, due the Carrier because of the termination and shall pay the amount determined.

(d) Subject to paragraph (c) of this clause, the Carrier and the Contracting Officer may agree upon the whole or any part of the amount to be paid or remaining to be paid because of the termination. The amount may include a reasonable allowance for profit on work done. However, the agreed amount, whether under this paragraph (d) or paragraph (e) of this clause, exclusive of costs shown in subparagraph (e)(3) of this clause, may not exceed the total contract price as reduced by (1) the amount of payments previously made and (2) the contract price of work not terminated. The contract shall be modified, and the Carrier paid the agreed amount. Paragraph (e) of this clause shall not limit, restrict, or affect the amount that may be agreed upon to be paid under this paragraph.

(e) If the Carrier and the Contracting Officer fail to agree on the whole amount to be paid because of the termination of work, the Contracting Officer shall pay the Carrier the amounts determined by the Contracting Officer as follows, but without duplication of any amounts agreed on under paragraph (d) above:

(1) The contract price for completed services accepted by the Government not previously paid for.

(2) The total of--

(i) The costs incurred in the performance of the work terminated, including initial costs and preparatory expense allocable thereto, but excluding any costs attributable to services paid or to be paid under paragraph (e)(1) of this clause;

(ii) The cost of settling and paying termination settlement proposals under terminated subcontracts that are properly chargeable to the terminated portion of the contract if not included in subdivision (e)(2)(i) of this clause; and

(iii) A sum, as profit on subdivision (e)(2)(i) of this clause, determined by the Contracting Officer under 49.202 of the Federal Acquisition Regulation, in effect on the date of this contract, to be fair and reasonable.

(3) The reasonable costs of settlement of the work terminated, including--

(i) Accounting, legal, clerical, and other expenses reasonably necessary for the preparation of termination settlement proposals and supporting data;

(ii) The termination and settlement of subcontracts (excluding the amounts of such settlements); and

(f) The cost principles and procedures of part 31 of the Federal Acquisition Regulation, in effect on the date of this contract, shall govern all costs claimed, agreed to, or determined under this clause.

(g) The Carrier shall have the right of appeal, under the Disputes clause, from any determination made by the Contracting Officer under paragraph (c), (e), or (i) of this clause, except that if the Carrier failed to submit the termination settlement proposal or request for equitable adjustment within the time provided in paragraph (c) or (i), respectively, and failed to request a time extension, there is no right of appeal.

(h) In arriving at the amount due the Carrier under this clause, there shall be deducted--

(1) All unliquidated advance or other payments to the Carrier under the terminated portion of this contract;

(2) Any claim which the Government has against the Carrier under this contract; and

(i) If the termination is partial, the Carrier may file a proposal with the Contracting Officer for an equitable adjustment of the price(s) of the continued portion of the contract. The Contracting Officer shall make any equitable adjustment agreed upon. Any proposal by the Carrier for an equitable adjustment under this clause shall be requested within 90 days from the effective date of termination unless extended in writing by the Contracting Officer.

(j)(1) The Government may, under the terms and conditions it prescribes, make partial payments and payments against costs incurred by the Carrier for the terminated portion of the contract, if the Contracting Officer believes the total of these payments will not exceed the amount to which the Carrier will be entitled.

(2) If the total payments exceed the amount finally determined to be due, the Carrier shall repay the excess to the Government upon demand, together with interest computed at the rate established by the Secretary of the Treasury under 50 U.S.C. App. 1215(b)(2). Interest shall be computed for the period from the date the excess payment is received by the Carrier to the date the excess is repaid.

(k) Unless otherwise provided in this contract or by statute, the Carrier shall maintain all records and documents relating to the terminated portion of this contract for 3 years after final settlement. This includes all books and other evidence bearing on the Carrier's costs and expenses under this contract. The Carrier shall make these records and documents available to the Government, at the Carrier's office, at all reasonable times, without any direct charge. If approved by the Contracting Officer, photographs, microphotographs, or other authentic reproductions may be maintained instead of original records and documents.

SECTION 5.50
FEHBP TERMINATION FOR DEFAULT-- NEGOTIATED BENEFITS CONTRACTS (JAN 1998) (FEHBAR 1652.249-72)

(a) (1) The Government may, subject to paragraphs (c) and (d) below, by written notice of default to the Carrier, terminate this contract in whole or in part if the Carrier fails to--

(i) Perform the services within the time specified in this contract or any extension;

(ii) Make progress, so as to endanger performance of this contract (but see subparagraph (a)(2) below); or

(iii) Perform any of the other provisions of this contract (but see subparagraph (a)(2) below).

(2) The Government's right to terminate this contract under subdivisions (1)(ii) and (1)(iii) above, may be exercised if the Carrier does not cure such failure within 10 days (or more if authorized in writing by the Contracting Officer) after receipt of the notice from the Contracting Officer specifying the failure.

(b) If the Government terminates this contract in whole or in part, it may acquire, under the terms and in the manner the Contracting Officer considers appropriate, supplies or service similar to those terminated, and the Carrier will be liable to the Government for any excess costs for those supplies or services. However, the Carrier shall continue the work not terminated.

(c) Except for defaults of subcontractors at any tier, the Carrier shall not be liable for any excess costs if the failure to perform the contract arises from causes beyond the control and without the fault or negligence of the Carrier. Examples of such causes include (1) acts of God or of the public enemy, (2) acts of the Government in either its sovereign or contractual capacity, (3) fires, (4) floods, (5) epidemics, (6) quarantine restrictions, (7) strikes, (8) freight embargoes,

and (9) unusually severe weather. In each instance the failure to perform must be beyond the control and without the fault or negligence of the Carrier.

(d) If the failure to perform is caused by the default of a subcontractor at any tier, and if the cause of the default is beyond the control of both the Carrier and subcontractor, and without the fault or negligence of either, the Carrier shall not be liable for any excess costs for failure to perform, unless the subcontracted supplies or services were obtainable from other sources in sufficient time for the Carrier to meet the required delivery schedule.

(e) If this contract is terminated for default, the Government may require the Carrier to transfer title and deliver to the Government, as directed by the Contracting Officer, any completed or partially completed information and contract rights that the Carrier has specifically produced or acquired for the terminated portion of this contract.

(f) If, after termination, it is determined that the Carrier was not in default, or that the default was excusable, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the Government.

(g) The rights and remedies of the Government in this clause are in addition to any other rights and remedies provided by law or under this contract.

SECTION 5.51
PENSION ADJUSTMENTS AND ASSET REVERSIONS (OCT 2010) (FAR 52.215-15)

(a) The Contractor shall promptly notify the Contracting Officer in writing when it determines that it will terminate a defined benefit pension plan or otherwise recapture such pension fund assets.

(b) For segment closings, pension plan terminations, or curtailment of benefits, the amount of the adjustment shall be-

(1) For contracts and subcontracts that are subject to full coverage under Cost Accounting Standards (CAS) Board rules and regulations (48 CFR Chapter 99), the amount measured, assigned, and allocated in accordance with 48 CFR 9904.413-50(c)(12); and

(2) For contracts and subcontracts that are not subject to full coverage under CAS, the amount measured, assigned, and allocated in accordance with 48 CFR 9904.413-50(c)(12), except the numerator of the fraction at 48 CFR 9904.413-50(c)(12)(vi)shall be the sum of the pension plan costs allocated to all non-CAS-covered contracts and subcontracts that are subject to Federal Acquisition Regulation (FAR) Subpart 31.2 or for which certified cost or pricing data were submitted.

(c) For all other situations where assets revert to the Contractor, or such assets are constructively received by it for any reason, the Contractor shall, at the Government's option, make a refund or give a credit to the Government for its equitable share of the gross amount withdrawn. The Government's equitable share shall reflect the Government's participation in pension costs through those contracts for which certified cost or pricing data were submitted or that are subject to FAR Subpart 31.2.

(d) The Contractor shall include the substance of this clause in all subcontracts under this contract that meet the applicability requirement of FAR 15.408(g).

SECTION 5.52
REVERSION OR ADJUSTMENT OF PLANS FOR POSTRETIREMENT BENEFITS (PRB) OTHER THAN PENSIONS (JUL 2005) (FAR 52.215-18)

(a) The Contractor shall promptly notify the Contracting Officer in writing when it determines that it will terminate or reduce a PRB plan.

(b) If PRB fund assets revert, or inure to the Contractor, or are constructively received by it under a plan termination or otherwise, the Contractor shall make a refund or give a credit to the Government for its equitable share as required by 31.205-6(o)(6) of the Federal Acquisition Regulation (FAR). When determining or agreeing on the method for recovery of the Government's equitable share, the contracting parties should consider the following methods: cost reduction, amortizing the credit over a number of years (with appropriate interest), cash refund, or some other agreed upon method. Should the parties be unable to agree on the method for recovery of the Government's equitable share, through good faith negotiations, the Contracting Officer shall designate the method of recovery.

(c)The Contractor shall insert the substance of this clause in all subcontracts that meet the applicability requirements of FAR 15.408(j).

SECTION 5.53
NOTICE TO THE GOVERNMENT OF LABOR DISPUTES (FEB 1997) (FAR 52.222-1)

If the Contractor has knowledge that any actual or potential labor dispute is delaying or threatens to delay the timely performance of this contract, the Contractor shall immediately give notice, including all relevant information, to the Contracting Officer.

SECTION 5.54
PENALTIES FOR UNALLOWABLE COSTS (MAY 2001) (FAR 52.242-3)

(a) Definition. Proposal, as used in this clause, means either --

(1) A final indirect cost rate proposal submitted by the Contractor after the expiration of its fiscal year which--

(i) Relates to any payment made on the basis of billing rates; or

(ii) Will be used in negotiating the final contract price; or

(2) The final statement of costs incurred and estimated to be incurred under the Incentive Price Revision clause (if applicable), which is used to establish the final contract price.

(b) Contractors which include unallowable indirect costs in a proposal may be subject to penalties. The penalties are prescribed in 10 U.S.C. 2324 or 41 U.S.C. 256, as applicable, which is implemented in Section 42.709 of the Federal Acquisition Regulation (FAR).

(c) The Contractor shall not include in any proposal any cost that is unallowable, as defined in Subpart 2.1of the FAR, or an executive agency supplement to the FAR.

(d) If the Contracting Officer determines that a cost submitted by the Contractor in its proposal is expressly unallowable under a cost principle in the FAR, or an executive agency supplement to the FAR, that defines the allowability of specific selected costs, the Contractor shall be assessed a penalty equal to--

(1) The amount of the disallowed cost allocated to this contract; plus

(2) Simple interest, to be computed--

(i) On the amount the Contractor was paid (whether as a progress or billing payment) in excess of the amount to which the Contractor was entitled; and

(ii) Using the applicable rate effective for each six-month interval prescribed by the Secretary of the Treasury pursuant to Pub. L. 92-41 (85 Stat. 97).

(e) If the Contracting Officer determines that a cost submitted by the Contractor in its proposal includes a cost previously determined to be unallowable for that Contractor, then the Contractor will be assessed a penalty in an amount equal to two times the amount of the disallowed cost allocated to this contract.

(f) Determinations under paragraphs (d) and (e) of this clause are final decisions within the meaning of the Contract Disputes Act of 1978 (41 U.S.C. 601, et seq.).

(g) Pursuant to the criteria in FAR 42.709-5, the Contracting Officer may waive the penalties in paragraph (d) or (e) of this clause.

(h) Payment by the Contractor of any penalty assessed under this clause does not constitute repayment to the Government of any unallowable cost which has been paid by the Government to the Contractor.

SECTION 5.55
EMPLOYMENT REPORTS ON VETERANS (SEP 2010) (FAR 52.222-37)

(a) *Definitions.* As used in this clause, "Armed Forces service medal veteran," "disabled veteran," "other protected veteran," and "recently separated veteran," have the meanings given in the Equal Opportunity for Veterans clause 52.222–35.

(b) Unless the Contractor is a State or local government agency, the Contractor shall report at least annually, as required by the Secretary of Labor, on—

(1) The total number of employees in the contractor's workforce, by job category and hiring location, who are disabled veterans, other protected veterans, Armed Forces service medal veterans, and recently separated veterans.

(2) The total number of new employees hired during the period covered by the report, and of the total, the number of disabled veterans, other protected veterans, Armed Forces service medal veterans, and recently separated veterans; and

(3) The maximum number and the minimum number of employees of the Contractor or subcontractor at each hiring location during the period covered by the report.

(c) The Contractor shall report the above items by completing the Form VETS-100A, entitled "Federal Contractor Veterans' Employment Report (VETS-100A Report)."

(d) The Contractor shall submit VETS-100A Reports no later than September 30 of each year.

(e) The employment activity report required by paragraphs (b)(2) and (b)(3) of this clause shall reflect total new hires, and maximum and minimum number of employees, during the most recent 12-month period preceding the ending date selected for the report. Contractors may select an ending date—

(1) As of the end of any pay period between July 1 and August 31 of the year the report is due; or

(2) As of December 31, if the Contractor has prior written approval from the Equal Employment Opportunity Commission to do so for purposes of submitting the Employer Information Report EEO-1 (Standard Form 100).

(f) The number of veterans reported must be based on data known to the contractor when completing the VETS–100A. The contractor's knowledge of veterans status may be obtained in a variety of ways, including an invitation to applicants to self-identify (in accordance with 41 CFR 60–300.42), voluntary self-disclosure by employees, or actual knowledge of veteran status by the

contractor. This paragraph does not relieve an employer of liability for discrimination under 38 U.S.C. 4212.

(g) The Contractor shall insert the terms of this clause in subcontracts of $100,000 or more unless exempted by rules, regulations, or orders of the Secretary of Labor.

SECTION 5.56
AUTHORIZATION AND CONSENT (DEC 2007) (FAR 52.227-1)

(a) The Government authorizes and consents to all use and manufacture, in performing this contract or any subcontract at any tier, of any invention described in and covered by a United States patent—

(1) Embodied in the structure or composition of any article the delivery of which is accepted by the Government under this contract; or

(2) Used in machinery, tools, or methods whose use necessarily results from compliance by the Contractor or a subcontractor with (i) specifications or written provisions forming a part of this contract or (ii) specific written instructions given by the Contracting Officer directing the manner of performance. the entire liability to the Government for infringement of a United States patent shall be determined solely by the provisions of the indemnity clause, if any, included in this contract or any subcontract hereunder (including any lower-tier subcontract), and the Government assumes liability for all other infringement to the extent of the authorization and consent hereinabove granted.

(b) The Contractor shall include the substance of this clause, including this paragraph (b), in all subcontracts that are expected to exceed the simplified acquisition threshold. However, omission of this clause from any subcontract, including those at or below the simplified acquisition threshold, does not affect this authorization and consent.

SECTION 5.57
NOTICE AND ASSISTANCE REGARDING PATENT AND COPYRIGHT INFRINGEMENT (DEC 2007) (FAR 52.227-2)

a) The Contractor shall report to the Contracting Officer, promptly and in reasonable written detail, each notice or claim of patent or copyright infringement based on the performance of this contract of which the Contractor has knowledge.

(b) In the event of any claim or suit against the Government on account of any alleged patent or copyright infringement arising out of the performance of this contract or out of the use of any supplies furnished or work or services performed under this contract, the Contractor shall furnish to the Government, when requested by the Contracting Officer, all evidence and information in the Contractor's possession pertaining to such claim or suit. Such evidence and information shall be furnished at the expense of the Government except where the Contractor has agreed to indemnify the Government.

(c) The Contractor shall include the substance of this clause, including this paragraph (c), in all subcontracts that are expected to exceed the simplified acquisition threshold.

SECTION 5.58
PAYMENT BY ELECTRONIC FUNDS TRANSFER--CENTRAL CONTRACTOR REGISTRATION (OCT 2003)(FAR 52.232-33)

(a) *Method of payment.*

(1) All payments by the Government under this contract shall be made by electronic funds transfer (EFT), except as provided in paragraph (a)(2) of this clause. As used in this clause, the term "EFT" refers to the funds transfer and may also include the payment information transfer.

(2) In the event the Government is unable to release one or more payments by EFT, the Contractor agrees to either --

(i) Accept payment by check or some other mutually agreeable method of payment; or

(ii) Request the Government to extend the payment due date until such time as the Government can make payment by EFT (but see paragraph (d) of this clause).

(b) *Contractor's EFT information.* The Government shall make payment to the Contractor using the EFT information contained in the Central Contractor Registration (CCR) database. In the event that the EFT information changes, the Contractor shall be responsible for providing the updated information to the CCR database.

(c) *Mechanisms for EFT payment.* The Government may make payment by EFT through either the Automated Clearing House (ACH) network, subject to the rules of the National Automated Clearing House Association, or the Fedwire Transfer System. The rules governing Federal payments through the ACH are contained in 31 CFR part 210.

(d) *Suspension of payment.* If the Contractor's EFT information in the CCR database is incorrect, then the Government need not make payment to the Contractor under this contract until correct EFT information is entered into the CCR database; and any invoice or contract financing request shall be deemed not to be a proper invoice for the purpose of prompt payment under this contract. The prompt payment terms of the contract regarding notice of an improper invoice and delays in accrual of interest penalties apply.

(e) *Liability for uncompleted or erroneous transfers.* (1) If an uncompleted or erroneous transfer occurs because the Government used the Contractor's EFT information incorrectly, the Government remains responsible for –

(i) Making a correct payment;

(ii) Paying any prompt payment penalty due; and

(iii) Recovering any erroneously directed funds.

(2) If an uncompleted or erroneous transfer occurs because the Contractor's EFT information was incorrect, or was revised within 30 days of Government release of the EFT payment transaction instruction to the Federal Reserve System, and –

(i) If the funds are no longer under the control of the payment office, the Government is deemed to have made payment and the Contractor is responsible for recovery of any erroneously directed funds; or

(ii) If the funds remain under the control of the payment office, the Government shall not make payment, and the provisions of paragraph (d) of this clause shall apply.

(f) *EFT and prompt payment.* A payment shall be deemed to have been made in a timely manner in accordance with the prompt payment terms of this contract if, in the EFT payment transaction instruction released to the Federal Reserve System, the date specified for settlement of the payment is on or before the prompt payment due date, provided the specified payment date is a valid date under the rules of the Federal Reserve System.

(g) *EFT and assignment of claims.* If the Contractor assigns the proceeds of this contract as provided for in the assignment of claims terms of this contract, the Contractor shall require as a

condition of any such assignment, that the assignee shall register separately in the CCR database and shall be paid by EFT in accordance with the terms of this clause. Notwithstanding any other requirement of this contract, payment to an ultimate recipient other than the Contractor, or a financial institution properly recognized under an assignment of claims pursuant to subpart 32.8 is not permitted. In all respects, the requirements of this clause shall apply to the assignee as if it were the Contractor. EFT information that shows the ultimate recipient of the transfer to be other than the Contractor, in the absence of a proper assignment of claims acceptable to the Government, is incorrect EFT information within the meaning of paragraph (d) of this clause.
(h) *Liability for change of EFT information by financial agent.* The Government is not liable for errors resulting from changes to EFT information made by the Contractor's financial agent.
(i) *Payment information.* The payment or disbursing office shall forward to the Contractor available payment information that is suitable for transmission as of the date of release of the EFT instruction to the Federal Reserve System. The Government may request the Contractor to designate a desired format and method(s) for delivery of payment information from a list of formats and methods the payment office is capable of executing. However, the Government does not guarantee that any particular format or method of delivery is available at any particular payment office and retains the latitude to use the format and delivery method most convenient to the Government. If the Government makes payment by check in accordance with paragraph (a) of this clause, the Government shall mail the payment information to the remittance address contained in the CCR database.
(End of clause)

SECTION 5.59
PROHIBITION OF SEGREGATED FACILITIES (FEB 1999) (FAR 52.222-21)

(a) "Segregated facilities," as used in this clause, means any waiting rooms, work areas, rest rooms and wash rooms, restaurants and other eating areas, time clocks, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing facilities provided for employees, that are segregated by explicit directive or are in fact segregated on the basis of race, color, religion, sex, or national origin because of written or oral policies or employee custom. The term does not include separate or single-user rest rooms or necessary dressing or sleeping areas provided to assure privacy between the sexes.
(b) The Contractor agrees that it does not and will not maintain or provide for its employees any segregated facilities at any of its establishments, and that it does not and will not permit its employees to perform their services at any location under its control where segregated facilities are maintained. The Contractor agrees that a breach of this clause is a violation of the Equal Opportunity clause in this contract.
(c) The Contractor shall include this clause in every subcontract and purchase order that is subject to the Equal Opportunity clause of this contract.

SECTION 5.60
SUBCONTRACTS FOR COMMERCIAL ITEMS (DEC 2010) (FAR 52.244-6)

(a) *Definitions.* As used in this clause—

"Commercial item" has the meaning contained in Federal Acquisition Regulation 2.101, Definitions.

"Subcontract" includes a transfer of commercial items between divisions, subsidiaries, or affiliates of the Contractor or subcontractor at any tier.

(b) To the maximum extent practicable, the Contractor shall incorporate, and require its subcontractors at all tiers to incorporate, commercial items or nondevelopmental items as components of items to be supplied under this contract.

(c)(1) The Contractor shall insert the following clauses in subcontracts for commercial items:

(i) 52.203-13, Contractor Code of Business Ethics and Conduct (APR 2010) (Pub. L. 110-252, Title VI, Chapter 1 (41 U.S.C. 251 note), if the subcontract exceeds $5,000,000 and has a performance period of more than 120 days. In altering this clause to identify the appropriate parties, all disclosures of violation of the civil False Claims Act or of Federal criminal law shall be directed to the agency Office of the Inspector General, with a copy to the Contracting Officer.

(ii) 52.203-15, Whistleblower Protections Under the American Recovery and Reinvestment Act of 2009 (JUN 2010) (Section 1553 of Pub. L. 111-5), if the subcontract is funded under the Recovery Act.

(iii) 52.219-8, Utilization of Small Business Concerns (DEC 2010) (15 U.S.C. 637(d)(2) and (3)), if the subcontract offers further subcontracting opportunities. If the subcontract (except subcontracts to small business concerns) exceeds $650,000 $1.5 million for construction of any public facility), the subcontractor must include 52.219-8 in lower tier subcontracts that offer subcontracting opportunities.

(iv) 52.222-26, Equal Opportunity (Mar 2007) (E.O. 11246).

(v) 52.222–35, Equal Opportunity for Veterans (SEP 2010) (38 U.S.C. 4212(a))

(vi) 52.222-36, Affirmative Action for Workers with Disabilities (OCT 2010) (29 U.S.C. 793).

(vii) 52.222–40, Notification of Employee Rights Under the National Labor Relations Act (Dec 2010) (E.O. 13496), if flow down is required in accordance with paragraph (f) of FAR clause 52.222–40.

(viii) [Reserved].

(ix) 52.247-64, Preference for Privately Owned U.S.-Flag Commercial Vessels (Feb 2006) (46 U.S.C. App. 1241 and 10 U.S.C. 2631), if flow down is required in accordance with paragraph (d) of FAR clause 52.247-64).

(2) While not required, the Contractor may flow down to subcontracts for commercial items a minimal number of additional clauses necessary to satisfy its contractual obligations.

(d) The Contractor shall include the terms of this clause, including this paragraph (d), in subcontracts awarded under this contract.

SECTION 5.61
NOTIFICATION OF EMPLOYEE RIGHTS UNDER NATIONAL LABOR RELATIONS ACT (DEC 2010)

(a) During the term of this contract, the Contractor shall post an employee notice, of such size and in such form, and containing such content as prescribed by the Secretary of Labor, in conspicuous places in and about its plants and offices where employees covered by the National Labor Relations Act engage in activities relating to the performance of the contract, including all

places where notices to employees are customarily posted both physically and electronically, in the languages employees speak, in accordance with 29 CFR 471.2(d) and (f).

(1) Physical posting of the employee notice shall be in conspicuous places in and about the Contractor's plants and offices so that the notice is prominent and readily seen by employees who are covered by the National Labor Relations Act and engage in activities related to the performance of the contract.

(2) If the Contractor customarily posts notices to employees electronically, then the Contractor shall also post the required notice electronically by displaying prominently, on any Web site that is maintained by the Contractor and is customarily used for notices to employees about terms and conditions of employment, a link to the Department of Labor's Web site that contains the full text of the poster. The link to the Department's Web site, as referenced in (b)(3) of this section, must read, "Important Notice about Employee Rights to Organize and Bargain Collectively with Their Employers."

(b) This required employee notice, printed by the Department of Labor, may be—

(1) Obtained from the Division of Interpretations and Standards, Office of Labor-Management Standards, U.S. Department of Labor, 200 Constitution Avenue, NW., Room N–5609, Washington, DC 20210, (202) 693–0123, or from any field office of the Office of Labor-Management Standards or Office of Federal Contract Compliance Programs;

(2) Provided by the Federal contracting agency if requested;

(3) Downloaded from the Office of Labor-Management Standards Web site at *http://www.dol.gov/olms/regs/compliance/EO13496.htm;* or

(4) Reproduced and used as exact duplicate copies of the Department of Labor's official poster.

(c) The required text of the employee notice referred to in this clause is located at Appendix A, Subpart A, 29 CFR Part 471.

(d) The Contractor shall comply with all provisions of the employee notice and related rules, regulations, and orders of the Secretary of Labor.

(e) In the event that the Contractor does not comply with the requirements set forth in paragraphs (a) through (d) of this clause, this contract may be terminated or suspended in whole or in part, and the Contractor may be suspended or debarred in accordance with 29 CFR 471.14 and subpart 9.4. Such other sanctions or remedies may be imposed as are provided by 29 CFR part 471, which implements Executive Order 13496 or as otherwise provided by law.

(f) *Subcontracts.*

(1) The Contractor shall include the substance of this clause, including this paragraph (f), in every subcontract that exceeds $10,000 and will be performed wholly or partially in the United States, unless exempted by the rules, regulations, or orders of the Secretary of Labor issued pursuant to section 3 of Executive Order 13496 of January 30, 2009, so that such provisions will be binding upon each subcontractor.

(2) The Contractor shall not procure supplies or services in a way designed to avoid the applicability of Executive Order 13496 or this clause.

(3) The Contractor shall take such action with respect to any such subcontract as may be directed by the Secretary of Labor as a means of enforcing such provisions, including the imposition of sanctions for noncompliance.

(4) However, if the Contractor becomes involved in litigation with a subcontractor, or is threatened with such involvement, as a result of such direction, the Contractor may request the

United States, through the Secretary of Labor, to enter into such litigation to protect the interests of the United States.

SECTION 5.62
APPLICABLE LAW FOR BREACH OF CONTRACT CLAIM (OCT 2004) (FAR 52.233-4)

United States law will apply to resolve any claim of breach of this contract.

SECTION 5.63
CENTRAL CONTRACTOR REGISTRATION (FEB 2012) (FAR 52.204-7)

(a) Definitions. As used in this clause—

"Central Contractor Registration (CCR) database" means the primary Government repository for Contractor information required for the conduct of business with the Government.

"Data Universal Numbering System (DUNS) number" means the 9-digit number assigned by Dun and Bradstreet, Inc. (D&B) to identify unique business entities.

"Data Universal Numbering System +4 (DUNS+4) number" means the DUNS number assigned by D&B plus a 4-character suffix that may be assigned by a business concern. (D&B has no affiliation with this 4-character suffix.) This 4-character suffix may be assigned at the discretion of the business concern to establish additional CCR records for identifying alternative Electronic Funds Transfer (EFT) accounts (see the FAR at Subpart 32.11) for the same concern.

"Registered in the CCR database" means that—

(1) The Contractor has entered all mandatory information, including the DUNS number or the DUNS+4 number, into the CCR database; and

(2) The Government has validated all mandatory data fields, to include validation of the Taxpayer Identification Number (TIN) with the Internal Revenue Service (IRS), and has marked the record "Active". The Contractor will be required to provide consent for TIN validation to the Government as a part of the CCR registration process.

(b)(1) By submission of an offer, the offeror acknowledges the requirement that a prospective awardee shall be registered in the CCR database prior to award, during performance, and through final payment of any contract, basic agreement, basic ordering agreement, or blanket purchasing agreement resulting from this solicitation.

(2) The offeror shall enter, in the block with its name and address on the cover page of its offer, the annotation "DUNS" or "DUNS +4" followed by the DUNS or DUNS +4 number that identifies the offeror's name and address exactly as stated in the offer. The DUNS number will be used by the Contracting Officer to verify that the offeror is registered in the CCR database.

(c) If the offeror does not have a DUNS number, it should contact Dun and Bradstreet directly to obtain one.

(1) An offeror may obtain a DUNS number—

(i) Via the Internet at http://fedgov.dnb.com/webform or if the offeror does not have internet access, it may call Dun and Bradstreet at 1-866-705-5711 if located within the United States; or

(ii) If located outside the United States, by contacting the local Dun and Bradstreet office. The offeror should indicate that it is an offeror for a U.S. Government contract when contacting the local Dun and Bradstreet office.

(2) The offeror should be prepared to provide the following information:

(i) Company legal business.

(ii) Tradestyle, doing business, or other name by which your entity is commonly recognized.

(iii) Company Physical Street Address, City, State, and ZIP Code.

(iv) Company Mailing Address, City, State and ZIP Code (if separate from physical).

(v) Company Telephone Number.

(vi) Date the company was started.

(vii) Number of employees at your location.

(viii) Chief executive officer/key manager.

(ix) Line of business (industry).

(x) Company Headquarters name and address (reporting relationship within your entity).

(d) If the Offeror does not become registered in the CCR database in the time prescribed by the Contracting Officer, the Contracting Officer will proceed to award to the next otherwise successful registered Offeror.

(e) Processing time, which normally takes 48 hours, should be taken into consideration when registering. Offerors who are not registered should consider applying for registration immediately upon receipt of this solicitation.

(f) The Contractor is responsible for the accuracy and completeness of the data within the CCR database, and for any liability resulting from the Government's reliance on inaccurate or incomplete data. To remain registered in the CCR database after the initial registration, the Contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the CCR database to ensure it is current, accurate and complete. Updating information in the CCR does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.

(g)

(1)

(i) If a Contractor has legally changed its business name, "doing business as" name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in Subpart 42.12, the Contractor shall provide the responsible Contracting Officer a minimum of one business day's written notification of its intention to (A) change the name in the CCR database; (B) comply with the requirements of Subpart 42.12 of the FAR; and (C) agree in writing to the timeline and procedures specified by the responsible Contracting Officer. The Contractor must provide with the notification sufficient documentation to support the legally changed name.

(ii) If the Contractor fails to comply with the requirements of paragraph (g)(1)(i) of this clause, or fails to perform the agreement at paragraph (g)(1)(i)(C) of this clause, and, in the absence of a properly executed novation or change-of-name agreement, the CCR information that shows the Contractor to be other than the Contractor indicated in the contract will be considered to be incorrect information within the meaning of the "Suspension of Payment" paragraph of the electronic funds transfer (EFT) clause of this contract.

(2) The Contractor shall not change the name or address for EFT payments or manual payments, as appropriate, in the CCR record to reflect an assignee for the purpose of assignment of claims (see FAR Subpart 32.8, Assignment of Claims). Assignees shall be separately registered in the CCR database. Information provided to the Contractor's CCR record that indicates payments, including those made by EFT, to an ultimate recipient other than that

Contractor will be considered to be incorrect information within the meaning of the "Suspension of payment" paragraph of the EFT clause of this contract.
(h) Offerors and Contractors may obtain information on registration and annual confirmation requirements via the internet at https://www.acquisition.gov or by calling 1-888-227-2423, or 269-961-5757.

SECTION 5.64
CONTRACTOR CODE OF BUSINESS ETHICS AND CONDUCT (APR 2010) (FAR 52.203-13).

(a) *Definitions*. As used in this clause--
Agent means any individual, including a director, an officer, an employee, or an independent Contractor, authorized to act on behalf of the organization.
Full cooperation--(1) Means disclosure to the Government of the information sufficient for law enforcement to identify the nature and extent of the offense and the individuals responsible for the conduct. It includes providing timely and complete response to Government auditors' and investigators' request for documents and access to employees with information;
(2) Does not foreclose any Contractor rights arising in law, the FAR, or the terms of the contract. It does not require--
(i) A Contractor to waive its attorney-client privilege or the protections afforded by the attorney work product doctrine; or
(ii) Any officer, director, owner, or employee of the Contractor, including a sole proprietor, to waive his or her attorney client privilege or Fifth Amendment rights; and
(3) Does not restrict a Contractor from--
(i) Conducting an internal investigation; or
(ii) Defending a proceeding or dispute arising under the contract or related to a potential or disclosed violation.
Principal means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a division, or business segment; and similar positions).
Subcontract means any contract entered into by a subcontractor to furnish supplies or services for performance of a prime contract or a subcontract.
Subcontractor means any supplier, distributor, vendor, or firm that furnished supplies or services to or for a prime contractor or another subcontractor.
United States means the 50 States, the District of Columbia, and outlying areas.
(b) *Code of business ethics and conduct*. (1) Within 30 days after contract award, unless the Contracting Officer establishes a longer time period, the Contractor shall—
(i) Have a written code of business ethics and conduct;
(ii) Make a copy of the code available to each employee engaged in performance of the contract.
(2) The Contractor shall--
(i) Exercise due diligence to prevent and detect criminal conduct; and
(ii) Otherwise promote an organizational culture that encourages ethical conduct and a commitment to compliance with the law.
(3)(i) The Contractor shall timely disclose, in writing, to the agency Office of the Inspector General (OIG), with a copy to the

Contracting Officer, whenever, in connection with the award, performance, or closeout of this contract or any subcontract thereunder, the Contractor has credible evidence that a principal, employee, agent, or subcontractor of the Contractor has committed--

(A) A violation of Federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in Title 18 of the United States Code; or

(B) A violation of the civil False Claims Act (31 U.S.C. 3729-3733).

(ii) The Government, to the extent permitted by law and regulation, will safeguard and treat information obtained pursuant to the Contractor's disclosure as confidential where the information has been marked ``confidential'' or ``proprietary'' by the company. To the extent permitted by law and regulation, such information will not be released by the Government to the public pursuant to a Freedom of Information Act request, 5 U.S.C. Section 552, without prior notification to the Contractor. The Government may transfer documents provided by the Contractor to any department or agency within the Executive Branch if the information relates to matters within the organization's jurisdiction.

(iii) If the violation relates to an order against a Governmentwide acquisition contract, a multi-agency contract, a multiple-award schedule contract such as the Federal Supply Schedule, or any other procurement instrument intended for use by multiple agencies, the Contractor shall notify the OIG of the ordering agency and the IG of the agency responsible for the basic contract.

(c) Business ethics awareness and compliance program and internal control system. This paragraph (c) does not apply if the Contractor has represented itself as a small business concern pursuant to the award of this contract or if this contract is for the acquisition of a commercial item as defined at FAR 2.101. The Contractor shall establish the following within 90 days after contract award, unless the Contracting Officer establishes a longer time period:

(1) An ongoing business ethics awareness and compliance program.

(i) This program shall include reasonable steps to communicate periodically and in a practical manner the Contractor's standards and procedures and other aspects of the Contractor's business ethics awareness and compliance program and internal control system, by conducting effective training programs and otherwise disseminating information appropriate to an individual's respective roles and responsibilities.

(ii) The training conducted under this program shall be provided to the Contractor's principals and employees, and as appropriate, the Contractor's agents and subcontractors.

(2) An internal control system.

(i) The Contractor's internal control system shall--

(A) Establish standards and procedures to facilitate timely discovery of improper conduct in connection with Government contracts; and

(B) Ensure corrective measures are promptly instituted and carried out.

(ii) At a minimum, the Contractor's internal control system shall provide for the following:

(A) Assignment of responsibility at a sufficiently high level and adequate resources to ensure effectiveness of the business ethics awareness and compliance program and internal control system.

(B) Reasonable efforts not to include an individual as a principal, whom due diligence would have exposed as having engaged in conduct that is in conflict with the Contractor's code of business ethics and conduct.

(C) Periodic reviews of company business practices, procedures, policies, and internal controls for compliance with the Contractor's code of business ethics and conduct and the special requirements of Government contracting, including--

(1) Monitoring and auditing to detect criminal conduct;

(2) Periodic evaluation of the effectiveness of the business ethics awareness and compliance program and internal control system, especially if criminal conduct has been detected; and

(3) Periodic assessment of the risk of criminal conduct, with appropriate steps to design, implement, or modify the business ethics awareness and compliance program and the internal control system as necessary to reduce the risk of criminal conduct identified through this process.

(D) An internal reporting mechanism, such as a hotline, which allows for anonymity or confidentiality, by which employees may report suspected instances of improper conduct, and instructions that encourage employees to make such reports.

(E) Disciplinary action for improper conduct or for failing to take reasonable steps to prevent or detect improper conduct.

(F) Timely disclosure, in writing, to the agency OIG, with a copy to the Contracting Officer, whenever, in connection with the award, performance, or closeout of any Government contract performed by the Contractor or a subcontractor thereunder, the Contractor has credible evidence that a principal, employee, agent, or subcontractor of the Contractor has committed a violation of Federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in Title 18 U.S.C. or a violation of the civil False Claims Act (31 U.S.C. 3729-3733).

(1) If a violation relates to more than one Government contract, the Contractor may make the disclosure to the agency OIG and Contracting Officer responsible for the largest dollar value contract impacted by the violation.

(2) If the violation relates to an order against a Governmentwide acquisition contract, a multi-agency contract, a multiple-award schedule contract such as the Federal Supply Schedule, or any other procurement instrument intended for use by multiple agencies, the contractor shall notify the OIG of the ordering agency and the IG of the agency responsible for the basic contract, and the respective agencies' contracting officers.

(3) The disclosure requirement for an individual contract continues until at least 3 years after final payment on the contract.

(4) The Government will safeguard such disclosures in accordance with paragraph (b)(3)(ii) of this clause.

(G) Full cooperation with any Government agencies responsible for audits, investigations, or corrective actions.

(d) Subcontracts. (1) The Contractor shall include the substance of this clause, including this paragraph (d), in subcontracts that have a value in excess of $5,000,000 and a performance period of more than 120 days.

(2) In altering this clause to identify the appropriate parties, all disclosures of violation of the civil False Claims Act or of Federal criminal law shall be directed to the agency Office of the Inspector General, with a copy to the Contracting Officer.

SECTION 5.65
EMPLOYMENT ELIGIBILITY VERIFICATION (JAN 2009) (FAR 52.222-54).

(a) Definitions. As used in this clause--Commercially available off-the-shelf (COTS) item--

(1) Means any item of supply that is--

(i) A commercial item (as defined in paragraph (1) of the definition at 2.101);

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in section 3 of the Shipping Act of 1984 (46 U.S.C. App. 1702), such as agricultural products and petroleum products. Per 46 CFR 525.1(c)(2), "bulk cargo" means cargo that is loaded and carried in bulk onboard ship without mark or count, in a loose unpackaged form, having homogenous characteristics. Bulk cargo loaded into intermodal equipment, except LASH or Seabee barges, is subject to mark and count and, therefore, ceases to be bulk cargo.

Employee assigned to the contract means an employee who was hired after November 6, 1986, who is directly performing work, in the United States, under a contract that is required to include the clause prescribed at 22.1803. An employee is not considered to be directly performing work under a contract if the employee--

(1) Normally performs support work, such as indirect or overhead functions; and

(2) Does not perform any substantial duties applicable to the contract.

Subcontract means any contract, as defined in 2.101, entered into by a subcontractor to furnish supplies or services for performance of a prime contract or a subcontract. It includes but is not limited to purchase orders, and changes and modifications to purchase orders.

Subcontractor means any supplier, distributor, vendor, or firm that furnishes supplies or services to or for a prime Contractor or another subcontractor.

United States, as defined in 8 U.S.C. 1101(a)(38), means the 50 States, the District of Columbia, Puerto Rico, Guam, and the U.S. Virgin Islands.

(b) Enrollment and verification requirements. (1) If the Contractor is not enrolled as a Federal Contractor in E-Verify at time of contract award, the Contractor shall--

(i) Enroll. Enroll as a Federal Contractor in the E-Verify program within 30 calendar days of contract award;

(ii) Verify all new employees. Within 90 calendar days of enrollment in the E-Verify program, begin to use E-Verify to initiate verification of employment eligibility of all new hires of the Contractor, who are working in the United States, whether or not assigned to the contract, within 3 business days after the date of hire (but see paragraph (b)(3) of this section); and

(iii) Verify employees assigned to the contract. For each employee assigned to the contract, initiate verification within 90 calendar days after date of enrollment or within 30 calendar days of the employee's assignment to the contract, whichever date is later (but see paragraph (b)(4) of this section).

(2) If the Contractor is enrolled as a Federal Contractor in E-Verify at time of contract award, the Contractor shall use E-Verify to initiate verification of employment eligibility of--

(i) All new employees. (A) Enrolled 90 calendar days or more.

The Contractor shall initiate verification of all new hires of the Contractor, who are working in the United States, whether or not assigned to the contract, within 3 business days after the date of hire (but see paragraph (b)(3) of this section); or

(B) Enrolled less than 90 calendar days. Within 90 calendar days after enrollment as a Federal Contractor in E-Verify, the Contractor shall initiate verification of all new hires of the Contractor, who are working in the United States, whether or not assigned to the contract, within 3 business days after the date of hire (but see paragraph (b)(3) of this section); or

(ii) Employees assigned to the contract. For each employee assigned to the contract, the Contractor shall initiate verification within 90 calendar days after date of contract award or within 30 days after assignment to the contract, whichever date is later (but see paragraph (b)(4) of this section).

(3) If the Contractor is an institution of higher education (as defined at 20 U.S.C. 1001(a)); a State or local government or the government of a Federally recognized Indian tribe; or a surety performing under a takeover agreement entered into with a Federal agency pursuant to a performance bond, the Contractor may choose to verify only employees assigned to the contract, whether existing employees or new hires. The Contractor shall follow the applicable verification requirements at (b)(1) or (b)(2), respectively, except that any requirement for verification of new employees applies only to new employees assigned to the contract.

(4) Option to verify employment eligibility of all employees.

The Contractor may elect to verify all existing employees hired after November 6, 1986, rather than just those employees assigned to the contract. The Contractor shall initiate verification for each existing employee working in the United States who was hired after November 6, 1986, within 180 calendar days of--

(i) Enrollment in the E-Verify program; or

(ii) Notification to E-Verify Operations of the Contractor's decision to exercise this option, using the contact information provided in the E-Verify program Memorandum of Understanding (MOU).

(5) The Contractor shall comply, for the period of performance of this contract, with the requirements of the E-Verify program MOU.

(i) The Department of Homeland Security (DHS) or the Social Security Administration (SSA) may terminate the Contractor's MOU and deny access to the E-Verify system in accordance with the terms of the MOU. In such case, the Contractor will be referred to a suspension or debarment official.

(ii) During the period between termination of the MOU and a decision by the suspension or debarment official whether to suspend or debar, the Contractor is excused from its obligations under paragraph (b) of this clause. If the suspension or debarment official determines not to suspend or debar the Contractor, then the Contractor must reenroll in E-Verify.

(c) Web site. Information on registration for and use of the E-Verify program can be obtained via the Internet at the Department of Homeland Security Web site: http://www.dhs.gov/E-Verify.

(d) Individuals previously verified. The Contractor is not required by this clause to perform additional employment verification using E-Verify for any employee--

(1) Whose employment eligibility was previously verified by the Contractor through the E-Verify program;

(2) Who has been granted and holds an active U.S. Government security clearance for access to confidential, secret, or top secret information in accordance with the National Industrial Security Program Operating Manual; or

(3) Who has undergone a completed background investigation and been issued credentials pursuant to Homeland Security Presidential Directive (HSPD)-12, Policy for a Common Identification Standard for Federal Employees and Contractors.

(e) Subcontracts. The Contractor shall include the requirements of this clause, including this paragraph (e) (appropriately modified for identification of the parties), in each subcontract that-

(1) Is for--(i) Commercial or noncommercial services (except for commercial services that are part of the purchase of a COTS item (or an item that would be a COTS item, but for minor

modifications), performed by the COTS provider, and are normally provided for that COTS item); or

(ii) Construction;

(2) Has a value of more than $3,000; and

(3) Includes work performed in the United States.

SECTION 5.66
UPDATES OF PUBLICALLY AVAILABLE INFORMATION REGARDING RESPONSIBILITY MATTERS (FEB 2012) (FAR 52.209-9)

(a) The Contractor shall update the information in the Federal Awardee Performance and integrity Information System (FAPIIS) on a semi-annual basis, throughout the life of the contract, by posting the required information in the Central Contractor Registration database via https://www.acquisition.gov.

(b) As required by section 3010 of the Supplemental Appropriations Act, 2010 (Pub. L. 111-212), all information posted in FAPIIS on or after April 15, 2011, except past performance reviews, will be publicly available. FAPIIS consists of two segments—

(1) The non-public segment, into which Government officials and the Contractor post information, which can only be viewed by—

(i) Government personnel and authorized users performing business on behalf of the Government; or

(ii) The Contractor, when viewing data on itself; and

(2) The publicly-available segment, to which all data in the non-public segment of FAPIIS is automatically transferred after a waiting period of 14 calendar days, except for—

(i) Past performance reviews required by subpart 42.15;

(ii) Information that was entered prior to April 15, 2011; or

(iii) Information that is withdrawn during the 14-calendar-day waiting period by the Government official who posted it in accordance with paragraph (c)(1) of this clause.

(c) The Contractor will receive notification when the Government posts new information to the Contractor's record.

(1) If the Contractor asserts in writing within 7 calendar days, to the Government official who posted the information, that some of the information posted to the non-public segment of FAPIIS is covered by a disclosure exemption under the Freedom of Information Act, the Government official who posted the information must within 7 calendar days remove the posting from FAPIIS and resolve the issue in accordance with agency Freedom of Information procedures, prior to reposting the releasable information. The contractor must cite 52.209-9 and request removal within 7 calendar days of the posting to FAPIIS.

(2) The Contractor will also have an opportunity to post comments regarding information that has been posted by the Government. The comments will be retained as long as the associated information is retained, i.e., for a total period of 6 years. Contractor comments will remain a part of the record unless the Contractor revises them.

(3) As required by section 3010 of Pub. L. 111-212, all information posted in FAPIIS on or after April 15, 2011, except past performance reviews, will be publicly available.

(d) Public requests for system information posted prior to April 15, 2011, will be handled under Freedom of Information Act procedures, including, where appropriate, procedures

promulgated under E.O. 12600.

SECTION 5.67
PERSONAL IDENTITY VERIFICATION OF CONTRACTOR PERSONNEL (JAN 2011)
(FAR 52.204-9)

(a) The Contractor shall comply with agency personal identity verification procedures identified in the contract that implement Homeland Security Presidential Directive-12 (HSPD-12), Office of Management and Budget (OMB) guidance M-05-24 and Federal Information Processing Standards Publication (FIPS PUB) Number 201.

(b) The Contractor shall account for all forms of Government-provided identification issued to the Contractor employees in connection with performance under this contract. The Contractor shall return such identification to the issuing agency at the earliest of any of the following, unless otherwise determined by the Government:

(1) When no longer needed for contract performance.

(2) Upon completion of the Contractor employee's employment.

(3) Upon contract completion or termination.

(c) The Contracting Officer may delay final payment under a contract if the Contractor fails to comply with these requirements.

(d) The Contractor shall insert the substance of this clause, including this paragraph (d), in all subcontracts when the subcontractor's employees are required to have routine physical access to a Federally-controlled facility and/or routine access to a Federally-controlled information system. It shall be the responsibility of the prime Contractor to return such identification to the issuing agency in accordance with the terms set forth in paragraph (b) of this section, unless otherwise approved in writing by the Contracting Officer.

[Note: For purposes of this Contract, a Federally-controlled information system means the OPM Letter of Credit System.]

SECTION 5.68
PRIVACY OR SECURITY SAFEGUARDS (AUG 1996) (FAR 52.239-1)

(a) The Contractor shall not publish or disclose in any manner, without the Contracting Officer's written consent, the details of any safeguards either designed or developed by the Contractor under this contract or otherwise provided by the Government.

(b) To the extent required to carry out a program of inspection to safeguard against threats and hazards to the security, integrity, and confidentiality of Government data, the Contractor shall afford the Government access to the Contractor's facilities, installations, technical capabilities, operations, documentation, records, and databases.

(c) If new or unanticipated threats or hazards are discovered by either the Government or the Contractor, or if existing safeguards have ceased to function, the discoverer shall immediately bring the situation to the attention of the other party.

[Note: For purposes of this Contract and this clause, privacy or security safeguards pertain to the OPM Letter of Credit System.]

SECTION 5.69
ENCOURAGING CONTRACTOR POLICIES TO BAN TEXT MESSAGING WHILE DRIVING (AUG 2011) (FAR 52.223-18)

(a) Definitions. As used in this clause—

"Driving"–

(1) Means operating a motor vehicle on an active roadway with the motor running, including while temporarily stationary because of traffic, a traffic light, stop sign, or otherwise.

(2) Does not include operating a motor vehicle with or without the motor running when one has pulled over to the side of, or off, an active roadway and has halted in a location where one can safely remain stationary.

"Text messaging" means reading from or entering data into any handheld or other electronic device, including for the purpose of short message service texting, e-mailing, instant messaging, obtaining navigational information, or engaging in any other form of electronic data retrieval or electronic data communication. The term does not include glancing at or listening to a navigational device that is secured in a commercially designed holder affixed to the vehicle, provided that the destination and route are programmed into the device either before driving or while stopped in a location off the roadway where it is safe and legal to park.

(b) This clause implements Executive Order 13513, Federal Leadership on Reducing Text Messaging While Driving, dated October 1, 2009.

(c) The Contractor is encouraged to—

(1) Adopt and enforce policies that ban text messaging while driving—

(i) Company-owned or -rented vehicles or Government-owned vehicles; or

(ii) Privately-owned vehicles when on official Government business or when performing any work for or on behalf of the Government.

(2) Conduct initiatives in a manner commensurate with the size of the business, such as—

(i) Establishment of new rules and programs or re-evaluation of existing programs to prohibit text messaging while driving; and

(ii) Education, awareness, and other outreach to employees about the safety risks associated with texting while driving.

(d) Subcontracts. The Contractor shall insert the substance of this clause, including this paragraph (d), in all subcontracts that exceed the micro-purchase threshold.

APPENDIX A

2013

Brochure Text

For a copy of the 2013 brochure, please go to www.fepblue.org.

(FFS-2013)

APPENDIX B

SUBSCRIPTION RATES, CHARGES, ALLOWANCES AND LIMITATIONS

Fee-For-Service Carrier

(Blue Cross and Blue Shield Association)
CONTRACT NO. CS 1039
Effective January 1, 2013

(a) Biweekly net-to-carrier rates, with appropriate adjustments for Enrollees paid on other than a biweekly basis, are as follows:

Standard Option		Basic Option	
Self Only	$266.11	Self Only	$227.21
Self and Family	$601.05	Self and Family	$532.02

(b) The amount of administrative expenses and charges to be included in the Annual Accounting Statement required by Section 3.2 shall be as set out in the schedule below:

Item	Amount
(i) Administrative Expenses	Actual, but not to exceed the Contractual Expense Limitation for 2013.* plus an amount sufficient to cover the costs needed to pay the Plan's Independent Public Accountant to undertake the audits and agreed upon procedures required in the "FEHBP Experienced-Rated Carrier and Service Organization Audit Guide."
(ii) Taxes	Actual (except that premium taxes as defined are not allowable).
(iii) Service Charge	REDACTED

*The Contractual Expense Limitation for 2013 is the Contractual Expense Limitation for 2012 (REDACTED), plus or minus adjustments for inflation and enrollment changes. Notwithstanding Section 3.2(b) of this Contract, costs of "activities that improve health care quality", as determined in accordance with the medical loss ratio provision of the Affordable Care Act (Section 2718 of the Public Health Service Act; 42 U.S.C. § 300gg-18, and its implementing regulations), are accounted for as benefits and are not counted toward the

Contractual Expense Limit. The base shall be adjusted by percentage changes in enrollment (from OPM's March 2012 to March 2013 headcount) and by the percentage change in the average monthly Consumer Price Index for All Urban Consumers (published monthly by the Bureau of Labor Statistics) from the 12 month period ending on June 30, 2012, to the 12 month period ending on June 30, 2013.

APPENDIX C
FEHB Supplemental Literature Guidelines
(RV JAN 2013)

This is the primary guide a Carrier should use to assess whether the Carrier's supplemental marketing literature, including website material, complies with FEHBAR 1603.70, Misleading, Deceptive or Unfair Advertising. (Use the NAIC Guidelines for additional guidance when needed.)

a) GENERAL

1. Section 1.13 of the FEHB contract requires that the Carrier may not distribute or display marketing materials or other supplemental literature (including provider directories) in a Federal or Tribal Employer facility or arrange for the distribution of such documents by Federal agencies or Tribal Employers unless the documents have been prepared in accordance with FEHBAR 1652.203-70, and the Carrier has certified to OPM that is the case.

2. Review supplemental marketing material for compliance each year, whether or not it changed from the past year.

3. Word the literature simply and concisely to get a readily understandable, attractive marketing piece.

4. Include sufficient detail to ensure accuracy.

5. Under the FEHBP, the FEHB brochure is based on text approved by OPM and is a complete statement of benefits, limitations, and exclusions. Include the following statement (website material should include the statement as a preface) in all supplemental literature which in any way discusses Plan benefits:

"This is a summary [or brief description] of the features of the [insert Plan's name]. Before making a final decision, please read the Plan's Federal brochure ([insert brochure number]). All benefits are subject to the definitions, limitations, and exclusions set forth in the Federal brochure."

6. You may include non-FEHBP benefits, i.e., benefits which are not FEHB benefits and are not guaranteed under the Federal contract with the following disclaimer:

"These benefits are neither offered nor guaranteed under contract with the FEHB Program, but are made available to all Enrollees and family members who become members of [insert Plan's name]."

7. Supplemental literature must be clearly distinguishable from the Federal brochure.

8. Do not use the FEHB logo in your supplemental literature.

9. Do not use material which conflicts with the Federal brochure. If your material conflicts, you must change the material or not distribute it.

b) RATE PRESENTATIONS

Under the FEHBP there are only two categories of enrollment, Self Only and Self and Family. For most enrollments, the premium for each Enrollee's enrollment is shared between the Enrollee and the Government or Tribal Employer. The Government or Tribal Employer contribution is based on the formula provided in the FEHB law. Deductions for most Enrollees' share, along with the Government's contribution or Tribal Employer's contribution, are made in accordance with the schedule on which the employee, Tribal Employee, or annuitant's (retiree)

salary or annuitant check is issued by the Enrollee's agency, Tribal Employer, or retiree's retirement system. Most employees are paid biweekly. Annuitants are issued monthly checks.

Employees, Tribal Employees, and annuitants do not have separate categories of enrollment. They pay the same rates, whether on a biweekly, semimonthly, or monthly basis, and receive the same benefits when they are in the same FEHB Plan, except that active Postal employees pay a lesser share, as their cost sharing formula with the Postal Service calls for a greater Government contribution.

The Enrollee's share for each FEHB Plan for each type of enrollment (Self Only, Self and Family) is listed in the Guide to Federal Benefits. This Guide is prepared each Open Season and is distributed directly to agencies by OPM; they in turn distribute the Guide to employees. The Guide will be made available to Tribal Employers to distribute to Tribal Employees. Biweekly and monthly rates are also shown on an insert you prepare for your brochure. Separate guides are prepared for special groups of Enrollees, including those for which the agency or Tribal Employer makes no premium contribution, such as former spouses and employees and family members with temporarily continued coverage.

In making your rate presentations:

1. With the exception of the Summary of Benefits and Coverage referenced at section 1.13(e), list your FEHB rates in each piece of supplemental material which lists benefits. Do not list the rates of any competitor Plan.

2. Immediately above the rates include the following statement:

"These rates do not apply to all Enrollees. If you are in a special enrollment category, please refer to your special Guide to Federal Benefits or contact the agency or Tribal Employer which maintains your health benefits enrollment."

3. If you wish to list Postal rates in addition to non-Postal rates, Postal and non-Postal rates should be clearly identified and listed separately. (Please note there are no monthly Postal rates; upon retirement, Postal employees receive the non-postal contribution.)

c) BENEFIT PRESENTATIONS

Please note the following:

1. Do not compare your benefits or operations with that of any other Plan.
2. Accurately describe your FEHB benefits offering.
3. Avoid incomplete or overstated benefit descriptions, or those which conflict with the Federal brochure.
4. Show applicable coverage limitations, such as day or dollar limitations, coinsurance or deductibles.
5. Do not list exclusions and limitations not listed in the Federal brochure.
6. Do not include general references not in the brochure.
7. Do not reference coverage for which a Federal employee, Tribal Employee, or retiree would have to drop FEHB coverage. Exception: 5 CFR 890.301 provides that an annuitant or former spouse, as defined in 5 U.S.C. 8901(10), who cancels FEHBP enrollment for the purpose of enrolling in a prepaid health Plan under sections 1833 or 1876 of the Social Security Act may register to re-enroll. Therefore, if yours is such a prepaid Plan contracting with Medicare you must describe your Medicare supplemental program for Medicare-covered retirees.

d) ENROLLMENT INSTRUCTIONS

Enrollment under the FEHBP is governed solely by the Federal Employees Health Benefits law and applicable regulations. The various Federal agencies and Tribal Employers have responsibility for administering the law and regulations during the annual open enrollment

period (Open Season) and at all other times during the year. Agency and Tribal Employer personnel offices perform the basic health benefits functions, such as instructing employees about the conduct of the Open Season and other health benefits matters, answering employee questions, and processing elections and changes of enrollment, including determinations of eligibility and assignment of effective dates of coverage. Agency and Tribal Employer payroll offices make the necessary salary deductions.

The Federal instrument for electing to enroll in a Plan or changing an existing enrollment in a Plan from Self Only to Self and Family (or the reverse) is the Standard Form (SF) 2809, or alternative electronic or telephonic method approved by OPM. Carriers must be able to accept electronic file transfers. The effective date for Open Season enrollments is the first day of the first pay period which begins on or after January 1 for employees; the effective date generally is January 1 for annuitants and Tribal Employees. The specific effective date for an individual will be assigned by the individual's personnel office.

Covered Family Members are as defined in the FEHB regulations. Basically, Family Members are immediate family members, including spouse and children under age 26. When Self and Family coverage is established for an individual, all family members as defined under the regulations are automatically covered as of the effective date assigned by the personnel office, whether or not they are listed on the SF 2809, on other documents, or communicated by electronic or telephonic transmittal. Family members (e.g., newborns) who are added under an existing Self and Family enrollment are automatically covered from the date the individual becomes a family member, e.g., from birth. Personnel offices do not issue any notification when a new Family Member is added under an existing Self and Family enrollment and the Enrollee does not submit a new SF 2809 or other election instrument.

The agencies and Tribal Employers are the primary contact point for employees and Tribal Employees on health benefits enrollment matters. OPM's Office of Retirement Programs performs this function for annuitants (retirees). As highlighted below, Carriers may not impose their own enrollment requirements and procedures.

1. Do not give specific instructions on enrollment. Statements regarding election of coverage or change of enrollment procedures, requirements, or eligibility must be limited to referring individuals to their personnel office for the appropriate instructions; your plan's Self Only and Self and Family enrollment codes; and notice for retirees to contact their retirement system for instructions.

2. While the Carrier may ask Enrollees for information (see Section f) and may follow-up with Enrollees and, when necessary, the employing office, the Carrier will not require a member complete plan specific enrollment or application forms. (You may ask the Enrollee to complete "information" forms.) You may ask the Enrollee to keep you advised of family member changes and you may verify the change, but failure to complete a form does not render an eligible Family Member ineligible.

3. Personnel offices will not stock your Plan's forms. Do not indicate otherwise.

4. If supplemental literature is directed to potential members rather than just-enrolled members, do not include statements indicating otherwise.

5. Again, the Federal brochure, rather than any other plan document, is the Member's complete statement of benefits. Do not indicate otherwise.

e) PROVIDER DIRECTORIES

The provider directory must conform to the requirements listed below. Carriers must provide access to the provider directory on their website and send a provider directory to any Enrollee who requests one.

Please note that a Federal employee, Tribal Employee, or annuitant choosing your Plan during the Open Season is doing so with the expectation that the Plan's provider directory is accurate and that providers shown will be available starting January 1.

1. Show the Plan's hospitals, individual physicians, and group practice medical facilities. State the addresses of the medical facilities and show the general location within the service area for individual doctors and hospitals.

2. In the directory, display prominently the following statement: "It is important to know when you enroll in this Plan, benefits are available as described in the Plan's Federal brochure, but the continued participation of any one doctor, hospital or other provider cannot be guaranteed."

3. Do not list enrollment or eligibility requirements on the provider directory.

f) INFORMATION FORMS

You may distribute forms to obtain information from Enrollees about the Enrollee and any Family Members. For instance, to obtain the information regarding Medicare you will need for rate-setting purposes under the Federal Program, you may ask who is enrolled under Medicare Part A, Medicare Part B or Medicare Parts A and B. For another example, Carriers may ask that a primary care doctor be selected for a Point of Service product. If you wish to distribute an information form, you may find such forms are more readily returned if they are postage-paid. Do not indicate enrollment in the Plan is contingent upon completing and returning the form.

APPENDIX D
RULES FOR COORDINATION OF BENEFITS

Model Regulation Service--July 2005
National Association of Insurance Commissioners

When a person is covered by two (2) or more plans. the rules for determining the order of benefit payments are as follows:

A. (1) The primary plan shall pay or provide its benefits as if the secondary plan or plans did not exist.

(2) If the primary plan is a closed panel plan and the secondary plan is not a closed panel plan, the secondary plan shall pay or provide benefits as if it were the primary plan when a covered person uses a non-panel provider, except for emergency services or authorized referrals that are paid or provided by the primary plan.

(3) When multiple contracts providing coordinated coverage are treated as a single plan under this regulation, this section applies only to the plan as a whole, and coordination among the component contracts is governed by the terms of the contracts. If more than one carrier pays or provides benefits under the plan, the carrier designated as primary within the plan shall be responsible for the plan's compliance with this regulation.

(4) If a person is covered by more than one secondary plan, the order of benefit determination rules of this regulation decide the order in which secondary plans benefits are determined in relation to each other. Each secondary plan shall take into consideration the benefits of the primary plan or plans and the benefits of any other plan, which, under the rules of this regulation, has its benefits determined before those of that secondary plan.

B. (1) Except as provided in Paragraph (2), a plan that does not contain order of benefit determination provisions that are consistent with this regulation is always the primary plan unless the provisions of both plans, regardless of the provisions of this paragraph, state that the complying plan is primary.

(2) Coverage that is obtained by virtue of membership in a group and designed to supplement a part of a basic package of benefits may provide that the supplementary coverage shall be excess to any other parts of the plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a closed panel plan to provide out-of-network benefits.

C. A plan may take into consideration the benefits paid or provided by another plan only when, under the rules of this regulation, it is secondary to that other plan.

D. Order of Benefit Determination

Each plan determines its order of benefits using the first of the following rules that applies:

(1) Non-Dependent or Dependent

(a) Subject to Subparagraph (b) of this paragraph, the plan that covers the person other than as a dependent, for example as an employee, member, subscriber, policyholder or retiree, is the primary plan and the plan that covers the person as a dependent is the secondary plan.

(b) (i) If the person is a Medicare beneficiary, and, as a result of the provisions of Title XVIII of the Social Security Act and implementing regulations, Medicare is:

(I) Secondary to the plan covering the person as a dependent; and

(II) Primary to the plan covering the person as other than a dependent (e.g. a retired employee),

(ii) Then the order of benefits is reversed so that the plan covering the person as an employee, member, subscriber, policyholder or retiree is the secondary plan and the other plan covering the person as a dependent is the primary plan.

Drafting Note: The provisions of Subparagraph (b) address the situation where federal law requires Medicare to be secondary with respect to group health plans in certain situations despite state law order of benefit determination provisions to the contrary. One example of this type of situation arises when a person, who is a Medicare beneficiary, is also covered under his or her own group health plan as a retiree and under a group health plan as a dependent of an active employee. In this situation, each of the three plans is secondary to the other as the following illustrates: (1) Medicare is secondary to the group health plan covering the person as a dependent of an active employee as required pursuant to the Medicare secondary payer rules; (2) the group health plan covering the person as a dependent of an active employee is secondary to the group health plan covering the person as a retiree, as required under Subparagraph (a); and (3) the group health plan covering the claimant as retiree is secondary to Medicare because the plan is designed to supplement Medicare when Medicare is the primary plan. Subparagraph (b) resolves this problem by making the group health plan covering the person as a dependent of an active employee the primary plan. The dependent coverage pays before the non-dependent coverage even though under state law order of benefit determination provisions in the absence of Subparagraph (b), the non-dependent coverage (e.g. retiree coverage) would be expected to pay before the dependent coverage. Therefore, in cases that involve Medicare, generally, the dependent coverage pays first as the primary plan, Medicare

pays second as the secondary plan, and the non-dependent coverage (e.g. retiree coverage) pays third.

The reason why Subparagraph (b) provides for this order of benefits making the plan covering the person as dependent of an active employee primary is because Medicare will not be primary in most situations to any coverage that a dependent has on the basis of active employment and, as such, Medicare will not provide any information as to what Medicare would have paid had it been primary. The plan covering the person as a retiree cannot determine its payment as a secondary plan unless it has information about what the primary plan paid. The plan covering the person as a dependent of an active employee could be subject to penalties under the Medicare secondary payer rules if it refuses to pay its benefits. The plan covering the person as a retiree is not subject to the same penalties because, in this particular situation, as described above, which does not involve a person eligible for Medicare based on end-stage renal disease (ESRD), the plan can never be primary to Medicare. As such, out of the three plans providing coverage to the person, the plan covering the person as a dependent of an active employee can determine its benefits most easily.

(2) Dependent Child Covered Under More Than One Plan

Unless there is a court decree stating otherwise, plans covering a dependent child shall determine the order of benefits as follows:

(a) For a dependent child whose parents are married or are living together, whether or not they have ever been married:

(i) The plan of the parent whose birthday falls earlier in the calendar year is the primary plan; or

(ii) If both parents have the same birthday, the plan that has covered the parent longest is the primary plan.

(b) For a dependent child whose parents are divorced or separated or are not living together, whether or not they have ever been married:

(i) If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the plan of that parent has actual knowledge of those terms, that plan is primary. If the parent with responsibility has no health care coverage for the dependent child's health care expenses, but that parent's spouse does, that parent's spouse's plan is the primary plan. This item shall not apply with respect to any plan year during which benefits are paid or provided before the entity has actual knowledge of the court decree provision;

(ii)If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of Subparagraph (a) of this paragraph shall determine the order of benefits;

(iii) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of Subparagraph (a) of this paragraph shall determine the order of benefits: or

(iv) If there is no court decree allocating responsibility for the child's health care expenses or health care coverage, the order of benefits for the child are as follows:

(I) The plan covering the custodial parent:

(II) The plan covering the custodial parent's spouse:

(III) The plan covering the non-custodial parent: and then

(IV) The plan covering the non-custodial parent's spouse.

(c) For a dependent child covered under more than one plan of individuals who are not the parents of the child, the order of benefits shall be determined, as applicable, under Subparagraph (a) or (b) of this paragraph as if those individuals were parents of the child.

Drafting Note: Subparagraph (c) addresses the situation where individuals other than the parents of a child are responsible for the child's health care expenses or provide health care coverage for the child under each of their plans. In this situation, for the purpose of determining the order of benefits under this paragraph, Subparagraph (c) requires that these individuals be treated in the same manner as parents of the child.

(3) Active Employee or Retired or Laid-Off Employee

(a) The plan that covers a person as an active employee that is, an employee who is neither laid off nor retired or as a dependent of an active employee is the primary plan. The plan covering that same person as a retired or laid-off employee or as a dependent of a retired or laid-off employee is the secondary plan.

(b) If the other plan does not have this rule, and as a result, the plans do not agree on the order of benefits, this rule is ignored.

(c) This rule does not apply if the rule in Paragraph (1) can determine the order of benefits.

Drafting Note: This rule applies only in the situation when the same person is covered under two plans, one of which is provided on the basis of active employment and the other of which is provided to retired or laid-off employees. The rule in Paragraph (1) does not apply because the person is covered either as a non-dependent under both plans (i.e. the person is covered under one

plan as an active employee and at the same time is covered as a retired or laid-off employee under the other plan) or as a dependent under both plans (i.e. the person is covered under one plan as a dependent of an active employee and at the same time is covered under the other plan as a dependent of a retired or laid-off employee). This rule does not apply when a person is covered under his or her own plan as an active employee or retired or laid-off employee and a dependent under a spouse's plan provided to the spouse on the basis of active employment. In this situation, the rule in Paragraph (1) applies because the person is covered as a non-dependent under one plan (i.e. the person is covered as an active employee or retired or laid-off employee) and at the same time is covered as a dependent under the other plan (i.e. the person is covered as a dependent under a plan provided on the basis of active employment or a plan that is provided to retired or laid-off employees).

(4) COBRA or State Continuation Coverage

(a) If a person whose coverage is provided pursuant to COBRA or under a right of continuation pursuant to state or other federal law is covered under another plan, the plan covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the primary plan and the plan covering that same person pursuant to COBRA or under a right of continuation pursuant to state or other federal law is the secondary plan.

(b) If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this rule is ignored.

(c) This rule does not apply if the rule in Paragraph (1) can determine the order of benefits

Drafting Note: COBRA originally provided that coverage under a new group health plan caused the COBRA coverage to end. An amendment passed as part of P.L. 101-239, the Omnibus Budget Reconciliation Act of 1989 (OBRA 89), allows the COBRA coverage to continue if the newly acquired group health plan contains any preexisting condition exclusion or limitation. In this instance two group health plans will cover the person, and the rule above will be used to determine which of the plans determines its benefits first. In addition, some states have continuation provisions comparable to COBRA.

Drafting Note: This rule applies only in the situation when a person has coverage pursuant to COBRA or under a right of continuation pursuant to state or other federal law and has coverage under another plan on the basis of employment. The rule under Paragraph (1) does not apply because the person is covered either: (a) as a non-dependent under both plans (i.e. the person is covered under a right of continuation as a qualified beneficiary who, on the day before a qualifying event, was covered under the group health plan as an employee or as a retired employee and is covered under his or her own plan as an employee, member, subscriber or retiree); or (b) as a dependent under both plans (i.e. the person is covered under a right of continuation as a qualified beneficiary who, on the day before a qualifying event, was covered under the group health plan as a dependent of an employee, member or subscriber or retired employee and is covered under the other plan as a dependent of an employee, member, subscriber or retiree). The rule under Paragraph (1)

applies when the person is covered pursuant to COBRA or under a right of continuation pursuant to state or other federal law as a non-dependent and covered under the other plan as a dependent of an employee, member, subscriber or retiree. The rule in this paragraph does not apply because the person is covered as a non-dependent under one of the plans and as a dependent under the other plan.

(5) Longer or Shorter Length of Coverage

(a) If the preceding rules do not determine the order of benefits, the plan that covered the person for the longer period of time is the primary plan and the plan that covered the person for the shorter period of time is the secondary plan.

(b) To determine the length of time a person has been covered under a plan, two successive plans shall be treated as one if the covered person was eligible under the second plan within twenty-four (24) hours after coverage under the first plan ended.

(c) The start of a new plan does not include:

(i) A change in the amount or scope of a plan's benefits;

(ii) A change in the entity that pays, provides or administers the plan's benefits; or

(iii) A change from one type of plan to another, such as, from a single employer plan to a multiple employer plan.

(d) The person's length of time covered under a plan is measured from the person's first date of coverage under that plan. If that date is not readily available for a group plan, the date the person first became a member of the group shall be used as the date from which to determine the length of time the person's coverage under the present plan has been in force.

(6) If none of the preceding rules determines the order of benefits, the allowable expenses shall be shared equally between the plans.

APPENDIX E

Small Business Subcontracting Plan (JUL 2005)

(a) This clause does not apply to small business concerns.

(b) *Definitions*. As used in this clause—

"Commercial item" means a product or service that satisfies the definition of commercial item in section 2.101 of the Federal Acquisition Regulation.

"Commercial plan" means a subcontracting plan (including goals) that covers the offeror's fiscal year and that applies to the entire production of commercial items sold by either the entire company or a portion thereof (*e.g.*, division, plant, or product line).

"Individual contract plan" means a subcontracting plan that covers the entire contract period (including option periods), applies to a specific contract, and has goals that are based on the offeror's planned subcontracting in support of the specific contract, except that indirect costs incurred for common or joint purposes may be allocated on a prorated basis to the contract.

"Master plan" means a subcontracting plan that contains all the required elements of an individual contract plan, except goals, and may be incorporated into individual contract plans, provided the master plan has been approved.

"Subcontract" means any agreement (other than one involving an employer-employee relationship) entered into by a Federal Government prime Contractor or subcontractor calling for supplies or services required for performance of the contract or subcontract.

(c) The offeror, upon request by the Contracting Officer, shall submit and negotiate a subcontracting plan, where applicable, that separately addresses subcontracting with small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business concerns, small disadvantaged business, and women-owned small business concerns. If the offeror is submitting an individual contract plan, the plan must separately address subcontracting with small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns, with a separate part for the basic contract and separate parts for each option (if any). The plan shall be included in and made a part of the resultant contract. The subcontracting plan shall be negotiated within the time specified by the Contracting Officer. Failure to submit and negotiate the subcontracting plan shall make the offeror ineligible for award of a contract.

(d) The offeror's subcontracting plan shall include the following:

(1) Goals, expressed in terms of percentages of total planned subcontracting dollars, for the use of small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns as subcontractors. The offeror shall include all subcontracts that contribute to contract performance, and may include a proportionate share of products and services that are normally allocated as indirect costs.

(2) A statement of—

(i) Total dollars planned to be subcontracted for an individual contract plan; or the offeror's total projected sales, expressed in dollars, and the total value of projected subcontracts to support the sales for a commercial plan;

(ii) Total dollars planned to be subcontracted to small business concerns;

(iii) Total dollars planned to be subcontracted to veteran-owned small business concerns;

(iv) Total dollars planned to be subcontracted to service-disabled veteran-owned small business;

(v) Total dollars planned to be subcontracted to HUBZone small business concerns;

(vi) Total dollars planned to be subcontracted to small disadvantaged business concerns; and

(vii) Total dollars planned to be subcontracted to women-owned small business concerns.

(3) A description of the principal types of supplies and services to be subcontracted, and an identification of the types planned for subcontracting to—

(i) Small business concerns;

(ii) Veteran-owned small business concerns;

(iii) Service-disabled veteran-owned small business concerns;

(iv) HUBZone small business concerns;

(v) Small disadvantaged business concerns; and

(vi) Women-owned small business concerns.

(4) A description of the method used to develop the subcontracting goals in paragraph (d)(1) of this clause.

(5) A description of the method used to identify potential sources for solicitation purposes (*e.g.*, existing company source lists, the Procurement Marketing and Access Network (PRO-Net) of the Small Business Administration (SBA), veterans service organizations, the National Minority Purchasing Council Vendor Information Service, the Research and Information Division of the Minority Business Development Agency in the Department of Commerce, or small, HUBZone, small disadvantaged, and women-owned small business trade associations). A firm may rely on the information contained in PRO-Net as an accurate representation of a concern's size and ownership characteristics for the purposes of maintaining a small, veteran-owned small, service-disabled veteran-owned small, HUBZone small, small disadvantaged, and women-owned small business source list. Use of PRO-Net as its source list does not relieve a firm of its responsibilities (*e.g.*, outreach, assistance, counseling, or publicizing subcontracting opportunities) in this clause.

(6) A statement as to whether or not the offeror included indirect costs in establishing subcontracting goals, and a description of the method used to determine the proportionate share of indirect costs to be incurred with—

(i) Small business concerns;

(ii) Veteran-owned small business concerns;

(iii) Service-disabled veteran-owned small business concerns;

(iv) HUBZone small business concerns;

(v) Small disadvantaged business concerns; and

(vi) Women-owned small business concerns.

(7) The name of the individual employed by the offeror who will administer the offeror's subcontracting program, and a description of the duties of the individual.

(8) A description of the efforts the offeror will make to assure that small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns have an equitable opportunity to compete for subcontracts.

(9) Assurances that the offeror will include the clause of this contract entitled "Utilization of Small Business Concerns" in all subcontracts that offer further subcontracting opportunities, and that the offeror will require all subcontractors (except small business concerns) that receive

subcontracts in excess of $500,000 ($1,000,000 for construction of any public facility) to adopt a subcontracting plan that complies with the requirements of this clause.

(10) Assurances that the offeror will—

(i) Cooperate in any studies or surveys as may be required;

(ii) Submit periodic reports so that the Government can determine the extent of compliance by the offeror with the subcontracting plan;

(iii) Submit Standard Form (SF) 294, Subcontracting Report for Individual Contracts, and/or SF 295, Summary Subcontract Report, in accordance with paragraph (j) of this clause. The reports shall provide information on subcontract awards to small business concerns, veteran-owned small business concerns, service-disabled veteran-owned small business concerns, HUBZone small business concerns, small disadvantaged business concerns, women-owned small business concerns, and Historically Black Colleges and Universities and Minority Institutions. Reporting shall be in accordance with the instructions on the forms or as provided in agency regulations.

(iv) Ensure that its subcontractors agree to submit SF 294 and SF 295.

(11) A description of the types of records that will be maintained concerning procedures that have been adopted to comply with the requirements and goals in the plan, including establishing source lists; and a description of the offeror's efforts to locate small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns and award subcontracts to them. The records shall include at least the following (on a plant-wide or company-wide basis, unless otherwise indicated):

(i) Source lists (*e.g.*, PRO-Net), guides, and other data that identify small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns.

(ii) Organizations contacted in an attempt to locate sources that are small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, or women-owned small business concerns.

(iii) Records on each subcontract solicitation resulting in an award of more than $100,000, indicating—

(A) Whether small business concerns were solicited and, if not, why not;

(B) Whether veteran-owned small business concerns were solicited and, if not, why not;

(C) Whether service-disabled veteran-owned small business concerns were solicited and, if not, why not;

(D) Whether HUBZone small business concerns were solicited and, if not, why not;

(E) Whether small disadvantaged business concerns were solicited and, if not, why not;

(F) Whether women-owned small business concerns were solicited and, if not, why not; and

(G) If applicable, the reason award was not made to a small business concern.

(iv) Records of any outreach efforts to contact—

(A) Trade associations;

(B) Business development organizations;

(C) Conferences and trade fairs to locate small, HUBZone small, small disadvantaged, and women-owned small business sources; and

(D) Veterans service organizations.

(v) Records of internal guidance and encouragement provided to buyers through—

(A) Workshops, seminars, training, etc.; and

(B) Monitoring performance to evaluate compliance with the program's requirements.

(vi) On a contract-by-contract basis, records to support award data submitted by the offeror to the Government, including the name, address, and business size of each subcontractor. Contractors having commercial plans need not comply with this requirement.

(e) In order to effectively implement this plan to the extent consistent with efficient contract performance, the Contractor shall perform the following functions:

(1) Assist small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns by arranging solicitations, time for the preparation of bids, quantities, specifications, and delivery schedules so as to facilitate the participation by such concerns. Where the Contractor's lists of potential small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business subcontractors are excessively long, reasonable effort shall be made to give all such small business concerns an opportunity to compete over a period of time.

(2) Provide adequate and timely consideration of the potentialities of small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns in all "make-or-buy" decisions.

(3) Counsel and discuss subcontracting opportunities with representatives of small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business firms.

(4) Confirm that a subcontractor representing itself as a HUBZone small business concern is identified as a certified HUBZone small business concern by accessing the Central Contractor Registration (CCR) database or by contacting SBA.

(5) Provide notice to subcontractors concerning penalties and remedies for misrepresentations of business status as small, veteran-owned small business, HUBZone small, small disadvantaged, or women-owned small business for the purpose of obtaining a subcontract that is to be included as part or all of a goal contained in the Contractor's subcontracting plan.

(f) A master plan on a plant or division-wide basis that contains all the elements required by paragraph (d) of this clause, except goals, may be incorporated by reference as a part of the subcontracting plan required of the offeror by this clause; provided—

(1) The master plan has been approved;

(2) The offeror ensures that the master plan is updated as necessary and provides copies of the approved master plan, including evidence of its approval, to the Contracting Officer; and

(3) Goals and any deviations from the master plan deemed necessary by the Contracting Officer to satisfy the requirements of this contract are set forth in the individual subcontracting plan.

(g) A commercial plan is the preferred type of subcontracting plan for contractors furnishing commercial items. The commercial plan shall relate to the offeror's planned subcontracting generally, for both commercial and Government business, rather than solely to the Government contract. Commercial plans are also preferred for subcontractors that provide commercial items under a prime contract, whether or not the prime contractor is supplying a commercial item.

(h) Prior compliance of the offeror with other such subcontracting plans under previous contracts will be considered by the Contracting Officer in determining the responsibility of the offeror for award of the contract.

(i) The failure of the Contractor or subcontractor to comply in good faith with—

(1) The clause of this contract entitled "Utilization Of Small Business Concerns;" or

(2) An approved plan required by this clause, shall be a material breach of the contract.

(j) The Contractor shall submit the following reports:

(1) *Standard Form 294, Subcontracting Report for Individual Contracts.* This report shall be submitted to the Contracting Officer semiannually and at contract completion. The report covers subcontract award data related to this contract. This report is not required for commercial plans.

(2) *Standard Form 295, Summary Subcontract Report.* This report encompasses all of the contracts with the awarding agency. It must be submitted semi-annually for contracts with the Department of Defense and annually for contracts with civilian agencies. If the reporting activity is covered by a commercial plan, the reporting activity must report annually all subcontract awards under that plan. All reports submitted at the close of each fiscal year (both individual and commercial plans) shall include a breakout, in the Contractor's format, of subcontract awards, in whole dollars, to small disadvantaged business concerns by North American Industry Classification System (NAICS) Industry Subsector. For a commercial plan, the Contractor may obtain from each of its subcontractors a predominant NAICS Industry Subsector and report all awards to that subcontractor under its predominant NAICS Industry Subsector.

(End of clause)

Alternate I (Oct 2001). When contracting by sealed bidding rather than by negotiation, substitute the following paragraph (c) for paragraph (c) of the basic clause:

(c) The apparent low bidder, upon request by the Contracting Officer, shall submit a subcontracting plan, where applicable, that separately addresses subcontracting with small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns. If the bidder is submitting an individual contract plan, the plan must separately address subcontracting with small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns, with a separate part for the basic contract and separate parts for each option (if any). The plan shall be included in and made a part of the resultant contract. The subcontracting plan shall be submitted within the time specified by the Contracting Officer. Failure to submit the subcontracting plan shall make the bidder ineligible for the award of a contract.

Alternate II (Oct 2001). As prescribed in 19.708(b)(1), substitute the following paragraph (c) for paragraph (c) of the basic clause:

(c) Proposals submitted in response to this solicitation shall include a subcontracting plan that separately addresses subcontracting with small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns. If the offeror is submitting an individual contract plan, the plan must separately address subcontracting with small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns, with a separate part for the basic contract and separate parts for each

option (if any). The plan shall be included in and made a part of the resultant contract. The subcontracting plan shall be negotiated within the time specified

E- SMALL BUSINESS SUBCONTRACTING PLAN (if applicable)
F- MEASURES AND CONTRIBUTIONS TO PERFORMANCE AREAS AND SCORES

PART I - GENERAL PROVISIONS

SECTION 1.1
DEFINITIONS OF FEHB TERMS (JAN 2012)

For purpose of this contract, the following definitions apply:

Act: The Federal Employees Health Benefits Act, as amended; chapter 89 of title 5, United States Code.

Benefits: Covered services or payment for covered services set forth in Appendix A, to which Members are entitled to the extent provided by this contract.

Carrier: As defined by chapter 89 of title 5, United States Code, and may be used interchangeably with the term Contractor.

Enrollee: The Federal employee, Tribal Employee, annuitant, former spouse, temporarily-covered former Federal employee or family member enrolled under this contract.

FEHBP: Federal Employees Health Benefits Program.

Letter of Credit: The method by which certain Carriers, and their underwriters if authorized, receive recurring premium payments and contingency reserve payments by drawing against a commitment (certified by a responsible OPM official) which specifies a dollar amount available. For each Carrier participating in the Letter of Credit arrangement for payment under FEHBAR 1632.170(b), the terms "Carrier reserves" and "special reserves" include any balance in the Carrier's Letter of Credit account.

Member: The Enrollee and/or an eligible family member for benefit purposes, and sometimes referred to as subscriber.

Regulations: (1) The Federal Employees Health Benefits Regulations; part 890, title 5, Code of Federal Regulations, and (2) Chapters 1 and 16 of title 48, Code of Federal Regulations.

Subcontractor: Any supplier, distributor, vendor, or firm that furnishes supplies or services to or for a prime contractor, or another subcontractor, except for providers of direct medical services or supplies pursuant to the Carrier's health benefits plan.

Tribal Employee: A full-time or part-time common law employee of a tribal employer.

Tribal Employer: A Tribal Employer is an Indian tribe or tribal organization, as those terms are defined in 25 U.S.C. Chapter 18, carrying out at least one program under the Indian Self-Determination and Education Assistance Act or an urban Indian organization as that term is defined in 25 U.S.C. Chapter 18 carrying out at least one program under the title V of the Indian Health Care Improvement Act, provided that OPM accepts the tribe, tribal organization, or urban Indian organization's agreement to offer FEHB.

SECTION 1.2
ENTIRE CONTRACT (JAN 2009)

(a) This document as described in the *Table of Contents* constitutes the entire contract between the parties. No oral statement of any person shall modify or otherwise affect the terms, conditions, or specifications stated in this contract. Requests for modifications of this contract must be submitted to the authorized Contracting Officer. Only the Contracting Officer acting within the scope of his or her authority may execute a contract modification on behalf of the government.

(b) All statements concerning coverage or benefits made by OPM, the Carrier or by any individual covered under this contract shall be deemed representations and not warranties. No such statement shall convey or void any coverage, increase or reduce any benefits under this contract or be used in the prosecution of or defense of a claim under this contract unless it is contained in writing and a copy of the instrument containing the statement is or has been furnished to the Member or to the person making the claim.

SECTION 1.3
ORDER OF PRECEDENCE (JAN 1996)

Any inconsistency in this contract shall be resolved by giving precedence in the following descending order: The Act, the regulations in part 890, title 5, Code of Federal Regulations, the regulations in chapters 1 and 16, title 48, Code of Federal Regulations, and this contract.

SECTION 1.4
INCORPORATION OF LAWS AND REGULATIONS (JAN 2002)

(a) The applicable provisions of (1) chapter 89 of title 5, United States Code; (2) OPM's regulations as contained in part 890 of title 5, Code of Federal Regulations; and (3) chapters 1 and 16 of title 48, Code of Federal Regulations constitute a part of this contract as if fully set forth herein, and the other provisions of this contract shall be construed so as to comply therewith.

(b) If the Regulations are changed in a manner which would increase the Carrier's liability under this contract, the Contracting Officer will make an equitable adjustment in accordance with the changes clause, Section 5.38 -- Changes--Negotiated Benefits Contracts.

SECTION 1.5
RECORDS AND INFORMATION TO BE FURNISHED BY OPM (JAN 2012)

(a) OPM shall maintain or cause to be maintained records from which the Carrier may determine the names and social security numbers of all Enrollees. OPM, other agencies of the Federal Government, Tribal Employer, or the FEHB Clearinghouse shall furnish the information to the Carrier at such times and in such form and detail as will enable the Carrier to maintain a currently accurate record of all Enrollees.

(b) The Carrier is entitled to rely on information furnished to it under paragraph (a). OPM agrees that any liabilities incurred under this contract in reliance upon such information shall be a valid charge against the contract. Errors or delays in keeping or reporting data relating to coverage shall not invalidate coverage that would otherwise be validly in force and shall not continue coverage that would otherwise be terminated**.** OPM shall make an equitable adjustment of premiums upon discovery of errors or delays under this Section.

(c) Clerical error (whether by OPM, any other agency, Tribal Employer, the FEHB Clearinghouse, or the Carrier) in keeping records pertaining to coverage under this contract, delays in making entries thereon, or failure to make or account for any deduction of enrollment charges, shall not invalidate coverage otherwise validly in force or continue coverage otherwise validly terminated. OPM shall make an equitable adjustment of premiums when an error, delay, or failure is discovered. If any person finds relevant facts pertaining to a person covered under this contract to be misstated, and if the misstatement affects the existence, amount, or extent of coverage, the actual facts shall determine whether coverage is in force under the terms of this contract and in what amount or to what extent. Any claim payments the Carrier makes before an adjustment or determination shall be a valid charge against this contract.

(d) The OPM shall direct the agencies and Tribal Employers to provide the Carrier or the FEHB Clearinghouse, not less often than quarterly, the names of Enrollees enrolled under the contract by payroll office and the premium paid for those Enrollees for the current pay cycle. The Carrier shall at least quarterly reconcile its enrollment records with those provided by the Government, the Tribal Employer, or the FEHB Clearinghouse.

(e) In instances of erroneous enrollments where benefit payments have been made in error, the Carrier must inform Enrollees within forty-five days of when the Carrier receives notification from the agency or the Tribal Employer that the Carrier will collect for these benefit payments. The Carrier shall provide notice to the Enrollees that they have the right to contest their enrollment change with their agency, Tribal Employer, or their retirement system.

SECTION 1.6
CONFIDENTIALITY OF RECORDS
(JAN 1991) (FEHBAR 1652.224-70)

(a) The Carrier shall use the personal data on employees and annuitants that is provided by agencies and OPM, including social security numbers, for only those routine uses stipulated for the data and published annually in the Federal Register as part of OPM's notice of systems of records.

(b) The Carrier shall also hold all medical records, and information relating thereto, of Federal subscribers confidential except as follows:

(1) As may be reasonably necessary for the administration of this contract;

(2) As authorized by the patient or his or her guardian;

(3) As disclosure is necessary to permit Government officials having authority to investigate and prosecute alleged civil or criminal actions;

(4) As necessary to audit the contract;

(5) As necessary to carry out the coordination of benefit provisions of this contract; and

(6) For bona fide medical research or educational purposes. Release of information for medical research or educational purposes shall be limited to aggregated information of a

statistical nature that does not identify any individual by name, social security number, or any other identifier unique to an individual.

(c) If the Carrier uses medical records for the administration of the contract, or for bona fide research or educational purposes, it shall so state in the Plan's brochure.

SECTION 1.7
STATISTICS AND SPECIAL STUDIES (JAN 2022)

(a) The Carrier shall maintain or cause to be maintained statistical records of its operations under the contract and shall furnish to OPM, in the form prescribed by the Contracting Officer, the statistical reports reasonably necessary for the OPM to carry out its functions under Chapter 89 of title 5, United States Code.

(b) The Carrier shall furnish such other reasonable statistical data and reports of special studies as the Contracting Officer may from time to time request for the purpose of carrying out its functions under Chapter 89 of title 5, United States Code.

(c) The Carrier shall furnish the routine reports in the required number of copies in a format to be determined by the Contracting Officer as instructed by OPM.

(d) The Carrier shall notify the OPM Health Insurance Specialist (Contracts) immediately upon a change in the name or address of the Carrier's contracting official(s).

(e) If a third party requests FEHB Program data, including FEHB members' medical records and information relating thereto, and the Carrier determines that the data request is not reasonably necessary for administration or performance of the FEHB contract, the Carrier shall determine whether it intends to release the data. If the Carrier intends to release the data, it must notify the OPM Health Insurance Specialist within three (3) business days from the date the Carrier makes the determination. The Carrier must not distribute the data unless it receives prior approval from the Contracting Officer. If the Carrier determines the data is reasonably necessary for administration or performance of the FEHB contract, the Carrier must be able to support that determination. Examples include, but are not limited to:

Example 1: A PBM requests data from the Carrier about the FEHB group's utilization relevant to the PBM's performance of its contract. The release of relevant utilization data is reasonably necessary.

Example 2: A PBM requests data from the Carrier about the FEHB group's utilization for its own marketing purposes. This release is not reasonably necessary.

Example 3: A PBM marketing consultant requests data from the Carrier about the FEHB group's utilization demographics for its own business marketing purposes. This release is not reasonably necessary.

Example 4: A state All Payer Claims Database requests the FEHB group's claims information pursuant to state law. The state uses this data to inform its state insurance regulatory policy. This release is not reasonably necessary.

Example 5: A Federal agency seeks the FEHB group's cost information to inform its benefits policy. This release is not reasonably necessary.

SECTION 1.8
NOTICE (JAN 2003)

Where the contract requires that notice be given to the other party, such notice must be given in writing to the address shown on this contract's signature page. To notify OPM, the Carrier must write to the Contracting Officer, unless otherwise specified.

SECTION 1.9
PLAN PERFORMANCE--EXPERIENCE-RATED FFS CONTRACTS (JAN 2021)

(a) Detection of Fraud, Waste, and Abuse (FWA). The Carrier shall conduct a program to assess its vulnerability to FWA to include but not limited to performing post-payment reviews and audits of providers identified either proactively or reactively. The Carrier shall operate a system designed to detect and eliminate FWA internally by Carrier employees and Subcontractors, by providers providing goods or services to FEHB Members, and by individual FEHB Members. In addition, FEHBP Carriers must demonstrate they have submitted written notification to OPM-OIG within 30 business days of identifying potential FWA issues impacting the FEHB Program regardless of dollar value. The program must specify provisions in place for cost avoidance, not just fraud detection, along with criteria for follow-up actions. The Carrier must submit to OPM an annual analysis of the costs and benefits of its FWA program. The Carrier must submit annual reports to OPM by March 31 addressing the following:

1) Number of Allegations/Complaints Opened/Received;
2) Number of Allegations/Complaints where there is FEHBP Program Exposure;
3) Number of Cases Developed Through Proactive Fraud Prevention/Detection Software;
4) Number of Cases Referred to Local, State, or Federal Law Enforcement/Oversight Agencies;
5) Number of Case Notifications/Referrals Sent to OPM-OIG;
6) Number of Cases Resolved Administratively;
7) Dollars Identified as Loss;
8) Estimated Financial Losses;
9) Non-Recoverable Loss;
10) Dollars Recovered by SIU;
11) Vendor Recoveries;
12) Actual Savings;
13) Prevented Loss;
14) Number of Criminal Convictions;
15) Prepayment Review;
16) Fraudulent Schemes;
17) Fraudulent Geographic Areas;
18) FWA Program Costs;
19) Other Associated Costs of the FWA Program;
20) Return on Investment; and
21) Best Practices

The report will also include the industry standards checklist.

(b) Clinical Care Measures. The Carrier shall measure and/or collect data on the quality of the

health care services it provides to its members as requested by OPM. Measurement/data collection efforts may include performance measurement systems such as Healthcare Effectiveness Data and Information Set (HEDIS), measures developed by the Pharmacy Quality Alliance (PQA), and similar measures developed by accrediting organizations such as, but not limited to, the Association for Ambulatory Health Care (AAAHC), the National Committee for Quality Assurance (NCQA), and URAC or endorsed by the National Quality Forum. Costs incurred by the Carrier for collecting or contracting with a vendor to collect quality measures/data are allowable administrative expenses, subject to the administrative cost limitation.

(c) Patient Safety. The Carrier shall implement a patient safety improvement program. At a minimum, the Carrier shall --

(1) Report to OPM on its current patient safety initiatives;

(2) Report to OPM on how it will strengthen its patient safety program for the future;

(3) Assist OPM in providing its Members with consumer information and education regarding patient safety; and

(4) Work with its providers, independent accrediting organizations, and others to implement patient safety improvement programs.

(d) Accreditation. To demonstrate its commitment to providing quality health care, the Carrier shall continue to pursue and maintain accreditation according to the steps and timeframes outlined by OPM. The Carrier shall submit accreditation changes and updates to its OPM contract representative.

(e) Consumer Assessments of Healthcare Providers and Systems (CAHPS). In addition to any other means of surveying Plan members that the Carrier may develop, the Carrier shall participate in the Consumer Assessments of Healthcare Providers and Systems (CAHPS) 5.0 Survey to provide feedback to Enrollees on Enrollee experience with the various FEHBP plans. The Carrier shall take into account the published results of the survey, or other results as directed by OPM, in identifying areas for improvement as part of the Carrier's quality assurance program. Payment of survey charges will be in accordance with Section 3.11.

(f) Contract Quality Assurance. The Carrier shall develop and apply a quality assurance program specifying procedures for assuring contract quality over the contract period. The Carrier shall meet the required standards provided in this section. No later than July 1 of the subsequent year, the Carrier shall submit to OPM an annual report of metrics on each specification provided in this section, using data for the contract period:

(1) *Claims Processing Accuracy*

SPECIFICATION: the number of FEHB claims processed accurately divided by the total number of FEHB claims processed.

REQUIRED STANDARD: The Carrier shall accurately process at least 95 percent of FEHB claims.

(2) *Claims Coding Accuracy*

SPECIFICATION: the number of FEHB claims coded accurately divided by the total number of FEHB claims coded.

REQUIRED STANDARD: The Carrier shall accurately code at least 98 percent of FEHB claims.

(3) *Recovery of Erroneous Payments*

SPECIFICATION: the average number of working days it takes for the Carrier to begin collection action against an FEHB provider or member following identification of an erroneous payment, including overpayments.

REQUIRED STANDARD: The Carrier shall average no more than 30 working days from the date it identifies an FEHB erroneous payment to the date it begins the collection action.

(4) *Claims Timeliness*

SPECIFICATION: the number of FEHB claims adjudicated (paid, denied, or a request for further information is sent out) within 30 working days from the date the Carrier received the claim, divided by the total number of FEHB claims received.

REQUIRED STANDARD: The Carrier shall adjudicate at least 95 percent of claims within 30 working days.

(5) *Processing ID cards on change of plan or option*

SPECIFICATION: the number of calendar days from the date the Carrier receives the enrollment from the Enrollee's agency, Tribal Employer, or retirement system to the date it issues the ID card.

REQUIRED STANDARD: The Carrier shall issue all ID cards within 15 calendar days after receiving the enrollment from the Enrollee's agency, Tribal Employer, or retirement system except that the Carrier shall issue ID cards resulting from an open season election within 15 calendar days or by December 15, whichever is later.

(6) *Member Inquiries*

SPECIFICATION: the number of written inquiries responded to within 15 working days divided by the total number of written inquiries received.

REQUIRED STANDARD: The Carrier shall respond to at least 90 percent of inquiries within 15 working days.

(7) *Written Inquiries Accuracy*

SPECIFICATION: the number of FEHB written inquiries answered accurately divided by the total number of FEHB written inquiries received.

REQUIRED STANDARD: the Carrier shall accurately answer at least 97 percent of FEHB written inquiries.

(8) *Telephone Inquiries Accuracy*

SPECIFICATION: the number of FEHB telephone inquiries answered accurately divided by the total number of FEHB telephone inquiries received.

REQUIRED STANDARD: The Carrier shall accurately answer at least 97 percent of FEHB telephone inquiries.

(9) *Internet Inquiries Accuracy*

SPECIFICATION: the number of FEHB Internet inquiries answered accurately divided by the total number of FEHB Internet inquiries received.

REQUIRED STANDARD: The Carrier shall accurately answer at least 97 percent of FEHB Internet inquiries.

(10) *Telephone Access*

SPECIFICATION: the Carrier shall report on the following statistics concerning telephone access to the member services department (or its equivalent) for the given time period. Except that, if the Carrier does not have a computerized phone system, report results of periodic surveys on telephone access.

(i) Call Answer Timeliness

SPECIFICATION: the percentage of calls answered by a live voice (during operating hours) within 30 seconds.

REQUIRED STANDARD: The Carrier shall answer 80% of telephone calls by a live voice (during operating hours) within 30 seconds.

(ii) Telephone Blockage Rate

SPECIFICATION: the number of calls receiving a busy signal when calling the Carrier divided by the total number of calls received.

REQUIRED STANDARD: The Carrier shall ensure that no more than 5 percent of calls receive a busy signal.

(iii) Telephone Abandonment Rate

SPECIFICATION: the number of calls attempted but not connected to a live voice divided by the total number of calls attempted.

REQUIRED STANDARD: The Carrier shall ensure that no more than 5 percent of calls are abandoned before connection to a live voice.

(*iv*) *Initial Call Resolution*

SPECIFICATION: the number of initial calls that result in a resolution of the issue divided by the total number of initial calls for an issue.

REQUIRED STANDARD: The Carrier shall resolve the issue during the initial call at least 80 percent of the time.

(11) *Responsiveness to FEHB Member Requests for Reconsideration*

SPECIFICATION: the number of times the Carrier responds (affirms the denial in writing to the FEHB member, pays the claim, provides or authorizes coverage of the service, or requests additional information reasonably necessary to make a determination) within 30 days to a request for reconsideration of a disputed claim divided by the total number of requests for reconsideration of disputed claims received.

REQUIRED STANDARD: The Carrier shall respond to 100 percent of written FEHB disputed claim requests within 30 days after receipt by the Carrier.

(g) Quality Assurance Plan. The Carrier must demonstrate that a statistically valid sampling technique is routinely used prior to or after processing to randomly sample FEHB claims against Carrier quality assurance/fraud and abuse prevention standards.

(h) Reporting Compliance. The Carrier shall keep complete records of its quality assurance procedures and fraud prevention program and the results of their implementation and make them available to the Government as determined by OPM.

(i) FEHB Clearinghouse (CLER). The Carrier shall not have any CLER records with a 160 error code and a fail count of four or higher. A '160' error is when a Carrier reports an enrollment but no agency or Tribal Employer reports that enrollment.

(j) The Carrier must demonstrate that it uses and shall use a statistically valid sampling technique to identify FEHB claims prior to or after processing that requires coordination of benefits with a third party payer or the Carrier shall pursue and provide evidence that it pursues all claims for coordination of benefits.

(k) Correction of Deficiencies. The Contracting Officer may order the correction of a deficiency in the Carrier's quality assurance program or fraud prevention program. The Carrier shall take the necessary action promptly to implement the Contracting Officer's order. If the Contracting Officer orders a modification of the Carrier's quality assurance program or fraud prevention program pursuant to this paragraph after the contract year has begun, the costs incurred to correct the deficiency may be excluded from the administrative expenses -- for the

contract year -- that are subject to the administrative expenses limitation specified at Appendix B; provided the Carrier demonstrates that the correction of the deficiency significantly increases the Carrier's liability under this contract.
(l) In order to allow sufficient implementation time, the Contracting Officer will notify the Carrier reasonably in advance of any new requirement(s) under paragraphs (a) through (k).

SECTION 1.10
NOTICE OF SIGNIFICANT EVENTS (JUL 2005) (FEHBAR 1652.222-70)

(a) The Carrier agrees to notify the Contracting Officer of any Significant Event within ten (10) working days after the Carrier becomes aware of it. As used in this section, a Significant Event is any occurrence or anticipated occurrence that might reasonably be expected to have a material effect upon the Carrier's ability to meet its obligations under this contract, including, but not limited to, any of the following:

(1) Disposal of major assets;

(2) Loss of 15 percent or more of the Carrier's overall membership;

(3) Termination or modification of any contract or subcontract if such termination or modification might have a material effect on the Carrier's obligations under this contract;

(4) Addition or termination of provider agreements;

(5) Any changes in underwriters, reinsurers or participating plans;

(6) The imposition of, or notice of the intent to impose, a receivership, conservatorship, or special regulatory monitoring;

(7) The withdrawal of, or notice of intent to withdraw State licensing, HHS qualification, or any other status under Federal or State law;

(8) Default on a loan or other financial obligation;

(9) Any actual or potential labor dispute that delays or threatens to delay timely performance or substantially impairs the functioning of the Carrier's facilities or facilities used by the Carrier in the performance of the contract;

(10) Any change in its charter, constitution, or by-laws which affects any provision of this contract or the Carrier's participation in the Federal Employees Health Benefits Program;

(11) Any significant changes in policies and procedures or interpretations of the contract or brochure which would affect the benefits available under the contract or the costs charged to the contract;

(12) Any fraud, embezzlement or misappropriation of FEHB funds; or

(13) Any written exceptions, reservations or qualifications expressed by the independent accounting firm (which ascribes to the standards of the American Institute of Certified Public Accountants) contracted with by the Carrier to provide an opinion on its annual financial statements.

(b) Upon learning of a Significant Event OPM may institute action, in proportion to the seriousness of the event, to protect the interest of Members, including, but not limited to--

(1) Directing the Carrier to take corrective action;

(2) Suspending new enrollments under this contract;

(3) Advising Enrollees of the Significant Event and providing them an opportunity to transfer to another plan;

(4) Withholding payment of subscription income or restricting access to the Carrier's Letter of Credit account;

(5) Terminating the enrollment of those Enrollees who, in the judgment of OPM, would be adversely affected by the Significant Event; or

(6) Terminating this contract pursuant to Section 1.15, Renewal and Withdrawal of Approval.

(c) Prior to taking action as described in paragraph (b) of this clause, the OPM will notify the Carrier and offer an opportunity to respond.

(d) The Carrier will insert this clause in any subcontract or subcontract modification if the amount of the subcontract or modification charged to the FEHB Program (or in the case of a community-rated Carrier, applicable to the FEHB Program) equals or exceeds $550,000 and is at least 25 percent of the total subcontract cost. The amount of the dollar charge to the FEHB Program shall be adjusted by the same amount and at the same time as any change to the threshold for application of the Truth in Negotiations Act pursuant to 41 U.S.C. 254b(a)(7). [1]

SECTION 1.11
FEHB INSPECTION (JUL 2005) (FEHBAR 1652.246-70)

(a) The Contracting Officer, or an authorized representative of the Contracting Officer, has the right to inspect or evaluate the work performed or being performed under the contract, and the premises where the work is being performed, at all reasonable times and in a manner that will not unreasonably delay the work.

(b) The Contractor shall maintain and the Contracting Officer, or an authorized representative of the Contracting Officer, shall have the right to examine and audit all books and records relating to the contract for purposes of the Contracting Officer's determination of the Carrier's subcontractor or Large Provider's compliance with the terms of the contract, including its payment (including rebate and other financial arrangements) and performance provisions. The Contractor shall make available at its office at all reasonable times those books and records for examination and audit for the record retention period specified in the Federal Employees Health Benefits Acquisition Regulation (FEHBAR), 48 CFR 1652.204-70. This subsection is applicable to subcontract and Large Provider Agreements with the exception of those that are subject to the "Audits and Records – Negotiation" clause, 48 CFR 52.215-2.

(c) If the Contracting Officer, or an authorized representative of the Contracting Officer, performs inspection, audit or evaluation on the premises of the Carrier, the subcontractor, or the Large Provider, the Carrier shall furnish or require the subcontractor or Large Provider to furnish all reasonable facilities for the safe and convenient performance of these duties.

(d) The Carrier shall insert this clause, including this subsection (d), in all subcontracts for underwriting and claim payments and administrative services and in all Large Provider Agreements and shall substitute "contractor", "Large Provider," or other appropriate reference for the term "Carrier."

[1] Section 811 of the National Defense Authorization Act for Fiscal Year 2018 (Pub. L. No. 115-91) increased the threshold for the application of the Truth in Negotiations Act from $750,000 to $2,000,000 for all contracts entered into after June 30, 2018. Based on this change in law, this contract subsection should be read to replace "$550,000" with "$2,000,000" and to replace "41 U.S.C. 254b(a)(7)" with "41 U.S.C. 3502(g)."

SECTION 1.12
CORRECTION OF DEFICIENCIES (JAN 1997)

(a) The Carrier shall maintain sufficient financial resources, facilities, providers, staff and other necessary resources to meet its obligations under this contract. If the OPM determines that the Carrier does not demonstrate the ability to meet its obligations under this contract, the OPM shall notify the Carrier of the asserted deficiencies. The Carrier agrees that, within ten (10) working days following notification, it shall present detailed plans for correcting the deficiencies. These plans shall be presented in a form prescribed by the OPM. Pending submission or implementation of plans required under this Section, the OPM may institute action as it deems necessary to protect the interests of Members, including, but not limited to:

(1) Suspending new enrollments under this contract;

(2) Advising Enrollees of the asserted deficiencies and providing them an opportunity to transfer to another plan;

(3) Withholding payment of subscription income or restricting access to the Carrier's Letter of Credit account; or

(4) Terminating the enrollment of those Enrollees who, in the judgment of OPM, would be adversely affected by the deficiency.

(b) The Carrier agrees that failure to submit or to diligently implement plans which are required under this Section shall constitute sufficient grounds for termination of this contract pursuant to Section 1.15*, Renewal and Withdrawal of Approval.*

(c) Prior to taking action as described in paragraph (a) the OPM shall notify the Carrier and offer an opportunity to respond.

(d) The Carrier shall include the substance of this clause in the contract with its underwriter and substitute an appropriate term for "Carrier."

SECTION 1.13
INFORMATION AND MARKETING MATERIALS (JAN 2014)

(a) OPM and the Carrier shall agree upon language setting forth the benefits, exclusions and other language of the Plan. The Carrier bears full responsibility for the accuracy of its FEHB brochure. OPM in its sole discretion, may order the Carrier to produce and distribute the agreed upon brochure text in a format and quantity approved by OPM, including an electronic 508 compliant brochure version, Section 508 of the Rehabilitation Act of 1973, as amended 29 U.S.C. 794d, for OPM's website. This formatted document is referred to as the FEHB brochure. The Carrier shall distribute the FEHB brochure on a timely basis to new Enrollees and to other Enrollees upon their request. The Carrier shall also distribute the document(s) to Federal agencies and Tribal Employers to be made available to such individuals who are eligible to enroll under this contract. At the direction of OPM, the Carrier shall produce and distribute an audio cassette version, CD, or other electronic media of the approved language. The Carrier may print additional FEHB brochures for distribution for its own use, but only in the approved format and at its own expense.

(b) Supplemental material. Only marketing materials or other supplemental literature prepared in accordance with FEHBAR 1652.203-70 (Section 1.14 of this contract) may be distributed or displayed at or through Federal facilities.

(c) The Carrier shall reflect the statement of benefits in the agreed upon brochure text included at Appendix A of this contract, verbatim, in the FEHB brochure.

(d) OPM may order the Carrier to prepare an addendum or reissue the FEHB brochure or any piece(s) of supplemental marketing material at no expense to the Government if it is found to not conform to the agreed upon brochure text and/or supplemental marketing materials preparations described in paragraphs (a), (b) and (c) of this section.

(e) The Carrier shall produce and make available an FEHB Summary of Benefits and Coverage (SBC).

SECTION 1.14
MISLEADING, DECEPTIVE OR UNFAIR ADVERTISING (JAN 1991) (FEHBAR 1652.203-70)

(a) The Carrier agrees that any advertising material, including that labeled promotional material, marketing material, or supplemental literature, shall be truthful and not misleading.

(b) Criteria to assess compliance with paragraph (a) of this clause are available in the *FEHB Supplemental Literature Guidelines* which are developed by OPM and should be used, along with the additional guidelines set forth in FEHBAR 1603.7002, as the primary guide in preparing material; further guidance is provided in the NAIC *Advertisements of Accident and Sickness Insurance Model Regulation.* The guidelines are periodically updated and provided to the Carrier by OPM.

(c) Failure to conform to paragraph (a) of this clause may result in a reduction in the service charge, if appropriate, and corrective action to protect the interest of Federal Members. Corrective action will be appropriate to the circumstances and may include, but is not limited to the following actions by OPM:

(1) Directing the Carrier to cease and desist distribution, publication, or broadcast of the material;

(2) Directing the Carrier to issue corrections at the Carrier's expense and in the same manner and media as the original material was made; and

(3) Directing the Carrier to provide, at the Carrier's expense, the correction in writing by certified mail to all Enrollees of the Plan(s) that had been the subject of the original material.

(d) Egregious or repeated offenses may result in the following action by OPM:

(1) Suspending new enrollments in the Carrier's Plan(s);

(2) Providing Enrollees an opportunity to transfer to another plan; and

(3) Terminating the contract in accordance with Section 1.15, *Renewal and Withdrawal of Approval.*

(e) Prior to taking action as described in paragraphs (c) and (d) of this clause, the OPM will notify the Carrier and offer an opportunity to respond.

(f) The Carrier shall incorporate this clause in subcontracts with its underwriter, if any, and other subcontractors directly involved in the preparation or distribution of such advertising material and shall substitute "Contractor" or other appropriate reference for the term "Carrier."

SECTION 1.15
RENEWAL AND WITHDRAWAL OF APPROVAL (JAN 1991) (FEHBAR 1652.249-70)

(a) The contract renews automatically for a term of one (1) year each January first, unless written notice of non-renewal is given either by OPM or the Carrier not less than 60 calendar days before the renewal date, or unless modified by mutual agreement.

(b) This contract also may be terminated at other times by order of OPM pursuant to 5 U.S.C. 8902(e). After OPM notifies the Carrier of its intent to terminate the contract, OPM may take action as it deems necessary to protect the interests of Members, including but not limited to--

(1) Suspending new enrollments under the contract;

(2) Advising Enrollees of the asserted deficiencies; and

(3) Providing Enrollees an opportunity to transfer to another plan.

(c) OPM may, after proper notice, terminate the contract at the end of the contract term if it finds that the Carrier did not have at least 300 Enrollees enrolled in its Plan at any time during the two preceding contract terms.

SECTION 1.16
SUBCONTRACTS (JUL 2005) (FEHBAR 1652.244-70)

(a) The Carrier will notify the Contracting Officer in writing at least 30 days in advance of entering into any subcontract or subcontract modification, or as otherwise specified by this contract, if the amount of the subcontract or modification charged to the FEHB Program equals or exceeds $550,000 and is at least 25 percent of the total subcontract cost. The amount of the dollar charge to the FEHB Program shall be adjusted by the same amount and at the same time as any change to the threshold for application of the Truth in Negotiations Act pursuant to 41 U.S.C. 254b(a)(7). Failure to provide advance notice may result in a Contracting Officer's disallowance of subcontract costs or a penalty in the performance aspect of the Carrier's service charge. In determining whether the amount chargeable to the FEHB Program contract for a given subcontract or modification equals or exceeds the $550,000 threshold, the following rules apply:

(1) For initial advance notification, the Carrier shall add the total cost/price for the base year and all options, including quantity or service options and option periods.

(2) For contract modifications, options and/or renewals (e.g. evergreen contracts) not accounted for in paragraph (a)(1) of this clause, the Carrier shall provide advance notification if they cause the total price to equal or exceed the threshold. OPM's review will be of the modification(s), itself, but documentation for the original subcontract will be required to perform the review. The $550,000 threshold will be adjusted by the same amount and at the same time as any change to the threshold for application of the Truth in Negotiations Act. All subcontracts or subcontract modifications that equal or exceed the threshold are subject to audit under FAR 52.215-2 "Audit and Records-Negotiations" if based on cost analysis or 48 CFR 1646.301 and 1652.246-70 "FEHB Inspection" if based on price analysis. [2]

(b) The advance notification required by paragraph (a) of this clause shall include the information specified below:

[2] Section 811 of the National Defense Authorization Act for Fiscal Year 2018 (Pub. L. No. 115-91) increased the threshold for the application of the Truth in Negotiations Act from $750,000 to $2,000,000 for all contracts entered into after June 30, 2018. Based on this change in law, this contract subsection should be read to replace "$550,000" with "$2,000,000" and to replace "41 U.S.C. 254b(a)(7)" with "41 U.S.C. 3502(g)."

(1) A description of the supplies or services to be subcontracted;

(2) Identification of the type of subcontract to be used;

(3) Identification of the proposed subcontractor and an explanation of why and how the proposed subcontractor was selected, including the competition obtained;

(4) The proposed subcontract price and the Carrier's cost or price analysis;

(5) The subcontractor's current, complete, and accurate cost or pricing data and Certificate of Current Cost or Pricing Data, must be submitted to the Contracting Officer if required by law, regulation, or other contract provisions.

(6) (Reserved)

(7) A negotiation memorandum reflecting--

(i) The principal elements of the subcontract price negotiations;

(ii) The most significant consideration controlling establishment of initial or revised prices;

(iii) An explanation of the reason cost or pricing data are not required, if the Carrier believes that cost or pricing data are not required.

(iv) The extent, if any, to which the Carrier did not rely on the subcontractor's cost or pricing data in determining the price objective and in negotiating the final price;

(v) The extent, if any, to which it was recognized in the negotiation that the subcontractor's cost or pricing data were not accurate, complete, or current; the action taken by the Carrier and the subcontractor; and the effect of any such defective data on the total price negotiated;

(vi)The reasons for any significant difference between the Carrier's price objective and the price negotiated; and

(vii) A complete explanation of the incentive fee or profit plan when incentives are used. The explanation will identify each critical performance element, management decisions used to quantify each incentive element, reasons for the incentives, and a summary of all trade-off possibilities considered.

(c) The Carrier will obtain the Contracting Officer's written consent before placing any subcontract for which advance notification is required under paragraph (a) of this clause. However, the Contracting Officer may ratify in writing any such subcontract for which written consent was not obtained. Ratification will constitute the consent of the Contracting Officer.

(d) The Contracting Officer may waive the requirement for advance notification and consent required by paragraphs (a), (b) and (c) of this clause where the Carrier and subcontractor submit an application or renewal as a contractor team arrangement as defined in FAR Subpart 9.6 and--

(1) The Contracting Officer evaluated the arrangement during negotiation of the contract or contract renewal; and

(2) The subcontractor's price and/or costs were included in the Plan's rates that were reviewed and approved by the Contracting Officer during negotiation of the contract or contract renewal.

(e) If the Carrier follows the notification and consent requirements of paragraphs (a), (b) and (c) of this clause and subsequently obtains the Contracting Officer’s consent or ratification, then the reasonableness of the subcontract’s costs will be inferred as provided for in 1631.205-81. However, consent or ratification by the Contracting Officer will not constitute a determination:

(1) Of the acceptability of any subcontract terms or conditions;

(2) Of the allowability of any cost under this contract; or

(3) That the Carrier should be relieved of any responsibility for performing this contract.

(f) No subcontract placed under this contract will provide for payment on a cost-plus-a-percentage-of-cost basis. Any fee payable under cost reimbursement type subcontracts will not exceed the fee limitations in FAR 15.404-4(c)(4)(i). Any profit or fee payable under a subcontract will be in accordance with the provision of Section 3.7, *Service Charge*.

(g) The Carrier will give the Contracting Officer immediate written notice of any action or suit filed and prompt notice of any claim made against the Carrier by any subcontractor or vendor that, in the opinion of the Carrier, may result in litigation related in any way to this contract with respect to which the Carrier may be entitled to reimbursement from the Government.

SECTION 1.17
NOVATION AGREEMENT (JAN 1996)

The agreement at FEHBAR 1642.1204 shall be submitted for approval to OPM when the Carrier's assets or the entire portion of the assets pertinent to the performance of this contract, as determined by the Government, are transferred.

SECTION 1.18
AGREEMENT TO RECOGNIZE CARRIER'S CHANGE OF NAME (JAN 1996)

The agreement at FEHBAR 1642.1205 shall be submitted for approval to OPM when the Carrier changes its name and the Government's and Contractor's rights and obligations remain unaffected.

SECTION 1.19
UNDERWRITER (JAN 2009)

(a) If this Plan is underwritten, the Carrier shall not modify (except as allowed in Section 2.3, *Payment of Benefits and Provision of Services and Supplies*) or terminate the policy issued by the Underwriter of the Plan or give notice of termination or intent not to renew the policy without prior express approval of the Contracting Officer. The Carrier shall notify the Contracting Officer in writing of its decision to change Underwriters as soon as is reasonable after the decision is made but no later than at the time the Carrier submits its benefit and rate proposal to OPM for the succeeding contract term.

(b) In the event of any inconsistency between the terms of this contract between OPM and the Carrier and the terms of the policy issued by the Underwriter to the Carrier, the terms of this contract shall prevail.

(c) If this Plan is underwritten, the policy issued to the Carrier by its Underwriter is a part of this contract and is incorporated therein by reference. The Carrier shall include paragraph (b) in the contract with its Underwriter.

SECTION 1.20
[RESERVED]

SECTION 1.21
PATIENTS' BILL OF RIGHTS (JAN 1999)

(a) The Carrier shall implement the recommendations in the Health Care Consumer Bill of Rights and Responsibilities ("Patients' Bill of Rights") in accordance with OPM guidance.

(b) During the Carrier's provider contract renewal process, the Carrier shall make any necessary modifications to such provider contracts to comply with the recommendations of the Patients' Bill of Rights in accordance with OPM guidance. All new provider contracts with the Carrier shall comply with the recommendations of the Patients' Bill of Rights in accordance with OPM guidance.

SECTION 1.22
ADMINISTRATIVE SIMPLIFICATION-HIPAA (JAN 2008)

(a) The Carrier shall implement and be in compliance with the Department of Health and Human Services (DHHS) regulations regarding the standards for electronic transactions, code sets and unique identifiers on the date DHHS specifies. Subject to paragraph (c) of this section, the regulations at 45 CFR parts 160 and 162 are incorporated by reference in this contract.

(b) The Carrier shall implement and be in compliance with the DHHS regulations regarding the standards for privacy and security of individually identifiable health information on the date DHHS specifies. Subject to paragraph (c) of this section, the regulations at 45 CFR parts 160 and 164 are incorporated by reference in this contract.

(c) Because OPM has determined that the DHHS administrative simplification regulations should serve as a uniform nationwide standard for the FEHB Program, and because of the preemption provision at 5 U.S.C. 8902(m)(1), the provisions of 45 CFR part 160, subpart B are inapplicable to the Carrier with respect to the Plan.

(d) If the Carrier is an employee organization that retains an underwriter, then these requirements also apply to the underwriter with respect to the Plan. If the Carrier for the plan authorized under 5 U.S.C. 8903(l), qualifies for limited application of the HHS Privacy Rule as a business associate, then the HHS Privacy Rule requirements apply to the underwriting participating affiliates.

SECTION 1.23
HIPAA COMPLIANCE (JAN 1998)

(a) The Carrier shall comply with and shall take all steps reasonably necessary to ensure that its affiliates, subcontractors, and agents comply with the guaranteed availability provisions of the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and implementing regulations. "Guaranteed availability" means the Carrier, affiliates, subcontractors, and agents do not engage in practices that: 1) decline to offer health insurance coverage (as defined in section 2791(b)(1) of the Public Health Service Act "the Act") to, or deny enrollment of an eligible individual (as defined in section 2741(b) of the Act); or, 2) impose any preexisting condition exclusion (as defined in section 2701(b)(1)(A) of the Act), with respect to such coverage.

(b) A State or Federal enforcement action as the result of noncompliance with the requirements of HIPAA is a significant event under Section 1.10 of this contract, Notice of Significant Events. If the Carrier, or any affiliate, subcontractor, or agent, is notified of any enforcement action by any Federal or State authority with regard to HIPAA compliance, the Carrier must notify OPM within ten working days of learning of the action.

SECTION 1.24
NOTICE ON TERMINATION OF FEHBP OR PROVIDER CONTRACT (JAN 2003)

(a) Members who are undergoing treatment for a chronic or disabling condition or who are in the second or third trimester of pregnancy at the time a Carrier terminates (1) its FEHBP contract, (2) the members' specialty provider contract, or (3) a Preferred Provider Organization (PPO) or Point of Service (POS) network contract, for reasons other than cause, may be able to continue to see their specialty provider for up to 90 days or through their postpartum care.

(b) The Carrier shall notify its members in writing of its intent to terminate its FEHBP contract, the members' specialty provider contract, or a PPO or POS network contract, for reasons other than cause, in order to allow sufficient time for the members to arrange for continued care after the 90-day period or their postpartum care, whichever applies. The Carrier shall send the required notice to the member if the Carrier has in its records an address for the member different from the Enrollee's address; otherwise, the Carrier may send the notice to the Enrollee. The Carrier shall send the notice in time to ensure it is received by the members no less than 90 days prior to the date it terminates the contract, unless the Carrier demonstrates it was prevented from doing so for reasons beyond its control. The Carrier's prompt notice will ensure that the notification period and the transitional care period run concurrently.

SECTION 1.25
TRANSITIONAL CARE (JAN 2003)

(a) "Transitional care" is specialized care provided for up to 90 days or through the postpartum period, whichever is later, to a member who is undergoing treatment for a chronic or disabling condition or who is in the second or third trimester of pregnancy when the Carrier terminates (1) its FEHBP contract, (2) the member's specialty provider contract, or (3) a Preferred Provider Organization (PPO) or Point of Service (POS) network contract for reasons other than cause. The 90-day period begins the earlier of the date the member receives the notice required under Section 1.24, Notice on Termination of FEHBP or Provider Contract, or the date the Carrier's or the provider's contract ends.

(b) The Carrier shall ensure the following:

(1) If it terminates a specialty provider contract or a PPO or POS network contract other than for cause, it allows members who are undergoing treatment for a chronic or disabling condition or who are in the second or third trimester of pregnancy to continue treatment under the specialty provider for up to 90 days, or through their postpartum period, whichever is later, under the same terms and conditions that existed at the beginning of the transitional care period; and

(2) If it enrolls a new member who voluntarily changed Carriers because the member's former Carrier was no longer available in the FEHB Program, it provides transitional care for the member if he or she is undergoing treatment for a chronic or disabling condition or is in the

second or third trimester of pregnancy for up to 90 days, or through the postpartum period, whichever is later, under the same terms and conditions the member had under the prior Carrier.

(c) In addition, the Carrier shall (1) pay for or provide the transitional care required under this clause at no additional cost to members;

(2) require the specialty provider or network to promptly transfer all medical records to the designated new provider during or upon completion of the transition period, as authorized by the patient; and,

(3) require the specialty provider or network to give all necessary information to the Carrier for quality assurance purposes.

SECTION 1.26
STANDARDS FOR ARRANGEMENTS WITH PHARMACY BENEFIT MANAGERS (JAN 2022)

The Carrier will ensure and report that the following standards are included in new, renewing or amended contracts with Pharmacy Benefit Managers (PBMs) providing services to Enrollees and family members effective on or after January 1, 2022. Notwithstanding the foregoing, the revisions to Section 1.26 shall not take effect before the expiration of the Carrier's current contract (including the exercise of an existing option to extend the term by not more than one year at a time) but not later than January 2025. The PBM includes all entities that have a majority ownership interest in or majority control over the PBM. The PBM also includes any other subsidiary of the entity that has majority ownership or control over the PBM.

All PBMs must adhere to the provisions of this Section 1.26.

If the Carrier's PBM arrangement is with an Underwriter rather than with the Carrier, then all references to the Carrier and Plan appearing in this Section 1.26 shall be deemed to be references to the Underwriter.

(a) Definitions. Under this section

(1) "Expedited request" means a request initiated by the Prescriber, member, or member's representative when the time limit for standard utilization management review for the prescribed medication could seriously jeopardize the patient's life, health, or ability to regain maximum function.

(2) "Licensed pharmacist" means an individual currently licensed by the appropriate jurisdiction to engage in the practice of pharmacy consistent with that jurisdiction's laws and regulations.

(3) "Manufacturer payment" means any and all compensation, financial benefits, or remuneration the PBM or any Third Party receives from a pharmaceutical manufacturer for any dispensing or distribution channel, including but not limited to, discounts, credits, rebates (regardless of how categorized), market share incentives, chargebacks, commissions, administrative or management fees, patient assistance and any fees received for sales of utilization data to a pharmaceutical manufacturer.

(4) "Network pharmacy," means any retail, mail order, specialty, or licensed pharmacy provider that contracts with the PBM.

(5) "Pass-Through Transparent Pricing" means drug pricing in which the Carrier receives the full value of all discounts, rebates, credits or other financial guarantees or adjustments including any true up or reconciliation.

(6) "Pharmacy Benefit Manager" or "PBM" means the combination of

(i) a business or other entity that, pursuant to a contract with the Carrier, either directly or through an intermediary, manages the prescription drug benefit provided by the Carrier including, but not limited to, the processing and payment of claims for prescription drugs, the performance of drug utilization review, the processing of drug prior authorization requests, the adjudication of appeals or grievances related to prescription drug coverage, contracting with Network pharmacies, and controlling the cost of covered prescription drugs; and

(ii) all entities that have a majority ownership interest in, or majority control over, the business or other entity that is in contract with the Carrier referenced in (i).

(7) "Prescriber" means any licensed, certified or otherwise legally authorized health care professional authorized by law to prescribe a prescription drug.

(8) "Third Party" means any consultant, partner, administrator, intermediary or other entity outside the scope of the relationships between or among the PBM and the FEHB enrollee, Carrier, and/or OPM. It does not include wholesalers, distributors, or pharmacies.

(9) "Total Product Revenue" means the total dollar sales of prescription drugs at the prescription price negotiated with clients and associated administrative fees, either through retail Networks or PBM-owned or controlled mail order pharmacies, with respect to the PBM's entire client base, for the reporting period.

(10) "Mid-year formulary change" means any change that occurs to the formulary effective on a date in a plan year later than the first day of the plan year. Positive mid-year formulary changes enhance formularies by adding drugs or placing a drug on a lower cost~~s~~-sharing tier or removing or relaxing utilization management (UM) requirements for drugs. Restrictive mid-year formulary changes negatively impact formularies by removing drugs, moving drugs to higher tiers, or tightening UM requirements for drugs.

(11) "Impacted Member" means any member who is on a prescription drug that undergoes a mid-year formulary change.

(12) "Written notice" means notification to each Impacted Member by U.S. mail, secure e-mail or text message (if approved by the member).

(b) Transparency Standards

(1) The PBM shall not be majority-owned or majority-controlled by a pharmaceutical manufacturing company. The PBM must disclose to the Carrier and OPM the name of any entity that has a majority ownership interest in or majority control over the PBM.

(2) The PBM shall agree to provide Pass-Through Transparent Pricing as defined above for the following categories:

(i) Retail Pharmacies: The PBM shall charge the Carrier no more than the amount as determined by Pass-Through Transparent Pricing paid to the pharmacy for each drug plus a dispensing fee.

(ii) Mail Order or Specialty Pharmacies not owned or affiliated with the PBM: The PBM shall charge the Carrier no more than the amount as determined by Pass-Through Transparent Pricing paid to the pharmacy for each drug plus a dispensing fee.

(iii) Mail Order or Specialty Pharmacies owned or affiliated with the PBM: The PBM shall charge the Carrier the cost of the drugs based on the pharmacy's actual acquisition cost, plus a dispensing fee. Costs shall not be based on industry benchmarks or set pricing including, but not limited to, Average Acquisition Cost (AAC), Maximum Allowable Charge (MAC), Average Wholesale Price (AWP), and Wholesale Acquisition Cost (WAC).

(3) The PBM or any other Third Party that negotiates or collects Manufacturer Payments allocable to the Carrier agrees to credit to the Carrier either as a price reduction or by cash refund the value of all Manufacturer Payments properly allocable to the Carrier. Patient assistance that is used to reduce member cost shares are not allocable to the Carrier.

(4) The PBM must identify sources of profit to the Carrier and OPM as it relates to the FEHB contract.

(5) All of the PBM's fees, including, but not limited to, administrative or dispensing fees, must be clearly identified to retail claims, mail claims, specialty claims, and clinical or other programs, if applicable. The PBM must agree to disclose each fee to the Carrier and OPM.

(6) The PBM, or any Third Party that negotiates or collects Manufacturer Payments allocable to the Plan, will provide the Carrier with quarterly and annual Manufacturer Payment Reports identifying the following information. This information shall be presented for both the total of all prescription drugs dispensed through the PBM, acting as a specialty and/or a mail order pharmacy, and its retail Network and in the aggregate for the 25 brand name drugs that represent the greatest cost to the Carrier or such number of brand name drugs that together represent 75 percent of the total cost to the Carrier, whichever is the greater number:

(i) the dollar amount of Total Product Revenue;

(ii) the dollar amount of total drug expenditures for the Plan;

(iii)the dollar amount of all Manufacturer Payments earned by the PBM for the reporting period;

(iv) the Manufacturer Payments that have been (1) earned but not billed (2) billed and (3) paid to the PBM based on the drugs dispensed to the Plan members during the past year.

(v) the percentage of all Manufacturer Payments earned by the PBM for the reporting period that were Manufacturer Formulary Payments, which are payments the PBM receives from a manufacturer in return for formulary placement and/or access, or payments that are characterized as "formulary" or "base" rebates or payments pursuant to the PBM's agreements with pharmaceutical manufacturers;

(vi)the percentage of all Manufacturer Payments received by the PBM during the reporting period that were Manufacturer Additional Payments, which are all Manufacturer Payments other than Manufacturer Formulary Payments.

(7) The PBM agrees to provide the Carrier, at least annually, with all financial and utilization information requested by the Carrier relating to the provision of benefits to eligible Enrollees through the PBM and all financial and utilization information relating to services provided to the Carrier, including but not limited to, a reasonable sample of retail pharmacy remittance advices, as selected by the Carrier.

(8) The Carrier shall provide any information it receives from the PBM, including a copy of its contract with the PBM to OPM. At OPM's request, the Carrier must obtain from the PBM any reasonable information or reports and provide it to OPM. A PBM providing information to a

Carrier under this subsection may mark that information as confidential commercial information. The Carrier, in its contract with the PBM shall effectuate the PBM's consent to the disclosure of this information to OPM. OPM shall handle the information in accordance with 5 CFR Part 294.

(9) The Carrier will require that its PBM:

(i) Provide information to physicians, pharmacists, other health care professionals, consumers, and payers about the factors that affect formulary system decisions, including: cost containment measures; the procedures for obtaining non-formulary drugs; and the importance of formulary compliance to improving quality of care and restraining health care costs;

(ii) Provide consumer education that explains how formulary decisions are made and the roles and responsibilities of the consumer; and

(iii) Disclose the existence of formularies and have copies of the current formulary readily available and publicly accessible.

(10) In accordance with FEHBAR 1652.204-74, FAR 52.215-2 and FEHBAR 1652.246-70, all contracts and other documentation that support amounts charged and credited to the Carrier contract are fully disclosed to and auditable by the OPM Office of Inspector General (OPM OIG). The PBM must provide the OPM OIG upon request complete copies of all PBM records including, but not limited to:

(i) All PBM contracts with Participating Pharmacies, including invoices, receipts and credits;

(ii) All PBM contracts with Pharmaceutical Manufacturers, including invoices, receipts, and credits;

(iii)All PBM contracts with Third Parties purchasing or using claims data;

(iv) All PBM transmittals in connection with sales of claims data to Third Parties or other entities;

(v) All PBM Maximum Allowable Cost (MAC) price lists.

(vi) All PBM records relating to patient assistance maximizer programs, optimizer programs, or similar arrangements with Third Parties; and

(vii)All PBM records pertaining to arrangements with Third Parties, including Group Purchasing Organizations (GPOs).

(11) The Carrier at the minimum must perform an annual check of the PBM's adherence to the pricing standards outlined in (b)(2)(i), (ii), and (iii).

(c) Integrity Standards

(1) The Carrier will require that its PBM agree to adopt and adhere to a code of ethics promulgated by a national professional association, such as the Code of Ethics of the American Pharmacists Association, for their employed pharmacists.

(2) The Carrier will require that its PBM be licensed as required by the appropriate jurisdiction's laws and regulations.

(3) The Carrier will require that its PBM only employ or contract with licensed pharmacists for roles that require such a license under the appropriate jurisdiction's laws and regulations.

(4) The PBM shall perform its duties with care, skill, prudence, diligence, and professionalism.

(5) A PBM shall notify the Carrier in writing of any activity, policy, or practice of the PBM that directly or indirectly presents any conflict of interest with the duties imposed in this subsection.

(6) A PBM, or Carrier, shall not enter into a contract with a pharmacy or pharmacist that prohibits or penalizes a pharmacy or pharmacist for disclosure of information to a member regarding:

(i) The cost of a prescription medication to the member; or

(ii) The availability of any therapeutically-equivalent alternative medications or alternative methods of purchasing the prescription medication, including but not limited to, paying a cash price that is less expensive to the member than the cost of the prescription under the Plan.

(d) Performance Standards

The Carrier will require that its PBM contractors develop and apply a quality assurance program specifying procedures for ensuring contract quality on the following standards at a minimum and submit reports to the Carrier on their performance. PBMs must meet, at minimum, the member inquiry, customer service, claims processing, and other applicable standards set for Carriers at Section 1.9(f). All other standards discussed below will have specific target goals the PBM is expected to achieve. Carriers may permit PBMs to measure compliance using statistically valid samples for the PBMs book of business. Agreed to standards shall be provided to OPM for its review and comment. If OPM has concerns about a particular standard, the Carrier agrees to present OPM's concerns to the PBM and either revise the standard as requested by OPM or revise the standard to the extent feasible and present to OPM information demonstrating the problems associated with making the requested revisions in full.

(1) Point of Service (POS) system response time. The PBM's network electronic transaction system provides rapid response to Network pharmacies.

(2) POS system availability. The PBM's network electronic transaction system generally is available to, and accessible by, Network pharmacies.

(3) Licensing. The PBM verifies the appropriate licensing of its Network pharmacies. This includes DEA registration for U.S. pharmacies, and the equivalent, if one exists, for pharmacies outside of the U.S.

(4) Dispensing accuracy – The PBM dispenses its prescriptions to the correct patient and for the correct drug, drug strength and dosage in accordance with the prescription not less than 99.9 percent of the time.

(5) Mail service pharmacy turnaround time – The PBM promptly dispenses and ships at least 98 percent on average of all prescriptions not requiring intervention or clarification within 3 business days or meets an equivalent measure approved by OPM.

(6) Specialty pharmacy shipment stability. The Carrier or PBM's specialty pharmacy must have policies and procedures in place to promote effective shipping practices and monitor cold chain packaging. Specific areas to be addressed include achievement of internal and external metrics and the identification and appropriate use of best practices.

(7) Quality of Drug Therapy. The quality assurance program implemented by a Carrier's PBM contractor must include a process to measure the quality of its drug therapy provided to enrollees. Specific areas to be addressed include achievement of quality targets measured by both internal and external metrics; identification and appropriate use of best practices; and application of evidence-based medicine, as appropriate.

(e) Mid-Year Formulary Changes may not become effective until an itemized list is provided to OPMPharmacy@OPM.gov, and to your Health Insurance Specialist with a copy to the Contracting Officer.

(1) Positive formulary changes may be effective at any time after the itemized list of Mid-year formulary changes is provided as set forth above.
(2) FEHB Carriers must notify their Contracting Officer at least 70 days prior to making any Restrictive Formulary Change effective during the plan year that results in any Impacted Member.
(3) EHB Carriers must provide Impacted Members with written notice of a Restrictive mid-year formulary change at least 60 days prior to the date the formulary change becomes effective.
(4) FEHB Carriers have the option to grandfather Impacted Members of a restrictive formulary change for coverage and cost-sharing for the remainder of the plan year. In such cases, Impacted Member notification is not required. However, FEHB Carriers must notify OPMPharmacy@OPM.gov and their Contracting Officer at least 10 days prior to making any restrictive mid-year formulary change that has no member impact.
(5) Carriers may immediately remove from their formulary drugs deemed unsafe based on new information on a drug's safety or efficacy or removed from the market by their manufacturer or due to long-term drug shortages without meeting the advance notice requirement specified above. In such cases, FEHB Carriers must provide retrospective written notice of any such formulary changes to Impacted Members and OPM as soon as possible.
(6) When long-term drug shortages result in disruption to the formulary, FEHB Carriers must review their formularies and ensure that alternative drug(s) are available at the same tier or at a lower tier.

(f) Alternative Drug Options

The Carrier will require that its PBM contractors, at a minimum, utilize the following protocols for PBM initiated drug interchanges (any change from the original prescription) other than generic substitutions:

(1) The PBM must treat the Prescriber, and not itself, as the ultimate decision-maker. Furthermore, to the extent appropriate under the circumstances, the PBM must allow the patient input into that decision-making process. At a minimum, the PBM must provide the patient with a written notice in the package sent to the patient that the drug interchange has occurred with the approval of the Prescriber.
(2) The PBM will obtain authorization for a drug interchange only with the express, verifiable authorization from the Prescriber as communicated directly by the Prescriber, in writing or verbally, or by a licensed medical professional or other office staff member as authorized by the Prescriber.
(3) The PBM must memorialize in appropriate detail all conversations with patients and Prescribers in connection with drug interchanging requests, including the identity of the contact person at the Prescriber's office and the basis for his or her authority.
(4) The PBM will only interchange a patient's drug from a lower priced drug to a drug with a higher cost to the patient or Plan when authorized by the Carrier or the Plan.

(5) The PBM will permit pharmacists to express their professional judgment to both the PBM and Prescribers on the impact of drug interchanges and to answer Prescribers' questions. PBMs will not require pharmacists to, and will not penalize pharmacists for refusing to, initiate calls to Prescribers for drug interchanges that in their professional judgment should not be made.
(6) The PBM will offer to disclose, and if requested, will disclose to Prescribers, the Carrier, and patients (i) the reason(s) why it is suggesting a drug interchange and (ii) how the interchange will affect the PBM, the Plan, and the patients financially.

(g) Utilization Management Timeframe –
(1) The PBM must promptly review and respond to requests for prior approval for specific drugs and any other utilization management edits following receipt of all required information.
(i) For Expedited requests, the PBM must review and respond within 24 hours.
(ii) For other, non-expedited requests, the PBM must review and respond within 72 hours.
(2) For expiring prescription prior authorizations (PAs), the PBM must:
(i) have in place a process to review all expiring PAs; and
(ii) must notify members at least 45 days before the expiration of a PA for a maintenance medication.

(h) Patient Safety Standard - The Carrier will require that its PBM establish drug utilization management, formulary process and procedures that have distinct systems for identifying and rectifying consumer safety issues including:

(i) A system for identifying and communicating drug and consumer safety issues at point-of-service;
(ii) A system of drug utilization management tools, such as prospective and concurrent drug utilization management that identifies situations which may compromise the safety of the consumer.
(iii) A system/process for error reporting; and
(iv) A system/process for identifying/managing risk

(i) Safety and Accessibility for Consumers - The Carrier will require that its PBM meets the following standards related to pharmacy Network management and consumer access to medications.

(1) The Carrier will require that its PBM define the scope of its services with respect to:
(i) The distribution channels offered (e.g. pharmacy Network, mail order pharmacies, or specialty pharmacies);
(ii) The types of pharmacy services offered within each distribution channel; and
(iii) The geographic area served by each distribution channel.

(2) The Carrier will require that for each distribution channel provided by its PBM, the PBM:
(i) Establishes criteria and measures actual performance in comparison to those criteria: and
(ii) Makes improvements where necessary to maintain the pharmacy network and meet contractual requirements.

(3) The Carrier will require that its PBM contractor establish a quality and safety mechanism for each distribution channel in order to identify and address concerns related to:

(i) Quality and safety of drug distribution; and
(ii) Quality of service

(j) Fraud, Waste, and Abuse

(1) The PBM must establish fraud, waste and abuse detection processes and procedures, with distinct systems for identifying and rectifying FWA issues including:
  (i) A system designed to detect and eliminate FWA
  (ii) A system that assesses its vulnerability to FWA to include, but not limited to, performing post-payment reviews and audits of providers identified either proactively or reactively;
  (iii) A system/process for FWA reporting; and
  (iv) A system/process for identifying/managing risk

(2) Any third party or entity providing services or supplies related to the administration of payments or benefits must certify to the PBM that it has established fraud, waste and abuse detection processes and procedures, with distinct systems for identifying and rectifying FWA issues including:
  (i) A system designed to detect and eliminate FWA;
  (ii) A system that assesses its vulnerability to FWA to include, but not limited to, performing post-payment reviews and audits of providers identified either proactively or reactively;
  (iii) A system/process for FWA reporting; and
  (iv) A system/process for identifying/managing risk.

(k) Contract Terms - The contract between the PBM and the Carrier must not exceed 3 years without re-competition unless the Contracting Officer approves an exception. The Carrier's PBM contract must allow for termination based on a material breach of any terms and conditions stated in the Carrier's PBM contract. The Carrier must provide sufficient written notice of the material breach to the PBM and the PBM must be given adequate time to respond and cure the material breach.

SECTION 1.27
DISCLOSURE NOTICE UNDER P.L. 108-173 (MEDICARE MODERNIZATION ACT OF 2003) (JAN 2006)

The Carrier will issue, as part of its FEHB benefits brochure, a disclosure notice concerning creditable prescription drug coverage in accordance with the regulation at 42 CFR 423.56 issued by the Department of Health and Human Services.

SECTION 1.28
CARRIER DISASTER RECOVERY PLAN (JAN 2007)

The Carrier must implement a disaster recovery plan that addresses flexibility for the following:

(a) Medical and pharmacy procedures and requirements;
(b) Barriers to accessing needed health care;
(c) Requests for out-of-network medical services;
(d) Alternatives for medical pre-certification, referrals, medical necessity review and notification of hospital admissions;
(e) Accessing other PCPs or specialists;
(f) Pharmacy restrictions, refills, additional supplies of medications as backup;
(g) Mail-order pharmacy;
(h) Adhering to recommendations for vaccinations from the Center for Disease Control;
(i) Claims payments;
(j) Crisis toll free hotline;
(k) Ability to identify current members;
(l) Recovery procedures for critical business functions (i.e., system, network, communication, work area recovery); and
(m) Secure backup site (hot/cold). A "hot work site" is a designated location to be used in the event of a disaster that is fully prepared for continuation of work to which the employees can go. A "cold work site" is a designated location to use in the event of a disaster that is not fully prepared for continuation of work to which the employees can go.

The Carrier must provide OPM with the following information:
(a) description of its disaster recovery plan;
(b) the Carrier's current state of readiness and the frequency of evaluations;
(c) the Carrier's work with its subcontractor on this issue;
(d) a timeline; and
(e) any potential problem areas.

The Carrier may implement its own additional measures.

Carriers must submit this information by January 1, 2007. Carriers who enter the FEHBP subsequent to 2007, must submit this information by January 1st of their first FEHBP contract year. Any material changes to the disaster recovery plan, such as a prime disaster recovery subcontract change or a hot site change, should be reported to OPM.

SECTION 1.29
HEALTH INFORMATION TECHNOLOGY REQUIREMENTS (JAN 2011)

(a) The Carrier agrees that as it implements, acquires, or upgrades health information technology systems, it shall utilize, where available, certified health information technology systems and products that meet interoperability standards recognized by the Secretary of Health and Human Services, as existing on the date of the implementation, acquisition, or upgrade of health information technology systems ("Interoperability Standards"). Interoperability Standards include those standards adopted by the Secretary to promote meaningful use of health information technology in accordance with Public Law 111-5, The Health Information Technology for Economic and Clinical Health Act (HITECH Act).

(b) The Carrier agrees that such health information technology systems will have already been pilot tested in a variety of live settings and refined, if needed, before the Carrier will consider them for implementation.

(c) The Carrier agrees that as its provider agreements are established or renewed, it will encourage contracted providers to comply with applicable Interoperability Standards and to demonstrate meaningful use of health information technology in accordance with the HITECH ACT.

SECTION 1.30
HEALTH INFORMATION TECHNOLOGY PRIVACY AND SECURITY (JAN 2019)

(a) Any Carrier subcontractor, large provider, or vendor, that administers a personal health record or quality and cost or price transparency software applications for Members that collect, create, receive, store or transmit individually identifiable protected health information of Members that does not qualify as a covered entity or business associate under the Health Insurance Portability and Accountability Act of 1996 (HIPAA) or regulations will be required by the Carrier to, at a minimum, comply with equivalent privacy and security policies as are required of a "covered entity" under the HIPAA Privacy and Security regulations.

(b) The Carrier will provide for consumer transparency including, but not limited to, the posting of the subcontractor's, large provider's, or vendor's notice of privacy practices prominently at the point where the Member enters the subcontractor's, large provider's, vendor's or other entity's website or web portal.

(c) Notices of privacy practices disclosures must describe the uses of individually identifiable protected health information and any potential disclosure to other entities as described in the HIPAA Privacy Rule.

(d) The Carrier must allow the Contracting Officer or an authorized representative of the Contracting Officer to independently perform credentialed vulnerability scans and configuration compliance audits (using administrator accounts) against the Carrier's information systems and environments described in this subsection to determine whether the Carrier has controls in place to ensure its information systems are securely configured and patches are timely applied and up to date based on the level of risk in the environment.

(1) NIST SP 800-53 (or its current equivalent) may be used as a benchmark for conducting audits of Carrier information systems. The Contracting Officer or an authorized representative of the Contracting Officer may recommend that the Carrier adopt a best practice drawn from NIST SP 800-53 (or its current equivalent) to the following Carrier information systems:

(i) Information systems that directly process FEHBP data for contract purposes; and

(ii) All other information systems operating in the same general information technology control environment(i.e. any resources in the same physical or logical environment) as the information systems in subparagraph as the information systems in (i) above.

(2) In a written response to such a recommendation, the Carrier shall do one of the following:

(i) Agree to adopt the recommendation,

(ii) Explain that it is already in compliance with the recommendation, or

(iii) Explain why maintaining its current practice is compliant with Section 1.22, captioned Administrative Simplification -- HIPAA and is equally, if not more, appropriate for its business purposes than the recommended best practice from (1) above.

(3) Upon request of the Contracting Officer or an authorized representative of the Contracting Officer, the Carrier agrees to demonstrate to the requestor its compliance with either a recommended best practice from (1) or an alternative current practice from subparagraph (2)(iii) that the Carrier has adopted. Evidence submitted pursuant to (2) that the Carrier and Contracting Officer agree is extremely sensitive may, at the Carrier's request and the Contracting Officer's concurrence, be reviewed on the Carrier's premises.
(4) If the Carrier agrees to adopt a best practice recommendation made pursuant to (1) above, the Contracting Officer will allow reasonable time for the Carrier to implement the best practice before making any request under (3) above.

SECTION 1.31
DEFINITION AND SCOPE OF INFORMATION SECURITY (JAN 2012)

(a) As indicated in FAR Subpart 2.1, information security means protecting OPM information and information systems from unauthorized access, use, disclosure, disruption, modification, or destruction in order to provide —

1. Integrity, which means guarding against improper information modification or destruction, and includes ensuring information nonrepudiation and authenticity; or destruction.

2. Confidentiality, which means preserving authorized restrictions on access and disclosure, including means for protecting personal privacy and proprietary information; and

3. Availability, which means ensuring timely and reliable access to, and use of, information.

(b) This Contract grants the Carrier access to OPM's Letter of Credit (LOC) System. The Carrier recognizes its responsibility to help maintain the information security of OPM's LOC System. Section 1.31 through 1.35 inclusive and Section 5.67 and 5.68 pertain exclusively to such limited access to OPM's LOC System.

SECTION 1.32
CARRIER PERSONNEL ACCESS DETERMINATION REQUIREMENTS (JAN 2021)

(a) Carrier personnel who receive a user identification and password to access OPM's LOC System shall comply with the U.S. Office of Management and Budget (OMB) Memorandum M-05-24, referenced in paragraph (a) of FAR 52.204-9, Personal Identity Verification of Contractor Personnel, which is available on-line at https://www.whitehouse.gov/sites/whitehouse.gov/files/omb/memoranda/2005/m05-24.pdf.

(b) Homeland Security Presidential Directive (HSPD) 12 requires the Government to institute standards for secure and reliable identification of employees and contractors accessing Federal facilities. OPM has determined that a National Agency Check with Written Inquiries (NACI) is required for Carrier employees with access to OPM's LOC System. The Carrier must obtain these access determinations for its employees with access to OPM's LOC System using the e-QIP system. The NACI will be requested on a Standard Form (SF) 85, "Questionnaire for Non-Sensitive Positions." OPM will not allow Carrier employees who have not completed the NACI process in any of its facilities, pursuant to applicable security policies.

(c) Carriers must meet facility and access clearance requirements.

(d) Carriers are responsible for the security, integrity and appropriate authorized use of their systems interfacing with OPM's LOC System. OPM, through its Contracting Officer, may

require the use or modification of security and/or secure communications technologies related to Government systems access and use.

(e) OPM, at its discretion, may suspend or terminate the Carrier's access to and/or use of OPM's LOC System when a security or other electronic access, use or misuse issue gives cause for such action. The suspension or termination may last until such time as the Government determines that the situation has been corrected or no longer exists.

SECTION 1.33
INFORMATION TECHNOLOGY SYSTEMS SECURITY (JULY 2011)

Carriers must comply with OPM IT Security and Privacy, NIST and OMB requirements for system users. System users are Carrier employees with a user identification and password to access OPM's LOCS. Based upon the Federal Information Processing Standards Publication 199 (FIPS PUB 199), the Government has determined that a minimum level, applies to the sensitivity of the data contained in OPM's LOC System and a minimum level, applies to the operational criticality of the data processing capabilities of OPM's LOC System. (Note: FIPS PUB 199 is accessible on line at: http://csrc.nist.gov/publications/fips/fips199/FIPS-PUB-199-final.pdf.)

In order to access the OPM LOC System, the Carriers must demonstrate that they comply with the end-user security requirements in the Federal Information Security Management Act of 2002 (FISMA, Public Law 107-347, 44 U.S.C. 3531-3536); Office of Management and Budget (OMB) Circular A-130, Appendix III, "Security of Federal Automated Information Systems" and an acknowledgement of their understanding of the security requirements in the contract. (Note: OMB Circular A-130, Appendix III is accessible on line at: http://www.whitehouse.gov/omb/circulars/a130/appendix_iii.pdf.)

SECTION 1.34
CARRIER ACCESS TO OPM IT SYSTEMS (JAN 2011)

Each Carrier employee is required to utilize individual identification and authorization to access the OPM LOC System. Using shared accounts to access the OPM LOC System is strictly prohibited. OPM will disable accounts and access to the OPM LOC System will be revoked and denied if Carriers share accounts. Users of the OPM LOC System will be subject to periodic auditing to ensure compliance to OPM Security and Privacy Policy. In addition, Carriers are required to comply with the following NIST 800-53 security controls to include at a minimum: Access Control (AC) - Controls falling under the AC category ensure that proper restrictions are in place to limit access to authorized users with a need to know.

The Carrier must:

(1) Provide to the OPM Letter of Credit (LOC) System Security Officer listed in OPM's "Letter of Credit Drawdown System User Manual For Experience Rated Carriers" - Contacts for Questions and Problem Resolution, an initial and complete list of employees' names that require access to OPM's LOC System;

(2) By the fifth day of each month thereafter, send a staffing change report to the Contracting Officer's Representative, contract administrator and LOC Security Officer. The report must contain the listing of all staff members with an LOC System user identification and password who left employment or were hired under this contract in the past 60 days. This form

must be submitted even if no separation has occurred during this period. Failure to submit a 'Contractor Staffing Change Report' each month will result in the suspensions of all user IDs associated with this contract; and

(3) Anyone who accesses the OPM LOC System must complete OPM's IT Security and Privacy Awareness Training (ITPSA) annually and upon the initial access. This requirement applies to all Carriers.

SECTION 1.35
PROCEDURES FOR REPORTING A LETTER OF CREDIT SYSTEM SECURITY BREACH (JAN 2013)

(a) A breach of data, system access, etc. includes loss of control, compromise, unauthorized disclosure, unauthorized acquisition, or unauthorized access of information whether physical or electronic. As an agency, OPM is required to immediately report all potential security and data breaches -- whether they involve paper documents or electronic information. In order to meet this responsibility, OPM has established a new internal procedure for reporting the loss or possible compromise of any data, and this clause conforms to that procedure.

(b) OPM Carriers must report any breach or potential breach to the OPM Situation Room and the Contracting Officer within 30 minutes of becoming aware of the risk – regardless of the time or day of the week. Breaches should be reported, even if it is believed the breach is limited, small, or insignificant. OPM's IT security experts, who will determine when a breach needs additional focus and attention. The OPM Situation Room is available 24 hours per day, 365 days per year. Report the breach to the OPM Situation Room and the Contracting Officer either by phone or by e-mail; however, be sure NOT to include PII in the e-mail.

(1) OPM Carriers must report a breach or potential security breach to the OPM Situation Room at: sitroom@opm.gov, (202) 418-0111, Fax (202) 606-0624.

(2) When notifying the Situation Room, please copy the Contracting Officer.

(3) To get help with WinZip, please contact the OPM Help Desk at: helpdesk@opm.gov, (202) 606-4927, TTY (202) 606-1295.

(4) If you have questions regarding these procedures, contact the Contracting Officer.

SECTION 1.36
FEDERAL FLEXIBLE SPENDING ACCOUNT PROGRAM (FSAFEDS) PAPERLESS REIMBURSEMENT (JAN 2013)

(a) If the Carrier participates in the FSAFEDS paperless reimbursement process, the Carrier must notify OPM following the discovery of a triggering event, as defined herein. Unless OPM and the Carrier mutually agree upon a different triggering event, the triggering event for notice shall be when the paid or denied claims included in a weekly electronic feed to FSAFEDS contain systemic errors attributable to a single claims processing system programming error, including but not limited to, a programming error in setting a co-payment or deductible amount. OPM and the Carrier recognize and agree that medical, dental, or prescription drug claim payment adjustments and voids made in the regular course of business including but not limited to,

network pricing changes or restocking unclaimed prescription drugs, are not claims processing system programming errors for purposes of this provision.
(b) The Carrier shall provide notice to OPM as set forth in subsection (a) above within one business day after discovering the triggering event.
(c) The Carrier's notice to OPM shall explain in writing the nature of the triggering event.
(d) After giving such notice, the Carrier shall take the following steps:

(1) Explain in writing, the steps that the Carrier has taken or will take to correct the error within five (5) business days after discovering the triggering event;

(2) Collaborate with FSAFEDS to confirm the number of impacted Enrollees or the number of claims affected by the error;

(3) Assist FSAFEDS when requested to develop an action plan that assists Enrollees to avoid a situation in which Enrollees would forfeit a portion of their annual salary reduction contributed toward FSAFEDS;

(4) Draft in consultation with OPM and FSAFEDS a notice to all affected Enrollees that explains the nature of the error and how the Carrier anticipates solving the problem; and

(5) Timely inform OPM about issues raised by Enrollees that result from recovery efforts and cooperate with OPM's efforts to resolve those issues.

SECTION 1.37
PROCEDURES FOR INFORMATION SECURITY INCIDENT AND DATA BREACH REPORTING (JAN 2022)

(a) The specific terms listed below are defined as stated for purposes of this Section.
  (1) Incident is defined by 44 U.S.C. 3552(b)(2) and applicable OMB guidance.
  (2) Breach is defined in HHS regulations 45 CFR Part 164 Subpart D.
  (3) Compromise is defined in the current revisions of the glossary of NIST SP 800-32.
(b) A Carrier must report to OPM incidents and breaches where the confidentiality, integrity, or availability of FEHB member protected health information (PHI) is compromised or if a Carrier notifies law enforcement of an incident or breach that: (1) compromises its systems that contain or process FEHB Program data or (2) compromises its systems operating in the same general information technology control environment as the information systems that process FEHB Program data.
(c) The Carrier must report to OPM before any other external notifications are made (excluding notification to necessary parties for incident response), and in no case later than 24 hours after its incident response team determines the confidentiality, integrity, or availability of FEHB member PHI is compromised, or it has notified law enforcement of an incident or breach that meets the requirements stated in paragraph (b) of this Section.
(d) The Carrier must submit reports to OPM via email to Cybersolutions@opm.gov or via phone to (844) 377-6109. The Carrier must also notify their Health Insurance Specialist on its security incident and data breach reporting.
  (1) Any data shared with OPM that relates to an incident or breach must be transmitted in a secure manner.
  (2) The report should include the following:
    i. A brief description of the nature of the incident or breach.

ii. An estimate of the number of affected FEHB members, if feasible.
iii. A brief description of the remedial steps that the Carrier has already taken and those they plan to take.

(3) The Carrier is responsible for providing additional detailed information as soon as it becomes available.

(e) For a breach of PHI, the notice to FEHB enrollees will comport with 45 CFR 164.404 for breaches as defined in this Section or OPM guidance and must be coordinated with OPM before any communication with FEHB enrollees. All other notices must also be coordinated with OPM and the Carrier must follow OPM guidance to the extent practicable.

(f) In case of a subcontractor breach or incident the following applies.
(1) A subcontractor breach or incident must be reported to OPM by the Carrier no later than the calendar day following notice to the Carrier.
(2) Either the Carrier or its subcontractor may provide a notice of the breach to FEHB enrollees.
(3) If the subcontractor provides the notice, it must be in a form that allows the enrollee to easily identify the Carrier and FEHB plan. If specific identification is not practical under the circumstances, Carrier and FEHB plan identification shall be otherwise accomplished in a manner agreed upon with OPM.
(4) The Contracting Officer may direct the Carrier to issue a separate notice in order to avoid enrollee confusion.

SECTION 1.38
INCREASING TRANSPARENCY BY PROHIBITING GAG CLAUSES ON PRICE AND QUALITY INFORMATION (JAN 2022)

A Carrier shall not enter into an agreement with a health care provider, network or association of providers, third-party administrator, or other service provider offering access to a network of providers that would directly or indirectly restrict a Carrier from—

(a) Providing provider-specific cost or quality of care information or data, through a consumer engagement tool or any other means, to referring providers, OPM, enrollees, or individuals eligible to become enrollees of the Carrier's FEHB Plans;

(b) Electronically accessing de-identified claims and encounter information or data for each covered individual in the Carrier's FEHB Plans, upon request and consistent with the privacy regulations promulgated pursuant to section 264(c) of the Health Insurance Portability and Accountability Act of 1996, the amendments made by the Genetic Information Nondiscrimination Act of 2008, and the Americans with Disabilities Act of 1990, including, on a per claim basis—
(1) Financial information, such as the allowed amount, or any other claim-related financial obligations included in the provider contract;
(2) Provider information, including name and clinical designation;
(3) Service codes; or
(4) Any other data element included in claim or encounter transactions; or

(c) Sharing information or data described in paragraph (a) or (b), or directing that such data be shared, with a business associate as defined in section 160.103 of title 45, Code of Federal Regulations (or successor regulations), consistent with the privacy regulations promulgated

pursuant to section 264(c) of the Health Insurance Portability and Accountability Act of 1996, the amendments made by the Genetic Information Nondiscrimination Act of 2008, and the Americans with Disabilities Act of 1990.

PART II – BENEFITS

SECTION 2.1
ENROLLMENT ELIGIBILITY AND EVIDENCE OF ENROLLMENT (JAN 2015)

(a) Enrollment.

(1) Each eligible individual who wishes to be enrolled in the plan offered by this Carrier shall, as a prerequisite to such enrollment, complete a Health Benefits Election Form, or use an electronic or telephonic method approved by OPM, within the time and under the conditions specified in 5 CFR Part 890. The personnel office having cognizance over the Enrollee shall promptly furnish notification of such election to the Carrier.

(2) A person's eligibility for coverage, effective date of enrollment, the level of benefits (option), the effective date of termination or cancellation of a person's coverage, the date any extension of a person's coverage ceases, and any continuance of benefits beyond a period of enrollment and the date any such continuance ceases, shall all be determined in accordance with regulations or directions of OPM given pursuant to chapter 89, title 5, United States Code.

(b) Special Limitations With Regard To Employee Organizations.

(1) A plan sponsored by an employee organization as defined by the Act, is available only to eligible employees, Tribal Employees, annuitants, former spouses, and former employees and eligible members of their families who must be or must become members of the sponsoring organization to enroll in the Plan.

(2) Employees with membership status in an employee organization at the time they become annuitants may retain their membership in the organization and, if eligible, continue their enrollment in the Plan. Survivor annuitants of Enrollees in the Plan may continue their enrollment in the Plan without becoming members of the sponsoring employee organization.

(c) The Carrier shall issue evidence of the Enrollee's coverage and furnish to the Enrollee copies of any forms necessary to make claim for benefits.

SECTION 2.2
BENEFITS PROVIDED (JAN 2020)

(a) The Carrier shall provide the benefits as described in the agreed upon brochure text found in Appendix A.

(b) In addition to providing benefits in accordance with (a) above, the Carrier shall be authorized to modify them as follows:

(1) To permit methods of treatment not expressly provided for, but not prohibited by law, rule or Federal policy, if otherwise contractually appropriate, and if such treatment is medically necessary and is as cost effective as providing benefits to which the Member may otherwise be entitled.

(2) To pay for or provide a health service or supply in an individual case which does not come within the specific benefit provisions of the contract, if the Carrier determines the benefit is within the intent of the contract, and the Carrier determines that the provision of such benefit is in the best interests of the Federal Employees Health Benefits Program.

(3) To offer in individual cases, after consultation with and concurrence by the Member and provider(s), a benefit alternative not ordinarily covered under this contract which will result in equally effective medical treatment at no greater benefit cost. An alternative benefit will be

made available for a limited time period and is subject to the Carrier's ongoing review. Members must cooperate with the Carrier's review process.

(c)The decision to offer, deny, or withdraw coverage for a modified benefit provided in accordance with (b) above is solely within the Carrier's discretion (unless the Carrier and Member have entered into an alternative benefits agreement that expressly modifies this authority), and is not subject to OPM review under the disputed claims process.

(d) In each case when the Carrier provides a non-covered benefit in accordance with the authority of (b) above, the Carrier shall document in writing prior to the provision of such benefit the reasons and justification for its determination. The writing may be in the form of an alternative benefit agreement with the Member. Such payment or provision of services or supplies while a valid charge under the contract shall not be considered to be a precedent in the disposition of similar cases or extensions in the same case beyond the approved period.

(e) Except as provided for in (b) above, the Carrier shall provide benefits for services or supplies in accordance with Appendix A.

(f) The Carrier, subject to (g) below, shall determine whether in its judgment a service or supply is medically necessary or payable under this contract.

(g) The Carrier agrees to pay for or provide a health service or supply in an individual case if OPM finds that the Member is entitled thereto under the terms of the contract.

(h) (1) Notwithstanding (b) and (e) above, in accordance with the Rehabilitation Act of 1973, in the case of a Member who is a qualified individual with a disability, the Carrier shall pay for or provide a covered health service or supply as an alternative benefit appropriate to the Member's needs, when required by OPM following OPM consultation with the Carrier, pursuant to paragraph 2.2(g), above.

(2)(i) An OPM requirement under (h)(1) is subject to ongoing review by OPM and the Carrier. Members must cooperate with the review process. If, in the Carrier's judgment, the conditions for the OPM requirement are no longer satisfied, the Carrier may request that OPM modify or terminate the requirement. OPM's decision to modify or terminate a requirement shall be subject to judicial review.

(ii) The Carrier agrees that its benefits as described in the brochure found at Appendix A, are reasonably and in good faith expected to result in coverage that satisfies Mental Health Parity and Addiction Equity Act requirements as defined in 45 C.F.R.146.136.

(i) In accordance with Section 2706(a) of the Public Health Service Act as added by the Affordable Care Act, the Carrier shall not discriminate with respect to participation under the plan or coverage against any health care provider who is acting within the scope of that provider's license or certification under applicable State law. This section shall not require the Carrier to contract with any health care provider willing to abide by the terms and conditions for participation established by the carrier. Nothing in this section shall be construed as preventing a Carrier from establishing varying reimbursement rates based on quality or performance measures.

SECTION 2.3
PAYMENT OF BENEFITS AND PROVISION OF SERVICES AND SUPPLIES (JAN 2016)

(a) By enrolling or accepting services under this contract, Members are obligated to all terms, conditions, and provisions of this contract. The Carrier may request Members to complete reasonable forms or provide information which the Carrier may reasonably request, provided, however, that the Carrier shall not require Members to complete any form as a precondition of

receiving benefits unless the form has first been approved for use by OPM. Notwithstanding Section 2.9*, Claims Processing*, forms requiring specific approval do not include claim forms and other forms necessary to receive payment of individual claims.

(b) All benefits shall be paid (with appropriate documentation of payment) within a reasonable time after receipt of reasonable proof covering the occurrence, character, and extent of the event for which the claim is made. The claimant shall furnish satisfactory evidence that all services or supplies for which expenses are claimed are covered services or supplies within the meaning of the contract.

(c) The procedures and time period for filing claims shall be as specified in the agreed upon brochure text (*Appendix A*). However, failure to file a claim within the time required shall not in itself invalidate or reduce any claim where timely filing was prevented by administrative operations of Government or legal incapacitation, provided the claim was submitted as soon as reasonably possible.

(d) The Carrier may request a Member to submit to one or more medical examinations to determine whether benefits applied for are for services and supplies necessary for the diagnosis or treatment of an illness or injury or covered condition of the Member and may withhold payment of such benefits pending completion of the examinations. The examinations shall be made at the expense of the Carrier by a physician selected by the Member from a panel of at least three physicians whose names are furnished by the Carrier, and the results of the examinations shall be made available to the Carrier and the Member.

(e) As a condition precedent to the provision of benefits hereunder, the Carrier, to the extent reasonable and necessary and consistent with Federal law, shall be entitled to obtain from any person, Tribal Employer, organization or agency, including the Office of Personnel Management, all information and records relating to visits or examination of, or treatment rendered or supplies furnished to, a Member as the Carrier requires in the administration of such benefits. The Carrier may obtain from any insurance company or other organization or person any information, with respect to any Member, which it has determined is reasonably necessary to:

(1) identify enrollment in a plan,

(2) verify eligibility for payment of a claim for health benefits, and

(3) carry out the provisions of the contract, such as subrogation, recovery of payments made in error, workers' compensation, and coordination of benefits.

(f) Benefits are payable to the Enrollee in the Plan or his or her assignees. However, under the following circumstances different payment arrangements are allowed:

(1) Reimbursement Payments for the Enrollee. If benefits become payable to the estate of an Enrollee or an Enrollee is a minor, or an Enrollee is physically or mentally not competent to give a valid release, the Carrier may either pay such benefits directly to a hospital or other provider of services or pay such benefits to any relative by blood or connection by marriage of the Enrollee determined by the Carrier to be equitably entitled thereto.

(2) Reimbursement Payments for a minor child. If a child is covered as a family member under the Enrollee's Self Plus One or Self and Family enrollment and is in the custody of a person other than the Enrollee, and if that other person certifies to the Carrier that he or she has custody of and financial responsibility for the child, then the Carrier may issue an identification card for the child(ren) to that person and may reimburse that person for any covered medical service or supply.

(3) Reimbursement Payments to family members covered under the Enrollee's Self Plus One or Self and Family enrollment. If a covered child is legally responsible, or if a covered

spouse is legally separated, and if the covered person does not reside with the Enrollee and certifies such conditions to the Carrier, then the Carrier may issue an identification card to the person and may reimburse that person for any covered medical service or supply. In the case of a legally separated spouse, the Carrier may also furnish the explanation of benefits to the spouse when determined by the Carrier to be required.

(4) Reimbursement payments to Government programs, such as Medicaid. If Federal law provides that reimbursement is payable to a Government program under coordination of benefits or similar rules, in lieu of being payable to the Enrollee or other covered person, the Carrier may reimburse the other Government program for any covered medical service or supply. To the degree that the Carrier is able to identify Medicaid beneficiaries, the Carrier will process claims directly to the provider of service or reimburse the Medicaid agency if the Medicaid agency has already paid the provider and is seeking reimbursement. When this situation is identified, the Carrier will update the member's records to ensure proper adjudication of claims.

(5) Compliance with the HIPAA Privacy Rule. The Carrier may pay benefits to a covered person other than the Enrollee when in the exercise of its discretion the Carrier decides that such action is necessary to comply with the HIPAA Privacy Rule, 45 C.F.R. 164.500 et seq.

(6) Any payments made in good faith in accordance with paragraphs (f)(1) through (f)(5) shall fully discharge the Carrier to the extent of such payment.

(g) *Erroneous Payments*. It is the Carrier's responsibility to proactively identify overpayments through comprehensive, statistically valid reviews and a robust internal control program. If the Carrier determines that a Member's claim has been paid in error for any reason (except in the case of fraud or abuse), the Carrier shall make a prompt and diligent effort to recover the erroneous payment to the member from the member or, if to the provider, from the provider. In the case of fraud or abuse, the Carrier must coordinate with OPM OIG as required by Section 1.9 and OPM's Fraud, Waste and Abuse guidance. The recovery of any overpayment must be treated as an erroneous benefit payment, overpayment, or duplicate payment under 48 C.F.R. 1631.201-70(h) regardless of any time period limitations in the written agreement with the provider. The Carrier shall follow general business practices and procedures in collecting debts owed under the Federal Employees Health Benefits Program. Prompt and diligent effort to recover erroneous payments means that upon discovering that an erroneous payment exists, the Carrier shall--

(1) Send a written notice of erroneous payment to the member or provider that provides: (A) an explanation of when and how the erroneous payment occurred, (B) when applicable, cite the appropriate contractual benefit provision, (C) the exact identifying information (i.e., dollar amount paid erroneously, date paid, check number, date of service and provider name), (D) a request for payment of the debt in full, and (E) an explanation of what may occur should the debt not be paid, including possible offset to future benefits. The notice may also offer an installment option. In addition, the Carrier shall provide the debtor with an opportunity to dispute the existence and amount of the debt before proceeding with collection activities;

(2) After confirming that the debt does exist and in the appropriate amount, send follow-up notices to the member or the provider at 30, 60 and 90 day intervals, if the debt remains unpaid and undisputed;

(3)(i) The Carrier may off-set future Benefits payable to the Member or to a provider on behalf of the Member to satisfy a debt due under the FEHBP if the debt remains unpaid and undisputed for 120 days after the first notice.

(ii) Notwithstanding section 2.3(g)(3)(i), a Carrier may set up benefit off-sets to a provider less than 120 days after the first notice as long as the Carrier electing this option

continues to comply with any remaining applicable steps enumerated in this subsection 2.3(g) as part of the Carrier's effort to recover erroneous benefit payments.

(4) After applying the first three steps, refer cases when it is cost effective to do so to a collection attorney or a collection agency if the debt is not recovered; provided, however, that the Carrier may not commence an overpayment recovery lawsuit later than December 31 of the third year after the year in which the overpayment was discovered by the Carrier (except in cases where the False Claims Act, 31 U.S.C 3729, or another federal limitations period applies);

(5) Make prompt and diligent effort to recover erroneous payments until the debt is paid in full or determined to be uncollectible by the Carrier because it is no longer cost effective to pursue further collection efforts or it would be against equity and good conscience to continue collection efforts;

(6) Additional prompt and diligent effort is required for significant claim overpayments that exceed $10,000 per each claim. Examples of such efforts include copies of dated notices, offset attempt(s) made, certified letter communication(s), and third party collection efforts to the extent required under (g)(4) above. The Carrier should maintain and provide to OPM upon request, documentation of those efforts.

(7) Suspend recovery efforts for a debt which is based upon a retroactive disenrollment that has been appealed under 5 C.F.R. 890.104 or a claim that has been appealed as a disputed claim under Section 2.8, until the appeal has been resolved;

(8)(i) The Carrier may charge the contract for benefit payments made erroneously but in good faith provided that it can document that it made a prompt and diligent effort to recover erroneous payments as described above.

(ii) Notwithstanding (g)(8)(i), the Carrier may not charge the contract for the administrative costs to correct erroneous benefit payments (or to correct processes or procedures that caused erroneous benefit payments) when the errors are egregious or repeated. These costs are deemed to be unreasonable and unallowable under section 3.2(b)(2)(ii);

(9) Maintain records that document individual unrecovered erroneous payment collection activities for audit or future reference.

(10) If OPM determines that a Member's claim has been paid in error for any reason (except in the case of fraud or abuse), the Carrier shall make a prompt and diligent effort to recover the erroneous payment to the Member, from the Member or, if to the provider, from the provider as specified in (g)(1) through (9).

(11) At the request of OPM, the Carrier shall provide evidence that it has taken the steps enumerated above in this subsection to promptly recover erroneous payments, including but not limited to overpayments related to Medicare coordination of benefits. OPM will review the Carrier's claims payments and procedures to validate the Carrier's prompt and diligent effort. The Contracting Officer may require the Carrier to establish and submit to the Contracting Officer a written corrective action plan.

(12) In compliance with the provisions of the Contract Disputes Act, the Carrier shall return to the Program an amount equal to the uncollected erroneous payment where the Contracting Officer determines that (a) the Carrier's failure to appropriately apply its operating procedure caused the erroneous payment and (b) that the Carrier failed to make a prompt and diligent effort to recover an erroneous payment.

(h) Erroneous payment recoveries may be reduced by any legal or collection agency fees expended to obtain the recoveries and which are not otherwise payable under this experience-rated

contract. The amount credited to the contract shall be the net amount remaining after deducting the related legal or collection agency fees.

(i) All health benefit refunds and recoveries, including erroneous payment recoveries, must be deposited into the working capital or investment account within 30 days and returned to or accounted for in the FEHBP letter of credit account within 60 days after receipt by the Carrier.

(j) Notwithstanding subsection (f), the Carrier reserves the right to pay the Member directly for all covered services described in the agreed upon brochure text attached as Appendix A.

SECTION 2.4
TERMINATION OF COVERAGE AND CONVERSION PRIVILEGES (JAN 2017)

(a) A Member's coverage is terminated as specified in regulations issued by the OPM. Benefits after termination of coverage are as specified in the regulations.

(b) A Member is entitled to a temporary continuation of coverage under the conditions and to the extent specified in the regulations or an extension of coverage under the conditions and to the extent specified below.

(c) A Member whose coverage hereunder has terminated is entitled, upon application within the times and under the conditions specified in regulations, to obtain assistance from the Carrier for enrollment in a guaranteed issue non-group contract available in the Carrier's service area. In the event this 31-day temporary extension period provides insufficient opportunity for the Member to obtain non-group coverage with an effective date commencing before or immediately upon termination of group coverage, the Carrier may, on a case-by-case basis, provide an additional 29 days extension of coverage (not to exceed a total of 60 days) as appropriate to avoid an interruption in coverage. The Member must explain in writing the circumstances for seeking additional extension, and the Carrier must notify the Contracting Officer of any extension granted, or obtain prior approval of any request for an extension that the Carrier intends to deny.

(d) Costs associated with the additional extension of coverage not to exceed 60 days are allowable costs under the contract. Costs associated with writing or providing benefits under conversion contracts shall not be an allowable cost of this contract.

SECTION 2.5
SUBROGATION AND REIMBURSEMENT (JAN 2016)

(a) The Carrier must condition the extension of benefits and benefit payments to covered individuals on its rights to subrogation and reimbursement under 5 CFR 890.106.

(b) The Carrier shall subrogate and pursue reimbursement of FEHB claims if doing so would be in the best interests of the FEHBP.

(c) The Carrier may recover directly from any party that may be liable, or from the covered individual, or from any applicable insurance policy, or a workers' compensation program or insurance policy, all amounts available to or received by or on behalf of the covered individual by judgment, settlement, or other recovery, to the extent of the amount of benefits that have been paid or provided by the Carrier. The Carrier has the right to file suit in federal court in order to enforce its rights to subrogation and reimbursement.

(d) The Carrier's subrogation and reimbursement policies for payments with respect to benefits shall be explained in the plan brochure.

(e) Subrogation recoveries and reimbursements may be reduced by any legal or subrogation and reimbursement vendor fees expended to obtain the recoveries and which are not otherwise payable under this experience-rated contract. The amount credited to the contract shall be the net amount remaining after deducting the related legal or subrogation and reimbursement vendor fees.

SECTION 2.6
COORDINATION OF BENEFITS (JAN 2001) (FEHBAR 1652.204-71)

(a) The Carrier shall coordinate the payment of benefits under this contract with the payment of benefits under Medicare, other group health benefits coverages, and the payment of medical and hospital costs under no-fault or other automobile insurance that pays benefits without regard to fault.

(b) The Carrier shall not pay benefits under this contract until it has determined whether it is the primary Carrier or unless permitted to do so by the Contracting Officer.

(c) In coordinating benefits between plans, the Carrier shall follow the order of precedence established by the NAIC Group Coordination of Benefits Model Regulation, Rules for Coordination of Benefits, as specified by OPM.

(d) Where (1) the Carrier makes payments under this contract which are subject to COB provisions; (2) the payments are erroneous, not in accordance with the terms of the contract, or in excess of the limitations applicable under this contract; and (3) the Carrier is unable to recover such COB overpayments from the Member or the providers of services or supplies, the Contracting Officer may allow such amounts to be charged to the contract; the Carrier must be prepared to demonstrate that it has made a diligent effort to recover such COB overpayments.

(e) COB savings shall be reported by experience-rated Carriers each year along with the Carrier's annual accounting statement in a form specified by OPM.

(f) Changes in the order of precedence established by the NAIC Group Coordination of Benefits Model Regulation, Rules for Coordination of Benefits, implemented after January 1 of any given year shall be required no earlier than the beginning of the following contract term.

[NOTE: In the event that benefits are payable to the Member under no-fault automobile insurance, the no-fault automobile insurer shall be the Primary Carrier if it is obligated legally to pay benefits for health care expenses without regard to other health benefits coverage that the Member may have. The term "no-fault automobile insurance" includes any automobile insurance policy under which the insurer pays benefits for health care expenses resulting from the accident without regard to whether the insured's conduct contributed to the accident.]

SECTION 2.7
DEBARMENT AND OTHER SANCTIONS (JAN 2022)

(a) Notwithstanding 5 U.S.C. 8902(j) or any other provision of the law and regulations, if, under 5 U.S.C. 8902a or , 5 CFR Part 919, a provider is barred from participating in the Program under 5 U.S.C. or the provider's services under 5 U.S.C. are excluded, the Carrier agrees that no payment shall be made by the Carrier pursuant to any contract under 5 U.S.C. (either to such provider or by reimbursement) for any service or supply furnished by such provider during the period of the debarment, except as provided in 5 CFR Part 919.

(b) The OPM shall notify the Carrier when a provider is barred from the FEHBP.

SECTION 2.8
FILING HEALTH BENEFIT CLAIMS/COURT REVIEW OF DISPUTED CLAIMS (MAR 1995) (FEHBAR 1652.204-72)

(a) General. (1) The Carrier resolves claims filed under the Plan. All health benefit claims must be submitted initially to the Carrier. If the Carrier denies a claim (or a portion of a claim), the covered individual may ask the Carrier to reconsider its denial. If the Carrier affirms its denial or fails to respond as required by paragraph (b) of this clause, the covered individual may ask OPM to review the claim. A covered individual must exhaust both the Carrier and OPM review processes specified in this clause before seeking judicial review of the denied claim.

(2) This clause applies to covered individuals and to other individuals or entities who are acting on the behalf of a covered individual and who have the covered individual's specific written consent to pursue payment of the disputed claim.

(b) Time limits for reconsidering a claim. (1) The covered individual has 6 months from the date of the notice to the covered individual that a claim (or a portion of a claim) was denied by the Carrier in which to submit a written request for reconsideration to the Carrier. The time limit for requesting reconsideration may be extended when the covered individual shows that he or she was prevented by circumstances beyond his or her control from making the request within the time limit.

(2) The Carrier has 30 days after the date of receipt of a timely-filed request for reconsideration to:

(i) Affirm the denial in writing to the covered individual;

(ii) Pay the bill or provide the service; or

(iii) Request from the covered individual or provider additional information needed to make a decision on the claim. The Carrier must simultaneously notify the covered individual of the information requested if it requests additional information from a provider. The Carrier has 30 days after the date the information is received to affirm the denial in writing to the covered individual or pay the bill or provide the service. The Carrier must make its decision based on the evidence it has if the covered individual or provider does not respond within 60 days after the date of the Carrier's notice requesting additional information. The Carrier must then send written notice to the covered individual of its decision on the claim. The covered individual may request OPM review as provided in paragraph (b)(3) of this clause if the Carrier fails to act within the time limit set forth in this paragraph.

(3) The covered individual may write to OPM and request that OPM review the Carrier's decision if the Carrier either affirms its denial of a claim or fails to respond to a covered individual's written request for reconsideration within the time limit set forth in paragraph (b)(2) of this clause. The covered individual must submit the request for OPM review within the time limit specified in paragraph (e)(1) of this clause.

(4) The Carrier may extend the time limit for a covered individual's submission of additional information to the Carrier when the covered individual shows he or she was not notified of the time limit or was prevented by circumstances beyond his or her control from submitting the additional information.

(c) Information required to process requests for reconsideration. (1) The covered individual must put the request to the Carrier to reconsider a claim in writing and give the reasons, in terms of applicable brochure provisions, that the denied claim should have been approved.

(2) If the Carrier needs additional information from the covered individual to make a decision, it must:

(i) Specifically identify the information needed;

(ii) State the reason the information is required to make a decision on the claim;

(iii) Specify the time limit (60 days after the date of the Carrier's request) for submitting the information; and

(iv) State the consequences of failure to respond within the time limit specified, as set out in paragraph (b)(2) of this section.

(d) Carrier determinations. The Carrier must provide written notice to the covered individual of its determination. If the Carrier affirms the initial denial, the notice must inform the covered individual of:

(1) The specific and detailed reasons for the denial;

(2) The covered individual's right to request a review by OPM; and

(3) The requirement that requests for OPM review must be received within 90 days after the date of the Carrier's denial notice and include a copy of the denial notice as well as documents to support the covered individual's position.

(e) OPM review. (1) If the covered individual seeks further review of the denied claim, the covered individual must make a request to OPM to review the Carrier's decision. Such a request to OPM must be made:

(i) Within 90 days after the date of the Carrier's notice to the covered individual that the denial was affirmed; or

(ii) If the Carrier fails to respond to the covered individual as provided in paragraph (b)(2) of this clause, within 120 days after the date of the covered individual's timely request for reconsideration by the Carrier; or

(iii) Within 120 days after the date the Carrier requests additional information from the covered individual, or the date the covered individual is notified that the Carrier is requesting additional information from a provider. OPM may extend the time limit for a covered individual's request for OPM review when the covered individual shows he or she was not notified of the time limit or was prevented by circumstances beyond his or her control from submitting the request for OPM review within the time limit.

(2) In reviewing a claim denied by the Carrier, OPM may

(i) Request that the covered individual submit additional information;

(ii) Obtain an advisory opinion from an independent physician;

(iii) Obtain any other information as may in its judgment be required to make a determination; or

(iv) Make its decision based solely on the information the covered individual provided with his or her request for review.

(3) When OPM requests information from the Carrier, the Carrier must release the information within 30 days after the date of OPM's written request unless a different time limit is specified by OPM in its request.

(4) Within 90 days after receipt of the request for review, OPM will either:

(i) Give a written notice of its decision to the covered individual and the Carrier; or

(ii) Notify the individual of the status of the review. If OPM does not receive requested evidence within 15 days after expiration of the applicable time limit in paragraph (e)(3) of this clause, OPM may make its decision based solely on information available to it at that time and give a written notice of its decision to the covered individual and to the Carrier.

(f) OPM, upon its own motion, may reopen its review if it receives evidence that was unavailable at the time of its original decision.

(g) Court review. (1) A suit to compel enrollment under 890.102 of Title 5, Code of Federal Regulations, must be brought against the employing office that made the enrollment decision.

(2) A suit to review the legality of OPM's regulations under this part must be brought against the Office of Personnel Management.

(3) Federal Employees Health Benefits (FEHB) Carriers resolve FEHB claims under authority of Federal statute (chapter 89, title 5, United States Code). A covered individual may seek judicial review of OPM's final action on the denial of a health benefits claim. A legal action to review final action by OPM involving such denial of health benefits must be brought against OPM and not against the Carrier or the Carrier's subcontractors. The recovery in such a suit shall be limited to a court order directing OPM to require the Carrier to pay the amount of benefits in dispute.

(4) An action under paragraph (3) of this clause to recover on a claim for health benefits:

(i) May not be brought prior to exhaustion of the administrative remedies provided in paragraphs (a) through (f) of this clause;

(ii) May not be brought later than December 31 of the 3rd year after the year in which the care or service was provided; and

(iii) Will be limited to the record that was before OPM when it rendered its decision affirming the Carrier's denial of benefits.

SECTION 2.9
CLAIMS PROCESSING (JAN 2011)

A standardized claims filing process shall be used by all FEHB Carriers. The Carrier shall apply procedures for using the standard claims process. At a minimum the Carrier's program must achieve the following objectives:

(1) The majority of provider claims should be submitted electronically;

(2) All providers shall be notified that future claims must be submitted electronically, or on the Centers for Medicare and Medicaid Services 1500 form or the UB-04 form;

(3) The Carrier shall not use any unique provider claim form(s) for such FEHB member claims;

(4) The Carrier should reject all such claims submitted on forms other than the CMS 1500 form or the UB-04 form and shall explain the reason on the Explanation of Benefits form; and

(5) The Carrier shall advise OPM of its progress in implementing this policy as directed by the Contracting Officer.

SECTION 2.10
CALCULATION OF COST SHARING PROVISIONS (JAN 1996)

When the Member is required to pay a specified percentage of the cost of covered services, the Member's obligation for covered services shall be based on the amount the provider has agreed to accept as full payment, including future discounts that are known and that can be accurately calculated at the time the claim is processed. This includes for example, prompt pay discounts as well as other discounts granted for various business reasons. Any discount not determined at the time of the actual adjudication shall be placed in the Special Reserve upon its determination.

SECTION 2.11
BENEFITS PAYMENTS WHEN MEDICARE IS PRIMARY (JAN 2015)

When a Member who is covered by Medicare Part A, Part B, or Parts A and B on a fee-for-service basis (a) receives services that generally are eligible for coverage by Medicare (regardless of whether or not benefits are paid by Medicare) and are covered by the Carrier, and (b) Medicare is the primary payer and the Carrier is the secondary payer for the Member under the order of benefit determination rules stated in Appendix A and Appendix D of this contract, then the Carrier shall limit its payment to an amount that supplements the benefits payable by Medicare (regardless of whether or not Medicare benefits are paid). When emergency services have been provided by a Medicare nonparticipating institutional provider and the provider is not reimbursed by Medicare, the Carrier shall pay its primary benefits. Payments that supplement Medicare include amounts necessary to reimburse the Member for Medicare deductibles, coinsurance, copayments, and the balance between the Medicare approved amount and the Medicare limiting charge made by non-participating providers.

Carriers may use the Department of Veterans Affairs (VA) Medicare-equivalent remittance advice (MRA) when the form is submitted to determine the Plan's benefits payment for covered services provided to members who have Medicare as their primary payer, when Medicare does not pay the VA facility.

SECTION 2.12
CONTINUING REQUIREMENTS AFTER TERMINATION OF THE CARRIER
(JAN 2004)

(a) The Carrier shall fulfill all of the requirements agreed to under the contract that continue after termination. The order of precedence for the applicable laws, regulations, and the contract are listed in Section 1.3.

(b) Contract requirements extend beyond the date of the Carrier's termination until the effective date of the new enrollment including processing and paying claims incurred prior to the effective date of the new enrollment.

(c) When the prior Carrier is discontinued in whole or in part, the gaining Carrier assumes full coverage on the effective date of the new enrollment.

SECTION 2.13
LARGE PROVIDER AGREEMENTS (OCT 2005) (FEHBAR 1652.204-74)

(a) Notification and Information Requirements. (1) The experience-rated Carrier must provide notice to the Contracting Officer of its intent to enter into or to make a significant modification of a Large Provider Agreement:

(i) Not less than 60 days before entering into any Large Provider Agreement; and

(ii) Not less than 60 days before exercising a renewal or other option, or significant modification to a Large Provider Agreement, when such action would result in total costs to the FEHB Program of an additional 20 percent or more above the existing contract. However, if a Carrier is exercising a simple renewal or other option contemplated by a Large Provider Agreement that OPM previously reviewed, and there are no significant changes, then a statement

to the effect that the renewal or other option is being exercised along with the dollar amount is sufficient notice.

(2) The Carrier's notification to the Contracting Officer must be in writing and must, at a minimum:

(i) Describe the supplies and/or services the proposed provider agreement will require;

(ii) Identify the proposed basis for reimbursement;

(iii) Identify the proposed provider agreement, explain why the Carrier selected the proposed provider, and what contracting method it used, where applicable, including the kind of competition obtained;

(iv) Describe the methodology the Carrier used to compute the provider's profit; and,

(v) Describe provider risk provisions.

(3) The Contracting Officer may request from the Carrier any additional information on a proposed provider agreement and its terms and conditions prior to a provider award and during the performance of the agreement. The Carrier may mark any information it deems confidential commercial information, and OPM will handle information so designated in accordance with relevant procedures set forth at 5 CFR Part 294.

(4) Within 30 days of receiving the Carrier's notification, the Contracting Officer will give the Carrier either written comments or written notice that there will be no comments. If the Contracting Officer comments, the Carrier must respond in writing within 10 calendar days, and explain how it intends to address any concerns.

(5) When computing the Carrier's service charge, the Contracting Officer will consider how well the Carrier complies with the provisions of this section, including the advance notification requirements, as an aspect of the Carrier's performance factor.

(6) The Contracting Officer's review of any Large Provider Agreement, option, renewal, or modification will not constitute a determination of the acceptability of the terms and conditions of any provider agreement or of the allowability of any costs under the Carrier's contract, nor will it relieve the Carrier of any responsibility for performing the contract.

(b) Records and Inspection. The Carrier must insert in all Large Provider Agreements the requirement that the provider will retain and make available to the Government all records relating to the agreement that support the annual statement of operations and Enrollee records--Retain for 6 years after the agreement term ends.

(c) Audit and Records - Negotiation. The provisions of FAR 52.215-2, "Audit and Records--Negotiation," when required, or FEHBAR 1652.246-70, "FEHB Inspection" apply to all experience-rated Carriers' Large Provider Agreements. The Carrier will insert the clauses at FAR 52.215-2, when applicable, or FEHBAR 1652.246-70 in all Large Provider Agreements. In FAR 52.215-2 the Carrier will substitute

(1) The term "Large Provider" for the term "Contractor" throughout the clause, and

(2) The term "Large Provider Agreement" for the term "Subcontracts" in paragraph (g) of FAR 52.215-2. The term "Contracting Officer" will mean the FEHB Program Contracting Officer at OPM. The Carrier will be responsible for ensuring the Large Provider complies with the provisions set forth in the clause.

(d) Prohibited Agreements. No provider agreement made under this contract will provide for payment on a cost-plus-a-percentage-of-cost basis.

(e) The Carrier will insert this clause, 1652.204-74, in all Large Provider Agreements.

SECTION 2.14
COORDINATION OF PRESCRIPTION DRUG BENEFITS WITH MEDICARE (JAN 2015)

(a) The Carrier shall comply with the Center for Medicare and Medicaid Services' (CMS) Part D Coordination of Benefits Guidance when the mechanisms and systems indicated in this guidance are in place and functioning properly. This guidance provides the requirements and procedures for coordination of benefits between Part D plans and other providers of prescription drug coverage.
(b) For Medicare Part B covered prescription drugs, the Carrier will coordinate benefits with Medicare except when such prescription drugs are purchased from retail or mail order pharmacies. The Carrier may pay its benefits on retail pharmacy or mail order drugs eligible for Medicare Part B coverage or may coordinate benefits subject to Contracting Officer approval.

SECTION 2.15
[RESERVED]

SECTION 2.16
[RESERVED]

SECTION 2.17
PART D CREDITABLE COVERAGE (JAN 2022)

The Carrier shall offer prescription drug coverage that is considered creditable prescription drug coverage under 42 CFR 423.56.

SECTION 2.18
SURPRISE BILLING (JAN 2022)

(a) The Carrier shall comply with requirements described in the provisions of sections 2799A–1, 2799A-2, 2799A-3, 2799A-4, 2799A-5, and 2799A-7 and 2799A-8 of the Public Health Service Act, sections 716, 717, 718, 719, 720, 722, and 723 of the Employee Retirement Income Security Act of 1974, and sections 9816, 9817, 9818, 9819, 9820, 9822, and 9823 of the Internal Revenue Code of 1986 (as applicable) in the same manner as such provisions apply to a group health plan or health insurance issuer offering group or individual health insurance coverage, as described in such sections.
(b) The Carrier's compliance with paragraph (a) will be concurrent and consistent with implementing regulations issued by the Departments of Health and Human Services, Labor, and the Treasury, subject to OPM regulation and FEHB contract terms.
(c) The Carrier's provider contracts must extend the provisions of sections 2799B–6, 2799B–8, and 2799B–9 of the Public Health Service Act to covered individuals in the same manner as such provisions apply to an enrollee in a group health plan or group or individual health insurance coverage offered by a health insurance issuer.
(d) Consistent with the preemption provision at 5 U.S.C. 8902(m)(1), the provisions of Public Health Service Act section 2723 as well as 45 CFR Part 150 are inapplicable to the Carrier and Underwriter with respect to the Plan.

PART III - PAYMENTS, CHARGES AND ACCOUNTING

SECTION 3.1
PAYMENTS—EXPERIENCE-RATED CONTRACTS (JAN 2003) (FEHBAR 1652.232-71)

(a) OPM will pay to the Carrier, in full settlement of its obligations under this contract, subject to adjustment for error or fraud, the subscription charges received for the Plan by the Employees Health Benefits Fund (hereinafter called the Fund) less the amounts set aside by OPM for the Contingency Reserve and for the administrative expenses of OPM and amounts for obligations due pursuant to paragraph (b) of this clause, plus any payments made by OPM from the Contingency Reserve.

(b) OPM will notify the Carrier of amounts due for outstanding obligations under the contract. Not later than 60 days after the date of written notice from OPM, the Carrier shall reimburse OPM. If payment is not received within the prescribed time frame, OPM shall withhold the amount due from the subscription charges owed the Carrier under paragraph (a) of this clause.

(c) The specific subscription rates, charges, allowances and limitations applicable to the contract are set forth in Appendix B.

(d) Recurring payments from premiums shall be made available for Carrier drawdown not later than thirty days after receipt by the Fund. The Contracting Officer may authorize special non-recurring payments from the Contingency Reserve in accordance with OPM's regulations.

(e) In the event this contract between the Carrier and OPM is terminated or not renewed in accordance with General Provision 1.15, *Renewal and Withdrawal of Approval*, the Contingency Reserve of the Carrier held by OPM shall be available to the Carrier to pay the necessary and proper charges against this contract to the extent that the Carrier reserves are insufficient for that purpose.

SECTION 3.2
ACCOUNTING AND ALLOWABLE COST (JAN 2003) (FEHBAR 1652.216-71)

(a) Annual Accounting Statements.

(1) The Carrier shall furnish to OPM an accounting of its operations under the contract. In preparing the accounting, the Carrier shall follow the reporting requirements and statement formats prescribed by OPM in the OPM Annual and Fiscal Year Financial Reporting Instructions.

(2) The Carrier shall have its Annual Accounting Statements and that of its underwriter, if any, audited in accordance with the FEHBP Experienced-Rated Carrier and Service Organization Audit Guide (Guide). The Carrier shall submit the audit report and the Annual Accounting Statements to OPM in accordance with the requirements of the Guide.

(3) Based on the results of either the independent audit prescribed by the Guide or a Government audit, OPM may require the Carrier to adjust its annual accounting statements (i) by amounts found not to constitute actual, allowable, allocable and reasonable costs; or (ii) to reflect prior overpayments or underpayments.

(4) The Carrier shall develop corrective action plans to resolve audit findings identified in audits that were performed in accordance with the Guide. The corrective action plans will be prepared in accordance with and as defined by the Guide.

(b) Definition of costs. (1) The Carrier may charge a cost to the contract for a contract term if the cost is actual, allowable, allocable, and reasonable. In addition, the Carrier must:

(i) on request, document and make available accounting support for the cost to justify that the cost is actual, reasonable and necessary; and

(ii) determine the cost in accordance with: (A) the terms of this contract, and (B) Subpart 31.2 of the Federal Acquisition Regulation (FAR) and Subpart 1631.2 of the Federal Employees Health Benefits Program Acquisition Regulation (FEHBAR) applicable on the first day of the contract period.

(2) In the absence of specific contract terms to the contrary, the Carrier shall classify contract costs in accordance with the following criteria:

(i) Benefits. Benefit costs consist of payments made and liabilities incurred for covered health care services on behalf of FEHBP subscribers less any refunds, rebates, allowances or other credits received.

(ii) Administrative expenses. Administrative expenses consist of all actual, allowable, allocable and reasonable expenses incurred in the adjudication of subscriber benefit claims or incurred in the Carrier's overall operation of the business. Unless otherwise stated in the contract, administrative expenses include, in part: all taxes (excluding premium taxes, as provided in section 1631.205-41), insurance and reinsurance premiums, medical and dental consultants used in the adjudication process, concurrent or managed care review when not billed by a health care provider and other forms of utilization review, the cost of maintaining eligibility files, legal expenses incurred in the litigation of benefit payments and bank charges for letters of credit. Administrative expenses exclude the cost of Carrier personnel, equipment, and facilities directly used in the delivery of health care services, which are benefit costs, and the expense of managing the FEHBP investment program which is a reduction of investment income earned.

(iii) Investment income. While compliance with the checks presented letter of credit methodology will minimize funds on hand, the Carrier shall invest and reinvest all funds on hand, including any in the Special Reserve or any attributable to the reserve for incurred but unpaid claims, which are in excess of the funds needed to discharge promptly the obligations incurred under the contract. Investment income represents the net amount earned by the Carrier after deducting investment expenses. Investment expenses are those actual, allowable, allocable, and reasonable contract costs that are attributable to the investment of funds, such as consultant or management fees.

(iv) Other charges.

(A) Mandatory statutory reserve. Charges for mandatory statutory reserves are not allowable unless specifically provided for in the contract. When the term "mandatory statutory reserve" is specifically identified as an allowable contract charge without further definition or explanation, it means a requirement imposed by State law upon the Carrier to set aside a specific amount or rate of funds into a restricted reserve that is accounted for separately from all other reserves and surpluses of the Carrier and which may be used only with the specific approval of the State official designated by law to make such approvals. The amount chargeable to the contract may not exceed an allocable portion of the amount actually set aside. If the statutory reserve is no longer required for the purpose for which it was created, and these funds become available for the general use of the Carrier, the Carrier shall return to the FEHBP a pro rata share based upon FEHBP's contribution to the total Carrier's set aside shall be returned to the FEHBP in accordance with FAR 31.201-5.

(B) Premium taxes. (1) When the term “premium taxes” is used in this contract without further definition or explanation, it means a tax, fee, or other monetary payment directly or indirectly imposed on FEHB premiums by any State, the District of Columbia, or the Commonwealth of Puerto Rico or by any political subdivision or other governmental authority of

those entities, with the sole exception of a tax on net income or profit, if that tax, fee, or payment is applicable to a broad range of business activity.

(2) For purposes of this paragraph (B), OPM has determined that the term "State" as used in 5 U.S.C. 8909(f) includes, but is not limited to, a territory or possession of the United States.

(c) Certification of Accounting Statement Accuracy. (1) The Carrier shall certify the annual and fiscal year accounting statements in the form set forth in paragraph (c)(3) of this clause. The Carrier's chief executive officer and the chief financial officer shall sign the certificate.

(2) The Carrier shall require an authorized agent of its underwriter, if any, also to certify the annual accounting statement.

(3) The certificate required shall be in the following form:

CERTIFICATION OF ACCOUNTING
STATEMENT ACCURACY

This is to certify that I have reviewed this accounting statement and to the best of my knowledge and belief:

1. The statement was prepared in conformity with the guidelines issued by the Office of Personnel Management and fairly presents the financial results of this reporting period in conformity with those guidelines.

2. The costs included in the statement are actual, allowable, allocable, and reasonable in accordance with the terms of the contract and with the cost principles of the Federal Employees Health Benefits Acquisition Regulation and the Federal Acquisition Regulation;

3. Income, rebates, allowances, refunds and other credits made or owed in accordance with the terms of the contract and applicable cost principles have been included in the statement;

4. If applicable, the letter of credit account was managed in accordance with 5 CFR part 890, 48 CFR chapter 16, and OPM guidelines.

(FFS-2022)

SECTION 3.3
SPECIAL RESERVE (JAN 2003)

(a) This contract is experience rated. The Special Reserve represents the cumulative difference between income to the plan (subscription income plus interest on investments [item (b)(2)(iii) in Section 3.2, *Accounting and Allowable Cost*, which also includes income gain or loss]) and plan expenses (benefit costs plus allowable administrative expenses and retentions). The Special Reserve held by or on behalf of the Carrier is to be used only for payment of charges against this contract.

(b) If this contract is terminated or not renewed and there is a positive balance remaining in the Special Reserve after all allowable costs chargeable to the contract in accordance with Section 3.2 plus an agreed-upon amount of administrative expenses for contract liquidation have been paid, the balance of any funds held by the Carrier, including current income on its investment, shall be paid to OPM for credit to the Carrier's Contingency Reserve maintained by OPM when the Carrier submits its annual accounting statement for the final contract year.

(c) The Carrier shall incorporate this clause in all agreements with underwriters of the Carrier's FEHB Plans.

SECTION 3.4
INVESTMENT INCOME (JAN 1998) (FEHBAR 1652.215-71)

(a) The Carrier shall invest and reinvest all FEHB funds on hand that are in excess of the funds needed to promptly discharge the obligations incurred under this contract. The Carrier shall seek to maximize investment income with prudent consideration to the safety and liquidity of investments.

(b) All investment income earned on FEHB funds shall be credited to the Special Reserve on behalf of the FEHBP.

(c) When the Contracting Officer concludes that the Carrier failed to comply with paragraphs (a) or (b) of this clause, the Carrier shall credit the Special Reserve with investment income that would have been earned, at the rate(s) specified in paragraph (f) of this clause, had it not been for the Carrier's noncompliance. "Failed to comply with paragraphs (a) or (b)" means: (1) making any charges against the contract which are not allowable, allocable, or reasonable; or (2) failing to credit any income due the contract and/or failing to place excess funds, including subscription income and payments from OPM not needed to discharge promptly the obligations incurred under the contract, refunds, credits, payments, deposits, investment income earned, uncashed checks, or other amounts owed the Special Reserve, in income producing investments and accounts.

(d) Investment income lost as a result of unallowable, unallocable, or unreasonable charges against the contract shall be paid from the first day of the contract term following the contract term in which the unallowable charge was made and shall end on the earlier of: (1) the date the amounts are returned to the Special Reserve (or the Office of Personnel Management); (2) the date specified by the Contracting Officer; or (3) the date of the Contracting Officer's Final Decision.

(e) Investment income lost as a result of failure to credit income due the contract or failure to place excess funds in income producing investments and accounts shall be paid from the date the funds should have been invested or appropriate income was not credited and shall end on the earlier of: (1) the date the amounts are returned to the Special Reserve (or the Office of

Personnel Management); (2) the date specified by the Contracting Officer; or (3) the date of the Contracting Officer's Final Decision.

(f) The Carrier shall credit the Special Reserve for income due in accordance with this clause. All lost investment income payable shall bear simple interest at the quarterly rate determined by the Secretary of the Treasury under the authority of 26 U.S.C. 6621(a)(2) applicable to the periods in which the amount becomes due, as provided in paragraphs (d) and (e) of this clause.

(g) The Carrier shall incorporate this clause into agreements with underwriters of the Carrier's FEHB plans and shall substitute "underwriter" or other appropriate reference for the term "Carrier".

SECTION 3.5
NON-COMMINGLING OF FUNDS (JAN 1991) (FEHBAR 1652.232-72)

(a) The Carrier and/or its underwriter shall keep all FEHBP funds for this contract (cash and investments) physically separate from funds obtained from other sources. Accounting for such FEHBP funds shall not be based on allocations or other sharing mechanisms and shall agree with the Carrier's accounting records.

(b) In certain instances the physical separation of FEHBP funds may not be practical or desirable. In such cases, the Carrier may request a waiver from this requirement from the Contracting Officer. The waiver shall be requested in advance and the Carrier shall demonstrate that accounting techniques have been established that will clearly measure FEHBP cash and investment income (*i.e.*, subsidiary ledgers). Reconciliations between amounts reported and actual amounts shown in accounting records shall be provided as supporting schedules to the Annual Accounting Statements.

(c) The Carrier shall incorporate this clause in all subcontracts that exceed $25,000 and shall substitute "contractor" or other appropriate reference for "Carrier and/or its underwriter".

SECTION 3.6
UNCASHED CHECKS (JAN 1996)

Payment of checks issued pursuant to this contract shall be voided if the checks have been outstanding for two (2) years. The amounts represented by these checks shall be credited to the Special Reserve of this contract no later than the 25th month after issuance. The term "Check" shall include any written instrument issued to pay or reimburse the payment of benefits, or any services, supplies or subcontracts hereunder.

SECTION 3.7
SERVICE CHARGE (JAN 1996)

(a) Any service charge negotiated shall be set forth in Appendix B and shall be the total profit that can be charged to the contract. The amount set forth in Appendix B shall encompass all profit (whether entitled service charge, profit, fee, contribution to reserves or surpluses or any other title) that may be included in major subcontracts in accordance with the provisions of FEHBAR 1631.205-80, Major Subcontractor Service Charges.

(b) One-twelfth of the service charge for the contract term accrues on the last day of each month during the contract term. The Carrier shall withdraw the service charge from the Special Reserve when it accrues.

(c) If this contract is renewed by operation of section 1.15(a), the amount of the service charge accrued under (b) shall be "one-twenty-fourth" rather than "one-twelfth." The remainder of the service charge not otherwise accrued during the contract term shall accrue on the last day of the contract term.

SECTION 3.8
CONTRACTOR RECORDS RETENTION (JUL 2005) (FEHBAR 1652.204-70)

Notwithstanding the provisions of Section 5.7 (FAR 52.215-2(f*)), Audit and Records - Negotiation* the Carrier will retain and make available all records applicable to a contract term that support the annual statement of operations and, for contracts that equal or exceed the threshold at FAR 15.403-4(a)(1), the rate submission for that contract term for a period of six years after the end of the contract term to which the records relate. This includes all records of Large Provider Agreements and subcontracts that equal or exceed the threshold requirements. In addition, individual Enrollee and/or patient claim records will be maintained for six years after the end of the contract term to which the claim records relate. This clause is effective prospectively as of the 2005 contract year.

SECTION 3.9
APPROVAL FOR ASSIGNMENT OF CLAIMS (JAN 1991) (FEHBAR 1652.232-73)

(a) Notwithstanding the provisions of Section 5.35 [FAR 52.232-23], *Assignment of Claims*, the Carrier shall not make any assignment under the Assignment of Claims Act without the prior written approval of the Contracting Officer.
(b) Unless a different period is specified in the Contracting Officer's written approval, an assignment shall be in force only for a period of one year from the date of the Contracting Officer's approval. However, assignments may be renewed upon their expiration.

SECTION 3.10
AUDIT, FINANCIAL, AND OTHER INFORMATION (JAN 2001)

The Carrier shall furnish to OPM audit, financial, and other information in the format and within the time frames specified in the Audit Guide for Financial Statement Audits, Reporting on Internal Controls and Compliance with Laws and Regulations, Attestation Reports, Agreed-Upon Procedures, and Reporting on Internal Controls of Third Party Servicing Organizations. Information and reports shall be furnished in the required number of copies to the addresses specified by OPM.

SECTION 3.11
SURVEY CHARGES (JAN 2002)

(a) If the Carrier participates in an FEHB annual consumer assessment survey, it shall pay OPM's contractor a pro rata share of the total cost of consolidating and reporting the survey results to OPM. The Carrier shall pay a separate fee for each plan option and /or rating area. The Carrier agrees to pay the contractor's invoice within 30 days of the billing date. If the Carrier does not remit payment to the contractor within 60 days of the billing date, OPM shall withhold

the amount due from the Carrier's subscription charges according to FEHBAR 1652.232-71, Payments–experience-rated contracts, and forward payment to the contractor.

(b) Costs incurred by the Carrier for contracting with a vendor to conduct the survey shall be the Carrier's responsibility and constitute allowable administrative charges.

SECTION 3.12
FEHB CLEARINGHOUSE (JAN 2012)

(a) The FEHB Clearinghouse will facilitate the reconciliation of enrollments between Carriers and Federal agencies, and between Carriers and Tribal Employers. The Carrier shall pay a pro rata share based on its proportion of FEHB premiums as determined by OPM for the cost of developing and operating the Clearinghouse.

(b) OPM shall withhold the amount due from the Carrier's subscription charges under the authority of FEHBAR 1652.232-71, Payments--Experience-Rated Contracts, and shall forward payment to the FEHB Clearinghouse.

SECTION 3.13
TAXPAYER IDENTIFICATION NUMBER (JAN 2000) (FEHBAR 1652.204-73)

(a) Definitions.

Common parent, as used in this provision, means that corporate entity that owns or controls an affiliated group of corporations that files its Federal income tax returns on a consolidated basis, and of which the Carrier is a member.

Taxpayer Identification Number (TIN), as used in this provision, means the number required by the Internal Revenue Service (IRS) to be used by the Carrier in reporting income tax and other returns.

(b) The Carrier must submit the information required in paragraphs (d) through (f) of this clause to comply with debt collection requirements of 31 U.S.C. 7701(c) and 3325(d), reporting requirements of 26 U.S.C. 6041, 6041A, and 6050M, and implementing regulations issued by the IRS. The Carrier is subject to the payment reporting requirements described in Federal Acquisition Regulation (FAR) 4.904. The Carrier's failure or refusal to furnish the information will result in payment being withheld until the TIN number is provided.

(c) The Government may use the TIN to collect and report on any delinquent amounts arising out of the Carrier's relationship with the Government (31 U.S.C. 7701(c)(3)). The TIN provided hereunder may be matched with IRS records to verify its accuracy.

(d) Taxpayer Identification Number (TIN).

TIN: _____

(e) Type of organization.

☐ Sole proprietorship;
☐ Partnership;
☐ Corporate entity (not tax-exempt);
☐ Corporate entity (tax-exempt);
☐ Other_____.

(f) Common parent.

☐ Carrier is not owned or controlled by a common parent as defined in paragraph (a) of this clause.
☐ Name and TIN of common parent:

SECTION 3.14
REPORTABLE OVERPAYMENTS (JAN 2011)

(a) If the Carrier becomes aware of either a duplicate letter of credit payment or a significant letter of credit overpayment made by OPM, the Carrier shall notify the Contracting Officer within a maximum of ten days and request instructions for disposition of the overpayment. See FAR 3.1003(a)(3) for penalties applicable to the failure to timely report credible evidence of significant overpayments which shall mean letter of credit payments that are 25 percent or a percentage determined by the Contracting Officer above the total checks presented amount for the day(s) in question and are reoccurring with no corrective action plan in place.

SECTION 3.15
AUDIT RESOLUTION (JAN 2015)

(a) When OIG issues a Draft Report of findings to the Carrier, the Carrier must respond with all available, accurate and relevant documentation to validate or invalidate the findings. This must be done within the timeframe specified in the OIG Draft Report transmittal letter. The Carriers shall promptly begin reconciling findings and not wait until the receipt of the Final Report to address disagreement with any findings previously communicated in the Draft Report.

OPM expects to fully resolve audits within 180 days of issuance of the final report. To enable this, Carriers must expeditiously tender all documentation necessary for resolution of the audit not later than 120 days from the date of the final audit report. This includes overpayment recoveries via check or certification, full documentation of the Carrier's position for findings being contested, evidence supporting due diligence assertions, and support for all other pertinent issues which OPM must consider, as appropriate. Fully supported requests for an extension will be evaluated by the Contracting Officer on a case-by-case basis.

(b) Notwithstanding Section 3.8, *Contractor Records Retention*, the Carrier will retain records related to open audits being conducted by the Office of Inspector General, provided the Carriers were notified of the audit within the records retention timeframes in Section 3.8. Specific records identified in the scope of these open audits will need to be maintained by the Carrier until the audits are resolved by OPM. This clause is effective prospectively as of the 2015 contract year.

SECTION 3.16 REPORTABLE FINDINGS (JAN 2013)

(a) Audit findings (except for claim payment findings) in the scope of an OIG audit are reportable as questioned charges unless the Carrier provides documentation supporting that the findings were already identified and corrected (i.e., administrative expense overcharges and untimely health benefit refunds were already processed and returned to the FEHBP) prior to audit notification.

(b) Claim payment findings (i.e., claim overpayments) in the scope of an OIG audit are reportable as questioned charges unless the Carrier provides documentation supporting that these findings were already identified (i.e., documentation that the plan initiated recovery efforts) prior to audit notification and corrected (i.e., claims were adjusted and/or voided and overpayments were recovered and returned to the FEHBP) by the original due date of the draft report response.

SECTION 3.17 FEHB FAMILY MEMBER VERIFICATION AUDIT (JAN 2015)

OPM may conduct a family member verification audit. If OPM conducts the audit, the Carrier shall pay a pro rata share for conducting the audit based on its proportion of FEHB premiums as determined by OPM. The Carrier's payment hereunder is an allowable cost that can be charged outside the annual allowable expense limitation.

Part IV-SPECIAL PROVISIONS is deleted and replaced with the following:

SECTION 4.1
ALTERATIONS IN CONTRACT (JAN 2019) (FAR 52.252-4)

Portions of this contract are altered as follows:

(a) Section 1.6 Confidentiality of Records. The following subsection is added:

(d) Local Blue Cross and/or Blue Shield Plans may combine the personal data and medical records of Federal subscribers, and information relating thereto, with the same information of other individuals who have health benefits coverage under the Local Blue Cross and/or Blue Shield Plan. This combined data may only be used and disclosed for the Plan's health care operations and payment activities, as such terms and conditions are defined under the Health Insurance Portability and Accountability Act, and its implementing regulations (45 CFR § 164.501). Such activities include, but are not limited to: care management; prevention, detection, and recovery of funds subject to fraud and abuse; and negotiation of provider contracts.

(e) As used in subsection (b)(1) of this section, "administration of this contract" means health care operations and payment activities, as such terms and conditions are defined under the Health Insurance Portability and Accountability Act, and its implementing regulations (45 CFR § 164.501).

(b) Section 1.9 Plan Performance - Experience-Rated FFS Contracts.

The Carrier may use the appropriate systems for measurement and/or collection of data on the quality of the health care services as described in subparagraph 1.9(b).

(c) Section 1.14, Misleading, Deceptive, or Unfair Advertising, is amended by removing the reference to the NAIC Advertisements of Accident and Sickness Insurance Model Regulation (Appendix D-b). Carrier should continue to use the FEHB Supplemental Literature Guidelines (now at the renumbered Appendix C) along with FEHBAR 1603.7002.

(d) Section 1.15 Renewal and Withdrawal of Approval (FEHBAR). The following subsections are added:

(d) If the agency suspends payment of the subscription charges for any reason, the Carrier may (1) suspend making benefit payments until payment of all subscription charges due is fully restored; or (2) terminate the contract without prior notice.

(e) Section 1.21 Patient Bill of Rights. For the purpose of compliance with this Section, the Carrier will conduct the following minimum activities: (1) the Carrier will provide subscribers with a Fact Sheet that includes information about the disenrollment rate in the Blue Cross and Blue Shield Service Benefit Plan, as well as Local Plan-specific information including compliance with Federal and State financial requirements, public corporate information, years in existence, and accreditation status; (2) Provider

Directories will include language advising subscribers to contact their providers directly to obtain information about the providers, including but not limited to board certifications, languages spoken, availability of interpreters, facility accessibility, and whether the provider is accepting new patients.

(f) Section 1.30 Health Information Technology Privacy and Security. Subsections (b), (c) and the introductory paragraph of Subsection (d) of Section 1.30 are amended to read as follows:

(b) The Carrier will promote consumer transparency by ensuring that at the point where the Federal member enters the subcontractor's, large provider's, or vendor's website or web portal the link to the subcontractor's, large provider's, or vendor's notice of privacy practices and/or privacy policies is displayed on the bottom, or prominently displayed elsewhere, on the website or web portal.

(c) Notice of privacy practices and/or privacy policies disclosures must describe the uses of individually identifiable protected health information and any potential disclosure to other entities as described in the HIPAA Privacy Rule.

(d) The Carrier will participate with the Contracting Officer or an authorized representative of the Contracting Officer in credential vulnerability scans and configuration compliance audits conducted in accordance with rules of engagement agreed to by the Contracting Officer and the Blue Cross and Blue Shield Association. The rules of engagement will include the software and hardware used for vulnerability scanning; the specific process used to conduct vulnerability scanning; precautions taken to prevent negative disruption on the systems being scanned; restrictions on the release of documents and artifacts; and how the results of the scanning will be reviewed and reported.

(g) Section 2.2 Benefits Provided. The following paragraph is added to subsection 2.2(a):

(4) The Carrier may pay the Preferred Provider Organization level of benefits under this contract to ease the hardship of members affected by natural disasters such as earthquakes, floods, etc., when because of the natural disaster members have difficulty gaining access to Preferred network providers. The Carrier may pay the Preferred level of benefits without regard to the provider's contractual relationship with the Carrier and will determine an appropriate time frame based on local conditions during which the provision of this paragraph will apply. Benefits provided under this paragraph will be made available to all members similarly affected by the natural disaster.

(h) Section 2.3 Payment of Benefits and Provision of Services and Supplies. Notwithstanding subsection (f) of Section 2.3, benefits provided under the contract are not assignable by the Member to any person without express written approval of the carrier, and in the absence of such approval, any such assignment shall be void. Notwithstanding such approval, no assignment of benefits may be made in any case prior to the time that a valid claim for benefits arises.

(i) Section 2.3 Payment of Benefits and Provision of Services and Supplies. The introductory paragraph of Subsection 2.3(g) is amended to read as follows:

(g) *Erroneous Payments*.

(i) If the Carrier or OPM determines that a Member's claim has been paid in error for any reason (except in the case of fraud or abuse), the Carrier shall make a prompt and diligent effort to recover the erroneous payment to the member from the member or, if to the provider, from the provider; the recovery of any overpayment must be treated as an erroneous benefit payment, overpayment, or duplicate payment under 48 C.F.R. 1631.201-70(h) regardless of any time period limitations in the written agreement with the provider.

(ii) The Carrier shall be deemed to have satisfied the requirements of Subsection (g) (i) above by complying with Subsections (ii), (iii), and (iv). Local Blue Cross and Blue Shield Plans which have time period limitations in their provider contracts which prevent the Plan from recovering erroneous benefit payments made to providers will participate in an action plan. The action plan shall be developed by the Blue Cross and Blue Shield Association by December 31, 2008 and agreed to by the Contracting Officer and the Blue Cross and Blue Shield Association. The Blue Cross and Blue Shield Association and the Contracting Officer shall utilize standards of commercial reasonableness and neither shall unreasonably withhold agreement. The action plan shall be designed to reduce the occurrence of erroneous benefit payments, to identify and recover erroneous benefit payments within the time limits stipulated in their provider contracts, and to demonstrate due diligence in making an attempt to identify and recover within that provider contract timeframe such erroneous benefit payments.

(iii) The Blue Cross and Blue Shield Association shall be responsible for monitoring and determining whether each Blue Cross and Blue Shield Plan participating in the action plan is complying with its obligations under the action plan.

(iv) A Blue Cross and Blue Shield Plan which is in compliance with its obligations under the action plan shall be found to be in compliance with its obligation under this Section 2.3(g) to make a prompt and diligent effort to recover erroneous benefit payments. In the event that any Plan with such time period limitations is determined to be not in substantial compliance with the action plan, and that Plan is determined not to have pursued material benefit payments with promptness and diligence, then the Plan shall return the erroneous benefit payments to the Program.

(v) The Carrier shall follow general business practices and procedures in collecting debts owed under the Federal Employees Health Benefits Program. Prompt and diligent effort to recover erroneous payments means that upon discovering that an erroneous payment exists, the Carrier shall—

(j) Section 2.3 Payment of Benefits and Provision of Services and Supplies. Subsection (g)(7)(ii) of Section 2.3 is amended to read as follows:

Notwithstanding (g)(7)(i), the Carrier may not charge the contract for the administrative costs to correct erroneous benefit payments (or to correct processes or procedures that

caused erroneous benefit payments) when the errors are egregious and repeated. These costs are deemed to be unreasonable and unallowable under Section 3.2(b). The term "repeated" in the previous sentence does not apply to situations in which a claims processing system error causes multiple erroneous payments or to situations that involve audit findings on errors that are endemic to the provision of insurance and claims processing.

(k) Section 2.3 Payment of Benefits and Provision of Services and Supplies. Subsection (g)(10) of Section 2.3 is amended to read as follows:

(10) In compliance with the Contracts Disputes Act, the Carrier shall return to the Program an amount equal to the uncollected erroneous benefit payment where the Contracting Officer determines that the Carrier failed to make a prompt and diligent effort, as that term is described above, to recover the erroneous benefit payment. This provision applies to benefit payments which have been paid in error for any reason (except in the case of fraud or abuse).

(l) Section 2.4 Termination of Coverage and Conversion Privileges. The conversion contract set forth in Section 2.4(c) may be a contract that is regularly offered by the local Blue Cross and/or Blue Shield Plan.

(m) Section 2.5 Subrogation. The following subsections are added:

(c) To the extent that a Member has received benefits for covered services under this contract for an injury or illness caused by a third party, the Carrier shall have the right to be subrogated and succeed to any rights of recovery against any person or organization from whom the Member is legally entitled to receive all or part of those same benefits, including insurers of individuals (non-group) policies of liability insurance that are issued to and in the name of the Member. The obligation of the Carrier to recover amounts through subrogation is limited to making a reasonable effort to seek recovery of amounts to which it is entitled to recover in cases which are brought to its attention. The Carrier shall not be required to recover any amounts from any person or organization who causes an injury or illness for which the Member makes claims for benefits.

(d) The Carrier may also recover directly from the Member all amounts received by the Member by suit, settlement, or otherwise from any third party or its insurer, or the Member's insurer under an individual policy or liability insurance, for benefits which have also been paid under this contract.

(e) The Member shall take such action, furnish such information and assistance, and execute such papers as the Carrier or its representative believes are necessary to facilitate enforcement of its rights, and shall take no action which would prejudice the interests of the Carrier to subrogation.

(f) Effective January 1, 1997, all Participating Plans shall subrogate under a single, nation-wide policy to ensure equitable and consistent treatment for all Members under the contract.

(n) Section 2.6 Coordination of Benefits (FEHBAR). The following subsections are added:

(g) The benefits payable by this Plan shall be determined, on a claim by claim basis, only for those claims in excess of $100, except where Medicare is the primary payer of benefits, claims in excess of $50.

(h) Whenever payments which should have been made under this contract in accordance with this provision have been made under any other group health coverage, the Carrier shall have the right, exercisable alone and in its sole discretion, to pay over to any organizations making such other payments any amount it shall determine to be warranted in order to satisfy the intent of this provision, and amounts so paid shall be deemed to be benefits paid under this contract and, to the extent of such payments discharged from liability under the contract.

(o) Section 3.1 Payments (FEHBAR). The following sentence is added to the end of Section 3.1(a):

OPM will withhold from the subscription charges amounts for other obligations due under the contract only to the extent that OPM and the Carrier have agreed in writing to specific deductions for such other obligations.

(p) Section 3.1 Payments (FEHBAR). The following subsection is added:

(g) Except as required pursuant to Sections 1.25 and 2.12, in the event this contract is terminated or not renewed, the agency shall be liable for all sums due and unpaid, including subscription charges, for the period up to the last day of the Member's entitlement to benefits.

(q) Section 3.2 Accounting and Allowable Cost (FEHBAR). Section 3.2(b)(2)(ii) of this contract is amended to comply with 5 U.S.C. 8909(f) as follows:

(1) No tax, fee, or other monetary payment may be imposed, directly or indirectly, on a Carrier or an underwriting or plan administration subcontractor of an approved health benefits plan by any State, the District of Columbia, or the Commonwealth of Puerto Rico, or by any political subdivision or other governmental authority thereof, with respect to any payment made from the Fund.

(2) Paragraph (1) shall not be construed to exempt any Carrier or subcontractor of an approved health benefits plan from the imposition, payment, or collection of a tax, fee, or other monetary payment on the net income or profit accruing to or realized by such Carrier or underwriting or plan administration subcontractor from business conducted under this Chapter, if that tax, fee, or payment is applicable to a broad range of business activity.

(r) Section 3.2 Accounting and Allowable Cost (FEHBAR). The provision in Section 3.2 (b)(2)(iv)(A) is supplemented as follows:

Charges for mandatory statutory reserves (Section 3.2(b)(2)(iv)(A)) to satisfy mandatory

statutory reserve requirements of Participating Plans are allowable to the extent that such requirements exceed that portion of the service charge at Appendix B, Subscription Rates, Charges, Allowances and Limitations applicable to such Plans.

(s) Section 3.2 Accounting and Allowable Cost (FEHBAR). This section is modified as follows:

The Carrier, as required by the Blue Cross and Blue Shield Service Benefit Plan Workplan, shall furnish OPM an accounting of its operations under the contract not less than 120 days after the end of the calendar year contract period.

(t) Section 3.3 Special Reserve. The provision in Section 3.3(a) is supplemented as follows:

The Special reserve held by or on behalf of the Carrier is to be used only for payment of charges against this contract, including advance payments to Participating Plans and to hospitals.

(u) Section 3.10, Audit, Financial, and Other Information. Compliance by the Carrier and Participating Blue Cross and Blue Shield Plans with the Blue Cross Blue Shield Service Benefit Plan Workplan, as agreed upon between the Carrier and OPM, will constitute compliance with the Audit Guide referred to in Sections 3.2 and 3.10.

SECTION 4.2
HOSPITAL (FACILITY) BENEFIT PAYMENTS AND CONDITIONS (JAN 1991)

(a) Benefits described in the agreed upon brochure text shall be provided to the extent practicable in the form of services rendered by hospitals, freestanding ambulatory facilities, and home health care agencies, and payment, therefore, by or on behalf of the carrier shall constitute a complete discharge of their obligations under this contract to the extent of services rendered in accordance with the terms and conditions of the contract.

(b) Benefits for inpatient hospital care shall be available only to a Member admitted to the hospital on the recommendation, and while under the active medical supervision of a duly licensed physician or alternative provider as described in section 8902(k)(1) of title 5 U.S.C. who is a member of the staff of, or acceptable to, the hospital selected.

(c) Hospital service is subject to all the rules and regulations of the hospital selected including rules governing admissions.

(d) While a Member may elect to be hospitalized in any hospital, the Carrier does not undertake to guarantee the admission of such Member to the hospital, nor the availability of any accommodations or services therein requested by the Member or his physician.

SECTION 4.3
DEFINITION OF CARRIER (JAN 1991)

The Carrier is the Blue Cross and Blue Shield Association, an Illinois not-for-profit corporation, acting on behalf of participating Blue Cross and Blue Shield Plans and

pursuant to authority specified in Exhibit A for and in behalf of the organizations specified in Exhibit A (hereinafter sometimes referred to as "Participating Plans").

SECTION 4.4
AUDIT DISPUTES (JAN 2000)

(a) Any questioned costs or issues documented by or on behalf of OPM's Office of the Inspector General (OIG) in draft or final audit reports examining the Carrier's and Participating Plans' performance under this contract, that are provided to the Carrier and that were initially raised in the timeframe set forth in subsection (c) below, remain open until resolved. Audit issues related to monetary findings for which extensions of the waiver period for the issuance of final decisions and processing of prior period adjustments were obtained in previous contract terms also remain open until resolved.

(b) Resolution of a questioned cost or issue can be the result of a resolution letter or the issuance of a final decision by the Contracting Officer, or by the processing of a prior period adjustment, an adjustment to the Special reserve, or submission of a claim to OPM (as appropriate) by the Carrier or Participating Plan. A prior period adjustment intended to partially or fully resolve an audit finding will not be considered closed until properly reported on the calendar year Annual Accounting Statement.

(c) A claim seeking, as a matter of right, the payment of money, in a sum certain, pursuant to 48 CFR section 52.233-1, shall not be made more than five years following the last day prescribed by the contract for filing the calendar year Annual Accounting Statement for the year with respect to which the claim arises. A claim includes, in the case of the carrier, a charge against the contract.

SECTION 4.5
ASSOCIATION DUES (JAN 2004)

A Participating local Blue Cross and Blue Shield Plan may charge to this contract Association Dues, with the exception of dues related to those lobbying costs and Special Assessments determined to be unallowable. In calculating the unallowable portion of dues related to lobbying costs for a contract year, the Blue Cross and Blue Shield Plan will rely on the percentage of dues, less any special assessments, as determined by the BCBSA for IRS purposes, to be not tax deductible from the previous contract year.

SECTION 4.6
TRAVEL COSTS (JAN 1996)

The Carrier may charge and account for travel expenses related to administration of the contract on a per diem basis, subject to the maximums prescribed by the Federal Travel Regulations. For those travel costs for each contract term that are subject to the Federal per diem rates set forth at 48 CFR section 31.205-46, the Carrier shall charge to the contract an amount equal to the lesser of:

(i) the actual aggregate charges for those costs, or
(ii) the aggregate charges calculated using the per diem rates set forth in the Federal Travel Regulations.

SECTION 4.7
MARKET RESEARCH COSTS (JAN 1996)

(a) Costs of market research surveys or studies are generally allowable if the survey or study is:

1. directed to current Members and Members who left the Blue Cross and Blue Shield Service Benefit Plan in the most recent Open season, or
2. focused on long-range planning, industry state-of-the-art developments, or product development issues for which a direct benefit or potential benefit to the FEHB Program can be identified, or
3. pre-approved by the Contracting Officer.

(b) Costs of market research surveys or studies are generally not allowable if the primary purpose is to survey or study an otherwise unallowable cost item, such as: to determine the effectiveness of advertising or sales strategies; to evaluate image effectiveness or ways to achieve image enhancement; or to perform a competitive analysis with other carriers in the FEHB Program. Such costs are unallowable, regardless of who receives the research surveys or studies.

(c) This provision does not supersede other contract requirements, such as prior approval for subcontracts under Section 1.16 Subcontracts (FEHBAR 1652.244-70).

SECTION 4.8
PRESCRIPTION DRUG BENEFITS WAIVER PROVISIONS (JAN 2009)

(a) For the purposes of applying the special provisions in this section, the Standard Option Mail Service Prescription Drug Program service standards are:

(1) When a prescription order is placed that does not require additional information or clarification (i.e., a clean or non-diverted prescription), the prescription order shall be dispensed within three business days from the date of receipt so the enrollee may expect to receive the medication within 7 calendar days.

(2) When a prescription order is placed that does require additional information, clarification or resolution of payment issues (i.e., a diverted prescription), the prescription order shall be dispensed within seven business days from the date of receipt so the enrollee may expect to receive the medication within 14 calendar days. However the following situations will not be considered a diverted prescription for the purposes of this section:

(i) Prescriptions for refrigerated products that require prior arrangements between the mail order pharmacy and a Member before the Member can receive the Prescription;

(ii) Prescriptions requiring specific counseling obligations imposed by the pharmaceutical manufacturer, distributor or the FDA;

(iii) Prescriptions requiring "registration" with a pharmaceutical manufacturer.

(b) The special provisions described in paragraphs (c)(1), (2), and (3) shall become effective automatically when less than 98 percent of the prescriptions are filled within the

service standards described in either paragraph (a)(1) or (a)(2) for 7 consecutive business days. The special provisions shall terminate when for 7 consecutive business days 98 percent or more of the prescriptions are filled within the service standards described in paragraphs (a)(1) and (a)(2) of this section.

(c) The special provisions are:

(1) The Carrier shall waive during the effective periods in paragraph (b) the coinsurance for a 21 day prescription filled at a Preferred retail pharmacy when the Mail Service Prescription Drug Program vendor is unable to fill the prescription within the service standards. This waiver of the coinsurance shall be in effect for 14 calendar days after notice to the enrollee as described in paragraph (c)(2) below.

(2) The Carrier shall deliver to the enrollee a written or telephone notice no later than 5 days from the date of receipt for clean or non-diverted prescriptions and no later than 12 days from the date of receipt for diverted prescriptions.

This notice shall:

(i) advise the enrollee that the Mail Service Prescription Drug Program may not be able to fill the prescription(s) within the service standard timeframes;

(ii) advise the enrollee that any applicable coinsurance will be waived for a 21 day supply of the medication(s) when filled at a Preferred retail pharmacy;

(iii) provide the enrollee with instructions on how to use the waiver, and

(iv) advise the enrollee when the waiver will expire.

(3) The Carrier may use next day delivery service at no additional cost to the enrollee in order to meet the service standards in (a)(1) and (a)(2).

SECTION 4.9
SMALL BUSINESS SUBCONTRACTING PLAN (JAN 2002) (FAR 52.219-9) (AS AMENDED)

An amended clause 52.219-9, Small Business Subcontracting Plan, is attached to Appendix E.

SECTION 4.10
LETTER OF CREDIT (JAN 1997)

As of January 1, 1997, OPM will administer Letter of Credit drawdowns directly with the local Plans.

SECTION 4.11
PILOTING OF COST CONTAINMENT PROGRAMS (JAN 2001)

Upon approval by the Contracting Officer, the Carrier may design and implement pilot programs in one or more local Plan areas that test the feasibility and examine the impact of various managed care initiatives. The Carrier shall brief the Contracting Officer on a pilot program prior to its implementation, advise the Contracting Officer of the progress of the pilot program and provide a written evaluation at the conclusion of the pilot program. The evaluation of the pilot program shall, at a minimum, assess the cost effectiveness, effect on quality of care and/or quality of life, and customer satisfaction, and recommend whether the pilot program should be continued or expanded.

SECTION 4.12
TRANSITION COSTS FOR PLAN TERMINATIONS (JAN 1999)

In the event a Participating Plan's license to use the Blue Cross and/or Blue Shield service marks is terminated, thereby rendering it ineligible to participate in this Contract, the costs of transitioning the terminated Plan's Service Benefit Plan subscribers to a successor Plan shall be subject to advance approval. The Carrier shall submit to OPM a proposed transition plan, together with a detailed estimate of costs, prior to the incurrence of any significant transition costs. OPM and the Carrier shall negotiate an advance agreement pursuant to FAR 31.109 that covers the extent of allowable transition costs.

SECTION 4.13
PAYMENT BY ELECTRONIC FUNDS TRANSFER-CENTRAL CONTRACTOR REGISTRATION (MAY 1999) (FAR 52.232-33)

The references to the Central Contractor Registration in FAR 52.232-33 are not applicable to this contract.

SECTION 4.14
FEDERAL INCOME TAX RELATED TO HEALTH INSURANCE PROVIDERS' FEE (JANUARY 2015)

(a) Notwithstanding FAR 31.205-41(b)(1) and this Contract Section 3.2(b)(1)(ii), a charge for an incremental amount of Federal income tax liability incurred as the result of compliance with the Health Insurance Providers Fee (HIP Fee) provision of the Affordable Care Act section 9010 (hereafter referred to as the "HIP Tax Cost") by a participating local plan (Local Plan) that administers the Service Benefit Plan on behalf of the Blue Cross and Blue Shield Association (Carrier), and that is a covered entity within the meaning of 26 CFR Part 57, is an allowable cost to the Carrier under this contract under the criteria set forth below.

(1) The allowable cost to the Carrier for a year is the sum of the HIP Tax Cost for each Local Plan. The HIP Tax Cost for each Local Plan equals:
the amount reimbursed by OPM to the Carrier for the HIP Fee attributable to the Local Plan (Local Plan HIP Fee) for the year, divided by one minus the tax rate for the Local Plan specified under section (2) below, (Local Plan Tax Rate), less the Local Plan HIP Fee. In mathematical terms, the allowable charge to the Carrier for the HIP Tax Cost is the sum of each Local Plan's application of the formula below:

$$\left[\frac{\text{Local Plan HIP Fee}}{1 - \text{Local Plan Tax Rate}}\right] - \text{Local Plan HIP Fee}$$

(2) The Local Plan Tax Rate for purposes of the formula specified in section (1) is the lowest of the following:
(a) the rate specified at 26 USC §11 (b) (1) (D),

(b) the rate specified at 26 USC § 55(b)(1)(B)(i), for any year in which the Local Plan is entitled to the special deduction under 26 USC § 833(a)(2), or
(c) zero, for any year in which the Local Plan experiences a Net Operating Loss or other circumstance resulting in no tax liability. For a year in which the Local Plan experiences a Net Operating Loss resulting in no tax liability, the Carrier will charge the HIP Tax Cost attributable to the Local Plan in the first subsequent year in which the Local Plan's tax liability is greater than zero. The Local Plan will calculate the HIP Tax Cost in this circumstance by applying the formula using the HIP Fee for the year of the loss and the Local Plan Tax Rate for the year in which the tax liability is greater than zero. This charge by the Carrier is in addition to the charge allowed by the Carrier for the Local Plan Tax Cost for the year in which the tax liability is greater than zero.

(d) If the Local Plan Tax Rate reflected on the Local Plan's tax return actually filed for the contract year (which normally occurs the following year) differs from the Local Plan Tax Rate that was anticipated when the costs were drawn down by the Carrier for the contract year as allowable administrative expenses, the Carrier will make a commensurate adjustment to its current year drawdown of administrative expenses.

(b) The Contracting Officer or an authorized representative of the Contracting Officer shall have the right to examine and audit all books and records, including tax filings, relating to the calculation of the HIP Tax Cost charge for each Local Plan.

Part IV - Attachment I
SECTION 4.14
FEDERAL INCOME TAX RELATED TO HEALTH INSURER'S PROVIDER FEE

Examples of Allowable 9010 Tax Cost:

C is an experience rated FEHB carrier consisting of participating Local Plans F and G who underwrite and administer C in different geographic areas.

In 2015, F reports $900 on IRS Form 8963 and pays $500 pursuant to methods described at 26 CFR Part 57, in satisfaction of its Affordable Care Act section 9010 Health Insurance Provider Fee (HIP Fee) expense with respect to calendar year 2014 health risks. Of the $500 HIP Fee, F's Form 8963 reflects that $300 is attributable to F's FEHBP business.

Also in 2015, G reports $950 on IRS Form 8963 and pays $550 pursuant to methods described at 26 CFR Part 57, in satisfaction of its Affordable Care Act section 9010 Health Insurance Provider Fee (HIP Fee) expense with respect to calendar year 2014 health risks. Of the $550 HIP Fee, G's Form 8963 reflects that $325 is attributable to G's FEHBP business.

In 2015, C draws down a 2015 HIP Fee Reimbursement of its FEHBP HIP Fee expense for 2014 health risks, which is calculated as the sum of F and G's HIP Fee, or $300 +325 = $725, which is an allowable cost, from its FEHB letter of credit account (LOCA). C reimburses F for its HIP Fee of 300 and G for its HIP Fee of 325.

F records income of $300 for the reimbursement of the allowable HIP fee and does not have any associated income tax deduction increasing taxable income by $300. F records 2015 income tax expense as an accrued expense as required under Generally Accepted Accounting Principles (GAAP) or Statements of Statutory Accounting Principles (SSAP). In addition, F pays quarterly payments to the IRS for its' 2015 tax liability. F's 2015 tax rate is 35 percent.

G records income of $325 for the reimbursement of the allowable HIP fee and does not have any associated income tax deduction increasing taxable income by $325. G records 2015 income tax expense as an accrued expense as required under Generally Accepted Accounting Principles (GAAP) or Statements of Statutory Accounting Principles (SSAP). In addition, G pays quarterly payments to the IRS for its' 2015 tax liability. Because G claims a special deduction under 26 USC § 833(a)(2), G's 2015 tax rate is 20 percent.

In 2015, C also draws down from its LOCA a 2015 HIP Tax Cost reimbursement for the 2015 income tax expense accrued and paid by F & G in 2015. C's 2015 HIP Tax cost reimbursement is calculated as follows:

Local Plan F HIP Tax Cost: ($300/1-.35)-$300 = $162
Local Plan G HIP Tax Cost: ($325/1-.20)-$325 = $81
Sum which is C's allowable HIP Tax Cost for 2015 = $243

In 2016, F & G report the same HIP Fee expense for 2015 health risks.

In 2016, F experiences the same tax rate as for 2015, but G incurs a net operating loss, resulting in a zero percent tax rate for 2016.

In 2016, C draws down a 2016 HIP Fee Reimbursement of its FEHBP HIP Fee expense for 2015 health risks of 300 + 325 = $725, which is an allowable cost, from C's FEHB letter of credit account (LOCA). C reimburses F for 300 and G for 325.

In 2016, F proceeds as in 2015 and C may charge 162 as an allowable HIP Tax Cost attributable to F in 2016.

In 2016 G records income of $325 for the reimbursement of the allowable HIP fee and does not have any associated income tax deduction increasing taxable income by $325. Because G determines that its 2016 tax liability will be zero as it will have a Net Operating Loss for 2016, C does not incur an allowable 2016 HIP Tax Cost attributable to G. C must refund any such amounts drawn down during 2016.

Local Plan F HIP Tax Cost for 2016 = 162
Local Plan G HIP Tax Cost for 2016 = 0
Reimbursement attributable to G = adjustment for amounts drawn down by C, if any
Sum = C's allowable HIP Tax Cost for 2016 = 162 less adjustment.

In 2017, F proceeds as in 2015. C's allowable 2017 HIP Tax Cost includes $162 attributable to F. In 2017, G has an operating gain and reports the same HIP Fee amount and experiences the same 20% tax rate as in 2015. C's allowable 2017 HIP Tax Cost includes $81 attributable to G.

In addition, in 2017, because G's operating gain results in a tax rate higher than zero, G incurs economic disadvantage. This is because the 2016 HIP Fee reimbursement of $325 has reduced G's otherwise applicable Net Operating Loss carry-forward amount. G calculates the economic disadvantage as the difference between its 2017 tax liability with and without the 2016 HIP Fee reimbursement. This disadvantage is included in the Carrier's 2017 charge as an allowable HIP Tax Cost with respect to 2016. This is calculated as $325 (2016 HIP Fee) divided by 1-20% (application of 2017 Local Plan Tax Rate), less $325.]

Local Plan F HIP Tax Cost for 2017 = 162
Local Plan G HIP Tax Cost for 2017 = 81
Local Plan G HIP Tax Cost for 2017 due to 2016 HIP Fee reimbursement = apply formula using 2016 Fee Reimbursement amount and 2017 tax rate of 20% =81
Sum = C's allowable HIP Tax Cost for 2017 = 162 + 81 + 81 = $324

PART V - REQUIRED CLAUSES

SECTION 5.1
DEFINITIONS (JUN 2020) (FAR 52.202-1)

When a solicitation provision or contract clause uses a word or term that is defined in the Federal Acquisition Regulation (FAR), the word or term has the same meaning as the definition in FAR 2.101 in effect at the time the solicitation was issued, unless—

(a) The solicitation, or amended solicitation, provides a different definition;
(b) The contracting parties agree to a different definition;
(c) The part, subpart, or section of the FAR where the provision or clause is prescribed provides a different meaning;
(d) The word or term is defined in FAR Part 31, for use in the cost principles and procedures; or
(e) The word or term defines an acquisition-related threshold, and if the threshold is adjusted for inflation as set forth in FAR 1.109(a), then the changed threshold applies throughout the remaining term of the contract, unless there is a subsequent threshold adjustment; see FAR 1.109(d).

SECTION 5.2
[RESERVED]

SECTION 5.3
GRATUITIES (APR 1984) (FAR 52.203-3)

(a) The right of the Contractor to proceed may be terminated by written notice if, after notice and hearing, the agency head or a designee determines that the Contractor, its agent, or another representative -

(1) Offered or gave a gratuity (e.g., an entertainment or gift) to an officer, official, or employee of the Government; and

(2) Intended, by the gratuity, to obtain a contract or favorable treatment under a contract.

(b) The facts supporting this determination may be reviewed by any court having lawful jurisdiction.

(c) If this contract is terminated under paragraph (a) above, the Government is entitled -

(1) To pursue the same remedies as in a breach of the contract; and

(2) In addition to any other damages provided by law, to exemplary damages of not less than 3 nor more than 10 times the cost incurred by the Contractor in giving gratuities to the person concerned, as determined by the agency head or a designee. (This subparagraph (c)(2) is applicable only if this contract uses money appropriated to the Department of Defense.)

(d) The rights and remedies of the Government provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or under this contract.

SECTION 5.4
COVENANT AGAINST CONTINGENT FEES (MAY 2014) (FAR 52.203-5)

(a) The Contractor warrants that no person or agency has been employed or retained to solicit

or obtain this contract upon an agreement or understanding for a contingent fee, except a bona fide employee or agency. For breach or violation of this warranty, the Government shall have the right to annul this contract without liability or to deduct from the contract price or consideration, or otherwise recover, the full amount of the contingent fee.

(b) "Bona fide agency," as used in this clause, means an established commercial or selling agency, maintained by a contractor for the purpose of securing business, that neither exerts nor proposes to exert improper influence to solicit or obtain Government contracts nor holds itself out as being able to obtain any Government contract or contracts through improper influence.

"Bona fide employee," as used in this clause, means a person, employed by a contractor and subject to the contractor's supervision and control as to time, place, and manner of performance, who neither exerts nor proposes to exert improper influence to solicit or obtain Government contracts nor holds out as being able to obtain any Government contract or contracts through improper influence.

"Contingent fee", as used in this clause, means any commission, percentage, brokerage, or other fee that is contingent upon the success that a person or concern has in securing a Government contract.

"Improper influence," as used in this clause, means any influence that induces or tends to induce a Government employee or officer to give consideration or to act regarding a Government contract on any basis other than the merits of the matter.

SECTION 5.5
ANTI-KICKBACK PROCEDURES (JUN 2020) (FAR 52.203-7)

(a) Definitions.

"Kickback," as used in this clause, means any money, fee, commission, credit, gift, gratuity, thing of value, or compensation of any kind which is provided to any prime Contractor, prime Contractor employee, subcontractor, or subcontractor employee for the purpose of improperly obtaining or rewarding favorable treatment in connection with a prime contract or in connection with a subcontract relating to a prime contract.

"Person," as used in this clause, means a corporation, partnership, business association of any kind, trust, joint-stock company, or individual.

"Prime contract," as used in this clause, means a contract or contractual action entered into by the United States for the purpose of obtaining supplies, materials, equipment, or services of any kind.

"Prime Contractor," as used in this clause, means a person who has entered into a prime contract with the United States.

"Prime Contractor employee," as used in this clause, means any officer, partner, employee, or agent of a prime Contractor.

"Subcontract," as used in this clause, means a contract or contractual action entered into by a prime Contractor or subcontractor for the purpose of obtaining supplies, materials, equipment, or services of any kind under a prime contract.

"Subcontractor," as used in this clause, (1) means any person, other than the prime Contractor, who offers to furnish or furnishes any supplies, materials, equipment, or services of any kind under a prime contract or a subcontract entered into in connection with such prime contract, and (2) includes any person who offers to furnish or furnishes general supplies to the prime Contractor or a higher tier subcontractor.

"Subcontractor employee," as used in this clause, means any officer, partner, employee, or agent of a subcontractor.

(b) 41 U.S.C. chapter 87, Kickbacks, prohibits any person from --

(1) Providing or attempting to provide or offering to provide any kickback;

(2) Soliciting, accepting, or attempting to accept any kickback; or

(3) Including, directly or indirectly, the amount of any kickback in the contract price charged by a prime Contractor to the United States or in the contract price charged by a subcontractor to a prime Contractor or higher tier subcontractor.

(c)(1) The Contractor shall have in place and follow reasonable procedures designed to prevent and detect possible violations described in paragraph (b) of this clause in its own operations and direct business relationships.

(2) When the Contractor has reasonable grounds to believe that a violation described in paragraph (b) of this clause may have occurred, the Contractor shall promptly report in writing the possible violation. Such reports shall be made to the inspector general of the contracting agency, the head of the contracting agency if the agency does not have an inspector general, or the Attorney General.

(3) The Contractor shall cooperate fully with any Federal agency investigating a possible violation described in paragraph (b) of this clause.

(4) The Contracting Officer may (i) offset the amount of the kickback against any monies owed by the United States under the prime contract and/or (ii) direct that the Prime Contractor withhold, from sums owed a subcontractor under the prime contract, the amount of the kickback. The Contracting Officer may order that monies withheld under subdivision (c)(4)(ii) of this clause be paid over to the Government unless the Government has already offset those monies under subdivision (c)(4)(i) of this clause. In either case, the Prime Contractor shall notify the Contracting Officer when the monies are withheld.

(5) The Contractor agrees to incorporate the substance of this clause, including this paragraph (c)(5) but excepting paragraph (c)(1) of this clause, in all subcontracts under this contract that exceed the threshold specified in Federal Acquisition Regulation 3.502–2(i) on the date of subcontract award.

SECTION 5.6
[RESERVED]

SECTION 5.7
AUDIT AND RECORDS-NEGOTIATION (JUN 2020) (FAR 52.215-2)

(a) As used in this clause, "records" includes books, documents, accounting procedures and practices, and other data, regardless of type and regardless of whether such items are in written form, in the form of computer data, or in any other form.

(b) *Examination of costs*. If this is a cost- reimbursement, incentive, time-and-materials, labor-hour, or price redeterminable contract, or any combination of these, the Contractor shall maintain and the Contracting Officer, or an authorized representative of the Contracting Officer, shall have the right to examine and audit all records and other evidence sufficient to reflect properly all costs claimed to have been incurred or anticipated to be incurred directly or indirectly in performance of this contract. This right of examination shall include inspection at all reasonable times of the Contractor's plants, or parts of them, engaged in performing the

contract.

(c) *Certified cost or pricing data*. If the Contractor has been required to submit certified cost or pricing data in connection with any pricing action relating to this contract, the Contracting Officer, or an authorized representative of the Contracting Officer, in order to evaluate the accuracy, completeness, and currency of the certified cost or pricing data, shall have the right to examine and audit all of the Contractor's records, including computations and projections, related to--

(1) The proposal for the contract, subcontract, or modification;

(2) The discussions conducted on the proposal(s), including those related to negotiating;

(3) Pricing of the contract, subcontract, or modification; or

(4) Performance of the contract, subcontract or modification.

(d) *Comptroller General* -- (1) The Comptroller General of the United States, or an authorized representative, shall have access to and the right to examine any of the Contractor's directly pertinent records involving transactions related to this contract or a subcontract hereunder and to interview any current employee regarding such transactions.

(2) This paragraph may not be construed to require the Contractor or subcontractor to create or maintain any record that the Contractor or subcontractor does not maintain in the ordinary course of business or pursuant to a provision of law.

(e) *Reports*. If the Contractor is required to furnish cost, funding, or performance reports, the Contracting Officer or an authorized representative of the Contracting Officer shall have the right to examine and audit the supporting records and materials, for the purpose of evaluating--(1) The effectiveness of the Contractor's policies and procedures to produce data compatible with the objectives of these reports and (2) The data reported.

(f) *Availability*. The Contractor shall make available at its office at all reasonable times the records, materials, and other evidence described in paragraphs (a), (b), (c), (d), and (e) of this clause, for examination, audit, or reproduction, until 3 years after final payment under this contract or for any shorter period specified in Subpart 4.7, Contractor Records Retention, of the Federal Acquisition Regulation (FAR), or for any longer period required by statute or by other clauses of this contract. In addition--(1) If this contract is completely or partially terminated, the Contractor shall make available the records relating to the work terminated until 3 years after any resulting final termination settlement; and (2) The Contractor shall make available records relating to appeals under the Disputes clause or to litigation or the settlement of claims arising under or relating to this contract until such appeals, litigation, or claims are finally resolved.

(g) The Contractor shall insert a clause containing all the terms of this clause, including this paragraph (g), in all subcontracts under this contract that exceed the simplified acquisition threshold, as defined in FAR 2.101 on the date of subcontract award, and--

(1) That are cost-reimbursement, incentive, time-and-materials, labor-hour, or price-redeterminable type or any combination of these;

(2) For which certified cost or pricing data are required; or

(3) That require the subcontractor to furnish reports as discussed in paragraph (e) of this clause.

The clause may be altered only as necessary to identify properly the contracting parties and the Contracting Officer under the Government prime contract.

SECTION 5.8
PRICE REDUCTION FOR DEFECTIVE CERTIFIED COST OR PRICING DATA (AUG 2011) (FAR 52.215-10)

(a) If any price, including profit or fee, negotiated in connection with this contract, or any cost reimbursable under this contract, was increased by any significant amount because (1) the Contractor or a subcontractor furnished certified cost or pricing data that were not complete, accurate, and current as certified in its Certificate of Current Cost or Pricing Data, (2) a subcontractor or prospective subcontractor furnished the Contractor certified cost or pricing data that were not complete, accurate, and current as certified in the Contractor's Certificate of Current Cost or Pricing Data, or (3) any of these parties furnished data of any description that were not accurate, the price or cost shall be reduced accordingly and the contract shall be modified to reflect the reduction.

(b) Any reduction in the contract price under paragraph (a) of this clause due to defective data from a prospective subcontractor that was not subsequently awarded the subcontract shall be limited to the amount, plus applicable overhead and profit markup, by which (1) the actual subcontract; or (2) the actual cost to the Contractor, if there was no subcontract, was less than the prospective subcontract cost estimate submitted by the Contractor; provided, that the actual subcontract price was not itself affected by defective certified cost or pricing data.

(c)(1) If the Contracting Officer determines under paragraph (a) of this clause that a price or cost reduction should be made, the Contractor agrees not to raise the following matters as a defense:

(i) The Contractor or subcontractor was a sole source supplier or otherwise was in a superior bargaining position and thus the price of the contract would not have been modified even if accurate, complete, and current certified cost of pricing data had been submitted;

(ii) The Contracting Officer should have known that the certified cost or pricing data in issue were defective even though the Contractor or subcontractor took no affirmative action to bring the character of the data to the attention of the Contracting Officer;

(iii) The contract was based on an agreement about the total cost of the contract and there was no agreement about the cost of each item procured under the contract; or

(iv) The Contractor or subcontractor did not submit a Certificate of Current Cost or Pricing Data.

(2)(i) Except as prohibited by subdivision (c)(2)(ii) of this clause, an offset in an amount determined appropriate by the Contracting Officer based upon the facts shall be allowed against the amount of a contract price reduction if--

(A) The Contractor certifies to the Contracting Officer that, to the best of the Contractor's knowledge and belief, the Contractor is entitled to the offset in the amount requested; and

(B) The Contractor proves that the certified cost or pricing data were available before the “as of” date specified on its Certificate of Current Cost or Pricing Data, and that the data were not submitted before such date.

(ii) An offset shall not be allowed if--

(A) The understated data were known by the Contractor to be understated before the “as of” date specified on its Certificate of Current Cost or Pricing Data; or

(B) The Government proves that the facts demonstrate that the contract price would not have increased in the amount to be offset even if the available data had been submitted before the “as of” date specified on its Certificate of Current Cost or Pricing Data.

(d) If any reduction in the contract price under this clause reduces the price of items for which payment was made prior to the date of the modification reflecting the price reduction, the Contractor shall be liable to and shall pay the United States at the time such overpayment is repaid--

(1) Interest compounded daily, as required by 26 U.S.C. 6622, on the amount of such overpayment to be computed from the date(s) of overpayment to the Contractor to the date the Government is repaid by the Contractor at the applicable underpayment rate effective for each quarter prescribed by the Secretary of the Treasury under 26 U.S.C. 6621(a)(2); and

(2) A penalty equal to the amount of the overpayment, if the Contractor or subcontractor knowingly submitted certified cost or pricing data which were incomplete, inaccurate, or noncurrent.

SECTION 5.9
[RESERVED]

SECTION 5.10
SUBCONTRACTOR CERTIFIED COST OR PRICING DATA (JUN 2020) (FAR 52.215-12)

(a) Before awarding any subcontract expected to exceed the threshold for submission of certified cost or pricing data in Federal Acquisition Regulation (FAR) 15.403-4(a)(1), on the date of agreement on price or the date of award, whichever is later; or before pricing any subcontract modification involving a pricing adjustment expected to exceed the threshold for submission of certified cost or pricing data in FAR 15.403-4(a)(1), the Contractor shall require the subcontractor to submit certified cost or pricing data (actually or by specific identification in writing), in accordance with FAR 15.408, Table 15-2 (to include any information reasonably required to explain the subcontractor's estimating process such as the judgmental factors applied and the mathematical or other methods used in the estimate, including those used in projecting from known data, and the nature and amount of any contingencies included in the price), unless an exception under 15.403-1(b) applies. If the threshold for submission of certified cost or pricing data specified in FAR 15.403-4(a)(1) is adjusted for inflation as set forth in FAR 1.109(a), then pursuant to FAR 1.109(d) the changed threshold applies throughout the remaining term of the contract, unless there is a subsequent threshold adjustment.

(b) The Contractor shall require the subcontractor to certify in substantially the form prescribed in FAR 15.406-2 that, to the best of its knowledge and belief, the data submitted under paragraph (a) of this clause were accurate, complete, and current as of the date of agreement on the negotiated price of the subcontract or subcontract modification.

(c) In each subcontract that, when entered into, exceeds the threshold for submission of certified cost or pricing data in FAR 15.403-4(a)(1), the Contractor shall insert either --

(1) The substance of this clause, including this paragraph (c), if paragraph (a) of this clause requires submission of certified cost or pricing data for the subcontract; or

(2) The substance of the clause at FAR 52.215-13, Subcontractor Certified Cost or Pricing Data - Modifications.

SECTION 5.11
[RESERVED]

SECTION 5.12
[RESERVED]

SECTION 5.13
[RESERVED]

SECTION 5.14
UTILIZATION OF SMALL BUSINESS CONCERNS (OCT 2018) (FAR 52.219-8)

(a) Definitions. As used in this contract --

"HUBZone small business concern" means a small business concern, certified by the Small Business Administration, that appears on the List of Qualified HUBZone Small Business Concerns maintained by the Small Business Administration.

"Service-disabled veteran-owned small business concern"

(1) Means a small business concern—

(i) Not less than 51 percent of which is owned by one or more service-disabled veterans or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more service-disabled veterans; and

(ii) The management and daily business operations of which are controlled by one or more service-disabled veterans or, in the case of a service-disabled veteran with permanent and severe disability, the spouse or permanent caregiver of such veteran.

(2) Service-disabled veteran means a veteran, as defined in 38 U.S.C. 101(2), with a disability that is service-connected, as defined in 38 U.S.C. 101(16).

"Small business concern" means a small business as defined pursuant to Section 3 of the Small Business Act and relevant regulations promulgated pursuant thereto.

"Small disadvantaged business concern", consistent with 13 CFR 124.1002, means a small business concern under the size standard applicable to the acquisition, that--

(1) Is at least 51 percent unconditionally and directly owned (as defined at 13 CFR 124.105) by—

(i) One or more socially disadvantaged (as defined at 13 CFR 124.103) and economically disadvantaged (as defined at 13 CFR 124.104) individuals who are citizens of the United States; and

(ii) Each individual claiming economic disadvantage has a net worth not exceeding $750,000 after taking into account the applicable exclusions set forth at 13 CFR 124.104(c)(2); and

(2) The management and daily business operations of which are controlled (as defined at 13.CFR 124.106) by individuals, who meet the criteria in paragraphs (1)(i) and (ii) of this definition.

"Veteran-owned small business concern" means a small business concern—

(1) Not less than 51 percent of which is owned by one or more veterans (as defined at 38 U.S.C. 101(2)) or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more veterans; and

(2) The management and daily business operations of which are controlled by one or more veterans.

"Women-owned small business concern" means a small business concern—

(1) That is at least 51 percent owned by one or more women, or, in the case of any publicly owned business, at least 51 percent of the stock of which is owned by one or more women; and

(2) Whose management and daily business operations are controlled by one or more women.

(b) It is the policy of the United States that small business concerns, veteran-owned small business concerns, service-disabled veteran-owned small business concerns, HUBZone small business concerns, small disadvantaged business concerns, and women-owned small business concerns shall have the maximum practicable opportunity to participate in performing contracts let by any Federal agency, including contracts and subcontracts for subsystems, assemblies, components, and related services for major systems. It is further the policy of the United States that its prime contractors establish procedures to ensure the timely payment of amounts due pursuant to the terms of their subcontracts with small business concerns, veteran-owned small business concerns, service-disabled veteran-owned small business concerns, HUBZone small business concerns, small disadvantaged business concerns, and women-owned small business concerns.

(c) The Contractor hereby agrees to carry out this policy in the awarding of subcontracts to the fullest extent consistent with efficient contract performance. The Contractor further agrees to cooperate in any studies or surveys as may be conducted by the United States Small Business Administration or the awarding agency of the United States as may be necessary to determine the extent of the Contractor's compliance with this clause.

(d)(1) The Contractor may accept a subcontractor’s written representations of its size and socioeconomic status as a small business, small disadvantaged business, a veteran-owned small business, service-disabled veteran-owned small business or a women-owned small business if the subcontractor represents that the size and socioeconomic status representations with its offer are current, accurate, and complete as of the date of the offer for the subcontract.

(2) The Contractor may accept a subcontractor’s representations of its size and socioeconomic status as a small business, small disadvantaged business, veteran-owned small business, service-disabled veteran-owned small business, or a women-owned small business in the System for Award Management (SAM) if–

(i) The subcontractor is registered in SAM; and

(ii) The subcontractor represents that the size and socioeconomic status representations made in SAM are current, accurate and complete as of the date of the offer for the subcontract.

(3) The Contractor may not require the use of SAM for the purposes of representing size or socioeconomic status in connection with a subcontract.

(4) In accordance with 13 CFR 121.411, 124.1015, 125.29, 126.900, and 127.700, a contractor acting in good faith is not liable for misrepresentations made by its subcontractors regarding the subcontractor’s size or socioeconomic status.

(5) The Contractor shall confirm that a subcontractor representing itself as a HUBZone small business concern is certified by SBA as a HUBZone small business concern by accessing the System for Award Management or by contacting the SBA. Options for contacting the SBA include—

(i) HUBZone small business database search application web page at http://dsbs.sba.gov/dsbs/search/dsp_searchhubzone.cfm; or http://www.sba.gov/hubzone;

(ii) In writing to the Director/HUB, U.S. Small Business Administration, 409 3rd Street, SW., Washington, DC 20416; or

(iii) The SBA HUBZone Help Desk at hubzone@sba.gov.

SECTION 5.15
[RESERVED]

SECTION 5.16
[RESERVED]

SECTION 5.17
CONVICT LABOR (JUN 2003) (FAR 52.222-3)

(a) Except as provided in paragraph (b) of this clause, the Contractor shall not employ in the performance of this contract any person undergoing a sentence of imprisonment imposed by any court of a State, the District of Columbia, Puerto Rico, the Northern Mariana Islands, American Samoa, Guam, or the U.S. Virgin Islands.

(b) The Contractor is not prohibited from employing persons-

(1) On parole or probation to work at paid employment during the term of their sentence;

(2) Who have been pardoned or who have served their terms; or

(3) Confined for violation of the laws of any of the States, the District of Columbia, Puerto Rico, the Northern Mariana Islands, American Samoa, Guam, or the U.S. Virgin Islands who are authorized to work at paid employment in the community under the laws of such jurisdiction, if-

(i) The worker is paid or is in an approved work training program on a voluntary basis;

(ii) Representatives of local union central bodies or similar labor union organizations have been consulted;

(iii) Such paid employment will not result in the displacement of employed workers, or be applied in skills, crafts, or trades in which there is a surplus of available gainful labor in the locality, or impair existing contracts for services;

(iv) The rates of pay and other conditions of employment will not be less than those paid or provided for work of a similar nature in the locality in which the work is being performed; and

(v) The Attorney General of the United States has certified that the work-release laws or regulations of the jurisdiction involved are in conformity with the requirements of Executive Order 11755, as amended by Executive Orders 12608 and 12943.

SECTION 5.18
CONTRACT WORK HOURS AND SAFETY STANDARDS ACT -- OVERTIME COMPENSATION (MAY 2018) (FAR 52.222-4)

(a) *Overtime requirements*. No Contractor or subcontractor employing laborers or mechanics (see Federal Acquisition Regulation 22.300) shall require or permit them to work over 40 hours in any workweek unless they are paid at least 1 and ½ times the basic rate of pay for each hour worked over 40 hours.

(b) *Violation; liability for unpaid wages; liquidated damages*. The responsible Contractor and subcontractor are liable for unpaid wages if they violate the terms in paragraph (a) of this clause. In addition, the Contractor and subcontractor are liable for liquidated damages payable to the Government. The Contracting Officer will assess liquidated damages at the rate specified at

29 CFR 5.5(b)(2) per affected employee for each calendar day on which the employer required or permitted the employee to work in excess of the standard workweek of 40 hours without paying overtime wages required by the Contract Work Hours and Safety Standards statute (found at 40 U.S.C. chapter 37). In accordance with the Federal Civil Penalties Inflation Adjustment Act of 1990 (28 U.S.C. 2461 Note), the Department of Labor adjusts this civil monetary penalty for inflation no later than January 15 each year.

(c) *Withholding for unpaid wages and liquidated damages.* The Contracting Officer will withhold from payments due under the contract sufficient funds required to satisfy any Contractor or subcontractor liabilities for unpaid wages and liquidated damages. If amounts withheld under the contract are insufficient to satisfy Contractor or subcontractor liabilities, the Contracting Officer will withhold payments from other Federal or Federally assisted contracts held by the same Contractor that are subject to the Contract Work Hours and Safety Standards statute.

(d) *Payrolls and basic records.* (1) The Contractor and its subcontractors shall maintain payrolls and basic payroll records for all laborers and mechanics working on the contract during the contract and shall make them available to the Government until 3 years after contract completion. The records shall contain the name and address of each employee, social security number, labor classifications, hourly rates of wages paid, daily and weekly number of hours worked, deductions made, and actual wages paid. The records need not duplicate those required for construction work by Department of Labor regulations at 29 CFR 5.5(a)(3) implementing the Construction Wage Rate Requirements statute.

(2) The Contractor and its subcontractors shall allow authorized representatives of the Contracting Officer or the Department of Labor to inspect, copy, or transcribe records maintained under paragraph (d)(1) of this clause. The Contractor or subcontractor also shall allow authorized representatives of the Contracting Officer or Department of Labor to interview employees in the workplace during working hours.

(e) *Subcontracts*. The Contractor shall insert the provisions set forth in paragraphs (a) through (d) of this clause in subcontracts that may require or involve the employment of laborers and mechanics and require subcontractors to include these provisions in any such lower tier subcontracts. The Contractor shall be responsible for compliance by any subcontractor or lower-tier subcontractor with the provisions set forth in paragraphs (a) through (d) of this clause.

SECTION 5.19
EQUAL OPPORTUNITY (SEP 2016) (FAR 52.222-26)

(a) Definition. As used in this clause.

"Compensation" means any payments made to, or on behalf of, an employee or offered to an applicant as remuneration for employment, including but not limited to salary, wages, overtime pay, shift differentials, bonuses, commissions, vacation and holiday pay, allowances, insurance and other benefits, stock options and awards, profit sharing, and retirement.

"Compensation information" means the amount and type of compensation provided to employees or offered to applicants, including, but not limited to, the desire of the Contractor to attract and retain a particular employee for the value the employee is perceived to add to the Contractor's profit or productivity; the availability of employees with like skills in the marketplace; market research about the worth of similar jobs in the relevant marketplace; job analysis, descriptions, and evaluations; salary and pay structures; salary surveys; labor union

agreements; and Contractor decisions, statements and policies related to setting or altering employee compensation.

"Essential job functions" means the fundamental job duties of the employment position an individual holds. A job function may be considered essential if–

(1) The access to compensation information is necessary in order to perform that function or another routinely assigned business task; or

(2) The function or duties of the position include protecting and maintaining the privacy of employee personnel records, including compensation information.

"Gender identity" has the meaning given by the Department of Labor's Office of Federal Contract Compliance Programs, and is found at www.dol.gov/ofccp/LGBT/LGBT_FAQs.html.

"Sexual orientation" has the meaning given by the Department of Labor's Office of Federal Contract Compliance Programs, and is found at www.dol.gov/ofccp/LGBT/LGBT_FAQs.html.

"United States,", means the 50 States, the District of Columbia, Puerto Rico, the Northern Mariana Islands, American Samoa, Guam, the U.S. Virgin Islands, and Wake Island.

(b)(1) If, during any 12-month period (including the 12 months preceding the award of this contract), the Contractor has been or is awarded nonexempt Federal contracts and/or subcontracts that have an aggregate value in excess of $10,000, the Contractor shall comply with this clause, except for work performed outside the United States by employees who were not recruited within the United States. Upon request, the Contractor shall provide information necessary to determine the applicability of this clause.

(2) If the Contractor is a religious corporation, association, educational institution, or society, the requirements of this clause do not apply with respect to the employment of individuals of a particular religion to perform work connected with the carrying on of the Contractor's activities (41 CFR 60-1.5).

(c)(1) The Contractor shall not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. However, it shall not be a violation of this clause for the Contractor to extend a publicly announced preference in employment to Indians living on or near an Indian reservation, in connection with employment opportunities on or near an Indian reservation, as permitted by 41 CFR 60-1.5.

(2) The Contractor shall take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, sexual orientation, gender identity or national origin. This shall include, but not be limited to—

(i) Employment;
(ii) Upgrading;
(iii) Demotion;
(iv) Transfer;
(v) Recruitment or recruitment advertising;
(vi) Layoff or termination;
(vii) Rates of pay or other forms of compensation; and
(viii) Selection for training, including apprenticeship.

(3) The Contractor shall post in conspicuous places available to employees and applicants for employment the notices to be provided by the Contracting Officer that explain this clause.

(4) The Contractor shall, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity or national origin.

(5) (i) The Contractor shall not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This prohibition against discrimination does not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the Contractor's legal duty to furnish information.

(ii) The Contractor shall disseminate the prohibition on discrimination in paragraph (c)(5)(i) of this clause, using language prescribed by the Director of the Office of Federal Contract Compliance Programs (OFCCP), to employees and applicants by–

(A) Incorporation into existing employee manuals or handbooks; and

(B) Electronic posting or by posting a copy of the provision in conspicuous places available to employees and applicants for employment.

(6) The Contractor shall send, to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, the notice to be provided by the Contracting Officer advising the labor union or workers' representative of the Contractor's commitments under this clause, and post copies of the notice in conspicuous places available to employees and applicants for employment.

(7) The Contractor shall comply with Executive Order 11246, as amended, and the rules, regulations, and orders of the Secretary of Labor.

(8) The Contractor shall furnish to the contracting agency all information required by Executive Order 11246, as amended, and by the rules, regulations, and orders of the Secretary of Labor. The Contractor shall also file Standard Form 100 (EEO-1), or any successor form, as prescribed in 41 CFR Part 60-1. Unless the Contractor has filed within the 12 months preceding the date of contract award, the Contractor shall, within 30 days after contract award, apply to either the regional Office of Federal Contract Compliance Programs (OFCCP) or the local office of the Equal Employment Opportunity Commission for the necessary forms.

(9) The Contractor shall permit access to its premises, during normal business hours, by the contracting agency or the OFCCP for the purpose of conducting on-site compliance evaluations and complaint investigations. The Contractor shall permit the Government to inspect and copy any books, accounts, records (including computerized records), and other material that may be relevant to the matter under investigation and pertinent to compliance with Executive Order 11246, as amended, and rules and regulations that implement the Executive Order.

(10) If the OFCCP determines that the Contractor is not in compliance with this clause or any rule, regulation, or order of the Secretary of Labor, this contract may be canceled, terminated, or suspended in whole or in part and the Contractor may be declared ineligible for further Government contracts, under the procedures authorized in Executive Order 11246, as amended. In addition, sanctions may be imposed and remedies invoked against the Contractor as

provided in Executive Order 11246, as amended; in the rules, regulations, and orders of the Secretary of Labor; or as otherwise provided by law.

(11) The Contractor shall include the terms and conditions of this clause in every subcontract or purchase order that is not exempted by the rules, regulations, or orders of the Secretary of Labor issued under Executive Order 11246, as amended, so that these terms and conditions will be binding upon each subcontractor or vendor.

(12) The Contractor shall take such action with respect to any subcontract or purchase order as the Contracting Officer may direct as a means of enforcing these terms and conditions, including sanctions for noncompliance, provided, that if the Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of any direction, the Contractor may request the United States to enter into the litigation to protect the interests of the United States.

(d) Notwithstanding any other clause in this contract, disputes relative to this clause will be governed by the procedures in 41 CFR part 60-1.

SECTION 5.20
[RESERVED]

SECTION 5.21
NOTIFICATION OF VISA DENIAL (APR 2015) (FAR 52.222-29)

(a) Definitions. As used in this clause-

"Gender identity" has the meaning given by the Department of Labor's Office of Federal Contract Compliance Programs, and is found at http://www.dol.gov/ofccp/LGBT/LGBT_FAQs.html.

"Sexual orientation" has the meaning given by the Department of Labor's Office of Federal Contract Compliance Programs, and is found at http://www.dol.gov/ofccp/LGBT/LGBT_FAQs.html.

(b) Requirement to notify.

(1) It is a violation of Executive Order 11246 for a Contractor to refuse to employ any applicant or not to assign any person hired in the United States, Puerto Rico, the Northern Mariana Islands, American Samoa, Guam, the U.S. Virgin Islands, or Wake Island on the basis that the individual's race, color, religion, sex, sexual orientation, gender identity or national origin is not compatible with the policies of the country where the work is to be performed or for whom the work will be performed (41 CFR 60-1.10).

(2)The Contractor shall notify the U.S. Department of State, Assistant Secretary, Bureau of Political-Military Affairs (PM), 2201 C Street NW, Room 6212, Washington, DC 20520, and the U.S. Department of Labor, Deputy Assistant Secretary for Federal Contract Compliance, when it has knowledge of any employee or potential employee being denied an entry visa to a country where this contract will be performed, and it believes the denial is attributable to the race, color, religion, sex, sexual orientation, gender identity, or national origin of the employee or potential employee.

SECTION 5.22
EQUAL OPPORTUNITY FOR VETERANS (JUN 2020) (FAR 52.222-35)

(a) *Definitions.* As used in this clause—

"Active duty wartime or campaign badge veteran," "Armed Forces service medal veteran," "disabled veteran," "protected veteran," "qualified disabled veteran," and "recently separated veteran" have the meanings given at Federal Acquisition Regulation (FAR) 22.1301.

(b) *Equal opportunity clause*. The Contractor shall abide by the requirements of the equal opportunity clause at 41 CFR 60-300.5(a), as of March 24, 2014. This clause prohibits discrimination against qualified protected veterans, and requires affirmative action by the Contractor to employ and advance in employment qualified protected veterans.

(c) *Subcontracts.* The Contractor shall insert the terms of this clause in subcontracts valued at or above the threshold specified in FAR 22.1303(a) on the date of subcontract award, unless exempted by rules, regulations, or orders of the Secretary of Labor. The Contractor shall act as specified by the Director, Office of Federal Contract Compliance Programs, to enforce the terms, including action for noncompliance. Such necessary changes in language may be made as shall be appropriate to identify properly the parties and their undertakings.

SECTION 5.23
EQUAL OPPORTUNITY FOR WORKERS WITH DISABILITIES (JUN 2020) (FAR 52.222-36)

(a) *Equal opportunity clause*. The Contractor shall abide by the requirements of the equal opportunity clause at 41 CFR 60-741.5(a), as of March 24, 2014. This clause prohibits discrimination against qualified individuals on the basis of disability, and requires affirmative action by the Contractor to employ and advance in employment qualified individuals with disabilities.

(b) Subcontracts. The Contractor shall include the terms of this clause in every subcontract or purchase order in excess of the threshold specified in Federal Acquisition Regulation (FAR) 22.1408(a) on the date of subcontract award, unless exempted by rules, regulations, or orders of the Secretary, so that such provisions will be binding upon each subcontractor or vendor. The Contractor shall act as specified by the Director, Office of Federal Contract Compliance Programs of the U.S. Department of Labor, to enforce the terms, including action for noncompliance. Such necessary changes in language may be made as shall be appropriate to identify properly the parties and their undertakings.

SECTION 5.24
[RESERVED]

SECTION 5.25
DRUG-FREE WORKPLACE (MAY 2001) (FAR 52.223-6)

(a) Definitions. As used in this clause,

"Controlled substance" means a controlled substance in schedules I through V of section 202 of the Controlled Substances Act (21 U.S.C. 812) and as further defined in regulation at 21 CFR 1308.11-1308.15.

"Conviction" means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes.

"Criminal drug statute" means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, possession or use of any controlled substance.

"Drug-free workplace" means the site(s) for the performance of work done by the Contractor in connection with a specific contract where employees of the Contractor are prohibited from engaging in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance.

"Employee" means an employee of a Contractor directly engaged in the performance of work under a Government contract. Directly engaged is defined to include all direct cost employees and any other Contractor employee who has other than a minimal impact or involvement in contract performance.

"Individual" means an offeror/contractor that has no more than one employee including the offeror/contractor.

(b) The Contractor, if other than an individual, shall - within 30 days after award (unless a longer period is agreed to in writing for contracts of 30 days or more performance duration); or as soon as possible for contracts of less than 30 days performance duration -

(1) Publish a statement notifying its employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the contractor's workplace and specifying the actions that will be taken against employees for violations of such prohibition;

(2) Establish an ongoing drug-free awareness program to inform such employees about-

(i) The dangers of drug abuse in the workplace;

(ii) The contractor's policy of maintaining a drug-free workplace;

(iii) Any available drug counseling, rehabilitation, and employee assistance programs; and

(iv) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace.

(3) Provide all employees engaged in performance of the contract with a copy of the statement required by subparagraph (b)(1) of this clause;

(4) Notify such employees in writing in the statement required by subparagraph (b)(1) of this clause that, as a condition of continued employment on this contract, the employee will -

(i) Abide by the terms of the statement; and

(ii) Notify the employer in writing of the employee's conviction under a criminal drug statute for a violation occurring in the workplace no later than 5 days after such conviction.

(5) Notify the Contracting Officer in writing within 10 days after receiving notice under subdivision (b)(4)(ii) of this clause, from an employee or otherwise receiving actual notice of such conviction. The notice shall include the position title of the employee;

(6) Within 30 days after receiving notice under subdivision (b)(4)(ii) of this clause of a conviction, take one of the following actions with respect to any employee who is convicted of a drug abuse violation occurring in the workplace:

(i) Taking appropriate personnel action against such employee, up to and including termination; or

(ii) Require such employee to satisfactorily participate in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency; and

(7) Make a good faith effort to maintain a drug-free workplace through implementation of subparagraphs (b)(1) through (b)(6) of this clause.

(c) The Contractor, if an individual, agrees by award of the contract or acceptance of a purchase order, not to engage in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance while performing this contract.

(d) In addition to other remedies available to the Government, the Contractor's failure to comply with the requirements of paragraphs (b) or (c) of this clause may, pursuant to FAR 23.506, render the Contractor subject to suspension of contract payments, termination of the contract for default, and suspension or debarment.

SECTION 5.26
[RESERVED]

SECTION 5.27
FEDERAL, STATE, AND LOCAL TAXES (STATE AND LOCAL ADJUSTMENTS) (FEB 2013) (FAR 52.229-4)

(a) As used in this clause-

"After-imposed tax" means any new or increased Federal, State, or local tax or duty, or tax that was excluded on the contract date but whose exclusion was later revoked or amount of exemption reduced during the contract period, other than an excepted tax, on the transactions or property covered by this contract that the Contractor is required to pay or bear as the result of legislative, judicial, or administrative action taking effect after the contract date.

"After-relieved tax" means any amount of Federal, State, or local tax or duty, other than an excepted tax, that would otherwise have been payable on the transactions or property covered by this contract, but which the Contractor is not required to pay or bear, or for which the Contractor obtains a refund or drawback, as the result of legislative, judicial, or administrative action taking effect after the contract date.

"All applicable Federal, State, and local taxes and duties" means all taxes and duties, in effect on the contract date, that the taxing authority is imposing and collecting on the transactions or property covered by this contract.

"Contract date" means the effective date of this contract and, for any modification to this contract, the effective date of the modification.

"Excepted tax" means social security or other employment taxes, net income and franchise taxes, excess profits taxes, capital stock taxes, transportation taxes, unemployment compensation taxes, and property taxes. "Excepted tax" does not include gross income taxes levied on or measured by sales or receipts from sales, property taxes assessed on completed supplies covered by this contract, or any tax assessed on the Contractor's possession of, interest in, or use of property, title to which is in the Government.

"Local taxes" includes taxes imposed by a possession or territory of the United States, Puerto Rico, or the Northern Mariana Islands, if the contract is performed wholly or partly in any of those areas.

(b)(1) Unless otherwise provided in this contract, the contract price includes all applicable Federal, State, and local taxes and duties, except as provided in subparagraph (b)(2)(i) of this clause.

(2) Taxes imposed under 26 U.S.C. 5000C may not be—

(i) Included in the contract price; nor

(ii) Reimbursed.

(c) The contract price shall be increased by the amount of any after-imposed tax, or of any tax or duty specifically excluded from the contract price by a term or condition of this contract that the Contractor is required to pay or bear, including any interest or penalty, if the Contractor

states in writing that the contract price does not include any contingency for such tax and if liability for such tax, interest, or penalty was not incurred through the Contractor's fault, negligence, or failure to follow instructions of the Contracting Officer.

(d) The contract price shall be decreased by the amount of any after-relieved tax. The Government shall be entitled to interest received by the Contractor incident to a refund of taxes to the extent that such interest was earned after the Contractor was paid by the Government for such taxes. The Government shall be entitled to repayment of any penalty refunded to the Contractor to the extent that the penalty was paid by the Government.

(e) The contract price shall be decreased by the amount of any Federal, State, or local tax, other than an excepted tax, that was included in the contract price and that the Contractor is required to pay or bear, or does not obtain a refund of, through the Contractor's fault, negligence, or failure to follow instructions of the Contracting Officer.

(f) No adjustment shall be made in the contract price under this clause unless the amount of the adjustment exceeds $250.

(g) The Contractor shall promptly notify the Contracting Officer of all matters relating to Federal, State, and local taxes and duties that reasonably may be expected to result in either an increase or decrease in the contract price and shall take appropriate action as the Contracting Officer directs. The contract price shall be equitably adjusted to cover the costs of action taken by the Contractor at the direction of the Contracting Officer, including any interest, penalty, and reasonable attorneys' fees.

(h) The Government shall furnish evidence appropriate to establish exemption from any Federal, State, or local tax when-

(1) The Contractor requests such exemption and states in writing that it applies to a tax excluded from the contract price; and

(2) A reasonable basis exists to sustain the exemption.

SECTION 5.28
RESERVED

SECTION 5.29
TAXES - FOREIGN NEGOTIATED BENEFITS CONTRACTS (JAN 1998) (FEHBAR 1652.229-70)

(a) To the extent that this contract provides for performing services outside the United States, its possessions, and Puerto Rico, this clause applies in lieu of any Federal, State, and local taxes clause of the contract.

(b) "Contract date," as used in this clause, means the effective date of this contract or modification.

"Country concerned," as used in this clause, means any country, other than the United States, its possessions, and Puerto Rico, in which expenditures under this contract are made.

"Tax" and "taxes," as used in this clause, include fees and charges for doing business that are levied by the government of the country concerned or by its political subdivisions.

"All applicable taxes and duties," as used in this clause, means all taxes and duties, in effect on the contract date, that the taxing authority is imposing and collecting on the transactions covered by this contract, pursuant to written ruling or regulation in effect on the contract date.

"After-imposed tax," as used in this clause, means any new or increased tax or duty, or tax that was exempted or excluded on the contract date but whose exemption was later revoked or reduced during the contract period, other than excepted tax, on the transactions covered by this contract that the Carrier is required to pay or bear as the result of legislative, judicial, or administrative action taking effect after the contract date.

"After-relieved tax," as used in this clause, means any amount of tax or duty, other than an excepted tax, that would otherwise have been payable on the transactions covered by this contract, but which the Carrier is not required to pay or bear, or for which the Carrier obtains a refund, as the result of legislative, judicial, or administrative action taking effect after the contract date.

"Excepted tax," as used in this clause, means social security or other employment taxes, net income and franchise taxes, excess profits taxes, capital stock taxes, transportation taxes, unemployment compensation taxes, and property taxes. "Excepted tax" does not include gross income taxes levied on or measured by sales or receipts from sales covered by this contract, or any tax assessed on the Carrier's possession of, interest in, or use of property, title to which is in the U.S. Government.

(c) Unless otherwise provided in this contract, the contract price includes all applicable taxes and duties, except taxes and duties that the Government of the United States and the government of the country concerned have agreed shall not be applicable to expenditures in such country by or on behalf of the United States.

(d) The contract price shall be increased by the amount of any after-imposed tax or of any tax or duty specifically excluded from the contract price by a provision of this contract that the Carrier is required to pay or bear, including any interest or penalty, if the Carrier states in writing that the contract price does not include any contingency for such tax and if liability for such tax, interest, or penalty was not incurred through the Carrier's fault, negligence, or failure to follow instructions of the Contracting Officer or to comply with the provisions of paragraph (i) below.

(e) The contract price shall be decreased by the amount of any after-relieved tax, including any interest or penalty. The Government of the United States shall be entitled to interest received by the Carrier incident to a refund of taxes to the extent that such interest was earned after the Carrier was paid by the Government of the United States for such taxes. The Government of the United States shall be entitled to repayment of any penalty refunded to the Carrier to the extent that the penalty was paid by the Government.

(f) The contract price shall be decreased by the amount of any tax or duty, other than an excepted tax, that was included in the contract and that the Carrier is required to pay or bear, or does not obtain a refund of, through the Carrier's fault, negligence, or failure to follow instructions of the Contracting Officer or to comply with the provisions of paragraph (i) below.

(g) No adjustment shall be made in the contract price under this clause unless the amount of the adjustment exceeds $250.

(h) If the Carrier obtains a reduction in tax liability under the United States Internal Revenue Code (Title 26, U.S. Code) because of the payment of any tax or duty that either was included in the contract price or was the basis of an increase in the contract price, the amount of the reduction shall be paid or credited to the Government of the United States as the Contracting Officer directs.

(i) The Carrier shall take all reasonable action to obtain exemption from or refund of any taxes or duties, including interest or penalty, from which the United States Government, the Carrier, any subcontractor, or the transactions covered by this contract are exempt under the laws of the

country concerned or its political subdivisions or which the governments of the United States and of the country concerned have agreed shall not be applicable to expenditures in such country by or on behalf of the United States.

(j) The Carrier shall promptly notify the Contracting Officer of all matters relating to taxes or duties that reasonably may be expected to result in either an increase or decrease in the contract price and shall take appropriate action as the Contracting Officer directs. The contract price shall be equitably adjusted to cover the costs of action taken by the Carrier at the direction of the Contracting Officer, including any interest, penalty, and reasonable attorneys' fees.

SECTION 5.30
[RESERVED]

SECTION 5.31
[RESERVED]

SECTION 5.32
[RESERVED]

SECTION 5.33
DISCOUNTS FOR PROMPT PAYMENT (FEB 2002) (FAR 52.232-8)

(a) Discounts for prompt payment will not be considered in the evaluation of offers. However, any offered discount will form a part of the award, and will be taken if payment is made within the discount period indicated in the offer by the offeror. As an alternative to offering a discount for prompt payment in conjunction with the offer, offerors awarded contracts may include discounts for prompt payment on individual invoices.

(b) In connection with any discount offered for prompt payment, time shall be computed from the date of the invoice. If the Contractor has not placed a date on the invoice, the due date shall be calculated from the date the designated billing office receives a proper invoice, provided the agency annotates such invoice with the date of receipt at the time of receipt. For the purpose of computing the discount earned, payment shall be considered to have been made on the date that appears on the payment check or, for an electronic funds transfer, the specified payment date. When the discount date falls on a Saturday, Sunday, or legal holiday when Federal Government offices are closed and Government business is not expected to be conducted, payment may be made on the following business day.

SECTION 5.34
INTEREST (MAY 2014) (FAR 52.232-17)

(a) Except as otherwise provided in this contract under a Price Reduction for Defective Certified Cost or Pricing Data clause or a Cost Accounting Standards clause, all amounts that become payable by the Contractor to the Government under this contract shall bear simple interest from the date due until paid unless paid within 30 days of becoming due. The interest rate shall be the interest rate established by the Secretary of the Treasury as provided in 41 U.S.C. 7109, which is applicable to the period in which the amount becomes due, as provided in

paragraph (e) of this clause, and then at the rate applicable for each six-month period as fixed by the Secretary until the amount is paid.

(b) The Government may issue a demand for payment to the Contractor upon finding a debt is due under the contract.

(c) Final Decisions. The Contracting Officer will issue a final decision as required by 33.211 if—

(1) The Contracting Officer and the Contractor are unable to reach agreement on the existence or amount of a debt in a timely manner;

(2) The Contractor fails to liquidate a debt previously demanded by the Contracting Officer within the timeline specified in the demand for payment unless the amounts were not repaid because the Contractor has requested an installment payment agreement; or

(3) The Contractor requests a deferment of collection on a debt previously demanded by the Contracting Officer (see 32.607-2).

(d) If a demand for payment was previously issued for the debt, the demand for payment included in the final decision shall identify the same due date as the original demand for payment.

(e) Amounts shall be due at the earliest of the following dates:

(1) The date fixed under this contract.

(2) The date of the first written demand for payment, including any demand for payment resulting from a default termination.

(f) The interest charge shall be computed for the actual number of calendar days involved beginning on the due date and ending on—

(1) The date on which the designated office receives payment from the Contractor;

(2) The date of issuance of a Government check to the Contractor from which an amount otherwise payable has been withheld as a credit against the contract debt; or

(3) The date on which an amount withheld and applied to the contract debt would otherwise have become payable to the Contractor.

(g) The interest charge made under this clause may be reduced under the procedures prescribed in 32.608-2 of the Federal Acquisition Regulation in effect on the date of this contract.

SECTION 5.35
ASSIGNMENT OF CLAIMS (MAY 2014) (FAR 52.232-23)

(a) The Contractor, under the Assignment of Claims Act, as amended, 31 U.S.C. 3727, 41 U.S.C. 6305 (hereafter referred to as "the Act"), may assign its rights to be paid amounts due or to become due as a result of the performance of this contract to a bank, trust company, or other financing institution, including any Federal lending agency. The assignee under such an assignment may thereafter further assign or reassign its right under the original assignment to any type of financing institution described in the preceding sentence.

(b) Any assignment or reassignment authorized under the Act and this clause shall cover all unpaid amounts payable under this contract, and shall not be made to more than one party, except that an assignment or reassignment may be made to one party as agent or trustee for two or more parties participating in the financing of this contract.

(c) The Contractor shall not furnish or disclose to any assignee under this contract any classified document (including this contract) or information related to work under this contract until the Contracting Officer authorizes such action in writing.

SECTION 5.36
DISPUTES (MAY 2014) (FAR 52.233-1)

(a) This contract is subject to 41 U.S.C chapter 71, Contract Disputes.

(b) Except as provided in 41 U.S.C chapter 71, all disputes arising under or relating to this contract shall be resolved under this clause.

(c) "Claim," as used in this clause, means a written demand or written assertion by one of the contracting parties seeking, as a matter of right, the payment of money in a sum certain, the adjustment or interpretation of contract terms, or other relief arising under or relating to this contract. However, a written demand or written assertion by the Contractor seeking the payment of money exceeding $100,000 is not a claim under 41 U.S.C chapter 71 until certified. A voucher, invoice, or other routine request for payment that is not in dispute when submitted is not a claim under 41 U.S.C chapter 71. The submission may be converted to a claim under 41 U.S.C chapter 71, by complying with the submission and certification requirements of this clause, if it is disputed either as to liability or amount or is not acted upon in a reasonable time.

(d)(1) A claim by the Contractor shall be made in writing and, unless otherwise stated in this contract, submitted within 6 years after accrual of the claim to the Contracting Officer for a written decision. A claim by the Government against the Contractor shall be subject to a written decision by the Contracting Officer.

(2)(i) The Contractor shall provide the certification specified in paragraph (d)(2)(iii) of this clause when submitting any claim exceeding $100,000.

(ii) The certification requirement does not apply to issues in controversy that have not been submitted as all or part of a claim.

(iii) The certification shall state as follows: "I certify that the claim is made in good faith; that the supporting data are accurate and complete to the best of my knowledge and belief; that the amount requested accurately reflects the contract adjustment for which the Contractor believes the Government is liable; and that I am authorized to certify the claim on behalf of the Contractor."

(3) The certification may be executed by any person authorized to bind the Contractor with respect to the claim.

(e) For Contractor claims of $100,000 or less, the Contracting Officer must, if requested in writing by the Contractor, render a decision within 60 days of the request. For Contractor-certified claims over $100,000, the Contracting Officer must, within 60 days, decide the claim or notify the Contractor of the date by which the decision will be made.

(f) The Contracting Officer's decision shall be final unless the Contractor appeals or files a suit as provided in 41 U.S.C chapter 71.

(g) If the claim by the Contractor is submitted to the Contracting Officer or a claim by the Government is presented to the Contractor, the parties, by mutual consent, may agree to use alternative dispute resolution (ADR). If the Contractor refuses an offer for ADR, the Contractor shall inform the Contracting Officer, in writing, of the Contractor's specific reasons for rejecting the offer.

(h) The Government shall pay interest on the amount found due and unpaid from (1) the date that the Contracting Officer receives the claim (certified, if required); or (2) the date that payment otherwise would be due, if that date is later, until the date of payment. With regard to claims having defective certifications, as defined in FAR 33.201, interest shall be paid from the date that the Contracting Officer initially receives the claim. Simple interest on claims shall be paid at the rate, fixed by the Secretary of the Treasury as provided in the Act, which is applicable to the period during which the Contracting Officer receives the claim and then at the rate applicable for each 6-month period as fixed by the Treasury Secretary during the pendency of the claim.

(i) The Contractor shall proceed diligently with performance of this contract, pending final resolution of any request for relief, claim, appeal, or action arising under the contract, and comply with any decision of the Contracting Officer.

SECTION 5.37
NOTICE OF INTENT TO DISALLOW COSTS (APR 1984) (FAR 52.242-1)

(a) Notwithstanding any other clause of this contract--

(1) The Contracting Officer may at any time issue to the Contractor a written notice of intent to disallow specified costs incurred or planned for incurrence under this contract that have been determined not to be allowable under the contract terms; and

(2) The Contractor may, after receiving a notice under subparagraph (1) above, submit a written response to the Contracting Officer, with justification for allowance of the costs. If the Contractor does respond within 60 days, the Contracting Officer shall, within 60 days of receiving the response, either make a written withdrawal of the notice or issue a written decision.

(b) Failure to issue a notice under this Notice of Intent to Disallow Costs clause shall not affect the Government's right to take exception to incurred costs.

SECTION 5.38
CHANGES--NEGOTIATED BENEFITS CONTRACTS (JAN 1998) (FEHBAR 1652.243-70)

(a) The Contracting Officer may at any time, by written order, and without notice to the sureties, if any, make changes within the general scope of this contract in any one or more of the following:

(1) Description of services to be performed.

(2) Time of performance (i.e., hours of the day, days of the week, etc.).

(3) Place of performance of the services.

(b) If any such change causes an increase or decrease in the cost of, or the time required for, performance of any part of the work under this contract, whether or not changed by the order, the Contracting Officer shall make an equitable adjustment in the contract price, the delivery schedule, or both, and shall modify the contract.

(c) The Carrier must assert its right to an adjustment under this clause within 30 days from the date of receipt of the written order. However, if the Contracting Officer decides that the facts justify it, the Contracting Officer may receive and act upon a proposal submitted before final payment of the contract.

(d) Failure to agree to any adjustment shall be a dispute under the Disputes clause. However, nothing in this clause shall excuse the Carrier from proceeding with the contract as changed.

SECTION 5.39
COMPETITION IN SUBCONTRACTING (DEC 1996) (FAR 52.244-5)

(a) The Contractor shall select subcontractors (including suppliers) on a competitive basis to the maximum practical extent consistent with the objectives and requirements of the contract.
(b) If the Contractor is an approved mentor under the Department of Defense Pilot Mentor-Protègè Program (Pub. L. 101-510, section 831 as amended), the Contractor may award subcontracts under this contract on a noncompetitive basis to its protègès.

SECTION 5.40
GOVERNMENT PROPERTY (NEGOTIATED BENEFITS CONTRACTS) (JAN 1998) (FEHBAR 1652.245-70)

(a) Government-furnished property. (1) The Government shall deliver to the Carrier, for use in connection with and under the terms of this contract, the Government-furnished property described in this contract together with any related data and information that the Carrier may request and is reasonably required for the intended use of the property (hereinafter referred to as "Government-furnished property").
(2) The delivery or performance dates for this contract are based upon the expectation that Government-furnished property suitable for use (except for property furnished "as-is") will be delivered to the Carrier at the times stated in this contract or, if not so stated, in sufficient time to enable the Carrier to meet the contract's performance dates.
(3) If Government-furnished property is received by the Carrier in a condition not suitable for the intended use, the Carrier shall, upon receipt of it, notify the Contracting Officer, detailing the facts, and, as directed by the Contracting Officer and at Government expense, either repair, modify, return, or otherwise dispose of the property. After completing the directed action and upon written request of the Carrier, the Contracting Officer shall make an equitable adjustment as provided in paragraph (h) of this clause.
(b) Changes in Government-furnished property. (1) The Contracting Officer may, by written notice, (i) decrease the Government-furnished property provided or to be provided under this contract, or (ii) substitute other Government-furnished property for the property to be provided by the Government, or to be acquired by the Carrier for the Government, under this contract. The Carrier shall promptly take such action as the Contracting Officer may direct regarding the removal, shipment, or disposal of the property covered by such notice.
(2) Upon the Carrier's written request, the Contracting Officer shall make an equitable adjustment to the contract in accordance with paragraph (h) of this clause, if the Government has agreed in this contract to make the property available for performing this contract and there is any -
(i) Decrease or substitution in this property pursuant to subparagraph (b)(1) above; or
(ii) Withdrawal of authority to use this property, if provided under any other contract or lease.
(c) Title in Government property. (1) The Government shall retain title to all Government-furnished property.
(2) All Government-furnished property and all property acquired by the Carrier, title to which vests in the Government under this paragraph (collectively referred to as "Government property"), are subject to the provisions of this clause. Title to Government property shall not be

affected by its incorporation into or attachment to any property not owned by the Government, nor shall Government property become a fixture or lose its identity as personal property by being attached to any real property.

(d) Use of Government property. The Government property shall be used only for performing this contract, unless otherwise provided in this contract or approved by the Contracting Officer.

(e) Property administration. (1) The Carrier shall be responsible and accountable for all Government property provided under this contract and shall comply with Federal Acquisition Regulation (FAR) subpart 45.5, as in effect on the date of this contract.

(2) The Carrier shall establish and maintain a program for the use, maintenance, repair, protection, and preservation of Government property in accordance with sound industrial practice and the applicable provisions of subpart 45.5 of the FAR.

(3) If damage occurs to Government property, the risk of which has been assumed by the Government under this contract, the Government shall replace the items or the Carrier shall make such repairs as the Government directs. However, if the Carrier cannot effect such repairs within the time required, the Carrier shall dispose of the property as directed by the Contracting Officer. When any property for which the Government is responsible is replaced or repaired, the Contracting Officer shall make an equitable adjustment in accordance with paragraph (h) of this clause.

(4) The Carrier represents that the contract price does not include any amount for repairs or replacement for which the Government is responsible. Repair or replacement of property for which the Carrier is responsible shall be accomplished by the Carrier at its own expense.

(f) Access. The Government and all its designees shall have access at all reasonable times to the premises in which any Government property is located for the purpose of inspecting the Government property.

(g) Risk of loss. Unless otherwise provided in this contract, the Carrier assumes the risk of, and shall be responsible for, any loss or destruction of, or damage to, Government property upon its delivery to the Carrier. However, the Carrier is not responsible for reasonable wear and tear to Government property or for Government property properly consumed in performing this contract.

(h) Equitable adjustment. When this clause specifies an equitable adjustment, it shall be made to any affected contract provision in accordance with the procedures of the Changes clause. When appropriate, the Contracting Officer may initiate an equitable adjustment in favor of the Government. The right to an equitable adjustment shall be the Carrier's exclusive remedy. The Government shall not be liable to suit for breach of contract for --

(1) Any delay in delivery of Government-furnished property;

(2) Delivery of Government-furnished property in a condition not suitable for its intended use;

(3) A decrease in or substitution of Government-furnished property; or

(4) Failure to repair or replace Government property for which the Government is responsible.

(i) Final accounting and disposition of Government property. Upon completing this contract, or at such earlier dates as may be fixed by the Contracting Officer, the Carrier shall submit, in a form acceptable to the Contracting Officer, inventory schedules covering all items of Government property (including any resulting scrap) not consumed in performing this contract or delivered to the Government. The Carrier shall prepare for shipment, deliver f.o.b. origin, or dispose of the Government property as may be directed or authorized by the Contracting Officer. The net proceeds of any such disposal shall be credited to the contract price or shall be paid to the Government as the Contracting Officer directs.

(j) Abandonment and restoration of Carrier's premises. Unless otherwise provided herein, the Government -

(1) May abandon any Government property in place, at which time all obligations of the Government regarding such abandoned property shall cease; and

(2) Has no obligation to restore or rehabilitate the Carrier's premises under any circumstances (e.g., abandonment, disposition upon completion of need, or upon contract completion). However, if the Government-furnished property is withdrawn or is unsuitable for the intended use, or if other Government property is substituted, then the equitable adjustment under paragraph (h) of this clause may properly include restoration or rehabilitation costs.

(k) Communications. All communications under this clause shall be in writing.

(l) Overseas contracts. If this contract is to be performed outside of the United States of America, its territories, or possessions, the words "Government" and "Government- furnished" (wherever they appear in this clause) shall be construed as "United States Government" and "United States Government-furnished", respectively.

SECTION 5.41
LIMITATION OF LIABILITY -- SERVICES (FEB 1997) (FAR 52.246-25)

(a) Except as provided in paragraphs (b) and (c) below, and except to the extent that the Contractor is expressly responsible under this contract for deficiencies in the services required to be performed under it (including any materials furnished in conjunction with those services), the Contractor shall not be liable for loss of or damage to property of the Government that (1) occurs after Government acceptance of services performed under this contract and (2) results from any defects or deficiencies in the services performed or materials furnished.

(b) The limitation of liability under paragraph (a) above shall not apply when a defect or deficiency in, or the Government's acceptance of, services performed or materials furnished results from willful misconduct or lack of good faith on the part of any of the Contractor's managerial personnel. The term Contractor's managerial personnel, as used in this clause, means the Contractor's directors, officers, and any of the Contractor's managers, superintendents, or equivalent representatives who have supervision or direction of --

(1) All or substantially all of the Contractor's business;

(2) All or substantially all of the Contractor's operations at any one plant, laboratory, or separate location at which the contract is being performed; or

(3) A separate and complete major industrial operation connected with the performance of this contract.

(c) If the Contractor carries insurance, or has established a reserve for self-insurance, covering liability for loss or damage suffered by the Government through the Contractor's performance of services or furnishing of materials under this contract, the Contractor shall be liable to the Government, to the extent of such insurance or reserve, for loss of or damage to property of the Government occurring after Government acceptance of, and resulting from any defects and deficiencies in, services performed or materials furnished under this contract.

SECTION 5.42
PREFERENCE FOR U.S.-FLAG AIR CARRIERS (JUN 2003) (FAR 52.247-63)

(a) *Definitions*. As used in this clause-

"International air transportation" means transportation by air between a place in the United States and a place outside the United States or between two places both of which are outside the United States.

"United States" means the 50 States, the District of Columbia, and outlying areas.

"U.S.-flag air Carrier" means an air Carrier holding a certificate under 49 U.S.C. Chapter 411.

(b) Section 5 of the International Air Transportation Fair Competitive Practices Act of 1974 (49 U.S.C. 40118) (Fly America Act) requires that all Federal agencies and Government contractors and subcontractors use U.S.-flag air Carriers for U.S. Government-financed international air transportation of personnel (and their personal effects) or property, to the extent that service by those Carriers is available. It requires the Comptroller General of the United States, in the absence of satisfactory proof of the necessity for foreign-flag air transportation, to disallow expenditures from funds, appropriated or otherwise established for the account of the United States, for international air transportation secured aboard a foreign-flag air Carrier if a U.S.-flag air Carrier is available to provide such services.
(c) If available, the Contractor, in performing work under this contract, shall use U.S.-flag Carriers for international air transportation of personnel (and their personal effects) or property.
(d) In the event that the Contractor selects a Carrier other than a U.S.-flag air Carrier for international air transportation, the Contractor shall include a statement on vouchers involving such transportation essentially as follows:

STATEMENT OF UNAVAILABILITY OF U.S.-FLAG AIR CARRIERS
International air transportation of persons (and their personal effects) or property by U.S.-flag air Carrier was not available or it was necessary to use foreign-flag air Carrier service for the following reasons (see section 47.403 of the Federal Acquisition Regulation):
(State reasons):
(End of statement)
(e) The Contractor shall include the substance of this clause, including this paragraph (e), in each subcontract or purchase under this contract that may involve international air transportation.

SECTION 5.43
GOVERNMENT SUPPLY SOURCES (APR 2012) (FAR 52.251-1)

The Contracting Officer may issue the Contractor an authorization to use Government supply sources in the performance of this contract. Title to all property acquired by the Contractor under such an authorization shall vest in the Government unless otherwise specified in the contract. The provisions of the clause at FAR 52.245–1, Government Property, apply to all property acquired under such authorization.

SECTION 5.44
AUTHORIZED DEVIATIONS IN CLAUSES (APR 1984) (FAR 52.252-6)

(a) The use in this solicitation or contract of any Federal Acquisition Regulation (48 CFR Chapter 1) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the date of the clause.

(b) The use in this solicitation or contract of any Federal Employees Health Benefits Acquisition Regulation (48 CFR Chapter 16) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the name of the regulation.

SECTION 5.45
LIMITATION ON PAYMENTS TO INFLUENCE CERTAIN FEDERAL TRANSACTIONS (JUN 2020) (FAR 52.203-12)

(a) *Definitions*. As used in this clause—

"Agency" means "executive agency" as defined in Federal Acquisition Regulation (FAR) 2.101.

"Covered Federal action" means any of the following actions:

(1) Awarding any Federal contract.

(2) Making any Federal grant.

(3) Making any Federal loan.

(4) Entering into any cooperative agreement.

(5) Extending, continuing, renewing, amending, or modifying any Federal contract, grant, loan, or cooperative agreement.

"Indian tribe" and "tribal organization" have the meaning provided in section 4 of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450b) and include Alaskan Natives.

"Influencing or attempting to influence" means making, with the intent to influence, any communication to or appearance before an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with any covered Federal action.

"Local government" means a unit of government in a State and, if chartered, established, or otherwise recognized by a State for the performance of a governmental duty, including a local public authority, a special district, an intrastate district, a council of governments, a sponsor group representative organization, and any other instrumentality of a local government.

"Officer or employee of an agency" includes the following individuals who are employed by an agency:

(1) An individual who is appointed to a position in the Government under Title 5, United States Code, including a position under a temporary appointment.

(2) A member of the uniformed services, as defined in subsection 101(3), Title 37, United States Code.

(3) A special Government employee, as defined in section 202, Title 18, United States Code.

(4) An individual who is a member of a Federal advisory committee, as defined by the Federal Advisory Committee Act, Title 5, United States Code, appendix 2.

"Person" means an individual, corporation, company, association, authority, firm, partnership, society, State, and local government, regardless of whether such entity is operated for profit, or not for profit. This term excludes an Indian tribe, tribal organization, or any other Indian organization eligible to receive Federal contracts, grants, cooperative agreements, or loans from

an agency, but only with respect to expenditures by such tribe or organization that are made for purposes specified in paragraph (b) of this clause and are permitted by other Federal law.

"Reasonable compensation" means, with respect to a regularly employed officer or employee of any person, compensation that is consistent with the normal compensation for such officer or employee for work that is not furnished to, not funded by, or not furnished in cooperation with the Federal Government.

"Reasonable payment" means, with respect to professional and other technical services, a payment in an amount that is consistent with the amount normally paid for such services in the private sector.

"Recipient" includes the Contractor and all subcontractors. This term excludes an Indian tribe, tribal organization, or any other Indian organization eligible to receive Federal contracts, grants, cooperative agreements, or loans from an agency, but only with respect to expenditures by such tribe or organization that are made for purposes specified in paragraph (b) of this clause and *are* permitted by other Federal law.

"Regularly employed" means, with respect to an officer or employee of a person requesting or receiving a Federal contract, an officer or employee who is employed by such person for at least 130 working days within 1 year immediately preceding the date of the submission that initiates agency consideration of such person for receipt of such contract. An officer or employee who is employed by such person for less than 130 working days within 1 year immediately preceding the date of the submission that initiates agency consideration of such person shall be considered to be regularly employed as soon as he or she is employed by such person for 130 working days.

"State" means a State of the United States, the District of Columbia, or an outlying area of the United States, an agency or instrumentality of a State, and multi-State, regional, or interstate entity having governmental duties and powers.

(b) *Prohibition*. 31 U.S.C. 1352 prohibits a recipient of a Federal contract, grant, loan, or cooperative agreement from using appropriated funds to pay any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with any covered Federal actions. In accordance with 31 U.S.C. 1352 the Contractor shall not use appropriated funds to pay any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the award of this contractor the extension, continuation, renewal, amendment, or modification of this contract.

(1) The term *appropriated funds* does not include profit or fee from a covered Federal action.

(2) To the extent the Contractor can demonstrate that the Contractor has sufficient monies, other than Federal appropriated funds, the Government will assume that these other monies were spent for any influencing activities that would be unallowable if paid for with Federal appropriated funds.

(c) *Exceptions*. The prohibition in paragraph (b) of this clause does not apply under the following conditions:

(1) *Agency and legislative liaison by Contractor employees*.

(i) Payment of reasonable compensation made to an officer or employee of the Contractor if the payment is for agency and legislative liaison activities not directly related to this contract. For purposes of this paragraph, providing any information specifically requested by an agency or Congress is permitted at any time.

(ii) Participating with an agency in discussions that are not related to a specific solicitation for any covered Federal action, but that concern—

(A) The qualities and characteristics (including individual demonstrations) of the person's products or services, conditions or terms of sale, and service capabilities; or

(B) The application or adaptation of the person's products or services for an agency's use.

(iii) Providing prior to formal solicitation of any covered Federal action any information not specifically requested but necessary for an agency to make an informed decision about initiation of a covered Federal action;

(iv) Participating in technical discussions regarding the preparation of an unsolicited proposal prior to its official submission; and

(v) Making capability presentations prior to formal solicitation of any covered Federal action by persons seeking awards from an agency pursuant to the provisions of the Small Business Act, as amended by Pub. L. 95-507, and subsequent amendments.

(2) *Professional and technical services*.

(i) A payment of reasonable compensation made to an officer or employee of a person requesting or receiving a covered Federal action or an extension, continuation, renewal, amendment, or modification of a covered Federal action, if payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal action or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal action.

(ii) Any reasonable payment to a person, other than an officer or employee of a person requesting or receiving a covered Federal action or an extension, continuation, renewal, amendment, or modification of a covered Federal action if the payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal action or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal action. Persons other than officers or employees of a person requesting or receiving a covered Federal action include consultants and trade associations.

(iii) As used in paragraph (c)(2) of this clause, "professional and technical services" are limited to advice and analysis directly applying any professional or technical discipline (for examples, see FAR 3.803(a)(2)(iii)).

(iv) Requirements imposed by or pursuant to law as a condition for receiving a covered Federal award include those required by law or regulation and any other requirements in the actual award documents.

(3) Only those communications and services expressly authorized by paragraphs (c)(1) and (2) of this clause are permitted.

(d) *Disclosure*.

(1) If the Contractor did not submit OMB Standard Form LLL, Disclosure of Lobbying Activities, with its offer, but registrants under the Lobbying Disclosure Act of 1995 have subsequently made a lobbying contact on behalf of the Contractor with respect to this contract, the Contractor shall complete and submit OMB Standard Form LLL to provide the name of the lobbying registrants, including the individuals performing the services.

(2) If the Contractor did submit OMB Standard Form LLL disclosure pursuant to paragraph (d) of the provision at FAR 52.203-11, Certification and Disclosure Regarding Payments to Influence Certain Federal Transactions, and a change occurs that affects Block 10 of the OMB

Standard Form LLL (name and address of lobbying registrant or individuals performing services), the Contractor shall, at the end of the calendar quarter in which the change occurs, submit to the Contracting Officer within 30 days an updated disclosure using OMB Standard Form LLL.

(e) *Penalties*.

(1) Any person who makes an expenditure prohibited under paragraph (b) of this clause or who fails to file or amend the disclosure to be filed or amended by paragraph (d) of this clause shall be subject to civil penalties as provided for by 31 U.S.C. 1352. An imposition of a civil penalty does not prevent the Government from seeking any other remedy that may be applicable.

(2) Contractors may rely without liability on the representation made by their subcontractors in the certification and disclosure form.

(f) *Cost allowability*. Nothing in this clause makes allowable or reasonable any costs which would otherwise be unallowable or unreasonable. Conversely, costs made specifically unallowable by the requirements in this clause will not be made allowable under any other provision.

(g) *Subcontracts*.

(1) The Contractor shall obtain a declaration, including the certification and disclosure in paragraphs (c) and (d) of the provision at FAR 52.203–11, Certification and Disclosure Regarding Payments to Influence Certain Federal Transactions, from each person requesting or receiving a subcontract under this contract that exceeds the threshold specified in FAR 3.808 on the date of subcontract award.The Contractor or subcontractor that awards the subcontract shall retain the declaration.

(2) A copy of each subcontractor disclosure form (but not certifications) shall be forwarded from tier to tier until received by the prime Contractor. The prime Contractor shall, at the end of the calendar quarter in which the disclosure form is submitted by the subcontractor, submit to the Contracting Officer within 30 days a copy of all disclosures. Each subcontractor certification shall be retained in the subcontract file of the awarding Contractor.

(3) The Contractor shall include the substance of this clause, including this paragraph (g), in any subcontract that exceeds the threshold specified in FAR 3.808 on the date of subcontract award.

SECTION 5.46
[RESERVED]

SECTION 5.47
PROTECTING THE GOVERNMENT'S INTEREST WHEN SUBCONTRACTING WITH CONTRACTORS DEBARRED, SUSPENDED OR PROPOSED FOR DEBARMENT (JUN 2020) (FAR 52.209-6)

(a) Definition. “Commercially available off-the-shelf (COTS)” item, as used in this clause—

(1) Means any item of supply (including construction material) that is—

(i) A commercial item (as defined in paragraph (1) of the definition in Federal Acquisition Regulation (FAR) 2.101);

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

(b) The Government suspends or debars Contractors to protect the Government's interests. Other than a subcontract for a commercially available off-the-shelf item, the Contractor shall not enter into any subcontract, in excess of the threshold specified in FAR 9.405-2(b) on date of subcontract award with a Contractor that is debarred, suspended, or proposed for debarment by any executive agency unless there is a compelling reason to do so.

(c) The Contractor shall require each proposed subcontractor whose subcontract will exceed the threshold specified in FAR 9.405-2(b) on the date of the subcontract award, other than a subcontractor providing a commercially available off-the-shelf item, to disclose to the Contractor, in writing, whether as of the time of award of the subcontract, the subcontractor, or its principals, is or is not debarred, suspended, or proposed for debarment by the Federal Government.

(d) A corporate officer or a designee of the Contractor shall notify the Contracting Officer, in writing, before entering into a subcontract with a party (other than a subcontractor providing a commercially available off-the-shelf item) that is debarred, suspended, or proposed for debarment (see FAR 9.404 for information on the System for Award Management (SAM) Exclusions). The notice must include the following:

(1) The name of the subcontractor.

(2) The Contractor's knowledge of the reasons for the subcontractor being listed with an exclusion in SAM.

(3) The compelling reason(s) for doing business with the subcontractor notwithstanding its being listed with an exclusion in SAM.

(4) The systems and procedures the Contractor has established to ensure that it is fully protecting the Government's interests when dealing with such subcontractor in view of the specific basis for the party's debarment, suspension, or proposed debarment.

(e) Subcontracts. Unless this is a contract for the acquisition of commercial items, the Contractor shall include the requirements of this clause, including this paragraph (e) (appropriately modified for the identification of the parties), in each subcontract that—

(1) Exceeds the threshold specified in FAR 9.405-2(b) on the date of subcontract award; and

(2) Is not a subcontract for commercially available off-the-shelf items.

SECTION 5.48
BANKRUPTCY (JUL 1995) (FAR 52.242-13)

In the event the Contractor enters into proceedings relating to bankruptcy, whether voluntary or involuntary, the Contractor agrees to furnish, by certified mail or electronic commerce method authorized by the contract, written notification of the bankruptcy to the Contracting Office responsible for administering the contract. This notification shall be furnished within five days of the initiation of the proceedings relating to bankruptcy filing. This notification shall include the date on which the bankruptcy petition was filed, the identity of the court in which the bankruptcy petition was filed, and a listing of Government contract numbers and contracting

offices for all Government contracts against which final payment has not been made. This obligation remains in effect until final payment under this contract.

SECTION 5.49
FEHBP TERMINATION FOR CONVENIENCE OF THE GOVERNMENT--NEGOTIATED BENEFITS CONTRACTS (JAN 1998) (FEHBAR 1652.249-71)

(a) The Government may terminate performance of work under this contract in whole or, from time to time, in part if the Contracting Officer determines that a termination is in the Government's interest. The Contracting Officer shall terminate by delivering to the Carrier a Notice of Termination specifying the extent of terminating and the effective date.

(b) After receipt of a Notice of Termination, and except as directed by the Contracting Officer, the Carrier shall immediately proceed with the following obligations, regardless of any delay in determining or adjusting any amounts due under this clause:

(1) Stop work as specified in the notice.

(2) Place no further subcontracts except as necessary to complete the continued portion of the contract.

(3) Terminate all subcontracts to the extent they relate to the work terminated.

(4) Assign to the Government, as directed by the Contracting Officer, all right, title, and interest of the Carrier under the subcontracts terminated, in which case the Government shall have the right to settle or to pay any termination settlement proposal arising out of those terminations.

(5) With approval or ratification to the extent required by the Contracting Officer, settle all outstanding liabilities and termination settlement proposals arising from the termination of subcontracts; the approval or ratification will be final for purposes of this clause.

(6) As directed by the Contracting Officer, deliver to the Government any data, reports, or studies that, if the contract had been completed, would be required to be furnished to the Government.

(7) Complete performance of the work not terminated.

(c) After termination, the Carrier shall submit a final termination settlement proposal to the Contracting Officer in the form and with the certification prescribed by the Contracting Officer. The Carrier shall submit the proposal promptly, but no later than 1 year from the effective date of termination, unless extended in writing by the Contracting Officer upon written request of the Carrier within this 1-year period. However, if the Contracting Officer determines that the facts justify it, a termination settlement proposal may be received and acted on after 1 year or any extension. If the Carrier fails to submit the proposal within the time allowed, the Contracting Officer may determine, on the basis of information available, the amount, if any, due the Carrier because of the termination and shall pay the amount determined.

(d) Subject to paragraph (c) of this clause, the Carrier and the Contracting Officer may agree upon the whole or any part of the amount to be paid or remaining to be paid because of the termination. The amount may include a reasonable allowance for profit on work done. However, the agreed amount, whether under this paragraph (d) or paragraph (e) of this clause, exclusive of costs shown in subparagraph (e)(3) of this clause, may not exceed the total contract price as reduced by (1) the amount of payments previously made and (2) the contract price of work not terminated. The contract shall be modified, and the Carrier paid the agreed amount.

Paragraph (e) of this clause shall not limit, restrict, or affect the amount that may be agreed upon to be paid under this paragraph.

(e) If the Carrier and the Contracting Officer fail to agree on the whole amount to be paid because of the termination of work, the Contracting Officer shall pay the Carrier the amounts determined by the Contracting Officer as follows, but without duplication of any amounts agreed on under paragraph (d) above:

(1) The contract price for completed services accepted by the Government not previously paid for.

(2) The total of--

(i) The costs incurred in the performance of the work terminated, including initial costs and preparatory expense allocable thereto, but excluding any costs attributable to services paid or to be paid under paragraph (e)(1) of this clause;

(ii) The cost of settling and paying termination settlement proposals under terminated subcontracts that are properly chargeable to the terminated portion of the contract if not included in subdivision (e)(2)(i) of this clause; and

(iii) A sum, as profit on subdivision (e)(2)(i) of this clause, determined by the Contracting Officer under 49.202 of the Federal Acquisition Regulation, in effect on the date of this contract, to be fair and reasonable.

(3) The reasonable costs of settlement of the work terminated, including--

(i) Accounting, legal, clerical, and other expenses reasonably necessary for the preparation of termination settlement proposals and supporting data;

(ii) The termination and settlement of subcontracts (excluding the amounts of such settlements); and

(f) The cost principles and procedures of part 31 of the Federal Acquisition Regulation, in effect on the date of this contract, shall govern all costs claimed, agreed to, or determined under this clause.

(g) The Carrier shall have the right of appeal, under the Disputes clause, from any determination made by the Contracting Officer under paragraph (c), (e), or (i) of this clause, except that if the Carrier failed to submit the termination settlement proposal or request for equitable adjustment within the time provided in paragraph (c) or (i), respectively, and failed to request a time extension, there is no right of appeal.

(h) In arriving at the amount due the Carrier under this clause, there shall be deducted--

(1) All unliquidated advance or other payments to the Carrier under the terminated portion of this contract;

(2) Any claim which the Government has against the Carrier under this contract; and

(i) If the termination is partial, the Carrier may file a proposal with the Contracting Officer for an equitable adjustment of the price(s) of the continued portion of the contract. The Contracting Officer shall make any equitable adjustment agreed upon. Any proposal by the Carrier for an equitable adjustment under this clause shall be requested within 90 days from the effective date of termination unless extended in writing by the Contracting Officer.

(j)(1) The Government may, under the terms and conditions it prescribes, make partial payments and payments against costs incurred by the Carrier for the terminated portion of the contract, if the Contracting Officer believes the total of these payments will not exceed the amount to which the Carrier will be entitled.

(2) If the total payments exceed the amount finally determined to be due, the Carrier shall repay the excess to the Government upon demand, together with interest computed at the rate

established by the Secretary of the Treasury under 50 U.S.C. App. 1215(b)(2). Interest shall be computed for the period from the date the excess payment is received by the Carrier to the date the excess is repaid.

(k) Unless otherwise provided in this contract or by statute, the Carrier shall maintain all records and documents relating to the terminated portion of this contract for 3 years after final settlement. This includes all books and other evidence bearing on the Carrier's costs and expenses under this contract. The Carrier shall make these records and documents available to the Government, at the Carrier's office, at all reasonable times, without any direct charge. If approved by the Contracting Officer, photographs, microphotographs, or other authentic reproductions may be maintained instead of original records and documents.

SECTION 5.50
FEHBP TERMINATION FOR DEFAULT-- NEGOTIATED BENEFITS CONTRACTS (JAN 1998) (FEHBAR 1652.249-72)

(a) (1) The Government may, subject to paragraphs (c) and (d) below, by written notice of default to the Carrier, terminate this contract in whole or in part if the Carrier fails to--

(i) Perform the services within the time specified in this contract or any extension;

(ii) Make progress, so as to endanger performance of this contract (but see subparagraph (a)(2) below); or

(iii) Perform any of the other provisions of this contract (but see subparagraph (a)(2) below).

(2) The Government's right to terminate this contract under subdivisions (1)(ii) and (1)(iii) above, may be exercised if the Carrier does not cure such failure within 10 days (or more if authorized in writing by the Contracting Officer) after receipt of the notice from the Contracting Officer specifying the failure.

(b) If the Government terminates this contract in whole or in part, it may acquire, under the terms and in the manner the Contracting Officer considers appropriate, supplies or service similar to those terminated, and the Carrier will be liable to the Government for any excess costs for those supplies or services. However, the Carrier shall continue the work not terminated.

(c) Except for defaults of subcontractors at any tier, the Carrier shall not be liable for any excess costs if the failure to perform the contract arises from causes beyond the control and without the fault or negligence of the Carrier. Examples of such causes include (1) acts of God or of the public enemy, (2) acts of the Government in either its sovereign or contractual capacity, (3) fires, (4) floods, (5) epidemics, (6) quarantine restrictions, (7) strikes, (8) freight embargoes, and (9) unusually severe weather. In each instance the failure to perform must be beyond the control and without the fault or negligence of the Carrier.

(d) If the failure to perform is caused by the default of a subcontractor at any tier, and if the cause of the default is beyond the control of both the Carrier and subcontractor, and without the fault or negligence of either, the Carrier shall not be liable for any excess costs for failure to perform, unless the subcontracted supplies or services were obtainable from other sources in sufficient time for the Carrier to meet the required delivery schedule.

(e) If this contract is terminated for default, the Government may require the Carrier to transfer title and deliver to the Government, as directed by the Contracting Officer, any completed or partially completed information and contract rights that the Carrier has specifically produced or acquired for the terminated portion of this contract.

(f) If, after termination, it is determined that the Carrier was not in default, or that the default was excusable, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the Government.

(g) The rights and remedies of the Government in this clause are in addition to any other rights and remedies provided by law or under this contract.

SECTION 5.51
PENSION ADJUSTMENTS AND ASSET REVERSIONS (OCT 2010) (FAR 52.215-15)

(a) The Contractor shall promptly notify the Contracting Officer in writing when it determines that it will terminate a defined benefit pension plan or otherwise recapture such pension fund assets.

(b) For segment closings, pension plan terminations, or curtailment of benefits, the amount of the adjustment shall be-

(1) For contracts and subcontracts that are subject to full coverage under Cost Accounting Standards (CAS) Board rules and regulations (48 CFR Chapter 99), the amount measured, assigned, and allocated in accordance with 48 CFR 9904.413-50(c)(12); and

(2) For contracts and subcontracts that are not subject to full coverage under CAS, the amount measured, assigned, and allocated in accordance with 48 CFR 9904.413-50(c)(12), except the numerator of the fraction at 48 CFR 9904.413-50(c)(12)(vi)shall be the sum of the pension plan costs allocated to all non-CAS-covered contracts and subcontracts that are subject to Federal Acquisition Regulation (FAR) Subpart 31.2 or for which certified cost or pricing data were submitted.

(c) For all other situations where assets revert to the Contractor, or such assets are constructively received by it for any reason, the Contractor shall, at the Government's option, make a refund or give a credit to the Government for its equitable share of the gross amount withdrawn. The Government's equitable share shall reflect the Government's participation in pension costs through those contracts for which certified cost or pricing data were submitted or that are subject to FAR Subpart 31.2.

(d) The Contractor shall include the substance of this clause in all subcontracts under this contract that meet the applicability requirement of FAR 15.408(g).

SECTION 5.52
REVERSION OR ADJUSTMENT OF PLANS FOR POSTRETIREMENT BENEFITS (PRB) OTHER THAN PENSIONS (JUL 2005) (FAR 52.215-18)

(a) The Contractor shall promptly notify the Contracting Officer in writing when it determines that it will terminate or reduce a PRB plan.

(b) If PRB fund assets revert, or inure to the Contractor, or are constructively received by it under a plan termination or otherwise, the Contractor shall make a refund or give a credit to the Government for its equitable share as required by 31.205-6(o)(6) of the Federal Acquisition Regulation (FAR). When determining or agreeing on the method for recovery of the Government's equitable share, the contracting parties should consider the following methods: cost reduction, amortizing the credit over a number of years (with appropriate interest), cash refund, or some other agreed upon method. Should the parties be unable to agree on the method

for recovery of the Government's equitable share, through good faith negotiations, the Contracting Officer shall designate the method of recovery.

(c)The Contractor shall insert the substance of this clause in all subcontracts that meet the applicability requirements of FAR 15.408(j).

SECTION 5.53
NOTICE TO THE GOVERNMENT OF LABOR DISPUTES (FEB 1997) (FAR 52.222-1)

If the Contractor has knowledge that any actual or potential labor dispute is delaying or threatens to delay the timely performance of this contract, the Contractor shall immediately give notice, including all relevant information, to the Contracting Officer.

SECTION 5.54
PENALTIES FOR UNALLOWABLE COSTS (SEP 2021) (FAR 52.242-3)

(a) Definition. Proposal, as used in this clause, means either --

(1) A final indirect cost rate proposal submitted by the Contractor after the expiration of its fiscal year which--

(i) Relates to any payment made on the basis of billing rates; or

(ii) Will be used in negotiating the final contract price; or

(2) The final statement of costs incurred and estimated to be incurred under the Incentive Price Revision clause (if applicable), which is used to establish the final contract price.

(b) Contractors which include unallowable indirect costs in a proposal may be subject to penalties. The penalties are prescribed in 10 U.S.C. 2324 or 41 U.S.C. chapter 43, as applicable, which is implemented in Section 42.709 of the Federal Acquisition Regulation (FAR).

(c) The Contractor shall not include in any proposal any cost that is unallowable, as defined in subpart 2.1 of the FAR, or an executive agency supplement to the FAR.

(d) If the Contracting Officer determines that a cost submitted by the Contractor in its proposal is expressly unallowable under a cost principle in the FAR, or an executive agency supplement to the FAR, that defines the allowability of specific selected costs, the Contractor shall be assessed a penalty equal to--

(1) The amount of the disallowed cost allocated to this contract; plus

(2) Simple interest, to be computed--

(i) On the amount the Contractor was paid (whether as a progress or billing payment) in excess of the amount to which the Contractor was entitled; and

(ii) Using the applicable rate effective for each six-month interval prescribed by the Secretary of the Treasury pursuant to Pub. L. 92-41 (85 Stat. 97).

(e) If the Contracting Officer determines that a cost submitted by the Contractor in its proposal includes a cost previously determined to be unallowable for that Contractor, then the Contractor will be assessed a penalty in an amount equal to two times the amount of the disallowed cost allocated to this contract.

(f) Determinations under paragraphs (d) and (e) of this clause are final decisions within the meaning of 41 U.S.C. chapter 71, Contract Disputes.

(g) Pursuant to the criteria in FAR 42.709-6, the Contracting Officer may waive the penalties in paragraph (d) or (e) of this clause.

(h) Payment by the Contractor of any penalty assessed under this clause does not constitute repayment to the Government of any unallowable cost which has been paid by the Government to the Contractor.

SECTION 5.55
EMPLOYMENT REPORTS ON VETERANS (JUN 2020) (FAR 52.222-37)

(a) Definitions. As used in this clause, "active duty wartime or campaign badge veteran," "Armed Forces service medal veteran," "disabled veteran" "protected veteran," and "recently separated veteran," have the meanings given in FAR 22.1301.

(b) Unless the Contractor is a State or local government agency, the Contractor shall report at least annually, as required by the Secretary of Labor, on—

(1) The total number of employees in the contractor's workforce, by job category and hiring location, who are protected veterans (i.e., active duty wartime or campaign badge veterans, Armed Forces service medal veterans, disabled veterans and recently separated veterans);

(2) The total number of new employees hired during the period covered by the report, and of the total, the number of protected veterans (i.e., active duty wartime or campaign badge veterans, Armed Forces service medal veterans, disabled veterans, and recently separated veterans); and

(3) The maximum number and minimum number of employees of the Contractor or subcontractor at each hiring location during the period covered by the report.

(c) The Contractor shall report the above items by filing the Form VETS-4212, entitled "Federal Contractor Veterans' Employment Report" (see VETS-4212 Federal Contractor Reporting" and Filing Your VETS-4212 Report" at
http://www.dol.gov/vets/vets4212.htm)"

(d) The Contractor shall submit VETS-4212Reports no later than September 30 of each year.

(e) The employment activity report required by paragraphs (b)(2) and (b)(3) of this clause shall reflect total new hires, and maximum and minimum number of employees, during the most recent 12-month period preceding the ending date selected for the report. Contractors may select an ending date—

(1) As of the end of any pay period between July 1 and August 31 of the year the report is due; or

(2) As of December 31, if the Contractor has prior written approval from the Equal Employment Opportunity Commission to do so for purposes of submitting the Employer Information Report EEO-1 (Standard Form 100).

(f) The number of veterans reported must be based on data known to the contractor when completing the VETS–4212The contractor's knowledge of veterans status may be obtained in a variety of ways, including an invitation to applicants to self-identify (in accordance with 41 CFR 60–300.42), voluntary self-disclosure by employees, or actual knowledge of veteran status by the contractor. This paragraph does not relieve an employer of liability for discrimination under 38 U.S.C. 4212.

(g) The Contractor shall insert the terms of this clause in subcontracts valued at or above the threshold specified in FAR 22.1303(a) on the date of subcontract award, unless exempted by rules, regulations, or orders of the Secretary of Labor.

SECTION 5.56
AUTHORIZATION AND CONSENT (DEC 2007) (FAR 52.227-1)

(a) The Government authorizes and consents to all use and manufacture, in performing this contract or any subcontract at any tier, of any invention described in and covered by a United States patent—

(1) Embodied in the structure or composition of any article the delivery of which is accepted by the Government under this contract; or

(2) Used in machinery, tools, or methods whose use necessarily results from compliance by the Contractor or a subcontractor with (i) specifications or written provisions forming a part of this contract or (ii) specific written instructions given by the Contracting Officer directing the manner of performance. the entire liability to the Government for infringement of a United States patent shall be determined solely by the provisions of the indemnity clause, if any, included in this contract or any subcontract hereunder (including any lower-tier subcontract), and the Government assumes liability for all other infringement to the extent of the authorization and consent hereinabove granted.

(b) The Contractor shall include the substance of this clause, including this paragraph (b), in all subcontracts that are expected to exceed the simplified acquisition threshold, as defined in Federal Acquisition Regulation (FAR) 2.101 on the date of subcontract award. However, omission of this clause from any subcontract, including those at or below the simplified acquisition threshold, as defined in Federal Acquisition Regulation (FAR) 2.101 on the date of subcontract award, does not affect this authorization and consent.

SECTION 5.57
NOTICE AND ASSISTANCE REGARDING PATENT AND COPYRIGHT INFRINGEMENT (JUN 2020) (FAR 52.227-2)

a) The Contractor shall report to the Contracting Officer, promptly and in reasonable written detail, each notice or claim of patent or copyright infringement based on the performance of this contract of which the Contractor has knowledge.

(b) In the event of any claim or suit against the Government on account of any alleged patent or copyright infringement arising out of the performance of this contract or out of the use of any supplies furnished or work or services performed under this contract, the Contractor shall furnish to the Government, when requested by the Contracting Officer, all evidence and information in the Contractor's possession pertaining to such claim or suit. Such evidence and information shall be furnished at the expense of the Government except where the Contractor has agreed to indemnify the Government.

(c) The Contractor shall include the substance of this clause, including this paragraph (c), in all subcontracts that are expected to exceed the simplified acquisition threshold, as defined in Federal Acquisition Regulation (FAR) 2.101 on the date of subcontract award.

SECTION 5.58
PAYMENT BY ELECTRONIC FUNDS TRANSFER–SYSTEM FOR AWARD MANAGEMENT (OCT 2018) (FAR 52.232-33)

(a) Method of payment.

(1) All payments by the Government under this contract shall be made by electronic funds transfer (EFT), except as provided in paragraph (a)(2) of this clause. As used in this clause, the term "EFT" refers to the funds transfer and may also include the payment information transfer.

(2) In the event the Government is unable to release one or more payments by EFT, the Contractor agrees to either—

(i) Accept payment by check or some other mutually agreeable method of payment; or

(ii) Request the Government to extend the payment due date until such time as the Government can make payment by EFT (but see paragraph (d) of this clause).

(b) *Contractor's EFT information*. The Government shall make payment to the Contractor using the EFT information contained in the System for Award Management (SAM). In the event that the EFT information changes, the Contractor shall be responsible for providing the updated information to SAM.

(c) *Mechanisms for EFT payment*. The Government may make payment by EFT through either the Automated Clearing House (ACH) network, subject to the rules of the National Automated Clearing House Association, or the Fedwire Transfer System. The rules governing Federal payments through the ACH are contained in 31 CFR Part 210.

(d) *Suspension of payment*. If the Contractor's EFT information in SAM is incorrect, then the Government need not make payment to the Contractor under this contract until correct EFT information is entered into SAM; and any invoice or contract financing request shall be deemed not to be a proper invoice for the purpose of prompt payment under this contract. The prompt payment terms of the contract regarding notice of an improper invoice and delays in accrual of interest penalties apply.

(e) Liability for uncompleted or erroneous transfers.

(1) If an uncompleted or erroneous transfer occurs because the Government used the Contractor's EFT information incorrectly, the Government remains responsible for—

(i) Making a correct payment;

(ii) Paying any prompt payment penalty due; and

(iii) Recovering any erroneously directed funds.

(2) If an uncompleted or erroneous transfer occurs because the Contractor's EFT information was incorrect, or was revised within 30 days of Government release of the EFT payment transaction instruction to the Federal Reserve System, and—

(i) If the funds are no longer under the control of the payment office, the Government is deemed to have made payment and the Contractor is responsible for recovery of any erroneously directed funds; or

(ii) If the funds remain under the control of the payment office, the Government shall not make payment, and the provisions of paragraph (d) of this clause shall apply.

(f) *EFT and prompt payment*. A payment shall be deemed to have been made in a timely manner in accordance with the prompt payment terms of this contract if, in the EFT payment transaction instruction released to the Federal Reserve System, the date specified for settlement of the payment is on or before the prompt payment due date, provided the specified payment date is a valid date under the rules of the Federal Reserve System.

(g) *EFT and assignment of claims*. If the Contractor assigns the proceeds of this contract as provided for in the assignment of claims terms of this contract, the Contractor shall require as a condition of any such assignment, that the assignee shall register separately in the SAM and

shall be paid by EFT in accordance with the terms of this clause. Notwithstanding any other requirement of this contract, payment to an ultimate recipient other than the Contractor, or a financial institution properly recognized under an assignment of claims pursuant to Subpart 32.8, is not permitted. In all respects, the requirements of this clause shall apply to the assignee as if it were the Contractor. EFT information that shows the ultimate recipient of the transfer to be other than the Contractor, in the absence of a proper assignment of claims acceptable to the Government, is incorrect EFT information within the meaning of paragraph (d) of this clause.

(h) *Liability for change of EFT information by financial agent*. The Government is not liable for errors resulting from changes to EFT information made by the Contractor's financial agent.

(i) *Payment information*. The payment or disbursing office shall forward to the Contractor available payment information that is suitable for transmission as of the date of release of the EFT instruction to the Federal Reserve System. The Government may request the Contractor to designate a desired format and method(s) for delivery of payment information from a list of formats and methods the payment office is capable of executing. However, the Government does not guarantee that any particular format or method of delivery is available at any particular payment office and retains the latitude to use the format and delivery method most convenient to the Government. If the Government makes payment by check in accordance with paragraph (a) of this clause, the Government shall mail the payment information to the remittance address contained in SAM.

SECTION 5.59
PROHIBITION OF SEGREGATED FACILITIES (APR 2015) (FAR 52.222-21)

(a) Definitions. As used in this clause

"Gender identity" has the meaning given by the Department of Labor's Office of Federal Contract Compliance Programs, and is found at www.dol.gov/ofccp/LGBT/LGBT_FAQs.html.

"Segregated facilities," , means any waiting rooms, work areas, rest rooms and wash rooms, restaurants and other eating areas, time clocks, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing facilities provided for employees, that are segregated by explicit directive or are in fact segregated on the basis of race, color, religion, sex, sexual orientation, gender identity, or national origin because of written or oral policies or employee custom. The term does not include separate or single-user rest rooms or necessary dressing or sleeping areas provided to assure privacy between the sexes.

"Sexual orientation" has the meaning given by the Department of Labor's Office of Federal Contract Compliance Programs, and is found at www.dol.gov/ofccp/LGBT/LGBT_FAQs.html.

(b) The Contractor agrees that it does not and will not maintain or provide for its employees any segregated facilities at any of its establishments, and that it does not and will not permit its employees to perform their services at any location under its control where segregated facilities are maintained. The Contractor agrees that a breach of this clause is a violation of the Equal Opportunity clause in this contract.

(c) The Contractor shall include this clause in every subcontract and purchase order that is subject to the Equal Opportunity clause of this contract.

SECTION 5.60
SUBCONTRACTS FOR COMMERCIAL ITEMS (JUL 2021) (FAR 52.244-6)

(a) Definitions. As used in this clause —

"Commercial item" and "commercially available off-the-shelf item" have the meanings contained in Federal Acquisition Regulation 2.101.

"Subcontract" includes a transfer of commercial items between divisions, subsidiaries, or affiliates of the Contractor or subcontractor at any tier.

(b) To the maximum extent practicable, the Contractor shall incorporate, and require its subcontractors at all tiers to incorporate, commercial items or non-developmental items as components of items to be supplied under this contract.

(c)(1) The Contractor shall insert the following clauses in subcontracts for commercial items:

(i) 52.203-13, Contractor Code of Business Ethics and Conduct (Jun 2020) (41 U.S.C. 3509), if the subcontract exceeds the threshold specified in FAR 3.1004(a) on the date of subcontract award, and has a performance period of more than 120 days. In altering this clause to identify the appropriate parties, all disclosures of violation of the civil False Claims Act or of Federal criminal law shall be directed to the agency Office of the Inspector General, with a copy to the Contracting Officer.

(ii) 52.203-15, Whistleblower Protections Under the American Recovery and Reinvestment Act of 2009 (Jun 2010) (Section 1553 of Pub. L. 111-5), if the subcontract is funded under the Recovery Act.

(iii) 52.203-19, Prohibition on Requiring Certain Internal Confidentiality Agreements or Statements (JAN 2017).

(iv) 52.204–21, Basic Safeguarding of Covered Contractor Information Systems (June, 2016), other than subcontracts for commercially available off-the-shelf items, if flow down is required in accordance with paragraph (c) of FAR clause 52.204–21.

(v) 52.204-23, Prohibition on Contracting for Hardware, Software, and Services Developed or Provided by Kaspersky Lab and Other Covered Entities (Jul 2018) (Section 1634 of Pub. L. 115-91).

(vi) 52.204-25, Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment. (Aug 2020) (Section 889(a)(1)(A) of Pub. L. 115-232).

(vii) 52.219-8, Utilization of Small Business Concerns (OCT 2018) (15 U.S.C. 637(d)(2) and (3)), if the subcontract offers further subcontracting opportunities. If the subcontract (except subcontracts to small business concerns) exceeds, the applicable threshold specified in FAR 19.702(a) on the date of subcontract award, the subcontractor must include 52.219-8 in lower tier subcontracts that offer subcontracting opportunities.

(viii) 52.222-21 Prohibition of Segregated Facilities (Apr 2015)

(ix) 52.222-26, Equal Opportunity (Sep 2015) (E.O. 11246).

(x) 52.222-35, Equal Opportunity for Veterans (Jun 2020) (38 U.S.C. 4212(a).

(xi) 52.222-36, Equal Opportunity for Workers with Disabilities (Jun 2020) (29 U.S.C. 793).

(xii) 52.222-37, Employment Reports on Veterans (Jun 2020) (38 U.S.C. 4212).

(xiii) 52.222-40, Notification of Employee Rights Under the National Labor Relations Act (Dec 2010) (E.O. 13496), if flow down is required in accordance with paragraph (f) of FAR clause 52.222-40.

(xiv)(A) 52.222-50, Combating Trafficking in Persons (OCT 2020) (22 U.S.C. chapter 78 and E.O. 13627).

(B) Alternate I (MAR 2015) of 52.222-50 (22 U.S.C. chapter 78 and E.O. 13627).

(xv) 52.222-55 , Minimum Wages under Executive Order 13658 (Nov 2020), if flow down is required in accordance with paragraph (k) of FAR clause 52.222-55.

(xvi) 52.222-62, Paid Sick Leave Under Executive Order 13706 (Jan 2017) (E.O. 13706), if flowdown is required in accordance with paragraph (m) of FAR clause 52.222-62.

(xvii) (A) 52.224-3, Privacy Training (Jan 2017) (5 U.S.C. 552a) if flow down is required in accordance with 52.224-3(f).

(B) Alternate I (Jan 2017) of 52.224-3, if flow down is required in accordance with 52.224-3(f) and the agency specifies that only its agency-provided training is acceptable).

(xviii) 52.225-26, Contractors Performing Private Security Functions Outside the United States (Oct 2016) (Section 862, as amended, of the National Defense Authorization Act for Fiscal Year 2008; 10 U.S.C. 2302 Note).

(xvix) 52.232-40, Providing Accelerated Payments to Small Business Subcontractors (Dec 2013), if flow down is required in accordance with paragraph (c) of FAR clause 52.232-40.

(xx) 52.247-64, Preference for Privately Owned U.S.-Flag Commercial Vessels (Feb 2006) 46 U.S.C. 55305 and 10 U.S.C. 2631), if flow down is required in accordance with paragraph (d) of FAR clause 52.247-64).

(2) While not required, the Contractor may flow down to subcontracts for commercial items a minimal number of additional clauses necessary to satisfy its contractual obligations.

(d) The Contractor shall include the terms of this clause, including this paragraph (d), in subcontracts awarded under this contract.

SECTION 5.61
NOTIFICATION OF EMPLOYEE RIGHTS UNDER NATIONAL LABOR RELATIONS ACT (DEC 2010) (FAR 52.222-40)

(a) During the term of this contract, the Contractor shall post an employee notice, of such size and in such form, and containing such content as prescribed by the Secretary of Labor, in conspicuous places in and about its plants and offices where employees covered by the National Labor Relations Act engage in activities relating to the performance of the contract, including all places where notices to employees are customarily posted both physically and electronically, in the languages employees speak, in accordance with 29 CFR 471.2(d) and (f).

(1) Physical posting of the employee notice shall be in conspicuous places in and about the Contractor's plants and offices so that the notice is prominent and readily seen by employees who are covered by the National Labor Relations Act and engage in activities related to the performance of the contract.

(2) If the Contractor customarily posts notices to employees electronically, then the Contractor shall also post the required notice electronically by displaying prominently, on any Web site that is maintained by the Contractor and is customarily used for notices to employees about terms and conditions of employment, a link to the Department of Labor's Web site that contains the full text of the poster. The link to the Department's Web site, as referenced in (b)(3) of this section, must read, ''Important Notice about Employee Rights to Organize and Bargain Collectively with Their Employers.''

(b) This required employee notice, printed by the Department of Labor, may be—

(1) Obtained from the Division of Interpretations and Standards, Office of Labor-Management Standards, U.S. Department of Labor, 200 Constitution Avenue, NW, Room N–5609, Washington, DC 20210, (202) 693–0123, or from any field office of the Office of Labor-Management Standards or Office of Federal Contract Compliance Programs;

(2) Provided by the Federal contracting agency if requested;

(3) Downloaded from the Office of Labor-Management Standards Web site at *http://www.dol.gov/olms/regs/compliance/EO13496.htm;* or

(4) Reproduced and used as exact duplicate copies of the Department of Labor's official poster.

(c) The required text of the employee notice referred to in this clause is located at Appendix A, Subpart A, 29 CFR Part 471.

(d) The Contractor shall comply with all provisions of the employee notice and related rules, regulations, and orders of the Secretary of Labor.

(e) In the event that the Contractor does not comply with the requirements set forth in paragraphs (a) through (d) of this clause, this contract may be terminated or suspended in whole or in part, and the Contractor may be suspended or debarred in accordance with 29 CFR 471.14 and subpart 9.4. Such other sanctions or remedies may be imposed as are provided by 29 CFR part 471, which implements Executive Order 13496 or as otherwise provided by law.

(f) *Subcontracts.*

(1) The Contractor shall include the substance of this clause, including this paragraph (f), in every subcontract that exceeds $10,000 and will be performed wholly or partially in the United States, unless exempted by the rules, regulations, or orders of the Secretary of Labor issued pursuant to section 3 of Executive Order 13496 of January 30, 2009, so that such provisions will be binding upon each subcontractor.

(2) The Contractor shall not procure supplies or services in a way designed to avoid the applicability of Executive Order 13496 or this clause.

(3) The Contractor shall take such action with respect to any such subcontract as may be directed by the Secretary of Labor as a means of enforcing such provisions, including the imposition of sanctions for noncompliance.

(4) However, if the Contractor becomes involved in litigation with a subcontractor, or is threatened with such involvement, as a result of such direction, the Contractor may request the United States, through the Secretary of Labor, to enter into such litigation to protect the interests of the United States.

SECTION 5.62
APPLICABLE LAW FOR BREACH OF CONTRACT CLAIM (OCT 2004) (FAR 52.233-4)

United States law will apply to resolve any claim of breach of this contract.

SECTION 5.63
SYSTEM FOR AWARD MANAGEMENT (OCT 2018) (FAR 52.204-7)

(a) Definitions. As used in this provision—

"Electronic Funds Transfer (EFT) indicator" means a four-character suffix to the unique entity identifier. The suffix is assigned at the discretion of the commercial, nonprofit, or Government entity to establish additional System for Award Management records for identifying

alternative EFT accounts (see subpart 32.11) for the same entity.

"Registered in the System for Award Management (SAM) database" means that—

(1) The Offeror has entered all mandatory information, including the unique entity identifier and the EFT indicator, if applicable, the Commercial and Government Entity (CAGE) code, as well as data required by the Federal Funding Accountability and Transparency Act of 2006 (see subpart 4.14) into SAM;

(2) The offeror has completed the Core, Assertions, and Representations and Certifications, and Points of Contact sections of the registration in SAM;

(3) The Government has validated all mandatory data fields, to include validation of the Taxpayer Identification Number (TIN) with the Internal Revenue Service (IRS). The offeror will be required to provide consent for TIN validation to the Government as a part of SAM registration process; and

(4) The Government has marked the record "Active".

"Unique entity identifier" means a number or other identifier used to identify a specific commercial, nonprofit, or Government entity. See www.sam.gov for the designated entity for establishing unique entity identifiers.

(b)(1) An Offeror is required to be registered in SAM when submitting an offer or quotation, and shall continue to be registered until time of award, during performance, and through final payment of any contract, basic agreement, basic ordering agreement, or blanket purchasing agreement resulting from this solicitation.

(2) The Offeror shall enter, in the block with its name and address on the cover page of its offer, the annotation "Unique Entity Identifier" followed by the unique entity identifier that identifies the Offeror's name and address exactly as stated in the offer. The Offeror also shall enter its EFT indicator, if applicable. The unique entity identifier will be used by the Contracting Officer to verify that the Offeror is registered in SAM.

(c) If the Offeror does not have a unique entity identifier, it should contact the entity designated at www.sam.gov for establishment of the unique entity identifier directly to obtain one.

The Offeror should be prepared to provide the following information:

(1) Company legal business name.

(2) Tradestyle, doing business, or other name by which your entity is commonly recognized.

(3) Company Physical Street Address, City, State, and Zip Code.

(4) Company Mailing Address, City, State and Zip Code (if separate from physical).

(5) Company telephone number.

(6) Date the company was started.

(7) Number of employees at your location.

(8) Chief executive officer/key manager.

(9) Line of business (industry).

(10) Company Headquarters name and address (reporting relationship within your entity).

(d) If the Offeror does not become registered in SAM in the time prescribed by the Contracting Officer, the Contracting Officer will proceed to award to the next otherwise successful registered Offeror.

SECTION 5.64

CONTRACTOR CODE OF BUSINESS ETHICS AND CONDUCT (JUN 2020) (FAR 52.203–13).

(a) *Definitions*. As used in this clause--

Agent means any individual, including a director, an officer, an employee, or an independent Contractor, authorized to act on behalf of the organization.

Full cooperation--(1) Means disclosure to the Government of the information sufficient for law enforcement to identify the nature and extent of the offense and the individuals responsible for the conduct. It includes providing timely and complete response to Government auditors' and investigators' request for documents and access to employees with information;

(2) Does not foreclose any Contractor rights arising in law, the FAR, or the terms of the contract. It does not require--

(i) A Contractor to waive its attorney-client privilege or the protections afforded by the attorney work product doctrine; or

(ii) Any officer, director, owner, or employee of the Contractor, including a sole proprietor, to waive his or her attorney client privilege or Fifth Amendment rights; and

(3) Does not restrict a Contractor from--

(i) Conducting an internal investigation; or

(ii) Defending a proceeding or dispute arising under the contract or related to a potential or disclosed violation.

"*Principal"* means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a division, or business segment; and similar positions).

"*Subcontract"* means any contract entered into by a subcontractor to furnish supplies or services for performance of a prime contract or a subcontract.

"*Subcontractor"* means any supplier, distributor, vendor, or firm that furnished supplies or services to or for a prime contractor or another subcontractor.

"*United States"* means the 50 States, the District of Columbia, and outlying areas.

(b) *Code of business ethics and conduct*.

(1) Within 30 days after contract award, unless the Contracting Officer establishes a longer time period, the Contractor shall—

(i) Have a written code of business ethics and conduct; and

(ii) Make a copy of the code available to each employee engaged in performance of the contract.

(2) The Contractor shall--

(i) Exercise due diligence to prevent and detect criminal conduct; and

(ii) Otherwise promote an organizational culture that encourages ethical conduct and a commitment to compliance with the law.

(3)(i) The Contractor shall timely disclose, in writing, to the agency Office of the Inspector General (OIG), with a copy to the Contracting Officer, whenever, in connection with the award, performance, or closeout of this contract or any subcontract thereunder, the Contractor has credible evidence that a principal, employee, agent, or subcontractor of the Contractor has committed--

(A) A violation of Federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in Title 18 of the United States Code; or

(B) A violation of the civil False Claims Act (31 U.S.C. 3729-3733).

(ii) The Government, to the extent permitted by law and regulation, will safeguard and treat information obtained pursuant to the Contractor's disclosure as confidential where the information has been marked ``confidential'' or ``proprietary'' by the company.
To the extent permitted by law and regulation, such information will not be released by the Government to the public pursuant to a Freedom of Information Act request, 5 U.S.C. Section 552, without prior notification to the Contractor. The Government may transfer documents provided by the Contractor to any department or agency within the Executive Branch if the information relates to matters within the organization's jurisdiction.

(iii) If the violation relates to an order against a Government wide acquisition contract, a multi-agency contract, a multiple-award schedule contract such as the Federal Supply Schedule, or any other procurement instrument intended for use by multiple agencies, the Contractor shall notify the OIG of the ordering agency and the IG of the agency responsible for the basic contract.

(c) Business ethics awareness and compliance program and internal control system. This paragraph (c) does not apply if the Contractor has represented itself as a small business concern pursuant to the award of this contract or if this contract is for the acquisition of a commercial item as defined at FAR 2.101. The Contractor shall establish the following within 90 days after contract award, unless the Contracting Officer establishes a longer time period:

(1) An ongoing business ethics awareness and compliance program.

(i) This program shall include reasonable steps to communicate periodically and in a practical manner the Contractor's standards and procedures and other aspects of the Contractor's business ethics awareness and compliance program and internal control system, by conducting effective training programs and otherwise disseminating information appropriate to an individual's respective roles and responsibilities.

(ii) The training conducted under this program shall be provided to the Contractor's principals and employees, and as appropriate, the Contractor's agents and subcontractors.

(2) An internal control system.

(i) The Contractor's internal control system shall--

(A) Establish standards and procedures to facilitate timely discovery of improper conduct in connection with Government contracts; and

(B) Ensure corrective measures are promptly instituted and carried out.

(ii) At a minimum, the Contractor's internal control system shall provide for the following:

(A) Assignment of responsibility at a sufficiently high level and adequate resources to ensure effectiveness of the business ethics awareness and compliance program and internal control system.

(B) Reasonable efforts not to include an individual as a principal, whom due diligence would have exposed as having engaged in conduct that is in conflict with the Contractor's code of business ethics and conduct.

(C) Periodic reviews of company business practices, procedures, policies, and internal controls for compliance with the Contractor's code of business ethics and conduct and the special requirements of Government contracting, including--

(1) Monitoring and auditing to detect criminal conduct;

(2) Periodic evaluation of the effectiveness of the business ethics awareness and compliance program and internal control system, especially if criminal conduct has been detected; and

(3) Periodic assessment of the risk of criminal conduct, with appropriate steps to design, implement, or modify the business ethics awareness and compliance program and the internal control system as necessary to reduce the risk of criminal conduct identified through this process.

(D) An internal reporting mechanism, such as a hotline, which allows for anonymity or confidentiality, by which employees may report suspected instances of improper conduct, and instructions that encourage employees to make such reports.

(E) Disciplinary action for improper conduct or for failing to take reasonable steps to prevent or detect improper conduct.

(F) Timely disclosure, in writing, to the agency OIG, with a copy to the Contracting Officer, whenever, in connection with the award, performance, or closeout of any Government contract performed by the Contractor or a subcontract thereunder, the Contractor has credible evidence that a principal, employee, agent, or subcontractor of the Contractor has committed a violation of Federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in Title 18 U.S.C. or a violation of the civil False Claims Act (31 U.S.C. 3729-3733).

(1) If a violation relates to more than one Government contract, the Contractor may make the disclosure to the agency OIG and Contracting Officer responsible for the largest dollar value contract impacted by the violation.

(2) If the violation relates to an order against a Government wide acquisition contract, a multi-agency contract, a multiple-award schedule contract such as the Federal Supply Schedule, or any other procurement instrument intended for use by multiple agencies, the contractor shall notify the OIG of the ordering agency and the IG of the agency responsible for the basic contract, and the respective agencies' contracting officers.

(3) The disclosure requirement for an individual contract continues until at least 3 years after final payment on the contract.

(4) The Government will safeguard such disclosures in accordance with paragraph (b)(3)(ii) of this clause.

(G) Full cooperation with any Government agencies responsible for audits, investigations, or corrective actions.

(d) Subcontracts. (1) The Contractor shall include the substance of this clause, including this paragraph (d), in subcontracts that exceed the threshold specified in FAR 3.1004(a) on the date of subcontract award and a performance period of more than 120 days.

(2) In altering this clause to identify the appropriate parties, all disclosures of violation of the civil False Claims Act or of Federal criminal law shall be directed to the agency Office of the Inspector General, with a copy to the Contracting Officer.

SECTION 5.65
EMPLOYMENT ELIGIBILITY VERIFICATION (OCT 2015) (FAR 52.222-54).

(a) Definitions. As used in this clause--

"Commercially available off-the-shelf (COTS) item"—

(1) Means any item of supply that is--

(i) A commercial item (as defined in paragraph (1) of the definition at 2.101);

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products. Per 46 CFR 525.1 (c)(2), "bulk cargo" means cargo that is loaded and carried in bulk onboard ship without mark or count, in a loose unpackaged form,

having homogenous characteristics. Bulk cargo loaded into intermodal equipment, except LASH or Seabee barges, is subject to mark and count and, therefore, ceases to be bulk cargo.

"Employee assigned to the contract" means an employee who was hired after November 6, 1986 (after November 27, 2009 in the Commonwealth of the Northern Mariana Islands), who is directly performing work, in the United States, under a contract that is required to include the clause prescribed at 22.1803. An employee is not considered to be directly performing work under a contract if the employee—

(1) Normally performs support work, such as indirect or overhead functions; and

(2) Does not perform any substantial duties applicable to the contract.

"Subcontract" means any contract, as defined in 2.101, entered into by a subcontractor to furnish supplies or services for performance of a prime contract or a subcontract. It includes but is not limited to purchase orders, and changes and modifications to purchase orders.

"Subcontractor" means any supplier, distributor, vendor, or firm that furnishes supplies or services to or for a prime Contractor or another subcontractor.

"United States", as defined in 8 U.S.C. 1101(a)(38), means the 50 States, the District of Columbia, Puerto Rico, Guam, the Commonwealth of the Northern Mariana Islands, and the U.S. Virgin Islands.

(b) Enrollment and verification requirements.

(1) If the Contractor is not enrolled as a Federal Contractor in E-Verify at time of contract award, the Contractor shall—

(i) Enroll. Enroll as a Federal Contractor in the E-Verify program within 30 calendar days of contract award;

(ii) Verify all new employees. Within 90 calendar days of enrollment in the E-Verify program, begin to use E-Verify to initiate verification of employment eligibility of all new hires of the Contractor, who are working in the United States, whether or not assigned to the contract, within 3 business days after the date of hire (but see paragraph (b)(3) of this section); and

(iii) Verify employees assigned to the contract. For each employee assigned to the contract, initiate verification within 90 calendar days after date of enrollment or within 30 calendar days of the employee's assignment to the contract, whichever date is later (but see paragraph (b)(4) of this section).

(2) If the Contractor is enrolled as a Federal Contractor in E-Verify at time of contract award, the Contractor shall use E-Verify to initiate verification of employment eligibility of—

(i) All new employees.

(A) Enrolled 90 calendar days or more. The Contractor shall initiate verification of all new hires of the Contractor, who are working in the United States, whether or not assigned to the contract, within 3 business days after the date of hire (but see paragraph (b)(3) of this section); or

(B) Enrolled less than 90 calendar days. Within 90 calendar days after enrollment as a Federal Contractor in E-Verify, the Contractor shall initiate verification of all new hires of the Contractor, who are working in the United States, whether or not assigned to the contract, within 3 business days after the date of hire (but see paragraph (b)(3) of this section); or

(ii) Employees assigned to the contract. For each employee assigned to the contract, the Contractor shall initiate verification within 90 calendar days after date of contract award or within 30 days after assignment to the contract, whichever date is later (but see paragraph (b)(4) of this section).

(3) If the Contractor is an institution of higher education (as defined at 20 U.S.C. 1001(a)); a State or local government or the government of a Federally recognized Indian tribe;

or a surety performing under a takeover agreement entered into with a Federal agency pursuant to a performance bond, the Contractor may choose to verify only employees assigned to the contract, whether existing employees or new hires. The Contractor shall follow the applicable verification requirements at (b)(1) or (b)(2)~~,~~ respectively, except that any requirement for verification of new employees applies only to new employees assigned to the contract.

(4) Option to verify employment eligibility of all employees. The Contractor may elect to verify all existing employees hired after November 6, 1986 (after November 27, 2009, in the Commonwealth of the Northern Mariana Islands), rather than just those employees assigned to the contract. The Contractor shall initiate verification for each existing employee working in the United States who was hired after November 6, 1986 (after November 27, 2009, in the Commonwealth of the Northern Mariana Islands), within 180 calendar days of—

(i) Enrollment in the E-Verify program; or

(ii) Notification to E-Verify Operations of the Contractor's decision to exercise this option, using the contact information provided in the E-Verify program Memorandum of Understanding (MOU).

(5) The Contractor shall comply, for the period of performance of this contract, with the requirements of the E-Verify program MOU.

(i) The Department of Homeland Security (DHS) or the Social Security Administration (SSA) may terminate the Contractor's MOU and deny access to the E-Verify system in accordance with the terms of the MOU. In such case, the Contractor will be referred to a suspension or debarment official.

(ii) During the period between termination of the MOU and a decision by the suspension or debarment official whether to suspend or debar, the Contractor is excused from its obligations under paragraph (b) of this clause. If the suspension or debarment official determines not to suspend or debar the Contractor, then the Contractor must reenroll in E-Verify.

(c) Web site. Information on registration for and use of the E-Verify program can be obtained via the Internet at the Department of Homeland Security Web site: http://www.dhs.gov/E-Verify.

(d) Individuals previously verified. The Contractor is not required by this clause to perform additional employment verification using E-Verify for any employee –

(1) Whose employment eligibility was previously verified by the Contractor through the E-Verify program;

(2) Who has been granted and holds an active U.S. Government security clearance for access to confidential, secret, or top secret information in accordance with the National Industrial Security Program Operating Manual; or

(3) Who has undergone a completed background investigation and been issued credentials pursuant to Homeland Security Presidential Directive (HSPD)-12, Policy for a Common Identification Standard for Federal Employees and Contractors.

(e) Subcontracts. The Contractor shall include the requirements of this clause, including this paragraph (e) (appropriately modified for identification of the parties), in each subcontract that –

(1) Is for—

(i) Commercial or noncommercial services (except for commercial services that are part of the purchase of a COTS item (or an item that would be a COTS item, but for minor modifications), performed by the COTS provider, and are normally provided for that COTS item); or

(ii) Construction;
(2) Has a value of more than $3,500; and
(3) Includes work performed in the United States.

SECTION 5.66
UPDATES OF PUBLICALLY AVAILABLE INFORMATION REGARDING RESPONSIBILITY MATTERS (OCT 2018) (FAR 52.209-9)

(a) The Contractor shall update the information in the Federal Awardee Performance and Integrity Information System (FAPIIS) on a semi-annual basis, throughout the life of the contract, by posting the required information in the System for Award Management database via www.sam.gov.

(b) As required by section 3010 of the Supplemental Appropriations Act, 2010 (Pub. L. 111-212), all information posted in FAPIIS on or after April 15, 2011, except past performance reviews, will be publicly available. FAPIIS consists of two segments—

(1) The non-public segment, into which Government officials and the Contractor post information, which can only be viewed by—

(i) Government personnel and authorized users performing business on behalf of the Government; or

(ii) The Contractor, when viewing data on itself; and

(2) The publicly-available segment, to which all data in the non-public segment of FAPIIS is automatically transferred after a waiting period of 14 calendar days, except for—

(i) Past performance reviews required by subpart 42.15;

(ii) Information that was entered prior to April 15, 2011; or

(iii) Information that is withdrawn during the 14-calendar-day waiting period by the Government official who posted it in accordance with paragraph (c)(1) of this clause.

(c) The Contractor will receive notification when the Government posts new information to the Contractor's record.

(1) If the Contractor asserts in writing within 7 calendar days, to the Government official who posted the information, that some of the information posted to the non-public segment of FAPIIS is covered by a disclosure exemption under the Freedom of Information Act, the Government official who posted the information must within 7 calendar days remove the posting from FAPIIS and resolve the issue in accordance with agency Freedom of Information procedures, prior to reposting the releasable information. The contractor must cite 52.209-9 and request removal within 7 calendar days of the posting to FAPIIS.

(2) The Contractor will also have an opportunity to post comments regarding information that has been posted by the Government. The comments will be retained as long as the associated information is retained, i.e.~~.~~, for a total period of 6 years. Contractor comments will remain a part of the record unless the Contractor revises them.

(3) As required by section 3010 of Pub. L. 111-212, all information posted in FAPIIS on or after April 15, 2011, except past performance reviews, will be publicly available.

(d) Public requests for system information posted prior to April 15, 2011, will be handled under Freedom of Information Act procedures, including, where appropriate, procedures promulgated under E.O. 12600.

SECTION 5.67
PERSONAL IDENTITY VERIFICATION OF CONTRACTOR PERSONNEL (JAN 2011) (FAR 52.204-9)

(a) The Contractor shall comply with agency personal identity verification procedures identified in the contract that implement Homeland Security Presidential Directive-12 (HSPD-12), Office of Management and Budget (OMB) guidance M-05-24 and Federal Information Processing Standards Publication (FIPS PUB) Number 201.

(b) The Contractor shall account for all forms of Government-provided identification issued to the Contractor employees in connection with performance under this contract. The Contractor shall return such identification to the issuing agency at the earliest of any of the following, unless otherwise determined by the Government:

(1) When no longer needed for contract performance.

(2) Upon completion of the Contractor employee's employment.

(3) Upon contract completion or termination.

(c) The Contracting Officer may delay final payment under a contract if the Contractor fails to comply with these requirements.

(d) The Contractor shall insert the substance of this clause, including this paragraph (d), in all subcontracts when the subcontractor's employees are required to have routine physical access to a Federally-controlled facility and/or routine access to a Federally-controlled information system. It shall be the responsibility of the prime Contractor to return such identification to the issuing agency in accordance with the terms set forth in paragraph (b) of this section, unless otherwise approved in writing by the Contracting Officer.

[Note: For purposes of this Contract, a Federally-controlled information system means the OPM Letter of Credit System.]

SECTION 5.68
PRIVACY OR SECURITY SAFEGUARDS (AUG 1996) (FAR 52.239-1)

(a) The Contractor shall not publish or disclose in any manner, without the Contracting Officer's written consent, the details of any safeguards either designed or developed by the Contractor under this contract or otherwise provided by the Government.

(b) To the extent required to carry out a program of inspection to safeguard against threats and hazards to the security, integrity, and confidentiality of Government data, the Contractor shall afford the Government access to the Contractor's facilities, installations, technical capabilities, operations, documentation, records, and databases.

(c) If new or unanticipated threats or hazards are discovered by either the Government or the Contractor, or if existing safeguards have ceased to function, the discoverer shall immediately bring the situation to the attention of the other party.

[Note: For purposes of this Contract and this clause, privacy or security safeguards pertain to the OPM Letter of Credit System.]

SECTION 5.69
ENCOURAGING CONTRACTOR POLICIES TO BAN TEXT MESSAGING WHILE

DRIVING (JUN 2020) (FAR 52.223-18)

(a) Definitions. As used in this clause—

"Driving"–

(1) Means operating a motor vehicle on an active roadway with the motor running, including while temporarily stationary because of traffic, a traffic light, stop sign, or otherwise.

(2) Does not include operating a motor vehicle with or without the motor running when one has pulled over to the side of, or off, an active roadway and has halted in a location where one can safely remain stationary.

"Text messaging" means reading from or entering data into any handheld or other electronic device, including for the purpose of short message service texting, e-mailing, instant messaging, obtaining navigational information, or engaging in any other form of electronic data retrieval or electronic data communication. The term does not include glancing at or listening to a navigational device that is secured in a commercially designed holder affixed to the vehicle, provided that the destination and route are programmed into the device either before driving or while stopped in a location off the roadway where it is safe and legal to park.

(b) This clause implements Executive Order 13513, Federal Leadership on Reducing Text Messaging While Driving, dated October 1, 2009.

(c) The Contractor is encouraged to—

(1) Adopt and enforce policies that ban text messaging while driving—

(i) Company-owned or -rented vehicles or Government-owned vehicles; or

(ii) Privately-owned vehicles when on official Government business or when performing any work for or on behalf of the Government.

(2) Conduct initiatives in a manner commensurate with the size of the business, such as—

(i) Establishment of new rules and programs or re-evaluation of existing programs to prohibit text messaging while driving; and

(ii) Education, awareness, and other outreach to employees about the safety risks associated with texting while driving.

(d) Subcontracts. The Contractor shall insert the substance of this clause, including this paragraph (d), in all subcontracts that exceed the micro-purchase threshold, as defined in Federal Acquisition Regulation 2.101 on the date of subcontract award.

SECTION 5.70
CONTRACTOR EMPLOYEE WHISTLEBLOWER RIGHTS AND REQUIREMENT TO INFORM EMPLOYEES OF WHISTLEBLOWER RIGHTS (JUN 2020) (FAR 52.203-17).

(a) This contract and employees working on this contract will be subject to the whistleblower rights and remedies in the pilot program on Contractor employee whistleblower protections established at 41 U.S.C. 4712 by section 828 of the National Defense Authorization Act for Fiscal Year 2013 (Pub. L. 112-239) and Federal Acquisition Regulation (FAR) 3.908

(b) The Contractor shall inform its employees in writing, in the predominant language of the workforce, of employee whistleblower rights and protections under 41 U.S.C. 4712, as described in section FAR 3.908.

(c) The Contractor shall insert the substance of this clause, including this paragraph (c), in all subcontracts over the simplified acquisition threshold, as defined in FAR 2.101 on the date of subcontract award.

SECTION 5.71
COMBATING TRAFFICKING IN PERSONS (OCT 2020) (FAR 52.222-50)

(a) Definitions. As used in this clause—

"Agent" means any individual, including a director, an officer, an employee, or an independent contractor, authorized to act on behalf of the organization.

"Coercion" means—

(1) Threats of serious harm to or physical restraint against any person;

(2) Any scheme, plan, or pattern intended to cause a person to believe that failure to perform an act would result in serious harm to or physical restraint against any person; or

(3) The abuse or threatened abuse of the legal process. "Commercial sex act" means any sex act on account of which anything of value is given to or received by any person.

"Commercially available off-the-shelf (COTS) item" means-

(1) Any item of supply (including construction material) that is-

(i) A commercial item (as defined in paragraph (1) of the definition at FAR 2.101);

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

"Debt bondage" means the status or condition of a debtor arising from a pledge by the debtor of his or her personal services or of those of a person under his or her control as a security for debt, if the value of those services as reasonably assessed is not applied toward the liquidation of the debt or the length and nature of those services are not respectively limited and defined.

"Employee" means an employee of the Contractor directly engaged in the performance of work under the contract who has other than a minimal impact or involvement in contract performance.

"Forced labor" means knowingly providing or obtaining the labor or services of a person—

(1) By threats of serious harm to, or physical restraint against, that person or another person;

(2) By means of any scheme, plan, or pattern intended to cause the person to believe that, if the person did not perform such labor or services, that person or another person would suffer serious harm or physical restraint; or

(3) By means of the abuse or threatened abuse of law or the legal process.

"Involuntary servitude" includes a condition of servitude induced by means of—

(1) Any scheme, plan, or pattern intended to cause a person to believe that, if the person did not enter into or continue in such conditions, that person or another person would suffer serious harm or physical restraint; or

(2) The abuse or threatened abuse of the legal process.

"Recruitment fees" means fees of any type, including charges, costs, assessments, or other financial obligations, that are associated with the recruiting process, regardless of the time, manner, or location of imposition or collection of the fee.

(1) Recruitment fees include, but are not limited to, the following fees (when they are associated with the recruiting process) for—

(i) Soliciting, identifying, considering, interviewing, referring, retaining, transferring, selecting, training, providing orientation to, skills testing, recommending, or placing employees or potential employees;

(ii) Advertising;

(iii) Obtaining permanent or temporary labor certification, including any associated fees;

(iv) Processing applications and petitions;

(v) Acquiring visas, including any associated fees;

(vi) Acquiring photographs and identity or immigration documents, such as passports, including any associated fees;

(vii) Accessing the job opportunity, including required medical examinations and immunizations; background, reference, and security clearance checks and examinations; and additional certifications;

(viii) An employer's recruiters, agents or attorneys, or other notary or legal fees;

(ix) Language interpretation or translation, arranging for or accompanying on travel, or providing other advice to employees or potential employees;

(x) Government-mandated fees, such as border crossing fees, levies, or worker welfare funds;

(xi) Transportation and subsistence costs—

(A) While in transit, including, but not limited to, airfare or costs of other modes of transportation, terminal fees, and travel taxes associated with travel from the country of origin to the country of performance and the return journey upon the end of employment; and

(B) From the airport or disembarkation point to the worksite;

(xii) Security deposits, bonds, and insurance; and

(xiii) Equipment charges.

(2) A recruitment fee, as described in the introductory text of this definition, is a recruitment fee, regardless of whether the payment is—

(i) Paid in property or money;

(ii) Deducted from wages;

(iii) Paid back in wage or benefit concessions;

(iv) Paid back as a kickback, bribe, in-kind payment, free labor, tip, or tribute; or

(v) Collected by an employer or a third party, whether licensed or unlicensed, including, but not limited to—

(A) Agents;

(B) Labor brokers;

(C) Recruiters;

(D) Staffing firms (including private employment and placement firms);

(E) Subsidiaries/affiliates of the employer;

(F) Any agent or employee of such entities; and

(G) Subcontractors at all tiers.

"Severe forms of trafficking in persons" means—

(1) Sex trafficking in which a commercial sex act is induced by force, fraud, or coercion, or in which the person induced to perform such act has not attained 18 years of age; or

(2) The recruitment, harboring, transportation, provision, or obtaining of a person for labor or services, through the use of force, fraud, or coercion for the purpose of subjection to involuntary servitude, peonage, debt bondage, or slavery.

"Sex trafficking" means the recruitment, harboring, transportation, provision, or obtaining of a person for the purpose of a commercial sex act.

"Subcontract" means any contract entered into by a subcontractor to furnish supplies or services for performance of a prime contract or a subcontract.

"Subcontractor" means any supplier, distributor, vendor, or firm that furnishes supplies or services to or for a prime contractor or another subcontractor.

"United States" means the 50 States, the District of Columbia, and outlying areas.

(b) Policy. The United States Government has adopted a policy prohibiting trafficking in persons including the trafficking-related activities of this clause. Contractors, contractor employees, and their agents shall not—

(1) Engage in severe forms of trafficking in persons during the period of performance of the contract;

(2) Procure commercial sex acts during the period of performance of the contract; or

(3) Use forced labor in the performance of the contract.

(4) Destroy, conceal, confiscate, or otherwise deny access by an employee to the employee's identity or immigration documents, such as passports or drivers' licenses, regardless of issuing authority;

(5)(i) Use misleading or fraudulent practices during the recruitment of employees or offering of employment, such as failing to disclose, in a format and language understood by the employee or potential employee, basic information or making material misrepresentations during the recruitment of employees regarding the key terms and conditions of employment, including wages and fringe benefits, the location of work, the living conditions, housing and associated costs (if employer or agent provided or arranged), any significant cost to be charged to the employee, and, if applicable, the hazardous nature of the work;

(ii) Use recruiters that do not comply with local labor laws of the country in which the recruiting takes place;

(6) Charge employees or potential employees recruitment fees;

(7)(i) Fail to provide return transportation or pay for the cost of return transportation upon the end of employment-

(A) For an employee who is not a national of the country in which the work is taking place and who was brought into that country for the purpose of working on a U.S. Government contract or subcontract (for portions of contracts performed outside the United States); or

(B) For an employee who is not a United States national and who was brought into the United States for the purpose of working on a U.S. Government contract or subcontract, if the payment of such costs is required under existing temporary worker programs or pursuant to a written agreement with the employee (for portions of contracts performed inside the United States); except that-

(ii) The requirements of paragraphs (b)(7)(i) of this clause shall not apply to an employee who is-

(A) Legally permitted to remain in the country of employment and who chooses to do so; or

(B) Exempted by an authorized official of the contracting agency from the requirement to provide return transportation or pay for the cost of return transportation;

(iii) The requirements of paragraph (b)(7)(i) of this clause are modified for a victim of trafficking in persons who is seeking victim services or legal redress in the country of employment, or for a witness in an enforcement action related to trafficking in persons. The contractor shall provide the return transportation or pay the cost of return transportation in a way that does not obstruct the victim services, legal redress, or witness activity. For example, the contractor shall not only offer return transportation to a witness at a time when the witness is still

needed to testify. This paragraph does not apply when the exemptions at paragraph (b)(7)(ii) of this clause apply.

(8) Provide or arrange housing that fails to meet the host country housing and safety standards; or

(9) If required by law or contract, fail to provide an employment contract, recruitment agreement, or other required work document in writing. Such written work document shall be in a language the employee understands. If the employee must relocate to perform the work, the work document shall be provided to the employee at least five days prior to the employee relocating. The employee's work document shall include, but is not limited to, details about work description, wages, prohibition on charging recruitment fees, work location(s), living accommodations and associated costs, time off, roundtrip transportation arrangements, grievance process, and the content of applicable laws and regulations that prohibit trafficking in persons.

(c) Contractor requirements. The Contractor shall—

(1) Notify its employees and agents of—

(i) The United States Government's policy prohibiting trafficking in persons, described in paragraph (b) of this clause; and

(ii) The actions that will be taken against employees or agents for violations of this policy. Such actions for employees may include, but are not limited to, removal from the contract, reduction in benefits, or termination of employment; and

(2) Take appropriate action, up to and including termination, against employees, agents, or subcontractors that violate the policy in paragraph (b) of this clause.

(d) *Notification*.

(1) The Contractor shall inform the Contracting Officer and the agency Inspector General immediately of—

(i)Any credible information it receives from any source (including host country law enforcement) that alleges a Contractor employee, subcontractor, subcontractor employee, or their agent has engaged in conduct that violates the policy; in in paragraph (b) of this clause (see also 18 U.S.C. 1351, Fraud in Foreign Labor Contracting, and 52.203-13(b)(3)(i)(A), if that clause is included in the solicitation or contract, which requires disclosure to the agency Office of the Inspector General when the Contractor has credible evidence of fraud) ; and

(ii) Any actions taken against a Contractor employee, subcontractor, or subcontractor employee, or their agent pursuant to this clause.

(2) If the allegation may be associated with more than one contract, the Contractor shall inform the contracting officer for the contract with the highest dollar value.

(e) *Remedies*. In addition to other remedies available to the Government, the Contractor's failure to comply with the requirements of paragraphs (c), (d), (g), (h) or (i) of this clause may result in—

(1) Requiring the Contractor to remove a Contractor employee or employees from the performance of the contract;

(2) Requiring the Contractor to terminate a subcontract;

(3) Suspension of contract payments until the Contractor has taken appropriate remedial action;

(4) Loss of award fee, consistent with the award fee plan, for the performance period in which the Government determined Contractor non-compliance;

(5) Declining to exercise available options under the contract;

(6) Termination of the contract for default or cause, in accordance with the termination clause of this contract; or

(7) Suspension or debarment.

(f) Mitigating and aggravating factors. When determining remedies, the Contracting Officer may consider the following:

(1) Mitigating factors. The Contractor had a Trafficking in Persons compliance plan or an awareness program at the time of the violation, was in compliance with the plan, and has taken appropriate remedial actions for the violation, that may include reparation to victims for such violations.

(2) Aggravating factors. The Contractor failed to abate an alleged violation or enforce the requirements of a compliance plan, when directed by the Contracting Officer to do so.

(g) Full cooperation.

(1) The Contractor shall, at a minimum-

(i) Disclose to the agency Inspector General information sufficient to identify the nature and extent of an offense and the individuals responsible for the conduct;

(ii) Provide timely and complete responses to Government auditors' and investigators' requests for documents;

(iii) Cooperate fully in providing reasonable access to its facilities and staff (both inside and outside the U.S.) to allow contracting agencies and other responsible Federal agencies to conduct audits, investigations, or other actions to ascertain compliance with the Trafficking Victims Protection Act of 2000 (22 U.S.C. chapter 78), E.O. 13627, or any other applicable law or regulation establishing restrictions on trafficking in persons, the procurement of commercial sex acts, or the use of forced labor; and

(iv) Protect all employees suspected of being victims of or witnesses to prohibited activities, prior to returning to the country from which the employee was recruited, and shall not prevent or hinder the ability of these employees from cooperating fully with Government authorities.

(2) The requirement for full cooperation does not foreclose any Contractor rights arising in law, the FAR, or the terms of the contract. It does not-

(i) Require the Contractor to waive its attorney-client privilege or the protections afforded by the attorney work product doctrine;

(ii) Require any officer, director, owner, employee, or agent of the Contractor, including a sole proprietor, to waive his or her attorney client privilege or Fifth Amendment rights; or

(iii) Restrict the Contractor from-

(A) Conducting an internal investigation; or

(B) Defending a proceeding or dispute arising under the contract or related to a potential or disclosed violation.

(h) Compliance plan.

(1) This paragraph (h) applies to any portion of the contract that-

(i) Is for supplies, other than commercially available off-the-shelf items, acquired outside the United States, or services to be performed outside the United States; and

(ii) Has an estimated value that exceeds $550,000.

(2) The Contractor shall maintain a compliance plan during the performance of the contract that is appropriate-

(i) To the size and complexity of the contract; and

(ii) To the nature and scope of the activities to be performed for the Government, including the number of non-United States citizens expected to be employed and the risk that the contract or subcontract will involve services or supplies susceptible to trafficking in persons.

(3) Minimum requirements. The compliance plan must include, at a minimum, the following:

(i) An awareness program to inform contractor employees about the Government's policy prohibiting trafficking-related activities described in paragraph (b) of this clause, the activities prohibited, and the actions that will be taken against the employee for violations. Additional information about Trafficking in Persons and examples of awareness programs can be found at the website for the Department of State's Office to Monitor and Combat Trafficking in Persons at http://www.state.gov/j/tip/.

(ii) A process for employees to report, without fear of retaliation, activity inconsistent with the policy prohibiting trafficking in persons, including a means to make available to all employees the hotline phone number of the Global Human Trafficking Hotline at 1-844-888-FREE and its email address at help@befree.org.

(iii) A recruitment and wage plan that only permits the use of recruitment companies with trained employees, prohibits charging recruitment fees to the employee or potential employees, and ensures that wages meet applicable host-country legal requirements or explains any variance.

(iv) A housing plan, if the Contractor or subcontractor intends to provide or arrange housing, that ensures that the housing meets host-country housing and safety standards.

(v) Procedures to prevent agents and subcontractors at any tier and at any dollar value from engaging in trafficking in persons (including activities in paragraph (b) of this clause) and to monitor, detect, and terminate any agents, subcontracts, or subcontractor employees that have engaged in such activities.

(4) Posting.

(i) The Contractor shall post the relevant contents of the compliance plan, no later than the initiation of contract performance, at the workplace (unless the work is to be performed in the field or not in a fixed location) and on the Contractor's Web site (if one is maintained). If posting at the workplace or on the Web site is impracticable, the Contractor shall provide the relevant contents of the compliance plan to each worker in writing.

(ii) The Contractor shall provide the compliance plan to the Contracting Officer upon request.

(5) Certification. Annually after receiving an award, the Contractor shall submit a certification to the Contracting Officer that-

(i) It has implemented a compliance plan to prevent any prohibited activities identified at paragraph (b) of this clause and to monitor, detect, and terminate any agent, subcontract or subcontractor employee engaging in prohibited activities; and

(ii) After having conducted due diligence, either-

(A) To the best of the Contractor's knowledge and belief, neither it nor any of its agents, subcontractors, or their agents is engaged in any such activities; or

(B) If abuses relating to any of the prohibited activities identified in paragraph (b) of this clause have been found, the Contractor or subcontractor has taken the appropriate remedial and referral actions.

(i) *Subcontracts*.

(1) The Contractor shall include the substance of this clause, including this paragraph (f), in all subcontracts and in all contracts with agents. The requirements in paragraph (h) of this clause apply only to any portion of the subcontract that-

(i) Is for supplies, other than commercially available off-the-shelf items, acquired outside the United States, or services to be performed outside the United States; and

(ii) Has an estimated value that exceeds $550,000.

(2) If any subcontractor is required by this clause to submit a certification, the Contractor shall require submission prior to the award of the subcontract and annually thereafter. The certification shall cover the items in paragraph (h)(5) of this clause.

SECTION 5.72
BASIC SAFEGUARDING OF COVERED CONTRACTOR INFORMATION SYSTEMS (JUN 2016) (FAR 52.204-21)

(a) Definitions. As used in this clause Covered contractor information system means an information system that is owned or operated by a contractor that processes, stores, or transmits Federal contract information.

Federal contract information means information, not intended for public release, that is provided by or generated for the Government under a contract to develop or deliver a product or service to the Government, but not including information provided by the Government to the public (such as on public Web sites) or simple transactional information, such as necessary to process payments.

Information means any communication or representation of knowledge such as facts, data, or opinions, in any medium or form, including textual, numerical, graphic, cartographic, narrative, or audiovisual (Committee on National Security Systems Instruction (CNSSI) 4009).

Information system means a discrete set of information resources organized for the collection, processing, maintenance, use, sharing, dissemination, or disposition of information (44 U.S.C. 3502).

Safeguarding means measures or controls that are prescribed to protect information systems.

(b) Safeguarding requirements and procedures. (1) The Contractor shall apply the following basic safeguarding requirements and procedures to protect covered contractor information systems. Requirements and procedures for basic safeguarding of covered contractor information systems shall include, at a minimum, the following security controls:

(i) Limit information system access to authorized users, processes acting on behalf of authorized users, or devices (including other information systems).

(ii) Limit information system access to the types of transactions and functions that authorized users are permitted to execute.

(iii) Verify and control/limit connections to and use of external information systems.

(iv) Control information posted or processed on publicly accessible information systems.

(v) Identify information system users, processes acting on behalf of users, or devices.

(vi) Authenticate (or verify) the identities of those users, processes, or devices, as a prerequisite to allowing access to organizational information systems.

(vii) Sanitize or destroy information system media containing Federal Contract Information before disposal or release for reuse.

(viii) Limit physical access to organizational information systems, equipment, and the respective operating environments to authorized individuals.

(ix) Escort visitors and monitor visitor activity; maintain audit logs of physical access; and control and manage physical access devices.

(x) Monitor, control, and protect organizational communications (i.e., information transmitted or received by organizational information systems) at the external boundaries and key internal boundaries of the information systems.

(xi) Implement subnetworks for publicly accessible system components that are physically or logically separated from internal networks.

(xii) Identify, report, and correct information and information system flaws in a timely manner.

(xiii) Provide protection from malicious code at appropriate locations within organizational information systems.

(xiv) Update malicious code protection mechanisms when new releases are available.

(xv) Perform periodic scans of the information system and real-time scans of files from external sources as files are downloaded, opened, or executed.

(2) Other requirements. This clause does not relieve the Contractor of any other specific safeguarding requirements specified by Federal agencies and departments relating to covered contractor information systems generally or other Federal safeguarding requirements for controlled unclassified information (CUI) as established by Executive Order 13556.

(c) Subcontracts. The Contractor shall include the substance of this clause, including this paragraph (c), in subcontracts under this contract (including subcontracts for the acquisition of commercial items, other than commercially available off-the-shelf items), in which the subcontractor may have Federal contract information residing in or transiting through its information system.

SECTION 5.73
PROHIBITION ON REQUIRING CERTAIN INTERNAL CONFIDENTIALITY AGREEMENTS OR STATEMENTS (JAN 2017) (FAR 52.203-19)

(a) *Definitions*. As used in this clause–

"Internal confidentiality agreement or statement" means a confidentiality agreement or any other written statement that the contractor requires any of its employees or subcontractors to sign regarding nondisclosure of contractor information, except that it does not include confidentiality agreements arising out of civil litigation or confidentiality agreements that contractor employees or subcontractors sign at the behest of a Federal agency.

"Subcontract" means any contract as defined in subpart 2.1 entered into by a subcontractor to furnish supplies or services for performance of a prime contract or a subcontract. It includes but is not limited to purchase orders, and changes and modifications to purchase orders.

"Subcontractor" means any supplier, distributor, vendor, or firm (including a consultant) that furnishes supplies or services to or for a prime contractor or another subcontractor.

(b) The Contractor shall not require its employees or subcontractors to sign or comply with internal confidentiality agreements or statements prohibiting or otherwise restricting such

employees or subcontractors from lawfully reporting waste, fraud, or abuse related to the performance of a Government contract to a designated investigative or law enforcement representative of a Federal department or agency authorized to receive such information (*e.g.*, agency Office of the Inspector General).

(c) The Contractor shall notify current employees and subcontractors that prohibitions and restrictions of any preexisting internal confidentiality agreements or statements covered by this clause, to the extent that such prohibitions and restrictions are inconsistent with the prohibitions of this clause, are no longer in effect.

(d) The prohibition in paragraph (b) of this clause does not contravene requirements applicable to Standard Form 312 (Classified Information Nondisclosure Agreement), Form 4414 (Sensitive Compartmented Information Nondisclosure Agreement), or any other form issued by a Federal department or agency governing the nondisclosure of classified information.

(e) In accordance with section 743 of Division E, Title VII, of the Consolidated and Further Continuing Appropriations Act, 2015, (Pub. L. 113-235), and its successor provisions in subsequent appropriations acts (and as extended in continuing resolutions) use of funds appropriated (or otherwise made available) is prohibited, if the Government determines that the Contractor is not in compliance with the provisions of this clause.

(f) The Contractor shall include the substance of this clause, including this paragraph (f), in subcontracts under such contracts.

SECTION 5.74
PROHIBITION ON CONTRACTING FOR HARDWARE, SOFTWARE, AND SERVICES DEVELOPED OR PROVIDED BY KASPERSKY LAB AND OTHER COVERED ENTITIES (JUL 2018) (FAR 52.204-23).

(a) *Definitions*. As used in this clause—

"Covered article" means any hardware, software, or service that–

(1) Is developed or provided by a covered entity;

(2) Includes any hardware, software, or service developed or provided in whole or in part by a covered entity; or

(3) Contains components using any hardware or software developed in whole or in part by a covered entity.

"Covered entity" means–

(1) Kaspersky Lab;

(2) Any successor entity to Kaspersky Lab;

(3) Any entity that controls, is controlled by, or is under common control with Kaspersky Lab; or

(4) Any entity of which Kaspersky Lab has a majority ownership.

(b) *Prohibition*. Section 1634 of Division A of the National Defense Authorization Act for Fiscal Year 2018 (Pub. L. 115-91) prohibits Government use of any covered article. The Contractor is prohibited from—

(1) Providing any covered article that the Government will use on or after October 1, 2018; and

(2) Using any covered article on or after October 1, 2018, in the development of data or deliverables first produced in the performance of the contract.

(c) *Reporting requirement*.

(1) In the event the Contractor identifies a covered article provided to the Government during contract performance, or the Contractor is notified of such by a subcontractor at any tier

or any other source, the Contractor shall report, in writing, to the Contracting Officer or, in the case of the Department of Defense, to the website at https://dibnet.dod.mil. For indefinite delivery contracts, the Contractor shall report to the Contracting Officer for the indefinite delivery contract and the Contracting Officer(s) for any affected order or, in the case of the Department of Defense, identify both the indefinite delivery contract and any affected orders in the report provided at https://dibnet.dod.mil.

(2) The Contractor shall report the following information pursuant to paragraph (c)(1) of this clause:

(i) Within 1 business day from the date of such identification or notification: the contract number; the order number(s), if applicable; supplier name; brand; model number (Original Equipment Manufacturer (OEM) number, manufacturer part number, or wholesaler number); item description; and any readily available information about mitigation actions undertaken or recommended.

(ii) Within 10 business days of submitting the report pursuant to paragraph (c)(1) of this clause: any further available information about mitigation actions undertaken or recommended. In addition, the Contractor shall describe the efforts it undertook to prevent use or submission of a covered article, any reasons that led to the use or submission of the covered article, and any additional efforts that will be incorporated to prevent future use or submission of covered articles.

(d) Subcontracts. The Contractor shall insert the substance of this clause, including this paragraph (d), in all subcontracts, including subcontracts for the acquisition of commercial items.

SECTION 5.75
PROHIBITION ON CONTRACTING FOR CERTAIN TELECOMMUNICATIONS AND VIDEO SURVEILLANCE SERVICES OR EQUIPMENT (AUG 2020) (FAR 52.204-25).

(a) *Definitions.* As used in this clause—

"Backhaul" means intermediate links between the core network, or backbone network, and the small subnetworks at the edge of the network (e.g., connecting cell phones/towers to the core telephone network). Backhaul can be wireless (e.g., microwave) or wired (e.g., fiber optic, coaxial cable, Ethernet).

"Covered foreign country" means The People's Republic of China.

"Covered telecommunications equipment or services" means–

(1) Telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities);

(2) For the purpose of public safety, security of Government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities);

(3) Telecommunications or video surveillance services provided by such entities or using such equipment; or

(4) Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.

"Critical technology" means–

(1) Defense articles or defense services included on the United States Munitions List set forth in the International Traffic in Arms Regulations under subchapter M of chapter I of title 22, Code of Federal Regulations;

(2) Items included on the Commerce Control List set forth in Supplement No. 1 to part 774 of the Export Administration Regulations under subchapter C of chapter VII of title 15, Code of Federal Regulations, and controlled-

(i) Pursuant to multilateral regimes, including for reasons relating to national security, chemical and biological weapons proliferation, nuclear nonproliferation, or missile technology; or

(ii) For reasons relating to regional stability or surreptitious listening;

(3) Specially designed and prepared nuclear equipment, parts and components, materials, software, and technology covered by part 810 of title 10, Code of Federal Regulations (relating to assistance to foreign atomic energy activities);

(4) Nuclear facilities, equipment, and material covered by part 110 of title 10, Code of Federal Regulations (relating to export and import of nuclear equipment and material);

(5) Select agents and toxins covered by part 331 of title 7, Code of Federal Regulations, part 121 of title 9 of such Code, or part 73 of title 42 of such Code; or

(6) Emerging and foundational technologies controlled pursuant to section 1758 of the Export Control Reform Act of 2018 (50 U.S.C. 4817).

"Interconnection arrangements" means arrangements governing the physical connection of two or more networks to allow the use of another's network to hand off traffic where it is ultimately delivered (e.g., connection of a customer of telephone provider A to a customer of telephone company B) or sharing data and other information resources.

"Reasonable inquiry" means an inquiry designed to uncover any information in the entity's possession about the identity of the producer or provider of covered telecommunications equipment or services used by the entity that excludes the need to include an internal or third- party audit.

"Roaming" means cellular communications services (e.g., voice, video, data) received from a visited network when unable to connect to the facilities of the home network either because signal coverage is too weak or because traffic is too high.

"Substantial or essential component" means any component necessary for the proper function or performance of a piece of equipment, system, or service.

(b) *Prohibition.* (1) Section 889(a)(1)(A) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115–232) prohibits the head of an executive agency on or after August 13, 2019, from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. The Contractor is prohibited from providing to the Government any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless an exception at paragraph (c) of this clause applies or the covered telecommunication equipment or services are covered by a waiver described in FAR 4.2104.

(2) Section 889(a)(1)(B) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115–232) prohibits the head of an executive agency on or after August 13, 2020, from entering into a contract, or extending or renewing a contract, with an entity that uses any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of

any system, unless an exception at paragraph (c) of this clause applies or the covered telecommunication equipment or services are covered by a waiver described in FAR 4.2104. This prohibition applies to the use of covered telecommunications equipment or services, regardless of whether that use is in performance of work under a Federal contract.

(c) *Exceptions.* This clause does not prohibit contractors from providing—

(1) A service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(2) Telecommunications equipment that cannot route or redirect user data traffic or permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(d) Reporting requirement. (1)In the event the Contractor identifies covered telecommunications equipment or services used as a substantial or essential component of any system, or as critical technology as part of any system, during contract performance, or the Contractor is notified of such by a subcontractor at any tier or by any other source, the Contractor shall report the information in paragraph (d)(2) of this clause to the Contracting Officer, unless elsewhere in this contract are established procedures for reporting the information; in the case of the Department of Defense, the Contractor shall report to the website at https://dibnet.dod.mil. For indefinite delivery contracts, the Contractor shall report to the Contracting Officer for the indefinite delivery contract and the Contracting Officer(s) for any affected order or, in the case of the Department of Defense, identify both the indefinite delivery contract and any affected orders in the report provided at https://dibnet.dod.mil.

(2) The Contractor shall report the following information pursuant to paragraph (d)(1) of this clause

(i) Within one business day from the date of such identification or notification: the contract number; the order number(s), if applicable; supplier name; supplier unique entity identifier (if known); supplier Commercial and Government Entity (CAGE) code (if known); brand; model number (original equipment manufacturer number, manufacturer part number, or wholesaler number); item description; and any readily available information about mitigation actions undertaken or recommended.

(ii) Within 10 business days of submitting the information in paragraph (d)(2)(i) of this clause: any further available information about mitigation actions undertaken or recommended. In addition, the Contractor shall describe the efforts it undertook to prevent use or submission of covered telecommunications equipment or services, and any additional efforts that will be incorporated to prevent future use or submission of covered telecommunications equipment or services.

(e) *Subcontracts.* The Contractor shall insert the substance of this clause, including this paragraph (e) and excluding (b)(2), in all subcontracts and other contractual instruments, including subcontracts for the acquisition of commercial items.

SECTION 5.76
ENSURING ADEQUATE COVID-19 SAFETY PROTOCOLS FOR FEDERAL CONTRACTORS (JAN 2022) (DEVIATION)

(a) Definition. As used in this clause – United States or its outlying areas means—

(1) The fifty States;

(2) The District of Columbia;

(3) The commonwealths of Puerto Rico and the Northern Mariana Islands;

(4) The territories of American Samoa, Guam, and the United States Virgin Islands; and

(5) The minor outlying islands of Baker Island, Howland Island, Jarvis Island, Johnston Atoll, Kingman Reef, Midway Islands, Navassa Island, Palmyra Atoll, and Wake Atoll.

(b) Authority. This clause implements Executive Order 14042, Ensuring Adequate COVID Safety Protocols for Federal Contractors, dated September 9, 2021 (published in the Federal Register on September 14, 2021, 86 FR 50985).

(c) Compliance. The Contractor shall comply with all guidance, including guidance conveyed through Frequently Asked Questions, as amended during the performance of this contract, for contractor or subcontractor workplace locations published by the Safer Federal Workforce Task Force (Task Force Guidance) at https:/www.saferfederalworkforce.gov/contractors/.

(d) Subcontracts. The Contractor shall include the substance of this clause, including this paragraph (d), in subcontracts at any tier that exceed the simplified acquisition threshold, as defined in Federal Acquisition Regulation 2.101 on the date of subcontract award, and are for services, including construction, performed in whole or in part within the United States or its outlying areas.

APPENDIX A

ATTACH

2022 FEHB BROCHURE

APPENDIX B

SUBSCRIPTION RATES, CHARGES, ALLOWANCES AND LIMITATIONS

Fee-For-Service Carrier

(Blue Cross and Blue Shield Association)
CONTRACT NO. CS 1039
Effective January 1, 2022

(a) Biweekly net-to-Carrier rates, with appropriate adjustments for Enrollees paid on other than a biweekly basis, are as follows:

$308.40 Self, $693.04 Self Plus One, and $756.17 Family BASIC Option
$358.01 Self, $782.92 Self Plus One, and $854.08 Family STANDARD Option
$204.40 Self, $439.44 Self Plus One, and $483.37 Family FOCUS Option

(b)The amount of administrative expenses and charges to be included in the Annual Accounting Statement required by Section 3.2 shall be as set out in the schedule below:

Item	Amount
(i) Administrative Expenses	Actual, but not to exceed the Contractual Expense Limitation for 2022,* plus an amount sufficient to cover the costs needed to pay the Plan's Independent Public Accountant to undertake the audits and agreed upon procedures required in the "FEHBP Experienced-Rated Carrier and Service Organization Audit Guide."
(ii) Taxes	Actual (except that premium taxes as defined are not allowable).
(iii) Service Charge**	[redacted]

*The Contractual Expense Limitation for 2022 is [redacted]. Notwithstanding Section 3.2(b) of this Contract, costs of "activities that improve healthcare quality" as determined in accordance with the medical loss ratio provision of the Affordable Care Act (Section 2718 of the Public Health Service act; 42 U.S.C. 300gg-18 and its implementing regulations), are accounted for as benefits and not counted toward the Contractual Expense Limit.

** The Service Charge for the 2022 contract year is based on the Overall Performance Score calculated in accordance with the 2021 Appendix F. The Service Charge for the 2023 contract year will be based on the Overall Performance Score calculated in accordance with the 2022 Appendix F.

APPENDIX C
FEHB Supplemental Literature Guidelines
(RV JAN 2016)

This is the primary guide a Carrier should use to assess whether the Carrier's supplemental marketing literature, including website material, complies with FEHBAR 1603.70, Misleading, Deceptive or Unfair Advertising. (Use the NAIC Guidelines for additional guidance when needed.)

a) GENERAL

1. Section 1.13 of the FEHB contract requires that the Carrier may not distribute or display marketing materials or other supplemental literature (including provider directories) in a Federal or Tribal Employer facility or arrange for the distribution of such documents by Federal agencies or Tribal Employers unless the documents have been prepared in accordance with FEHBAR 1652.203-70, and the Carrier has certified to OPM that is the case.

2. Review supplemental marketing material for compliance each year, whether or not it changed from the past year.

3. Word the literature simply and concisely to get a readily understandable, attractive marketing piece.

4. Include sufficient detail to ensure accuracy.

5. Under the FEHBP, the FEHB brochure is based on text approved by OPM and is a complete statement of benefits, limitations, and exclusions. Include the following statement (website material should include the statement as a preface) in all supplemental literature which in any way discusses Plan benefits:

"This is a summary [or brief description] of the features of the [insert Plan's name]. Before making a final decision, please read the Plan's Federal brochure ([insert brochure number]). All benefits are subject to the definitions, limitations, and exclusions set forth in the Federal brochure."

6. You may include non-FEHBP benefits, i.e., benefits which are not FEHB benefits and are not guaranteed under the Federal contract with the following disclaimer:

"These benefits are neither offered nor guaranteed under contract with the FEHB Program, but are made available to all Enrollees and family members who become members of [insert Plan's name]."

7. Supplemental literature must be clearly distinguishable from the Federal brochure.

8. Do not use the FEHB logo in your supplemental literature.

9. Do not use material which conflicts with the Federal brochure. If your material conflicts, you must change the material or not distribute it.

b) RATE PRESENTATIONS

Under the FEHBP there are only three categories of enrollment, Self Only, Self Plus One, and Self and Family. For most enrollments, the premium for each enrollee's enrollment is shared between the enrollee and the Government or Tribal Employer. The Government or Tribal Employer contribution is based on the formula provided in the FEHB law. Deductions for most enrollees' share, along with the Government's contribution or Tribal Employer's contribution, are made in accordance with the schedule on which the employee, Tribal Employee, or annuitant's (retiree) salary or annuitant check is issued by the Enrollee's agency, Tribal Employer, or annuitant's system. Most employees are paid biweekly. Annuitants are issued monthly checks.

Employees, Tribal Employees, and annuitants do not have separate categories of enrollment. They pay the same rates, whether on a biweekly, semimonthly, or monthly basis, and receive the same benefits when they are in the same FEHB Plan, except that active Postal employees pay a lesser share, as their cost sharing formula with the Postal Service calls for a greater Government contribution.

The Enrollee's share for each FEHB Plan for each type of enrollment (Self Only, Self Plus One, and Self and Family) can be found on the FEHB Program website. Biweekly and monthly rates are also shown on an insert you prepare for your brochure.

In making your rate presentations:

1. With the exception of the Summary of Benefits and Coverage referenced at section 1.13(e), list your FEHB rates in each piece of supplemental material which lists benefits. Do not list the rates of any competitor Plan.
2. Immediately above the rates include the following statement:
"These rates do not apply to all Enrollees. If you are in a special enrollment category, please refer to the FEHB Program website or contact the agency or Tribal Employer which maintains your health benefits enrollment."
3. If you wish to list Postal rates in addition to non-Postal rates, Postal and non-Postal rates should be clearly identified and listed separately. (Please note there are no monthly Postal rates; upon retirement, Postal employees receive the non-postal contribution.)

c) BENEFIT PRESENTATIONS

Please note the following:

1. Do not compare your benefits or operations with that of any other Plan.
2. Accurately describe your FEHB benefits offering.
3. Avoid incomplete or overstated benefit descriptions, or those which conflict with the Federal brochure.
4. Show applicable coverage limitations, such as day or dollar limitations, coinsurance or deductibles.
5. Do not list exclusions and limitations not listed in the Federal brochure.
6. Do not include general references not in the brochure.
7. Do not reference coverage for which a Federal employee, Tribal Employee, or retiree would have to drop FEHB coverage. Exception: 5 CFR 890.301 provides that an annuitant or former spouse, as defined in 5 U.S.C. 8901(10), who cancels FEHBP enrollment for the purpose of enrolling in a prepaid health Plan under sections 1833 or 1876 of the Social Security Act may register to re-enroll. Therefore, if yours is such a prepaid Plan contracting with Medicare you must describe your Medicare supplemental program for Medicare-covered retirees.

d) ENROLLMENT INSTRUCTIONS

Enrollment under the FEHBP is governed solely by the Federal Employees Health Benefits law and applicable regulations. The various Federal agencies and Tribal Employers have responsibility for administering the law and regulations during the annual open enrollment period (Open Season) and at all other times during the year. Agency and Tribal Employer personnel offices perform the basic health benefits functions, such as instructing employees about the conduct of the Open Season and other health benefits matters, answering employee questions, and processing elections and changes of enrollment, including determinations of eligibility and assignment of effective dates of coverage. Agency and Tribal Employer payroll offices make the necessary salary deductions.

The Federal instrument for electing to enroll in a Plan or changing an existing

enrollment in a Plan from Self Only, Self Plus One, or Self and Family to another category of enrollment is the Standard Form (SF) 2809, or alternative electronic or telephonic method approved by OPM. Carriers must be able to accept electronic file transfers. The effective date for Open Season enrollments is the first day of the first pay period which begins on or after January 1 for employees and Tribal Employees; the effective date generally is January 1 for annuitants. The specific effective date for an individual will be assigned by the individual's personnel office.

Covered family members are as defined in the FEHB regulations. Basically, family members are immediate family members, including spouse and children under age 26. When Self and Family coverage is established for an individual, all family members as defined under the regulations are automatically covered as of the effective date assigned by the personnel office, whether or not they are listed on the SF 2809, on other documents, or communicated by electronic or telephonic transmittal. Family members (e.g., newborns) who are added under an existing Self and Family enrollment are automatically covered from the date the individual becomes a family member, e.g., from birth. Personnel offices do not issue any notification when a new dependent is added under an existing Self and Family enrollment and the Enrollee does not submit a new SF 2809 or other election instrument. For a Self Plus One enrollment, the Carrier is required to receive an SF 2809 from the personnel office with enrollment information about the designated covered family member. If an employee wishes to change the designated covered family member to another eligible family member, the Carrier is required to receive a new SF 2809 from the personnel office with enrollment information about the new designated covered family member.

The agencies and Tribal Employers are the primary contact point for employees and Tribal Employees on health benefits enrollment matters. OPM's Office of Retirement Programs performs this function for annuitants (retirees). As highlighted below, Carriers may not impose their own enrollment requirements and procedures.

1. Do not give specific instructions on enrollment.
2. While the Carrier may ask Enrollees for information (see Section f) and may follow-up with Enrollees and, when necessary, the employing office, the Carrier will not require a member complete plan specific enrollment or application forms. (You may ask the Enrollee to complete "information" forms.) You may ask the Enrollee to keep you advised of family member changes and you may verify the change, but failure to complete a form does not render an eligible family member ineligible.
3. Personnel offices will not stock your Plan's forms. Do not indicate otherwise.
4. If supplemental literature is directed to potential members rather than just-enrolled members, do not include statements indicating otherwise.
5. Again, the Federal brochure, rather than any other plan document, is the member's complete statement of benefits. Do not indicate otherwise.

e) PROVIDER DIRECTORIES

The provider directory must conform to the requirements listed below. Carriers must provide access to the provider directory on their website and send a provider directory to any Enrollee who requests one.

Please note that a Federal employee, Tribal Employee, or annuitant choosing your Plan during the Open Season is doing so with the expectation that the Plan's provider directory is accurate and that providers shown will be available starting January 1.

1. Show the Plan's hospitals, individual physicians, and group practice medical facilities. State the addresses of the medical facilities and show the general location within the service area for individual doctors and hospitals.

2. In the directory, display prominently the following statement: "It is important to know when you enroll in this Plan, benefits are available as described in the Plan's Federal brochure, but the continued participation of any one doctor, hospital or other provider cannot be guaranteed."

3. Do not list enrollment or eligibility requirements on the provider directory.

f) INFORMATION FORMS

You may distribute forms to obtain information from Enrollees about the Enrollee and any family members. For instance, to obtain the information regarding Medicare you will need for rate-setting purposes under the Federal Program, you may ask who is enrolled under Medicare Part A, Medicare Part B or Medicare Parts A and B. For another example, you may ask that a primary care doctor be selected. If you wish to distribute an information form, you may find such forms are more readily returned if they are postage-paid. If the Member must select a medical group or independent physician association, also provide space for the Member to make such a selection. Do not indicate enrollment in the Plan is contingent upon completing and returning the form.

APPENDIX D
RULES FOR COORDINATION OF BENEFITS
Model Regulation Service--October 2013
National Association of Insurance Commissioners

When a person is covered by two (2) or more plans, the rules for determining the order of benefit payments are as follows:

A. (1) The primary plan shall pay or provide its benefits as if the secondary plan or plans did not exist.

(2) If the primary plan is a closed panel plan and the secondary plan is not a closed panel plan, the secondary plan shall pay or provide benefits as if it were the primary plan when a covered person uses a non-panel provider, except for emergency services or authorized referrals that are paid or provided by the primary plan.

(3) When multiple contracts providing coordinated coverage are treated as a single plan under this regulation, this section applies only to the plan as a whole, and coordination among the component contracts is governed by the terms of the contracts. If more than one Carrier pays or provides benefits under the plan, the Carrier designated as primary within the plan shall be responsible for the plan's compliance with this regulation.

(4) If a person is covered by more than one secondary plan, the order of benefit determination rules of this regulation decide the order in which secondary plans benefits are determined in relation to each other. Each secondary plan shall take into consideration the benefits of the primary plan or plans and the benefits of any other plan, which, under the rules of this regulation, has its benefits determined before those of that secondary plan.

B. (1) Except as provided in Paragraph (2), a plan that does not contain order of benefit determination provisions that are consistent with this regulation is always the primary plan unless the provisions of both plans, regardless of the provisions of this paragraph, state that the complying plan is primary.

Drafting Note: The medical benefits coverage in automobile "no fault" and traditional automobile "fault" type contracts (often referred to as "med pay"), which is included in the definition of "plan" under Section 3K(3) of this model regulation, does not normally contain order of benefit determinations provisions. As such, unless state law or regulation specifies otherwise, in accordance with paragraph (1), such coverage would be primary. Med pay coverage is not liability coverage and is not dependent upon fault.

(2) Coverage that is obtained by virtue of membership in a group and designed to supplement a part of a basic package of benefits may provide that the supplementary coverage shall be excess to any other parts of the plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a closed panel plan to provide out-of-network benefits.

C. A plan may take into consideration the benefits paid or provided by another plan only when, under the rules of this regulation, it is secondary to that other plan.

D. Order of Benefit Determination

Each plan determines its order of benefits using the first of the following rules that applies:

(1) Non-Dependent or Dependent

(a) Subject to Subparagraph (b) of this paragraph, the plan that covers the person other than as a dependent, for example as an employee, member, subscriber, policyholder or retiree, is the primary plan and the plan that covers the person as a dependent is the secondary plan.

(b) (i) If the person is a Medicare beneficiary, and, as a result of the provisions of Title XVIII of the Social Security Act and implementing regulations, Medicare is:

(I) Secondary to the plan covering the person as a dependent; and

(II) Primary to the plan covering the person as other than a dependent (e.g. a retired employee),

(ii) Then the order of benefits is reversed so that the plan covering the person as an employee, member, subscriber, policyholder or retiree is the secondary plan and the other plan covering the person as a dependent is the primary plan.

Drafting Note: The provisions of Subparagraph (b) address the situation where federal law requires Medicare to be secondary with respect to group health plans in certain situations despite state law order of benefit determination provisions to the contrary. One example of this type of situation arises when a person, who is a Medicare beneficiary, is also covered under his or her own group health plan as a retiree and under a group health plan as a dependent of an active employee. In this situation, each of the three plans is secondary to the other as the following illustrates: (1) Medicare is secondary to the group health plan covering the person as a dependent of an active employee as required pursuant to the Medicare secondary payer rules; (2) the group health plan covering the person as a dependent of an active employee is secondary to the group health plan covering the person as a retiree, as required under Subparagraph (a); and (3) the group health plan covering the

claimant as retiree is secondary to Medicare because the plan is designed to supplement Medicare when Medicare is the primary plan. Subparagraph (b) resolves this problem by making the group health plan covering the person as a dependent of an active employee the primary plan. The dependent coverage pays before the non-dependent coverage even though under state law order of benefit determination provisions in the absence of Subparagraph (b), the non-dependent coverage (e.g. retiree coverage) would be expected to pay before the dependent coverage. Therefore, in cases that involve Medicare, generally, the dependent coverage pays first as the primary plan, Medicare pays second as the secondary plan, and the non-dependent coverage (e.g. retiree coverage) pays third.

The reason why Subparagraph (b) provides for this order of benefits making the plan covering the person as dependent of an active employee primary is because Medicare will not be primary in most situations to any coverage that a dependent has on the basis of active employment and, as such, Medicare will not provide any information as to what Medicare would have paid had it been primary. The plan covering the person as a retiree cannot determine its payment as a secondary plan unless it has information about what the primary plan paid. The plan covering the person as a dependent of an active employee could be subject to penalties under the Medicare secondary payer rules if it refuses to pay its benefits. The plan covering the person as a retiree is not subject to the same penalties because, in this particular situation, as described above, which does not involve a person eligible for Medicare based on end-stage renal disease (ESRD), the plan can never be primary to Medicare. As such, out of the three plans providing coverage to the person, the plan covering the person as a dependent of an active employee can determine its benefits most easily.

(2) Dependent Child Covered Under More Than One Plan

Unless there is a court decree stating otherwise, plans covering a dependent child shall determine the order of benefits as follows:

(a) For a dependent child whose parents are married or are living together, whether or not they have ever been married:

(i) The plan of the parent whose birthday falls earlier in the calendar year is the primary plan; or

(ii) If both parents have the same birthday, the plan that has covered the parent longest is the primary plan.

(b) For a dependent child whose parents are divorced or separated or are not living together, whether or not they have ever been married:

(i) If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the plan of that parent has actual knowledge of those terms, that plan is primary. If the parent with responsibility has no health care coverage for the dependent child's health care expenses, but that parent's spouse does, that parent's spouse's plan is the primary plan. This item shall not apply with respect to any plan year during which benefits

are paid or provided before the entity has actual knowledge of the court decree provision;

(ii)If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of Subparagraph (a) of this paragraph shall determine the order of benefits;

(iii) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of Subparagraph (a) of this paragraph shall determine the order of benefits; or

(iv) If there is no court decree allocating responsibility for the child's health care expenses or health care coverage, the order of benefits for the child are as follows:

(I) The plan covering the custodial parent;

(II) The plan covering the custodial parent's spouse;

(III) The plan covering the non-custodial parent; and then

(IV) The plan covering the non-custodial parent's spouse.

(c) For a dependent child covered under more than one plan of individuals who are not the parents of the child, the order of benefits shall be determined, as applicable, under Subparagraph (a) or (b) of this paragraph as if those individuals were parents of the child.

Drafting Note: Subparagraph (c) addresses the situation where individuals other than the parents of a child are responsible for the child's health care expenses or provide health care coverage for the child under each of their plans. In this situation, for the purpose of determining the order of benefits under this paragraph, Subparagraph (c) requires that these individuals be treated in the same manner as parents of the child.

(d) (i) For a dependent child who has coverage under either or both parents' plans and also has his or her own coverage as a dependent under a spouse's plan, the rule in Paragraph (5) applies.

(ii) In the event the dependent child's coverage under the spouse's plan began on the same date as the dependent child's coverage under either or both parents' plans, the order of benefits shall be determined by applying the birthday rule in Subparagraph (a) to the dependent child's parents(s) and the dependent's spouse.

Drafting Note: Subparagraph (d) is intended to address the situation created by the enactment of Section 2714 of the Public Health Service Act, as that section was added by the federal Patient Protection and Affordable Care Act (Public Law 111-148) (ACA), as amended by the federal Health Care and Education Reconciliation Act of 2010 (Public Law 111-152). Section 2714 of the PHSA extended coverage for dependents to age 26 regardless of any dependency factors, such as support, residency, student status or marital status.

(3) Active Employee or Retired or Laid-Off Employee

(a) The plan that covers a person as an active employee that is, an employee who is neither laid off nor retired or as a dependent of an active employee is the primary plan. The plan covering that same person as a retired or laid-off employee or as a dependent of a retired or laid-off employee is the secondary plan.

(b) If the other plan does not have this rule, and as a result, the plans do not agree on the order of benefits, this rule is ignored.

(c) This rule does not apply if the rule in Paragraph (1) can determine the order of benefits.

Drafting Note: This rule applies only in the situation when the same person is covered under two plans, one of which is provided on the basis of active employment and the other of which is provided to retired or laid-off employees. The rule in Paragraph (1) does not apply because the person is covered either as a non-dependent under both plans (i.e. the person is covered under one plan as an active employee and at the same time is covered as a retired or laid-off employee under the other plan) or as a dependent under both plans (i.e. the person is covered under one plan as a dependent of an active employee and at the same time is covered under the other plan as a dependent of a retired or laid-off employee). This rule does not apply when a person is covered under his or her own plan as an active employee or retired or laid-off employee and a dependent under a spouse's plan provided to the spouse on the basis of active employment. In this situation, the rule in Paragraph (1) applies because the person is covered as a non-dependent under one plan (i.e. the person is covered as an active employee or retired or laid-off employee) and at the same time is covered as a dependent under the other plan (i.e. the person is covered as a dependent under a plan provided on the basis of active employment or a plan that is provided to retired or laid-off employees).

(4) COBRA or State Continuation Coverage

(a) If a person whose coverage is provided pursuant to COBRA or under a right of continuation pursuant to state or other federal law is covered under another plan, the plan covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the primary plan and the plan covering that same person pursuant to COBRA or under a right of continuation pursuant to state or other federal law is the secondary plan.

(b) If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this rule is ignored.

(c) This rule does not apply if the rule in Paragraph (1) can determine the order of benefits

Drafting Note: COBRA originally provided that coverage under a new group health plan caused the COBRA coverage to end. An amendment passed as part of P.L. 101-239, the Omnibus Budget Reconciliation Act of 1989 (OBRA 89), allows the COBRA coverage to continue if the newly acquired group health plan contains any preexisting condition exclusion or limitation. In this instance two group health plans will cover the person, and the rule above will be used to determine which of the plans determines its benefits first. In addition, some states have continuation provisions comparable to COBRA.

Drafting Note: This rule applies only in the situation when a person has coverage pursuant to COBRA or under a right of continuation pursuant to state or other federal law and has coverage under another plan on the basis of employment. The rule under Paragraph (1) does not apply because the person is covered either: (a) as a non-dependent under both plans (i.e. the person is covered under a right of continuation as a qualified beneficiary who, on the day before a qualifying event, was covered under the group health plan as an employee or as a retired employee and is covered under his or her own plan as an employee, member, subscriber or retiree); or (b) as a dependent under both plans (i.e. the person is covered under a right of continuation as a qualified beneficiary who, on the day before a qualifying event, was covered under the group health plan as a dependent of an employee, member or subscriber or retired employee and is covered under the other plan as a dependent of an employee, member, subscriber or retiree). The rule under Paragraph (1) applies when the person is covered pursuant to COBRA or under a right of continuation pursuant to state or other federal law as a non-dependent and covered under the other plan as a dependent of an employee, member, subscriber or retiree. The rule in this paragraph does not apply because the person is covered as a non-dependent under one of the plans and as a dependent under the other plan.

(5) Longer or Shorter Length of Coverage

(a) If the preceding rules do not determine the order of benefits, the plan that covered the person for the longer period of time is the primary plan and the plan that covered the person for the shorter period of time is the secondary plan.

(b) To determine the length of time a person has been covered under a plan, two successive plans shall be treated as one if the covered person was eligible under the second plan within twenty-four (24) hours after coverage under the first plan ended.

(c) The start of a new plan does not include:

(i) A change in the amount or scope of a plan's benefits;

(ii) A change in the entity that pays, provides or administers the plan's benefits; or

(iii) A change from one type of plan to another, such as, from a single employer plan to a multiple employer plan.

(d) The person's length of time covered under a plan is measured from the person's first date of coverage under that plan. If that date is not readily available for a group plan, the date the person first became a member of the group shall be used as the date from which to determine the length of time the person's coverage under the present plan has been in force.

(6) If none of the preceding rules determines the order of benefits, the allowable expenses shall be shared equally between the plans.

APPENDIX E

Small Business Subcontracting Plan (SEP 2021)

(a) This clause does not apply to small business concerns.

(b) *Definitions*. As used in this clause—

"Alaska Native Corporation (ANC)" means any Regional Corporation, Village Corporation, Urban Corporation, or Group Corporation organized under the laws of the State of Alaska in accordance with the Alaska Native Claims Settlement Act, as amended (43 U.S.C. 1601, et seq.) and which is considered a minority and economically disadvantaged concern under the criteria at 43 U.S.C. 1626(e)(1). This definition also includes ANC direct and indirect subsidiary corporations, joint ventures, and partnerships that meet the requirements of 43 U.S.C. 1626(e)(2).

"Commercial item" means a product or service that satisfies the definition of commercial item in Federal Acquisition Regulation (FAR) 2.101.

"Commercial plan" means a subcontracting plan (including goals) that covers the offeror's fiscal year and that applies to the entire production of commercial items sold by either the entire company or a portion thereof (*e.g.,* division, plant, or product line).

"Indian tribe" means any Indian tribe, band, group, pueblo, or community, including native villages and native groups (including corporations organized by Kenai, Juneau, Sitka, and Kodiak) as defined in the Alaska Native Claims Settlement Act (43 U.S.C.A. 1601 et seq.), that is recognized by the Federal Government as eligible for services from the Bureau of Indian Affairs in accordance with 25 U.S.C. 1452(c). This definition also includes Indian-owned economic enterprises that meet the requirements of 25 U.S.C. 1452(e).

"Individual subcontracting plan" means a subcontracting plan that covers the entire contract period (including option periods), applies to a specific contract, and has goals that are based on the offeror's planned subcontracting in support of the specific contract, except that indirect costs incurred for common or joint purposes may be allocated on a prorated basis to the contract.

"Master subcontracting plan" means a subcontracting plan that contains all the required elements of an individual subcontracting plan, except goals, and may be incorporated into individual subcontracting plans, provided the master subcontracting plan has been approved.

"Reduced payment" means a payment that is for less than the amount agreed upon in a subcontract in accordance with its terms and conditions, for supplies and services for which the Government has paid the prime contractor.

"Subcontract" means any agreement (other than one involving an employer-employee relationship) entered into by a Federal Government prime Contractor or subcontractor calling for supplies or services required for performance of the contract or subcontract.

"Total contract dollars" means the final anticipated dollar value, including the dollar value of all options.

"Untimely payment" means a payment to a subcontractor that is more than 90 days past due under the terms and conditions of a subcontract for supplies and services for which the Government has paid the prime contractor.

(c) (1) The Offeror, upon request by the Contracting Officer, shall submit and negotiate a subcontracting plan, where applicable, that separately addresses subcontracting with small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business

concerns. If the Offeror is submitting an individual subcontracting plan, the plan must separately address subcontracting with small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns, with a separate part for the basic contract and separate parts for each option (if any). The subcontracting plan shall be included in and made a part of the resultant contract. The subcontracting plan shall be negotiated within the time specified by the Contracting Officer. Failure to submit and negotiate the subcontracting plan shall make the Offeror ineligible for award of a contract.

2)(i) The Contractor may accept a subcontractor's written representations of its size and socioeconomic status as a small business, small disadvantaged business, veteran-owned small business, service-disabled veteran-owned small business, or a women-owned small business if the subcontractor represents that the size and socioeconomic status representations with its offer are current, accurate, and complete as of the date of the offer for the subcontract.

(ii) The Contractor may accept a subcontractor's representations of its size and socioeconomic status as a small business, small disadvantaged business, veteran-owned small business, service-disabled veteran-owned small business, or a women-owned small business in the System for Award Management (SAM) if–

(A) The subcontractor is registered in SAM; and

(B) The subcontractor represents that the size and socioeconomic status representations made in SAM are current, accurate and complete as of the date of the offer for the subcontract.

(iii) The Contractor may not require the use of SAM for the purposes of representing size or socioeconomic status in connection with a subcontract.

(iv) In accordance with 13 CFR 121.411, 124.1015, 125.29, 126.900, and 127.700, a contractor acting in good faith is not liable for misrepresentations made by its subcontractors regarding the subcontractor's size or socioeconomic status.

(d) The offeror's subcontracting plan shall include the following:

(1) Separate goals, expressed in terms of total dollars subcontracted, and as a percentage of total planned subcontracting dollars, for the use of small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns as subcontractors. For individual subcontracting plans, and if required by the Contracting Officer, goals shall also be expressed in terms of percentage of total contract dollars, in addition to the goals expressed as a percentage of total subcontract dollars. The Offeror shall include all subcontracts that contribute to contract performance, and may include a proportionate share of products and services that are normally allocated as indirect costs. In accordance with 43 U.S.C. 1626–

(i) Subcontracts awarded to an ANC or Indian tribe shall be counted towards the subcontracting goals for small business and small disadvantaged business concerns, regardless of the size or Small Business Administration certification status of the ANC or Indian tribe; and

(ii) Where one or more subcontractors are in the subcontract tier between the prime Contractor and the ANC or Indian tribe, the ANC or Indian tribe shall designate the appropriate Contractor(s) to count the subcontract towards its small business and small disadvantaged business subcontracting goals.

(A) In most cases, the appropriate Contractor is the Contractor that awarded the subcontract to the ANC or Indian tribe.

(B) If the ANC or Indian tribe designates more than one Contractor to count the subcontract toward its goals, the ANC or Indian tribe shall designate only a portion of the total subcontract award to each Contractor. The sum of the amounts designated to various Contractors cannot exceed the total value of the subcontract.

(C) The ANC or Indian tribe shall give a copy of the written designation to the Contracting Officer, the prime Contractor, and the subcontractors in between the prime Contractor and the ANC or Indian tribe within 30 days of the date of the subcontract award.

(D) If the Contracting Officer does not receive a copy of the ANC's or the Indian tribe's written designation within 30 days of the subcontract award, the Contractor that awarded the subcontract to the ANC or Indian tribe will be considered the designated Contractor.

(2) A statement of—

(i) Total dollars planned to be subcontracted for an individual subcontracting plan; or the Offeror's total projected sales, expressed in dollars, and the total value of projected subcontracts, including all indirect costs except as described in paragraph (g) of this clause, to support the sales for a commercial plan;

(ii) Total dollars planned to be subcontracted to small business concerns (including ANC and Indian tribes); and

(iii) Total dollars planned to be subcontracted to veteran-owned small business concerns;

(iv) Total dollars planned to be subcontracted to service-disabled veteran-owned small business;

(v) Total dollars planned to be subcontracted to HUBZone small business concerns;

(vi) Total dollars planned to be subcontracted to small disadvantaged business concerns (including ANC and Indian tribes); and

(vii) Total dollars planned to be subcontracted to women-owned small business concerns

(3) A description of the principal types of supplies and services to be subcontracted, and an identification of the types planned for subcontracting to—

(i) Small business concerns;

(ii) Veteran-owned small business concerns;

(iii) Service-disabled veteran-owned small business concerns;

(iv) HUBZone small business concerns;

(v) Small disadvantaged business concerns; and

(vi) Women-owned small business concerns.

(4) A description of the method used to develop the subcontracting goals in paragraph (d)(1) of this clause.

(5) A description of the method used to identify potential sources for solicitation purposes (*e.g.,* existing company source lists, SAM, veterans service organizations, the National Minority Purchasing Council Vendor Information Service, the Research and Information Division of the Minority Business Development Agency in the Department of Commerce, or small, HUBZone, small disadvantaged, and women-owned small business trade associations). A firm may rely on the information contained in SAM as an accurate representation of a concern's size and ownership characteristics for the purposes of maintaining a small, veteran-owned small, service-disabled veteran-owned small, HUBZone small, small disadvantaged, and women-owned small business source list. Use of SAM as its source list does not relieve a firm of its responsibilities (*e.g.,* outreach, assistance, counseling, or publicizing subcontracting opportunities) in this clause.

(6) A statement as to whether or not the Offeror included indirect costs in establishing subcontracting goals, and a description of the method used to determine the proportionate share of indirect costs to be incurred with—

(i) Small business concerns (including ANC and Indian tribes);

(ii) Veteran-owned small business concerns;

(iii) Service-disabled veteran-owned small business concerns;

(iv) HUBZone small business concerns;

(v) Small disadvantaged business concerns; and

(vi) Women-owned small business concerns.

(7) The name of the individual employed by the Offeror who will administer the Offeror's subcontracting program, and a description of the duties of the individual.

(8) A description of the efforts the Offeror will make to assure that small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns have an equitable opportunity to compete for subcontracts.

(9) Assurances that the Offeror will include the clause of this contract entitled "Utilization of Small Business Concerns" in all subcontracts that offer further subcontracting opportunities, and that the Offeror will require all subcontractors (except small business concerns) that receive subcontracts in excess of the applicable threshold specified in FAR 19.702(a) on the date of subcontract award, with further subcontracting possibilities to adopt a subcontracting plan that complies with the requirements of this clause.

(10) Assurances that the Offeror will—

(i) Cooperate in any studies or surveys as may be required;

(ii) Submit periodic reports so that the Government can determine the extent of compliance by the Offeror with the subcontracting plan;

(iii) After November 30, 2017, include subcontracting data for each order when reporting subcontracting achievements for indefinite-delivery, indefinite-quantity contracts with individual subcontracting plans where the contract is intended for use by multiple agencies;

(iv) Submit Standard Form (SF) 294 Subcontracting Report for Individual Contract in accordance with paragraph (l) of this clause. Submit the Summary Subcontract Report (SSR), in accordance with paragraph (l) of this clause. The reports shall provide information on subcontract awards to small business concerns (including ANCs and Indian tribes that are not small businesses), veteran-owned small business concerns, service-disabled veteran-owned small business concerns, HUBZone small business concerns, small disadvantaged business concerns (including ANCs and Indian tribes that have not been certified by the Small Business Administration as small disadvantaged businesses), women-owned small business concerns, and for NASA only, Historically Black Colleges and Universities and Minority Institutions. Reporting shall be in accordance with this clause, or as provided in agency regulations;

(v) Ensure that its subcontractors with subcontracting plans agree to submit the SF 294 in accordance with paragraph (l) of this clause. Ensure that its subcontractors with subcontracting plans agree to submit the SSR in accordance with paragraph (l) of this clause

(vi) [RESERVED]; and

(vii) Require that each subcontractor with a subcontracting plan provide the prime contract number, its own unique entity identifier, and the e-mail address of the subcontractor's official responsible for acknowledging receipt of or rejecting the Standard Forms 294, to its subcontractors with subcontracting plans.

(11) A description of the types of records that will be maintained concerning procedures that have been adopted to comply with the requirements and goals in the plan, including establishing source lists; and a description of the offeror's efforts to locate small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns and award subcontracts to them. The records shall include at least the following (on a plant-wide or company-wide basis, unless otherwise indicated):

(i) Source lists (*e.g.,* SAM), guides, and other data that identify small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns.

(ii) Organizations contacted in an attempt to locate sources that are small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, or women-owned small business concerns.

(iii) Records on each subcontract solicitation resulting in an award of more than the simplified acquisition threshold, as defined in FAR 2.101 on the date of subcontract award, indicating—

(A) Whether small business concerns were solicited and, if not, why not;

(B) Whether veteran-owned small business concerns were solicited and, if not, why not;

(C) Whether service-disabled veteran-owned small business concerns were solicited and, if not, why not;

(D) Whether HUBZone small business concerns were solicited and, if not, why not;

(E) Whether small disadvantaged business concerns were solicited and, if not, why not;

(F) Whether women-owned small business concerns were solicited and, if not, why not; and

(G) If applicable, the reason award was not made to a small business concern.

(iv) Records of any outreach efforts to contact—

(A) Trade associations;

(B) Business development organizations;

(C) Conferences and trade fairs to locate small, HUBZone small, small disadvantaged service-disabled veteran-owned, and women-owned small business sources; and

(D) Veterans service organizations.

(v) Records of internal guidance and encouragement provided to buyers through—

(A) Workshops, seminars, training, etc.; and

(B) Monitoring performance to evaluate compliance with the program's requirements.

(vi) On a contract-by-contract basis, records to support award data submitted by the offeror to the Government, including the name, address, and business size of each subcontractor. Contractors having commercial plans need not comply with this requirement.

(12) Assurances that the Offeror will make a good faith effort to acquire articles, equipment, supplies, services, or materials, or obtain the performance of construction work from the small business concerns that it used in preparing the bid or proposal, in the same or greater scope, amount, and quality used in preparing and submitting the bid or proposal. Responding to a request for a quote does not constitute use in preparing a bid or proposal. The Offeror used a small business concern in preparing the bid or proposal if–

(i) The Offeror identifies the small business concern as a subcontractor in the bid or proposal or associated small business subcontracting plan, to furnish certain supplies or perform a portion of the subcontract; or

(ii) The Offeror used the small business concern's pricing or cost information or technical expertise in preparing the bid or proposal, where there is written evidence of an intent or understanding that the small business concern will be awarded a subcontract for the related work if the Offeror is awarded the contract.

(13) Assurances that the Contractor will provide the Contracting Officer with a written explanation if the Contractor fails to acquire articles, equipment, supplies, services or materials or obtain the performance of construction work as described in (d)(12) of this clause. This

written explanation must be submitted to the Contracting Officer within 30 days of contract completion.

(14) Assurances that the Contractor will not prohibit a subcontractor from discussing with the Contracting Officer any material matter pertaining to payment to or utilization of a subcontractor.

(15) Assurances that the Offeror will pay its small business subcontractors on time and in accordance with the terms and conditions of the underlying subcontract, and notify the contracting officer when the prime contractor makes either a reduced or an untimely payment to a small business subcontractor (see 52.242-5).

(e) In order to effectively implement this plan to the extent consistent with efficient contract performance, the Contractor shall perform the following functions:

(1) Assist small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns by arranging solicitations, time for the preparation of bids, quantities, specifications, and delivery schedules so as to facilitate the participation by such concerns. Where the Contractor's lists of potential small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business subcontractors are excessively long, reasonable effort shall be made to give all such small business concerns an opportunity to compete over a period of time.

(2) Provide adequate and timely consideration of the potentialities of small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns in all "make-or-buy" decisions.

(3) Counsel and discuss subcontracting opportunities with representatives of small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business firms.

(4) Confirm that a subcontractor representing itself as a HUBZone small business concern is certified by SBA as a HUBZone small business concern in accordance with 52.219-8(d)(2).

(5) Provide notice to subcontractors concerning penalties and remedies for misrepresentations of business status as small, veteran-owned small business, HUBZone small, small disadvantaged, or women-owned small business for the purpose of obtaining a subcontract that is to be included as part or all of a goal contained in the Contractor's subcontracting plan.

(6) For all competitive subcontracts over the simplified acquisition threshold, as defined in FAR 2.101 on the date of subcontract award, in which a small business concern received a small business preference, upon determination of the successful subcontract Offeror, prior to award of the subcontract the Contractor must inform each unsuccessful small business subcontract Offeror in writing of the name and location of the apparent successful Offeror and if the successful subcontract Offeror is a small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, or women-owned small business concern.

(7) Assign each subcontract the NAICS code and corresponding size standard that best describes the principal purpose of the subcontract.

(f) A master subcontracting plan on a plant or division-wide basis that contains all the elements required by paragraph (d) of this clause, except goals, may be incorporated by reference as a part of the subcontracting plan required of the Offeror by this clause; provided—

(1) The master subcontracting plan has been approved;

(2) The Offeror ensures that the master subcontracting plan is updated as necessary and provides copies of the approved master subcontracting plan, including evidence of its approval, to the Contracting Officer; and

(3) Goals and any deviations from the master subcontracting plan deemed necessary by the Contracting Officer to satisfy the requirements of this contract are set forth in the individual subcontracting plan.

(g) A commercial plan is the preferred type of subcontracting plan for contractors furnishing commercial items. The commercial plan shall relate to the offeror's planned subcontracting generally, for both commercial and Government business, rather than solely to the Government contract. Once the Contractor's commercial plan has been approved, the Government will not require another subcontracting plan from the same Contractor while the plan remains in effect, as long as the product or service being provided by the Contractor continues to meet the definition of a commercial item. A Contractor with a commercial plan shall comply with the reporting requirements stated in paragraph (d)(10) of this clause by submitting one SSR for all contracts covered by its commercial plan. A Contractor authorized to use a commercial subcontracting plan shall include in its subcontracting goals and in its SSR all indirect costs, with the exception of those such as the following: Employee salaries and benefits; payments for petty cash; depreciation; interest; income taxes; property taxes; lease payments; bank fees; fines, claims, and dues; original equipment manufacturer relationships during warranty periods (negotiated up front with the product); utilities and other services purchased from a municipality or an entity solely authorized by the municipality to provide those services in a particular geographical region; and philanthropic contributions. This report shall be acknowledged or rejected by the Contracting Officer who approved the plan. This report shall be submitted within 30 days after the end of the Government's fiscal year.

(h) Prior compliance of the offeror with other such subcontracting plans under previous contracts will be considered by the Contracting Officer in determining the responsibility of the offeror for award of the contract.

(i) A contract may have no more than one subcontracting plan. When a contract modification exceeds the subcontracting plan threshold in 19.702(a), or an option is exercised, the goals of the existing subcontracting plan shall be amended to reflect any new subcontracting opportunities. When the goals in a subcontracting plan are amended, these goal changes do not apply retroactively.

(j) Subcontracting plans are not required from subcontractors when the prime contract contains the clause at 52.212-5, Contract Terms and Conditions Required to Implement Statutes or Executive Orders—Commercial Items, or when the subcontractor provides a commercial item subject to the clause at 52.244-6, Subcontracts for Commercial Items, under a prime contract.

(k)The failure of the Contractor or subcontractor to comply in good faith with—

(1) the clause of this contract entitled "Utilization Of Small Business Concerns," or

(2) an approved plan required by this clause, shall be a material breach of the contract and may be considered in any past performance evaluation of the Contractor.

(l) The Contractor shall submit a SF 294. Purchases from a corporation, company, or subdivision that is an affiliate of the Contractor or subcontractor are not included in these reports. Subcontract awards by affiliates shall be treated as subcontract awards by the Contractor. Subcontract award data reported by the Contractor and subcontractors shall be limited to awards made to their immediate next-tier subcontractors. Credit cannot be taken for awards made to lower tier subcontractors, unless the Contractor or subcontractor has been designated to receive a small business or small disadvantaged business credit from an ANC or Indian tribe. Only subcontracts involving performance in the U.S. or its outlying areas should be included in these

reports with the exception of subcontracts under a contract awarded by the State Department or any other agency that has statutory or regulatory authority to require subcontracting plans for subcontracts performed outside the United States and its outlying areas.

(1) SF 294. This report is not required for commercial plans. The report is required for each contract containing an individual subcontracting plan.

(i) The report shall be submitted semi-annually during contract performance for the periods ending March 31 and September 30. A report is also required for each contract within 30 days of contract completion. Reports are due 30 days after the close of each reporting period, unless otherwise directed by the Contracting Officer. Reports are required when due, regardless of whether there has been any subcontracting activity since the inception of the contract or the previous reporting period. When a Contracting Officer rejects a report, the Contractor shall submit a revised report within 30 days of receiving the notice of report rejection.

(ii) (A) When a subcontracting plan contains separate goals for the basic contract and each option, as prescribed by FAR 19.704(c), the dollar goal inserted on this report shall be the sum of the base period through the current option; for example, for a report submitted after the second option is exercised, the dollar goal would be the sum of the goals for the basic contract, the first option, and the second option.

(B) If a subcontracting plan has been added to the contract pursuant to 19.702(a)(3) or 19.301-2(e), the Contractor's achievements must be reported in the report on a cumulative basis from the date of incorporation of the subcontracting plan into the contract.

(i) When a subcontracting plan includes indirect costs in the goals, these costs must be included in this report.

(ii) The authority to acknowledge receipt or reject the SF 294 resides–

(A) In the case of the prime Contractor, with the Contracting Officer; and

(B) In the case of a subcontract with a subcontracting plan, with the entity that awarded the subcontract.

(2) SSR. (i) Reports submitted under individual contract plans.

(A) This report encompasses all subcontracting under prime contracts and subcontracts with an executive agency, regardless of the dollar value of the subcontracts. This report also includes indirect costs on a prorated basis when the indirect costs are excluded from the subcontracting goals.

(B) The report may be submitted on a corporate, company or subdivision (e.g., plant or division operating as a separate profit center) basis, unless otherwise directed by the agency.

(C) If the Contractor and/or a subcontractor is performing work for more than one executive agency, a separate report shall be submitted to each executive agency covering only that agency's contracts, provided at least one of that agency's contracts is over the applicable threshold specified in FAR 19.702(a), and the contract contains a subcontracting plan. For DoD, a consolidated report shall be submitted for all contracts awarded by military departments/agencies and/or subcontracts awarded by DoD prime contractors.

(D) The report shall be submitted annually by October 30, for the twelve month period ending September 30. When a Contracting Officer rejects an SSR, the Contractor is required to submit a revised SSR within 30 days of receiving the notice of report rejection.

(E) Subcontract awards that are related to work for more than one executive agency shall be appropriately allocated.

(F) The authority to acknowledge or reject SSRs, including SSRs submitted by subcontractors with subcontracting plans, resides with the Government agency awarding the prime contracts unless stated otherwise in the contract.

(ii) Reports submitted under a commercial plan.

(A) The report shall include all subcontract awards under the commercial plan in effect during the Government's fiscal year and all indirect costs.

(B) The report shall be submitted annually, within 30 days after the end of the Government's fiscal year.

(C) If a Contractor has a commercial plan and is performing work for more than one executive agency, the Contractor shall specify the percentage of dollars attributable to each agency.

(D) The authority to acknowledge or reject SSRs for commercial plans resides with the Contracting Officer who approved the commercial plan.

APPENDIX F
Measures and contributions to performance areas and scores for 2022 Performance and 2023 Service Charge

To be performed in accordance with the 2022 FEHB Plan Performance Assessment Procedure Manual and the FEHB Plan Performance Assessment Methodology Carrier Letter (CL 2020-15). The Service Charge for the 2023 contract year will be based on the Overall Performance Score calculated in accordance with this Appendix F.

1. Performance Area Contributions to Overall Performance Score (OPS)

Performance Area	Contribution to Overall Performance Score
Clinical Quality, Customer Service, and Resource Use	65%
Contract Oversight	35%

2. Clinical Quality, Customer Service, and Resource Use (QCR) Performance Area Measures

Performance Area	Measure	Abbrv	Measure Source	Priority Level	Measure Weight
Clinical Quality	Controlling High Blood Pressure	CBP	HEDIS	1	2.50
	Comprehensive Diabetes Care (HbA1c Control <8.0%)	CDC	HEDIS	1	2.50
	Prenatal and Postpartum Care (Timeliness of Prenatal Care)	PPC	HEDIS	1	2.50
	Avoidance of Antibiotic Treatment for Acute Bronchitis/Bronchiolitis (18-64)	AAB(18-64)	HEDIS	2	1.25
	Asthma Medication Ratio	AMR	HEDIS	2	1.25
	Breast Cancer Screening	BCS	HEDIS	2	1.25
	Cervical Cancer Screening	CCS	HEDIS	2	1.25

	Colorectal Cancer Screening	COL	HEDIS	2	1.25
	Follow-Up After Emergency Department Visit for Alcohol and Other Drug Abuse or Dep. (30 Day)	FUA30	HEDIS	2	1.25
	Follow-Up After Emergency Department Visit for Mental Illness (30 Day)	FUM30	HEDIS	2	1.25
	Flu Vaccinations for Adults (18-64)	FVA	CAHPS	2	1.25
	Statin Therapy for Patients with Cardiovascular Disease Statin Adherence 80%	SPC	HEDIS	2	1.25
	Well Child Visits First 30 Months of Life – Well-Child Visits in the First 15 months: 6 or More Well-Child Visits	W30(15)	HEDIS	2	1.25
Customer Service	Coordination of Care	CoC	CAHPS	3	1.00
	Claims Processing	CP	CAHPS	3	1.00
	Getting Care Quickly	GCQ	CAHPS	3	1.00
	Getting Needed Care	GNC	CAHPS	3	1.00
	Overall Health Plan Rating	RHP	CAHPS	3	1.00
	Overall Personal Doctor Rating	RPD	CAHPS	3	1.00
Resource Use	Use of Imaging Studies for Low Back Pain	LBP	HEDIS	1	2.50
	Plan All Cause Readmissions: Observed/Expected (O/E) Ratio	PCR	HEDIS	2	1.25

1. **Section 1.9 Plan Performance—Fee-For-Service Contracts**

Section 1.9 of the FEHB Fee-For-Service Standard Contract must be amended to reflect the updated Fraud, Waste, and Abuse (FWA) reporting requirements established in Carrier Letter 2017-13. The Carrier Letter established these requirements in Attachments 1 and 5 of the Carrier Letter to be utilized beginning with the 2018 contract year.

SECTION 1.9
PLAN PERFORMANCE—FEE-FOR-SERVICE CONTRACTS (JAN 2018)

(a) Detection of Fraud, Waste, and Abuse (FWA). The Carrier shall conduct a program to assess its vulnerability to FWA to include, but not limited to, performing post-payment reviews and audits of providers identified either proactively or reactively. The Carrier shall operate a system designed to detect and eliminate FWA internally by Carrier employees and Subcontractors, by providers providing goods or services to FEHB Members, and by individual FEHB Members. In addition, FEHBP Carriers must demonstrate they have submitted written notification to OPM-OIG within 30 business days of identifying potential FWA issue impacting the FEHB Program regardless of dollar value. The program must specify provisions in place for cost avoidance, not just fraud detection, along with criteria for follow-up actions. The Carrier must submit to OPM an annual analysis of the costs and benefits of its FWA program. The Carrier must submit annual reports to OPM by March 31 addressing the following:

1) Number of Allegations/Complaints Opened/Received;
2) Number of Allegations/Complaints where there is FEHBP Program Exposure;
3) Number of Cases Developed Through Proactive Fraud Prevention/Detection Software;
4) Number of Cases Referred to Local, State, or Federal Law Enforcement/Oversight Agencies;
5) Number of Case Notifications/Referrals Sent to OPM-OIG;
6) Number of Cases Resolved Administratively;
7) Dollars Identified as Loss;
8) Estimated Financial Losses;
9) Non-Recoverable Loss;
10) Dollars Recovered by SIU;
11) Vendor Recoveries;
12) Actual Savings;
13) Prevented Loss;
14) Number of Criminal Convictions;
15) Prepayment Review;
16) Fraudulent Schemes;
17) Fraudulent Geographic Areas;
18) FWA Program Costs;
19) Other Associated Costs of the FWA Program;
20) Return on Investment; and
21) Best Practices

The report will also include the industry standards checklist.

(b) Clinical Care Measures. The Carrier shall measure and/or collect data on the quality of the health care services it provides to its members as requested by OPM. Measurement/data collection efforts may include performance measurement systems such as Healthcare

Effectiveness Data and Information Set (HEDIS), measures developed by the Pharmacy Quality Alliance (PQA), and similar measures developed by accrediting organizations such as, but not limited to, the Association for Ambulatory Health Care (AAAHC), the National Committee for Quality Assurance (NCQA), and URAC or endorsed by the National Quality Forum. Costs incurred by the Carrier for collecting or contracting with a vendor to collect quality measures/data shall be the Carrier's responsibility and are allowable administrative expenses, subject to the administrative cost limitation.

(c) Patient Safety. The Carrier shall implement a patient safety improvement program. At a minimum, the Carrier shall --

(1) Report to OPM on its current patient safety initiatives;

(2) Report to OPM on how it will strengthen its patient safety program for the future;

(3) Assist OPM in providing its Members with consumer information and education regarding patient safety; and

(4) Work with its providers, independent accrediting organizations, and others to implement patient safety improvement programs.

(d) Accreditation. To demonstrate its commitment to providing quality health care, the Carrier shall continue to pursue and maintain accreditation according to the steps and timeframes outlined by OPM. The Carrier shall submit accreditation changes and updates to its OPM contract representative.

(e) Consumer Assessments of Healthcare Providers and Systems (CAHPS). In addition to any other means of surveying Plan members that the Carrier may develop, the Carrier shall participate in the Consumer Assessments of Healthcare Providers and Systems (CAHPS) to provide feedback to Enrollees on Enrollee experience with the various FEHBP plans. The Carrier shall take into account the published results of the survey, or other results as directed by OPM, in identifying areas for improvement as part of the Carrier's quality assurance program. Payment of survey charges will be in accordance with Section 3.11.

(f) Contract Quality Assurance. The Carrier shall develop and apply a quality assurance program specifying procedures for assuring contract quality. At a minimum the Carrier shall meet the following standards and submit an annual report to OPM on these standards by July 1 of the following contract period:

(1) *Claims Processing Accuracy* - the number of FEHB claims processed accurately and the total number of FEHB claims processed for the given time period, expressed as a percentage.

REQUIRED STANDARD: An average of 95 percent of FEHB claims must be processed accurately.

(2) *Claims Coding Accuracy* - the number of FEHB claims coded accurately divided by the total number of FEHB claims coded for the given time period, expressed as a percentage.

REQUIRED STANDARD: An average of 98 percent of FEHB claims shall be coded accurately.

(3) *Recovery of Erroneous Payments* - the average number of working days it takes for the Carrier to begin collection action against an FEHB provider or member following identification of an erroneous payment, including overpayments.

REQUIRED STANDARD: The Carrier takes an average of no more than 30 working days from the date it identifies an FEHB erroneous payment to the date it begins the collection action.

(4) *Coordination of Benefits (COB)* - the Carrier must demonstrate that a statistically valid sampling technique is routinely used to identify FEHB claims prior to or after processing that require(d) coordination of benefits (COB) with a third party payer. As an alternative, the Carrier may provide evidence that it pursues all claims for COB.

(5) *Claims Timeliness* - the average number of working days from the date the Carrier receives an FEHB claim to the date it adjudicates it (paid, denied or a request for further information is sent out), for the given time period, expressed as a cumulative percentage.

REQUIRED STANDARD: The Carrier adjudicates 95 percent of claims within 30 working days.

(6) *Processing ID cards on change of plan or option* - the number of calendar days from the date the Carrier receives the enrollment from the Enrollee's agency, Tribal Employer, or retirement system to the date it issues the ID card.

REQUIRED STANDARD: The Carrier issues the ID card within fifteen calendar days after receiving the enrollment from the Enrollee's agency, Tribal Employer, or retirement system except that the Carrier will issue ID cards resulting from an open season election within fifteen calendar days or by December 15, whichever is later.

(7) *Member Inquiries* - the number of working days taken to respond to an FEHB member's written inquiry, expressed as a cumulative percentage, for the given time period.

REQUIRED STANDARD: The Carrier responds to 90 percent of inquiries within 15 working days (including internet inquiries).

(8) *Written Inquiries Accuracy* – the number of FEHB written inquiries handled accurately divided by the total number of FEHB written inquiries handled for the given time period, expressed as a percentage.

REQUIRED STANDARD: A minimum of 97 percent of FEHB written inquiries shall be answered accurately.

(9) *Telephone Inquiries Accuracy* – the number of FEHB telephone inquiries handled accurately divided by the total number of FEHB telephone inquiries handled for the given time period, expressed as a percentage.

REQUIRED STANDARD: A minimum of 97 percent of FEHB telephone inquiries shall be answered accurately.

(10) *Internet Inquiries Accuracy* – the number of FEHB Internet inquiries handled accurately divided by the total number of FEHB Internet inquiries handled for the given time period, expressed as a percentage.

REQUIRED STANDARD: A minimum of 97 percent of FEHB Internet inquiries shall be answered accurately.

(11) *Telephone Access* - the Carrier shall report on the following statistics concerning telephone access to the member services department (or its equivalent) for the given time period. Except that, if the Carrier does not have a computerized phone system, report results of periodic surveys on telephone access.

(i) Call Answer Timeliness - the average number of seconds elapsing before the Carrier connects a member's telephone call to its service representative.

REQUIRED STANDARD: On average, no more than 30 seconds elapse before the Carrier connects a member's telephone call to its service representative.

(ii) Telephone Blockage Rate - the percentage of time that callers receive a busy signal when calling the Carrier.

REQUIRED STANDARD: No more than 5 percent of callers receive a busy signal.

(iii) Telephone Abandonment Rate - the number of calls attempted but not completed (presumably because callers tired of waiting to be connected to a Carrier representative) divided by the total number of calls attempted (both completed and not completed), expressed as a percentage.

REQUIRED STANDARD: On average, Enrollees abandon the effort no more than 5 percent of the time.

(*iv*) *Initial Call Resolution* – the percentage of issues resolved during the initial call.

REQUIRED STANDARD: On average, caller's issues must be resolved during the initial call at least 80 percent of the time.

(12) *Responsiveness to FEHB Member Requests for Reconsideration*:

REQUIRED STANDARD: For 100 percent of written FEHB disputed claim requests received for the given time period, within 30 days after receipt by the Carrier, the Carrier shall affirm the denial in writing to the FEHB member, pay the claim, provide or authorize coverage of the service, or request additional information reasonably necessary to make a determination.

(g) Quality Assurance Plan. The Carrier must demonstrate that a statistically valid sampling technique is routinely used prior to or after processing to randomly sample FEHB claims against Carrier quality assurance/fraud and abuse prevention standards.

(h) Reporting Compliance. The Carrier shall keep complete records of its quality assurance procedures and fraud prevention program and the results of their implementation and make them available to the Government as determined by OPM.

(i) FEHB Clearinghouse (CLER). The Carrier shall not have any CLER records with a 160 error code and a fail count of four or higher. A '160' error is when a Carrier reports an enrollment but no agency or Tribal Employer reports that enrollment.

(j) Correction of Deficiencies. The Contracting Officer may order the correction of a deficiency in the Carrier's quality assurance program or fraud prevention program. The Carrier shall take the necessary action promptly to implement the Contracting Officer's order. If the Contracting Officer orders a modification of the Carrier's quality assurance program or fraud prevention program pursuant to this paragraph (j) after the contract year has begun, the costs incurred to correct the deficiency may be excluded from the administrative expenses -- for the contract year -- that are subject to the administrative expenses limitation specified at Appendix B; provided the Carrier demonstrates that the correction of the deficiency significantly increases the Carrier's liability under this contract.

(k) In order to allow sufficient implementation time, the Contracting Officer will notify the Carrier reasonably in advance of any new requirement(s) under paragraphs (a) through (j).

2. Section 5.14 Utilization of Small Business Concerns

Subsection (a), and (d) were amended in accordance to November 2016 FAR Clause FAR 52.219-8. The contractor may accept the written representation of the subcontractor size and socioeconomic status if certain requirements are met.

SECTION 5.14
UTILIZATION OF SMALL BUSINESS CONCERNS (NOV 2016) (FAR 52.219-8)

(a) Definitions. As used in this contract --

"HUBZone small business concern" means a small business concern, certified by the Small Business Administration, that appears on the List of Qualified HUBZone Small Business Concerns maintained by the Small Business Administration.
"Service-disabled veteran-owned small business concern"
(1) Means a small business concern–
(i) Not less than 51 percent of which is owned by one or more service-disabled veterans or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more service-disabled veterans; and
(ii) The management and daily business operations of which are controlled by one or more service-disabled veterans or, in the case of a service-disabled veteran with permanent and severe disability, the spouse or permanent caregiver of such veteran.
(2) Service-disabled veteran means a veteran, as defined in 38 U.S.C. 101(2), with a disability that is service-connected, as defined in 38 U.S.C. 101(16).
"Small business concern" means a small business as defined pursuant to Section 3 of the Small Business Act and relevant regulations promulgated pursuant thereto.
"Small disadvantaged business concern", consistent with 13 CFR 124.1002, means a small business concern under the size standard applicable to the acquisition, that--
(1) Is at least 51 percent unconditionally and directly owned (as defined at 13 CFR 124.105) by—
(i) One or more socially disadvantaged (as defined at 13 CFR 124.103) and economically disadvantaged (as defined at 13 CFR 124.104) individuals who are citizens of the United States; and
(ii) Each individual claiming economic disadvantage has a net worth not exceeding $750,000 after taking into account the applicable exclusions set forth at 13 CFR 124.104(c)(2); and
(2) The management and daily business operations of which are controlled (as defined at 13.CFR 124.106) by individuals, who meet the criteria in paragraphs (1)(i) and (ii) of this definition.
"Veteran-owned small business concern" means a small business concern–
(1) Not less than 51 percent of which is owned by one or more veterans (as defined at 38 U.S.C. 101(2)) or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more veterans; and
(2) The management and daily business operations of which are controlled by one or more veterans.
"Women-owned small business concern" means a small business concern–
(1) That is at least 51 percent owned by one or more women, or, in the case of any publicly owned business, at least 51 percent of the stock of which is owned by one or more women; and

(2) Whose management and daily business operations are controlled by one or more women.
(b) It is the policy of the United States that small business concerns, veteran-owned small business concerns, service-disabled veteran-owned small business concerns, HUBZone small business concerns, small disadvantaged business concerns, and women-owned small business concerns shall have the maximum practicable opportunity to participate in performing contracts let by any Federal agency, including contracts and subcontracts for subsystems, assemblies, components, and related services for major systems. It is further the policy of the United States that its prime contractors establish procedures to ensure the timely payment of amounts due pursuant to the terms of their subcontracts with small business concerns, veteran-owned small business concerns, service-disabled veteran-owned small business concerns, HUBZone small

business concerns, small disadvantaged business concerns, and women-owned small business concerns.
(c) The Contractor hereby agrees to carry out this policy in the awarding of subcontracts to the fullest extent consistent with efficient contract performance. The Contractor further agrees to cooperate in any studies or surveys as may be conducted by the United States Small Business Administration or the awarding agency of the United States as may be necessary to determine the extent of the Contractor's compliance with this clause.
(d)(1) The Contractor may accept a subcontractor's written representations of its size and socioeconomic status as a small business, small disadvantaged business, a veteran-owned small business, service-disabled veteran-owned small business or a women-owned small business if the subcontractor represents that the size and socioeconomic status representations with its offer are current, accurate, and complete as of the date of the offer for the subcontract.
(2) The Contractor may accept a subcontractor's representations of its size and socioeconomic status as a small business, small disadvantaged business, veteran-owned small business, service-disabled veteran-owned small business, or a women-owned small business in the System for Award Management (SAM) if–
(i) The subcontractor is registered in SAM; and
(ii) The subcontractor represents that the size and socioeconomic status representations made in SAM are current, accurate and complete as of the date of the offer for the subcontract.
(3) The Contractor may not require the use of SAM for the purposes of representing size or socioeconomic status in connection with a subcontract.
(4) In accordance with 13 CFR 121.411, 124.1015, 125.29, 126.900, and 127.700, a contractor acting in good faith is not liable for misrepresentations made by its subcontractors regarding the subcontractor's size or socioeconomic status.
(5) The Contractor shall confirm that a subcontractor representing itself as a HUBZone small business concern is certified by SBA as a HUBZone small business concern by accessing the System for Award Management database or by contacting the SBA. Options for contacting the SBA include—
(i) HUBZone small business database search application web page at http://dsbs.sba.gov/dsbs/search/dsp_searchhubzone.cfm; or http://www.sba.gov/hubzone;
(ii) In writing to the Director/HUB, U.S. Small Business Administration, 409 3rd Street, SW., Washington, DC 20416; or
(iii) The SBA HUBZone Help Desk at hubzone@sba.gov.

3. **Section 5.19 Equal Opportunity**

Subsections (a) and (c)(5) were amended in accordance to the September 2016 FAR Clause 52.222-26. Definitions for "Compensation", "Compensation information" and "Essential job functions" are now included in the amended FAR clause. Language has been added to prohibit the Contractor from discharging or discriminating against an employee or applicant based on certain activities regarding disclosure of compensation.

SECTION 5.19
EQUAL OPPORTUNITY (SEP 2016) (FAR 52.222-26)

(a) Definition. As used in this clause

"Compensation" means any payments made to, or on behalf of, an employee or offered to an applicant as remuneration for employment, including but not limited to salary, wages, overtime pay, shift differentials, bonuses, commissions, vacation and holiday pay, allowances, insurance and other benefits, stock options and awards, profit sharing, and retirement.
"Compensation information" means the amount and type of compensation provided to employees or offered to applicants, including, but not limited to, the desire of the Contractor to attract and retain a particular employee for the value the employee is perceived to add to the Contractor's profit or productivity; the availability of employees with like skills in the marketplace; market research about the worth of similar jobs in the relevant marketplace; job analysis, descriptions, and evaluations; salary and pay structures; salary surveys; labor union agreements; and Contractor decisions, statements and policies related to setting or altering employee compensation.
"Essential job functions" means the fundamental job duties of the employment position an individual holds. A job function may be considered essential if–
(1) The access to compensation information is necessary in order to perform that function or another routinely assigned business task; or
(2) The function or duties of the position include protecting and maintaining the privacy of employee personnel records, including compensation information.
"Gender identity" has the meaning given by the Department of Labor's Office of Federal Contract Compliance Programs, and is found at www.dol.gov/ofccp/LGBT/LGBT_FAQs.html.
"Sexual orientation" has the meaning given by the Department of Labor's Office of Federal Contract Compliance Programs, and is found at www.dol.gov/ofccp/LGBT/LGBT_FAQs.html.
"United States," means the 50 States, the District of Columbia, Puerto Rico, the Northern Mariana Islands, American Samoa, Guam, the U.S. Virgin Islands, and Wake Island.
(b)(1) If, during any 12-month period (including the 12 months preceding the award of this contract), the Contractor has been or is awarded nonexempt Federal contracts and/or subcontracts that have an aggregate value in excess of $10,000, the Contractor shall comply with this clause, except for work performed outside the United States by employees who were not recruited within the United States. Upon request, the Contractor shall provide information necessary to determine the applicability of this clause.
(2) If the Contractor is a religious corporation, association, educational institution, or society, the requirements of this clause do not apply with respect to the employment of individuals of a particular religion to perform work connected with the carrying on of the Contractor's activities (41 CFR 60-1.5).
(c)(1) The Contractor shall not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. However, it shall not be a violation of this clause for the Contractor to extend a publicly announced preference in employment to Indians living on or near an Indian reservation, in connection with employment opportunities on or near an Indian reservation, as permitted by 41 CFR 60-1.5.
(2) The Contractor shall take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. This shall include, but not be limited to—
(i) Employment;
(ii) Upgrading;
(iii) Demotion;
(iv) Transfer;

(v) Recruitment or recruitment advertising;
(vi) Layoff or termination;
(vii) Rates of pay or other forms of compensation; and
(viii) Selection for training, including apprenticeship.
(3) The Contractor shall post in conspicuous places available to employees and applicants for employment the notices to be provided by the Contracting Officer that explain this clause.
(4) The Contractor shall, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.
(5) (i) The Contractor shall not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This prohibition against discrimination does not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the Contractor's legal duty to furnish information.
(ii) The Contractor shall disseminate the prohibition on discrimination in paragraph (c)(5)(i) of this clause, using language prescribed by the Director of the Office of Federal Contract Compliance Programs (OFCCP), to employees and applicants by–
(A) Incorporation ~~into exis~~ting employee manuals or handbooks; and
(B) Electronic posting or by posting a copy of the provision in conspicuous places available to employees and applicants for employment.
(6) The Contractor shall send, to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, the notice to be provided by the Contracting Officer advising the labor union or workers' representative of the Contractor's commitments under this clause, and post copies of the notice in conspicuous places available to employees and applicants for employment.
(7) The Contractor shall comply with Executive Order 11246, as amended, and the rules, regulations, and orders of the Secretary of Labor.
(8) The Contractor shall furnish to the contracting agency all information required by Executive Order 11246, as amended, and by the rules, regulations, and orders of the Secretary of Labor. The Contractor shall also file Standard Form 100 (EEO-1), or any successor form, as prescribed in 41 CFR Part 60-1. Unless the Contractor has filed within the 12 months preceding the date of contract award, the Contractor shall, within 30 days after contract award, apply to either the regional Office of Federal Contract Compliance Programs (OFCCP) or the local office of the Equal Employment Opportunity Commission for the necessary forms.
(9) The Contractor shall permit access to its premises, during normal business hours, by the contracting agency or the OFCCP for the purpose of conducting on-site compliance evaluations and complaint investigations. The Contractor shall permit the Government to inspect and copy any books, accounts, records (including computerized records), and other material that may be relevant to the matter under investigation and pertinent to compliance with Executive Order 11246, as amended, and rules and regulations that implement the Executive Order.

(10) If the OFCCP determines that the Contractor is not in compliance with this clause or any rule, regulation, or order of the Secretary of Labor, this contract may be canceled, terminated, or suspended in whole or in part and the Contractor may be declared ineligible for further Government contracts, under the procedures authorized in Executive Order 11246, as amended. In addition, sanctions may be imposed and remedies invoked against the Contractor as provided in Executive Order 11246, as amended; in the rules, regulations, and orders of the Secretary of Labor; or as otherwise provided by law.
(11) The Contractor shall include the terms and conditions of this clause in every subcontract or purchase order that is not exempted by the rules, regulations, or orders of the Secretary of Labor issued under Executive Order 11246, as amended, so that these terms and conditions will be binding upon each subcontractor or vendor.
(12) The Contractor shall take such action with respect to any subcontract or purchase order as the Contracting Officer may direct as a means of enforcing these terms and conditions, including sanctions for noncompliance, provided, that if the Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of any direction, the Contractor may request the United States to enter into the litigation to protect the interests of the United States.
(d) Notwithstanding any other clause in this contract, disputes relative to this clause will be governed by the procedures in 41 CFR part 60-1.

4. **Section 5.60 Subcontracts for Commercial Items**

Subsection (c)(1) requires prohibitions on whistleblowing to flow down to subcontracts. Additionally, the ~~Fair Pay and~~ Safe Workspaces rule was required by Congress to have no force or effect.

SECTION 5.60
SUBCONTRACTS FOR COMMERCIAL ITEMS (NOV 2017) (FAR 52.244-6)

(a) Definitions. As used in this clause —
"Commercial item" and "commercially available off-the-shelf item" have the meanings contained in Federal Acquisition Regulation 2.101, Definitions.
"Subcontract" includes a transfer of commercial items between divisions, subsidiaries, or affiliates of the Contractor or subcontractor at any tier.
(b) To the maximum extent practicable, the Contractor shall incorporate, and require its subcontractors at all tiers to incorporate, commercial items or non-developmental items as components of items to be supplied under this contract.
(c)(1) The Contractor shall insert the following clauses in subcontracts for commercial items:
(i) 52.203-13, Contractor Code of Business Ethics and Conduct (Oct 2015) (41 U.S.C. 3509), if the subcontract exceeds $5.5 million and has a performance period of more than 120 days. In altering this clause to identify the appropriate parties, all disclosures of violation of the civil False Claims Act or of Federal criminal law shall be directed to the agency Office of the Inspector General, with a copy to the Contracting Officer.
(ii) 52.203-15, Whistleblower Protections Under the American Recovery and Reinvestment Act of 2009 (Jun 2010) (Section 1553 of Pub. L. 111-5), if the subcontract is funded under the Recovery Act.

(iii) 52.203-19, Prohibition on Requiring Certain Internal Confidentiality Agreements or Statements (JAN 2017).
(iv) 52.204–21, Basic Safeguarding of Covered Contractor Information Systems (June, 2016), other than subcontracts for commercially available off-the-shelf items, if flow down is required in accordance with paragraph (c) of FAR clause 52.204–21.
(v) 52.219-8, Utilization of Small Business Concerns (Nov 2014) (15 U.S.C. 637(d)(2) and (3)), if the subcontract offers further subcontracting opportunities. If the subcontract (except subcontracts to small business concerns) exceeds $700,000 ($1.5 million for construction of any public facility), the subcontractor must include 52.219-8 in lower tier subcontracts that offer subcontracting opportunities.
(vi) 52.222-21 Prohibition of Segregated Facilities (Apr 2015)
(vii) 52.222-26, Equal Opportunity (Apr 2015) (E.O. 11246).
(viii) 52.222-35, Equal Opportunity for Veterans (Oct 2015) (38 U.S.C. 4212(a).
(ix) 52.222-36, Equal Opportunity for Workers with Disabilities (Jul 2014) (29 U.S.C. 793).
(x) 52.222-37, Employment Reports on Veterans (Feb 2016) (38 U.S.C. 4212).
(xi) 52.222-40, Notification of Employee Rights Under the National Labor Relations Act (Dec 2010) (E.O. 13496), if flow down is required in accordance with paragraph (f) of FAR clause 52.222-40.
(xii)(A) 52.222-50, Combating Trafficking in Persons (Mar 2015) (22 U.S.C. chapter 78 and E.O. 13627).
(B) Alternate I (MAR 2015) of 52.222-50 (22 U.S.C. chapter 78 and E.O. 13627).
(xiii) 52.222-55, Minimum Wages under Executive Order 13658 (Dec 2015), if flow down is required in accordance with paragraph (k) of FAR clause 52.222-55.
(xiv) 52.222-62, Paid Sick Leave Under Executive Order 13706 (Jan 2017) (E.O. 13706), if flowdown is required in accordance with paragraph (m) of FAR clause 52.222-62.
(xv)(A) 52.224-3, Privacy Training (Jan 2017) (5 U.S.C. 552a) if flow down is required in accordance with 52.224-3(f).
(B) Alternate I (Jan 2017) of 52.224-3, if flow down is required in accordance with 52.224-3(f) and the agency specifies that only its agency-provided training is acceptable).
(xvi) 52.225-26, Contractors Performing Private Security Functions Outside the United States (Oct 2016) (Section 862, as amended, of the National Defense Authorization Act for Fiscal Year 2008; 10 U.S.C. 2302 Note).
(xvii) 52.232-40, Providing Accelerated Payments to Small Business Subcontractors (Dec 2013), if flow down is required in accordance with paragraph (c) of FAR clause 52.232-40.
(xviii) 52.247-64, Preference for Privately Owned U.S.-Flag Commercial Vessels (Feb 2006) (46 U.S.C. App. 1241 and 10 U.S.C. 2631), if flow down is required in accordance with paragraph (d) of FAR clause 52.247-64).
(2) While not required, the Contractor may flow down to subcontracts for commercial items a minimal number of additional clauses necessary to satisfy its contractual obligations.
(d) The Contractor shall include the terms of this clause, including this paragraph (d), in subcontracts awarded under this contract.

5. <u>Section 5.63 System for Award Management</u>

Subsections (a), (b), and (c) were amended in accordance to the October 2016 FAR Clause 52.204-7. The System for Awards Management has revised the numbers used for contractors' unique entity identifier.

SECTION 5.63
SYSTEM FOR AWARD MANAGEMENT (OCT 2016) (FAR 52.204-7)

(a) Definitions. As used in this provision—
"Electronic Funds Transfer (EFT) indicator" means a four-character suffix to the unique entity identifier. The suffix is assigned at the discretion of the commercial, nonprofit, or Government entity to establish additional System for Award Management records for identifying alternative EFT accounts (see subpart 32.11) for the same entity.
"Registered in the System for Award Management (SAM) database" means that—
(1) The Offeror has entered all mandatory information, including the unique entity identifier and the EFT indicator, if applicable, the Commercial and Government Entity (CAGE) code, as well as data required by the Federal Funding Accountability and Transparency Act of 2006 (see subpart 4.14) into the SAM database;
(2) The Offeror has completed the Core, Assertions, and Representations and Certifications, and Points of Contact sections of the registration in the SAM database;
(3) The Government has validated all mandatory data fields, to include validation of the Taxpayer Identification Number (TIN) with the Internal Revenue Service (IRS). The Offeror will be required to provide consent for TIN validation to the Government as a part of the SAM registration process; and
(4) The Government has marked the record "Active".
"Unique entity identifier" means a number or other identifier used to identify a specific commercial, nonprofit, or Government entity. See www.sam.gov for the designated entity for establishing unique entity identifiers.
(b)(1) By submission of an offer, the Offeror acknowledges the requirement that a prospective awardee shall be registered in the SAM database prior to award, during performance, and through final payment of any contract, basic agreement, basic ordering agreement, or blanket purchasing agreement resulting from this solicitation.
(2) The Offeror shall enter, in the block with its name and address on the cover page of its offer, the annotation "Unique Entity Identifier" followed by the unique entity identifier that identifies the Offeror's name and address exactly as stated in the offer. The Offeror also shall enter its EFT indicator, if applicable. The unique entity identifier will be used by the Contracting Officer to verify that the Offeror is registered in the SAM database.
(c) If the Offeror does not have a unique entity identifier, it should contact the entity designated at www.sam.gov for establishment of the unique entity identifier directly to obtain one.
The Offeror should be prepared to provide the following information:
(1) Company legal business name.
(2) Tradestyle, doing business, or other name by which your entity is commonly recognized.
(3) Company Physical Street Address, City, State, and Zip Code.
(4) Company Mailing Address, City, State and Zip Code (if separate from physical).
(5) Company telephone number.
(6) Date the company was started.
(7) Number of employees at your location.
(8) Chief executive officer/key manager.
(9) Line of business (industry).
(10) Company Headquarters name and address (reporting relationship within your entity).

(d) If the Offeror does not become registered in the SAM database in the time prescribed by the Contracting Officer, the Contracting Officer will proceed to award to the next otherwise successful registered Offeror.
(e) Processing time, which normally takes 48 hours, should be taken into consideration when registering. Offerors who are not registered should consider applying for registration immediately upon receipt of this solicitation.
(f) Offerors may obtain information on registration at https://www.acquisition.gov.

6. **Section 5.73 Prohibition on Requiring Certain Internal Confidentiality Agreements or Statements**

OPM is adding this contract section to Carrier contracts to prohibit restrictions on whistleblowing to the Federal Government and to facilitate flow down into Carrier subcontracts as required by FAR clause 52.244-6.

SECTION 5.73
PROHIBITION ON REQUIRING CERTAIN INTERNAL CONFIDENTIALITY AGREEMENTS OR STATEMENTS (JAN 2017) (FAR 52.203-19)

(a) *Definitions*. As used in this clause–

"Internal confidentiality agreement or statement" means a confidentiality agreement or any other written statement that the contractor requires any of its employees or subcontractors to sign regarding nondisclosure of contractor information, except that it does not include confidentiality agreements arising out of civil litigation or confidentiality agreements that contractor employees or subcontractors sign at the behest of a Federal agency.

"Subcontract" means any contract as defined in subpart 2.1 entered into by a subcontractor to furnish supplies or services for performance of a prime contract or a subcontract. It includes but is not limited to purchase orders, and changes and modifications to purchase orders.

"Subcontractor" means any supplier, distributor, vendor, or firm (including a consultant) that furnishes supplies or services to or for a prime contractor or another subcontractor.

(b) The Contractor shall not require its employees or subcontractors to sign or comply with internal confidentiality agreements or statements prohibiting or otherwise restricting such employees or subcontractors from lawfully reporting waste, fraud, or abuse related to the performance of a Government contract to a designated investigative or law enforcement representative of a Federal department or agency authorized to receive such information (*e.g.*, agency Office of the Inspector General).

(c) The Contractor shall notify current employees and subcontractors that prohibitions and restrictions of any preexisting internal confidentiality agreements or statements covered by this clause, to the extent that such prohibitions and restrictions are inconsistent with the prohibitions of this clause, are no longer in effect.

(d) The prohibition in paragraph (b) of this clause does not contravene requirements applicable to Standard Form 312 (Classified Information Nondisclosure Agreement), Form

4414 (Sensitive Compartmented Information Nondisclosure Agreement), or any other form issued by a Federal department or agency governing the nondisclosure of classified information.

(e) In accordance with section 743 of Division E, Title VII, of the Consolidated and Further Continuing Appropriations Act, 2015, (Pub. L. 113-235), and its successor provisions in subsequent appropriations acts (and as extended in continuing resolutions) use of funds appropriated (or otherwise made available) is prohibited, if the Government determines that the Contractor is not in compliance with the provisions of this clause.

(f) The Contractor shall include the substance of this clause, including this paragraph (f), in subcontracts under such contracts.

Part IV-SPECIAL PROVISIONS is deleted and replaced with the following:

SECTION 4.1
ALTERATIONS IN CONTRACT (JAN 2014) (FAR 52.252-4)

Portions of this contract are altered as follows:

(a) Section 1.6 Confidentiality of Records. The following subsection is added:

(d) Local Blue Cross and/or Blue Shield Plans may combine the personal data and medical records of Federal subscribers, and information relating thereto, with the same information of other individuals who have health benefits coverage under the Local Blue Cross and/or Blue Shield Plan. This combined data may only be used and disclosed for the Plan's health care operations and payment activities, as such terms and conditions are defined under the Health Insurance Portability and Accountability Act, and its implementing regulations (45 CFR § 164.501). Such activities include, but are not limited to: care management; prevention, detection, and recovery of funds subject to fraud and abuse; and negotiation of provider contracts.

(e) As used in subsection (b)(1) of this section, "administration of this contract" means health care operations and payment activities, as such terms and conditions are defined under the Health Insurance Portability and Accountability Act, and its implementing regulations (45 CFR § 164.501).

(b) Section 1.9 Plan Performance—Experience-Rated FFS Contracts.

The Carrier may use the appropriate systems for measurement and/or collection of data on the quality of the health care services as described in subparagraph 1.9(b).

(c) Section 1.14, Misleading, Deceptive, or Unfair Advertising, is amended by removing the reference to the NAIC Advertisements of Accident and Sickness Insurance Model Regulation (Appendix D-b). Carrier should continue to use the FEHB Supplemental Literature Guidelines (now at the renumbered Appendix C) along with FEHBAR 1603.7002.

(d) Section 1.15 Renewal and Withdrawal of Approval (FEHBAR). The following subsections are added:

(d) If the agency suspends payment of the subscription charges for any reason, the Carrier may (1) suspend making benefit payments until payment of all subscription charges due is fully restored; or (2) terminate the contract without prior notice.

(e) Section 1.21 Patient Bill of Rights. For the purpose of compliance with this Section, the Carrier will conduct the following minimum activities: (1) the Carrier will provide subscribers with a Fact Sheet that includes information about the disenrollment rate in the Blue Cross and Blue Shield Service Benefit Plan, as well as Local Plan-specific information including compliance with Federal and State financial requirements, public corporate information, years in existence, and accreditation status; (2) Provider

Directories will include language advising subscribers to contact their providers directly to obtain information about the providers, including but not limited to board certifications, languages spoken, availability of interpreters, facility accessibility, and whether the provider is accepting new patients.

(f) Section 1.30 Health Information Technology Privacy and Security. Subsections (b) and (c) of Section 1.30 are amended to read as follows:

(b) The Carrier will promote consumer transparency by ensuring that at the point where the Federal member enters the subcontractor's, large provider's, or vendor's website or web portal the link to the subcontractor's, large provider's, or vendor's notice of privacy practices and/or privacy policies is displayed on the bottom, or prominently displayed elsewhere, on the website or web portal.

(c) Notice of privacy practices and/or privacy policies disclosures must describe the uses of individually identifiable protected health information and any potential disclosure to other entities as described in the HIPAA Privacy Rule.

(g) Section 2.2 Benefits Provided. The following paragraph is added to subsection 2.2(a):

(4) The Carrier may pay the Preferred Provider Organization level of benefits under this contract to ease the hardship of members affected by natural disasters such as earthquakes, floods, etc., when because of the natural disaster members have difficulty gaining access to Preferred network providers. The Carrier may pay the Preferred level of benefits without regard to the provider's contractual relationship with the Carrier and will determine an appropriate time frame based on local conditions during which the provision of this paragraph will apply. Benefits provided under this paragraph will be made available to all members similarly affected by the natural disaster.

(h) Section 2.3 Payment of Benefits and Provision of Services and Supplies. Notwithstanding subsection (f) of Section 2.3, benefits provided under the contract are not assignable by the Member to any person without express written approval of the carrier, and in the absence of such approval, any such assignment shall be void. Notwithstanding such approval, no assignment of benefits may be made in any case prior to the time that a valid claim for benefits arises.

(i) Section 2.3 Payment of Benefits and Provision of Services and Supplies. The introductory paragraph of Subsection 2.3(g) is amended to read as follows:

(g) *Erroneous Payments*.

(i) If the Carrier or OPM determines that a Member's claim has been paid in error for any reason (except in the case of fraud or abuse), the Carrier shall make a prompt and diligent effort to recover the erroneous payment to the member from the member or, if to the provider, from the provider; the recovery of any overpayment must be treated as an erroneous benefit payment, overpayment, or duplicate payment under 48 C.F.R. 1631.201-70(h) regardless of any time period limitations in the written agreement with the provider.

(ii) The Carrier shall be deemed to have satisfied the requirements of

Subsection (g) (i) above by complying with Subsections (ii), (iii), and (iv). Local Blue Cross and Blue Shield Plans which have time period limitations in their provider contracts which prevent the Plan from recovering erroneous benefit payments made to providers will participate in an action plan. The action plan shall be developed by the Blue Cross and Blue Shield Association by December 31, 2008 and agreed to by the Contracting Officer and the Blue Cross and Blue Shield Association. The Blue Cross and Blue Shield Association and the Contracting Officer shall utilize standards of commercial reasonableness and neither shall unreasonably withhold agreement. The action plan shall be designed to reduce the occurrence of erroneous benefit payments, to identify and recover erroneous benefit payments within the time limits stipulated in their provider contracts, and to demonstrate due diligence in making an attempt to identify and recover within that provider contract timeframe such erroneous benefit payments.

(iii) The Blue Cross and Blue Shield Association shall be responsible for monitoring and determining whether each Blue Cross and Blue Shield Plan participating in the action plan is complying with its obligations under the action plan.

(iv) A Blue Cross and Blue Shield Plan which is in compliance with its obligations under the action plan shall be found to be in compliance with its obligation under this Section 2.3(g) to make a prompt and diligent effort to recover erroneous benefit payments. In the event that any Plan with such time period limitations is determined to be not in substantial compliance with the action plan, and that Plan is determined not to have pursued material benefit payments with promptness and diligence, then the Plan shall return the erroneous benefit payments to the Program.

(v) The Carrier shall follow general business practices and procedures in collecting debts owed under the Federal Employees Health Benefits Program. Prompt and diligent effort to recover erroneous payments means that upon discovering that an erroneous payment exists, the Carrier shall—

(j) Section 2.3 Payment of Benefits and Provision of Services and Supplies. Subsection (g)(7)(ii) of Section 2.3 is amended to read as follows:

Notwithstanding (g)(7)(i), the Carrier may not charge the contract for the administrative costs to correct erroneous benefit payments (or to correct processes or procedures that caused erroneous benefit payments) when the errors are egregious and repeated. These costs are deemed to be unreasonable and unallowable under Section 3.2(b). The term "repeated" in the previous sentence does not apply to situations in which a claims processing system error causes multiple erroneous payments or to situations that involve audit findings on errors that are endemic to the provision of insurance and claims processing.

(k) Section 2.3 Payment of Benefits and Provision of Services and Supplies. Subsection (g)(10) of Section 2.3 is amended to read as follows:

(10) In compliance with the Contracts Disputes Act, the Carrier shall return to the

Program an amount equal to the uncollected erroneous benefit payment where the Contracting Officer determines that the Carrier failed to make a prompt and diligent effort, as that term is described above, to recover the erroneous benefit payment. This provision applies to benefit payments which have been paid in error for any reason (except in the case of fraud or abuse).

(l) Section 2.4 Termination of Coverage and Conversion Privileges. The conversion contract set forth in Section 2.4(c) may be a contract that is regularly offered by the local Blue Cross and/or Blue Shield Plan.

(m) Section 2.5 Subrogation. The following subsections are added:

(c) To the extent that a Member has received benefits for covered services under this contract for an injury or illness caused by a third party, the Carrier shall have the right to be subrogated and succeed to any rights of recovery against any person or organization from whom the Member is legally entitled to receive all or part of those same benefits, including insurers of individuals (non-group) policies of liability insurance that are issued to and in the name of the Member. The obligation of the Carrier to recover amounts through subrogation is limited to making a reasonable effort to seek recovery of amounts to which it is entitled to recover in cases which are brought to its attention. The Carrier shall not be required to recover any amounts from any person or organization who causes an injury or illness for which the Member makes claims for benefits.

(d) The Carrier may also recover directly from the Member all amounts received by the Member by suit, settlement, or otherwise from any third party or its insurer, or the Member's insurer under an individual policy or liability insurance, for benefits which have also been paid under this contract.

(e) The Member shall take such action, furnish such information and assistance, and execute such papers as the Carrier or its representative believes are necessary to facilitate enforcement of its rights, and shall take no action which would prejudice the interests of the Carrier to subrogation.

(f) Effective January 1, 1997, all Participating Plans shall subrogate under a single, nation-wide policy to ensure equitable and consistent treatment for all Members under the contract.

(n) Section 2.6 Coordination of Benefits (FEHBAR). The following subsections are added:

(g) The benefits payable by this Plan shall be determined, on a claim by claim basis, only for those claims in excess of $100, except where Medicare is the primary payer of benefits, claims in excess of $50.

(h) Whenever payments which should have been made under this contract in accordance with this provision have been made under any other group health coverage, the Carrier shall have the right, exercisable alone and in its sole discretion, to pay over to any organizations making such other payments any amount it shall determine to be

warranted in order to satisfy the intent of this provision, and amounts so paid shall be deemed to be benefits paid under this contract and, to the extent of such payments discharged from liability under the contract.

(o) Section 3.1 Payments (FEHBAR). The following sentence is added to the end of Section 3.1(a):

OPM will withhold from the subscription charges amounts for other obligations due under the contract only to the extent that OPM and the Carrier have agreed in writing to specific deductions for such other obligations.

(p) Section 3.1 Payments (FEHBAR). The following subsection is added:

(g) Except as required pursuant to Sections 1.25 and 2.12, in the event this contract is terminated or not renewed, the agency shall be liable for all sums due and unpaid, including subscription charges, for the period up to the last day of the Member's entitlement to benefits.

(q) Section 3.2 Accounting and Allowable Cost (FEHBAR). Section 3.2(b)(2)(ii) of this contract is amended to comply with 5 U.S.C. 8909(f) as follows:

(1) No tax, fee, or other monetary payment may be imposed, directly or indirectly, on a Carrier or an underwriting or plan administration subcontractor of an approved health benefits plan by any State, the District of Columbia, or the Commonwealth of Puerto Rico, or by any political subdivision or other governmental authority thereof, with respect to any payment made from the Fund.

(2) Paragraph (1) shall not be construed to exempt any Carrier or subcontractor of an approved health benefits plan from the imposition, payment, or collection of a tax, fee, or other monetary payment on the net income or profit accruing to or realized by such Carrier or underwriting or plan administration subcontractor from business conducted under this Chapter, if that tax, fee, or payment is applicable to a broad range of business activity.

(r) Section 3.2 Accounting and Allowable Cost (FEHBAR). The provision in Section 3.2 (b)(2)(iv)(A) is supplemented as follows:

Charges for mandatory statutory reserves (Section 3.2(b)(2)(iv)(A)) to satisfy mandatory statutory reserve requirements of Participating Plans are allowable to the extent that such requirements exceed that portion of the service charge at Appendix B, Subscription Rates, Charges, Allowances and Limitations applicable to such Plans.

(s) Section 3.2 Accounting and Allowable Cost (FEHBAR). This section is modified as follows:

The Carrier, as required by the Blue Cross and Blue Shield Service Benefit Plan Workplan, shall furnish OPM an accounting of its operations under the contract not less than 120 days after the end of the calendar year contract period.

(t) Section 3.3 Special Reserve. The provision in Section 3.3(a) is supplemented as follows:

The Special reserve held by or on behalf of the Carrier is to be used only for payment of charges against this contract, including advance payments to Participating Plans and to hospitals.

(u) Section 3.10, Audit, Financial, and Other Information. Compliance by the Carrier and Participating Blue Cross and Blue Shield Plans with the Blue Cross Blue Shield Service Benefit Plan Workplan, as agreed upon between the Carrier and OPM, will constitute compliance with the Audit Guide referred to in Sections 3.2 and 3.10.

SECTION 4.2
HOSPITAL (FACILITY) BENEFIT PAYMENTS AND CONDITIONS (JAN 1991)

(a) Benefits described in the agreed upon brochure text shall be provided to the extent practicable in the form of services rendered by hospitals, freestanding ambulatory facilities, and home health care agencies, and payment, therefore, by or on behalf of the carrier shall constitute a complete discharge of their obligations under this contract to the extent of services rendered in accordance with the terms and conditions of the contract.

(b) Benefits for inpatient hospital care shall be available only to a Member admitted to the hospital on the recommendation, and while under the active medical supervision of a duly licensed physician or alternative provider as described in section 8902(k)(1) of title 5 U.S.C. who is a member of the staff of, or acceptable to, the hospital selected.

(c) Hospital service is subject to all the rules and regulations of the hospital selected including rules governing admissions.

(d) While a Member may elect to be hospitalized in any hospital, the Carrier does not undertake to guarantee the admission of such Member to the hospital, nor the availability of any accommodations or services therein requested by the Member or his physician.

SECTION 4.3
DEFINITION OF CARRIER (JAN 1991)

The Carrier is the Blue Cross and Blue Shield Association, an Illinois not-for-profit corporation, acting on behalf of participating Blue Cross and Blue Shield Plans and pursuant to authority specified in Exhibit A for and in behalf of the organizations specified in Exhibit A (hereinafter sometimes referred to as "Participating Plans").

SECTION 4.4
AUDIT DISPUTES (JAN 2000)

(a) Any questioned costs or issues documented by or on behalf of OPM's Office of the Inspector General (OIG) in draft or final audit reports examining the Carrier's and Participating Plans' performance under this contract, that are provided to the Carrier and that were initially raised in the timeframe set forth in subsection (c) below, remain open until resolved. Audit issues related to monetary findings for which extensions of the

waiver period for the issuance of final decisions and processing of prior period adjustments were obtained in previous contract terms also remain open until resolved.

(b) Resolution of a questioned cost or issue can be the result of a resolution letter or the issuance of a final decision by the Contracting Officer, or by the processing of a prior period adjustment, an adjustment to the Special reserve, or submission of a claim to OPM (as appropriate) by the Carrier or Participating Plan. A prior period adjustment intended to partially or fully resolve an audit finding will not be considered closed until properly reported on the calendar year Annual Accounting Statement.

(c) A claim seeking, as a matter of right, the payment of money, in a sum certain, pursuant to 48 CFR section 52.233-1, shall not be made more than five years following the last day prescribed by the contract for filing the calendar year Annual Accounting Statement for the year with respect to which the claim arises. A claim includes, in the case of the carrier, a charge against the contract.

SECTION 4.5
ASSOCIATION DUES (JAN 2004)

A Participating local Blue Cross and Blue Shield Plan may charge to this contract Association Dues, with the exception of dues related to those lobbying costs and Special Assessments determined to be unallowable. In calculating the unallowable portion of dues related to lobbying costs for a contract year, the Blue Cross and Blue Shield Plan will rely on the percentage of dues, less any special assessments, as determined by the BCBSA for IRS purposes, to be not tax deductible from the previous contract year.

SECTION 4.6
TRAVEL COSTS (JAN 1996)

The Carrier may charge and account for travel expenses related to administration of the contract on a per diem basis, subject to the maximums prescribed by the Federal Travel Regulations. For those travel costs for each contract term that are subject to the Federal per diem rates set forth at 48 CFR section 31.205-46, the Carrier shall charge to the contract an amount equal to the lesser of:

(i) the actual aggregate charges for those costs, or
(ii) the aggregate charges calculated using the per diem rates set forth in the Federal Travel Regulations.

SECTION 4.7
MARKET RESEARCH COSTS (JAN 1996)

(a) Costs of market research surveys or studies are generally allowable if the survey or study is:

1. directed to current Members and Members who left the Blue Cross and Blue Shield Service Benefit Plan in the most recent Open season, or
2. focused on long-range planning, industry state-of-the-art developments, or product development issues for which a direct benefit or potential benefit to the FEHB Program

can be identified, or
3. pre-approved by the Contracting Officer.

(b) Costs of market research surveys or studies are generally not allowable if the primary purpose is to survey or study an otherwise unallowable cost item, such as: to determine the effectiveness of advertising or sales strategies; to evaluate image effectiveness or ways to achieve image enhancement; or to perform a competitive analysis with other carriers in the FEHB Program. Such costs are unallowable, regardless of who receives the research surveys or studies.

(c) This provision does not supersede other contract requirements, such as prior approval for subcontracts under Section 1.16 Subcontracts (FEHBAR 1652.244-70).

SECTION 4.8
PRESCRIPTION DRUG BENEFITS WAIVER PROVISIONS (JAN 2009)

(a) For the purposes of applying the special provisions in this section, the Standard Option Mail Service Prescription Drug Program service standards are:

(1) When a prescription order is placed that does not require additional information or clarification (i.e., a clean or non-diverted prescription), the prescription order shall be dispensed within three business days from the date of receipt so the enrollee may expect to receive the medication within 7 calendar days.

(2) When a prescription order is placed that does require additional information, clarification or resolution of payment issues (i.e., a diverted prescription), the prescription order shall be dispensed within seven business days from the date of receipt so the enrollee may expect to receive the medication within 14 calendar days. However the following situations will not be considered a diverted prescription for the purposes of this section:

(i) Prescriptions for refrigerated products that require prior arrangements between the mail order pharmacy and a Member before the Member can receive the Prescription;

(ii) Prescriptions requiring specific counseling obligations imposed by the pharmaceutical manufacturer, distributor or the FDA;

(iii) Prescriptions requiring "registration" with a pharmaceutical manufacturer.

(b) The special provisions described in paragraphs (c)(1), (2), and (3) shall become effective automatically when less than 98 percent of the prescriptions are filled within the service standards described in either paragraph (a)(1) or (a)(2) for 7 consecutive business days. The special provisions shall terminate when for 7 consecutive business days 98 percent or more of the prescriptions are filled within the service standards described in paragraphs (a)(1) and (a)(2) of this section.

(c) The special provisions are:

(1) The Carrier shall waive during the effective periods in paragraph (b) the coinsurance for a 21 day prescription filled at a Preferred retail pharmacy when the Mail Service Prescription Drug Program vendor is unable to fill the prescription within the service standards. This waiver of the coinsurance shall be in effect for 14 calendar days after notice to the enrollee as described in paragraph (c)(2) below.

(2) The Carrier shall deliver to the enrollee a written or telephone notice no later than 5 days from the date of receipt for clean or non-diverted prescriptions and no later than 12 days from the date of receipt for diverted prescriptions.
This notice shall:

(i) advise the enrollee that the Mail Service Prescription Drug Program may not be able to fill the prescription(s) within the service standard timeframes;

(ii) advise the enrollee that any applicable coinsurance will be waived for a 21 day supply of the medication(s) when filled at a Preferred retail pharmacy;

(iii) provide the enrollee with instructions on how to use the waiver, and

(iv) advise the enrollee when the waiver will expire.

(3) The Carrier may use next day delivery service at no additional cost to the enrollee in order to meet the service standards in (a)(1) and (a)(2).

SECTION 4.9
SMALL BUSINESS SUBCONTRACTING PLAN (JAN 2002) (FAR 52.219-9) (AS AMENDED)

An amended clause 52.219-9, Small Business Subcontracting Plan, is attached to Appendix E.

SECTION 4.10
LETTER OF CREDIT (JAN 1997)

As of January 1, 1997, OPM will administer Letter of Credit drawdowns directly with the local Plans.

SECTION 4.11
PILOTING OF COST CONTAINMENT PROGRAMS (JAN 2001)

Upon approval by the Contracting Officer, the Carrier may design and implement pilot programs in one or more local Plan areas that test the feasibility and examine the impact of various managed care initiatives. The Carrier shall brief the Contracting Officer on a pilot program prior to its implementation, advise the Contracting Officer of the progress of the pilot program and provide a written evaluation at the conclusion of the pilot program. The evaluation of the pilot program shall, at a minimum, assess the cost effectiveness, effect on quality of care and/or quality of life, and customer satisfaction, and recommend whether the pilot program should be continued or expanded.

SECTION 4.12
TRANSITION COSTS FOR PLAN TERMINATIONS (JAN 1999)

In the event a Participating Plan's license to use the Blue Cross and/or Blue Shield service marks is terminated, thereby rendering it ineligible to participate in this Contract, the costs of transitioning the terminated Plan's Service Benefit Plan subscribers to a successor Plan shall be subject to advance approval. The Carrier shall submit to OPM a proposed transition plan, together with a detailed estimate of costs, prior to the incurrence of any significant transition costs. OPM and the Carrier shall negotiate an advance agreement pursuant to FAR 31.109 that covers the extent of allowable transition costs.

SECTION 4.13
PAYMENT BY ELECTRONIC FUNDS TRANSFER-CENTRAL CONTRACTOR REGISTRATION (MAY 1999) (FAR 52.232-33)

The references to the Central Contractor Registration in FAR 52.232-33 are not applicable to this contract.

SECTION 4.14
FEDERAL INCOME TAX RELATED TO HEALTH INSURANCE PROVIDERS' FEE (JANUARY 2015)

(a) Notwithstanding FAR 31.205-41(b)(1) and this Contract Section 3.2(b)(1)(ii), a charge for an incremental amount of Federal income tax liability incurred as the result of compliance with the Health Insurance Providers Fee (HIP Fee) provision of the Affordable Care Act section 9010 (hereafter referred to as the "HIP Tax Cost") by a participating local plan (Local Plan) that administers the Service Benefit Plan on behalf of the Blue Cross and Blue Shield Association (Carrier), and that is a covered entity within the meaning of 26 CFR Part 57, is an allowable cost to the Carrier under this contract under the criteria set forth below.

(1) The allowable cost to the Carrier for a year is the sum of the HIP Tax Cost for each Local Plan. The HIP Tax Cost for each Local Plan equals:
the amount reimbursed by OPM to the Carrier for the HIP Fee attributable to the Local Plan (Local Plan HIP Fee) for the year, divided by one minus the tax rate for the Local Plan specified under section (2) below, (Local Plan Tax Rate), less the Local Plan HIP Fee. In mathematical terms, the allowable charge to the Carrier for the HIP Tax Cost is the sum of each Local Plan's application of the formula below:

$$\left[\frac{\text{Local Plan HIP Fee}}{1 - \text{Local Plan Tax Rate}}\right] - \text{Local Plan HIP Fee}$$

(2) The Local Plan Tax Rate for purposes of the formula specified in section (1) is the lowest of the following:
(a) the rate specified at 26 USC §11 (b) (1) (D),
(b) the rate specified at 26 USC § 55(b)(1)(B)(i), for any year in which the Local Plan is entitled to the special deduction under 26 USC § 833(a)(2), or
(c) zero, for any year in which the Local Plan experiences a Net Operating Loss or other circumstance resulting in no tax liability. For a year in which the Local Plan experiences a Net Operating Loss resulting in no tax liability, the Carrier will charge the HIP Tax Cost attributable to the Local Plan in the first subsequent year in which the Local Plan's tax liability is greater than zero. The Local Plan will calculate the HIP Tax Cost in this circumstance by applying the formula using the HIP Fee for the year of the loss and the Local Plan Tax Rate for the year in which the tax liability is greater than zero. This charge by the Carrier is in addition to the charge allowed by the Carrier for the Local Plan Tax Cost for the year in which the tax liability is greater than zero.

(d) If the Local Plan Tax Rate reflected on the Local Plan's tax return actually filed for the contract year (which normally occurs the following year) differs from the Local Plan Tax Rate that was anticipated when the costs were drawn down by the Carrier for the contract year as allowable administrative expenses, the Carrier will make a commensurate adjustment to its current year drawdown of administrative expenses.

(b) The Contracting Officer or an authorized representative of the Contracting Officer shall have the right to examine and audit all books and records, including tax filings, relating to the calculation of the HIP Tax Cost charge for each Local Plan.

Part IV - Attachment I
SECTION 4.14
FEDERAL INCOME TAX RELATED TO HEALTH INSURER'S PROVIDER FEE

Examples of Allowable 9010 Tax Cost:

C is an experience rated FEHB carrier consisting of participating Local Plans F and G who underwrite and administer C in different geographic areas.

In 2015, F reports $900 on IRS Form 8963 and pays $500 pursuant to methods described at 26 CFR Part 57, in satisfaction of its Affordable Care Act section 9010 Health Insurance Provider Fee (HIP Fee) expense with respect to calendar year 2014 health risks. Of the $500 HIP Fee, F's Form 8963 reflects that $300 is attributable to F's FEHBP business.

Also in 2015, G reports $950 on IRS Form 8963 and pays $550 pursuant to methods described at 26 CFR Part 57, in satisfaction of its Affordable Care Act section 9010 Health Insurance Provider Fee (HIP Fee) expense with respect to calendar year 2014 health risks. Of the $550 HIP Fee, G's Form 8963 reflects that $325 is attributable to G's FEHBP business.

In 2015, C draws down a 2015 HIP Fee Reimbursement of its FEHBP HIP Fee expense for 2014 health risks, which is calculated as the sum of F and G's HIP Fee, or $300 +325 = $725, which is an allowable cost, from its FEHB letter of credit account (LOCA). C reimburses F for its HIP Fee of 300 and G for its HIP Fee of 325.

F records income of $300 for the reimbursement of the allowable HIP fee and does not have any associated income tax deduction increasing taxable income by $300. F records 2015 income tax expense as an accrued expense as required under Generally Accepted Accounting Principles (GAAP) or Statements of Statutory Accounting Principles (SSAP). In addition, F pays quarterly payments to the IRS for its' 2015 tax liability. F's 2015 tax rate is 35 percent.

G records income of $325 for the reimbursement of the allowable HIP fee and does not have any associated income tax deduction increasing taxable income by $325. G records 2015 income tax expense as an accrued expense as required under Generally Accepted Accounting Principles (GAAP) or Statements of Statutory Accounting Principles (SSAP). In addition, G pays quarterly payments to the IRS for its' 2015 tax liability. Because G claims a special deduction under 26 USC § 833(a)(2), G's 2015 tax rate is 20 percent.

In 2015, C also draws down from its LOCA a 2015 HIP Tax Cost reimbursement for the 2015 income tax expense accrued and paid by F & G in 2015. C's 2015 HIP Tax cost reimbursement is calculated as follows:

Local Plan F HIP Tax Cost: ($300/1-.35)-$300 = $162
Local Plan G HIP Tax Cost: ($325/1-.20)-$325 = $81
Sum which is C's allowable HIP Tax Cost for 2015 = $243

In 2016, F & G report the same HIP Fee expense for 2015 health risks.

In 2016, F experiences the same tax rate as for 2015, but G incurs a net operating loss, resulting in a zero percent tax rate for 2016.

In 2016, C draws down a 2016 HIP Fee Reimbursement of its FEHBP HIP Fee expense for 2015 health risks of 300 + 325 = $725, which is an allowable cost, from C's FEHB letter of credit account (LOCA). C reimburses F for 300 and G for 325.

In 2016, F proceeds as in 2015 and C may charge 162 as an allowable HIP Tax Cost attributable to F in 2016.

In 2016 G records income of $325 for the reimbursement of the allowable HIP fee and does not have any associated income tax deduction increasing taxable income by $325. Because G determines that its 2016 tax liability will be zero as it will have a Net Operating Loss for 2016, C does not incur an allowable 2016 HIP Tax Cost attributable to G. C must refund any such amounts drawn down during 2016.

Local Plan F HIP Tax Cost for 2016 = 162
Local Plan G HIP Tax Cost for 2016 = 0
Reimbursement attributable to G = adjustment for amounts drawn down by C, if any
Sum = C's allowable HIP Tax Cost for 2016 = 162 less adjustment.

In 2017, F proceeds as in 2015. C's allowable 2017 HIP Tax Cost includes $162 attributable to F. In 2017, G has an operating gain and reports the same HIP Fee amount and experiences the same 20% tax rate as in 2015. C's allowable 2017 HIP Tax Cost includes $81 attributable to G.

In addition, in 2017, because G's operating gain results in a tax rate higher than zero, G incurs economic disadvantage. This is because the 2016 HIP Fee reimbursement of $325 has reduced G's otherwise applicable Net Operating Loss carry-forward amount. G calculates the economic disadvantage as the difference between its 2017 tax liability with and without the 2016 HIP Fee reimbursement. This disadvantage is included in the Carrier's 2017 charge as an allowable HIP Tax Cost with respect to 2016. This is calculated as $325 (2016 HIP Fee) divided by 1-20% (application of 2017 Local Plan Tax Rate), less $325.]

Local Plan F HIP Tax Cost for 2017 = 162
Local Plan G HIP Tax Cost for 2017 = 81
Local Plan G HIP Tax Cost for 2017 due to 2016 HIP Fee reimbursement = apply formula using 2016 Fee Reimbursement amount and 2017 tax rate of 20% =81
Sum = C's allowable HIP Tax Cost for 2017 = 162 + 81 + 81 = $324

APPENDIX A

ATTACH

2018 FEHB BROCHURE

APPENDIX B

SUBSCRIPTION RATES, CHARGES, ALLOWANCES AND LIMITATIONS

Fee-For-Service Carrier

(Blue cross and Blue Shield Service Benefit Plan)
CONTRACT NO. CS 1039
Effective January 1, 2018

(a) Biweekly net-to-carrier rates, with appropriate adjustments for Enrollees paid on other than a biweekly basis, are as follows:

Standard Option		Basic Option	
Self Only	$329.24	Self Only	$283.56
Self Plus One	$720.01	Self Plus One	$637.35
Self and Family	$763.01	Self and Family	$675.54

(b) The amount of administrative expenses and charges to be included in the Annual Accounting Statement required by Section 3.2 shall be as set out in the schedule below:

Item	*Amount*
(i) Administrative Expenses	Actual, but not to exceed the Contractual Expense Limitation for 2018,* plus an amount sufficient to cover the costs needed to pay the Plan's Independent Public Accountant to undertake the audits and agreed upon procedures required in the "FEHBP Experienced-Rated Carrier and Service Organization Audit Guide."
(ii) Taxes	Actual (except that premium taxes as defined are not allowable).
(iii) Service Charge**	[redacted]

**The Contractual Expense Limitation for 2018 is [redacted] Notwithstanding Section 3.2 (b) of this Contract, costs of "activities that improve healthcare quality" as determined in accordance with the medical loss ratio provision of the Affordable Care Act

(Section 2718 of the Public Health Service Act; 42 U.S.C. 300gg-18, and its implementing regulations), are accounted for as benefits and not counted toward the Contractual Expense Limit.

Actual Affordable Care Act health insurer's provider fees and the related federal income tax impact related to the reimbursement of the health insurer's provider fee (calculated in accordance with Section 4.14) will be reimbursed and will remain outside the contractual expense limitation for 2018.

** The Service Charge for the 2018 contract year is based on the Overall Performance Score calculated in accordance with the 2017 Appendix F. The Service Charge for the 2019 contract year will be based on the Overall Performance Score calculated in accordance with the 2018 Appendix F.

Appendix E

Subsections (b), (c), (d), (e), (f), (g), (i), (j), (k), and (l) were amended in accordance to the January 2017 CFR 52.219-9. The text of the CFR has been edited consistent with the FEHBP's exception to the requirement that contractors report to eSRS.

APPENDIX E
Small Business Subcontracting Plan (JAN 2017)

(a) This clause does not apply to small business concerns.

(b) *Definitions*. As used in this clause—

"Alaska Native Corporation (ANC)" means any Regional Corporation, Village Corporation, Urban Corporation, or Group Corporation organized under the laws of the State of Alaska in accordance with the Alaska Native Claims Settlement Act, as amended (43 U.S.C. 1601, et seq.) and which is considered a minority and economically disadvantaged concern under the criteria at 43 U.S.C. 1626(e)(1). This definition also includes ANC direct and indirect subsidiary corporations, joint ventures, and partnerships that meet the requirements of 43 U.S.C. 1626(e)(2).

"Commercial item" means a product or service that satisfies the definition of commercial item in section 2.101 of the Federal Acquisition Regulation.

"Commercial plan" means a subcontracting plan (including goals) that covers the Offeror's fiscal year and that applies to the entire production of commercial items sold by either the entire company or a portion thereof (*e.g.,* division, plant, or product line).

"Indian tribe" means any Indian tribe, band, group, pueblo, or community, including native villages and native groups (including corporations organized by Kenai, Juneau, Sitka, and Kodiak) as defined in the Alaska Native Claims Settlement Act (43 U.S.C.A. 1601 et seq.), that is recognized by the Federal Government as eligible for services from the Bureau of Indian Affairs in accordance with 25 U.S.C. 1452(c). This definition also includes Indian-owned economic enterprises that meet the requirements of 25 U.S.C. 1452(e).

"Individual subcontracting plan" means a subcontracting plan that covers the entire contract period (including option periods), applies to a specific contract, and has goals that are based on the Offeror's planned subcontracting in support of the specific contract, except that indirect costs incurred for common or joint purposes may be allocated on a prorated basis to the contract.

"Master subcontracting plan" means a subcontracting plan that contains all the required elements of an individual subcontracting plan, except goals, and may be incorporated into individual subcontracting plans, provided the master subcontracting plan has been approved.

"Reduced payment" means a payment that is for less than the amount agreed upon in a subcontract in accordance with its terms and conditions, for supplies and services for which the Government has paid the prime contractor.

"Subcontract" means any agreement (other than one involving an employer-employee relationship) entered into by a Federal Government prime Contractor or subcontractor calling for supplies or services required for performance of the contract or subcontract.

"Total contract dollars" means the final anticipated dollar value, including the dollar value of all options.
"Untimely payment" means a payment to a subcontractor that is more than 90 days past due under the terms and conditions of a subcontract for supplies and services for which the Government has paid the prime contractor.
(c)(1) The Offeror, upon request by the Contracting Officer, shall submit and negotiate a subcontracting plan, where applicable, that separately addresses subcontracting with small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns. If the Offeror is submitting an individual subcontracting plan, the plan must separately address subcontracting with small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns, with a separate part for the basic contract and separate parts for each option (if any). The subcontracting plan shall be included in and made a part of the resultant contract. The subcontracting plan shall be negotiated within the time specified by the Contracting Officer. Failure to submit and negotiate the subcontracting plan shall make the Offeror ineligible for award of a contract.
(2)(i) The Contractor may accept a subcontractor's written representations of its size and socioeconomic status as a small business, small disadvantaged business, veteran-owned small business, service-disabled veteran-owned small business, or a women-owned small business if the subcontractor represents that the size and socioeconomic status representations with its offer are current, accurate, and complete as of the date of the offer for the subcontract.
(ii) The Contractor may accept a subcontractor's representations of its size and socioeconomic status as a small business, small disadvantaged business, veteran-owned small business, service-disabled veteran-owned small business, or a women-owned small business in the System for Award Management (SAM) if–
(A) The subcontractor is registered in SAM; and
(B) The subcontractor represents that the size and socioeconomic status representations made in SAM are current, accurate and complete as of the date of the offer for the subcontract.
(iii) The Contractor may not require the use of SAM for the purposes of representing size or socioeconomic status in connection with a subcontract.
(iv) In accordance with 13 CFR 121.411, 124.1015, 125.29, 126.900, and 127.700, a contractor acting in good faith is not liable for misrepresentations made by its subcontractors regarding the subcontractor's size or socioeconomic status.
(d) The Offeror's subcontracting plan shall include the following:
(1) Separate goals, expressed in terms of total dollars subcontracted, and as a percentage of total planned subcontracting dollars, for the use of small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns as subcontractors. For individual subcontracting plans, and if required by the Contracting Officer, goals shall also be expressed in terms of percentage of total contract dollars, in addition to the goals expressed as a percentage of total subcontract dollars. The Offeror shall include all subcontracts that contribute to contract performance, and may include a proportionate share of products and services that are normally allocated as indirect costs. In accordance with 43 U.S.C. 1626–

(i) Subcontracts awarded to an ANC or Indian tribe shall be counted towards the subcontracting goals for small business and small disadvantaged business concerns, regardless of the size or Small Business Administration certification status of the ANC or Indian tribe; and
(ii) Where one or more subcontractors are in the subcontract tier between the prime Contractor and the ANC or Indian tribe, the ANC or Indian tribe shall designate the appropriate Contractor(s) to count the subcontract towards its small business and small disadvantaged business subcontracting goals.
(A) In most cases, the appropriate Contractor is the Contractor that awarded the subcontract to the ANC or Indian tribe.
(B) If the ANC or Indian tribe designates more than one Contractor to count the subcontract toward its goals, the ANC or Indian tribe shall designate only a portion of the total subcontract award to each Contractor. The sum of the amounts designated to various Contractors cannot exceed the total value of the subcontract.
(C) The ANC or Indian tribe shall give a copy of the written designation to the Contracting Officer, the prime Contractor, and the subcontractors in between the prime Contractor and the ANC or Indian tribe within 30 days of the date of the subcontract award.
(D) If the Contracting Officer does not receive a copy of the ANC's or the Indian tribe's written designation within 30 days of the subcontract award, the Contractor that awarded the subcontract to the ANC or Indian tribe will be considered the designated Contractor.
(2) A statement of—
(i) Total dollars planned to be subcontracted for an individual subcontracting plan; or the Offeror's total projected sales, expressed in dollars, and the total value of projected subcontracts to support the sales for a commercial plan;
(ii) Total dollars planned to be subcontracted to small business concerns (including ANC and Indian tribes); and
(iii) Total dollars planned to be subcontracted to veteran-owned small business concerns;
(iv) Total dollars planned to be subcontracted to service-disabled veteran-owned small business;
(v) Total dollars planned to be subcontracted to HUBZone small business concerns;
(vi) Total dollars planned to be subcontracted to small disadvantaged business concerns; and
(vii) Total dollars planned to be subcontracted to women-owned small business concerns.
(3) A description of the principal types of supplies and services to be subcontracted, and an identification of the types planned for subcontracting to—
(i) Small business concerns;
(ii) Veteran-owned small business concerns;
(iii) Service-disabled veteran-owned small business concerns;
(iv) HUBZone small business concerns;
(v) Small disadvantaged business concerns; and
(vi) Women-owned small business concerns.
(4) A description of the method used to develop the subcontracting goals in paragraph (d)(1) of this clause.
(5) A description of the method used to identify potential sources for solicitation purposes (*e.g.,* existing company source lists, SAM, veterans service organizations, the National Minority Purchasing Council Vendor Information Service, the Research and Information Division of the Minority Business Development Agency in the Department of Commerce, or small, HUBZone, small disadvantaged, and women-owned small business trade associations). A firm may rely on the information contained in SAM, as an accurate representation of a concern's size and

ownership characteristics for the purposes of maintaining a small, veteran-owned small, service-disabled veteran-owned small, HUBZone small, small disadvantaged, and women-owned small business source list. Use of SAM, as its source list does not relieve a firm of its responsibilities (*e.g.,* outreach, assistance, counseling, or publicizing subcontracting opportunities) in this clause.
(6) A statement as to whether or not the Offeror included indirect costs in establishing subcontracting goals, and a description of the method used to determine the proportionate share of indirect costs to be incurred with—
(i) Small business concerns (including ANC and Indian tribes);
(ii) Veteran-owned small business concerns;
(iii) Service-disabled veteran-owned small business concerns;
(iv) HUBZone small business concerns;
(v) Small disadvantaged business concerns (including ANC and Indian tribes); and
(vi) Women-owned small business concerns.
(7) The name of the individual employed by the Offeror who will administer the Offeror's subcontracting program, and a description of the duties of the individual.
(8) A description of the efforts the Offeror will make to assure that small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns have an equitable opportunity to compete for subcontracts.
(9) Assurances that the Offeror will include the clause of this contract entitled "Utilization of Small Business Concerns" in all subcontracts that offer further subcontracting opportunities, and that the Offeror will require all subcontractors (except small business concerns) that receive subcontracts in excess of $700,000 ($1.5 million for construction of any public facility) with further subcontracting possibilities to adopt a subcontracting plan that complies with the requirements of this clause.
(10) Assurances that the Offeror will—
(i) Cooperate in any studies or surveys as may be required;
(ii) Submit periodic reports so that the Government can determine the extent of compliance by the Offeror with the subcontracting plan;
(iii) Submit Standard Form (SF) 294 Subcontracting Report for Individual Contract in accordance with paragraph (l) of this clause. Submit the Summary Subcontract Report (SSR), in accordance with paragraph (l) of this clause. The reports shall provide information on subcontract awards to small business concerns (including ANCs and Indian tribes that are not small businesses), veteran-owned small business concerns, service-disabled veteran-owned small business concerns, HUBZone small business concerns, small disadvantaged business concerns (including ANCs and Indian tribes that have not been certified by the Small Business Administration as small disadvantaged businesses), women-owned small business concerns, and for NASA only, Historically Black Colleges and Universities and Minority Institutions. Reporting shall be in accordance with this clause, or as provided in agency regulations; and
(iv) Ensure that its subcontractors with subcontracting plans agree to submit the SF 294 in accordance with paragraph (l) of this clause. Ensure that its subcontractors with subcontracting plans agree to submit the SSR in accordance with paragraph (l) of this clause.
(vi) [RESERVED]; and
(vii) Require that each subcontractor with a subcontracting plan provide the prime contract number, its own DUNS number, and the e-mail address of the subcontractor's official

responsible for acknowledging receipt of or rejecting the ISRs, to its subcontractors with subcontracting plans.
(11) A description of the types of records that will be maintained concerning procedures that have been adopted to comply with the requirements and goals in the plan, including establishing source lists; and a description of the Offeror's efforts to locate small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns and award subcontracts to them. The records shall include at least the following (on a plant-wide or company-wide basis, unless otherwise indicated):
(i) Source lists (*e.g.,* SAM), guides, and other data that identify small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns.
(ii) Organizations contacted in an attempt to locate sources that are small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, or women-owned small business concerns.
(iii) Records on each subcontract solicitation resulting in an award of more than $150,000, indicating—
(A) Whether small business concerns were solicited and, if not, why not;
(B) Whether veteran-owned small business concerns were solicited and, if not, why not;
(C) Whether service-disabled veteran-owned small business concerns were solicited and, if not, why not;
(D) Whether HUBZone small business concerns were solicited and, if not, why not;
(E) Whether small disadvantaged business concerns were solicited and, if not, why not;
(F) Whether women-owned small business concerns were solicited and, if not, why not; and
(G) If applicable, the reason award was not made to a small business concern.
(iv) Records of any outreach efforts to contact—
(A) Trade associations;
(B) Business development organizations;
(C) Conferences and trade fairs to locate small, HUBZone small, small disadvantaged, service-disabled veteran-owned, and women-owned small business sources; and
(D) Veterans service organizations.
(v) Records of internal guidance and encouragement provided to buyers through—
(A) Workshops, seminars, training, etc.; and
(B) Monitoring performance to evaluate compliance with the program's requirements.
(vi) On a contract-by-contract basis, records to support award data submitted by the Offeror to the Government, including the name, address, and business size of each subcontractor. Contractors having commercial plans need not comply with this requirement.
(12) Assurances that the Offeror will make a good faith effort to acquire articles, equipment, supplies, services, or materials, or obtain the performance of construction work from the small business concerns that it used in preparing the bid or proposal, in the same or greater scope, amount, and quality used in preparing and submitting the bid or proposal. Responding to a request for a quote does not constitute use in preparing a bid or proposal. The Offeror used a small business concern in preparing the bid or proposal if–
(i) The Offeror identifies the small business concern as a subcontractor in the bid or proposal or associated small business subcontracting plan, to furnish certain supplies or perform a portion of the subcontract; or

(ii) The Offeror used the small business concern's pricing or cost information or technical expertise in preparing the bid or proposal, where there is written evidence of an intent or understanding that the small business concern will be awarded a subcontract for the related work if the Offeror is awarded the contract.
(13) Assurances that the Contractor will provide the Contracting Officer with a written explanation if the Contractor fails to acquire articles, equipment, supplies, services or materials or obtain the performance of construction work as described in (d)(12) of this clause. This written explanation must be submitted to the Contracting Officer within 30 days of contract completion.
(14) Assurances that the Contractor will not prohibit a subcontractor from discussing with the Contracting Officer any material matter pertaining to payment to or utilization of a subcontractor.
(15) Assurances that the Offeror will pay its small business subcontractors on time and in accordance with the terms and conditions of the underlying subcontract, and notify the contracting officer when the prime contractor makes either a reduced or an untimely payment to a small business subcontractor (see 52.242-5).
(e) In order to effectively implement this plan to the extent consistent with efficient contract performance, the Contractor shall perform the following functions:
(1) Assist small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns by arranging solicitations, time for the preparation of bids, quantities, specifications, and delivery schedules so as to facilitate the participation by such concerns. Where the Contractor's lists of potential small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business subcontractors are excessively long, reasonable effort shall be made to give all such small business concerns an opportunity to compete over a period of time.
(2) Provide adequate and timely consideration of the potentialities of small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns in all "make-or-buy" decisions.
(3) Counsel and discuss subcontracting opportunities with representatives of small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business firms.
(4) Confirm that a subcontractor representing itself as a HUBZone small business concern is certified by SBA as a HUBZone small business concern in accordance with 52.219-8(d)(2).
(5) Provide notice to subcontractors concerning penalties and remedies for misrepresentations of business status as small, veteran-owned small business, HUBZone small, small disadvantaged, or women-owned small business for the purpose of obtaining a subcontract that is to be included as part or all of a goal contained in the Contractor's subcontracting plan.
(6) For all competitive subcontracts over the simplified acquisition threshold in which a small business concern received a small business preference, upon determination of the successful subcontract Offeror, prior to award of the subcontract the Contractor must inform each unsuccessful small business subcontract Offeror in writing of the name and location of the apparent successful Offeror and if the successful subcontract Offeror is a small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, or women-owned small business concern.

(7) Assign each subcontract the NAICS code and corresponding size standard that best describes the principal purpose of the subcontract.
(f) A master subcontracting plan on a plant or division-wide basis that contains all the elements required by paragraph (d) of this clause, except goals, may be incorporated by reference as a part of the subcontracting plan required of the Offeror by this clause; provided—
(1) The master subcontracting plan has been approved;
(2) The Offeror ensures that the master subcontracting plan is updated as necessary and provides copies of the approved master subcontracting plan, including evidence of its approval, to the Contracting Officer; and
(3) Goals and any deviations from the master subcontracting plan deemed necessary by the Contracting Officer to satisfy the requirements of this contract are set forth in the individual subcontracting plan.
(g) A commercial plan is the preferred type of subcontracting plan for contractors furnishing commercial items. The commercial plan shall relate to the Offeror's planned subcontracting generally, for both commercial and Government business, rather than solely to the Government contract. Once the Contractor's commercial plan has been approved, the Government will not require another subcontracting plan from the same Contractor while the plan remains in effect, as long as the product or service being provided by the Contractor continues to meet the definition of a commercial item. A Contractor with a commercial plan shall comply with the reporting requirements stated in paragraph (d)(10) of this clause by submitting one SSR for all contracts covered by its commercial plan. This report shall be acknowledged or rejected by the Contracting Officer who approved the plan. This report shall be submitted within 30 days after the end of the Government's fiscal year.
(h) Prior compliance of the Offeror with other such subcontracting plans under previous contracts will be considered by the Contracting Officer in determining the responsibility of the Offeror for award of the contract.
(i) A contract may have no more than one subcontracting plan. When a contract modification exceeds the subcontracting plan threshold in 19.702(a), or an option is exercised, the goals of the existing subcontracting plan shall be amended to reflect any new subcontracting opportunities. When the goals in a subcontracting plan are amended, these goal changes do not apply retroactively.
(j) Subcontracting plans are not required from subcontractors when the prime contract contains the clause at 52.212-5, Contract Terms and Conditions Required to Implement Statutes or Executive Orders—Commercial Items, or when the subcontractor provides a commercial item subject to the clause at 52.244-6, Subcontracts for Commercial Items, under a prime contract.
(k)The failure of the Contractor or subcontractor to comply in good faith with—
(1) the clause of this contract entitled "Utilization Of Small Business Concerns,"or
(2) an approved plan required by this clause, shall be a material breach of the contract and may be considered in any past performance evaluation of the Contractor.
(l) The Contractor shall submit a SF 294. The Contractor shall submit SSRs. Purchases from a corporation, company, or subdivision that is an affiliate of the Contractor or subcontractor are not included in these reports. Subcontract awards by affiliates shall be treated as subcontract awards by the Contractor. Subcontract award data reported by the Contractor and subcontractors shall be limited to awards made to their immediate next-tier subcontractors. Credit cannot be taken for awards made to lower tier subcontractors, unless the Contractor or subcontractor has been designated to receive a small business or small disadvantaged business credit from an ANC

or Indian tribe. Only subcontracts involving performance in the U.S. or its outlying areas should be included in these reports with the exception of subcontracts under a contract awarded by the State Department or any other agency that has statutory or regulatory authority to require subcontracting plans for subcontracts performed outside the United States and its outlying areas.
(1) SF 294. This report is not required for commercial plans. The report is required for each contract containing an individual subcontracting plan. For Contractors the report shall be submitted to the Contracting Officer, or as specified elsewhere in this contract. In the case of a subcontract with a subcontracting plan, the report shall be submitted to the entity that awarded the subcontract.
(i) The report shall be submitted semi-annually during contract performance for the periods ending March 31 and September 30. A report is also required for each contract within 30 days of contract completion. Reports are due 30 days after the close of each reporting period, unless otherwise directed by the Contracting Officer. Reports are required when due, regardless of whether there has been any subcontracting activity since the inception of the contract or the previous reporting period. When a Contracting Officer rejects a report, the Contractor shall submit a revised report within 30 days of receiving the notice of report rejection.
(ii) (A) When a subcontracting plan contains separate goals for the basic contract and each option, as prescribed by FAR 19.704(c), the dollar goal inserted on this report shall be the sum of the base period through the current option; for example, for a report submitted after the second option is exercised, the dollar goal would be the sum of the goals for the basic contract, the first option, and the second option.
(B) If a subcontracting plan has been added to the contract pursuant to 19.702(a)(3) or 19.301-2(e), the Contractor's achievements must be reported in the report on a cumulative basis from the date of incorporation of the subcontracting plan into the contract.
(2) SSR. (i) Reports submitted under individual contract plans.
(A) This report encompasses all subcontracting under prime contracts and subcontracts with an executive agency, regardless of the dollar value of the subcontracts. This report also includes indirect costs on a prorated basis when the indirect costs are excluded from the subcontracting goals.
(B) The report may be submitted on a corporate, company or subdivision (e.g., plant or division operating as a separate profit center) basis, unless otherwise directed by the agency.
(C) If the Contractor and/or a subcontractor is performing work for more than one executive agency, a separate report shall be submitted to each executive agency covering only that agency's contracts, provided at least one of that agency's contracts is over $700,000 (over $1.5 million for construction of a public facility) and contains a subcontracting plan. For DoD, a consolidated report shall be submitted for all contracts awarded by military departments/agencies and/or subcontracts awarded by DoD prime contractors.
(D) The report shall be submitted annually by October 30, for the twelve month period ending September 30. When a Contracting Officer rejects an SSR, the Contractor is required to submit a revised SSR within 30 days of receiving the notice of report rejection.
(E) Subcontract awards that are related to work for more than one executive agency shall be appropriately allocated.
(F) The authority to acknowledge or reject SSRs, including SSRs submitted by subcontractors with subcontracting plans, resides with the Government agency awarding the prime contracts unless stated otherwise in the contract.
(ii) Reports submitted under a commercial plan.

(A) The report shall include all subcontract awards under the commercial plan in effect during the Government's fiscal year and all indirect costs.
(B) The report shall be submitted annually, within 30 days after the end of the Government's fiscal year.
(C) If a Contractor has a commercial plan and is performing work for more than one executive agency, the Contractor shall specify the percentage of dollars attributable to each agency.
(D) The authority to acknowledge or reject SSRs for commercial plans resides with the Contracting Officer who approved the commercial plan.

APPENDIX F
Measures and contributions to performance areas and scores for 2018 Performance and 2019 Service Charge

To be performed in accordance with the 2018 FEHB Plan Performance Assessment Procedure Manual and the FEHB Plan Performance Assessment – Consolidated Methodology Carrier Letter (CL 2017-15). The Service Charge for the 2019 contract year will be based on the Overall Performance Score calculated in accordance with this Appendix F.

1. Performance Area Contributions to Overall Performance Score (OPS)

Performance Area	Contribution to Overall Performance Score
Clinical Quality, Customer Service, and Resource Use	65%
Contract Oversight	35%

2. Clinical Quality, Customer Service, and Resource Use (QCR) Performance Area Measures

Performance Area	Measure	Priority Level	Measure Weight
Clinical Quality	Breast Cancer Screening	2	1.25
	Prenatal and Postpartum Care (Timeliness)	1	2.50
	Well Child Visits in the First 15 Months of Life	2	1.25
	Flu Vaccinations for Adults Ages 18-64	2	1.25
	Cervical Cancer Screening	2	1.25
	Controlling High Blood Pressure	1	2.50
	Comprehensive Diabetes Care – HbA1C <8% - Control	2	1.25
	Asthma Medication Ratio	2	1.25
	Medication Management for People with Asthma (75%)	2	1.25
	Avoidance of Antibiotics in Adults with Acute Bronchitis	2	1.25
	Follow-up After Hospitalization for Mental Illness (7-day or 30-day)	2	1.25
Customer Service	Plan Information on Costs	3	1.00
	Getting Needed Care	3	1.00
	Getting Care Quickly	3	1.00
	Claims Processing	3	1.00
	Overall Health Plan Rating	3	1.00

	Coordination of Care	3	1.00
	Overall Personal Doctor Rating	3	1.00
	Customer Service	3	1.00
Resource Use	Plan All Cause Readmissions	1	2.50
	Use of Imaging Studies for Low Back Pain	2	1.25

EXHIBIT D

2019A Amendment to Contract No. CS 1039*

Between the U.S. Office of Personnel Management and the Blue Cross and Blue Shield Association on Behalf of, and as Agent for, Participating Blue Cross and/or Blue Shield Plans

*In 2013, OPM consolidated prior amendments to Contract No. CS 1039 into one single restated contract.

AMENDMENT TO CONTRACT CS 1039

CONTRACT NO: 1039
EFFECTIVE: January 1, 1960

AMENDMENT NO. 2019A
EFFECTIVE: January 1, 2019

BETWEEN: THE UNITED STATES OFFICE OF PERSONNEL MANAGEMENT
hereafter called the OPM, the Agency, or the Government

Address: 1900 E Street, NW
Washington, DC 20415-3610

AND

CONTRACTOR: Blue Cross and Blue Association
hereafter also called the Carrier

Address: 1310 G. Street, NW, Suite 900
Washington, DC 20005

In consideration of payment by the Agency of subscription charges set forth in Appendix B, the Carrier agrees to perform all of the services set forth in this contract, including Appendix A.

FOR THE CARRIER

1. **Section 1.9 Plan Performance—Fee-For-Service Contracts**

We amended Subsection (f) to align quality assurance standards among Carriers and to provide clarity for the measures and standards. Subparagraph (f)(4) *Coordination of Benefits* was moved to its own subsection in Section 1.9(j) because it is a more appropriate location for the requirement. Subsections (j) and (k) were renamed (k) and (l) respectively and references to them were changed accordingly. In amended Subparagraphs (f)(4) *Claims Timeliness* and (f)(6) *Member Inquiries*, the time period for reporting was clarified. In amended Subparagraph (f)(10)(i) *Call Answer Timeliness*, the required standard is set at 85% of calls answered by a live voice (during operating hours) within 30 seconds. In amended Subparagraph (f)(11) *Responsiveness to FEHB Member Requests for Reconsideration*, the reportable calculation is described. The required quality assurance standards are otherwise unchanged in these amendments. Subparagraph (g)(2) *Coordination of Benefits* was moved to its own subsection in Section 1.9(k) because it is a more appropriate location for the requirement; the language was also edited for clarity

SECTION 1.9
PLAN PERFORMANCE—FEE-FOR-SERVICE CONTRACTS (JAN 2019)

* * * * *

(f) Contract Quality Assurance. The Carrier shall develop and apply a quality assurance program specifying procedures for assuring contract quality over the contract period. The Carrier shall meet the following standards and submit an annual report to OPM on these standards by July 1 of the following contract period:

(1) *Claims Processing Accuracy* - the number of FEHB claims processed accurately divided by the total number of FEHB claims processed.

REQUIRED STANDARD: The Carrier shall accurately process at least 95 percent of FEHB claims.

(2) *Claims Coding Accuracy* - the number of FEHB claims coded accurately divided by the total number of FEHB claims coded.

REQUIRED STANDARD: The Carrier shall accurately code at least 98 percent of FEHB claims.

(3) *Recovery of Erroneous Payments* - the average number of working days it takes for the Carrier to begin collection action against an FEHB provider or member following identification of an erroneous payment, including overpayments.

REQUIRED STANDARD: The Carrier shall average no more than 30 working days from the date it identifies an FEHB erroneous payment to the date it begins the collection action.

(4) *Claims Timeliness* - the number of FEHB claims adjudicated (paid, denied, or a request for further information is sent out) within 30 working days from the date the Carrier received the claim, divided by the total number of FEHB claims received.

REQUIRED STANDARD: The Carrier shall adjudicate at least 95 percent of claims within 30 working days.

(5) *Processing ID cards on change of plan or option* - the number of calendar days from the date the Carrier receives the enrollment from the Enrollee's agency, Tribal Employer, or retirement system to the date it issues the ID card.

REQUIRED STANDARD: The Carrier shall issue all ID cards within 15 calendar days after receiving the enrollment from the Enrollee's agency, Tribal Employer, or retirement system except that the Carrier shall issue ID cards resulting from an open season election within 15 calendar days or by December 15, whichever is later.

(6) *Member Inquiries* - the number of written inquiries responded to within 15 working days divided by the total number of written inquiries received.

REQUIRED STANDARD: The Carrier shall respond to at least 90 percent of inquiries within 15 working days.

(7) *Written Inquiries Accuracy* – the number of FEHB written inquiries answered accurately divided by the total number of FEHB written inquiries received.

REQUIRED STANDARD: the Carrier shall accurately answer at least 97 percent of FEHB written inquiries.

(8) *Telephone Inquiries Accuracy* – the number of FEHB telephone inquiries answered accurately divided by the total number of FEHB telephone inquiries received.

REQUIRED STANDARD: The Carrier shall accurately answer at least 97 percent of FEHB telephone inquiries.

(9) *Internet Inquiries Accuracy* – the number of FEHB Internet inquiries answered accurately divided by the total number of FEHB Internet inquiries received.

REQUIRED STANDARD: The Carrier shall accurately answer at least 97 percent of FEHB Internet inquiries.

(10) *Telephone Access* - the Carrier shall report on the following statistics concerning telephone access to the member services department (or its equivalent) for the given time period. Except that, if the Carrier does not have a computerized phone system, report results of periodic surveys on telephone access.

(i) Call Answer Timeliness - the percentage of calls answered by a live voice (during operating hours) within 30 seconds.

REQUIRED STANDARD: The Carrier shall answer 80% of telephone calls by a live voice (during operating hours) within 30 seconds.

(ii) Telephone Blockage Rate - the number of calls receiving a busy signal when calling the Carrier divided by the total number of calls received.

REQUIRED STANDARD: The Carrier shall ensure that no more than 5 percent of calls receive a busy signal.

(iii) Telephone Abandonment Rate - the number of calls attempted but not connected to a live voice divided by the total number of calls attempted.

REQUIRED STANDARD: The Carrier shall ensure that no more than 5 percent of calls are abandoned before connection to a live voice.

(*iv*) *Initial Call Resolution* – the number of initial calls that result in a resolution of the issue divided by the total number of initial calls for an issue.

REQUIRED STANDARD: The Carrier shall resolve the issue during the initial call at least 80 percent of the time.

(11) *Responsiveness to FEHB Member Requests for Reconsideration* - the number of times the Carrier responds (affirms the denial in writing to the FEHB member, pays the claim, provides or authorizes coverage of the service, or requests additional information reasonably necessary to make a determination) within 30 days to a request for reconsideration of a disputed claim divided by the total number of requests for reconsideration of disputed claims received.

REQUIRED STANDARD: The Carrier shall respond to 100 percent of written FEHB disputed claim requests within 30 days after receipt by the Carrier.

* * * * *

(j) The Carrier must demonstrate that it uses and shall use a statistically valid sampling technique to identify FEHB claims prior to or after processing that requires coordination of benefits with a third party payer or the Carrier shall pursue and provide evidence that it pursues all claims for coordination of benefits.

(k) Correction of Deficiencies. The Contracting Officer may order the correction of a deficiency in the Carrier's quality assurance program or fraud prevention program. The Carrier shall take the necessary action promptly to implement the Contracting Officer's order. If the Contracting Officer orders a modification of the Carrier's quality assurance program or fraud prevention program pursuant to this paragraph after the contract year has begun, the costs incurred to correct the deficiency may be excluded from the administrative expenses -- for the contract year -- that are subject to the administrative expenses limitation specified at Appendix B; provided

the Carrier demonstrates that the correction of the deficiency significantly increases the Carrier's liability under this contract.

(l) In order to allow sufficient implementation time, the Contracting Officer will notify the Carrier reasonably in advance of any new requirement(s) under paragraphs (a) through (k).

2. **Section 1.26 Standards for Pharmacy Benefit Management Company (PBM) Arrangements**

We amended Subsection (c) to update the references to Section 1.9, Subsection (f).

SECTION 1.26
STANDARDS FOR PHARMACY BENEFIT MANAGEMENT COMPANY (PBM) ARRANGEMENTS (JAN 2019)

* * * * *

(c) Performance Standards The Carrier will require that its PBM contractors develop and apply a quality assurance program specifying procedures for ensuring contract quality on the following standards at a minimum and submit reports to the Carrier on their performance. PBMs must meet, at minimum, the member inquiry, telephone customer service, paper claims processing, and other applicable standards set for Carriers at Section 1.9(f)(1), (2), (4), (6), and (10). All other standards discussed below will have specific target goals the PBM is expected to achieve. Carriers may permit PBMs to measure compliance using statistically valid samples for the PBM's book of business. Agreed to standards shall be provided to OPM for its review and comment. If OPM has concerns about a particular standard, the Carrier agrees to present OPM's concerns to the PBM and either revise the standard as requested by OPM or revise the standard to the extent feasible and present to OPM information demonstrating the problems associated with making the requested revisions in full.

* * * * *

3. **Section 1.30 Health Information Technology Privacy and Security**

We amended Subsection (d) to more clearly require Carriers to allow an authorized representative of the Contracting Officer to perform independent evaluations to ensure information systems that directly process FEHBP data and information systems that are in the same general IT control environment are securely configured and are up to date.

SECTION 1.30
HEALTH INFORMATION TECHNOLOGY PRIVACY AND SECURITY (JAN 2019)

(a) Any Carrier subcontractor, large provider, or vendor, that administers a personal health record or quality and cost or price transparency software applications for Members that collect, create, receive, store or transmit individually identifiable protected health information of

Members that does not qualify as a covered entity or business associate under the Health Insurance Portability and Accountability Act of 1996 (HIPAA) or regulations will be required by the Carrier to, at a minimum, comply with equivalent privacy and security policies as are required of a "covered entity" under the HIPAA Privacy and Security regulations.

(b) The Carrier will provide for consumer transparency including, but not limited to, the posting of the subcontractor's, large provider's, or vendor's notice of privacy practices prominently at the point where the Member enters the subcontractor's, large provider's, vendor's or other entity's website or web portal.

(c) Notices of privacy practices disclosures must describe the uses of individually identifiable protected health information and any potential disclosure to other entities as described in the HIPAA Privacy Rule.

(d) The Carrier must allow the Contracting Officer or an authorized representative of the Contracting Officer to independently perform credentialed vulnerability scans and configuration compliance audits (using administrator accounts) against the Carrier's information systems and environments described in this subsection to determine whether the Carrier has controls in place to ensure its information systems are securely configured and patches are timely applied and up to date based on the level of risk in the environment.

(1) NIST SP 800-53 (or its current equivalent) may be used as a benchmark for conducting audits of Carrier information systems. The Contracting Officer or an authorized representative of the Contracting Officer may recommend that the Carrier adopt a best practice drawn from NIST SP 800-53 (or its current equivalent) to the following Carrier information systems:

(i) Information systems that directly process FEHBP data for contract purposes; and

(ii) All other information systems operating in the same general information technology control environment (i.e. any resources in the same physical or logical environment) as the information systems in subparagraph (i) above.

(2) In a written response to such a recommendation, the Carrier shall do one of the following:

(i) Agree to adopt the recommendation,

(ii) Explain that it is already in compliance with the recommendation, or

(iii) Explain why maintaining its current practice is compliant with Section 1.22, captioned Administrative Simplification -- HIPAA and is equally, if not more, appropriate for its business purposes than the recommended best practice from (1) above.

(3) Upon request of the Contracting Officer or an authorized representative of the Contracting Officer, the Carrier agrees to demonstrate to the requestor its compliance with either a recommended best practice from (1) or an alternative current practice from subparagraph (2)(iii) that the Carrier has adopted. Evidence submitted pursuant to (2) that the Carrier and Contracting Officer agree is extremely sensitive may, at the Carrier's request and the Contracting Officer's concurrence, be reviewed on the Carrier's premises.

(4) If the Carrier agrees to adopt a best practice recommendation made pursuant to (1) above, the Contracting Officer will allow reasonable time for the Carrier to implement the best practice before making any request under (3) above.

Part IV-SPECIAL PROVISIONS is deleted and replaced with the following:

SECTION 4.1
ALTERATIONS IN CONTRACT (JAN 2019) (FAR 52.252-4)

Portions of this contract are altered as follows:

(a) Section 1.6 Confidentiality of Records. The following subsection is added:

(d) Local Blue Cross and/or Blue Shield Plans may combine the personal data and medical records of Federal subscribers, and information relating thereto, with the same information of other individuals who have health benefits coverage under the Local Blue Cross and/or Blue Shield Plan. This combined data may only be used and disclosed for the Plan's health care operations and payment activities, as such terms and conditions are defined under the Health Insurance Portability and Accountability Act, and its implementing regulations (45 CFR § 164.501). Such activities include, but are not limited to: care management; prevention, detection, and recovery of funds subject to fraud and abuse; and negotiation of provider contracts.

(e) As used in subsection (b)(1) of this section, "administration of this contract" means health care operations and payment activities, as such terms and conditions are defined under the Health Insurance Portability and Accountability Act, and its implementing regulations (45 CFR § 164.501).

(b) Section 1.9 Plan Performance—Experience-Rated FFS Contracts.

The Carrier may use the appropriate systems for measurement and/or collection of data on the quality of the health care services as described in subparagraph 1.9(b).

(c) Section 1.14, Misleading, Deceptive, or Unfair Advertising, is amended by removing the reference to the NAIC Advertisements of Accident and Sickness Insurance Model Regulation (Appendix D-b). Carrier should continue to use the FEHB Supplemental Literature Guidelines (now at the renumbered Appendix C) along with FEHBAR 1603.7002.

(d) Section 1.15 Renewal and Withdrawal of Approval (FEHBAR). The following subsections are added:

(d) If the agency suspends payment of the subscription charges for any reason, the Carrier may (1) suspend making benefit payments until payment of all subscription charges due is fully restored; or (2) terminate the contract without prior notice.

(e) Section 1.21 Patient Bill of Rights. For the purpose of compliance with this Section, the Carrier will conduct the following minimum activities: (1) the Carrier will provide subscribers with a Fact Sheet that includes information about the disenrollment rate in the Blue Cross and Blue Shield Service Benefit Plan, as well as Local Plan-specific information including compliance with Federal and State financial requirements, public corporate information, years in existence, and accreditation status; (2) Provider

Directories will include language advising subscribers to contact their providers directly to obtain information about the providers, including but not limited to board certifications, languages spoken, availability of interpreters, facility accessibility, and whether the provider is accepting new patients.

(f) Section 1.30 Health Information Technology Privacy and Security. Subsections (b), (c) and the introductory paragraph of Subsection (d) of Section 1.30 are amended to read as follows:

(b) The Carrier will promote consumer transparency by ensuring that at the point where the Federal member enters the subcontractor's, large provider's, or vendor's website or web portal the link to the subcontractor's, large provider's, or vendor's notice of privacy practices and/or privacy policies is displayed on the bottom, or prominently displayed elsewhere, on the website or web portal.

(c) Notice of privacy practices and/or privacy policies disclosures must describe the uses of individually identifiable protected health information and any potential disclosure to other entities as described in the HIPAA Privacy Rule.

(d) The Carrier will participate with the Contracting Officer or an authorized representative of the Contracting Officer in credential vulnerability scans and configuration compliance audits conducted in accordance with rules of engagement agreed to by the Contracting Officer and the Blue Cross and Blue Shield Association. The rules of engagement will include the software and hardware used for vulnerability scanning; the specific process used to conduct vulnerability scanning; precautions taken to prevent negative disruption on the systems being scanned; restrictions on the release of documents and artifacts; and how the results of the scanning will be reviewed and reported.

(g) Section 2.2 Benefits Provided. The following paragraph is added to subsection 2.2(a):

(4) The Carrier may pay the Preferred Provider Organization level of benefits under this contract to ease the hardship of members affected by natural disasters such as earthquakes, floods, etc., when because of the natural disaster members have difficulty gaining access to Preferred network providers. The Carrier may pay the Preferred level of benefits without regard to the provider's contractual relationship with the Carrier and will determine an appropriate time frame based on local conditions during which the provision of this paragraph will apply. Benefits provided under this paragraph will be made available to all members similarly affected by the natural disaster.

(h) Section 2.3 Payment of Benefits and Provision of Services and Supplies. Notwithstanding subsection (f) of Section 2.3, benefits provided under the contract are not assignable by the Member to any person without express written approval of the carrier, and in the absence of such approval, any such assignment shall be void. Notwithstanding such approval, no assignment of benefits may be made in any case prior to the time that a valid claim for benefits arises.

(i) Section 2.3 Payment of Benefits and Provision of Services and Supplies. The introductory paragraph of Subsection 2.3(g) is amended to read as follows:

(g) *Erroneous Payments.*

(i) If the Carrier or OPM determines that a Member's claim has been paid in error for any reason (except in the case of fraud or abuse), the Carrier shall make a prompt and diligent effort to recover the erroneous payment to the member from the member or, if to the provider, from the provider; the recovery of any overpayment must be treated as an erroneous benefit payment, overpayment, or duplicate payment under 48 C.F.R. 1631.201-70(h) regardless of any time period limitations in the written agreement with the provider.

(ii) The Carrier shall be deemed to have satisfied the requirements of Subsection (g) (i) above by complying with Subsections (ii), (iii), and (iv). Local Blue Cross and Blue Shield Plans which have time period limitations in their provider contracts which prevent the Plan from recovering erroneous benefit payments made to providers will participate in an action plan. The action plan shall be developed by the Blue Cross and Blue Shield Association by December 31, 2008 and agreed to by the Contracting Officer and the Blue Cross and Blue Shield Association. The Blue Cross and Blue Shield Association and the Contracting Officer shall utilize standards of commercial reasonableness and neither shall unreasonably withhold agreement. The action plan shall be designed to reduce the occurrence of erroneous benefit payments, to identify and recover erroneous benefit payments within the time limits stipulated in their provider contracts, and to demonstrate due diligence in making an attempt to identify and recover within that provider contract timeframe such erroneous benefit payments.

(iii) The Blue Cross and Blue Shield Association shall be responsible for monitoring and determining whether each Blue Cross and Blue Shield Plan participating in the action plan is complying with its obligations under the action plan.

(iv) A Blue Cross and Blue Shield Plan which is in compliance with its obligations under the action plan shall be found to be in compliance with its obligation under this Section 2.3(g) to make a prompt and diligent effort to recover erroneous benefit payments. In the event that any Plan with such time period limitations is determined to be not in substantial compliance with the action plan, and that Plan is determined not to have pursued material benefit payments with promptness and diligence, then the Plan shall return the erroneous benefit payments to the Program.

(v) The Carrier shall follow general business practices and procedures in collecting debts owed under the Federal Employees Health Benefits Program. Prompt and diligent effort to recover erroneous payments means that upon discovering that an erroneous payment exists, the Carrier shall—

(j) Section 2.3 Payment of Benefits and Provision of Services and Supplies. Subsection (g)(7)(ii) of Section 2.3 is amended to read as follows:

Notwithstanding (g)(7)(i), the Carrier may not charge the contract for the administrative costs to correct erroneous benefit payments (or to correct processes or procedures that

caused erroneous benefit payments) when the errors are egregious and repeated. These costs are deemed to be unreasonable and unallowable under Section 3.2(b). The term "repeated" in the previous sentence does not apply to situations in which a claims processing system error causes multiple erroneous payments or to situations that involve audit findings on errors that are endemic to the provision of insurance and claims processing.

(k) Section 2.3 Payment of Benefits and Provision of Services and Supplies. Subsection (g)(10) of Section 2.3 is amended to read as follows:

(10) In compliance with the Contracts Disputes Act, the Carrier shall return to the Program an amount equal to the uncollected erroneous benefit payment where the Contracting Officer determines that the Carrier failed to make a prompt and diligent effort, as that term is described above, to recover the erroneous benefit payment. This provision applies to benefit payments which have been paid in error for any reason (except in the case of fraud or abuse).

(l) Section 2.4 Termination of Coverage and Conversion Privileges. The conversion contract set forth in Section 2.4(c) may be a contract that is regularly offered by the local Blue Cross and/or Blue Shield Plan.

(m) Section 2.5 Subrogation. The following subsections are added:

(c) To the extent that a Member has received benefits for covered services under this contract for an injury or illness caused by a third party, the Carrier shall have the right to be subrogated and succeed to any rights of recovery against any person or organization from whom the Member is legally entitled to receive all or part of those same benefits, including insurers of individuals (non-group) policies of liability insurance that are issued to and in the name of the Member. The obligation of the Carrier to recover amounts through subrogation is limited to making a reasonable effort to seek recovery of amounts to which it is entitled to recover in cases which are brought to its attention. The Carrier shall not be required to recover any amounts from any person or organization who causes an injury or illness for which the Member makes claims for benefits.

(d) The Carrier may also recover directly from the Member all amounts received by the Member by suit, settlement, or otherwise from any third party or its insurer, or the Member's insurer under an individual policy or liability insurance, for benefits which have also been paid under this contract.

(e) The Member shall take such action, furnish such information and assistance, and execute such papers as the Carrier or its representative believes are necessary to facilitate enforcement of its rights, and shall take no action which would prejudice the interests of the Carrier to subrogation.

(f) Effective January 1, 1997, all Participating Plans shall subrogate under a single, nation-wide policy to ensure equitable and consistent treatment for all Members under the contract.

(n) Section 2.6 Coordination of Benefits (FEHBAR). The following subsections are added:

(g) The benefits payable by this Plan shall be determined, on a claim by claim basis, only for those claims in excess of $100, except where Medicare is the primary payer of benefits, claims in excess of $50.

(h) Whenever payments which should have been made under this contract in accordance with this provision have been made under any other group health coverage, the Carrier shall have the right, exercisable alone and in its sole discretion, to pay over to any organizations making such other payments any amount it shall determine to be warranted in order to satisfy the intent of this provision, and amounts so paid shall be deemed to be benefits paid under this contract and, to the extent of such payments discharged from liability under the contract.

(o) Section 3.1 Payments (FEHBAR). The following sentence is added to the end of Section 3.1(a):

OPM will withhold from the subscription charges amounts for other obligations due under the contract only to the extent that OPM and the Carrier have agreed in writing to specific deductions for such other obligations.

(p) Section 3.1 Payments (FEHBAR). The following subsection is added:

(g) Except as required pursuant to Sections 1.25 and 2.12, in the event this contract is terminated or not renewed, the agency shall be liable for all sums due and unpaid, including subscription charges, for the period up to the last day of the Member's entitlement to benefits.

(q) Section 3.2 Accounting and Allowable Cost (FEHBAR). Section 3.2(b)(2)(ii) of this contract is amended to comply with 5 U.S.C. 8909(f) as follows:

(1) No tax, fee, or other monetary payment may be imposed, directly or indirectly, on a Carrier or an underwriting or plan administration subcontractor of an approved health benefits plan by any State, the District of Columbia, or the Commonwealth of Puerto Rico, or by any political subdivision or other governmental authority thereof, with respect to any payment made from the Fund.

(2) Paragraph (1) shall not be construed to exempt any Carrier or subcontractor of an approved health benefits plan from the imposition, payment, or collection of a tax, fee, or other monetary payment on the net income or profit accruing to or realized by such Carrier or underwriting or plan administration subcontractor from business conducted under this Chapter, if that tax, fee, or payment is applicable to a broad range of business activity.

(r) Section 3.2 Accounting and Allowable Cost (FEHBAR). The provision in Section 3.2 (b)(2)(iv)(A) is supplemented as follows:

Charges for mandatory statutory reserves (Section 3.2(b)(2)(iv)(A)) to satisfy mandatory

statutory reserve requirements of Participating Plans are allowable to the extent that such requirements exceed that portion of the service charge at Appendix B, Subscription Rates, Charges, Allowances and Limitations applicable to such Plans.

(s) Section 3.2 Accounting and Allowable Cost (FEHBAR). This section is modified as follows:

The Carrier, as required by the Blue Cross and Blue Shield Service Benefit Plan Workplan, shall furnish OPM an accounting of its operations under the contract not less than 120 days after the end of the calendar year contract period.

(t) Section 3.3 Special Reserve. The provision in Section 3.3(a) is supplemented as follows:

The Special reserve held by or on behalf of the Carrier is to be used only for payment of charges against this contract, including advance payments to Participating Plans and to hospitals.

(u) Section 3.10, Audit, Financial, and Other Information. Compliance by the Carrier and Participating Blue Cross and Blue Shield Plans with the Blue Cross Blue Shield Service Benefit Plan Workplan, as agreed upon between the Carrier and OPM, will constitute compliance with the Audit Guide referred to in Sections 3.2 and 3.10.

SECTION 4.2
HOSPITAL (FACILITY) BENEFIT PAYMENTS AND CONDITIONS (JAN 1991)

(a) Benefits described in the agreed upon brochure text shall be provided to the extent practicable in the form of services rendered by hospitals, freestanding ambulatory facilities, and home health care agencies, and payment, therefore, by or on behalf of the carrier shall constitute a complete discharge of their obligations under this contract to the extent of services rendered in accordance with the terms and conditions of the contract.

(b) Benefits for inpatient hospital care shall be available only to a Member admitted to the hospital on the recommendation, and while under the active medical supervision of a duly licensed physician or alternative provider as described in section 8902(k)(1) of title 5 U.S.C. who is a member of the staff of, or acceptable to, the hospital selected.

(c) Hospital service is subject to all the rules and regulations of the hospital selected including rules governing admissions.

(d) While a Member may elect to be hospitalized in any hospital, the Carrier does not undertake to guarantee the admission of such Member to the hospital, nor the availability of any accommodations or services therein requested by the Member or his physician.

SECTION 4.3
DEFINITION OF CARRIER (JAN 1991)

The Carrier is the Blue Cross and Blue Shield Association, an Illinois not-for-profit corporation, acting on behalf of participating Blue Cross and Blue Shield Plans and

pursuant to authority specified in Exhibit A for and in behalf of the organizations specified in Exhibit A (hereinafter sometimes referred to as "Participating Plans").

SECTION 4.4
AUDIT DISPUTES (JAN 2000)

(a) Any questioned costs or issues documented by or on behalf of OPM's Office of the Inspector General (OIG) in draft or final audit reports examining the Carrier's and Participating Plans' performance under this contract, that are provided to the Carrier and that were initially raised in the timeframe set forth in subsection (c) below, remain open until resolved. Audit issues related to monetary findings for which extensions of the waiver period for the issuance of final decisions and processing of prior period adjustments were obtained in previous contract terms also remain open until resolved.

(b) Resolution of a questioned cost or issue can be the result of a resolution letter or the issuance of a final decision by the Contracting Officer, or by the processing of a prior period adjustment, an adjustment to the Special reserve, or submission of a claim to OPM (as appropriate) by the Carrier or Participating Plan. A prior period adjustment intended to partially or fully resolve an audit finding will not be considered closed until properly reported on the calendar year Annual Accounting Statement.

(c) A claim seeking, as a matter of right, the payment of money, in a sum certain, pursuant to 48 CFR section 52.233-1, shall not be made more than five years following the last day prescribed by the contract for filing the calendar year Annual Accounting Statement for the year with respect to which the claim arises. A claim includes, in the case of the carrier, a charge against the contract.

SECTION 4.5
ASSOCIATION DUES (JAN 2004)

A Participating local Blue Cross and Blue Shield Plan may charge to this contract Association Dues, with the exception of dues related to those lobbying costs and Special Assessments determined to be unallowable. In calculating the unallowable portion of dues related to lobbying costs for a contract year, the Blue Cross and Blue Shield Plan will rely on the percentage of dues, less any special assessments, as determined by the BCBSA for IRS purposes, to be not tax deductible from the previous contract year.

SECTION 4.6
TRAVEL COSTS (JAN 1996)

The Carrier may charge and account for travel expenses related to administration of the contract on a per diem basis, subject to the maximums prescribed by the Federal Travel Regulations. For those travel costs for each contract term that are subject to the Federal per diem rates set forth at 48 CFR section 31.205-46, the Carrier shall charge to the contract an amount equal to the lesser of:

(i) the actual aggregate charges for those costs, or
(ii) the aggregate charges calculated using the per diem rates set forth in the Federal Travel Regulations.

SECTION 4.7
MARKET RESEARCH COSTS (JAN 1996)

(a) Costs of market research surveys or studies are generally allowable if the survey or study is:

1. directed to current Members and Members who left the Blue Cross and Blue Shield Service Benefit Plan in the most recent Open season, or
2. focused on long-range planning, industry state-of-the-art developments, or product development issues for which a direct benefit or potential benefit to the FEHB Program can be identified, or
3. pre-approved by the Contracting Officer.

(b) Costs of market research surveys or studies are generally not allowable if the primary purpose is to survey or study an otherwise unallowable cost item, such as: to determine the effectiveness of advertising or sales strategies; to evaluate image effectiveness or ways to achieve image enhancement; or to perform a competitive analysis with other carriers in the FEHB Program. Such costs are unallowable, regardless of who receives the research surveys or studies.

(c) This provision does not supersede other contract requirements, such as prior approval for subcontracts under Section 1.16 Subcontracts (FEHBAR 1652.244-70).

SECTION 4.8
PRESCRIPTION DRUG BENEFITS WAIVER PROVISIONS (JAN 2009)

(a) For the purposes of applying the special provisions in this section, the Standard Option Mail Service Prescription Drug Program service standards are:

(1) When a prescription order is placed that does not require additional information or clarification (i.e., a clean or non-diverted prescription), the prescription order shall be dispensed within three business days from the date of receipt so the enrollee may expect to receive the medication within 7 calendar days.

(2) When a prescription order is placed that does require additional information, clarification or resolution of payment issues (i.e., a diverted prescription), the prescription order shall be dispensed within seven business days from the date of receipt so the enrollee may expect to receive the medication within 14 calendar days. However the following situations will not be considered a diverted prescription for the purposes of this section:

(i) Prescriptions for refrigerated products that require prior arrangements between the mail order pharmacy and a Member before the Member can receive the Prescription;

(ii) Prescriptions requiring specific counseling obligations imposed by the pharmaceutical manufacturer, distributor or the FDA;

(iii) Prescriptions requiring "registration" with a pharmaceutical manufacturer.

(b) The special provisions described in paragraphs (c)(1), (2), and (3) shall become effective automatically when less than 98 percent of the prescriptions are filled within the

service standards described in either paragraph (a)(1) or (a)(2) for 7 consecutive business days. The special provisions shall terminate when for 7 consecutive business days 98 percent or more of the prescriptions are filled within the service standards described in paragraphs (a)(1) and (a)(2) of this section.

(c) The special provisions are:

(1) The Carrier shall waive during the effective periods in paragraph (b) the coinsurance for a 21 day prescription filled at a Preferred retail pharmacy when the Mail Service Prescription Drug Program vendor is unable to fill the prescription within the service standards. This waiver of the coinsurance shall be in effect for 14 calendar days after notice to the enrollee as described in paragraph (c)(2) below.

(2) The Carrier shall deliver to the enrollee a written or telephone notice no later than 5 days from the date of receipt for clean or non-diverted prescriptions and no later than 12 days from the date of receipt for diverted prescriptions.

This notice shall:

(i) advise the enrollee that the Mail Service Prescription Drug Program may not be able to fill the prescription(s) within the service standard timeframes;

(ii) advise the enrollee that any applicable coinsurance will be waived for a 21 day supply of the medication(s) when filled at a Preferred retail pharmacy;

(iii) provide the enrollee with instructions on how to use the waiver, and

(iv) advise the enrollee when the waiver will expire.

(3) The Carrier may use next day delivery service at no additional cost to the enrollee in order to meet the service standards in (a)(1) and (a)(2).

SECTION 4.9
SMALL BUSINESS SUBCONTRACTING PLAN (JAN 2002) (FAR 52.219-9) (AS AMENDED)

An amended clause 52.219-9, Small Business Subcontracting Plan, is attached to Appendix E.

SECTION 4.10
LETTER OF CREDIT (JAN 1997)

As of January 1, 1997, OPM will administer Letter of Credit drawdowns directly with the local Plans.

SECTION 4.11
PILOTING OF COST CONTAINMENT PROGRAMS (JAN 2001)

Upon approval by the Contracting Officer, the Carrier may design and implement pilot programs in one or more local Plan areas that test the feasibility and examine the impact of various managed care initiatives. The Carrier shall brief the Contracting Officer on a pilot program prior to its implementation, advise the Contracting Officer of the progress of the pilot program and provide a written evaluation at the conclusion of the pilot program. The evaluation of the pilot program shall, at a minimum, assess the cost effectiveness, effect on quality of care and/or quality of life, and customer satisfaction, and recommend whether the pilot program should be continued or expanded.

SECTION 4.12
TRANSITION COSTS FOR PLAN TERMINATIONS (JAN 1999)

In the event a Participating Plan's license to use the Blue Cross and/or Blue Shield service marks is terminated, thereby rendering it ineligible to participate in this Contract, the costs of transitioning the terminated Plan's Service Benefit Plan subscribers to a successor Plan shall be subject to advance approval. The Carrier shall submit to OPM a proposed transition plan, together with a detailed estimate of costs, prior to the incurrence of any significant transition costs. OPM and the Carrier shall negotiate an advance agreement pursuant to FAR 31.109 that covers the extent of allowable transition costs.

SECTION 4.13
PAYMENT BY ELECTRONIC FUNDS TRANSFER-CENTRAL CONTRACTOR REGISTRATION (MAY 1999) (FAR 52.232-33)

The references to the Central Contractor Registration in FAR 52.232-33 are not applicable to this contract.

SECTION 4.14
FEDERAL INCOME TAX RELATED TO HEALTH INSURANCE PROVIDERS' FEE (JANUARY 2015)

(a) Notwithstanding FAR 31.205-41(b)(1) and this Contract Section 3.2(b)(1)(ii), a charge for an incremental amount of Federal income tax liability incurred as the result of compliance with the Health Insurance Providers Fee (HIP Fee) provision of the Affordable Care Act section 9010 (hereafter referred to as the "HIP Tax Cost") by a participating local plan (Local Plan) that administers the Service Benefit Plan on behalf of the Blue Cross and Blue Shield Association (Carrier), and that is a covered entity within the meaning of 26 CFR Part 57, is an allowable cost to the Carrier under this contract under the criteria set forth below.

(1) The allowable cost to the Carrier for a year is the sum of the HIP Tax Cost for each Local Plan. The HIP Tax Cost for each Local Plan equals:
the amount reimbursed by OPM to the Carrier for the HIP Fee attributable to the Local Plan (Local Plan HIP Fee) for the year, divided by one minus the tax rate for the Local Plan specified under section (2) below, (Local Plan Tax Rate), less the Local Plan HIP Fee. In mathematical terms, the allowable charge to the Carrier for the HIP Tax Cost is the sum of each Local Plan's application of the formula below:

$$\left[\frac{\text{Local Plan HIP Fee}}{1 - \text{Local Plan Tax Rate}}\right] - \text{Local Plan HIP Fee}$$

(2) The Local Plan Tax Rate for purposes of the formula specified in section (1) is the lowest of the following:
(a) the rate specified at 26 USC §11 (b) (1) (D),

(b) the rate specified at 26 USC § 55(b)(1)(B)(i), for any year in which the Local Plan is entitled to the special deduction under 26 USC § 833(a)(2), or
(c) zero, for any year in which the Local Plan experiences a Net Operating Loss or other circumstance resulting in no tax liability. For a year in which the Local Plan experiences a Net Operating Loss resulting in no tax liability, the Carrier will charge the HIP Tax Cost attributable to the Local Plan in the first subsequent year in which the Local Plan's tax liability is greater than zero. The Local Plan will calculate the HIP Tax Cost in this circumstance by applying the formula using the HIP Fee for the year of the loss and the Local Plan Tax Rate for the year in which the tax liability is greater than zero. This charge by the Carrier is in addition to the charge allowed by the Carrier for the Local Plan Tax Cost for the year in which the tax liability is greater than zero.

(d) If the Local Plan Tax Rate reflected on the Local Plan's tax return actually filed for the contract year (which normally occurs the following year) differs from the Local Plan Tax Rate that was anticipated when the costs were drawn down by the Carrier for the contract year as allowable administrative expenses, the Carrier will make a commensurate adjustment to its current year drawdown of administrative expenses.

(b) The Contracting Officer or an authorized representative of the Contracting Officer shall have the right to examine and audit all books and records, including tax filings, relating to the calculation of the HIP Tax Cost charge for each Local Plan.

Part IV - Attachment I
SECTION 4.14
FEDERAL INCOME TAX RELATED TO HEALTH INSURER'S PROVIDER FEE

Examples of Allowable 9010 Tax Cost:

C is an experience rated FEHB carrier consisting of participating Local Plans F and G who underwrite and administer C in different geographic areas.

In 2015, F reports $900 on IRS Form 8963 and pays $500 pursuant to methods described at 26 CFR Part 57, in satisfaction of its Affordable Care Act section 9010 Health Insurance Provider Fee (HIP Fee) expense with respect to calendar year 2014 health risks. Of the $500 HIP Fee, F's Form 8963 reflects that $300 is attributable to F's FEHBP business.

Also in 2015, G reports $950 on IRS Form 8963 and pays $550 pursuant to methods described at 26 CFR Part 57, in satisfaction of its Affordable Care Act section 9010 Health Insurance Provider Fee (HIP Fee) expense with respect to calendar year 2014 health risks. Of the $550 HIP Fee, G's Form 8963 reflects that $325 is attributable to G's FEHBP business.

In 2015, C draws down a 2015 HIP Fee Reimbursement of its FEHBP HIP Fee expense for 2014 health risks, which is calculated as the sum of F and G's HIP Fee, or $300 +325 = $725, which is an allowable cost, from its FEHB letter of credit account (LOCA). C reimburses F for its HIP Fee of 300 and G for its HIP Fee of 325.

F records income of $300 for the reimbursement of the allowable HIP fee and does not have any associated income tax deduction increasing taxable income by $300. F records 2015 income tax expense as an accrued expense as required under Generally Accepted Accounting Principles (GAAP) or Statements of Statutory Accounting Principles (SSAP). In addition, F pays quarterly payments to the IRS for its' 2015 tax liability. F's 2015 tax rate is 35 percent.

G records income of $325 for the reimbursement of the allowable HIP fee and does not have any associated income tax deduction increasing taxable income by $325. G records 2015 income tax expense as an accrued expense as required under Generally Accepted Accounting Principles (GAAP) or Statements of Statutory Accounting Principles (SSAP). In addition, G pays quarterly payments to the IRS for its' 2015 tax liability. Because G claims a special deduction under 26 USC § 833(a)(2), G's 2015 tax rate is 20 percent.

In 2015, C also draws down from its LOCA a 2015 HIP Tax Cost reimbursement for the 2015 income tax expense accrued and paid by F & G in 2015. C's 2015 HIP Tax cost reimbursement is calculated as follows:

Local Plan F HIP Tax Cost: ($300/1-.35)-$300 = $162
Local Plan G HIP Tax Cost: ($325/1-.20)-$325 = $81
Sum which is C's allowable HIP Tax Cost for 2015 = $243

In 2016, F & G report the same HIP Fee expense for 2015 health risks.

In 2016, F experiences the same tax rate as for 2015, but G incurs a net operating loss, resulting in a zero percent tax rate for 2016.

In 2016, C draws down a 2016 HIP Fee Reimbursement of its FEHBP HIP Fee expense for 2015 health risks of 300 + 325 = $725, which is an allowable cost, from C's FEHB letter of credit account (LOCA). C reimburses F for 300 and G for 325.

In 2016, F proceeds as in 2015 and C may charge 162 as an allowable HIP Tax Cost attributable to F in 2016.

In 2016 G records income of $325 for the reimbursement of the allowable HIP fee and does not have any associated income tax deduction increasing taxable income by $325. Because G determines that its 2016 tax liability will be zero as it will have a Net Operating Loss for 2016, C does not incur an allowable 2016 HIP Tax Cost attributable to G. C must refund any such amounts drawn down during 2016.

Local Plan F HIP Tax Cost for 2016 = 162
Local Plan G HIP Tax Cost for 2016 = 0
Reimbursement attributable to G = adjustment for amounts drawn down by C, if any
Sum = C's allowable HIP Tax Cost for 2016 = 162 less adjustment.

In 2017, F proceeds as in 2015. C's allowable 2017 HIP Tax Cost includes $162 attributable to F. In 2017, G has an operating gain and reports the same HIP Fee amount and experiences the same 20% tax rate as in 2015. C's allowable 2017 HIP Tax Cost includes $81 attributable to G.

In addition, in 2017, because G's operating gain results in a tax rate higher than zero, G incurs economic disadvantage. This is because the 2016 HIP Fee reimbursement of $325 has reduced G's otherwise applicable Net Operating Loss carry-forward amount. G calculates the economic disadvantage as the difference between its 2017 tax liability with and without the 2016 HIP Fee reimbursement. This disadvantage is included in the Carrier's 2017 charge as an allowable HIP Tax Cost with respect to 2016. This is calculated as $325 (2016 HIP Fee) divided by 1-20% (application of 2017 Local Plan Tax Rate), less $325.]

Local Plan F HIP Tax Cost for 2017 = 162
Local Plan G HIP Tax Cost for 2017 = 81
Local Plan G HIP Tax Cost for 2017 due to 2016 HIP Fee reimbursement = apply formula using 2016 Fee Reimbursement amount and 2017 tax rate of 20% =81
Sum = C's allowable HIP Tax Cost for 2017 = 162 + 81 + 81 = $324

APPENDIX B

SUBSCRIPTION RATES, CHARGES, ALLOWANCES AND LIMITATIONS

Fee-For-Service Carrier

Blue Cross and Blue Shield Service Benefit Plan
CONTRACT NO. CS 1039
Effective January 1, 2019

(a) Biweekly net-to-Carrier rates, with appropriate adjustments for Enrollees paid on other than a biweekly basis, are as follows:

Basic Option:	$283.56 Self, $637.35 Self Plus One, and $675.54 Self and Family
Standard Option:	$329.24 Self, $720.01 Self Plus One, and $763.01 Self and Family
FEP Blue Focus:	$204.40 Self, $439.44 Self Plus One, and $483.37 Self and Family

(b) The amount of administrative expenses and charges to be included in the Annual Accounting Statement required by Section 3.2 shall be as set out in the schedule below:

Item	Amount
(i) Administrative Expenses	Actual, but not to exceed the Contractual Expense Limitation for 2019,* plus an amount sufficient to cover the costs needed to pay the Plan's Independent Public Accountant to undertake the audits and agreed upon procedures required in the "FEHBP Experienced-Rated Carrier and Service Organization Audit Guide."
(ii) Taxes	Actual (except that premium taxes as defined are not allowable).
(iii) Service Charge**	Redacted

*The Contractual Expense Limitation for 2019 is Redacted Notwithstanding Section 3.2(b) of this Contract, costs of "activities that improve healthcare quality" as determined in accordance with the medical loss ratio provision of the Affordable Care Act (Section 2718 of the

Public Health Service act; 42 U.S.C. 300gg-18 and its implementing regulations), are accounted for as benefits and not counted toward the Contractual Expense Limit.

** The Service Charge for the 2019 contract year is based on the Overall Performance Score calculated in accordance with the 2018 Appendix F. The Service Charge for the 2020 contract year will be based on the Overall Performance Score calculated in accordance with the 2019 Appendix F.

APPENDIX D
RULES FOR COORDINATION OF BENEFITS

Model Regulation Service--October 2013
National Association of Insurance Commissioners

When a person is covered by two (2) or more plans, the rules for determining the order of benefit payments are as follows:

A. (1) The primary plan shall pay or provide its benefits as if the secondary plan or plans did not exist.

(2) If the primary plan is a closed panel plan and the secondary plan is not a closed panel plan, the secondary plan shall pay or provide benefits as if it were the primary plan when a covered person uses a non-panel provider, except for emergency services or authorized referrals that are paid or provided by the primary plan.

(3) When multiple contracts providing coordinated coverage are treated as a single plan under this regulation, this section applies only to the plan as a whole, and coordination among the component contracts is governed by the terms of the contracts. If more than one Carrier pays or provides benefits under the plan, the Carrier designated as primary within the plan shall be responsible for the plan's compliance with this regulation.

(4) If a person is covered by more than one secondary plan, the order of benefit determination rules of this regulation decide the order in which secondary plans benefits are determined in relation to each other. Each secondary plan shall take into consideration the benefits of the primary plan or plans and the benefits of any other plan, which, under the rules of this regulation, has its benefits determined before those of that secondary plan.

B. (1) Except as provided in Paragraph (2), a plan that does not contain order of benefit determination provisions that are consistent with this regulation is always the primary plan unless the provisions of both plans, regardless of the provisions of this paragraph, state that the complying plan is primary.

Drafting Note: The medical benefits coverage in automobile "no fault" and traditional automobile "fault" type contracts (often referred to as "med pay"), which is included in the definition of "plan" under Section 3K(3) of this model regulation, does not normally contain order of benefit determinations provisions. As such, unless state law or regulation specifies otherwise, in accordance with paragraph (1), such coverage would be primary. Med pay coverage is not liability coverage and is not dependent upon fault.

(2) Coverage that is obtained by virtue of membership in a group and designed to supplement a part of a basic package of benefits may provide that the supplementary coverage shall be excess to any other parts of the plan provided by the contract holder. Examples of these types of situations are major medical coverage's that are superimposed over base plan hospital and surgical benefits, and insurance type coverage's that are written in connection with a closed panel plan to provide out-of-network benefits.

C. A plan may take into consideration the benefits paid or provided by another plan only when, under the rules of this regulation, it is secondary to that other plan.

D. Order of Benefit Determination

Each plan determines its order of benefits using the first of the following rules that applies:

(1) Non-Dependent or Dependent

(a) Subject to Subparagraph (b) of this paragraph, the plan that covers the person other than as a dependent, for example as an employee, member, subscriber, policyholder or retiree, is the primary plan and the plan that covers the person as a dependent is the secondary plan.

(b) (i) If the person is a Medicare beneficiary, and, as a result of the provisions of Title XVIII of the Social Security Act and implementing regulations, Medicare is:

(I) Secondary to the plan covering the person as a dependent; and

(II) Primary to the plan covering the person as other than a dependent (e.g. a retired employee),

(ii) Then the order of benefits is reversed so that the plan covering the person as an employee, member, subscriber, policyholder or retiree is the secondary plan and the other plan covering the person as a dependent is the primary plan.

Drafting Note: The provisions of Subparagraph (b) address the situation where federal law requires Medicare to be secondary with respect to group health plans in certain situations despite state law order of benefit determination provisions to the contrary. One example of this type of situation arises when a person, who is a Medicare beneficiary, is also covered under his or her own group health plan as a retiree and under a group health plan as a dependent of an active employee. In this situation, each of the three plans is secondary to the other as the following illustrates: (1)

Medicare is secondary to the group health plan covering the person as a dependent of an active employee as required pursuant to the Medicare secondary payer rules; (2) the group health plan covering the person as a dependent of an active employee is secondary to the group health plan covering the person as a retiree, as required under Subparagraph (a); and (3) the group health plan covering the claimant as retiree is secondary to Medicare because the plan is designed to supplement Medicare when Medicare is the primary plan. Subparagraph (b) resolves this problem by making the group health plan covering the person as a dependent of an active employee the primary plan. The dependent coverage pays before the non-dependent coverage even though under state law order of benefit determination provisions in the absence of Subparagraph (b), the non-dependent coverage (e.g. retiree coverage) would be expected to pay before the dependent coverage. Therefore, in cases that involve Medicare, generally, the dependent coverage pays first as the primary plan, Medicare pays second as the secondary plan, and the non-dependent coverage (e.g. retiree coverage) pays third.

The reason why Subparagraph (b) provides for this order of benefits making the plan covering the person as dependent of an active employee primary is because Medicare will not be primary in most situations to any coverage that a dependent has on the basis of active employment and, as such, Medicare will not provide any information as to what Medicare would have paid had it been primary. The plan covering the person as a retiree cannot determine its payment as a secondary plan unless it has information about what the primary plan paid. The plan covering the person as a dependent of an active employee could be subject to penalties under the Medicare secondary payer rules if it refuses to pay its benefits. The plan covering the person as a retiree is not subject to the same penalties because, in this particular situation, as described above, which does not involve a person eligible for Medicare based on end-stage renal disease (ESRD), the plan can never be primary to Medicare. As such, out of the three plans providing coverage to the person, the plan covering the person as a dependent of an active employee can determine its benefits most easily.

(2) Dependent Child Covered Under More Than One Plan

Unless there is a court decree stating otherwise, plans covering a dependent child shall determine the order of benefits as follows:

(a) For a dependent child whose parents are married or are living together, whether or not they have ever been married:

(i) The plan of the parent whose birthday falls earlier in the calendar year is the primary plan; or

(ii) If both parents have the same birthday, the plan that has covered the parent longest is the primary plan.

(b) For a dependent child whose parents are divorced or separated or are not living together, whether or not they have ever been married:

(i) If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the plan of that parent has actual knowledge of those terms, that plan is primary. If the parent with responsibility has no health care coverage for the dependent child's health care expenses, but that parent's spouse does, that parent's spouse's plan is the primary plan. This item shall not apply with respect to any plan year during which benefits are paid or provided before the entity has actual knowledge of the court decree provision;

(ii)If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of Subparagraph (a) of this paragraph shall determine the order of benefits;

(iii) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of Subparagraph (a) of this paragraph shall determine the order of benefits; or

(iv) If there is no court decree allocating responsibility for the child's health care expenses or health care coverage, the order of benefits for the child are as follows:

(I) The plan covering the custodial parent;

(II) The plan covering the custodial parent's spouse;

(III) The plan covering the non-custodial parent; and then

(IV) The plan covering the non-custodial parent's spouse.

(c) For a dependent child covered under more than one plan of individuals who are not the parents of the child, the order of benefits shall be determined, as applicable, under Subparagraph (a) or (b) of this paragraph as if those individuals were parents of the child.

Drafting Note: Subparagraph (c) addresses the situation where individuals other than the parents of a child are responsible for the child's health care expenses or provide health care coverage for the child under each of their plans. In this situation, for the purpose of determining the order of

benefits under this paragraph, Subparagraph (c) requires that these individuals be treated in the same manner as parents of the child.

(d) (i) For a dependent child who has coverage under either or both parents' plans and also has his or her own coverage as a dependent under a spouse's plan, the rule in Paragraph (5) applies.

(ii) In the event the dependent child's coverage under the spouse's plan began on the same date as the dependent child's coverage under either or both parents' plans, the order of benefits shall be determined by applying the birthday rule in Subparagraph (a) to the dependent child's parents(s) and the dependent's spouse.

Drafting Note: Subparagraph (d) is intended to address the situation created by the enactment of Section 2714 of the Public Health Service Act, as that section was added by the federal Patient Protection and Affordable Care Act (Public Law 111-148) (ACA), as amended by the federal Health Care and Education Reconciliation Act of 2010 (Public Law 111-152). Section 2714 of the PHSA extended coverage for dependents to age 26 regardless of any dependency factors, such as support, residency, student status or marital status.

(3) Active Employee or Retired or Laid-Off Employee

(a) The plan that covers a person as an active employee that is, an employee who is neither laid off nor retired or as a dependent of an active employee is the primary plan. The plan covering that same person as a retired or laid-off employee or as a dependent of a retired or laid-off employee is the secondary plan.

(b) If the other plan does not have this rule, and as a result, the plans do not agree on the order of benefits, this rule is ignored.

(c) This rule does not apply if the rule in Paragraph (1) can determine the order of benefits.

Drafting Note: This rule applies only in the situation when the same person is covered under two plans, one of which is provided on the basis of active employment and the other of which is provided to retired or laid-off employees. The rule in Paragraph (1) does not apply because the person is covered either as a non-dependent under both plans (i.e. the person is covered under one plan as an active employee and at the same time is covered as a retired or laid-off employee under the other plan) or as a dependent under both plans (i.e. the person is covered under one plan as a dependent of an active employee and at the same time is covered under the other plan as a dependent of a retired or laid-off employee). This rule does not apply when a person is covered under his or her own plan as an active employee or retired or laid-off employee and a dependent under a spouse's plan provided to the spouse on the basis of active employment. In this situation,

the rule in Paragraph (1) applies because the person is covered as a non-dependent under one plan (i.e. the person is covered as an active employee or retired or laid-off employee) and at the same time is covered as a dependent under the other plan (i.e. the person is covered as a dependent under a plan provided on the basis of active employment or a plan that is provided to retired or laid-off employees).

(4) COBRA or State Continuation Coverage

(a) If a person whose coverage is provided pursuant to COBRA or under a right of continuation pursuant to state or other federal law is covered under another plan, the plan covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the primary plan and the plan covering that same person pursuant to COBRA or under a right of continuation pursuant to state or other federal law is the secondary plan.

(b) If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this rule is ignored.

(c) This rule does not apply if the rule in Paragraph (1) can determine the order of benefits

Drafting Note: COBRA originally provided that coverage under a new group health plan caused the COBRA coverage to end. An amendment passed as part of P.L. 101-239, the Omnibus Budget Reconciliation Act of 1989 (OBRA 89), allows the COBRA coverage to continue if the newly acquired group health plan contains any preexisting condition exclusion or limitation. In this instance two group health plans will cover the person, and the rule above will be used to determine which of the plans determines its benefits first. In addition, some states have continuation provisions comparable to COBRA.

Drafting Note: This rule applies only in the situation when a person has coverage pursuant to COBRA or under a right of continuation pursuant to state or other federal law and has coverage under another plan on the basis of employment. The rule under Paragraph (1) does not apply because the person is covered either: (a) as a non-dependent under both plans (i.e. the person is covered under a right of continuation as a qualified beneficiary who, on the day before a qualifying event, was covered under the group health plan as an employee or as a retired employee and is covered under his or her own plan as an employee, member, subscriber or retiree); or (b) as a dependent under both plans (i.e. the person is covered under a right of continuation as a qualified beneficiary who, on the day before a qualifying event, was covered under the group health plan as a dependent of an employee, member or subscriber or retired employee and is covered under the other plan as a dependent of an employee, member, subscriber or retiree). The rule under Paragraph (1) applies when the person is covered pursuant to COBRA or under a right of continuation pursuant to state or other federal law as a non-dependent and covered under the other plan as a

dependent of an employee, member, subscriber or retiree. The rule in this paragraph does not apply because the person is covered as a non-dependent under one of the plans and as a dependent under the other plan.

(5) Longer or Shorter Length of Coverage

(a) If the preceding rules do not determine the order of benefits, the plan that covered the person for the longer period of time is the primary plan and the plan that covered the person for the shorter period of time is the secondary plan.

(b) To determine the length of time a person has been covered under a plan, two successive plans shall be treated as one if the covered person was eligible under the second plan within twenty-four (24) hours after coverage under the first plan ended.

(c) The start of a new plan does not include:

(i) A change in the amount or scope of a plan's benefits;

(ii) A change in the entity that pays, provides or administers the plan's benefits; or

(iii) A change from one type of plan to another, such as, from a single employer plan to a multiple employer plan.

(d) The person's length of time covered under a plan is measured from the person's first date of coverage under that plan. If that date is not readily available for a group plan, the date the person first became a member of the group shall be used as the date from which to determine the length of time the person's coverage under the present plan has been in force.

(6) If none of the preceding rules determines the order of benefits, the allowable expenses shall be shared equally between the plans.

APPENDIX F

Measures and contributions to performance areas and scores for 2019 Performance and 2020 Service Charge

To be performed in accordance with the 2019 FEHB Plan Performance Assessment Procedure Manual and the FEHB Plan Performance Assessment – Consolidated Methodology Carrier Letter (CL 2017-15). The Service Charge for the 2020 contract year will be based on the Overall Performance Score calculated in accordance with this Appendix F.

1. Performance Area Contributions to Overall Performance Score (OPS)

Performance Area	Contribution to Overall Performance Score
Clinical Quality, Customer Service, and Resource Use	65%
Contract Oversight	35%

2. Clinical Quality, Customer Service, and Resource Use (QCR) Performance Area Measures

Performance Area	Measure	Priority Level	Measure Weight
Clinical Quality	Controlling High Blood Pressure	1	2.50
	Prenatal Care (Timeliness)	1	2.50
	Breast Cancer Screening	2	1.25
	Well Child Visits in the First 15 Months of Life (6 visits)	2	1.25
	Flu Vaccinations for Adults (18-64)	2	1.25
	Cervical Cancer Screening	2	1.25
	Comprehensive Diabetes Care – HbA1C <8% - Control	2	1.25
	Asthma Medication Ratio	2	1.25
	Avoidance of Antibiotics in Adults with Acute Bronchitis	2	1.25
	Follow-up After Hospitalization for Mental Illness (7-day or 30-day)	2	1.25
	Statin Therapy for Patients with Cardiovascular Disease (Adherence)	2	1.25
Customer Service	Plan Information on Costs	3	1.00
	Getting Care Quickly	3	1.00
	Getting Needed Care	3	1.00
	Claims Processing	3	1.00
	Overall Health Plan Rating	3	1.00
	Coordination of Care	3	1.00

	Overall Personal Doctor Rating	3	1.00
	Customer Service	3	1.00
Resource Use	Plan All Cause Readmissions	1	2.50
	Emergency Department Utilization	2	1.25
	Use of Imaging Studies for Low Back Pain	2	1.25

EXHIBIT E

2020A Amendment to Contract No. CS 1039

Between the U.S. Office of Personnel Management and the Blue Cross and Blue Shield Association on Behalf of, and as Agent for, Participating Blue Cross and/or Blue Shield Plans

AMENDMENT TO CONTRACT CS XXXX

CONTRACT NO: 1039
EFFECTIVE: January 1, 1960

AMENDMENT NO. 2020A
EFFECTIVE: January 1, 2020

BETWEEN: THE UNITED STATES OFFICE OF PERSONNEL MANAGEMENT
hereafter called the OPM, the Agency, or the Government

Address: 1900 E Street, NW
Washington, DC 20415-3610

AND

CONTRACTOR: Blue Cross and Blue Shield Association
hereafter also called the Carrier

Address: 1310 G. Street. NW, Suite 900
Washington, DC 20005

In consideration of payment by the Agency of subscription charges set forth in Appendix B, the Carrier agrees to perform all of the services set forth in this contract, including Appendix A.

1. **Section 1.9 Plan Performance**

We amended the last sentence in subsection (b) to clarify that the referenced costs are allowable administrative expenses, subject to the administrative cost limitation.

SECTION 1.9 PLAN PERFORMANCE--EXPERIENCE-RATED FFS CONTRACTS (JAN 2020)

* * * * *

(b) Clinical Care Measures. The Carrier shall measure and/or collect data on the quality of the health care services it provides to its members as requested by OPM. Measurement/data collection efforts may include performance measurement systems such as Healthcare Effectiveness Data and Information Set (HEDIS), measures developed by the Pharmacy Quality Alliance (PQA), and similar measures developed by accrediting organizations such as, but not limited to, the Association for Ambulatory Health Care (AAAHC), the National Committee for Quality Assurance (NCQA), and URAC or endorsed by the National Quality Forum. Costs incurred by the Carrier for collecting or contracting with a vendor to collect quality measures/data are allowable administrative expenses, subject to the administrative cost limitation.

* * * * *

2. **Section 1.26 FFS Standards For Pharmacy Benefit Management Company (PBM) Arrangements**

We amended the language in this section to better align the contract with industry standards. The title was updated to reflect the updated terminology and changes were made based on the March 2013 conversion. This section was amended to make it generally applicable to any vendor providing PBM services. In subsection (a) definitions were added. Subsection (b)(2)(i) was amended to mitigate matters with aggregate pricing/reimbursement. Subsection 4 was amended to ensure that disclosure of fees is not limited to administrative fees. Subsection (b)(7) was amended to ensure that OPM is able to request reports or information about PBMs through the Carrier if the Carrier does not have requested information. Subsection (c) was amended to include all integrity standards related to a Carrier PBM contract. Subsection (d) was amended to remove paragraph-level cross-references to section 1.9, given that some text does not correspond to all listed cross-references. Technical edits were made in subsection (e) to replace "physician" with "Prescriber" as other providers may be able to write prescriptions. Subsection (f) was added to allow for prior approval. Subsection (g) was amended to track the URAC standard.

SECTION 1.26 STANDARDS FOR ARRANGEMENTS WITH PHARMACY BENEFIT MANAGERS (JAN 2020)

The Carrier will ensure and report that the following standards are included in new, renewing or amended contracts with Pharmacy Benefit Managers (PBMs) providing services to Enrollees and family members effective on or after January 1, 2020. Notwithstanding the foregoing, the revisions to Section 1.26 shall not take effect before the expiration of the Carrier's current

contract (including the exercise of an existing option to extend the term by not more than one year at a time) but not later than January 2023. The PBM includes all entities that have a majority ownership interest in or majority control over the PBM. The PBM also includes any other subsidiary of the entity that has majority ownership or control over the PBM.

All PBMs must adhere to the provisions of this Section 1.26.

If the Carrier's PBM arrangement is with an Underwriter rather than with the Carrier, then all references to the Carrier and Plan appearing in this Section 1.26 shall be deemed to be references to the Underwriter.

(a) Definitions Under This Section

(1) "Expedited request" means a request initiated by the Prescriber or member when the time limit for standard utilization management review for the prescribed medication could seriously jeopardize the patient's life, health, or ability to regain maximum function.

(2) "Licensed pharmacist" means an individual currently licensed by the appropriate jurisdiction to engage in the practice of pharmacy consistent with that jurisdiction's laws and regulations.

(3) "Manufacturer payment" means any and all compensation, financial benefits, or remuneration the PBM receives from a pharmaceutical manufacturer for any dispensing or distribution channel, including but not limited to, discounts, credits, rebates (regardless of how categorized), market share incentives, chargebacks, commissions, administrative or management fees, and any fees received for sales of utilization data to a pharmaceutical manufacturer.

(4) "Net revenue" means the total dollar sales of prescription drugs at the prescription price negotiated with clients and associated administrative fees, either through retail networks or PBM-owned or controlled mail order pharmacies, that is allocable to the Plan for the reporting period.

(5) "Network pharmacy," means any retail, mail order, specialty, or licensed pharmacy provider that contracts with the PBM.

(6) "Pass through transparent pricing" means drug pricing in which the Carrier receives the full value of the PBM's negotiated discounts, rebates, credits, or other financial benefits.

(7) "Pharmacy Benefit Manager" or "PBM" means the combination of

(i) a business or other entity that, pursuant to a contract with the Carrier, either directly or through an intermediary, manages the prescription drug benefit provided by the Carrier including, but not limited to, the processing and payment of claims for prescription drugs, the performance of drug utilization review, the processing of drug prior authorization requests, the adjudication of appeals or grievances related to prescription drug coverage, contracting with network pharmacies, and controlling the cost of covered prescription drugs; and

(ii) all entities that have a majority ownership interest in, or majority control over, the business or other entity that is in contract with the Carrier referenced in (i).

(8) "Prescriber" means any licensed, certified or otherwise legally authorized health care professional authorized by law to prescribe a prescription drug.

(9) "Total product revenue" means the total dollar sales of prescription drugs to clients, either through retail networks or PBM-owned or controlled mail order pharmacies, with respect to the PBM's entire client base, for the reporting period.

(b) Transparency Standards

(1) The PBM shall not be majority-owned or majority-controlled by a pharmaceutical manufacturing company. The PBM must disclose to the Carrier and OPM the name of any entity that has a majority ownership interest in or majority control over the PBM.

(2) The PBM shall agree to provide pass-through transparent pricing based on the PBM's cost for drugs (as described below).

(i) The PBM shall charge the Carrier no more than the amount paid to the retail pharmacy for each drug plus a dispensing fee.

(ii) The PBM shall charge the Carrier the cost of drugs dispensed by a specialty and/or a mail order pharmacy that is owned by the PBM based on the pharmacy's actual acquisition cost, plus a dispensing fee. Costs shall not be based on industry benchmarks; for example, Average Acquisition Cost (AAC) or Wholesale Acquisition Cost (WAC).

(iii) The PBM, or any other entity that negotiates and collects Manufacturer Payments allocable to the Carrier, agrees to credit to the Carrier either as a price reduction or by cash refund the value of all Manufacturer Payments properly allocated to the Carrier.

(3) The PBM must identify sources of profit to the Carrier and OPM as it relates to the FEHB contract.

(4) All of the PBM's fees, including, but not limited to, administrative or dispensing fees, must be clearly identified to retail claims, mail claims, specialty claims, and clinical or other programs, if applicable. The PBM must agree to disclose each fee to the Carrier and OPM.

(5) The PBM, or any other entity that negotiates and collects Manufacturer Payments allocable to the Plan, will provide the Carrier with quarterly and annual Manufacturer Payment Reports identifying the following information. This information shall be presented for both the total of all prescription drugs dispensed through the PBM, acting as a mail order pharmacy, and its retail network and in the aggregate for the 25 brand name drugs that represent the greatest cost to the Carrier or such number of brand name drugs that together represent 75 percent of the total cost to the Carrier, whichever is the greater number:

(i) the dollar amount of Total Product Revenue;

(ii) the dollar amount of total drug expenditures for the Plan;

(iii)the dollar amount of all Manufacturer Payments earned by the PBM for the reporting period;

(iv) the Manufacturer Payments that have been (1) earned but not billed (2) billed and (3) paid to the PBM based on the drugs dispensed to the Plan members during the past year.

(v) the percentage of all Manufacturer Payments earned by the PBM for the reporting period that were Manufacturer Formulary Payments, which are payments the PBM receives from a manufacturer in return for formulary placement and/or access, or payments that are characterized as "formulary" or "base" rebates or payments pursuant to the PBM's agreements with pharmaceutical manufacturers;

(vi)the percentage of all Manufacturer Payments received by the PBM during the reporting period that were Manufacturer Additional Payments, which are all Manufacturer Payments other than Manufacturer Formulary Payments.

(6) The PBM agrees to provide the Carrier, at least annually, with all financial and utilization information requested by the Carrier relating to the provision of benefits to eligible

Enrollees through the PBM and all financial and utilization information relating to services provided to the Carrier.

(7) The Carrier shall provide any information it receives from the PBM, including a copy of its contract with the PBM to OPM. At OPM's request, the Carrier must obtain from the PBM any reasonable information or reports and provide it to OPM. A PBM providing information to a Carrier under this subsection may designate that information as confidential commercial information. The Carrier in its contract with the PBM shall effectuate the PBM's consent to the disclosure of this information to OPM. OPM shall treat such designated information as confidential under 5 C.F.R. § 294.112.

(8) The Carrier will require that its PBM:

(i) Provide information to physicians, pharmacists, other health care professionals, consumers, and payers about the factors that affect formulary system decisions, including: cost containment measures; the procedures for obtaining non-formulary drugs; and the importance of formulary compliance to improving quality of care and restraining health care costs;

(ii) Provide consumer education that explains how formulary decisions are made and the roles and responsibilities of the consumer; and

(iii) Disclose the existence of formularies and have copies of the current formulary readily available and publicly accessible.

(9) In accordance with FEHBAR 1652.204-74, FAR 52.215-2 and FEHBAR 1652.246-70, all contracts and other documentation that support amounts charged and credited to the Carrier contract are fully disclosed to and auditable by the OPM Office of Inspector General (OPM OIG). The PBM must provide the OPM OIG upon request complete copies of all PBM records including, but not limited to:

(i) All PBM contracts with Participating Pharmacies, including invoices, receipts, and credits;

(ii) All PBM contracts with Pharmaceutical Manufacturers, including invoices, receipts, and credits;

(iii)All PBM contracts with third parties purchasing or using claims data;

(iv)All PBM transmittals in connection with sales of claims data to third parties; and

(v) All PBM Maximum Allowable Cost (MAC) price lists.

(c) Integrity Standards

(1) The Carrier will require that its PBM agree to adopt and adhere to a code of ethics promulgated by a national professional association, such as the most recent Code of Ethics of the American Pharmacists Association, for their employed pharmacists.

(2) The Carrier will require that its PBM be licensed as required by the appropriate jurisdiction's laws and regulations.

(3) The Carrier will require that its PBM only employ or contract with licensed pharmacists for roles that require such a license under the appropriate jurisdiction's laws and regulations.

(4) A PBM shall perform its duties with care, skill, prudence, diligence, and professionalism.

(5) A PBM shall notify the Carrier in writing of any activity, policy, or practice of the PBM that directly or indirectly presents any conflict of interest with the duties imposed in this subsection.

(6) A PBM, or Carrier, shall not enter into a contract with a pharmacy or pharmacist that prohibits or penalizes a pharmacy or pharmacist for disclosure of information to a member regarding:

(i) The cost of a prescription medication to the member; or

(ii) The availability of any therapeutically-equivalent alternative medications or alternative methods of purchasing the prescription medication, including but not limited to, paying a cash price that is less expensive to the member than the cost of the prescription under the Plan.

(d) Performance Standards

The Carrier will require that its PBM contractors develop and apply a quality assurance program specifying procedures for ensuring contract quality on the following standards at a minimum and submit reports to the Carrier on their performance. PBMs must meet, at minimum, the member inquiry, customer service, claims processing, and other applicable standards set for Carriers at Section 1.9(f). All other standards discussed below will have specific target goals the PBM is expected to achieve. Carriers may permit PBMs to measure compliance using statistically valid samples for the PBMs book of business. Agreed to standards shall be provided to OPM for its review and comment. If OPM has concerns about a particular standard, the Carrier agrees to present OPM's concerns to the PBM and either revise the standard as requested by OPM or revise the standard to the extent feasible and present to OPM information demonstrating the problems associated with making the requested revisions in full.

(1) Point of Service (POS) system response time. The PBM's network electronic transaction system provides rapid response to network pharmacies.

(2) POS system availability. The PBM's network electronic transaction system generally is available to, and accessible by, network pharmacies.

(3) Licensing. The PBM verifies the appropriate licensing of its network pharmacies. This includes DEA registration for U.S. pharmacies, and the equivalent, if one exists, for pharmacies outside of the U.S.

(4) Dispensing accuracy. The PBM dispenses its prescriptions to the correct patient and for the correct drug, drug strength and dosage in accordance with the prescription not less than 99.9 percent of the time.

(5) Mail service pharmacy turnaround time. The PBM promptly dispenses and ships at least 98 percent on average of all prescriptions not requiring intervention or clarification within 3 business days or meets an equivalent measure approved by OPM.

(6) Quality of Drug Therapy. The quality assurance program implemented by a Carrier's PBM contractor must include a process to measure the quality of its drug therapy provided to Enrollees. Specific areas to be addressed include achievement of quality targets measured by both internal and external metrics; identification and appropriate use of best practices; and application of evidence-based medicine, as appropriate.

(e) Alternative Drug Options – The Carrier will require that its PBM contractors, at a minimum, utilize the following protocols for PBM initiated drug interchanges (any change from the original prescription) other than generic substitutions:

(1) The PBM must treat the Prescriber, and not itself, as the ultimate decision-maker. Furthermore, to the extent appropriate under the circumstances, the PBM must allow the patient input into that decision-making process. At a minimum, the PBM must provide the

patient with a written notice in the package sent to the patient that the drug interchange has occurred with the approval of the Prescriber.
(2) The PBM will obtain authorization for a drug interchange only with the express, verifiable authorization from the Prescriber as communicated directly by the Prescriber, in writing or verbally, or by a licensed medical professional or other office staff member as authorized by the Prescriber.
(3) The PBM must memorialize in appropriate detail all conversations with patients and Prescribers in connection with drug interchanging requests, including the identity of the contact person at the Prescriber's office and the basis for his or her authority.
(4) The PBM will only interchange a patient's drug from a lower priced drug to a drug with a higher cost to the patient or Plan when authorized by the Carrier or the Plan.
(5) The PBM will permit pharmacists to express their professional judgment to both the PBM and Prescribers on the impact of drug interchanges and to answer Prescribers' questions. PBMs will not require pharmacists to, and will not penalize pharmacists for refusing to, initiate calls to Prescribers for drug interchanges that in their professional judgment should not be made.
(6) The PBM will offer to disclose, and if requested, will disclose to Prescribers, the Carrier, and patients (i) the reason(s) why it is suggesting a drug interchange and (ii) how the interchange will affect the PBM, the Plan, and the patients financially.

(f) Utilization Management Timeframe – The PBM must promptly review and respond to requests for prior approval for specific drugs and any other utilization management edits following receipt of all required information.
(1) For expedited requests, the PBM must review and respond within 24 hours.
(2) For other, non-expedited requests, the PBM must review and respond within 72 hours.

(g) Patient Safety Standard - The Carrier will require that its PBM contractors establish drug utilization management, formulary process and procedures that have distinct systems for identifying and rectifying consumer safety issues including:

(i) A system for identifying and communicating drug and consumer safety issues at point-of-service;
(ii) A system of drug utilization management tools, such as prospective and concurrent drug utilization management that identifies situations which may compromise the safety of the consumer;
(iii) A system/process for error reporting; and
(iv) A system/process for identifying/managing risk

(h) Safety and Accessibility for Consumers - The Carrier will require that its PBM meets the following standards related to pharmacy network management and consumer access to medications.

(1) The Carrier will require that its PBM contractor define the scope of its services with respect to:

(i) The distribution channels offered (e.g. pharmacy network, mail order pharmacies, or specialty pharmacies);
(ii) The types of pharmacy services offered within each distribution channel; and
(iii) The geographic area served by each distribution channel.

(2) The Carrier will require that for each distribution channel provided by its PBM contractor, the PBM contractor:

(i) Establishes criteria and measures actual performance in comparison to those criteria: and

(ii) Makes improvements where necessary to maintain the pharmacy network and meet contractual requirements.

(3) The Carrier will require that its PBM contractor establish a quality and safety mechanism for each distribution channel in order to identify and address concerns related to:

(i) Quality and safety of drug distribution; and

(ii) Quality of service.

(i) Contract Terms - The contract between the PBM and the Carrier must not exceed 3 years without re-competition unless the Contracting Officer approves an exception. The Carrier's PBM contract must allow for termination based on a material breach of any terms and conditions stated in the Carrier's PBM contract. The Carrier must provide sufficient written notice of the material breach to the PBM and the PBM must be given adequate time to respond and cure the material breach.

3. Section 2.2 Benefits Provided

This section is amended to reflect recognition of the fact that a number of judicial jurisdictions have determined section 501 to be the provision of the Rehabilitation Act of 1973 that is appropriately applicable to individuals covered under the FEHB Program.

SECTION 2.2 BENEFITS PROVIDED (JAN 2020)

* * * * *

(3) To offer in individual cases, after consultation with and concurrence by the Member and provider(s), a benefit alternative not ordinarily covered under this contract which will result in equally effective medical treatment at no greater benefit cost. An alternative benefit will be made available for a limited time period and is subject to the Carrier's ongoing review. Members must cooperate with the Carrier's review process.

(c)The decision to offer, deny, or withdraw coverage for a modified benefit provided in accordance with (b) above is solely within the Carrier's discretion (unless the Carrier and Member have entered into an alternative benefits agreement that expressly modifies this authority), and is not subject to OPM review under the disputed claims process.

(d) In each case when the Carrier provides a non-covered benefit in accordance with the authority of (b) above, the Carrier shall document in writing prior to the provision of such benefit the reasons and justification for its determination. The writing may be in the form of an alternative benefit agreement with the Member. Such payment or provision of services or supplies while a valid charge under the contract shall not be considered to be a precedent in the disposition of similar cases or extensions in the same case beyond the approved period.

(e) Except as provided for in (b) above, the Carrier shall provide benefits for services or supplies in accordance with Appendix A.

(f) The Carrier, subject to (g) below, shall determine whether in its judgment a service or supply is medically necessary or payable under this contract.

(g) The Carrier agrees to pay for or provide a health service or supply in an individual case if OPM finds that the Member is entitled thereto under the terms of the contract.

(h) (1) Notwithstanding (b) and (e) above, in accordance with the Rehabilitation Act of 1973, in the case of a Member who is a qualified individual with a disability, the Carrier shall pay for or provide a covered health service or supply as an alternative benefit appropriate to the Member's needs, when required by OPM following OPM consultation with the Carrier, pursuant to paragraph 2.2(g), above.

4. **Section 5.14 Utilization Of Small Business Concerns**

We have updated this section consistent with the updated FAR clause.

SECTION 5.14 UTILIZATION OF SMALL BUSINESS CONCERNS (OCT 2018) (FAR 52.219-8)

(a) Definitions. As used in this contract --

"HUBZone small business concern" means a small business concern, certified by the Small Business Administration, that appears on the List of Qualified HUBZone Small Business Concerns maintained by the Small Business Administration.

"Service-disabled veteran-owned small business concern"

(1) Means a small business concern--

(i) Not less than 51 percent of which is owned by one or more service-disabled veterans or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more service-disabled veterans; and

(ii) The management and daily business operations of which are controlled by one or more service-disabled veterans or, in the case of a service-disabled veteran with permanent and severe disability, the spouse or permanent caregiver of such veteran.

(2) Service-disabled veteran means a veteran, as defined in 38 U.S.C. 101(2), with a disability that is service-connected, as defined in 38 U.S.C. 101(16).

"Small business concern" means a small business as defined pursuant to Section 3 of the Small Business Act and relevant regulations promulgated pursuant thereto.

"Small disadvantaged business concern", consistent with 13 CFR 124.1002, means a small business concern under the size standard applicable to the acquisition, that--

(1) Is at least 51 percent unconditionally and directly owned (as defined at 13 CFR 124.105) by—

(i) One or more socially disadvantaged (as defined at 13 CFR 124.103) and economically disadvantaged (as defined at 13 CFR 124.104) individuals who are citizens of the United States; and

(ii) Each individual claiming economic disadvantage has a net worth not exceeding $750,000 after taking into account the applicable exclusions set forth at 13 CFR 124.104(c)(2); and

(2) The management and daily business operations of which are controlled (as defined at 13.CFR 124.106) by individuals, who meet the criteria in paragraphs (1)(i) and (ii) of this definition.

"Veteran-owned small business concern" means a small business concern–

(1) Not less than 51 percent of which is owned by one or more veterans (as defined at 38 U.S.C. 101(2)) or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more veterans; and

(2) The management and daily business operations of which are controlled by one or more veterans.

"Women-owned small business concern" means a small business concern–

(1) That is at least 51 percent owned by one or more women, or, in the case of any publicly owned business, at least 51 percent of the stock of which is owned by one or more women; and

(2) Whose management and daily business operations are controlled by one or more women.

(b) It is the policy of the United States that small business concerns, veteran-owned small business concerns, service-disabled veteran-owned small business concerns, HUBZone small business concerns, small disadvantaged business concerns, and women-owned small business concerns shall have the maximum practicable opportunity to participate in performing contracts let by any Federal agency, including contracts and subcontracts for subsystems, assemblies, components, and related services for major systems. It is further the policy of the United States that its prime contractors establish procedures to ensure the timely payment of amounts due pursuant to the terms of their subcontracts with small business concerns, veteran-owned small business concerns, service-disabled veteran-owned small business concerns, HUBZone small business concerns, small disadvantaged business concerns, and women-owned small business concerns.

(c) The Contractor hereby agrees to carry out this policy in the awarding of subcontracts to the fullest extent consistent with efficient contract performance. The Contractor further agrees to cooperate in any studies or surveys as may be conducted by the United States Small Business Administration or the awarding agency of the United States as may be necessary to determine the extent of the Contractor's compliance with this clause.

(d)(1) The Contractor may accept a subcontractor's written representations of its size and socioeconomic status as a small business, small disadvantaged business, a veteran-owned small business, service-disabled veteran-owned small business or a women-owned small business if the subcontractor represents that the size and socioeconomic status representations with its offer are current, accurate, and complete as of the date of the offer for the subcontract.

(2) The Contractor may accept a subcontractor's representations of its size and socioeconomic status as a small business, small disadvantaged business, veteran-owned small business, service-disabled veteran-owned small business, or a women-owned small business in the System for Award Management (SAM) if–

(i) The subcontractor is registered in SAM; and

(ii) The subcontractor represents that the size and socioeconomic status representations made in SAM are current, accurate and complete as of the date of the offer for the subcontract.

(3) The Contractor may not require the use of SAM for the purposes of representing size or socioeconomic status in connection with a subcontract.

(4) In accordance with 13 CFR 121.411, 124.1015, 125.29, 126.900, and 127.700, a contractor acting in good faith is not liable for misrepresentations made by its subcontractors regarding the subcontractor's size or socioeconomic status.

(5) The Contractor shall confirm that a subcontractor representing itself as a HUBZone small business concern is certified by SBA as a HUBZone small business concern by accessing the System for Award Management or by contacting the SBA. Options for contacting the SBA include—

(i) HUBZone small business database search application web page at http://dsbs.sba.gov/dsbs/search/dsp_searchhubzone.cfm; or http://www.sba.gov/hubzone;

(ii) In writing to the Director/HUB, U.S. Small Business Administration, 409 3rd Street, SW., Washington, DC 20416; or

The SBA HUBZone Help Desk at hubzone@sba.gov.

5. Section 5.18 Contract Work Hours And Safety Standards Act -- Overtime Compensation

We amended subsection (b) to remove specific dollar amounts for liability and provisions of the law which were added to provide guidance for monetary penalties of inflation.

SECTION 5.18 CONTRACT WORK HOURS AND SAFETY STANDARDS ACT -- OVERTIME COMPENSATION (MAY 2018) (FAR 52.222-4)

(a) *Overtime requirements*. No Contractor or subcontractor employing laborers or mechanics (see Federal Acquisition Regulation 22.300) shall require or permit them to work over 40 hours in any workweek unless they are paid at least 1 and ½ times the basic rate of pay for each hour worked over 40 hours.

(b) *Violation; liability for unpaid wages; liquidated damages*. The responsible Contractor and subcontractor are liable for unpaid wages if they violate the terms in paragraph (a) of this clause. In addition, the Contractor and subcontractor are liable for liquidated damages payable to the Government. The Contracting Officer will assess liquidated damages at the rate specified at 29 CFR 5.5(b)(2) per affected employee for each calendar day on which the employer required or permitted the employee to work in excess of the standard workweek of 40 hours without paying overtime wages required by the Contract Work Hours and Safety Standards statute (found at 40 U.S.C. chapter 37). In accordance with the Federal Civil Penalties Inflation Adjustment Act of 1990 (28 U.S.C. 2461 Note), the Department of Labor adjusts this civil monetary penalty for inflation no later than January 15 each year.

(c) *Withholding for unpaid wages and liquidated damages.* The Contracting Officer will withhold from payments due under the contract sufficient funds required to satisfy any Contractor or subcontractor liabilities for unpaid wages and liquidated damages. If amounts withheld under the contract are insufficient to satisfy Contractor or subcontractor liabilities, the Contracting Officer will withhold payments from other Federal or Federally assisted contracts held by the same Contractor that are subject to the Contract Work Hours and Safety Standards statute.

(d) *Payrolls and basic records.* (1) The Contractor and its subcontractors shall maintain payrolls and basic payroll records for all laborers and mechanics working on the contract during the contract and shall make them available to the Government until 3 years after contract completion. The records shall contain the name and address of each employee, social security

number, labor classifications, hourly rates of wages paid, daily and weekly number of hours worked, deductions made, and actual wages paid. The records need not duplicate those required for construction work by Department of Labor regulations at 29 CFR 5.5(a)(3) implementing the Construction Wage Rate Requirements statute.

(2) The Contractor and its subcontractors shall allow authorized representatives of the Contracting Officer or the Department of Labor to inspect, copy, or transcribe records maintained under paragraph (d)(1) of this clause. The Contractor or subcontractor also shall allow authorized representatives of the Contracting Officer or Department of Labor to interview employees in the workplace during working hours.

(e) *Subcontracts*. The Contractor shall insert the provisions set forth in paragraphs (a) through (d) of this clause in subcontracts that may require or involve the employment of laborers and mechanics and require subcontractors to include these provisions in any such lower tier subcontracts. The Contractor shall be responsible for compliance by any subcontractor or lower-tier subcontractor with the provisions set forth in paragraphs (a) through (d) of this clause.

6. **Section 5.58 Payment By Electronic Funds Transfer–System For Award Management**

This section was updated to remove the word "database" when referring to accessing the System for Award Management (SAM).

SECTION 5.58 PAYMENT BY ELECTRONIC FUNDS TRANSFER–SYSTEM FOR AWARD MANAGEMENT (OCT 2018) (FAR 52.232-33)

(a) Method of payment.

(1) All payments by the Government under this contract shall be made by electronic funds transfer (EFT), except as provided in paragraph (a)(2) of this clause. As used in this clause, the term "EFT" refers to the funds transfer and may also include the payment information transfer.

(2) In the event the Government is unable to release one or more payments by EFT, the Contractor agrees to either—

(i) Accept payment by check or some other mutually agreeable method of payment; or

(ii) Request the Government to extend the payment due date until such time as the Government can make payment by EFT (but see paragraph (d) of this clause).

(b) *Contractor's EFT information.* The Government shall make payment to the Contractor using the EFT information contained in the System for Award Management (SAM). In the event that the EFT information changes, the Contractor shall be responsible for providing the updated information to SAM.

(c) *Mechanisms for EFT payment*. The Government may make payment by EFT through either the Automated Clearing House (ACH) network, subject to the rules of the National Automated Clearing House Association, or the Fedwire Transfer System. The rules governing Federal payments through the ACH are contained in 31 CFR Part 210.

(d) *Suspension of payment*. If the Contractor's EFT information in SAM is incorrect, then the Government need not make payment to the Contractor under this contract until correct EFT information is entered into SAM; and any invoice or contract financing request shall be deemed not to be a proper invoice for the purpose of prompt payment under this contract. The

prompt payment terms of the contract regarding notice of an improper invoice and delays in accrual of interest penalties apply.

(e) Liability for uncompleted or erroneous transfers.

(1) If an uncompleted or erroneous transfer occurs because the Government used the Contractor's EFT information incorrectly, the Government remains responsible for—

(i) Making a correct payment;

(ii) Paying any prompt payment penalty due; and

(iii) Recovering any erroneously directed funds.

(2) If an uncompleted or erroneous transfer occurs because the Contractor's EFT information was incorrect, or was revised within 30 days of Government release of the EFT payment transaction instruction to the Federal Reserve System, and—

(i) If the funds are no longer under the control of the payment office, the Government is deemed to have made payment and the Contractor is responsible for recovery of any erroneously directed funds; or

(ii) If the funds remain under the control of the payment office, the Government shall not make payment, and the provisions of paragraph (d) of this clause shall apply.

(f) *EFT and prompt payment*. A payment shall be deemed to have been made in a timely manner in accordance with the prompt payment terms of this contract if, in the EFT payment transaction instruction released to the Federal Reserve System, the date specified for settlement of the payment is on or before the prompt payment due date, provided the specified payment date is a valid date under the rules of the Federal Reserve System.

(g) *EFT and assignment of claims*. If the Contractor assigns the proceeds of this contract as provided for in the assignment of claims terms of this contract, the Contractor shall require as a condition of any such assignment, that the assignee shall register separately in SAM and shall be paid by EFT in accordance with the terms of this clause. Notwithstanding any other requirement of this contract, payment to an ultimate recipient other than the Contractor, or a financial institution properly recognized under an assignment of claims pursuant to Subpart 32.8, is not permitted. In all respects, the requirements of this clause shall apply to the assignee as if it were the Contractor. EFT information that shows the ultimate recipient of the transfer to be other than the Contractor, in the absence of a proper assignment of claims acceptable to the Government, is incorrect EFT information within the meaning of paragraph (d) of this clause.

(h) *Liability for change of EFT information by financial agent*. The Government is not liable for errors resulting from changes to EFT information made by the Contractor's financial agent.

(i) *Payment information*. The payment or disbursing office shall forward to the Contractor available payment information that is suitable for transmission as of the date of release of the EFT instruction to the Federal Reserve System. The Government may request the Contractor to designate a desired format and method(s) for delivery of payment information from a list of formats and methods the payment office is capable of executing. However, the Government does not guarantee that any particular format or method of delivery is available at any particular payment office and retains the latitude to use the format and delivery method most convenient to the Government. If the Government makes payment by check in accordance with paragraph (a) of this clause, the Government shall mail the payment information to the remittance address contained in SAM.

7. Section 5.60 Subcontracts For Commercial Items

We added subsections (b)(v) and (b)(vi) to include the Prohibition on Contracting for Hardware, Software, and Services Developed or Provided by Kaspersky Lab and Other Covered Entities, and the Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment. All other amendments are technical edits to keep the flow and order of the subsections and to update dates to referenced FAR Clauses.

SECTION 5.60 SUBCONTRACTS FOR COMMERCIAL ITEMS (AUG 2019) (FAR 52.244-6)

(a) Definitions. As used in this clause —

"Commercial item" and "commercially available off-the-shelf item" have the meanings contained in Federal Acquisition Regulation 2.101, Definitions.

"Subcontract" includes a transfer of commercial items between divisions, subsidiaries, or affiliates of the Contractor or subcontractor at any tier.

(b) To the maximum extent practicable, the Contractor shall incorporate, and require its subcontractors at all tiers to incorporate, commercial items or non-developmental items as components of items to be supplied under this contract.

(c)(1) The Contractor shall insert the following clauses in subcontracts for commercial items:

(i) 52.203-13, Contractor Code of Business Ethics and Conduct (Oct 2015) (41 U.S.C. 3509), if the subcontract exceeds $5.5 million and has a performance period of more than 120 days. In altering this clause to identify the appropriate parties, all disclosures of violation of the civil False Claims Act or of Federal criminal law shall be directed to the agency Office of the Inspector General, with a copy to the Contracting Officer.

(ii) 52.203-15, Whistleblower Protections Under the American Recovery and Reinvestment Act of 2009 (Jun 2010) (Section 1553 of Pub. L. 111-5), if the subcontract is funded under the Recovery Act.

(iii) 52.203-19, Prohibition on Requiring Certain Internal Confidentiality Agreements or Statements (JAN 2017).

(iv) 52.204–21, Basic Safeguarding of Covered Contractor Information Systems (June, 2016), other than subcontracts for commercially available off-the-shelf items, if flow down is required in accordance with paragraph (c) of FAR clause 52.204–21.

(v) 52.204-23, Prohibition on Contracting for Hardware, Software, and Services Developed or Provided by Kaspersky Lab and Other Covered Entities (Jul 2018) (Section 1634 of Pub. L. 115-91).

(vi) 52.204-25, Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment. (Aug 2019) (Section 889(a)(1)(A) of Pub. L. 115-232).

(vii) 52.219-8, Utilization of Small Business Concerns (Oct 2018) (15 U.S.C. 637(d)(2) and (3)), if the subcontract offers further subcontracting opportunities. If the subcontract (except subcontracts to small business concerns) exceeds $700,000 ($1.5 million for construction of any public facility), the subcontractor must include 52.219-8 in lower tier subcontracts that offer subcontracting opportunities.

(viii) 52.222-21 Prohibition of Segregated Facilities (Apr 2015).

(ix) 52.222-26, Equal Opportunity (Apr 2015) (E.O. 11246).

(x) 52.222-35, Equal Opportunity for Veterans (Oct 2015) (38 U.S.C. 4212(a).

(xi) 52.222-36, Equal Opportunity for Workers with Disabilities (Jul 2014) (29 U.S.C. 793).

(xii) 52.222-37, Employment Reports on Veterans (Feb 2016) (38 U.S.C. 4212).

(xiii) 52.222-40, Notification of Employee Rights Under the National Labor Relations Act (Dec 2010) (E.O. 13496), if flow down is required in accordance with paragraph (f) of FAR clause 52.222-40.

(xiv)(A) 52.222-50, Combating Trafficking in Persons (Jan 2019) (22 U.S.C. chapter 78 and E.O. 13627).

(B) Alternate I (MAR 2015) of 52.222-50 (22 U.S.C. chapter 78 and E.O. 13627).

(xv) 52.222-55 , Minimum Wages under Executive Order 13658 (Dec 2015), if flow down is required in accordance with paragraph (k) of FAR clause 52.222-55.

(xvi) 52.222-62, Paid Sick Leave Under Executive Order 13706 (Jan 2017) (E.O. 13706), if flowdown is required in accordance with paragraph (m) of FAR clause 52.222-62.

(xvii)(A) 52.224-3, Privacy Training (Jan 2017) (5 U.S.C. 552a) if flow down is required in accordance with 52.224-3(f).

(B) Alternate I (Jan 2017) of 52.224-3, if flow down is required in accordance with 52.224-3(f) and the agency specifies that only its agency-provided training is acceptable).

(xviii) 52.225-26, Contractors Performing Private Security Functions Outside the United States (Oct 2016) (Section 862, as amended, of the National Defense Authorization Act for Fiscal Year 2008; 10 U.S.C. 2302 Note).

(xvix) 52.232-40, Providing Accelerated Payments to Small Business Subcontractors (Dec 2013), if flow down is required in accordance with paragraph (c) of FAR clause 52.232-40.

(xx) 52.247-64, Preference for Privately Owned U.S.-Flag Commercial Vessels (Feb 2006) (46 U.S.C. App. 1241 and 10 U.S.C. 2631), if flow down is required in accordance with paragraph (d) of FAR clause 52.247-64).

(2) While not required, the Contractor may flow down to subcontracts for commercial items a minimal number of additional clauses necessary to satisfy its contractual obligations.
(d) The Contractor shall include the terms of this clause, including this paragraph (d), in subcontracts awarded under this contract.

8. Section 5.63 System For Award Management

We amended subsection (b)(1) to reflect the updated FAR Clause requiring registration in System for Award Management (SAM) when submitting an offer and the continuation of registration throughout the duration of the award.

SECTION 5.63 SYSTEM FOR AWARD MANAGEMENT (OCT 2018) (FAR 52.204-7)

(a) Definitions. As used in this provision—

"Electronic Funds Transfer (EFT) indicator" means a four-character suffix to the unique entity identifier. The suffix is assigned at the discretion of the commercial, nonprofit, or Government entity to establish additional System for Award Management records for identifying alternative EFT accounts (see subpart 32.11) for the same entity.

"Registered in the System for Award Management (SAM) database" means that—

(1) The Offeror has entered all mandatory information, including the unique entity identifier and the EFT indicator, if applicable, the Commercial and Government Entity (CAGE)

code, as well as data required by the Federal Funding Accountability and Transparency Act of 2006 (see subpart 4.14) into SAM;

(2) The offeror has completed the Core, Assertions, and Representations and Certifications, and Points of Contact sections of the registration in SAM;

(3) The Government has validated all mandatory data fields, to include validation of the Taxpayer Identification Number (TIN) with the Internal Revenue Service (IRS). The offeror will be required to provide consent for TIN validation to the Government as a part of SAM registration process; and

(4) The Government has marked the record "Active".

"Unique entity identifier" means a number or other identifier used to identify a specific commercial, nonprofit, or Government entity. See www.sam.gov for the designated entity for establishing unique entity identifiers.

(b)(1) An Offeror is required to be registered in SAM when submitting an offer or quotation, and shall continue to be registered until time of award, during performance, and through final payment of any contract, basic agreement, basic ordering agreement, or blanket purchasing agreement resulting from this solicitation.

(2) The Offeror shall enter, in the block with its name and address on the cover page of its offer, the annotation "Unique Entity Identifier" followed by the unique entity identifier that identifies the Offeror's name and address exactly as stated in the offer. The Offeror also shall enter its EFT indicator, if applicable. The unique entity identifier will be used by the Contracting Officer to verify that the Offeror is registered in SAM.

(c) If the Offeror does not have a unique entity identifier, it should contact the entity designated at www.sam.gov for establishment of the unique entity identifier directly to obtain one.

The Offeror should be prepared to provide the following information:

(1) Company legal business name.

(2) Tradestyle, doing business, or other name by which your entity is commonly recognized.

(3) Company Physical Street Address, City, State, and Zip Code.

(4) Company Mailing Address, City, State and Zip Code (if separate from physical).

(5) Company telephone number.

(6) Date the company was started.

(7) Number of employees at your location.

(8) Chief executive officer/key manager.

(9) Line of business (industry).

(10) Company Headquarters name and address (reporting relationship within your entity).

(d) If the Offeror does not become registered in SAM in the time prescribed by the Contracting Officer, the Contracting Officer will proceed to award to the next otherwise successful registered Offeror.

9. **Section 5.66 Updates Of Publically Available Information Regarding Responsibility Matters**

This section was updated to the October 2018 FAR clause which updated the System for Award Management website and removed the word "database."

SECTION 5.66 UPDATES OF PUBLICALLY AVAILABLE INFORMATION REGARDING RESPONSIBILITY MATTERS (OCT 2018) (FAR 52.209-9)

(a) The Contractor shall update the information in the Federal Awardee Performance and Integrity Information System (FAPIIS) on a semi-annual basis, throughout the life of the contract, by posting the required information in the System for Award Management via https://www.sam.gov.

(b) As required by section 3010 of the Supplemental Appropriations Act, 2010 (Pub. L. 111-212), all information posted in FAPIIS on or after April 15, 2011, except past performance reviews, will be publicly available. FAPIIS consists of two segments—

(1) The non-public segment, into which Government officials and the Contractor post information, which can only be viewed by—

(i) Government personnel and authorized users performing business on behalf of the Government; or

(ii) The Contractor, when viewing data on itself; and

(2) The publicly-available segment, to which all data in the non-public segment of FAPIIS is automatically transferred after a waiting period of 14 calendar days, except for—

(i) Past performance reviews required by subpart 42.15;

(ii) Information that was entered prior to April 15, 2011; or

(iii) Information that is withdrawn during the 14-calendar-day waiting period by the Government official who posted it in accordance with paragraph (c)(1) of this clause.

(c) The Contractor will receive notification when the Government posts new information to the Contractor's record.

(1) If the Contractor asserts in writing within 7 calendar days, to the Government official who posted the information, that some of the information posted to the non-public segment of FAPIIS is covered by a disclosure exemption under the Freedom of Information Act, the Government official who posted the information must within 7 calendar days remove the posting from FAPIIS and resolve the issue in accordance with agency Freedom of Information procedures, prior to reposting the releasable information. The contractor must cite 52.209-9 and request removal within 7 calendar days of the posting to FAPIIS.

(2) The Contractor will also have an opportunity to post comments regarding information that has been posted by the Government. The comments will be retained as long as the associated information is retained, i.e., for a total period of 6 years. Contractor comments will remain a part of the record unless the Contractor revises them.

(3) As required by section 3010 of Pub. L. 111-212, all information posted in FAPIIS on or after April 15, 2011, except past performance reviews, will be publicly available.

(d) Public requests for system information posted prior to April 15, 2011, will be handled under Freedom of Information Act procedures, including, where appropriate, procedures promulgated under E.O. 12600.

10. <u>Section 5.71 Combating Trafficking In Persons</u>

Section 5.71 was updated to reflect the January 2019 FAR clause changes which provide expanded regulations on Human Trafficking.

SECTION 5.71 COMBATING TRAFFICKING IN PERSONS (JAN 2019) (FAR 52.222-50)

(a) Definitions. As used in this clause—

"Agent" means any individual, including a director, an officer, an employee, or an independent contractor, authorized to act on behalf of the organization.

"Coercion" means—

(1) Threats of serious harm to or physical restraint against any person;

(2) Any scheme, plan, or pattern intended to cause a person to believe that failure to perform an act would result in serious harm to or physical restraint against any person; or

(3) The abuse or threatened abuse of the legal process.

"Commercially available off-the-shelf (COTS) item" means-

(1) Any item of supply (including construction material) that is-

(i) A commercial item (as defined in paragraph (1) of the definition at FAR 2.101);

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

"Commercial sex act" means any sex act on account of which anything of value is given to or received by any person.

"Debt bondage" means the status or condition of a debtor arising from a pledge by the debtor of his or her personal services or of those of a person under his or her control as a security for debt, if the value of those services as reasonably assessed is not applied toward the liquidation of the debt or the length and nature of those services are not respectively limited and defined.

"Employee" means an employee of the Contractor directly engaged in the performance of work under the contract who has other than a minimal impact or involvement in contract performance.

"Forced labor" means knowingly providing or obtaining the labor or services of a person—

(1) By threats of serious harm to, or physical restraint against, that person or another person;

(2) By means of any scheme, plan, or pattern intended to cause the person to believe that, if the person did not perform such labor or services, that person or another person would suffer serious harm or physical restraint; or

(3) By means of the abuse or threatened abuse of law or the legal process.

"Involuntary servitude" includes a condition of servitude induced by means of—

(1) Any scheme, plan, or pattern intended to cause a person to believe that, if the person did not enter into or continue in such conditions, that person or another person would suffer serious harm or physical restraint; or

(2) The abuse or threatened abuse of the legal process.

"Recruitment fees" means fees of any type, including charges, costs, assessments, or other financial obligations, that are associated with the recruiting process, regardless of the time, manner, or location of imposition or collection of the fee.

(1) Recruitment fees include, but are not limited to, the following fees (when they are associated with the recruiting process) for—

(i) Soliciting, identifying, considering, interviewing, referring, retaining, transferring, selecting, training, providing orientation to, skills testing, recommending, or placing employees or potential employees;

(ii) Advertising;

(iii) Obtaining permanent or temporary labor certification, including any associated fees;

(iv) Processing applications and petitions;

(v) Acquiring visas, including any associated fees;

(vi) Acquiring photographs and identity or immigration documents, such as passports, including any associated fees;

(vii) Accessing the job opportunity, including required medical examinations and immunizations; background, reference, and security clearance checks and examinations; and additional certifications;

(viii) An employer's recruiters, agents or attorneys, or other notary or legal fees;

(ix) Language interpretation or translation, arranging for or accompanying on travel, or providing other advice to employees or potential employees;

(x) Government-mandated fees, such as border crossing fees, levies, or worker welfare funds;

(xi) Transportation and subsistence costs—

(A) While in transit, including, but not limited to, airfare or costs of other modes of transportation, terminal fees, and travel taxes associated with travel from the country of origin to the country of performance and the return journey upon the end of employment; and

(B) From the airport or disembarkation point to the worksite;

(xii) Security deposits, bonds, and insurance; and

(xiii) Equipment charges.

(2) A recruitment fee, as described in the introductory text of this definition, is a recruitment fee, regardless of whether the payment is—

(i) Paid in property or money;

(ii) Deducted from wages;

(iii) Paid back in wage or benefit concessions;

(iv) Paid back as a kickback, bribe, in-kind payment, free labor, tip, or tribute; or

(v) Collected by an employer or a third party, whether licensed or unlicensed, including, but not limited to—

(A) Agents;

(B) Labor brokers;

(C) Recruiters;

(D) Staffing firms (including private employment and placement firms);

(E) Subsidiaries/affiliates of the employer;

(F) Any agent or employee of such entities; and

(G) Subcontractors at all tiers.

"Severe forms of trafficking in persons" means—

(1) Sex trafficking in which a commercial sex act is induced by force, fraud, or coercion, or in which the person induced to perform such act has not attained 18 years of age; or

(2) The recruitment, harboring, transportation, provision, or obtaining of a person for labor or services, through the use of force, fraud, or coercion for the purpose of subjection to involuntary servitude, peonage, debt bondage, or slavery.

"Sex trafficking" means the recruitment, harboring, transportation, provision, or obtaining of a person for the purpose of a commercial sex act.

(b) Policy. The United States Government has adopted a policy prohibiting trafficking in persons including the trafficking-related activities of this clause. Contractors, contractor employees, and their agents shall not—

(1) Engage in severe forms of trafficking in persons during the period of performance of the contract;

(2) Procure commercial sex acts during the period of performance of the contract; or

(3) Use forced labor in the performance of the contract.

(4) Destroy, conceal, confiscate, or otherwise deny access by an employee to the employee's identity or immigration documents, such as passports or drivers' licenses, regardless of issuing authority;

(5)(i) Use misleading or fraudulent practices during the recruitment of employees or offering of employment, such as failing to disclose, in a format and language understood by the employee or potential employee, basic information or making material misrepresentations during the recruitment of employees regarding the key terms and conditions of employment, including wages and fringe benefits, the location of work, the living conditions, housing and associated costs (if employer or agent provided or arranged), any significant costs to be charged to the employee or potential employee, and, if applicable, the hazardous nature of the work;

(ii) Use recruiters that do not comply with local labor laws of the country in which the recruiting takes place;

(6) Charge employees or potential employees recruitment fees;

(7)(i) Fail to provide return transportation or pay for the cost of return transportation upon the end of employment-

(A) For an employee who is not a national of the country in which the work is taking place and who was brought into that country for the purpose of working on a U.S. Government contract or subcontract (for portions of contracts performed outside the United States); or

(B) For an employee who is not a United States national and who was brought into the United States for the purpose of working on a U.S. Government contract or subcontract, if the payment of such costs is required under existing temporary worker programs or pursuant to a written agreement with the employee (for portions of contracts performed inside the United States); except that-

(ii) The requirements of paragraphs (b)(7)(i) of this clause shall not apply to an employee who is-

(A) Legally permitted to remain in the country of employment and who chooses to do so; or

(B) Exempted by an authorized official of the contracting agency from the requirement to provide return transportation or pay for the cost of return transportation;

(iii) The requirements of paragraph (b)(7)(i) of this clause are modified for a victim of trafficking in persons who is seeking victim services or legal redress in the country of employment, or for a witness in an enforcement action related to trafficking in persons. The contractor shall provide the return transportation or pay the cost of return transportation in a way that does not obstruct the victim services, legal redress, or witness activity. For example, the contractor shall not only offer return transportation to a witness at a time when the witness is still needed to testify. This paragraph does not apply when the exemptions at paragraph (b)(7)(ii) of this clause apply.

(8) Provide or arrange housing that fails to meet the host country housing and safety standards; or

(9) If required by law or contract, fail to provide an employment contract, recruitment agreement, or other required work document in writing. Such written work document shall be in a language the employee understands. If the employee must relocate to perform the work, the work document shall be provided to the employee at least five days prior to the employee

relocating. The employee's work document shall include, but is not limited to, details about work description, wages, prohibition on charging recruitment fees, work location(s), living accommodations and associated costs, time off, roundtrip transportation arrangements, grievance process, and the content of applicable laws and regulations that prohibit trafficking in persons.

(c) Contractor requirements. The Contractor shall—

(1) Notify its employees and agents of—

(i) The United States Government's policy prohibiting trafficking in persons, described in paragraph (b) of this clause; and

(ii) The actions that will be taken against employees or agents for violations of this policy. Such actions for employees may include, but are not limited to, removal from the contract, reduction in benefits, or termination of employment; and

(2) Take appropriate action, up to and including termination, against employees, agents, or subcontractors that violate the policy in paragraph (b) of this clause.

(d) *Notification.*

(1) The Contractor shall inform the Contracting Officer and the agency Inspector General immediately of—

(i)Any credible information it receives from any source (including host country law enforcement) that alleges a Contractor employee, subcontractor, subcontractor employee, or their agent has engaged in conduct that violates the policy; in in paragraph (b) of this clause (see also 18 U.S.C. 1351, Fraud in Foreign Labor Contracting, and 52.203-13(b)(3)(i)(A), if that clause is included in the solicitation or contract, which requires disclosure to the agency Office of the Inspector General when the Contractor has credible evidence of fraud) ; and

(ii) Any actions taken against a Contractor employee, subcontractor, or subcontractor employee, or their agent pursuant to this clause.

(2) If the allegation may be associated with more than one contract, the Contractor shall inform the contracting officer for the contract with the highest dollar value.

(e) *Remedies*. In addition to other remedies available to the Government, the Contractor's failure to comply with the requirements of paragraphs (c), (d), (g), (h) or (i) of this clause may result in—

(1) Requiring the Contractor to remove a Contractor employee or employees from the performance of the contract;

(2) Requiring the Contractor to terminate a subcontract;

(3) Suspension of contract payments until the Contractor has taken appropriate remedial action;

(4) Loss of award fee, consistent with the award fee plan, for the performance period in which the Government determined Contractor non-compliance;

(5) Declining to exercise available options under the contract;

(6) Termination of the contract for default or cause, in accordance with the termination clause of this contract; or

(7) Suspension or debarment.

(f) Mitigating and aggravating factors. When determining remedies, the Contracting Officer may consider the following:

(1) Mitigating factors. The Contractor had a Trafficking in Persons compliance plan or an awareness program at the time of the violation, was in compliance with the plan, and has

taken appropriate remedial actions for the violation, that may include reparation to victims for such violations.

(2) Aggravating factors. The Contractor failed to abate an alleged violation or enforce the requirements of a compliance plan, when directed by the Contracting Officer to do so.

(g) Full cooperation.

(1) The Contractor shall, at a minimum-

(i) Disclose to the agency Inspector General information sufficient to identify the nature and extent of an offense and the individuals responsible for the conduct;

(ii) Provide timely and complete responses to Government auditors' and investigators' requests for documents;

(iii) Cooperate fully in providing reasonable access to its facilities and staff (both inside and outside the U.S.) to allow contracting agencies and other responsible Federal agencies to conduct audits, investigations, or other actions to ascertain compliance with the Trafficking Victims Protection Act of 2000 (22 U.S.C. chapter 78), E.O. 13627, or any other applicable law or regulation establishing restrictions on trafficking in persons, the procurement of commercial sex acts, or the use of forced labor; and

(iv) Protect all employees suspected of being victims of or witnesses to prohibited activities, prior to returning to the country from which the employee was recruited, and shall not prevent or hinder the ability of these employees from cooperating fully with Government authorities.

(2) The requirement for full cooperation does not foreclose any Contractor rights arising in law, the FAR, or the terms of the contract. It does not-

(i) Require the Contractor to waive its attorney-client privilege or the protections afforded by the attorney work product doctrine;

(ii) Require any officer, director, owner, employee, or agent of the Contractor, including a sole proprietor, to waive his or her attorney client privilege or Fifth Amendment rights; or

(iii) Restrict the Contractor from-

(A) Conducting an internal investigation; or

(B) Defending a proceeding or dispute arising under the contract or related to a potential or disclosed violation.

(h) Compliance plan.

(1) This paragraph (h) applies to any portion of the contract that-

(i) Is for supplies, other than commercially available off-the-shelf items, acquired outside the United States, or services to be performed outside the United States; and

(ii) Has an estimated value that exceeds $500,000.

(2) The Contractor shall maintain a compliance plan during the performance of the contract that is appropriate-

(i) To the size and complexity of the contract; and

(ii) To the nature and scope of the activities to be performed for the Government, including the number of non-United States citizens expected to be employed and the risk that the contract or subcontract will involve services or supplies susceptible to trafficking in persons.

(3) Minimum requirements. The compliance plan must include, at a minimum, the following:

(i) An awareness program to inform contractor employees about the Government's policy prohibiting trafficking-related activities described in paragraph (b) of this clause, the activities prohibited, and the actions that will be taken against the employee for violations. Additional information about Trafficking in Persons and examples of awareness programs can

be found at the website for the Department of State's Office to Monitor and Combat Trafficking in Persons at http://www.state.gov/j/tip/.

(ii) A process for employees to report, without fear of retaliation, activity inconsistent with the policy prohibiting trafficking in persons, including a means to make available to all employees the hotline phone number of the Global Human Trafficking Hotline at 1-844-888-FREE and its email address at help@befree.org.

(iii) A recruitment and wage plan that only permits the use of recruitment companies with trained employees, prohibits charging recruitment fees to the employee or potential employees, and ensures that wages meet applicable host-country legal requirements or explains any variance.

(iv) A housing plan, if the Contractor or subcontractor intends to provide or arrange housing, that ensures that the housing meets host-country housing and safety standards.

(v) Procedures to prevent agents and subcontractors at any tier and at any dollar value from engaging in trafficking in persons (including activities in paragraph (b) of this clause) and to monitor, detect, and terminate any agents, subcontracts, or subcontractor employees that have engaged in such activities.

(4) Posting.

(i) The Contractor shall post the relevant contents of the compliance plan, no later than the initiation of contract performance, at the workplace (unless the work is to be performed in the field or not in a fixed location) and on the Contractor's Web site (if one is maintained). If posting at the workplace or on the Web site is impracticable, the Contractor shall provide the relevant contents of the compliance plan to each worker in writing.

(ii) The Contractor shall provide the compliance plan to the Contracting Officer upon request.

(5) Certification. Annually after receiving an award, the Contractor shall submit a certification to the Contracting Officer that-

(i) It has implemented a compliance plan to prevent any prohibited activities identified at paragraph (b) of this clause and to monitor, detect, and terminate any agent, subcontract or subcontractor employee engaging in prohibited activities; and

(ii) After having conducted due diligence, either-

(A) To the best of the Contractor's knowledge and belief, neither it nor any of its agents, subcontractors, or their agents is engaged in any such activities; or

(B) If abuses relating to any of the prohibited activities identified in paragraph (b) of this clause have been found, the Contractor or subcontractor has taken the appropriate remedial and referral actions.

(i) *Subcontracts*.

(1) The Contractor shall include the substance of this clause, including this paragraph (f), in all subcontracts and in all contracts with agents. The requirements in paragraph (h) of this clause apply only to any portion of the subcontract that-

(A) Is for supplies, other than commercially available off-the-shelf items, acquired outside the United States, or services to be performed outside the United States; and

(B) Has an estimated value that exceeds $500,000.

(2) If any subcontractor is required by this clause to submit a certification, the Contractor shall require submission prior to the award of the subcontract and annually thereafter. The certification shall cover the items in paragraph (h)(5) of this clause.

11. Section 5.74 Prohibition on Contracting for Hardware, Software, and Services Developed or Provided by Kaspersky Lab and Other Covered Entities

This is a new section added to the contract to provide rules on the Prohibition on Contracting for Hardware, Software, and Services Developed or Provided by Kaspersky Lab.

SECTION 5.74 PROHIBITION ON CONTRACTING FOR HARDWARE, SOFTWARE, AND SERVICES DEVELOPED OR PROVIDED BY KASPERSKY LAB AND OTHER COVERED ENTITIES (JUL 2018) (FAR 52.204-23).

(a) *Definitions*. As used in this clause—

"Covered article" means any hardware, software, or service that–

(1) Is developed or provided by a covered entity;

(2) Includes any hardware, software, or service developed or provided in whole or in part by a covered entity; or

(3) Contains components using any hardware or software developed in whole or in part by a covered entity.

"Covered entity" means–

(1) Kaspersky Lab;

(2) Any successor entity to Kaspersky Lab;

(3) Any entity that controls, is controlled by, or is under common control with Kaspersky Lab; or

(4) Any entity of which Kaspersky Lab has a majority ownership.

(b) *Prohibition.* Section 1634 of Division A of the National Defense Authorization Act for Fiscal Year 2018 (Pub. L. 115-91) prohibits Government use of any covered article. The Contractor is prohibited from—

(1) Providing any covered article that the Government will use on or after October 1, 2018; and

(2) Using any covered article on or after October 1, 2018, in the development of data or deliverables first produced in the performance of the contract.

(c) *Reporting requirement.*

(1) In the event the Contractor identifies a covered article provided to the Government during contract performance, or the Contractor is notified of such by a subcontractor at any tier or any other source, the Contractor shall report, in writing, to the Contracting Officer or, in the case of the Department of Defense, to the website at https://dibnet.dod.mil. For indefinite delivery contracts, the Contractor shall report to the Contracting Officer for the indefinite delivery contract and the Contracting Officer(s) for any affected order or, in the case of the Department of Defense, identify both the indefinite delivery contract and any affected orders in the report provided at https://dibnet.dod.mil.

(2) The Contractor shall report the following information pursuant to paragraph (c)(1) of this clause:

(i) Within 1 business day from the date of such identification or notification: the contract number; the order number(s), if applicable; supplier name; brand; model number (Original Equipment Manufacturer (OEM) number, manufacturer part number, or wholesaler number); item description; and any readily available information about mitigation actions undertaken or recommended.

(ii) Within 10 business days of submitting the report pursuant to paragraph (c)(1) of this clause: any further available information about mitigation actions undertaken or

recommended. In addition, the Contractor shall describe the efforts it undertook to prevent use or submission of a covered article, any reasons that led to the use or submission of the covered article, and any additional efforts that will be incorporated to prevent future use or submission of covered articles.

(d) Subcontracts. The Contractor shall insert the substance of this clause, including this paragraph (d), in all subcontracts, including subcontracts for the acquisition of commercial items.

12. Section 5.75 Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment

This is a new section added to the contract to provide rules on the Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment.

SECTION 5.75 PROHIBITION ON CONTRACTING FOR CERTAIN TELECOMMUNICATIONS AND VIDEO SURVEILLANCE SERVICES OR EQUIPMENT (AUG 2019) (FAR 52.204-25).

(a) *Definitions.* As used in this clause—

"Covered foreign country" means The People's Republic of China.

"Covered telecommunications equipment or services" means–

(1) Telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities);

(2) For the purpose of public safety, security of Government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities);

(3) Telecommunications or video surveillance services provided by such entities or using such equipment; or

(4) Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.

"Critical technology" means–

(1) Defense articles or defense services included on the United States Munitions List set forth in the International Traffic in Arms Regulations under subchapter M of chapter I of title 22, Code of Federal Regulations;

(2) Items included on the Commerce Control List set forth in Supplement No. 1 to part 774 of the Export Administration Regulations under subchapter C of chapter VII of title 15, Code of Federal Regulations, and controlled-

(i) Pursuant to multilateral regimes, including for reasons relating to national security, chemical and biological weapons proliferation, nuclear nonproliferation, or missile technology; or

(ii) For reasons relating to regional stability or surreptitious listening;

(3) Specially designed and prepared nuclear equipment, parts and components, materials, software, and technology covered by part 810 of title 10, Code of Federal Regulations (relating to assistance to foreign atomic energy activities);

(4) Nuclear facilities, equipment, and material covered by part 110 of title 10, Code of Federal Regulations (relating to export and import of nuclear equipment and material);

(5) Select agents and toxins covered by part 331 of title 7, Code of Federal Regulations, part 121 of title 9 of such Code, or part 73 of title 42 of such Code; or

(6) Emerging and foundational technologies controlled pursuant to section 1758 of the Export Control Reform Act of 2018 (50 U.S.C. 4817).

"Substantial or essential component" means any component necessary for the proper function or performance of a piece of equipment, system, or service.

(b) *Prohibition.* Section 889(a)(1)(A) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2019, from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. The Contractor is prohibited from providing to the Government any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless an exception at paragraph (c) of this clause applies or the covered telecommunication equipment or services are covered by a waiver described in Federal Acquisition Regulation 4.2104.

(c) *Exceptions.* This clause does not prohibit contractors from providing—

(1) A service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(2) Telecommunications equipment that cannot route or redirect user data traffic or permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(d) Reporting requirement. (1)In the event the Contractor identifies covered telecommunications equipment or services used as a substantial or essential component of any system, or as critical technology as part of any system, during contract performance, or the Contractor is notified of such by a subcontractor at any tier or by any other source, the Contractor shall report the information in paragraph (d)(2) of this clause to the Contracting Officer, unless elsewhere in this contract are established procedures for reporting the information; in the case of the Department of Defense, the Contractor shall report to the website at https://dibnet.dod.mil. For indefinite delivery contracts, the Contractor shall report to the Contracting Officer for the indefinite delivery contract and the Contracting Officer(s) for any affected order or, in the case of the Department of Defense, identify both the indefinite delivery contract and any affected orders in the report provided at https://dibnet.dod.mil.

(2) The Contractor shall report the following information pursuant to paragraph (d)(1) of this clause

(i) Within one business day from the date of such identification or notification: the contract number; the order number(s), if applicable; supplier name; supplier unique entity identifier (if known); supplier Commercial and Government Entity (CAGE) code (if known); brand; model number (original equipment manufacturer number, manufacturer part number, or wholesaler number); item description; and any readily available information about mitigation actions undertaken or recommended.

(ii) Within 10 business days of submitting the information in paragraph (d)(2)(i) of this clause: any further available information about mitigation actions undertaken or recommended. In addition, the Contractor shall describe the efforts it undertook to prevent use or submission of covered telecommunications equipment or services, and any additional efforts that will be incorporated to prevent future use or submission of covered telecommunications equipment or services.

(e) *Subcontracts.* The Contractor shall insert the substance of this clause, including this paragraph (e), in all subcontracts and other contractual instruments, including subcontracts for the acquisition of commercial items.

Part IV-SPECIAL PROVISIONS is deleted and replaced with the following:

SECTION 4.1
ALTERATIONS IN CONTRACT (JAN 2019) (FAR 52.252-4)

Portions of this contract are altered as follows:

(a) Section 1.6 Confidentiality of Records. The following subsection is added:

(d) Local Blue Cross and/or Blue Shield Plans may combine the personal data and medical records of Federal subscribers, and information relating thereto, with the same information of other individuals who have health benefits coverage under the Local Blue Cross and/or Blue Shield Plan. This combined data may only be used and disclosed for the Plan's health care operations and payment activities, as such terms and conditions are defined under the Health Insurance Portability and Accountability Act, and its implementing regulations (45 CFR § 164.501). Such activities include, but are not limited to: care management; prevention, detection, and recovery of funds subject to fraud and abuse; and negotiation of provider contracts.

(e) As used in subsection (b)(1) of this section, "administration of this contract" means health care operations and payment activities, as such terms and conditions are defined under the Health Insurance Portability and Accountability Act, and its implementing regulations (45 CFR § 164.501).

(b) Section 1.9 Plan Performance—Experience-Rated FFS Contracts.

The Carrier may use the appropriate systems for measurement and/or collection of data on the quality of the health care services as described in subparagraph 1.9(b).

(c) Section 1.14, Misleading, Deceptive, or Unfair Advertising, is amended by removing the reference to the NAIC Advertisements of Accident and Sickness Insurance Model Regulation (Appendix D-b). Carrier should continue to use the FEHB Supplemental Literature Guidelines (now at the renumbered Appendix C) along with FEHBAR 1603.7002.

(d) Section 1.15 Renewal and Withdrawal of Approval (FEHBAR). The following subsections are added:

(d) If the agency suspends payment of the subscription charges for any reason, the Carrier may (1) suspend making benefit payments until payment of all subscription charges due is fully restored; or (2) terminate the contract without prior notice.

(e) Section 1.21 Patient Bill of Rights. For the purpose of compliance with this Section, the Carrier will conduct the following minimum activities: (1) the Carrier will provide subscribers with a Fact Sheet that includes information about the disenrollment rate in the Blue Cross and Blue Shield Service Benefit Plan, as well as Local Plan-specific information including compliance with Federal and State financial requirements, public corporate information, years in existence, and accreditation status; (2) Provider

Directories will include language advising subscribers to contact their providers directly to obtain information about the providers, including but not limited to board certifications, languages spoken, availability of interpreters, facility accessibility, and whether the provider is accepting new patients.

(f) Section 1.30 Health Information Technology Privacy and Security. Subsections (b), (c) and the introductory paragraph of Subsection (d) of Section 1.30 are amended to read as follows:

(b) The Carrier will promote consumer transparency by ensuring that at the point where the Federal member enters the subcontractor's, large provider's, or vendor's website or web portal the link to the subcontractor's, large provider's, or vendor's notice of privacy practices and/or privacy policies is displayed on the bottom, or prominently displayed elsewhere, on the website or web portal.

(c) Notice of privacy practices and/or privacy policies disclosures must describe the uses of individually identifiable protected health information and any potential disclosure to other entities as described in the HIPAA Privacy Rule.

(d) The Carrier will participate with the Contracting Officer or an authorized representative of the Contracting Officer in credential vulnerability scans and configuration compliance audits conducted in accordance with rules of engagement agreed to by the Contracting Officer and the Blue Cross and Blue Shield Association. The rules of engagement will include the software and hardware used for vulnerability scanning; the specific process used to conduct vulnerability scanning; precautions taken to prevent negative disruption on the systems being scanned; restrictions on the release of documents and artifacts; and how the results of the scanning will be reviewed and reported.

(g) Section 2.2 Benefits Provided. The following paragraph is added to subsection 2.2(a):

(4) The Carrier may pay the Preferred Provider Organization level of benefits under this contract to ease the hardship of members affected by natural disasters such as earthquakes, floods, etc., when because of the natural disaster members have difficulty gaining access to Preferred network providers. The Carrier may pay the Preferred level of benefits without regard to the provider's contractual relationship with the Carrier and will determine an appropriate time frame based on local conditions during which the provision of this paragraph will apply. Benefits provided under this paragraph will be made available to all members similarly affected by the natural disaster.

(h) Section 2.3 Payment of Benefits and Provision of Services and Supplies. Notwithstanding subsection (f) of Section 2.3, benefits provided under the contract are not assignable by the Member to any person without express written approval of the carrier, and in the absence of such approval, any such assignment shall be void. Notwithstanding such approval, no assignment of benefits may be made in any case prior to the time that a valid claim for benefits arises.

(i) Section 2.3 Payment of Benefits and Provision of Services and Supplies. The introductory paragraph of Subsection 2.3(g) is amended to read as follows:

(g) *Erroneous Payments*.

(i) If the Carrier or OPM determines that a Member's claim has been paid in error for any reason (except in the case of fraud or abuse), the Carrier shall make a prompt and diligent effort to recover the erroneous payment to the member from the member or, if to the provider, from the provider; the recovery of any overpayment must be treated as an erroneous benefit payment, overpayment, or duplicate payment under 48 C.F.R. 1631.201-70(h) regardless of any time period limitations in the written agreement with the provider.

(ii) The Carrier shall be deemed to have satisfied the requirements of Subsection (g) (i) above by complying with Subsections (ii), (iii), and (iv). Local Blue Cross and Blue Shield Plans which have time period limitations in their provider contracts which prevent the Plan from recovering erroneous benefit payments made to providers will participate in an action plan. The action plan shall be developed by the Blue Cross and Blue Shield Association by December 31, 2008 and agreed to by the Contracting Officer and the Blue Cross and Blue Shield Association. The Blue Cross and Blue Shield Association and the Contracting Officer shall utilize standards of commercial reasonableness and neither shall unreasonably withhold agreement. The action plan shall be designed to reduce the occurrence of erroneous benefit payments, to identify and recover erroneous benefit payments within the time limits stipulated in their provider contracts, and to demonstrate due diligence in making an attempt to identify and recover within that provider contract timeframe such erroneous benefit payments.

(iii) The Blue Cross and Blue Shield Association shall be responsible for monitoring and determining whether each Blue Cross and Blue Shield Plan participating in the action plan is complying with its obligations under the action plan.

(iv) A Blue Cross and Blue Shield Plan which is in compliance with its obligations under the action plan shall be found to be in compliance with its obligation under this Section 2.3(g) to make a prompt and diligent effort to recover erroneous benefit payments. In the event that any Plan with such time period limitations is determined to be not in substantial compliance with the action plan, and that Plan is determined not to have pursued material benefit payments with promptness and diligence, then the Plan shall return the erroneous benefit payments to the Program.

(v) The Carrier shall follow general business practices and procedures in collecting debts owed under the Federal Employees Health Benefits Program. Prompt and diligent effort to recover erroneous payments means that upon discovering that an erroneous payment exists, the Carrier shall—

(j) Section 2.3 Payment of Benefits and Provision of Services and Supplies. Subsection (g)(7)(ii) of Section 2.3 is amended to read as follows:

Notwithstanding (g)(7)(i), the Carrier may not charge the contract for the administrative costs to correct erroneous benefit payments (or to correct processes or procedures that

caused erroneous benefit payments) when the errors are egregious and repeated. These costs are deemed to be unreasonable and unallowable under Section 3.2(b). The term "repeated" in the previous sentence does not apply to situations in which a claims processing system error causes multiple erroneous payments or to situations that involve audit findings on errors that are endemic to the provision of insurance and claims processing.

(k) Section 2.3 Payment of Benefits and Provision of Services and Supplies. Subsection (g)(10) of Section 2.3 is amended to read as follows:

(10) In compliance with the Contracts Disputes Act, the Carrier shall return to the Program an amount equal to the uncollected erroneous benefit payment where the Contracting Officer determines that the Carrier failed to make a prompt and diligent effort, as that term is described above, to recover the erroneous benefit payment. This provision applies to benefit payments which have been paid in error for any reason (except in the case of fraud or abuse).

(l) Section 2.4 Termination of Coverage and Conversion Privileges. The conversion contract set forth in Section 2.4(c) may be a contract that is regularly offered by the local Blue Cross and/or Blue Shield Plan.

(m) Section 2.5 Subrogation. The following subsections are added:

(c) To the extent that a Member has received benefits for covered services under this contract for an injury or illness caused by a third party, the Carrier shall have the right to be subrogated and succeed to any rights of recovery against any person or organization from whom the Member is legally entitled to receive all or part of those same benefits, including insurers of individuals (non-group) policies of liability insurance that are issued to and in the name of the Member. The obligation of the Carrier to recover amounts through subrogation is limited to making a reasonable effort to seek recovery of amounts to which it is entitled to recover in cases which are brought to its attention. The Carrier shall not be required to recover any amounts from any person or organization who causes an injury or illness for which the Member makes claims for benefits.

(d) The Carrier may also recover directly from the Member all amounts received by the Member by suit, settlement, or otherwise from any third party or its insurer, or the Member's insurer under an individual policy or liability insurance, for benefits which have also been paid under this contract.

(e) The Member shall take such action, furnish such information and assistance, and execute such papers as the Carrier or its representative believes are necessary to facilitate enforcement of its rights, and shall take no action which would prejudice the interests of the Carrier to subrogation.

(f) Effective January 1, 1997, all Participating Plans shall subrogate under a single, nation-wide policy to ensure equitable and consistent treatment for all Members under the contract.

(n) Section 2.6 Coordination of Benefits (FEHBAR). The following subsections are added:

(g) The benefits payable by this Plan shall be determined, on a claim by claim basis, only for those claims in excess of $100, except where Medicare is the primary payer of benefits, claims in excess of $50.

(h) Whenever payments which should have been made under this contract in accordance with this provision have been made under any other group health coverage, the Carrier shall have the right, exercisable alone and in its sole discretion, to pay over to any organizations making such other payments any amount it shall determine to be warranted in order to satisfy the intent of this provision, and amounts so paid shall be deemed to be benefits paid under this contract and, to the extent of such payments discharged from liability under the contract.

(o) Section 3.1 Payments (FEHBAR). The following sentence is added to the end of Section 3.1(a):

OPM will withhold from the subscription charges amounts for other obligations due under the contract only to the extent that OPM and the Carrier have agreed in writing to specific deductions for such other obligations.

(p) Section 3.1 Payments (FEHBAR). The following subsection is added:

(g) Except as required pursuant to Sections 1.25 and 2.12, in the event this contract is terminated or not renewed, the agency shall be liable for all sums due and unpaid, including subscription charges, for the period up to the last day of the Member's entitlement to benefits.

(q) Section 3.2 Accounting and Allowable Cost (FEHBAR). Section 3.2(b)(2)(ii) of this contract is amended to comply with 5 U.S.C. 8909(f) as follows:

(1) No tax, fee, or other monetary payment may be imposed, directly or indirectly, on a Carrier or an underwriting or plan administration subcontractor of an approved health benefits plan by any State, the District of Columbia, or the Commonwealth of Puerto Rico, or by any political subdivision or other governmental authority thereof, with respect to any payment made from the Fund.

(2) Paragraph (1) shall not be construed to exempt any Carrier or subcontractor of an approved health benefits plan from the imposition, payment, or collection of a tax, fee, or other monetary payment on the net income or profit accruing to or realized by such Carrier or underwriting or plan administration subcontractor from business conducted under this Chapter, if that tax, fee, or payment is applicable to a broad range of business activity.

(r) Section 3.2 Accounting and Allowable Cost (FEHBAR). The provision in Section 3.2 (b)(2)(iv)(A) is supplemented as follows:

Charges for mandatory statutory reserves (Section 3.2(b)(2)(iv)(A)) to satisfy mandatory

statutory reserve requirements of Participating Plans are allowable to the extent that such requirements exceed that portion of the service charge at Appendix B, Subscription Rates, Charges, Allowances and Limitations applicable to such Plans.

(s) Section 3.2 Accounting and Allowable Cost (FEHBAR). This section is modified as follows:

The Carrier, as required by the Blue Cross and Blue Shield Service Benefit Plan Workplan, shall furnish OPM an accounting of its operations under the contract not less than 120 days after the end of the calendar year contract period.

(t) Section 3.3 Special Reserve. The provision in Section 3.3(a) is supplemented as follows:

The Special reserve held by or on behalf of the Carrier is to be used only for payment of charges against this contract, including advance payments to Participating Plans and to hospitals.

(u) Section 3.10, Audit, Financial, and Other Information. Compliance by the Carrier and Participating Blue Cross and Blue Shield Plans with the Blue Cross Blue Shield Service Benefit Plan Workplan, as agreed upon between the Carrier and OPM, will constitute compliance with the Audit Guide referred to in Sections 3.2 and 3.10.

SECTION 4.2
HOSPITAL (FACILITY) BENEFIT PAYMENTS AND CONDITIONS (JAN 1991)

(a) Benefits described in the agreed upon brochure text shall be provided to the extent practicable in the form of services rendered by hospitals, freestanding ambulatory facilities, and home health care agencies, and payment, therefore, by or on behalf of the carrier shall constitute a complete discharge of their obligations under this contract to the extent of services rendered in accordance with the terms and conditions of the contract.

(b) Benefits for inpatient hospital care shall be available only to a Member admitted to the hospital on the recommendation, and while under the active medical supervision of a duly licensed physician or alternative provider as described in section 8902(k)(1) of title 5 U.S.C. who is a member of the staff of, or acceptable to, the hospital selected.

(c) Hospital service is subject to all the rules and regulations of the hospital selected including rules governing admissions.

(d) While a Member may elect to be hospitalized in any hospital, the Carrier does not undertake to guarantee the admission of such Member to the hospital, nor the availability of any accommodations or services therein requested by the Member or his physician.

SECTION 4.3
DEFINITION OF CARRIER (JAN 1991)

The Carrier is the Blue Cross and Blue Shield Association, an Illinois not-for-profit corporation, acting on behalf of participating Blue Cross and Blue Shield Plans and

pursuant to authority specified in Exhibit A for and in behalf of the organizations specified in Exhibit A (hereinafter sometimes referred to as "Participating Plans").

SECTION 4.4
AUDIT DISPUTES (JAN 2000)

(a) Any questioned costs or issues documented by or on behalf of OPM's Office of the Inspector General (OIG) in draft or final audit reports examining the Carrier's and Participating Plans' performance under this contract, that are provided to the Carrier and that were initially raised in the timeframe set forth in subsection (c) below, remain open until resolved. Audit issues related to monetary findings for which extensions of the waiver period for the issuance of final decisions and processing of prior period adjustments were obtained in previous contract terms also remain open until resolved.

(b) Resolution of a questioned cost or issue can be the result of a resolution letter or the issuance of a final decision by the Contracting Officer, or by the processing of a prior period adjustment, an adjustment to the Special reserve, or submission of a claim to OPM (as appropriate) by the Carrier or Participating Plan. A prior period adjustment intended to partially or fully resolve an audit finding will not be considered closed until properly reported on the calendar year Annual Accounting Statement.

(c) A claim seeking, as a matter of right, the payment of money, in a sum certain, pursuant to 48 CFR section 52.233-1, shall not be made more than five years following the last day prescribed by the contract for filing the calendar year Annual Accounting Statement for the year with respect to which the claim arises. A claim includes, in the case of the carrier, a charge against the contract.

SECTION 4.5
ASSOCIATION DUES (JAN 2004)

A Participating local Blue Cross and Blue Shield Plan may charge to this contract Association Dues, with the exception of dues related to those lobbying costs and Special Assessments determined to be unallowable. In calculating the unallowable portion of dues related to lobbying costs for a contract year, the Blue Cross and Blue Shield Plan will rely on the percentage of dues, less any special assessments, as determined by the BCBSA for IRS purposes, to be not tax deductible from the previous contract year.

SECTION 4.6
TRAVEL COSTS (JAN 1996)

The Carrier may charge and account for travel expenses related to administration of the contract on a per diem basis, subject to the maximums prescribed by the Federal Travel Regulations. For those travel costs for each contract term that are subject to the Federal per diem rates set forth at 48 CFR section 31.205-46, the Carrier shall charge to the contract an amount equal to the lesser of:

(i) the actual aggregate charges for those costs, or
(ii) the aggregate charges calculated using the per diem rates set forth in the Federal Travel Regulations.

SECTION 4.7
MARKET RESEARCH COSTS (JAN 1996)

(a) Costs of market research surveys or studies are generally allowable if the survey or study is:

1. directed to current Members and Members who left the Blue Cross and Blue Shield Service Benefit Plan in the most recent Open season, or
2. focused on long-range planning, industry state-of-the-art developments, or product development issues for which a direct benefit or potential benefit to the FEHB Program can be identified, or
3. pre-approved by the Contracting Officer.

(b) Costs of market research surveys or studies are generally not allowable if the primary purpose is to survey or study an otherwise unallowable cost item, such as: to determine the effectiveness of advertising or sales strategies; to evaluate image effectiveness or ways to achieve image enhancement; or to perform a competitive analysis with other carriers in the FEHB Program. Such costs are unallowable, regardless of who receives the research surveys or studies.

(c) This provision does not supersede other contract requirements, such as prior approval for subcontracts under Section 1.16 Subcontracts (FEHBAR 1652.244-70).

SECTION 4.8
PRESCRIPTION DRUG BENEFITS WAIVER PROVISIONS (JAN 2009)

(a) For the purposes of applying the special provisions in this section, the Standard Option Mail Service Prescription Drug Program service standards are:

(1) When a prescription order is placed that does not require additional information or clarification (i.e., a clean or non-diverted prescription), the prescription order shall be dispensed within three business days from the date of receipt so the enrollee may expect to receive the medication within 7 calendar days.

(2) When a prescription order is placed that does require additional information, clarification or resolution of payment issues (i.e., a diverted prescription), the prescription order shall be dispensed within seven business days from the date of receipt so the enrollee may expect to receive the medication within 14 calendar days. However the following situations will not be considered a diverted prescription for the purposes of this section:

(i) Prescriptions for refrigerated products that require prior arrangements between the mail order pharmacy and a Member before the Member can receive the Prescription;

(ii) Prescriptions requiring specific counseling obligations imposed by the pharmaceutical manufacturer, distributor or the FDA;

(iii) Prescriptions requiring "registration" with a pharmaceutical manufacturer.

(b) The special provisions described in paragraphs (c)(1), (2), and (3) shall become effective automatically when less than 98 percent of the prescriptions are filled within the

service standards described in either paragraph (a)(1) or (a)(2) for 7 consecutive business days. The special provisions shall terminate when for 7 consecutive business days 98 percent or more of the prescriptions are filled within the service standards described in paragraphs (a)(1) and (a)(2) of this section.

(c) The special provisions are:

(1) The Carrier shall waive during the effective periods in paragraph (b) the coinsurance for a 21 day prescription filled at a Preferred retail pharmacy when the Mail Service Prescription Drug Program vendor is unable to fill the prescription within the service standards. This waiver of the coinsurance shall be in effect for 14 calendar days after notice to the enrollee as described in paragraph (c)(2) below.

(2) The Carrier shall deliver to the enrollee a written or telephone notice no later than 5 days from the date of receipt for clean or non-diverted prescriptions and no later than 12 days from the date of receipt for diverted prescriptions.

This notice shall:

(i) advise the enrollee that the Mail Service Prescription Drug Program may not be able to fill the prescription(s) within the service standard timeframes;

(ii) advise the enrollee that any applicable coinsurance will be waived for a 21 day supply of the medication(s) when filled at a Preferred retail pharmacy;

(iii) provide the enrollee with instructions on how to use the waiver, and

(iv) advise the enrollee when the waiver will expire.

(3) The Carrier may use next day delivery service at no additional cost to the enrollee in order to meet the service standards in (a)(1) and (a)(2).

SECTION 4.9
SMALL BUSINESS SUBCONTRACTING PLAN (JAN 2002) (FAR 52.219-9) (AS AMENDED)

An amended clause 52.219-9, Small Business Subcontracting Plan, is attached to Appendix E.

SECTION 4.10
LETTER OF CREDIT (JAN 1997)

As of January 1, 1997, OPM will administer Letter of Credit drawdowns directly with the local Plans.

SECTION 4.11
PILOTING OF COST CONTAINMENT PROGRAMS (JAN 2001)

Upon approval by the Contracting Officer, the Carrier may design and implement pilot programs in one or more local Plan areas that test the feasibility and examine the impact of various managed care initiatives. The Carrier shall brief the Contracting Officer on a pilot program prior to its implementation, advise the Contracting Officer of the progress of the pilot program and provide a written evaluation at the conclusion of the pilot program. The evaluation of the pilot program shall, at a minimum, assess the cost effectiveness, effect on quality of care and/or quality of life, and customer satisfaction, and recommend whether the pilot program should be continued or expanded.

SECTION 4.12
TRANSITION COSTS FOR PLAN TERMINATIONS (JAN 1999)

In the event a Participating Plan's license to use the Blue Cross and/or Blue Shield service marks is terminated, thereby rendering it ineligible to participate in this Contract, the costs of transitioning the terminated Plan's Service Benefit Plan subscribers to a successor Plan shall be subject to advance approval. The Carrier shall submit to OPM a proposed transition plan, together with a detailed estimate of costs, prior to the incurrence of any significant transition costs. OPM and the Carrier shall negotiate an advance agreement pursuant to FAR 31.109 that covers the extent of allowable transition costs.

SECTION 4.13
PAYMENT BY ELECTRONIC FUNDS TRANSFER-CENTRAL CONTRACTOR REGISTRATION (MAY 1999) (FAR 52.232-33)

The references to the Central Contractor Registration in FAR 52.232-33 are not applicable to this contract.

SECTION 4.14
FEDERAL INCOME TAX RELATED TO HEALTH INSURANCE PROVIDERS' FEE (JANUARY 2015)

(a) Notwithstanding FAR 31.205-41(b)(1) and this Contract Section 3.2(b)(1)(ii), a charge for an incremental amount of Federal income tax liability incurred as the result of compliance with the Health Insurance Providers Fee (HIP Fee) provision of the Affordable Care Act section 9010 (hereafter referred to as the "HIP Tax Cost") by a participating local plan (Local Plan) that administers the Service Benefit Plan on behalf of the Blue Cross and Blue Shield Association (Carrier), and that is a covered entity within the meaning of 26 CFR Part 57, is an allowable cost to the Carrier under this contract under the criteria set forth below.

(1) The allowable cost to the Carrier for a year is the sum of the HIP Tax Cost for each Local Plan. The HIP Tax Cost for each Local Plan equals:
the amount reimbursed by OPM to the Carrier for the HIP Fee attributable to the Local Plan (Local Plan HIP Fee) for the year, divided by one minus the tax rate for the Local Plan specified under section (2) below, (Local Plan Tax Rate), less the Local Plan HIP Fee. In mathematical terms, the allowable charge to the Carrier for the HIP Tax Cost is the sum of each Local Plan's application of the formula below:

$$\left[\frac{\text{Local Plan HIP Fee}}{1 - \text{Local Plan Tax Rate}}\right] - \text{Local Plan HIP Fee}$$

(2) The Local Plan Tax Rate for purposes of the formula specified in section (1) is the lowest of the following:
(a) the rate specified at 26 USC §11 (b) (1) (D),

(b) the rate specified at 26 USC § 55(b)(1)(B)(i), for any year in which the Local Plan is entitled to the special deduction under 26 USC § 833(a)(2), or
(c) zero, for any year in which the Local Plan experiences a Net Operating Loss or other circumstance resulting in no tax liability. For a year in which the Local Plan experiences a Net Operating Loss resulting in no tax liability, the Carrier will charge the HIP Tax Cost attributable to the Local Plan in the first subsequent year in which the Local Plan's tax liability is greater than zero. The Local Plan will calculate the HIP Tax Cost in this circumstance by applying the formula using the HIP Fee for the year of the loss and the Local Plan Tax Rate for the year in which the tax liability is greater than zero. This charge by the Carrier is in addition to the charge allowed by the Carrier for the Local Plan Tax Cost for the year in which the tax liability is greater than zero.

(d) If the Local Plan Tax Rate reflected on the Local Plan's tax return actually filed for the contract year (which normally occurs the following year) differs from the Local Plan Tax Rate that was anticipated when the costs were drawn down by the Carrier for the contract year as allowable administrative expenses, the Carrier will make a commensurate adjustment to its current year drawdown of administrative expenses.

(b) The Contracting Officer or an authorized representative of the Contracting Officer shall have the right to examine and audit all books and records, including tax filings, relating to the calculation of the HIP Tax Cost charge for each Local Plan.

Part IV - Attachment I
SECTION 4.14
FEDERAL INCOME TAX RELATED TO HEALTH INSURER'S PROVIDER FEE

Examples of Allowable 9010 Tax Cost:

C is an experience rated FEHB carrier consisting of participating Local Plans F and G who underwrite and administer C in different geographic areas.

In 2015, F reports $900 on IRS Form 8963 and pays $500 pursuant to methods described at 26 CFR Part 57, in satisfaction of its Affordable Care Act section 9010 Health Insurance Provider Fee (HIP Fee) expense with respect to calendar year 2014 health risks. Of the $500 HIP Fee, F's Form 8963 reflects that $300 is attributable to F's FEHBP business.

Also in 2015, G reports $950 on IRS Form 8963 and pays $550 pursuant to methods described at 26 CFR Part 57, in satisfaction of its Affordable Care Act section 9010 Health Insurance Provider Fee (HIP Fee) expense with respect to calendar year 2014 health risks. Of the $550 HIP Fee, G's Form 8963 reflects that $325 is attributable to G's FEHBP business.

In 2015, C draws down a 2015 HIP Fee Reimbursement of its FEHBP HIP Fee expense for 2014 health risks, which is calculated as the sum of F and G's HIP Fee, or $300 +325 = $725, which is an allowable cost, from its FEHB letter of credit account (LOCA). C reimburses F for its HIP Fee of 300 and G for its HIP Fee of 325.

F records income of $300 for the reimbursement of the allowable HIP fee and does not have any associated income tax deduction increasing taxable income by $300. F records 2015 income tax expense as an accrued expense as required under Generally Accepted Accounting Principles (GAAP) or Statements of Statutory Accounting Principles (SSAP). In addition, F pays quarterly payments to the IRS for its' 2015 tax liability. F's 2015 tax rate is 35 percent.

G records income of $325 for the reimbursement of the allowable HIP fee and does not have any associated income tax deduction increasing taxable income by $325. G records 2015 income tax expense as an accrued expense as required under Generally Accepted Accounting Principles (GAAP) or Statements of Statutory Accounting Principles (SSAP). In addition, G pays quarterly payments to the IRS for its' 2015 tax liability. Because G claims a special deduction under 26 USC § 833(a)(2), G's 2015 tax rate is 20 percent.

In 2015, C also draws down from its LOCA a 2015 HIP Tax Cost reimbursement for the 2015 income tax expense accrued and paid by F & G in 2015. C's 2015 HIP Tax cost reimbursement is calculated as follows:

Local Plan F HIP Tax Cost: ($300/1-.35)-$300 = $162
Local Plan G HIP Tax Cost: ($325/1-.20)-$325 = $81
Sum which is C's allowable HIP Tax Cost for 2015 = $243

In 2016, F & G report the same HIP Fee expense for 2015 health risks.

In 2016, F experiences the same tax rate as for 2015, but G incurs a net operating loss, resulting in a zero percent tax rate for 2016.

In 2016, C draws down a 2016 HIP Fee Reimbursement of its FEHBP HIP Fee expense for 2015 health risks of 300 + 325 = $725, which is an allowable cost, from C's FEHB letter of credit account (LOCA). C reimburses F for 300 and G for 325.

In 2016, F proceeds as in 2015 and C may charge 162 as an allowable HIP Tax Cost attributable to F in 2016.

In 2016 G records income of $325 for the reimbursement of the allowable HIP fee and does not have any associated income tax deduction increasing taxable income by $325. Because G determines that its 2016 tax liability will be zero as it will have a Net Operating Loss for 2016, C does not incur an allowable 2016 HIP Tax Cost attributable to G. C must refund any such amounts drawn down during 2016.

Local Plan F HIP Tax Cost for 2016 = 162
Local Plan G HIP Tax Cost for 2016 = 0
Reimbursement attributable to G = adjustment for amounts drawn down by C, if any
Sum = C's allowable HIP Tax Cost for 2016 = 162 less adjustment.

In 2017, F proceeds as in 2015. C's allowable 2017 HIP Tax Cost includes $162 attributable to F. In 2017, G has an operating gain and reports the same HIP Fee amount and experiences the same 20% tax rate as in 2015. C's allowable 2017 HIP Tax Cost includes $81 attributable to G.

In addition, in 2017, because G's operating gain results in a tax rate higher than zero, G incurs economic disadvantage. This is because the 2016 HIP Fee reimbursement of $325 has reduced G's otherwise applicable Net Operating Loss carry-forward amount. G calculates the economic disadvantage as the difference between its 2017 tax liability with and without the 2016 HIP Fee reimbursement. This disadvantage is included in the Carrier's 2017 charge as an allowable HIP Tax Cost with respect to 2016. This is calculated as $325 (2016 HIP Fee) divided by 1-20% (application of 2017 Local Plan Tax Rate), less $325.]

Local Plan F HIP Tax Cost for 2017 = 162
Local Plan G HIP Tax Cost for 2017 = 81
Local Plan G HIP Tax Cost for 2017 due to 2016 HIP Fee reimbursement = apply formula using 2016 Fee Reimbursement amount and 2017 tax rate of 20% =81
Sum = C's allowable HIP Tax Cost for 2017 = 162 + 81 + 81 = $324

APPENDIX A

2020

FEP Brochures Text

For a copy of the 2020 FEP brochures, please go to www.fepblue.org.

APPENDIX B

SUBSCRIPTION RATES, CHARGES, ALLOWANCES AND LIMITATIONS

Fee-For-Service Carrier

Blue Cross and Blue Shield Service Benefit Plan
CONTRACT NO. CS 1039
Effective January 1, 2020

(a) Biweekly net-to-Carrier rates, with appropriate adjustments for Enrollees paid on other than a biweekly basis, are as follows:

Basic Option:	$292.10 Self, $656.47 Self Plus One, and $709.32 Self and Family
Standard Option:	$339.12 Self, $741.61 Self Plus One, and $801.16 Self and Family
FEP Blue Focus:	$204.40 Self, $439.44 Self Plus One, and $483.37 Self and Family

(b) The amount of administrative expenses and charges to be included in the Annual Accounting Statement required by Section 3.2 shall be as set out in the schedule below:

Item	Amount
(i) Administrative Expenses	Actual, but not to exceed the Contractual Expense Limitation for 2020,* plus an amount sufficient to cover the costs needed to pay the Plan's Independent Public Accountant to undertake the audits and agreed upon procedures required in the "FEHBP Experienced-Rated Carrier and Service Organization Audit Guide."
(ii) Taxes	Actual (except that premium taxes as defined are not allowable).
(iii) Service Charge**	REDACTED

*The Contractual Expense Limitation for 2020 is REDACTED Notwithstanding Section 3.2(b) of this Contract, costs of "activities that improve healthcare quality" as determined in accordance with the medical loss ratio provision of the Affordable Care Act (Section 2718 of the

Public Health Service act; 42 U.S.C. 300gg-18 and its implementing regulations), are accounted for as benefits and not counted toward the Contractual Expense Limit.

** The Service Charge for the 2020 contract year is based on the Overall Performance Score calculated in accordance with the 2019 Appendix F. The Service Charge for the 2021 contract year will be based on the Overall Performance Score calculated in accordance with the 2020 Appendix F.

APPENDIX F

Measures and contributions to performance areas and scores for 2020 Performance and 2021 Service Charge

To be performed in accordance with the 2020 FEHB Plan Performance Assessment Procedure Manual and the FEHB Plan Performance Assessment – Consolidated Methodology Carrier Letter (CL 2017-15). The Service Charge for the 2021 contract year will be based on the Overall Performance Score calculated in accordance with this Appendix F.

1. Performance Area Contributions to Overall Performance Score (OPS)

Performance Area	**Contribution to Overall Performance Score**
Clinical Quality, Customer Service, and Resource Use	65%
Contract Oversight	35%

2. Clinical Quality, Customer Service, and Resource Use (QCR) Performance Area Measures

Performance Area	**Measure**	**Priority Level**	**Measure Weight**
Clinical Quality	Controlling High Blood Pressure	1	2.50
	Prenatal Care (Timeliness)	1	2.50
	Comprehensive Diabetes Care HbA1C <8%	1	2.50

2021

AMENDMENT TO CONTRACT CS 1039

CONTRACT NO: 1039
EFFECTIVE: January 1, 1960

AMENDMENT NO. 2021A
EFFECTIVE: January 1, 2021

BETWEEN: THE UNITED STATES OFFICE OF PERSONNEL MANAGEMENT
hereafter called the OPM, the Agency, or the Government

Address: 1900 E Street, NW
Washington, DC 20415-3610

AND

CONTRACTOR: Blue Cross and Blue Shield Association
hereafter also called the Carrier

Address: 1310 G. Street, NW
Washington, DC 20005

In consideration of payment by the Agency of subscription charges set forth in Appendix B, the Carrier agrees to perform all of the services set forth in this contract, including Appendix A.

FOR THE CARRIER	FOR THE GOVERNMENT

Date Signed	*Date Signed*

1. **Section 1.7 Statistics and Specials Studies**

We added part (e) to this section to ensure Carriers notify OPM should they receive a Third-Party request about FEHB program data that is not related to the administration of the contract.

SECTION 1.7 STATISTICS AND SPECIAL STUDIES (JAN 2021)

(a) The Carrier shall maintain or cause to be maintained statistical records of its operations under the contract and shall furnish OPM, in the form prescribed by the Contracting Officer, the statistical reports reasonably necessary for the OPM to carry out its functions under Chapter 89 of title 5, United States Code.

(b) The Carrier shall furnish such other reasonable statistical data and reports of special studies as the Contracting Officer may from time to time request for the purpose of carrying out its functions under Chapter 89 of title 5, United States Code.

(c) The Carrier shall furnish the routine reports in the required number of copies in a format to be determined by the Contracting Officer as instructed by OPM.

(d) The Carrier shall notify the OPM Health Insurance Specialist (Contracts) immediately upon a change in the name or address of the Carrier's contracting official(s).

(e) The Carrier shall notify the OPM Health Insurance Specialist within 3 business days from the date of request if a third party requests FEHB program data for any purpose not related to administration of the contract.

2. **Section 1.9 Plan Performance – Experience-Rated FFS Contract**

We clarified the language for the Contract Quality Assurance metrics. The metrics themselves have not been modified.

SECTION 1.9 PLAN PERFORMANCE—EXPERIENCE-RATED FFS CONTRACTS (2021)

* * * * *

(d) Accreditation. To demonstrate its commitment to providing quality health care, the Carrier shall continue to pursue and maintain accreditation according to the steps and timeframes outlined by OPM. The Carrier shall submit accreditation changes and updates to its OPM Health Insurance Specialist (Contracts).

(e) Consumer Assessments of Healthcare Providers and Systems (CAHPS). In addition to any other means of surveying Plan members that the Carrier may develop, the Carrier shall participate in the Consumer Assessments of Healthcare Providers and Systems (CAHPS) 5.0 Survey to provide feedback to Enrollees on Enrollee experience with the various FEHBP plans. The Carrier shall take into account the published results of the survey, or other results as directed by OPM, in identifying areas for improvement as part of the Carrier's quality assurance program. Payment of survey charges will be in accordance with Section 3.11.

(f) Contract Quality Assurance. The Carrier shall develop and apply a quality assurance program specifying procedures for assuring contract quality over the contract period. The Carrier shall meet the required standards provided in this section. No later than July 1 of the

subsequent year, the Carrier shall submit to OPM an annual report of metrics on each specification provided in this section, using data for the contract period.

(1) *Claims Processing Accuracy*
SPECIFICATION: the number of FEHB claims processed accurately divided by the total number of FEHB claims processed.
REQUIRED STANDARD: The Carrier shall accurately process at least 95 percent of FEHB claims.
(2) *Claims Coding Accuracy*
SPECIFICATION: the number of FEHB claims coded accurately divided by the total number of FEHB claims.
REQUIRED STANDARD: The Carrier shall accurately code at least 98 percent of FEHB claims.
(3) *Recovery of Erroneous Payments*
SPECIFICATION: the average number of working days it takes for the Carrier to begin collection action against an FEHB provider or member following identification of an erroneous payment, including overpayments.
REQUIRED STANDARD: The Carrier shall average no more than 30 working days from the date it identifies an FEHB erroneous payment to the date it begins the collection action.
(4) *Claims Timeliness*
SPECIFICATION: the number of FEHB claims adjudicated (paid, denied, or a request for further information is sent out) within 30 working days from the date the Carrier received the claim, divided by the total number of FEHB claims received.
REQUIRED STANDARD: The Carrier shall adjudicate at least 95 percent of claims within 30 working days.
(5)*Processing ID cards on change of plan or option –*
SPECIFICATION: the number of calendar days from the date the Carrier receives the enrollment from the Enrollee's agency, Tribal Employer, or retirement system to the date it issues the ID card.
REQUIRED STANDARD: The Carrier shall issue all ID cards within 15 calendar days after receiving the enrollment from the Enrollee's agency, Tribal Employer, or retirement system except that the Carrier shall issue ID cards resulting from an open season election within 15 calendar days or by December 15, whichever is later.
(6) *Member Inquiries*
SPECIFICATION: the number of written inquiries responded to within 15 working days divided by the total number of written inquiries received.
REQUIRED STANDARD: The Carrier shall respond to at least 90 percent of inquiries within 15 working days.
(7) *Written Inquiries Accuracy*
SPECIFICATION: the number of FEHB written inquiries answered accurately divided by the total number of FEHB written inquiries received.
REQUIRED STANDARD: the Carrier shall accurately answer at least 97 percent of FEHB written inquiries.
(8) *Telephone Inquiries Accuracy*
SPECIFICATION: the number of FEHB telephone inquiries answered accurately divided by the total number of FEHB telephone inquiries received.

REQUIRED STANDARD: The Carrier shall accurately answer at least 97 percent of FEHB telephone inquiries.

(9) *Internet Inquiries Accuracy*
SPECIFICATION: the number of FEHB Internet inquiries answered accurately divided by the total number of FEHB Internet inquiries received.
REQUIRED STANDARD: The Carrier shall accurately answer at least 97 percent of FEHB Internet inquiries.
(10) *Telephone Access* - the Carrier shall report on the following statistics concerning telephone access to the member services department (or its equivalent) for the given time period. Except that, if the Carrier does not have a computerized phone system, report results of periodic surveys on telephone access.

(i) Call Answer Timeliness
SPECIFICATION: the percentage of calls answered by a live voice (during operating hours).
REQUIRED STANDARD: The Carrier shall answer 80% of telephone calls by a live voice (during operating hours) within 30 seconds.

(ii) Telephone Blockage Rate
SPECIFICATION: the number of calls receiving a busy signal when calling the Carrier, divided by the total number of calls received.
REQUIRED STANDARD: The Carrier shall ensure that no more than 5 percent of calls receive a busy signal.

(iii) Telephone Abandonment Rate
SPECIFICATION: the number of calls attempted but not connected to a live voice, divided by the total number of calls attempted.
REQUIRED STANDARD: The Carrier shall ensure that no more than 5 percent of calls are abandoned before connection to a live voice.

(*iv*) *Initial Call Resolution*
SPECIFICATION: the number of initial calls that result in a resolution of the issue, divided by the total number of initial calls for an issue.
REQUIRED STANDARD: The Carrier shall resolve the issue during the initial call at least 80 percent of the time.
(11) *Responsiveness to FEHB Member Requests for Reconsideration*
SPECIFICATION: the number of times the Carrier responds (affirms the denial in writing to the FEHB member, pays the claim, provides or authorizes coverage of the service, or requests additional information reasonably necessary to make a determination) within 30 days to a request for reconsideration of a disputed claim, divided by the total number of requests for reconsideration of disputed claims received.
REQUIRED STANDARD: The Carrier shall respond to 100 percent of written FEHB disputed claim requests within 30 days after receipt by the Carrier.

* * * * *

3. <u>Section 1.26 Standards for Arrangements with Pharmacy Benefit Managers</u>

We amended this section to provide clarity on existing guidance, add terminology and definitions on "Pass-through transparent pricing," and to remove redundancies. We added performance standards on specialty pharmacy shipping. We added a requirement that PBMs

and certain PBM subcontractors must establish a system for detecting and eliminating Fraud Waste and Abuse.

SECTION 1.26 STANDARDS FOR ARRANGEMENTS WITH PHARMACY BENEFIT MANAGERS (JAN 2021)

The Carrier will ensure and report that the following standards are included in new, renewing or amended contracts with Pharmacy Benefit Managers (PBMs) providing services to Enrollees and family members effective on or after January 1, 2022. Notwithstanding the foregoing, the revisions to Section 1.26 shall not take effect before the expiration of the Carrier's current contract (including the exercise of an existing option to extend the term by not more than one year at a time) but not later than January 2024. The PBM includes all entities that have a majority ownership interest in or majority control over the PBM. The PBM also includes any other subsidiary of the entity that has majority ownership or control over the PBM.

All PBMs must adhere to the provisions of this Section 1.26.

If the Carrier's PBM arrangement is with an Underwriter rather than with the Carrier, then all references to the Carrier and Plan appearing in this Section 1.26 shall be deemed to be references to the Underwriter.

(a) Definitions. Under this section

(1) "Expedited request" means a request initiated by the Prescriber, member, or member's representative when the time limit for standard utilization management review for the prescribed medication could seriously jeopardize the patient's life, health, or ability to regain maximum function.

(2) "Licensed pharmacist" means an individual currently licensed by the appropriate jurisdiction to engage in the practice of pharmacy consistent with that jurisdiction's laws and regulations.

(3) "Manufacturer payment" means any and all compensation, financial benefits, or remuneration the PBM or any Third Party receives from a pharmaceutical manufacturer for any dispensing or distribution channel, including but not limited to, discounts, credits, rebates (regardless of how categorized), market share incentives, chargebacks, commissions, administrative or management fees, patient assistance and any fees received for sales of utilization data to a pharmaceutical manufacturer.

(4) "Network pharmacy," means any retail, mail order, specialty, or licensed pharmacy provider that contracts with the PBM.

(5) "Pass-Through Transparent Pricing" means drug pricing in which the Carrier receives the full value of all discounts, rebates, credits or other financial guarantees or adjustments including any true up or reconciliation.

(6) "Pharmacy Benefit Manager" or "PBM" means the combination of

(i) a business or other entity that, pursuant to a contract with the Carrier, either directly or through an intermediary, manages the prescription drug benefit provided by the Carrier including, but not limited to, the processing and payment of claims for prescription drugs, the performance of drug utilization review, the processing of drug prior authorization requests, the adjudication of appeals or grievances related to prescription drug coverage, contracting with network pharmacies, and controlling the cost of covered prescription drugs; and

(ii) all entities that have a majority ownership interest in, or majority control over, the business or other entity that is in contract with the Carrier referenced in (i).

(7) "Prescriber" means any licensed, certified or otherwise legally authorized health care professional authorized by law to prescribe a prescription drug.

(8) "Third Party" means any consultant, partner, administrator, intermediary or other entity outside the scope of the relationships between or among the PBM and the FEHB enrollee, Carrier, and/or OPM. It does not include wholesalers, distributors, or pharmacies.

(9) "Total Product Revenue" means the total dollar sales of prescription drugs at the prescription price negotiated with clients and associated administrative fees, either through retail Networks or PBM-owned or controlled mail order pharmacies, with respect to the PBM's entire client base, for the reporting period.

(b) Transparency Standards

(1) The PBM shall not be majority-owned or majority-controlled by a pharmaceutical manufacturing company. The PBM must disclose to the Carrier and OPM the name of any entity that has a majority ownership interest in or majority control over the PBM.

(2) The PBM shall agree to provide Pass-Through Transparent Pricing as defined above for the following categories:

(i) Retail Pharmacies: The PBM shall charge the Carrier no more than the amount as determined by Pass-Through Transparent Pricing paid to the pharmacy for each drug plus a dispensing fee.

(ii) Mail Order or Specialty Pharmacies not owned or affiliated with the PBM: The PBM shall charge the Carrier no more than the amount as determined by Pass-Through Transparent Pricing paid to the pharmacy for each drug plus a dispensing fee.

(iii) Mail Order or Specialty Pharmacies owned or affiliated with the PBM: The PBM shall charge the Carrier the cost of the drugs based on the pharmacy's actual acquisition cost, plus a dispensing fee. Costs shall not be based on industry benchmarks or set pricing including, but not limited to, Average Acquisition Cost (AAC), Maximum Allowable Charge (MAC), Average Wholesale Price (AWP), and Wholesale Acquisition Cost (WAC).

(iv) The PBM must commit to minimum annual aggregate pharmacy claim discount guarantees, based on Average Wholesale Price (AWP) or other recognized industry benchmark, and maximum annual aggregate dispensing fee guarantees. PBM must reconcile Carrier claim costs to these guarantees no less frequently than annually. PBM must pay to the Carrier any shortfall in meeting these pricing guarantees, with the Carrier receiving any payment for under-performance of the pricing guarantees to credit its' FEHB Program reserves.

(3) The PBM or any other Third Party that negotiates or collects Manufacturer Payments allocable to the Carrier agrees to credit to the Carrier either as a price reduction or by cash refund the value of all Manufacturer Payments properly allocable to the Carrier.

(4) The PBM must identify sources of profit to the Carrier and OPM as it relates to the FEHB contract.

(5) All of the PBM's fees, including, but not limited to, administrative or dispensing fees, must be clearly identified to retail claims, mail claims, specialty claims, and clinical or other programs, if applicable. The PBM must agree to disclose each fee to the Carrier and OPM.

(6) The PBM, or any Third Party that negotiates or collects Manufacturer Payments allocable to the Plan, will provide the Carrier with quarterly and annual Manufacturer

Payment Reports identifying the following information. This information shall be presented for both the total of all prescription drugs dispensed through the PBM, acting as a specialty and/or a mail order pharmacy, and its retail Network and in the aggregate for the 25 brand name drugs that represent the greatest cost to the Carrier or such number of brand name drugs that together represent 75 percent of the total cost to the Carrier, whichever is the greater number:

(i) the dollar amount of Total Product Revenue;
(ii) the dollar amount of total drug expenditures for the Plan;
(iii)the dollar amount of all Manufacturer Payments earned by the PBM for the reporting period;
(iv)the Manufacturer Payments that have been (1) earned but not billed (2) billed and (3) paid to the PBM based on the drugs dispensed to the Plan members during the past year.
(v) the percentage of all Manufacturer Payments earned by the PBM for the reporting
period that were Manufacturer Formulary Payments, which are payments the PBM receives from a manufacturer in return for formulary placement and/or access, or payments that are characterized as "formulary" or "base" rebates or payments pursuant to the PBM's agreements with pharmaceutical manufacturers;
(vi) the percentage of all Manufacturer Payments received by the PBM during the reporting period that were Manufacturer Additional Payments, which are all Manufacturer Payments other than Manufacturer Formulary Payments.

(7) The PBM agrees to provide the Carrier, at least annually, with all financial and utilization information requested by the Carrier relating to the provision of benefits to eligible enrollees through the PBM and all financial and utilization information relating to services provided to the Carrier, including but not limited to, a reasonable sample of retail pharmacy remittance advices, as selected by the Carrier.

(8) The Carrier shall provide any information it receives from the PBM, including a copy of its contract with the PBM to OPM. At OPM's request, the Carrier must obtain from the PBM any reasonable information or reports and provide it to OPM. A PBM providing information to a Carrier under this subsection may mark that information as confidential commercial information. The Carrier, in its contract with the PBM shall effectuate the PBM's consent to the disclosure of this information to OPM. OPM shall handle the information in accordance with 5 CFR Part 294.

(9) The Carrier will require that its PBM:

(i) Provide information to physicians, pharmacists, other health care professionals, consumers, and payers about the factors that affect formulary system decisions, including: cost containment measures; the procedures for obtaining non-formulary drugs; and the importance of formulary compliance to improving quality of care and restraining health care costs;
(ii) Provide consumer education that explains how formulary decisions are made and the roles and responsibilities of the consumer; and
(iii)Disclose the existence of formularies and have copies of the current formulary readily available and publicly accessible.

(10) In accordance with FEHBAR 1652.204-74, FAR 52.215-2 and FEHBAR 1652.246-70, all contracts and other documentation that support amounts charged and credited to the Carrier contract are fully disclosed to and auditable by the OPM Office of Inspector General

(OPM OIG). The PBM must provide the OPM OIG upon request complete copies of all PBM records including, but not limited to:

(i) All PBM contracts with Participating Pharmacies, including invoices, receipts and credits;
(ii) All PBM contracts with Pharmaceutical Manufacturers, including invoices, receipts, and credits;
(iii) All PBM contracts with Third Parties purchasing or using claims data;
(iv) All PBM transmittals in connection with sales of claims data to Third Parties or other entities;
(iv) All PBM Maximum Allowable Cost (MAC) price lists;
(v) All PBM records relating to patient assistance maximizer programs, optimizer programs, or similar arrangements with Third Parties; and
(vi) All PBM records pertaining to arrangements with Third Parties, including Group Purchasing Organizations (GPOs).

(c) Integrity Standards

(1) The Carrier will require that its PBM agree to adopt and adhere to a code of ethics promulgated by a national professional association, such as the Code of Ethics of the American Pharmacists Association, for their employed pharmacists.
(2) The Carrier will require that its' PBM be licensed as required by the appropriate jurisdiction's laws and regulations.
(3) The Carrier will require that its PBM only employ or contract with licensed pharmacists for roles that require such a license under the appropriate jurisdiction's laws and regulations.
(4) The PBM shall perform its duties with care, skill, prudence, diligence, and professionalism.
(5) A PBM shall notify the Carrier in writing of any activity, policy, or practice of the PBM that directly or indirectly presents any conflict of interest with the duties imposed in this subsection.
(6) A PBM, or Carrier, shall not enter into a contract with a pharmacy or pharmacist that prohibits or penalizes a pharmacy or pharmacist for disclosure of information to a member regarding:

(i) The cost of a prescription medication to the member; or
(ii) The availability of any therapeutically-equivalent alternative medications or alternative methods of purchasing the prescription medication, including but not limited to, paying a cash price that is less expensive to the member than the cost of the prescription under the Plan.

(d) Performance Standards

The Carrier will require that its' PBM contractors develop and apply a quality assurance program specifying procedures for ensuring contract quality on the following standards at a minimum and submit reports to the Carrier on their performance. PBMs must meet, at minimum, the member inquiry, customer service, claims processing, and other applicable standards set for Carriers at Section 1.9(f). All other standards discussed below will have specific target goals the PBM is expected to achieve. Carriers may permit PBMs to measure compliance using statistically valid samples for the PBMs book of business. Agreed to standards shall be provided to OPM for its review and comment. If OPM has concerns about a particular standard, the Carrier agrees to present OPM's concerns to the PBM and either revise the standard as requested by OPM or revise the standard to the extent feasible and present to

OPM information demonstrating the problems associated with making the requested revisions in full.

(1) Point of Service (POS) system response time. The PBM's network electronic transaction system provides rapid response to Network pharmacies.

(2) POS system availability. The PBM's network electronic transaction system generally is available to, and accessible by, Network pharmacies.

(3) Licensing. The PBM verifies the appropriate licensing of its Network pharmacies. This includes DEA registration for U.S. pharmacies, and the equivalent, if one exists, for pharmacies outside of the U.S.

(4) Dispensing accuracy – The PBM dispenses its prescriptions to the correct patient and for the correct drug, drug strength and dosage in accordance with the prescription not less than 99.9 percent of the time.

(5) Mail service pharmacy turnaround time – The PBM promptly dispenses and ships at least 98 percent on average of all prescriptions not requiring intervention or clarification within 3 business days or meets an equivalent measure approved by OPM.

(6) Specialty pharmacy shipment stability. The Carrier or PBM's specialty pharmacy must have policies and procedures in place to promote effective shipping practices and monitor cold chain packaging. Specific areas to be addressed include achievement of internal and external metrics and the identification and appropriate use of best practices.

(7) Quality of Drug Therapy. The quality assurance program implemented by a Carrier's PBM contractor must include a process to measure the quality of its drug therapy provided to enrollees. Specific areas to be addressed include achievement of quality targets measured by both internal and external metrics; identification and appropriate use of best practices; and application of evidence-based medicine, as appropriate.

(e) Alternative Drug Options

The Carrier will require that its PBM contractors, at a minimum, utilize the following protocols for PBM initiated drug interchanges (any change from the original prescription) other than generic substitutions:

(1) The PBM must treat the Prescriber, and not itself, as the ultimate decision-maker. Furthermore, to the extent appropriate under the circumstances, the PBM must allow the patient input into that decision-making process. At a minimum, the PBM must provide the patient with a written notice in the package sent to the patient that the drug interchange has occurred with the approval of the Prescriber.

(2) The PBM will obtain authorization for a drug interchange only with the express, verifiable authorization from the Prescriber as communicated directly by the Prescriber, in writing or verbally, or by a licensed medical professional or other office staff member as authorized by the Prescriber.

(3) The PBM must memorialize in appropriate detail all conversations with patients and Prescribers in connection with drug interchanging requests, including the identity of the contact person at the Prescriber's office and the basis for his or her authority.

(4) The PBM will only interchange a patient's drug from a lower priced drug to a drug with a higher cost to the patient or Plan when authorized by the Carrier or the Plan.

(5) The PBM will permit pharmacists to express their professional judgment to both the PBM and Prescribers on the impact of drug interchanges and to answer Prescribers' questions. PBMs will not require pharmacists to, and will not penalize pharmacists for refusing to, initiate calls to Prescribers for drug interchanges that in their professional judgment should not be made.

(6) The PBM will offer to disclose, and if requested, will disclose to Prescribers, the Carrier, and patients (i) the reason(s) why it is suggesting a drug interchange and (ii) how the interchange will affect the PBM, the Plan, and the patients financially.

(f) Utilization Management Timeframe – The PBM must promptly review and respond to requests for prior approval for specific drugs and any other utilization management edits following receipt of all required information.

(1) For Expedited requests, the PBM must review and respond within 24 hours.

(2) For other, non-expedited requests, the PBM must review and respond within 72 hours.

(g) Patient Safety Standard - The Carrier will require that its PBM establish drug utilization management, formulary process and procedures that have distinct systems for identifying and rectifying consumer safety issues including:

(i) A system for identifying and communicating drug and consumer safety issues at point-of-service;

(ii) A system of drug utilization management tools, such as prospective and concurrent drug utilization management that identifies situations which may compromise the safety of the consumer.

(iii) A system/process for error reporting; and

(iv) A system/process for identifying/managing risk

(h) Safety and Accessibility for Consumers - The Carrier will require that its PBM meets the following standards related to pharmacy Network management and consumer access to medications.

(1) The Carrier will require that its PBM define the scope of its services with respect to:

(i) The distribution channels offered (e.g. pharmacy Network, mail order pharmacies, or specialty pharmacies);

(ii) The types of pharmacy services offered within each distribution channel; and

(iii) The geographic area served by each distribution channel.

(2) The Carrier will require that for each distribution channel provided by its PBM, the PBM:

(i) Establishes criteria and measures actual performance in comparison to those criteria: and

(ii) Makes improvements where necessary to maintain the Network and meet contractual requirements.

(3) The Carrier will require that its PBM establish a quality and safety mechanism for each distribution channel in order to identify and address concerns related to:

(i) Quality and safety of drug distribution; and

(ii) Quality of service

(i) Fraud, Waste, and Abuse

(1) The PBM must establish fraud, waste and abuse detection processes and procedures, with distinct systems for identifying and rectifying FWA issues including:

(i) A system designed to detect and eliminate FWA

(ii) A system that assesses its vulnerability to FWA to include, but not limited to, performing post-payment reviews and audits of providers identified either proactively or reactively;

(iii)A system/process for FWA reporting; and

(iv) A system/process for identifying/managing risk

(2) Any Third Party or entity providing services or supplies related to the administration of payments or benefits must certify to the PBM that it has established fraud, waste and

abuse detection processes and procedures, with distinct systems for identifying and rectifying FWA issues including:

(i) A system designed to detect and eliminate FWA;
(ii) A system that assesses its vulnerability to FWA to include, but not limited to, performing post-payment reviews and audits of providers identified either proactively or reactively;
(iii) A system/process for FWA reporting; and
(iv) A system/process for identifying/managing risk.

(j) Contract Terms - The contract between the PBM and the Carrier must not exceed 3 years without re-competition unless the Contracting Officer approves an exception. The Carrier's PBM contract must allow for termination based on a material breach of any terms and conditions stated in the Carrier's PBM contract. The Carrier must provide sufficient written notice of the material breach to the PBM and the PBM must be given adequate time to respond and cure the material breach.

4. Section 1.32 Carrier Personnel Access Determination Requirements

This section was amended to update the website address for Memorandum M-05-24.

SECTION 1.32 CARRIER PERSONNEL ACCESS DETERMINATION REQUIREMENTS (JAN 2021)

(a) Carrier personnel who receive a user identification and password to access OPM's LOC System shall comply with the U.S. Office of Management and Budget (OMB) Memorandum M-05-24, referenced in paragraph (a) of FAR 52.204-9, Personal Identity Verification of Contractor Personnel, which is available on-line at https://www.whitehouse.gov/sites/whitehouse.gov/files/omb/memoranda/2005/m05-24.pdf

* * * * *

5. New: Section 1.37 Procedures for Information Security Incident and Data Breach Reporting

We added a new section to provide the Carrier contractual guidance for reporting an Information Security Incident and a Data Breach.

SECTION 1.37 PROCEDURES FOR INFORMATION SECURITY INCIDENT AND DATA BREACH REPORTING (JAN 2021)

(a) The specific terms listed below are defined as stated for purposes of this Section.
(1) Incident is defined by 44 U.S.C. § 3552(b)(2) and applicable OMB guidance.
(2) Breach is defined in HHS regulations 45 CFR Part 164 Subpart D.
(3) Compromise is defined in the current revisions of the glossary of NIST SP 800-32.

(b) A Carrier must report to OPM incidents and breaches where the confidentiality, integrity, or availability of FEHB member protected health information (PHI) is compromised or if a Carrier notifies law enforcement of an incident or breach that: (1) compromises its systems that contain or process FEHB Program data or (2) compromises its systems operating in the

same general information technology control environment as the information systems that process FEHB Program data.

(c) The Carrier must report to OPM before any other external notifications are made (excluding notification to necessary parties for incident response), and in no case later than 24 hours after its incident response team determines the confidentiality, integrity, or availability of FEHB member PHI is compromised, or it has notified law enforcement of an incident or breach that meets the requirements stated in paragraph (b) of this Section.

(d) The Carrier must submit reports to OPM via email to Cybersolutions@opm.gov or via phone to (844) 377-6109.

(1) Any data shared with OPM that relates to an incident or breach must be transmitted in a secure manner.

(2) The report should include the following:

i. A brief description of the nature of the incident or breach.

ii. An estimate of the number of affected FEHB members, if feasible.

iii. A brief description of the remedial steps that the Carrier has already taken and those they plan to take.

(3) The Carrier is responsible for providing additional detailed information as soon as it becomes available.

(e) For a breach of PHI, the notice to FEHB enrollees will comport with 45 CFR § 164.404 for breaches as defined in this Section or OPM guidance and must be coordinated with OPM before any communication with FEHB enrollees. All other notices must also be coordinated with OPM and the Carrier must follow OPM guidance to the extent practicable.

(f) In case of a subcontractor breach or incident the following applies.

(1) A subcontractor breach or incident must be reported to OPM by the Carrier no later than the calendar day following notice to the Carrier.

(2) Either the Carrier or its subcontractor may provide a notice of the breach to FEHB enrollees.

(3) If the subcontractor provides the notice, it must be in a form that allows the enrollee to easily identify the Carrier and FEHB plan. If specific identification is not practical under the circumstances, Carrier and FEHB plan identification shall be otherwise accomplished in a manner agreed upon with OPM.

(4) The Contracting Officer may direct the Carrier to issue a separate notice in order to avoid enrollee confusion.

6. <u>Section 2.3 Payment of Benefits and Provision of Services and Supplies</u>

We added this language to provide guidance to Carriers for erroneous payment recoveries in cases of Fraud and Abuse.

SECTION 2.3 PAYMENT OF BENEFITS AND PROVISION OF SERVICES AND SUPPLIES (JAN 2021)

* * * * *

(g) Erroneous Payments It is the Carrier's responsibility to proactively identify overpayments through comprehensive, statistically valid reviews and a robust internal control program. If the Carrier determines that a Member's claim has been paid in error for any reason (except in the case of fraud or abuse), the Carrier shall make a prompt and diligent effort to recover the erroneous payment to the member from the member or, if to the provider, from the provider. In the case of fraud or abuse, the Carrier must coordinate with OPM OIG as required by Section 1.9 and OPM's Fraud, Waste and Abuse guidance. The recovery of any overpayment must be treated as an erroneous benefit payment, overpayment, or duplicate payment under 48 C.F.R. §1631.201-70(h) regardless of any time period limitations in the written agreement with the provider. The Carrier shall follow general business practices and procedures in collecting debts owed under the Federal Employees Health Benefits Program. Prompt and diligent effort to recover erroneous payments means that upon discovering that an erroneous payment exists, the Carrier shall--

(1) Send a written notice of erroneous payment to the member or provider that provides: (A) an explanation of when and how the erroneous payment occurred, (B) when applicable, cite the appropriate contractual benefit provision, (C) the exact identifying information (i.e., dollar amount paid erroneously, date paid, check number, date of service and provider name), (D) a request for payment of the debt in full, and (E) an explanation of what may occur should the debt not be paid, including possible offset to future benefits. The notice may also offer an installment option. In addition, the Carrier shall provide the debtor with an opportunity to dispute the existence and amount of the debt before proceeding with collection activities;

(2) After confirming that the debt does exist and in the appropriate amount, send follow-up notices to the member or the provider at 30, 60 and 90 day intervals, if the debt remains unpaid and undisputed;

(3) (i) The Carrier may off-set future Benefits payable to the Member or to a provider on behalf of the Member to satisfy a debt due under the FEHBP if the debt remains unpaid and undisputed for 120 days after the first notice.
(ii) Notwithstanding section 2.3(g)(3)(i), a Carrier may set up benefit off-sets to a provider less than 120 days after the first notice as long as the Carrier electing this option continues to comply with any remaining applicable steps enumerated in this subsection 2.3(g) as part of the Carrier's effort to recover erroneous benefit payments.

(4) After applying the first three steps, refer cases when it is cost effective to do so to a collection attorney or a collection agency if the debt is not recovered; provided, however, that the Carrier may not commence an overpayment recovery lawsuit later than December 31 of the third year after the year in which the overpayment was discovered by the Carrier (except in cases where the False Claims Act, 31 U.S.C § 3729, or another federal limitations period applies);

(5) Make prompt and diligent effort to recover erroneous payments until the debt is paid in full or determined to be uncollectible by the Carrier because it is no longer cost effective to pursue further collection efforts or it would be against equity and good conscience to continue collection efforts;

(6) Additional prompt and diligent effort is required for significant claim overpayments that exceed $10,000 per each claim. Examples of such efforts include copies of dated notices, offset attempt(s) made, certified letter communication(s), and Third Party collection efforts to the extent required under (g)(4) above. The Carrier should maintain and provide to OPM upon request, documentation of those efforts.

(7) Suspend recovery efforts for a debt which is based upon a retroactive disenrollment that

has been appealed under 5 C.F.R. § 890.104 or a claim that has been appealed as a disputed claim under Section 2.8, until the appeal has been resolved;

(8) (i) The Carrier may charge the contract for benefit payments made erroneously but in good faith provided that it can document that it made a prompt and diligent effort to recover erroneous payments as described above.

(ii) Notwithstanding (g)(8)(i), the Carrier may not charge the contract for the administrative costs to correct erroneous benefit payments (or to correct processes or procedures that caused erroneous benefit payments) when the errors are egregious or repeated. These costs are deemed to be unreasonable and unallowable under section 3.2(b)(2)(ii);

(9) Maintain records that document individual unrecovered erroneous payment collection activities for audit or future reference.

(10) If OPM determines that a Member's claim has been paid in error for any reason (except in the case of fraud or abuse), the Carrier shall make a prompt and diligent effort to recover the erroneous payment to the Member, from the Member or, if to the provider, from the provider as specified in (g)(1) through (9).

(11) At the request of OPM, the Carrier shall provide evidence that it has taken the steps enumerated above in this subsection to promptly recover erroneous payments, including but not limited to overpayments related to Medicare coordination of benefits. OPM will review the Carrier's claims payments and procedures to validate the Carrier's prompt and diligent effort. The Contracting Officer may require the Carrier to establish and submit to the Contracting Officer a written corrective action plan.

(12) In compliance with the provisions of the Contract Disputes Act, the Carrier shall return to the Program an amount equal to the uncollected erroneous payment where the Contracting Officer determines that (a) the Carrier's failure to appropriately apply its operating procedure caused the erroneous payment and (b) that the Carrier failed to make a prompt and diligent effort to recover an erroneous payment.

(h) Erroneous payment recoveries may be reduced by any legal or collection agency fees expended to obtain the recoveries and which are not otherwise payable under this experience-rated contract. The amount credited to the contract shall be the net amount remaining after deducting the related legal or collection agency fees.

(i) All health benefit refunds and recoveries, including erroneous payment recoveries, must be deposited into the working capital or investment account within 30 days and returned to or accounted for in the FEHBP letter of credit account within 60 days after receipt by the Carrier.

(j) Notwithstanding subsection (f), the Carrier reserves the right to pay the Member directly for all covered services described in the agreed upon brochure text attached as Appendix A.

7. FAR Changes

We have updated the following sections so that they are consistent with the Federal Acquisition Regulation (FAR).

SECTION 5.1

DEFINITIONS (JUN 2020) (FAR 52.202-1)

When a solicitation provision or contract clause uses a word or term that is defined in the Federal Acquisition Regulation (FAR), the word or term has the same meaning as the definition in FAR 2.101 in effect at the time the solicitation was issued, unless—

(a) The solicitation, or amended solicitation, provides a different definition;

(b) The contracting parties agree to a different definition;
(c) The part, subpart, or section of the FAR where the provision or clause is prescribed provides a different meaning;
(d) The word or term is defined in FAR Part 31, for use in the cost principles and procedures; or
(e) The word or term defines an acquisition-related threshold, and if the threshold is adjusted for inflation as set forth in FAR 1.109(a), then the changed threshold applies throughout the remaining term of the contract, unless there is a subsequent threshold adjustment; see FAR 1.109(d).

SECTION 5.5
ANTI-KICKBACK PROCEDURES (JUN 2020) (FAR 52.203-7)

(a) Definitions.

"Kickback," as used in this clause, means any money, fee, commission, credit, gift, gratuity, thing of value, or compensation of any kind which is provided to any prime Contractor, prime Contractor employee, subcontractor, or subcontractor employee for the purpose of improperly obtaining or rewarding favorable treatment in connection with a prime contract or in connection with a subcontract relating to a prime contract.

"Person," as used in this clause, means a corporation, partnership, business association of any kind, trust, joint-stock company, or individual.

"Prime contract," as used in this clause, means a contract or contractual action entered into by the United States for the purpose of obtaining supplies, materials, equipment, or services of any kind.

"Prime Contractor," as used in this clause, means a person who has entered into a prime contract with the United States.

"Prime Contractor employee," as used in this clause, means any officer, partner, employee, or agent of a prime Contractor.

"Subcontract," as used in this clause, means a contract or contractual action entered into by a prime Contractor or subcontractor for the purpose of obtaining supplies, materials, equipment, or services of any kind under a prime contract.

"Subcontractor," as used in this clause, (1) means any person, other than the prime Contractor, who offers to furnish or furnishes any supplies, materials, equipment, or services of any kind under a prime contract or a subcontract entered into in connection with such prime contract, and (2) includes any person who offers to furnish or furnishes general supplies to the prime Contractor or a higher tier subcontractor.

"Subcontractor employee," as used in this clause, means any officer, partner, employee, or agent of a subcontractor.

(b) 41 U.S.C. chapter 87, Kickbacks, prohibits any person from --

(1) Providing or attempting to provide or offering to provide any kickback;

(2) Soliciting, accepting, or attempting to accept any kickback; or

(3) Including, directly or indirectly, the amount of any kickback in the contract price charged by a prime Contractor to the United States or in the contract price charged by a subcontractor to a prime Contractor or higher tier subcontractor.

(c)(1) The Contractor shall have in place and follow reasonable procedures designed to prevent and detect possible violations described in paragraph (b) of this clause in its own operations and direct business relationships.

(2) When the Contractor has reasonable grounds to believe that a violation described in paragraph (b) of this clause may have occurred, the Contractor shall promptly report in writing the possible violation. Such reports shall be made to the inspector general of the contracting agency, the head of the contracting agency if the agency does not have an inspector general, or the Attorney General.

(3) The Contractor shall cooperate fully with any Federal agency investigating a possible violation described in paragraph (b) of this clause.

(4) The Contracting Officer may (i) offset the amount of the kickback against any monies owed by the United States under the prime contract and/or (ii) direct that the Prime Contractor withhold, from sums owed a subcontractor under the prime contract, the amount of the kickback. The Contracting Officer may order that monies withheld under subdivision (c)(4)(ii) of this clause be paid over to the Government unless the Government has already offset those monies under subdivision (c)(4)(i) of this clause. In either case, the Prime Contractor shall notify the Contracting Officer when the monies are withheld.

(5) The Contractor agrees to incorporate the substance of this clause, including this paragraph (c)(5) but excepting paragraph (c)(1) of this clause, in all subcontracts under this contract that exceed the threshold specified in Federal Acquisition Regulation 3.502–2(i) on the date of subcontract award.

SECTION 5.7

AUDIT AND RECORDS-NEGOTIATION (JUN 2020) (FAR 52.215-2)

(a) As used in this clause, "records" includes books, documents, accounting procedures and practices, and other data, regardless of type and regardless of whether such items are in written form, in the form of computer data, or in any other form.

(b) *Examination of costs*. If this is a cost- reimbursement, incentive, time-and-materials, labor-hour, or price redeterminable contract, or any combination of these, the Contractor shall maintain and the Contracting Officer, or an authorized representative of the Contracting Officer, shall have the right to examine and audit all records and other evidence sufficient to reflect properly all costs claimed to have been incurred or anticipated to be incurred directly or indirectly in performance of this contract. This right of examination shall include inspection at all reasonable times of the Contractor's plants, or parts of them, engaged in performing the contract.

(c) *Certified cost or pricing data*. If the Contractor has been required to submit certified cost or pricing data in connection with any pricing action relating to this contract, the Contracting Officer, or an authorized representative of the Contracting Officer, in order to evaluate the accuracy, completeness, and currency of the certified cost or pricing data, shall have the right to examine and audit all of the Contractor's records, including computations and projections, related to--

(1) The proposal for the contract, subcontract, or modification;

(2) The discussions conducted on the proposal(s), including those related to negotiating;

(3) Pricing of the contract, subcontract, or modification; or

(4) Performance of the contract, subcontract or modification.

(d) *Comptroller General* -- (1) The Comptroller General of the United States, or an authorized representative, shall have access to and the right to examine any of the Contractor's directly pertinent records involving transactions related to this contract or a subcontract hereunder and to interview any current employee regarding such transactions.

(1) This paragraph may not be construed to require the Contractor or subcontractor to create or maintain any record that the Contractor or subcontractor does not maintain in the ordinary course of business or pursuant to a provision of law.

(e) *Reports*. If the Contractor is required to furnish cost, funding, or performance reports, the Contracting Officer or an authorized representative of the Contracting Officer shall have the right to examine and audit the supporting records and materials, for the purpose of evaluating--

(1) The effectiveness of the Contractor's policies and procedures to produce data compatible with the objectives of these reports and (2) The data reported.

(f) *Availability*. The Contractor shall make available at its office at all reasonable times the records, materials, and other evidence described in paragraphs (a), (b), (c), (d), and (e) of this clause, for examination, audit, or reproduction, until 3 years after final payment under this contract or for any shorter period specified in Subpart 4.7, Contractor Records Retention, of the Federal Acquisition Regulation (FAR), or for any longer period required by statute or by other clauses of this contract. In addition--(1) If this contract is completely or partially terminated, the Contractor shall make available the records relating to the work terminated until 3 years after any resulting final termination settlement; and (2) The Contractor shall make available records relating to appeals under the Disputes clause or to litigation or the settlement of claims arising under or relating to this contract until such appeals, litigation, or claims are finally resolved.

(g) The Contractor shall insert a clause containing all the terms of this clause, including this paragraph (g), in all subcontracts under this contract that exceed the simplified acquisition threshold, as defined in FAR 2.101 on the date of subcontract award, and--

(1) That are cost-reimbursement, incentive, time-and-materials, labor-hour, or price-redeterminable type or any combination of these;

(2) For which certified cost or pricing data are required; or

(3) That require the subcontractor to furnish reports as discussed in paragraph (e) of this clause.

The clause may be altered only as necessary to identify properly the contracting parties and the Contracting Officer under the Government prime contract.

SECTION 5.10

SUBCONTRACTOR CERTIFIED COST OR PRICING DATA (JUN 2020) (FAR 52.215-12**)**

(a) Before awarding any subcontract expected to exceed the threshold for submission of certified cost or pricing data in Federal Acquisition Regulation (FAR) 15.403-4(a)(1), on the date of agreement on price or the date of award, whichever is later; or before pricing any subcontract modification involving a pricing adjustment expected to exceed the threshold for submission of certified cost or pricing data in FAR 15.403-4(a)(1), the Contractor shall require the subcontractor to submit certified cost or pricing data (actually or by specific identification in writing), in accordance with FAR 15.408, Table 15-2 (to include any information reasonably required to explain the subcontractor's estimating process such as the judgmental factors applied and the mathematical or other methods used in the estimate, including those used in projecting from known data, and the nature and amount of any contingencies included in the price), unless an exception under 15.403-1(b) applies. If the threshold for submission of certified cost or pricing data specified in FAR 15.403-4(a)(1) is adjusted for inflation as set forth in FAR 1.109(a),

then pursuant to FAR 1.109(d) the changed threshold applies throughout the remaining term of the contract, unless there is a subsequent threshold adjustment.

(b) The Contractor shall require the subcontractor to certify in substantially the form prescribed in FAR 15.406-2 that, to the best of its knowledge and belief, the data submitted under paragraph (a) of this clause were accurate, complete, and current as of the date of agreement on the negotiated price of the subcontract or subcontract modification.

(c) In each subcontract that, when entered into, exceeds the threshold for submission of certified cost or pricing data in FAR 15.403-4(a)(1), the Contractor shall insert either --

(1) The substance of this clause, including this paragraph (c), if paragraph (a) of this clause requires submission of certified cost or pricing data for the subcontract; or

(2) The substance of the clause at FAR 52.215-13, Subcontractor Certified Cost or Pricing Data - Modifications.

SECTION 5.22

EQUAL OPPORTUNITY FOR VETERANS (JUN 2020) (FAR 52.222-35)

(a) *Definitions.* As used in this clause—

"Active duty wartime or campaign badge veteran," "Armed Forces service medal veteran," "disabled veteran," "protected veteran," "qualified disabled veteran," and "recently separated veteran" have the meanings given at Federal Acquisition Regulation (FAR) 22.1301.

(b) *Equal opportunity clause*. The Contractor shall abide by the requirements of the equal opportunity clause at 41 CFR 60-300.5(a), as of March 24, 2014. This clause prohibits discrimination against qualified protected veterans, and requires affirmative action by the Contractor to employ and advance in employment qualified protected veterans.

(c) *Subcontracts.* The Contractor shall insert the terms of this clause in subcontracts valued at or above the threshold specified in FAR 22.1303(a) on the date of subcontract award, unless exempted by rules, regulations, or orders of the Secretary of Labor. The Contractor shall act as specified by the Director, Office of Federal Contract Compliance Programs, to enforce the terms, including action for noncompliance. Such necessary changes in language may be made as shall be appropriate to identify properly the parties and their undertakings.

SECTION 5.23

EQUAL OPPORTUNITY FOR WORKERS WITH DISABILITIES (JUN 2020) (FAR 52.222-36)

(a) *Equal opportunity clause*. The Contractor shall abide by the requirements of the equal opportunity clause at 41 CFR 60-741.5(a), as of March 24, 2014. This clause prohibits discrimination against qualified individuals on the basis of disability, and requires affirmative action by the Contractor to employ and advance in employment qualified individuals with disabilities.

(b) Subcontracts. The Contractor shall include the terms of this clause in every subcontract or purchase order in excess of the threshold specified in Federal Acquisition Regulation (FAR) 22.1408(a) on the date of subcontract award, unless exempted by rules, regulations, or orders of the Secretary, so that such provisions will be binding upon each

subcontractor or vendor. The Contractor shall act as specified by the Director, Office of Federal Contract Compliance Programs of the U.S. Department of Labor, to enforce the terms, including action for noncompliance. Such necessary changes in language may be made as shall be appropriate to identify properly the parties and their undertakings.

SECTION 5.45

LIMITATION ON PAYMENTS TO INFLUENCE CERTAIN FEDERAL TRANSACTIONS (JUN 2020) (FAR 52.203-12)

(a) *Definitions*. As used in this clause—

"Agency" means "executive agency" as defined in Federal Acquisition Regulation (FAR) 2.101.

"Covered Federal action" means any of the following actions:

(1) Awarding any Federal contract.

(2) Making any Federal grant.

(3) Making any Federal loan.

(4) Entering into any cooperative agreement.

(5) Extending, continuing, renewing, amending, or modifying any Federal contract, grant, loan, or cooperative agreement.

"Indian tribe" and "tribal organization" have the meaning provided in section 4 of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450b) and include Alaskan Natives.

"Influencing or attempting to influence" means making, with the intent to influence, any communication to or appearance before an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with any covered Federal action.

"Local government" means a unit of government in a State and, if chartered, established, or otherwise recognized by a State for the performance of a governmental duty, including a local public authority, a special district, an intrastate district, a council of governments, a sponsor group representative organization, and any other instrumentality of a local government.

"Officer or employee of an agency" includes the following individuals who are employed by an agency:

(1) An individual who is appointed to a position in the Government under Title 5, United States Code, including a position under a temporary appointment.

(2) A member of the uniformed services, as defined in subsection 101(3), Title 37, United States Code.

(3) A special Government employee, as defined in section 202, Title 18, United States Code.

(4) An individual who is a member of a Federal advisory committee, as defined by the Federal Advisory Committee Act, Title 5, United States Code, appendix 2.

"Person" means an individual, corporation, company, association, authority, firm, partnership, society, State, and local government, regardless of whether such entity is operated for profit, or not for profit. This term excludes an Indian tribe, tribal organization, or any other Indian organization eligible to receive Federal contracts, grants, cooperative agreements, or loans from an agency, but only with respect to expenditures by such tribe or organization that are made for purposes specified in paragraph (b) of this clause and are permitted by other Federal law.

"Reasonable compensation" means, with respect to a regularly employed officer or

employee of any person, compensation that is consistent with the normal compensation for such officer or employee for work that is not furnished to, not funded by, or not furnished in cooperation with the Federal Government.

"Reasonable payment" means, with respect to professional and other technical services, a payment in an amount that is consistent with the amount normally paid for such services in the private sector.

"Recipient" includes the Contractor and all subcontractors. This term excludes an Indian tribe, tribal organization, or any other Indian organization eligible to receive Federal contracts, grants, cooperative agreements, or loans from an agency, but only with respect to expenditures by such tribe or organization that are made for purposes specified in paragraph (b) of this clause and *are* permitted by other Federal law.

"Regularly employed" means, with respect to an officer or employee of a person requesting or receiving a Federal contract, an officer or employee who is employed by such person for at least 130 working days within 1 year immediately preceding the date of the submission that initiates agency consideration of such person for receipt of such contract. An officer or employee who is employed by such person for less than 130 working days within 1 year immediately preceding the date of the submission that initiates agency consideration of such person shall be considered to be regularly employed as soon as he or she is employed by such person for 130 working days.

"State" means a State of the United States, the District of Columbia, or an outlying area of the United States, an agency or instrumentality of a State, and multi-State, regional, or interstate entity having governmental duties and powers.

(b) *Prohibition*. 31 U.S.C. 1352 prohibits a recipient of a Federal contract, grant, loan, or cooperative agreement from using appropriated funds to pay any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with any covered Federal actions. In accordance with 31 U.S.C. 1352 the Contractor shall not use appropriated funds to pay any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the award of this contractor the extension, continuation, renewal, amendment, or modification of this contract.

(1) The term *appropriated funds* does not include profit or fee from a covered Federal action.

(2) To the extent the Contractor can demonstrate that the Contractor has sufficient monies, other than Federal appropriated funds, the Government will assume that these other monies were spent for any influencing activities that would be unallowable if paid for with Federal appropriated funds.

(c) *Exceptions*. The prohibition in paragraph (b) of this clause does not apply under the following conditions:

(1) *Agency and legislative liaison by Contractor employees*.

(i) Payment of reasonable compensation made to an officer or employee of the Contractor if the payment is for agency and legislative liaison activities not directly related to this contract. For purposes of this paragraph, providing any information specifically requested by an agency or Congress is permitted at any time.

(ii) Participating with an agency in discussions that are not related to a specific solicitation for any covered Federal action, but that concern—

(A) The qualities and characteristics (including individual demonstrations) of the person's products or services, conditions or terms of sale, and service capabilities; or

(B) The application or adaptation of the person's products or services for an agency's use.

(iii) Providing prior to formal solicitation of any covered Federal action any information not specifically requested but necessary for an agency to make an informed decision about initiation of a covered Federal action;

(iv) Participating in technical discussions regarding the preparation of an unsolicited proposal prior to its official submission; and

(v) Making capability presentations prior to formal solicitation of any covered Federal action by persons seeking awards from an agency pursuant to the provisions of the Small Business Act, as amended by Pub. L. 95-507, and subsequent amendments.

(2) *Professional and technical services*.

(i) A payment of reasonable compensation made to an officer or employee of a person requesting or receiving a covered Federal action or an extension, continuation, renewal, amendment, or modification of a covered Federal action, if payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal action or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal action.

(ii) Any reasonable payment to a person, other than an officer or employee of a person requesting or receiving a covered Federal action or an extension, continuation, renewal, amendment, or modification of a covered Federal action if the payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal action or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal action. Persons other than officers or employees of a person requesting or receiving a covered Federal action include consultants and trade associations.

(iii)As used in paragraph (c)(2) of this clause, "professional and technical services" are limited to advice and analysis directly applying any professional or technical discipline (for examples, see FAR 3.803(a)(2)(iii)).

(iv)Requirements imposed by or pursuant to law as a condition for receiving a covered Federal award include those required by law or regulation and any other requirements in the actual award documents.

(3) Only those communications and services expressly authorized by paragraphs (c)(1) and (2) of this clause are permitted.

(d) *Disclosure*.

(1) If the Contractor did not submit OMB Standard Form LLL, Disclosure of Lobbying Activities, with its offer, but registrants under the Lobbying Disclosure Act of 1995 have subsequently made a lobbying contact on behalf of the Contractor with respect to this contract, the Contractor shall complete and submit OMB Standard Form LLL to provide the name of the lobbying registrants, including the individuals performing the services.

(2) If the Contractor did submit OMB Standard Form LLL disclosure pursuant to paragraph (d) of the provision at FAR 52.203-11, Certification and Disclosure

Regarding Payments to Influence Certain Federal Transactions, and a change occurs that affects Block 10 of the OMB Standard Form LLL (name and address of lobbying registrant or individuals performing services), the Contractor shall, at the end of the calendar quarter in which the change occurs, submit to the Contracting Officer within 30 days an updated disclosure using OMB Standard Form LLL.

(e) *Penalties*.

(1) Any person who makes an expenditure prohibited under paragraph (b) of this clause or who fails to file or amend the disclosure to be filed or amended by paragraph (d) of this clause shall be subject to civil penalties as provided for by 31 U.S.C. 1352. An imposition of a civil penalty does not prevent the Government from seeking any other remedy that may be applicable.

(2) Contractors may rely without liability on the representation made by their subcontractors in the certification and disclosure form.

(f) *Cost allowability*. Nothing in this clause makes allowable or reasonable any costs which would otherwise be unallowable or *unreasonable*. Conversely, costs made specifically unallowable by the requirements in this clause will not be made allowable under any other provision.

(g) *Subcontracts.*

(1) The Contractor shall obtain a declaration, including the certification and disclosure in paragraphs (c) and (d) of the provision at FAR 52.203–11, Certification and Disclosure Regarding Payments to Influence Certain Federal Transactions, from each person requesting or receiving a subcontract under this contract that exceeds the threshold specified in FAR 3.808 on the date of subcontract award. The Contractor or subcontractor that awards the subcontract shall retain the declaration.

(2) A copy of each subcontractor disclosure form (but not certifications) shall be forwarded from tier to tier until received by the prime Contractor. The prime Contractor shall, at the end of the calendar quarter in which the disclosure form is submitted by the subcontractor, submit to the Contracting Officer within 30 days a copy of all disclosures. Each subcontractor certification shall be retained in the subcontract file of the awarding Contractor.

(3) The Contractor shall include the substance of this clause, including this paragraph (g), in any subcontract that exceeds the threshold specified in FAR 3.808 on the date of subcontract award.

SECTION 5.47

PROTECTING THE GOVERNMENT'S INTEREST WHEN SUBCONTRACTING WITH CONTRACTORS DEBARRED, SUSPENDED OR PROPOSED FOR DEBARMENT (JUN 2020) (FAR 52.209-6)

(a) Definition. “Commercially available off-the-shelf (COTS)” item, as used in this clause—

(1) Means any item of supply (including construction material) that is—

(i) A commercial item (as defined in paragraph (1) of the definition in Federal Acquisition Regulation (FAR) 2.101);

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as

agricultural products and petroleum products.

(b) The Government suspends or debars Contractors to protect the Government's interests. Other than a subcontract for a commercially available off-the-shelf item, the Contractor shall not enter into any subcontract, in excess of the threshold specified in FAR 9.405-2(b) on date of subcontract award with a Contractor that is debarred, suspended, or proposed for debarment by any executive agency unless there is a compelling reason to do so.

(c) The Contractor shall require each proposed subcontractor whose subcontract will exceed the threshold specified in FAR 9.405-2(b) on the date of the subcontract award, other than a subcontractor providing a commercially available off-the-shelf item, to disclose to the Contractor, in writing, whether as of the time of award of the subcontract, the subcontractor, or its principals, is or is not debarred, suspended, or proposed for debarment by the Federal Government.

(d) A corporate officer or a designee of the Contractor shall notify the Contracting Officer, in writing, before entering into a subcontract with a party (other than a subcontractor providing a commercially available off-the-shelf item) that is debarred, suspended, or proposed for debarment (see FAR 9.404 for information on the System for Award Management (SAM) Exclusions). The notice must include the following:

(1) The name of the subcontractor.

(2) The Contractor's knowledge of the reasons for the subcontractor being listed with an exclusion in SAM.

(3) The compelling reason(s) for doing business with the subcontractor notwithstanding its being listed with an exclusion in SAM.

(4) The systems and procedures the Contractor has established to ensure that it is fully protecting the Government's interests when dealing with such subcontractor in view of the specific basis for the party's debarment, suspension, or proposed debarment.

(e) Subcontracts. Unless this is a contract for the acquisition of commercial items, the Contractor shall include the requirements of this clause, including this paragraph (e) (appropriately modified for the identification of the parties), in each subcontract that—

(1) Exceeds the threshold specified in FAR 9.405-2(b) on the date of subcontract award; and

(2) Is not a subcontract for commercially available off-the-shelf items.

SECTION 5.55

EMPLOYMENT REPORTS ON VETERANS (JUN 2020) (FAR 52.222-37)

(a) Definitions. As used in this clause, "active duty wartime or campaign badge veteran," "Armed Forces service medal veteran," "disabled veteran" "protected veteran," and "recently separated veteran," have the meanings given in FAR 22.1301.

(b) Unless the Contractor is a State or local government agency, the Contractor shall report at least annually, as required by the Secretary of Labor, on—

(1) The total number of employees in the contractor's workforce, by job category and hiring location, who are protected veterans (i.e., active duty wartime or campaign badge veterans, Armed Forces service medal veterans, disabled veterans and recently separated veterans);

(2) The total number of new employees hired during the period covered by the report, and of the total, the number of protected veterans (i.e., active duty

wartime or campaign badge veterans, Armed Forces service medal veterans, disabled veterans, and recently separated veterans); and

(3) The maximum number and minimum number of employees of the Contractor or subcontractor at each hiring location during the period covered by the report.

(c) The Contractor shall report the above items by filing the Form VETS-4212, entitled "Federal Contractor Veterans' Employment Report" (see VETS-4212 Federal Contractor Reporting" and Filing Your VETS-4212 Report" at http://www.dol.gov/vets/vets4212.htm)"

(d) The Contractor shall submit VETS-4212Reports no later than September 30 of each year.

(e) The employment activity report required by paragraphs (b)(2) and (b)(3) of this clause shall reflect total new hires, and maximum and minimum number of employees, during the most recent 12-month period preceding the ending date selected for the report. Contractors may select an ending date—

(1) As of the end of any pay period between July 1 and August 31 of the year the report is due; or

(2) As of December 31, if the Contractor has prior written approval from the Equal Employment Opportunity Commission to do so for purposes of submitting the Employer Information Report EEO-1 (Standard Form 100).

(f) The number of veterans reported must be based on data known to the contractor when completing the VETS–4212The contractor's knowledge of veterans status may be obtained in a variety of ways, including an invitation to applicants to self-identify (in accordance with 41 CFR 60–300.42), voluntary self-disclosure by employees, or actual knowledge of veteran status by the contractor. This paragraph does not relieve an employer of liability for discrimination under 38 U.S.C. 4212.

(g) The Contractor shall insert the terms of this clause in subcontracts valued at or above the threshold specified in FAR 22.1303(a) on the date of subcontract award, unless exempted by rules, regulations, or orders of the Secretary of Labor.

SECTION 5.56

AUTHORIZATION AND CONSENT (JUN 2020) (FAR 52.227-1)

(a) The Government authorizes and consents to all use and manufacture, in performing this contract or any subcontract at any tier, of any invention described in and covered by a United States patent—

(1) Embodied in the structure or composition of any article the delivery of which is accepted by the Government under this contract; or

(2) Used in machinery, tools, or methods whose use necessarily results from compliance by the Contractor or a subcontractor with (i) specifications or written provisions forming a part of this contract or (ii) specific written instructions given by the Contracting Officer directing the manner of performance. the entire liability to the Government for infringement of a United States patent shall be determined solely by the provisions of the indemnity clause, if any, included in this contract or any subcontract hereunder (including any lower-tier subcontract), and the Government assumes liability for all other infringement to the extent of the authorization and consent hereinabove granted.

(b) The Contractor shall include the substance of this clause, including this paragraph (b), in all subcontracts that are expected to exceed the simplified acquisition threshold, as

defined in Federal Acquisition Regulation (FAR) 2.101 on the date of subcontract award. However, omission of this clause from any subcontract, including those at or below the simplified acquisition threshold, as defined in Federal Acquisition Regulation (FAR) 2.101 on the date of subcontract award, does not affect this authorization and consent.

SECTION 5.57

NOTICE AND ASSISTANCE REGARDING PATENT AND COPYRIGHT INFRINGEMENT (JUN 2020) (FAR 52.227-2)

(a) The Contractor shall report to the Contracting Officer, promptly and in reasonable written detail, each notice or claim of patent or copyright infringement based on the performance of this contract of which the Contractor has knowledge.

(b) In the event of any claim or suit against the Government on account of any alleged patent or copyright infringement arising out of the performance of this contract or out of the use of any supplies furnished or work or services performed under this contract, the Contractor shall furnish to the Government, when requested by the Contracting Officer, all evidence and information in the Contractor's possession pertaining to such claim or suit. Such evidence and information shall be furnished at the expense of the Government except where the Contractor has agreed to indemnify the Government.

(c) The Contractor shall include the substance of this clause, including this paragraph (c), in all subcontracts that are expected to exceed the simplified acquisition threshold, as defined in Federal Acquisition Regulation (FAR) 2.101 on the date of subcontract award.

SECTION 5.60

SUBCONTRACTS FOR COMMERCIAL ITEMS (OCT 2020) (FAR 52.244-6)

(a) Definitions. As used in this clause —

"Commercial item" and "commercially available off-the-shelf item" have the meanings contained in Federal Acquisition Regulation 2.101.

"Subcontract" includes a transfer of commercial items between divisions, subsidiaries, or affiliates of the Contractor or subcontractor at any tier.

(b) To the maximum extent practicable, the Contractor shall incorporate, and require its subcontractors at all tiers to incorporate, commercial items or non-developmental items as components of items to be supplied under this contract.

(c)(1) The Contractor shall insert the following clauses in subcontracts for commercial items:

(i) 52.203-13, Contractor Code of Business Ethics and Conduct (Jun 2020) (41 U.S.C. 3509), if the subcontract exceeds the threshold specified in FAR 3.1004(a) on the date of subcontract award, and has a performance period of more than 120 days. In altering this clause to identify the appropriate parties, all disclosures of violation of the civil False Claims Act or of Federal criminal law shall be directed to the agency Office of the Inspector General, with a copy to the Contracting Officer.

(ii) 52.203-15, Whistleblower Protections Under the American Recovery and Reinvestment Act of 2009 (Jun 2010) (Section 1553 of Pub. L. 111-5), if the subcontract is funded under the Recovery Act.

(iii) 52.203-19, Prohibition on Requiring Certain Internal Confidentiality Agreements or Statements (JAN 2017).

(iv) 52.204–21, Basic Safeguarding of Covered Contractor Information Systems

(June, 2016), other than subcontracts for commercially available off-the-shelf items, if flow down is required in accordance with paragraph (c) of FAR clause 52.204–21.

(v) 52.204-23, Prohibition on Contracting for Hardware, Software, and Services Developed or Provided by Kaspersky Lab and Other Covered Entities (Jul 2018) (Section 1634 of Pub. L. 115-91).

(vi) 52.204-25, Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment. (Aug 2020) (Section 889(a)(1)(A) of Pub. L. 115-232).

(vii) 52.219-8, Utilization of Small Business Concerns (OCT 2018) (15 U.S.C. 637(d)(2) and (3)), if the subcontract offers further subcontracting opportunities. If the subcontract (except subcontracts to small business concerns) exceeds $700,000 ($1.5 million for construction of any public facility), the subcontractor must include 52.219-8 in lower tier subcontracts that offer subcontracting opportunities.

(viii) 52.222-21 Prohibition of Segregated Facilities (Apr 2015)

(ix) 52.222-26, Equal Opportunity (Apr 2015) (E.O. 11246).

(x) 52.222-35, Equal Opportunity for Veterans (Jun 2020) (38 U.S.C. 4212(a).

(xi) 52.222-36, Equal Opportunity for Workers with Disabilities (Jun 2020) (29 U.S.C. 793).

(xii) 52.222-37, Employment Reports on Veterans (Jun 2020) (38 U.S.C. 4212).

(xiii) 52.222-40, Notification of Employee Rights Under the National Labor Relations Act (Dec 2010) (E.O. 13496), if flow down is required in accordance with paragraph (f) of FAR clause 52.222-40.

(xiv)(A) 52.222-50, Combating Trafficking in Persons (Oct 2020) (22 U.S.C. chapter 78 and E.O. 13627).

(B) Alternate I (MAR 2015) of 52.222-50 (22 U.S.C. chapter 78 and E.O. 13627).

(xv) 52.222-55 , Minimum Wages under Executive Order 13658 (Dec 2015), if flow down is required in accordance with paragraph (k) of FAR clause 52.222-55.

(xvi) 52.222-62, Paid Sick Leave Under Executive Order 13706 (Jan 2017) (E.O. 13706), if flow down is required in accordance with paragraph (m) of FAR clause 52.222-62.

(xvii)(A) 52.224-3, Privacy Training (Jan 2017) (5 U.S.C. 552a) if flow down is required in accordance with 52.224-3(f).

(B) Alternate I (Jan 2017) of 52.224-3, if flow down is required in accordance with 52.224-3(f) and the agency specifies that only its agency-provided training is acceptable).

(xviii) 52.225-26, Contractors Performing Private Security Functions Outside the United States (Oct 2016) (Section 862, as amended, of the National Defense Authorization Act for Fiscal Year 2008; 10 U.S.C. 2302 Note).

(xvix) 52.232-40, Providing Accelerated Payments to Small Business Subcontractors (Dec 2013), if flow down is required in accordance with paragraph (c) of FAR clause 52.232-40.

(xx) 52.247-64, Preference for Privately Owned U.S.-Flag Commercial Vessels (Feb 2006) (46 U.S.C. App. 1241 and 10 U.S.C. 2631), if flow down is required in accordance with paragraph (d) of FAR clause 52.247-64).

(2) While not required, the Contractor may flow down to subcontracts for commercial items a minimal number of additional clauses necessary to satisfy its contractual obligations.

(d) The Contractor shall include the terms of this clause, including this paragraph (d), in subcontracts awarded under this contract.

SECTION 5.64
CONTRACTOR CODE OF BUSINESS ETHICS AND CONDUCT (JUN 2020) (FAR 52.203–13).

(a) Definitions. As used in this clause--

Agent means any individual, including a director, an officer, an employee, or an independent Contractor, authorized to act on behalf of the organization.

Full cooperation--(1) Means disclosure to the Government of the information sufficient for law enforcement to identify the nature and extent of the offense and the individuals responsible for the conduct. It includes providing timely and complete response to Government auditors' and investigators' request for documents and access to employees with information;

(2) Does not foreclose any Contractor rights arising in law, the FAR, or the terms of the contract. It does not require--

(i) A Contractor to waive its attorney-client privilege or the protections afforded by the attorney work product doctrine; or

(ii) Any officer, director, owner, or employee of the Contractor, including a sole proprietor, to waive his or her attorney client privilege or Fifth Amendment rights; and

(3) Does not restrict a Contractor from--

(i) Conducting an internal investigation; or

(ii) Defending a proceeding or dispute arising under the contract or related to a potential or disclosed violation.

"*Principal"* means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a division, or business segment; and similar positions).

"*Subcontract"* means any contract entered into by a subcontractor to furnish supplies or services for performance of a prime contract or a subcontract.

"*Subcontractor"* means any supplier, distributor, vendor, or firm that furnished supplies or services to or for a prime contractor or another subcontractor.

"*United States"* means the 50 States, the District of Columbia, and outlying areas.

(b) *Code of business ethics and conduct*.

(1) Within 30 days after contract award, unless the Contracting Officer establishes a longer time period, the Contractor shall—

(i) Have a written code of business ethics and conduct; and

(ii) Make a copy of the code available to each employee engaged in performance of the contract.

(2) The Contractor shall--

(i) Exercise due diligence to prevent and detect criminal conduct; and

(ii) Otherwise promote an organizational culture that encourages ethical conduct and a commitment to compliance with the law.

(3)(i) The Contractor shall timely disclose, in writing, to the agency Office of the Inspector General (OIG), with a copy to the Contracting Officer, whenever, in connection with the award, performance, or closeout of this contract or any subcontract thereunder, the Contractor has credible evidence that a principal, employee, agent, or subcontractor of the Contractor has committed--

(A) A violation of Federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in Title 18 of the United States Code; or

(B) A violation of the civil False Claims Act (31 U.S.C. 3729- 3733).

(ii) The Government, to the extent permitted by law and regulation, will safeguard and treat information obtained pursuant to the Contractor's disclosure as confidential where the information has been marked ``confidential'' or ``proprietary'' by the company. To the extent permitted by law and regulation, such information will not be released by the Government to the public pursuant to a Freedom of Information Act request, 5 U.S.C. Section 552, without prior notification to the Contractor. The Government may transfer documents provided by the Contractor to any department or agency within the Executive Branch if the information relates to matters within the organization's jurisdiction.

(iii) If the violation relates to an order against a Government wide acquisition contract, a multi-agency contract, a multiple-award schedule contract such as the Federal Supply Schedule, or any other procurement instrument intended for use by multiple agencies, the Contractor shall notify the OIG of the ordering agency and the IG of the agency responsible for the basic contract.

(c) Business ethics awareness and compliance program and internal control system. This paragraph (c) does not apply if the Contractor has represented itself as a small business concern pursuant to the award of this contract or if this contract is for the acquisition of a commercial item as defined at FAR 2.101. The Contractor shall establish the following within 90 days after contract award, unless the Contracting Officer establishes a longer time period:

(1) An ongoing business ethics awareness and compliance program.

(i) This program shall include reasonable steps to communicate periodically and in a practical manner the Contractor's standards and procedures and other aspects of the Contractor's business ethics awareness and compliance program and internal control system, by conducting effective training programs and otherwise disseminating information appropriate to an individual's respective roles and responsibilities.

(ii) The training conducted under this program shall be provided to the Contractor's principals and employees, and as appropriate, the Contractor's agents and subcontractors.

(2) An internal control system.

(i) The Contractor's internal control system shall--

(A) Establish standards and procedures to facilitate timely discovery of improper conduct in connection with Government contracts; and

(B) Ensure corrective measures are promptly instituted and carried out.

(ii) At a minimum, the Contractor's internal control system shall provide for the following:

(A) Assignment of responsibility at a sufficiently high level and adequate resources to ensure effectiveness of the business ethics awareness and compliance program and internal control system.

(B) Reasonable efforts not to include an individual as a principal, whom due diligence would have exposed as having engaged in conduct that is in conflict with the Contractor's code of business ethics and conduct.

(C) Periodic reviews of company business practices, procedures, policies, and internal controls for compliance with the Contractor's code of business ethics and conduct and the special requirements of Government contracting, including--

(1) Monitoring and auditing to detect criminal conduct;

(2) Periodic evaluation of the effectiveness of the business ethics awareness and

compliance program and internal control system, especially if criminal conduct has been detected; and

(3) Periodic assessment of the risk of criminal conduct, with appropriate steps to design, implement, or modify the business ethics awareness and compliance program and the internal control system as necessary to reduce the risk of criminal conduct identified through this process.

(D) An internal reporting mechanism, such as a hotline, which allows for anonymity or confidentiality, by which employees may report suspected instances of improper conduct, and instructions that encourage employees to make such reports.

(E) Disciplinary action for improper conduct or for failing to take reasonable steps to prevent or detect improper conduct.

(F) Timely disclosure, in writing, to the agency OIG, with a copy to the Contracting Officer, whenever, in connection with the award, performance, or closeout of any Government contract performed by the Contractor or a subcontract thereunder, the Contractor has credible evidence that a principal, employee, agent, or subcontractor of the Contractor has committed a violation of Federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in Title 18 U.S.C. or a violation of the civil False Claims Act (31 U.S.C. 3729-3733).

(1) If a violation relates to more than one Government contract, the Contractor may make the disclosure to the agency OIG and Contracting Officer responsible for the largest dollar value contract impacted by the violation.

(2) If the violation relates to an order against a Government wide acquisition contract, a multi-agency contract, a multiple-award schedule contract such as the Federal Supply Schedule, or any other procurement instrument intended for use by multiple agencies, the contractor shall notify the OIG of the ordering agency and the IG of the agency responsible for the basic contract, and the respective agencies' contracting officers.

(3) The disclosure requirement for an individual contract continues until at least 3 years after final payment on the contract.

(4) The Government will safeguard such disclosures in accordance with paragraph (b)(3)(ii) of this clause.

(G) Full cooperation with any Government agencies responsible for audits, investigations, or corrective actions.

(d) Subcontracts. (1) The Contractor shall include the substance of this clause, including this paragraph (d), in subcontracts that exceed the threshold specified in FAR 3.1004(a) on the date of subcontract award and a performance period of more than 120 days.

(2) In altering this clause to identify the appropriate parties, all disclosures of violation of the civil False Claims Act or of Federal criminal law shall be directed to the agency Office of the Inspector General, with a copy to the Contracting Officer.

SECTION 5.69

ENCOURAGING CONTRACTOR POLICIES TO BAN TEXT MESSAGING WHILE DRIVING (JUN 2020) (FAR 52.223-18)

(a) Definitions. As used in this clause—

"Driving"–

(1) Means operating a motor vehicle on an active roadway with the motor running, including while temporarily stationary because of traffic, a traffic light, stop sign, or

otherwise.

(2) Does not include operating a motor vehicle with or without the motor running when one has pulled over to the side of, or off, an active roadway and has halted in a location where one can safely remain stationary.

"Text messaging" means reading from or entering data into any handheld or other electronic device, including for the purpose of short message service texting, e-mailing, instant messaging, obtaining navigational information, or engaging in any other form of electronic data retrieval or electronic data communication. The term does not include glancing at or listening to a navigational device that is secured in a commercially designed holder affixed to the vehicle, provided that the destination and route are programmed into the device either before driving or while stopped in a location off the roadway where it is safe and legal to park.

(b) This clause implements Executive Order 13513, Federal Leadership on Reducing Text Messaging While Driving, dated October 1, 2009.

(c) The Contractor is encouraged to—

(1) Adopt and enforce policies that ban text messaging while driving—

(i) Company-owned or -rented vehicles or Government-owned vehicles; or

(ii) Privately-owned vehicles when on official Government business or when performing any work for or on behalf of the Government.

(2) Conduct initiatives in a manner commensurate with the size of the business, such as—

(i) Establishment of new rules and programs or re-evaluation of existing programs to prohibit text messaging while driving; and

(ii) Education, awareness, and other outreach to employees about the safety risks associated with texting while driving.

(d) Subcontracts. The Contractor shall insert the substance of this clause, including this paragraph (d), in all subcontracts that exceed the micro-purchase threshold, as defined in Federal Acquisition Regulation 2.101 on the date of subcontract award.

SECTION 5.70

CONTRACTOR EMPLOYEE WHISTLEBLOWER RIGHTS AND REQUIREMENT TO INFORM EMPLOYEES OF WHISTLEBLOWER RIGHTS (JUN 2020) (FAR 52.203-17).

(a) This contract and employees working on this contract will be subject to the whistleblower rights and remedies in the pilot program on Contractor employee whistleblower protections established at 41 U.S.C. 4712 by section 828 of the National Defense Authorization Act for Fiscal Year 2013 (Pub. L. 112-239) and Federal Acquisition Regulation (FAR) 3.908

(b) The Contractor shall inform its employees in writing, in the predominant language of the workforce, of employee whistleblower rights and protections under 41 U.S.C. 4712, as described in section FAR 3.908.

(c) The Contractor shall insert the substance of this clause, including this paragraph (c), in all subcontracts over the simplified acquisition threshold, as defined in FAR 2.101 on the date of subcontract award.

SECTION 5.71

COMBATING TRAFFICKING IN PERSONS (OCT 2020) (FAR 52.222-50)
(a) Definitions. As used in this clause—
"Agent" means any individual, including a director, an officer, an employee, or an independent contractor, authorized to act on behalf of the organization.
"Coercion" means—
(1) Threats of serious harm to or physical restraint against any person;
(2) Any scheme, plan, or pattern intended to cause a person to believe that failure to perform an act would result in serious harm to or physical restraint against any person; or
(3) The abuse or threatened abuse of the legal process.
"Commercially available off-the-shelf (COTS) item" means-
(1) Any item of supply (including construction material) that is-
(i) A commercial item (as defined in paragraph (1) of the definition at FAR 2.101);
(ii) Sold in substantial quantities in the commercial marketplace; and
(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and
(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.
"Commercial sex act" means any sex act on account of which anything of value is given to or received by any person.
"Debt bondage" means the status or condition of a debtor arising from a pledge by the debtor of his or her personal services or of those of a person under his or her control as a security for debt, if the value of those services as reasonably assessed is not applied toward the liquidation of the debt or the length and nature of those services are not respectively limited and defined.

"Employee" means an employee of the Contractor directly engaged in the performance of work under the contract who has other than a minimal impact or involvement in contract performance.
"Forced labor" means knowingly providing or obtaining the labor or services of a person—
(1) By threats of serious harm to, or physical restraint against, that person or another person;
(2) By means of any scheme, plan, or pattern intended to cause the person to believe that, if the person did not perform such labor or services, that person or another person would suffer serious harm or physical restraint; or
(3) By means of the abuse or threatened abuse of law or the legal process.
"Involuntary servitude" includes a condition of servitude induced by means of—
(1) Any scheme, plan, or pattern intended to cause a person to believe that, if the person did not enter into or continue in such conditions, that person or another person would suffer serious harm or physical restraint; or
(2) The abuse or threatened abuse of the legal process.
"Recruitment fees" means fees of any type, including charges, costs, assessments, or other financial obligations, that are associated with the recruiting process, regardless of the time, manner, or location of imposition or collection of the fee.
(1) Recruitment fees include, but are not limited to, the following fees (when they are associated with the recruiting process) for—

(i) Soliciting, identifying, considering, interviewing, referring, retaining, transferring, selecting, training, providing orientation to, skills testing, recommending, or placing employees or potential employees;
(ii) Advertising;
(iii) Obtaining permanent or temporary labor certification, including any associated fees;
(iv) Processing applications and petitions;
(v) Acquiring visas, including any associated fees;
(vi) Acquiring photographs and identity or immigration documents, such as passports, including any associated fees;
(vii) Accessing the job opportunity, including required medical examinations and immunizations; background, reference, and security clearance checks and examinations; and additional certifications;
(viii) An employer's recruiters, agents or attorneys, or other notary or legal fees;
(ix) Language interpretation or translation, arranging for or accompanying on travel, or providing other advice to employees or potential employees;
(x) Government-mandated fees, such as border crossing fees, levies, or worker welfare funds;
(xi) Transportation and subsistence costs—
(A) While in transit, including, but not limited to, airfare or costs of other modes of transportation, terminal fees, and travel taxes associated with travel from the country of origin to the country of performance and the return journey upon the end of employment; and
(B) From the airport or disembarkation point to the worksite;
(xii) Security deposits, bonds, and insurance; and
(xiii) Equipment charges.
(2) A recruitment fee, as described in the introductory text of this definition, is a recruitment fee, regardless of whether the payment is—
(i) Paid in property or money;
(ii) Deducted from wages;
(iii) Paid back in wage or benefit concessions;
(iv) Paid back as a kickback, bribe, in-kind payment, free labor, tip, or tribute; or V-54 (FFS-2020)
(v) Collected by an employer or a third party, whether licensed or unlicensed, including, but not limited to—
(A) Agents;
(B) Labor brokers;
(C) Recruiters;
(D) Staffing firms (including private employment and placement firms);
(E) Subsidiaries/affiliates of the employer;
(F) Any agent or employee of such entities; and
(G) Subcontractors at all tiers.
“Severe forms of trafficking in persons” means—
(1) Sex trafficking in which a commercial sex act is induced by force, fraud, or coercion, or in which the person induced to perform such act has not attained 18 years of age; or
(2) The recruitment, harboring, transportation, provision, or obtaining of a person for labor or services, through the use of force, fraud, or coercion for the purpose of subjection to involuntary servitude, peonage, debt bondage, or slavery.
“Sex trafficking” means the recruitment, harboring, transportation, provision, or obtaining of a person for the purpose of a commercial sex act.

(b) Policy. The United States Government has adopted a policy prohibiting trafficking in persons including the trafficking-related activities of this clause. Contractors, contractor employees, and their agents shall not—
(1) Engage in severe forms of trafficking in persons during the period of performance of the contract;
(2) Procure commercial sex acts during the period of performance of the contract; or
(3) Use forced labor in the performance of the contract.
(4) Destroy, conceal, confiscate, or otherwise deny access by an employee to the employee's identity or immigration documents, such as passports or drivers' licenses, regardless of issuing authority;
(5)(i) Use misleading or fraudulent practices during the recruitment of employees or offering of employment, such as failing to disclose, in a format and language understood by the employee or potential employee, basic information or making material misrepresentations during the recruitment of employees regarding the key terms and conditions of employment, including wages and fringe benefits, the location of work, the living conditions, housing and associated costs (if employer or agent provided or arranged), any significant cost to be charged to the employee, and, if applicable, the hazardous nature of the work;
(ii) Use recruiters that do not comply with local labor laws of the country in which the recruiting takes place;
(6) Charge employees or potential employees recruitment fees;
(7)(i) Fail to provide return transportation or pay for the cost of return transportation upon the end of employment-
(A) For an employee who is not a national of the country in which the work is taking place and who was brought into that country for the purpose of working on a U.S. Government contract or subcontract (for portions of contracts performed outside the United States); or
(B) For an employee who is not a United States national and who was brought into the United States for the purpose of working on a U.S. Government contract or subcontract, if the payment of such costs is required under existing temporary worker programs or pursuant to a written agreement with the employee (for portions of contracts performed inside the United States); except that
(ii) The requirements of paragraphs (b)(7)(i) of this clause shall not apply to an employee who is-
(A) Legally permitted to remain in the country of employment and who chooses to do so; or
(B) Exempted by an authorized official of the contracting agency from the requirement to provide return transportation or pay for the cost of return transportation;
(iii) The requirements of paragraph (b)(7)(i) of this clause are modified for a victim of trafficking in persons who is seeking victim services or legal redress in the country of employment, or for a witness in an enforcement action related to trafficking in persons. The contractor shall provide the return transportation or pay the cost of return transportation in a way that does not obstruct the victim services, legal redress, or witness activity. For example, the contractor shall not only offer return transportation to a witness at a time when the witness is still needed to testify. This paragraph does not apply when the exemptions at paragraph (b)(7)(ii) of this clause apply.
(8) Provide or arrange housing that fails to meet the host country housing and safety standards; or
(9) If required by law or contract, fail to provide an employment contract, recruitment

agreement, or other required work document in writing. Such written work document shall be in a language the employee understands. If the employee must relocate to perform the work, the work document shall be provided to the employee at least five days prior to the employee relocating. The employee's work document shall include, but is not limited to, details about work description, wages, prohibition on charging recruitment fees, work location(s), living accommodations and associated costs, time off, roundtrip transportation arrangements, grievance process, and the content of applicable laws and regulations that prohibit trafficking in persons.

(c) Contractor requirements. The Contractor shall—

(1) Notify its employees and agents of—

(i) The United States Government's policy prohibiting trafficking in persons, described in paragraph (b) of this clause; and

(ii) The actions that will be taken against employees or agents for violations of this policy. Such actions for employees may include, but are not limited to, removal from the contract, reduction in benefits, or termination of employment; and

(2) Take appropriate action, up to and including termination, against employees, agents, or subcontractors that violate the policy in paragraph (b) of this clause.

(d) Notification.

(1) The Contractor shall inform the Contracting Officer and the agency Inspector General immediately of—

(i) Any credible information it receives from any source (including host country law enforcement) that alleges a Contractor employee, subcontractor, subcontractor employee, or their agent has engaged in conduct that violates the policy; in in paragraph (b) of this clause (see also 18 U.S.C. 1351, Fraud in Foreign Labor Contracting, and 52.203-13(b)(3)(i)(A), if that clause is included in the solicitation or contract, which requires disclosure to the agency Office of the Inspector General when the Contractor has credible evidence of fraud) ; and

(ii) Any actions taken against a Contractor employee, subcontractor, or subcontractor employee, or their agent pursuant to this clause.

(2) If the allegation may be associated with more than one contract, the Contractor shall inform the contracting officer for the contract with the highest dollar value.

(e) Remedies. In addition to other remedies available to the Government, the Contractor's failure to comply with the requirements of paragraphs (c), (d), (g), (h) or (i) of this clause may result in—

(1) Requiring the Contractor to remove a Contractor employee or employees from the performance of the contract;

(2) Requiring the Contractor to terminate a subcontract;

(3) Suspension of contract payments until the Contractor has taken appropriate remedial action;

(4) Loss of award fee, consistent with the award fee plan, for the performance period in which the Government determined Contractor non-compliance;

(5) Declining to exercise available options under the contract;

(6) Termination of the contract for default or cause, in accordance with the termination clause of this contract; or

(7) Suspension or debarment.

(f) Mitigating and aggravating factors. When determining remedies, the Contracting Officer may consider the following:

(1) Mitigating factors. The Contractor had a Trafficking in Persons compliance plan or an awareness program at the time of the violation, was in compliance with the plan, and has

taken appropriate remedial actions for the violation, that may include reparation to victims for such violations.
(2) Aggravating factors. The Contractor failed to abate an alleged violation or enforce the requirements of a compliance plan, when directed by the Contracting Officer to do so.
(g) Full cooperation.
(1) The Contractor shall, at a minimum-
(i) Disclose to the agency Inspector General information sufficient to identify the nature and extent of an offense and the individuals responsible for the conduct;
(ii) Provide timely and complete responses to Government auditors' and investigators' requests for documents;
(iii) Cooperate fully in providing reasonable access to its facilities and staff (both inside and outside the U.S.) to allow contracting agencies and other responsible Federal agencies to conduct audits, investigations, or other actions to ascertain compliance with the Trafficking Victims Protection Act of 2000 (22 U.S.C. chapter 78), E.O. 13627, or any other applicable law or regulation establishing restrictions on trafficking in persons, the procurement of commercial sex acts, or the use of forced labor; and
(iv) Protect all employees suspected of being victims of or witnesses to prohibited activities, prior to returning to the country from which the employee was recruited, and shall not prevent or hinder the ability of these employees from cooperating fully with Government authorities.
(2) The requirement for full cooperation does not foreclose any Contractor rights arising in law, the FAR, or the terms of the contract. It does not-
(i) Require the Contractor to waive its attorney-client privilege or the protections afforded by the attorney work product doctrine;
(ii) Require any officer, director, owner, employee, or agent of the Contractor, including a sole proprietor, to waive his or her attorney client privilege or Fifth Amendment rights; or
(iii) Restrict the Contractor from-
(A) Conducting an internal investigation; or
(B) Defending a proceeding or dispute arising under the contract or related to a potential or disclosed violation.
(h) Compliance plan.
(1) This paragraph (h) applies to any portion of the contract that-
(i) Is for supplies, other than commercially available off-the-shelf items, acquired outside the United States, or services to be performed outside the United States; and
(ii) Has an estimated value that exceeds $550,000.
(2) The Contractor shall maintain a compliance plan during the performance of the contract that is appropriate-
(i) To the size and complexity of the contract; and
(ii) To the nature and scope of the activities to be performed for the Government, including the number of non-United States citizens expected to be employed and the risk that the contract or subcontract will involve services or supplies susceptible to trafficking in persons.
(3) Minimum requirements. The compliance plan must include, at a minimum, the following:
(i) An awareness program to inform contractor employees about the Government's policy prohibiting trafficking-related activities described in paragraph (b) of this clause, the activities prohibited, and the actions that will be taken against the employee for violations. Additional information about Trafficking in Persons and examples of awareness programs can be found at the website for the Department of State's Office to Monitor and Combat

Trafficking in Persons at http://www.state.gov/j/tip/.
(ii) A process for employees to report, without fear of retaliation, activity inconsistent with the policy prohibiting trafficking in persons, including a means to make available to all employees the hotline phone number of the Global Human Trafficking Hotline at 1-844-888- FREE and its email address at help@befree.org.
(iii) A recruitment and wage plan that only permits the use of recruitment companies with trained employees, prohibits charging recruitment fees to the employee or potential employees, and ensures that wages meet applicable host-country legal requirements or explains any variance.
(iv) A housing plan, if the Contractor or subcontractor intends to provide or arrange housing, that ensures that the housing meets host-country housing and safety standards.
(v) Procedures to prevent agents and subcontractors at any tier and at any dollar value from engaging in trafficking in persons (including activities in paragraph (b) of this clause) and to monitor, detect, and terminate any agents, subcontracts, or subcontractor employees that have engaged in such activities.
(4) Posting.
(i) The Contractor shall post the relevant contents of the compliance plan, no later than the initiation of contract performance, at the workplace (unless the work is to be performed in the field or not in a fixed location) and on the Contractor's Web site (if one is maintained). If posting at the workplace or on the Web site is impracticable, the Contractor shall provide the relevant contents of the compliance plan to each worker in writing.
(ii) The Contractor shall provide the compliance plan to the Contracting Officer upon request.
(5) Certification. Annually after receiving an award, the Contractor shall submit a certification to the Contracting Officer that-
(i) It has implemented a compliance plan to prevent any prohibited activities identified at paragraph (b) of this clause and to monitor, detect, and terminate any agent, subcontract or subcontractor employee engaging in prohibited activities; and
(ii) After having conducted due diligence, either-
(A) To the best of the Contractor's knowledge and belief, neither it nor any of its agents, subcontractors, or their agents is engaged in any such activities; or
(B) If abuses relating to any of the prohibited activities identified in paragraph (b) of this clause have been found, the Contractor or subcontractor has taken the appropriate remedial and referral actions.
(i) Subcontracts.
(1) The Contractor shall include the substance of this clause, including this paragraph (f), in all subcontracts and in all contracts with agents. The requirements in paragraph (h) of this clause apply only to any portion of the subcontract that-
(i) Is for supplies, other than commercially available off-the-shelf items, acquired outside the United States, or services to be performed outside the United States; and
(ii) Has an estimated value that exceeds $550,000.
(2) If any subcontractor is required by this clause to submit a certification, the Contractor shall require submission prior to the award of the subcontract and annually thereafter. The certification shall cover the items in paragraph (h)(5) of this clause.

SECTION 5.75
PROHIBITION ON CONTRACTING FOR CERTAIN TELECOMMUNICATIONS AND VIDEO SURVEILLANCE SERVICES OR EQUIPMENT (AUG 2020) (FAR 52.204-25).

i. *Definitions.* As used in this clause—

"Backhaul" means intermediate links between the core network, or backbone network, and the small subnetworks at the edge of the network (e.g., connecting cell phones/towers to the core telephone network). Backhaul can be wireless (e.g., microwave) or wired (e.g., fiber optic, coaxial cable, Ethernet).

"Covered foreign country" means The People's Republic of China. "Covered telecommunications equipment or services" means–

(1) Telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities);

(2) For the purpose of public safety, security of Government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities);

(3) Telecommunications or video surveillance services provided by such entities or using such equipment; or

(4) Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.

"Critical technology" means–

(1) Defense articles or defense services included on the United States Munitions List set forth in the International Traffic in Arms Regulations under subchapter M of chapter I of title 22, Code of Federal Regulations;

(2) Items included on the Commerce Control List set forth in Supplement No. 1 to part 774 of the Export Administration Regulations under subchapter C of chapter VII of title 15, Code of Federal Regulations, and controlled-

(i) Pursuant to multilateral regimes, including for reasons relating to national security, chemical and biological weapons proliferation, nuclear nonproliferation, or missile technology; or

(ii) For reasons relating to regional stability or surreptitious listening;

(3) Specially designed and prepared nuclear equipment, parts and components, materials, software, and technology covered by part 810 of title 10, Code of Federal Regulations (relating to assistance to foreign atomic energy activities);

(4) Nuclear facilities, equipment, and material covered by part 110 of title 10, Code of Federal Regulations (relating to export and import of nuclear equipment and material);

(5) Select agents and toxins covered by part 331 of title 7, Code of Federal Regulations, part 121 of title 9 of such Code, or part 73 of title 42 of such Code; or

(6) Emerging and foundational technologies controlled pursuant to section 1758 of the Export Control Reform Act of 2018 (50 U.S.C. 4817).

"Interconnection arrangements" means arrangements governing the physical connection of two or more networks to allow the use of another's network to hand off traffic where it is ultimately delivered (e.g., connection of a customer of telephone provider A to a customer of telephone company B) or sharing data and other information resources.

"Reasonable inquiry" means an inquiry designed to uncover any information in the

entity's possession about the identity of the producer or provider of covered telecommunications equipment or services used by the entity that excludes the need to include an internal or third-party audit.

"Roaming" means cellular communications services (e.g., voice, video, data) received from a visited network when unable to connect to the facilities of the home network either because signal coverage is too weak or because traffic is too high.

"Substantial or essential component" means any component necessary for the proper function or performance of a piece of equipment, system, or service.

(b) Prohibition. (1) Section 889(a)(1)(A) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115–232) prohibits the head of an executive agency on or after August 13, 2019, from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. The Contractor is prohibited from providing to the Government any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless an exception at paragraph (c) of this clause applies or the covered telecommunication equipment or services are covered by a waiver described in FAR 4.2104.

(2) Section 889(a)(1)(B) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115–232) prohibits the head of an executive agency on or after August 13, 2020, from entering into a contract, or extending or renewing a contract, with an entity that uses any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless an exception at paragraph (c) of this clause applies or the covered telecommunication equipment or services are covered by a waiver described in FAR 4.2104. This prohibition applies to the use of covered telecommunications equipment or services, regardless of whether that use is in performance of work under a Federal contract.

(c) *Exceptions.* This clause does not prohibit contractors from providing—

(1) A service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(2) Telecommunications equipment that cannot route or redirect user data traffic or permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(d) Reporting requirement. (1)In the event the Contractor identifies covered telecommunications equipment or services used as a substantial or essential component of any system, or as critical technology as part of any system, during contract performance, or the Contractor is notified of such by a subcontractor at any tier or by any other source, the Contractor shall report the information in paragraph (d)(2) of this clause to the Contracting Officer, unless elsewhere in this contract are established procedures for reporting the information; in the case of the Department of Defense, the Contractor shall report to the website at https://dibnet.dod.mil. For indefinite delivery contracts, the Contractor shall report to the Contracting Officer for the indefinite delivery contract and the Contracting Officer(s) for any affected order or, in the case of the Department of Defense, identify both the indefinite delivery contract and any affected orders in the report provided at

https://dibnet.dod.mil.

(2) The Contractor shall report the following information pursuant to paragraph (d)(1) of this clause

(i) Within one business day from the date of such identification or notification: the contract number; the order number(s), if applicable; supplier name; supplier unique entity identifier (if known); supplier Commercial and Government Entity (CAGE) code (if known); brand; model number (original equipment manufacturer number, manufacturer part number, or wholesaler number); item description; and any readily available information about mitigation actions undertaken or recommended.

(ii) Within 10 business days of submitting the information in paragraph (d)(2)(i) of this clause: any further available information about mitigation actions undertaken or recommended. In addition, the Contractor shall describe the efforts it undertook to prevent use or submission of covered telecommunications equipment or services, and any additional efforts that will be incorporated to prevent future use or submission of covered telecommunications equipment or services.

(e) *Subcontracts.* The Contractor shall insert the substance of this clause, including this paragraph (e) and excluding (b)(2), in all subcontracts and other contractual instruments, including subcontracts for the acquisition of commercial items.

Part IV-SPECIAL PROVISIONS is deleted and replaced with the following:

SECTION 4.1
ALTERATIONS IN CONTRACT (JAN 2019) (FAR 52.252-4)

Portions of this contract are altered as follows:

(a) Section 1.6 Confidentiality of Records. The following subsection is added:

(d) Local Blue Cross and/or Blue Shield Plans may combine the personal data and medical records of Federal subscribers, and information relating thereto, with the same information of other individuals who have health benefits coverage under the Local Blue Cross and/or Blue Shield Plan. This combined data may only be used and disclosed for the Plan's health care operations and payment activities, as such terms and conditions are defined under the Health Insurance Portability and Accountability Act, and its implementing regulations (45 CFR § 164.501). Such activities include, but are not limited to: care management; prevention, detection, and recovery of funds subject to fraud and abuse; and negotiation of provider contracts.

(e) As used in subsection (b)(1) of this section, "administration of this contract" means health care operations and payment activities, as such terms and conditions are defined under the Health Insurance Portability and Accountability Act, and its implementing regulations (45 CFR § 164.501).

(b) Section 1.9 Plan Performance - Experience-Rated FFS Contracts.

The Carrier may use the appropriate systems for measurement and/or collection of data on the quality of the health care services as described in subparagraph 1.9(b).

(c) Section 1.14, Misleading, Deceptive, or Unfair Advertising, is amended by removing the reference to the NAIC Advertisements of Accident and Sickness Insurance Model Regulation (Appendix D-b). Carrier should continue to use the FEHB Supplemental Literature Guidelines (now at the renumbered Appendix C) along with FEHBAR 1603.7002.

(d) Section 1.15 Renewal and Withdrawal of Approval (FEHBAR). The following subsections are added:

(d) If the agency suspends payment of the subscription charges for any reason, the Carrier may (1) suspend making benefit payments until payment of all subscription charges due is fully restored; or (2) terminate the contract without prior notice.

(e) Section 1.21 Patient Bill of Rights. For the purpose of compliance with this Section, the Carrier will conduct the following minimum activities: (1) the Carrier will provide subscribers with a Fact Sheet that includes information about the disenrollment rate in the Blue Cross and Blue Shield Service Benefit Plan, as well as Local Plan-specific information including compliance with Federal and State financial requirements, public corporate information, years in existence, and accreditation status; (2) Provider Directories will include language advising subscribers to contact their providers directly obtain information about the providers, including but not limited to board certifications, languages spoken, availability of

interpreters, facility accessibility, and whether the provider is accepting new patients.

(f) Section 1.30 Health Information Technology Privacy and Security. Subsections (b), (c) and the introductory paragraph of Subsection (d) of Section 1.30 are amended to read as follows:

(b) The Carrier will promote consumer transparency by ensuring that at the point where the Federal member enters the subcontractor's, large provider's, or vendor's website or web portal the link to the subcontractor's, large provider's, or vendor's notice of privacy practices and/or privacy policies is displayed on the bottom, or prominently displayed elsewhere, on the website or web portal.

(c) Notice of privacy practices and/or privacy policies disclosures must describe the uses of individually identifiable protected health information and any potential disclosure to other entities as described in the HIPAA Privacy Rule.

(d) The Carrier will participate with the Contracting Officer or an authorized representative of the Contracting Officer in credential vulnerability scans and configuration compliance audits conducted in accordance with rules of engagement agreed to by the Contracting Officer and the Blue Cross and Blue Shield Association. The rules of engagement will include the software and hardware used for vulnerability scanning; the specific process used to conduct vulnerability scanning; precautions taken to prevent negative disruption on the systems being scanned; restrictions on the release of documents and artifacts; and how the results of the scanning will be reviewed and reported.

(g) Section 2.2 Benefits Provided. The following paragraph is added to subsection 2.2(a):

(4) The Carrier may pay the Preferred Provider Organization level of benefits under this contract to ease the hardship of members affected by natural disasters such as earthquakes, floods, etc., when because of the natural disaster members have difficulty gaining access to Preferred network providers. The Carrier may pay the Preferred level of benefits without regard to the provider's contractual relationship with the Carrier and will determine an appropriate time frame based on local conditions during which the provision of this paragraph will apply. Benefits provided under this paragraph will be made available to all members similarly affected by the natural disaster.

(h) Section 2.3 Payment of Benefits and Provision of Services and Supplies. Notwithstanding subsection (f) of Section 2.3, benefits provided under the contract are not assignable by the Member to any person without express written approval of the carrier, and in the absence of such approval, any such assignment shall be void. Notwithstanding such approval, no assignment of benefits may be made in any case prior to the time that a valid claim for benefits arises.

(i) Section 2.3 Payment of Benefits and Provision of Services and Supplies. The introductory paragraph of Subsection 2.3(g) is amended to read as follows:

(g) *Erroneous Payments*.

(i) If the Carrier or OPM determines that a Member's claim has been paid in error for any reason (except in the case of fraud or abuse), the Carrier shall make a

prompt and diligent effort to recover the erroneous payment to the member from the member or, if to the provider, from the provider; the recovery of any overpayment must be treated as an erroneous benefit payment, overpayment, or duplicate payment under 48 C.F.R. 1631.201-70(h) regardless of any time period limitations in the written agreement with the provider.

(ii) The Carrier shall be deemed to have satisfied the requirements of Subsection (g) (i) above by complying with Subsections (ii), (iii), and (iv). Local Blue Cross and Blue Shield Plans which have time period limitations in their provider contracts which prevent the Plan from recovering erroneous benefit payments made to providers will participate in an action plan. The action plan shall be developed by the Blue Cross and Blue Shield Association by December 31, 2008 and agreed to by the Contracting Officer and the Blue Cross and Blue Shield Association. The Blue Cross and Blue Shield Association and the Contracting Officer shall utilize standards of commercial reasonableness and neither shall unreasonably withhold agreement. The action plan shall be designed to reduce the occurrence of erroneous benefit payments, to identify and recover erroneous benefit payments within the time limits stipulated in their provider contracts, and to demonstrate due diligence in making an attempt to identify and recover within that provider contract timeframe such erroneous benefit payments.

(iii) The Blue Cross and Blue Shield Association shall be responsible for monitoring and determining whether each Blue Cross and Blue Shield Plan participating in the action plan is complying with its obligations under the action plan.

(iv) A Blue Cross and Blue Shield Plan which is in compliance with its obligations under the action plan shall be found to be in compliance with its obligation under this Section 2.3(g) to make a prompt and diligent effort to recover erroneous benefit payments. In the event that any Plan with such time period limitations is determined to be not in substantial compliance with the action plan, and that Plan is determined not to have pursued material benefit payments with promptness and diligence, then the Plan shall return the erroneous benefit payments to the Program.

(v) The Carrier shall follow general business practices and procedures in collecting debts owed under the Federal Employees Health Benefits Program. Prompt and diligent effort to recover erroneous payments means that upon discovering that an erroneous payment exists, the Carrier shall—

(j) Section 2.3 Payment of Benefits and Provision of Services and Supplies. Subsection (g)(7)(ii) of Section 2.3 is amended to read as follows:

Notwithstanding (g)(7)(i), the Carrier may not charge the contract for the administrative costs to correct erroneous benefit payments (or to correct processes or procedures that caused erroneous benefit payments) when the errors are egregious and repeated. These costs are deemed to be unreasonable and unallowable under Section 3.2(b). The term "repeated" in the previous sentence does not apply to situations in which a claims processing system error causes multiple erroneous payments or to situations that involve audit findings on errors that are endemic to the provision of insurance and claims processing.

(k) Section 2.3 Payment of Benefits and Provision of Services and Supplies. Subsection (g)(10) of Section 2.3 is amended to read as follows:

(10) In compliance with the Contracts Disputes Act, the Carrier shall return to the Program an amount equal to the uncollected erroneous benefit payment where the Contracting Officer determines that the Carrier failed to make a prompt and diligent effort, as that term is described above, to recover the erroneous benefit payment. This provision applies to benefit payments which have been paid in error for any reason (except in the case of fraud or abuse).

(l) Section 2.4 Termination of Coverage and Conversion Privileges. The conversion contract set forth in Section 2.4(c) may be a contract that is regularly offered by the local Blue Cross and/or Blue Shield Plan.

(m) Section 2.5 Subrogation. The following subsections are added:

(c) To the extent that a Member has received benefits for covered services under this contract for an injury or illness caused by a third party, the Carrier shall have the right to be subrogated and succeed to any rights of recovery against any person or organization from whom the Member is legally entitled to receive all or part of those same benefits, including insurers of individuals (non-group) policies of liability insurance that are issued to and in the name of the Member. The obligation of the Carrier to recover amounts through subrogation is limited to making a reasonable effort to seek recovery of amounts to which it is entitled to recover in cases which are brought to its attention. The Carrier shall not be required to recover any amounts from any person or organization who causes an injury or illness for which the Member makes claims for benefits.

(d) The Carrier may also recover directly from the Member all amounts received by the Member by suit, settlement, or otherwise from any third party or its insurer, or the Member's insurer under an individual policy or liability insurance, for benefits which have also been paid under this contract.

(e) The Member shall take such action, furnish such information and assistance, and execute such papers as the Carrier or its representative believes are necessary to facilitate enforcement of its rights, and shall take no action which would prejudice the interests of the Carrier to subrogation.

(f) Effective January 1, 1997, all Participating Plans shall subrogate under a single, nation-wide policy to ensure equitable and consistent treatment for all Members under the contract.

(n) Section 2.6 Coordination of Benefits (FEHBAR). The following subsections are added:

(g) The benefits payable by this Plan shall be determined, on a claim by claim basis, only for those claims in excess of $100, except where Medicare is the primary payer of benefits, claims in excess of $50.

(h) Whenever payments which should have been made under this contract in accordance with this provision have been made under any other group health coverage, the Carrier shall have the right, exercisable alone and in its sole discretion, to pay over to any organizations making such other payments any amount it shall determine to be warranted in order to satisfy the intent of this provision, and amounts so paid shall be deemed to be benefits paid under this contract and, to the extent of such payments discharged from liability under the contract.

(o) Section 3.1 Payments (FEHBAR). The following sentence is added to the end of Section 3.1(a):

OPM will withhold from the subscription charges amounts for other obligations due under the contract only to the extent that OPM and the Carrier have agreed in writing to specific deductions for such other obligations.

(p) Section 3.1 Payments (FEHBAR). The following subsection is added:

(g) Except as required pursuant to Sections 1.25 and 2.12, in the event this contract is terminated or not renewed, the agency shall be liable for all sums due and unpaid, including subscription charges, for the period up to the last day of the Member's entitlement to benefits.

(q) Section 3.2 Accounting and Allowable Cost (FEHBAR). Section 3.2(b)(2)(ii) of this contract is amended to comply with 5 U.S.C. 8909(f) as follows:

(1) No tax, fee, or other monetary payment may be imposed, directly or indirectly, on a Carrier or an underwriting or plan administration subcontractor of an approved health benefits plan by any State, the District of Columbia, or the Commonwealth of Puerto Rico, or by any political subdivision or other governmental authority thereof, with respect to any payment made from the Fund.

(2) Paragraph (1) shall not be construed to exempt any Carrier or subcontractor of an approved health benefits plan from the imposition, payment, or collection of a tax, fee, or other monetary payment on the net income or profit accruing to or realized by such Carrier or underwriting or plan administration subcontractor from business conducted under this Chapter, if that tax, fee, or payment is applicable to a broad range of business activity.

(r) Section 3.2 Accounting and Allowable Cost (FEHBAR). The provision in Section 3.2 (b)(2)(iv)(A) is supplemented as follows:

Charges for mandatory statutory reserves (Section 3.2(b)(2)(iv)(A)) to satisfy mandatory statutory reserve requirements of Participating Plans are allowable to the extent that such requirements exceed that portion of the service charge at Appendix B, Subscription Rates, Charges, Allowances and Limitations applicable to such Plans.

(s) Section 3.2 Accounting and Allowable Cost (FEHBAR). This section is modified as follows:

The Carrier, as required by the Blue Cross and Blue Shield Service Benefit Plan Workplan,

shall furnish OPM an accounting of its operations under the contract not less than 120 days after the end of the calendar year contract period.

(t) Section 3.3 Special Reserve. The provision in Section 3.3(a) is supplemented as follows:

The Special reserve held by or on behalf of the Carrier is to be used only for payment of charges against this contract, including advance payments to Participating Plans and to hospitals.

(u) Section 3.10, Audit, Financial, and Other Information. Compliance by the Carrier and Participating Blue Cross and Blue Shield Plans with the Blue Cross Blue Shield Service Benefit Plan Workplan, as agreed upon between the Carrier and OPM, will constitute compliance with the Audit Guide referred to in Sections 3.2 and 3.10.

SECTION 4.2
HOSPITAL (FACILITY) BENEFIT PAYMENTS AND CONDITIONS (JAN 1991)

(a) Benefits described in the agreed upon brochure text shall be provided to the extent practicable in the form of services rendered by hospitals, freestanding ambulatory facilities, and home health care agencies, and payment, therefore, by or on behalf of the carrier shall constitute a complete discharge of their obligations under this contract to the extent of services rendered in accordance with the terms and conditions of the contract.

(b) Benefits for inpatient hospital care shall be available only to a Member admitted to the hospital on the recommendation, and while under the active medical supervision of a duly licensed physician or alternative provider as described in section 8902(k)(1) of title 5 U.S.C. who is a member of the staff of, or acceptable to, the hospital selected.

(c) Hospital service is subject to all the rules and regulations of the hospital selected including rules governing admissions.

(d) While a Member may elect to be hospitalized in any hospital, the Carrier does not undertake to guarantee the admission of such Member to the hospital, nor the availability of any accommodations or services therein requested by the Member or his physician.

SECTION 4.3
DEFINITION OF CARRIER (JAN 1991)

The Carrier is the Blue Cross and Blue Shield Association, an Illinois not-for-profit corporation, acting on behalf of participating Blue Cross and Blue Shield Plans and pursuant to authority specified in Exhibit A for and in behalf of the organizations specified in Exhibit A (hereinafter sometimes referred to as “Participating Plans”).

SECTION 4.4
AUDIT DISPUTES (JAN 2000)

(a) Any questioned costs or issues documented by or on behalf of OPM’s Office of the Inspector General (OIG) in draft or final audit reports examining the Carrier’s and Participating Plans’ performance under this contract, that are provided to the Carrier and that

were initially raised in the timeframe set forth in subsection (c) below, remain open until resolved. Audit issues related to monetary findings for which extensions of the waiver period for the issuance of final decisions and processing of prior period adjustments were obtained in previous contract terms also remain open until resolved.

(b) Resolution of a questioned cost or issue can be the result of a resolution letter or the issuance of a final decision by the Contracting Officer, or by the processing of a prior period adjustment, an adjustment to the Special reserve, or submission of a claim to OPM (as appropriate) by the Carrier or Participating Plan. A prior period adjustment intended to partially or fully resolve an audit finding will not be considered closed until properly reported on the calendar year Annual Accounting Statement.

(c) A claim seeking, as a matter of right, the payment of money, in a sum certain, pursuant to 48 CFR section 52.233-1, shall not be made more than five years following the last day prescribed by the contract for filing the calendar year Annual Accounting Statement for the year with respect to which the claim arises. A claim includes, in the case of the carrier, a charge against the contract.

SECTION 4.5
ASSOCIATION DUES (JAN 2004)

A Participating local Blue Cross and Blue Shield Plan may charge to this contract Association Dues, with the exception of dues related to those lobbying costs and Special Assessments determined to be unallowable. In calculating the unallowable portion of dues related to lobbying costs for a contract year, the Blue Cross and Blue Shield Plan will rely on the percentage of dues, less any special assessments, as determined by the BCBSA for IRS purposes, to be not tax deductible from the previous contract year.

SECTION 4.6
TRAVEL COSTS (JAN 1996)

The Carrier may charge and account for travel expenses related to administration of the contract on a per diem basis, subject to the maximums prescribed by the Federal Travel Regulations. For those travel costs for each contract term that are subject to the Federal per diem rates set forth at 48 CFR section 31.205-46, the Carrier shall charge to the contract an amount equal to the lesser of:

(i) the actual aggregate charges for those costs, or
(ii) the aggregate charges calculated using the per diem rates set forth in the Federal Travel Regulations.

SECTION 4.7
MARKET RESEARCH COSTS (JAN 1996)

(a) Costs of market research surveys or studies are generally allowable if the survey or study is:

1. directed to current Members and Members who left the Blue Cross and Blue Shield Service Benefit Plan in the most recent Open season, or

2. focused on long-range planning, industry state-of-the-art developments, or product development issues for which a direct benefit or potential benefit to the FEHB Program can be identified, or
3. pre-approved by the Contracting Officer.

(b) Costs of market research surveys or studies are generally not allowable if the primary purpose is to survey or study an otherwise unallowable cost item, such as: to determine the effectiveness of advertising or sales strategies; to evaluate image effectiveness or ways to achieve image enhancement; or to perform a competitive analysis with other carriers in the FEHB Program. Such costs are unallowable, regardless of who receives the research surveys or studies.

(c) This provision does not supersede other contract requirements, such as prior approval for subcontracts under Section 1.16 Subcontracts (FEHBAR 1652.244-70).

SECTION 4.8
PRESCRIPTION DRUG BENEFITS WAIVER PROVISIONS (JAN 2009)

(a) For the purposes of applying the special provisions in this section, the Standard Option Mail Service Prescription Drug Program service standards are:

(1) When a prescription order is placed that does not require additional information or clarification (i.e., a clean or non-diverted prescription), the prescription order shall be dispensed within three business days from the date of receipt so the enrollee may expect to receive the medication within 7 calendar days.

(2) When a prescription order is placed that does require additional information, clarification or resolution of payment issues (i.e., a diverted prescription), the prescription order shall be dispensed within seven business days from the date of receipt so the enrollee may expect to receive the medication within 14 calendar days. However the following situations will not be considered a diverted prescription for the purposes of this section:

(i) Prescriptions for refrigerated products that require prior arrangements between the mail order pharmacy and a Member before the Member can receive the Prescription;

(ii) Prescriptions requiring specific counseling obligations imposed by the pharmaceutical manufacturer, distributor or the FDA;

(iii) Prescriptions requiring "registration" with a pharmaceutical manufacturer.

(b) The special provisions described in paragraphs (c)(1), (2), and (3) shall become effective automatically when less than 98 percent of the prescriptions are filled within the service standards described in either paragraph (a)(1) or (a)(2) for 7 consecutive business days. The special provisions shall terminate when for 7 consecutive business days 98 percent or more of the prescriptions are filled within the service standards described in paragraphs (a)(1) and (a)(2) of this section.

(c) The special provisions are:

(1) The Carrier shall waive during the effective periods in paragraph (b) the coinsurance for a 21 day prescription filled at a Preferred retail pharmacy when the Mail Service Prescription Drug Program vendor is unable to fill the prescription within the service standards. This waiver of the coinsurance shall be in effect for 14 calendar days after notice to the enrollee as described in paragraph (c)(2) below.

(2) The Carrier shall deliver to the enrollee a written or telephone notice no later than 5 days from the date of receipt for clean or non-diverted prescriptions and no later than 12 days from the date of receipt for diverted prescriptions.
This notice shall:

(i) advise the enrollee that the Mail Service Prescription Drug Program may not be able to fill the prescription(s) within the service standard timeframes;

(ii) advise the enrollee that any applicable coinsurance will be waived for a 21 day supply of the medication(s) when filled at a Preferred retail pharmacy;

(iii) provide the enrollee with instructions on how to use the waiver, and

(iv) advise the enrollee when the waiver will expire.

(3) The Carrier may use next day delivery service at no additional cost to the enrollee in order to meet the service standards in (a)(1) and (a)(2).

SECTION 4.9
SMALL BUSINESS SUBCONTRACTING PLAN (JUN 2020) (FAR 52.219-9) (AS AMENDED)

An amended clause 52.219-9, Small Business Subcontracting Plan, is attached to Appendix E.

SECTION 4.10
LETTER OF CREDIT (JAN 1997)

As of January 1, 1997, OPM will administer Letter of Credit drawdowns directly with the local Plans.

SECTION 4.11
PILOTING OF COST CONTAINMENT PROGRAMS (JAN 2001)

Upon approval by the Contracting Officer, the Carrier may design and implement pilot programs in one or more local Plan areas that test the feasibility and examine the impact of various managed care initiatives. The Carrier shall brief the Contracting Officer on a pilot program prior to its implementation, advise the Contracting Officer of the progress of the pilot program and provide a written evaluation at the conclusion of the pilot program. The evaluation of the pilot program shall, at a minimum, assess the cost effectiveness, effect on quality of care and/or quality of life, and customer satisfaction, and recommend whether the pilot program should be continued or expanded.

SECTION 4.12
TRANSITION COSTS FOR PLAN TERMINATIONS (JAN 1999)

In the event a Participating Plan's license to use the Blue Cross and/or Blue Shield service marks is terminated, thereby rendering it ineligible to participate in this Contract, the costs of transitioning the terminated Plan's Service Benefit Plan subscribers to a successor Plan shall be subject to advance approval. The Carrier shall submit to OPM a proposed transition plan, together with a detailed estimate of costs, prior to the incurrence of any significant transition costs. OPM and the Carrier shall negotiate an advance agreement pursuant to FAR 31.109 that covers the extent of allowable transition costs.

SECTION 4.13
PAYMENT BY ELECTRONIC FUNDS TRANSFER-CENTRAL CONTRACTOR REGISTRATION (MAY 1999) (FAR 52.232-33)

The references to the Central Contractor Registration in FAR 52.232-33 are not applicable to this contract.

SECTION 4.14
FEDERAL INCOME TAX RELATED TO HEALTH INSURANCE PROVIDERS' FEE (JANUARY 2015)

(a) Notwithstanding FAR 31.205-41(b)(1) and this Contract Section 3.2(b)(1)(ii), a charge for an incremental amount of Federal income tax liability incurred as the result of compliance with the Health Insurance Providers Fee (HIP Fee) provision of the Affordable Care Act section 9010 (hereafter referred to as the "HIP Tax Cost") by a participating local plan (Local Plan) that administers the Service Benefit Plan on behalf of the Blue Cross and Blue Shield Association (Carrier), and that is a covered entity within the meaning of 26 CFR Part 57, is an allowable cost to the Carrier under this contract under the criteria set forth below.

(1) The allowable cost to the Carrier for a year is the sum of the HIP Tax Cost for each Local Plan. The HIP Tax Cost for each Local Plan equals:
the amount reimbursed by OPM to the Carrier for the HIP Fee attributable to the Local Plan (Local Plan HIP Fee) for the year, divided by one minus the tax rate for the Local Plan specified under section (2) below, (Local Plan Tax Rate), less the Local Plan HIP Fee. In mathematical terms, the allowable charge to the Carrier for the HIP Tax Cost is the sum of each Local Plan's application of the formula below:

$$\left[\frac{\text{Local Plan HIP Fee}}{1 - \text{Local Plan Tax Rate}}\right] - \text{Local Plan HIP Fee}$$

(2) The Local Plan Tax Rate for purposes of the formula specified in section (1) is the lowest of the following:
(a) the rate specified at 26 USC §11 (b) (1) (D),
(b) the rate specified at 26 USC § 55(b)(1)(B)(i), for any year in which the Local Plan is entitled to the special deduction under 26 USC § 833(a)(2), or
(c) zero, for any year in which the Local Plan experiences a Net Operating Loss or other circumstance resulting in no tax liability. For a year in which the Local Plan experiences a Net Operating Loss resulting in no tax liability, the Carrier will charge the HIP Tax Cost attributable to the Local Plan in the first subsequent year in which the Local Plan's tax liability is greater than zero. The Local Plan will calculate the HIP Tax Cost in this circumstance by applying the formula using the HIP Fee for the year of the loss and the Local Plan Tax Rate for the year in which the tax liability is greater than zero. This charge by the Carrier is in addition to the charge allowed by the Carrier for the Local Plan Tax Cost for the year in which the tax liability is greater than zero.

(d) If the Local Plan Tax Rate reflected on the Local Plan's tax return actually filed for the contract year (which normally occurs the following year) differs from the Local Plan Tax Rate that was anticipated when the costs were drawn down by the Carrier for the contract year as allowable administrative expenses, the Carrier will make a commensurate adjustment to its current year drawdown of administrative expenses.

(b) The Contracting Officer or an authorized representative of the Contracting Officer shall have the right to examine and audit all books and records, including tax filings, relating to the calculation of the HIP Tax Cost charge for each Local Plan.

Part IV - Attachment I
SECTION 4.14
FEDERAL INCOME TAX RELATED TO HEALTH INSURER'S PROVIDER FEE

Examples of Allowable 9010 Tax Cost:

C is an experience rated FEHB carrier consisting of participating Local Plans F and G who underwrite and administer C in different geographic areas.

In 2015, F reports $900 on IRS Form 8963 and pays $500 pursuant to methods described at 26 CFR Part 57, in satisfaction of its Affordable Care Act section 9010 Health Insurance Provider Fee (HIP Fee) expense with respect to calendar year 2014 health risks. Of the $500 HIP Fee, F's Form 8963 reflects that $300 is attributable to F's FEHBP business.

Also in 2015, G reports $950 on IRS Form 8963 and pays $550 pursuant to methods described at 26 CFR Part 57, in satisfaction of its Affordable Care Act section 9010 Health Insurance Provider Fee (HIP Fee) expense with respect to calendar year 2014 health risks. Of the $550 HIP Fee, G's Form 8963 reflects that $325 is attributable to G's FEHBP business.

In 2015, C draws down a 2015 HIP Fee Reimbursement of its FEHBP HIP Fee expense for 2014 health risks, which is calculated as the sum of F and G's HIP Fee, or $300 +325 = $725, which is an allowable cost, from its FEHB letter of credit account (LOCA). C reimburses F for its HIP Fee of 300 and G for its HIP Fee of 325.

F records income of $300 for the reimbursement of the allowable HIP fee and does not have any associated income tax deduction increasing taxable income by $300. F records 2015 income tax expense as an accrued expense as required under Generally Accepted Accounting Principles (GAAP) or Statements of Statutory Accounting Principles (SSAP). In addition, F pays quarterly payments to the IRS for its' 2015 tax liability. F's 2015 tax rate is 35 percent.

G records income of $325 for the reimbursement of the allowable HIP fee and does not have any associated income tax deduction increasing taxable income by $325. G records 2015 income tax expense as an accrued expense as required under Generally Accepted Accounting Principles (GAAP) or Statements of Statutory Accounting Principles (SSAP). In addition, G pays quarterly payments to the IRS for its' 2015 tax liability. Because G claims a special deduction under 26 USC § 833(a)(2), G's 2015 tax rate is 20 percent.

In 2015, C also draws down from its LOCA a 2015 HIP Tax Cost reimbursement for the 2015 income tax expense accrued and paid by F & G in 2015. C's 2015 HIP Tax cost reimbursement is calculated as follows:

Local Plan F HIP Tax Cost: ($300/1-.35)-$300 = $162
Local Plan G HIP Tax Cost: ($325/1-.20)-$325 = $81
Sum which is C's allowable HIP Tax Cost for 2015 = $243

In 2016, F & G report the same HIP Fee expense for 2015 health risks.

In 2016, F experiences the same tax rate as for 2015, but G incurs a net operating loss, resulting in a zero percent tax rate for 2016.

In 2016, C draws down a 2016 HIP Fee Reimbursement of its FEHBP HIP Fee expense for 2015 health risks of 300 + 325 = $725, which is an allowable cost, from C's FEHB letter of credit account (LOCA). C reimburses F for 300 and G for 325.

In 2016, F proceeds as in 2015 and C may charge 162 as an allowable HIP Tax Cost attributable to F in 2016.

In 2016 G records income of $325 for the reimbursement of the allowable HIP fee and does not have any associated income tax deduction increasing taxable income by $325. Because G determines that its 2016 tax liability will be zero as it will have a Net Operating Loss for 2016, C does not incur an allowable 2016 HIP Tax Cost attributable to G. C must refund any such amounts drawn down during 2016.

Local Plan F HIP Tax Cost for 2016 = 162
Local Plan G HIP Tax Cost for 2016 = 0
Reimbursement attributable to G = adjustment for amounts drawn down by C, if any
Sum = C's allowable HIP Tax Cost for 2016 = 162 less adjustment.

In 2017, F proceeds as in 2015. C's allowable 2017 HIP Tax Cost includes $162 attributable to F. In 2017, G has an operating gain and reports the same HIP Fee amount and experiences the same 20% tax rate as in 2015. C's allowable 2017 HIP Tax Cost includes $81 attributable to G.

In addition, in 2017, because G's operating gain results in a tax rate higher than zero, G incurs economic disadvantage. This is because the 2016 HIP Fee reimbursement of $325 has reduced G's otherwise applicable Net Operating Loss carry-forward amount. G calculates the economic disadvantage as the difference between its 2017 tax liability with and without the 2016 HIP Fee reimbursement. This disadvantage is included in the Carrier's 2017 charge as an allowable HIP Tax Cost with respect to 2016. This is calculated as $325 (2016 HIP Fee) divided by 1-20% (application of 2017 Local Plan Tax Rate), less $325.]

Local Plan F HIP Tax Cost for 2017 = 162
Local Plan G HIP Tax Cost for 2017 = 81
Local Plan G HIP Tax Cost for 2017 due to 2016 HIP Fee reimbursement = apply formula using 2016 Fee Reimbursement amount and 2017 tax rate of 20% =81
Sum = C's allowable HIP Tax Cost for 2017 = 162 + 81 + 81 = $324

APPENDIX A

ATTACH

2021 FEHB BROCHURE

APPENDIX B

SUBSCRIPTION RATES, CHARGES, ALLOWANCES AND LIMITATIONS

Fee-For-Service Carrier

(Blue Cross and Blue Shield Association)
CONTRACT NO. CS 1039
Effective January 1, 2021

(a) Biweekly net-to-Carrier rates, with appropriate adjustments for Enrollees paid on other than a biweekly basis, are as follows:

Basic Option:	$302.33 Self, $679.45 Self Plus One, and $734.15 Family
Standard Option:	$350.99 Self, $767.57 Self Plus One, and $829.20 Family
FEP Blue Focus:	$204.40 Self, $439.44 Self Plus One, and $483.37 Family

(b) The amount of administrative expenses and charges to be included in the Annual Accounting Statement required by Section 3.2 shall be as set out in the schedule below:

Item	Amount
(i) Administrative Expenses	Actual, but not to exceed the Contractual Expense Limitation for 2021,* plus an amount sufficient to cover the costs needed to pay the Plan's Independent Public Accountant to undertake the audits and agreed upon procedures required in the "FEHBP Experienced-Rated Carrier and Service Organization Audit Guide."
(ii) Taxes	Actual (except that premium taxes as defined are not allowable).
(iii) Service Charge**	[redacted]

*The Contractual Expense Limitation for 2021 is [redacted] Notwithstanding Section 3.2(b) of this Contract, costs of "activities that improve healthcare quality" as determined in accordance with the medical loss ratio provision of the Affordable Care Act (Section 2718 of the Public Health Service act; 42 U.S.C. 300gg-18 and its implementing regulations), are accounted for as benefits and not counted toward the Contractual Expense Limit.

** The Service Charge for the 2021 contract year is based on the Overall Performance Score calculated in accordance with the 2020 Appendix F. The Service Charge for the 2022 contract year will be based on the Overall Performance Score calculated in accordance with the 2021 Appendix F.

APPENDIX E
SMALL BUSINESS SUBCONTRACTING PLAN (JUN 2020)

(a) This clause does not apply to small business concerns.

(b) *Definitions*. As used in this clause—

"Alaska Native Corporation (ANC)" means any Regional Corporation, Village Corporation, Urban Corporation, or Group Corporation organized under the laws of the State of Alaska in accordance with the Alaska Native Claims Settlement Act, as amended (43 U.S.C.

1601, et seq.) and which is considered a minority and economically disadvantaged concern under the criteria at 43 U.S.C. 1626(e)(1). This definition also includes ANC direct and indirect subsidiary corporations, joint ventures, and partnerships that meet the requirements of 43 U.S.C. 1626(e)(2).

"Commercial item" means a product or service that satisfies the definition of commercial item in Federal Acquisition Regulation (FAR) 2.101.

"Commercial plan" means a subcontracting plan (including goals) that covers the offeror's fiscal year and that applies to the entire production of commercial items sold by either the entire company or a portion thereof (*e.g.,* division, plant, or product line).

"Indian tribe" means any Indian tribe, band, group, pueblo, or community, including native villages and native groups (including corporations organized by Kenai, Juneau, Sitka, and Kodiak) as defined in the Alaska Native Claims Settlement Act (43 U.S.C.A. 1601 et seq.), that is recognized by the Federal Government as eligible for services from the Bureau of Indian Affairs in accordance with 25 U.S.C. 1452(c). This definition also includes Indian-owned economic enterprises that meet the requirements of 25 U.S.C. 1452(e).

"Individual subcontracting plan" means a subcontracting plan that covers the entire contract period (including option periods), applies to a specific contract, and has goals that are based on the offeror's planned subcontracting in support of the specific contract, except that indirect costs incurred for common or joint purposes may be allocated on a prorated basis to the contract.

"Master subcontracting plan" means a subcontracting plan that contains all the required elements of an individual subcontracting plan, except goals, and may be incorporated into individual subcontracting plans, provided the master subcontracting plan has been approved.

"Reduced payment" means a payment that is for less than the amount agreed upon in a subcontract in accordance with its terms and conditions, for supplies and services for which the Government has paid the prime contractor.

"Subcontract" means any agreement (other than one involving an employer-employee relationship) entered into by a Federal Government prime Contractor or subcontractor calling for supplies or services required for performance of the contract or subcontract.

"Total contract dollars" means the final anticipated dollar value, including the dollar value of all options. "Untimely payment" means a payment to a subcontractor that is more than 90 days past due under the terms and conditions of a subcontract for supplies and services for which the Government has paid the prime contractor.

(c) (1) The Offeror, upon request by the Contracting Officer, shall submit and negotiate a subcontracting plan, where applicable, that separately addresses subcontracting

with small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns. If the Offeror is submitting an individual subcontracting plan, the plan must separately address subcontracting with small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns, with a separate part for the basic contract and separate parts for each option (if any). The subcontracting plan shall be included in and made a part of the resultant contract. The subcontracting plan shall be negotiated within the time specified by the Contracting Officer. Failure to submit and negotiate the subcontracting plan shall make the Offeror ineligible for award of a contract.

(2)(i) The Contractor may accept a subcontractor's written representations of its size and socioeconomic status as a small business, small disadvantaged business, veteran-owned small business, service-disabled veteran-owned small business, or a women-owned small business if the subcontractor represents that the size and socioeconomic status representations with its offer are current, accurate, and complete as of the date of the offer for the subcontract.

(ii) The Contractor may accept a subcontractor's representations of its size and socioeconomic status as a small business, small disadvantaged business, veteran-owned small business, service-disabled veteran-owned small business, or a women-owned small business in the System for Award Management (SAM) if–

(A) The subcontractor is registered in SAM; and

(B) The subcontractor represents that the size and socioeconomic status representations made in SAM are current, accurate and complete as of the date of the offer for the subcontract.

(iii) The Contractor may not require the use of SAM for the purposes of representing size or socioeconomic status in connection with a subcontract.

(iv) In accordance with 13 CFR 121.411, 124.1015, 125.29, 126.900, and 127.700, a contractor acting in good faith is not liable for misrepresentations made by its subcontractors regarding the subcontractor's size or socioeconomic status.

(d) The offeror's subcontracting plan shall include the following:

(1) Separate goals, expressed in terms of total dollars subcontracted, and as a percentage of total planned subcontracting dollars, for the use of small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns as subcontractors. For individual subcontracting plans, and if required by the Contracting Officer, goals shall also be expressed in terms of percentage of total contract dollars, in addition to the goals expressed as a percentage of total subcontract dollars. The Offeror shall include all subcontracts that contribute to contract performance, and may include a proportionate share of products and services that are normally allocated as indirect costs. In accordance with 43 U.S.C. 1626–

(i) Subcontracts awarded to an ANC or Indian tribe shall be counted towards the subcontracting goals for small business and small disadvantaged business concerns, regardless of the size or Small Business Administration certification status of the ANC or Indian tribe; and

(ii) Where one or more subcontractors are in the subcontract tier between the

prime Contractor and the ANC or Indian tribe, the ANC or Indian tribe shall designate the appropriate Contractor(s) to count the subcontract towards its small business and small disadvantaged business subcontracting goals.

(A) In most cases, the appropriate Contractor is the Contractor that awarded the subcontract to the ANC or Indian tribe.

(B) If the ANC or Indian tribe designates more than one Contractor to count the subcontract toward its goals, the ANC or Indian tribe shall designate only a portion of the total subcontract award to each Contractor. The sum of the amounts designated to various Contractors cannot exceed the total value of the subcontract.

(C) The ANC or Indian tribe shall give a copy of the written designation to the Contracting Officer, the prime Contractor, and the subcontractors in between the prime Contractor and the ANC or Indian tribe within 30 days of the date of the subcontract award.

(D) If the Contracting Officer does not receive a copy of the ANC's or the Indian tribe's written designation within 30 days of the subcontract award, the Contractor that awarded the subcontract to the ANC or Indian tribe will be considered the designated Contractor.

(2) A statement of—

(i) Total dollars planned to be subcontracted for an individual subcontracting plan; or the Offeror's total projected sales, expressed in dollars, and the total value of projected subcontracts to support the sales for a commercial plan;

(ii) Total dollars planned to be subcontracted to small business concerns (including ANC and Indian tribes); and

(iii) Total dollars planned to be subcontracted to veteran-owned small business concerns;

(iv) Total dollars planned to be subcontracted to service-disabled veteran-owned small business;

(v) Total dollars planned to be subcontracted to HUBZone small business concerns;

(vi) Total dollars planned to be subcontracted to small disadvantaged business concerns (including ANC and Indian tribes); and

(vii) Total dollars planned to be subcontracted to women-owned small business concerns.

(3) A description of the principal types of supplies and services to be subcontracted, and an identification of the types planned for subcontracting to—

(i) Small business concerns;

(ii) Veteran-owned small business concerns;

(iii) Service-disabled veteran-owned small business concerns;

(iv) HUBZone small business concerns;

(v) Small disadvantaged business concerns; and

(vi) Women-owned small business concerns.

(4) A description of the method used to develop the subcontracting goals in paragraph (d)(1) of this clause.

(5) A description of the method used to identify potential sources for solicitation purposes (*e.g.,* existing company source lists, SAM, veterans service organizations, the National Minority Purchasing Council Vendor Information Service, the Research and Information Division of the Minority Business Development Agency in the Department of Commerce, or small, HUBZone, small disadvantaged, and women-owned small business

trade associations). A firm may rely on the information contained in SAM as an accurate representation of a concern's size and ownership characteristics for the purposes of maintaining a small, veteran-owned small, service-disabled veteran-owned small, HUBZone small, small disadvantaged, and women-owned small business source list. Use of SAM as its source list does not relieve a firm of its responsibilities (*e.g.,* outreach, assistance, counseling, or publicizing subcontracting opportunities) in this clause.

(6) A statement as to whether or not the Offeror included indirect costs in establishing subcontracting goals, and a description of the method used to determine the proportionate share of indirect costs to be incurred with—

(i) Small business concerns (including ANC and Indian tribes);

(ii) Veteran-owned small business concerns;

(iii) Service-disabled veteran-owned small business concerns;

(iv) HUBZone small business concerns;

(v) Small disadvantaged business concerns; and

(vi) Women-owned small business concerns.

(7) The name of the individual employed by the Offeror who will administer the Offeror's subcontracting program, and a description of the duties of the individual.

(8) A description of the efforts the Offeror will make to assure that small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns have an equitable opportunity to compete for subcontracts.

(9) Assurances that the Offeror will include the clause of this contract entitled "Utilization of Small Business Concerns" in all subcontracts that offer further subcontracting opportunities, and that the Offeror will require all subcontractors (except small business concerns) that receive subcontracts in excess of the applicable threshold specified in FAR 19.702(a) on the date of subcontract award, with further subcontracting possibilities to adopt a subcontracting plan that complies with the requirements of this clause.

(10) Assurances that the Offeror will—

(i) Cooperate in any studies or surveys as may be required;

(ii) Submit periodic reports so that the Government can determine the extent of compliance by the Offeror with the subcontracting plan;

(iii) After November 30, 2017, include subcontracting data for each order when reporting subcontracting achievements for indefinite-delivery, indefinite-quantity contracts with individual subcontracting plans where the contract is intended for use by multiple agencies;

(iv) Submit Standard Form (SF) 294 Subcontracting Report for Individual Contract in accordance with paragraph (l) of this clause. Submit the Summary Subcontract Report (SSR), in accordance with paragraph (l) of this clause. The reports shall provide information on subcontract awards to small business concerns (including ANCs and Indian tribes that are not small businesses), veteran-owned small business concerns, service-disabled veteran-owned small business concerns, HUBZone small business concerns, small disadvantaged business concerns (including ANCs and Indian tribes that have not been certified by the Small Business Administration as small disadvantaged businesses), women-owned small business concerns, and for NASA only, Historically Black Colleges and Universities and Minority Institutions. Reporting shall be in accordance with this clause, or as provided in

agency regulations;

(v) Ensure that its subcontractors with subcontracting plans agree to submit the SF 294 in accordance with paragraph (l) of this clause. Ensure that its subcontractors with subcontracting plans agree to submit the SSR in accordance with paragraph (l) of this clause

(vi) [RESERVED]; and

(vii) Require that each subcontractor with a subcontracting plan provide the prime contract number, its own unique entity identifier, and the e-mail address of the subcontractor's official responsible for acknowledging receipt of or rejecting the Standard Forms 294, to its subcontractors with subcontracting plans.

(11) A description of the types of records that will be maintained concerning procedures that have been adopted to comply with the requirements and goals in the plan, including establishing source lists; and a description of the offeror's efforts to locate small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns and award subcontracts to them. The records shall include at least the following (on a plant-wide or company-wide basis, unless otherwise indicated):

(i) Source lists (*e.g.,* SAM), guides, and other data that identify small business, veteran- owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns.

(ii) Organizations contacted in an attempt to locate sources that are small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, or women-owned small business concerns.

(iii) Records on each subcontract solicitation resulting in an award of more than the simplified acquisition threshold, as defined in FAR 2.101 on the date of subcontract award, indicating—

(A) Whether small business concerns were solicited and, if not, why not;

(B) Whether veteran-owned small business concerns were solicited and, if not, why not;

(C) Whether service-disabled veteran-owned small business concerns were solicited and, if not, why not;

(D) Whether HUBZone small business concerns were solicited and, if not, why not;

(E) Whether small disadvantaged business concerns were solicited and, if not, why not;

(F) Whether women-owned small business concerns were solicited and, if not, why not; and

(G) If applicable, the reason award was not made to a small business concern.

(iv) Records of any outreach efforts to contact—

(A) Trade associations;

(B) Business development organizations;

(C) Conferences and trade fairs to locate small, HUBZone small, small disadvantaged service-disabled veteran-owned, and women-owned small business sources; and

(D) Veterans service organizations.

(v) Records of internal guidance and encouragement provided to buyers through—

(A) Workshops, seminars, training, etc.; and

(B) Monitoring performance to evaluate compliance with the program's

requirements.

(vi) On a contract-by-contract basis, records to support award data submitted by the offeror to the Government, including the name, address, and business size of each subcontractor. Contractors having commercial plans need not comply with this requirement.

(12) Assurances that the Offeror will make a good faith effort to acquire articles, equipment, supplies, services, or materials, or obtain the performance of construction work from the small business concerns that it used in preparing the bid or proposal, in the same or greater scope, amount, and quality used in preparing and submitting the bid or proposal. Responding to a request for a quote does not constitute use in preparing a bid or proposal. The Offeror used a small business concern in preparing the bid or proposal if–

(i) The Offeror identifies the small business concern as a subcontractor in the bid or proposal or associated small business subcontracting plan, to furnish certain supplies or perform a portion of the subcontract; or

(ii) The Offeror used the small business concern's pricing or cost information or technical expertise in preparing the bid or proposal, where there is written evidence of an intent or understanding that the small business concern will be awarded a subcontract for the related work if the Offeror is awarded the contract.

(13) Assurances that the Contractor will provide the Contracting Officer with a written explanation if the Contractor fails to acquire articles, equipment, supplies, services or materials or obtain the performance of construction work as described in (d)(12) of this clause. This written explanation must be submitted to the Contracting Officer within 30 days of contract completion.

(14) Assurances that the Contractor will not prohibit a subcontractor from discussing with the Contracting Officer any material matter pertaining to payment to or utilization of a subcontractor.

(15) Assurances that the Offeror will pay its small business subcontractors on time and in accordance with the terms and conditions of the underlying subcontract, and notify the contracting officer when the prime contractor makes either a reduced or an untimely payment to a small business subcontractor (see 52.242-5).

(e) In order to effectively implement this plan to the extent consistent with efficient contract performance, the Contractor shall perform the following functions:

(1) Assist small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns by arranging solicitations, time for the preparation of bids, quantities, specifications, and delivery schedules so as to facilitate the participation by such concerns. Where the Contractor's lists of potential small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business subcontractors are excessively long, reasonable effort shall be made to give all such small business concerns an opportunity to compete over a period of time.

(2) Provide adequate and timely consideration of the potentialities of small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns in all "make-or-buy" decisions.

(3) Counsel and discuss subcontracting opportunities with representatives of small business, veteran-owned small business, service-disabled veteran-owned small business,

HUBZone small business, small disadvantaged business, and women-owned small business firms.

(4) Confirm that a subcontractor representing itself as a HUBZone small business concern is certified by SBA as a HUBZone small business concern in accordance with 52.219-8(d)(2).

(5) Provide notice to subcontractors concerning penalties and remedies for misrepresentations of business status as small, veteran-owned small business, HUBZone small, small disadvantaged, or women-owned small business for the purpose of obtaining a subcontract that is to be included as part or all of a goal contained in the Contractor's subcontracting plan.

(6) For all competitive subcontracts over the simplified acquisition threshold, as defined in FAR 2.101 on the date of subcontract award, in which a small business concern received a small business preference, upon determination of the successful subcontract Offeror, prior to award of the subcontract the Contractor must inform each unsuccessful small business subcontract Offeror in writing of the name and location of the apparent successful Offeror and if the successful subcontract Offeror is a small business, veteran-owned small business, service-disabled veteran- owned small business, HUBZone small business, small disadvantaged business, or women- owned small business concern.

(7) Assign each subcontract the NAICS code and corresponding size standard that best describes the principal purpose of the subcontract.

(f) A master subcontracting plan on a plant or division-wide basis that contains all the elements required by paragraph (d) of this clause, except goals, may be incorporated by reference as a part of the subcontracting plan required of the Offeror by this clause; provided—

(1) The master subcontracting plan has been approved;

(2) The Offeror ensures that the master subcontracting plan is updated as necessary and provides copies of the approved master subcontracting plan, including evidence of its approval, to the Contracting Officer; and

(3) Goals and any deviations from the master subcontracting plan deemed necessary by the Contracting Officer to satisfy the requirements of this contract are set forth in the individual subcontracting plan.

(g) A commercial plan is the preferred type of subcontracting plan for contractors furnishing commercial items. The commercial plan shall relate to the offeror's planned subcontracting generally, for both commercial and Government business, rather than solely to the Government contract. Once the Contractor's commercial plan has been approved, the Government will not require another subcontracting plan from the same Contractor while the plan remains in effect, as long as the product or service being provided by the Contractor continues to meet the definition of a commercial item. A Contractor with a commercial plan shall comply with the reporting requirements stated in paragraph (d)(10) of this clause by submitting one SSR for all contracts covered by its commercial plan. This report shall be acknowledged or rejected by the Contracting Officer who approved the plan. This report shall be submitted within 30 days after the end of the Government's fiscal year.

(h) Prior compliance of the offeror with other such subcontracting plans under previous contracts will be considered by the Contracting Officer in determining the responsibility of the offeror for award of the contract.

(i) A contract may have no more than one subcontracting plan. When a contract

modification exceeds the subcontracting plan threshold in 19.702(a), or an option is exercised, the goals of the existing subcontracting plan shall be amended to reflect any new subcontracting opportunities. When the goals in a subcontracting plan are amended, these goal changes do not apply retroactively.

(j) Subcontracting plans are not required from subcontractors when the prime contract contains the clause at 52.212-5, Contract Terms and Conditions Required to Implement Statutes or Executive Orders—Commercial Items, or when the subcontractor provides a commercial item subject to the clause at 52.244-6, Subcontracts for Commercial Items, under a prime contract.

(k)The failure of the Contractor or subcontractor to comply in good faith with—

(1) the clause of this contract entitled "Utilization Of Small Business Concerns," or

(2) an approved plan required by this clause, shall be a material breach of the contract and may be considered in any past performance evaluation of the Contractor.

(l) The Contractor shall submit a SF 294. Purchases from a corporation, company, or subdivision that is an affiliate of the Contractor or subcontractor are not included in these reports. Subcontract awards by affiliates shall be treated as subcontract awards by the Contractor. Subcontract award data reported by the Contractor and subcontractors shall be limited to awards made to their immediate next-tier subcontractors. Credit cannot be taken for awards made to lower tier subcontractors, unless the Contractor or subcontractor has been designated to receive a small business or small disadvantaged business credit from an ANC or Indian tribe. Only subcontracts involving performance in the U.S. or its outlying areas should be included in these reports with the exception of subcontracts under a contract awarded by the State Department or any other agency that has statutory or regulatory authority to require subcontracting plans for subcontracts performed outside the United States and its outlying areas.

(1) SF 294. This report is not required for commercial plans. The report is required for each contract containing an individual subcontracting plan.

(i) The report shall be submitted semi-annually during contract performance for the periods ending March 31 and September 30. A report is also required for each contract within 30 days of contract completion. Reports are due 30 days after the close of each reporting period, unless otherwise directed by the Contracting Officer. Reports are required when due, regardless of whether there has been any subcontracting activity since the inception of the contract or the previous reporting period. When a Contracting Officer rejects a report, the Contractor shall submit a revised report within 30 days of receiving the notice of report rejection.

(ii) (A) When a subcontracting plan contains separate goals for the basic contract and each option, as prescribed by FAR 19.704(c), the dollar goal inserted on this report shall be the sum of the base period through the current option; for example, for a report submitted after the second option is exercised, the dollar goal would be the sum of the goals for the basic contract, the first option, and the second option.

(B) If a subcontracting plan has been added to the contract pursuant to 19.702(a)(3) or 19.301-2(e), the Contractor's achievements must be reported in the report on a cumulative basis from the date of incorporation of the subcontracting plan into the contract.

(iii) When a subcontracting plan includes indirect costs in the goals, these costs must be included in this report.

(iv) The authority to acknowledge receipt or reject the SF 294 resides–

(A) In the case of the prime Contractor, with the Contracting Officer; and

(B) In the case of a subcontract with a subcontracting plan, with the entity that awarded the subcontract.

(2) SSR. (i) Reports submitted under individual contract plans.

(A) This report encompasses all subcontracting under prime contracts and subcontracts with an executive agency, regardless of the dollar value of the subcontracts. This report also includes indirect costs on a prorated basis when the indirect costs are excluded from the subcontracting goals.

(B) The report may be submitted on a corporate, company or subdivision (e.g., plant or division operating as a separate profit center) basis, unless otherwise directed by the agency.

(C) If the Contractor and/or a subcontractor is performing work for more than one executive agency, a separate report shall be submitted to each executive agency covering only that agency's contracts, provided at least one of that agency's contracts is over the applicable threshold specified in FAR 19.702(a), and the contract contains a subcontracting plan. For DoD, a consolidated report shall be submitted for all contracts awarded by military departments/agencies and/or subcontracts awarded by DoD prime contractors.

(D) The report shall be submitted annually by October 30, for the twelve month period ending September 30. When a Contracting Officer rejects an SSR, the Contractor is required to submit a revised SSR within 30 days of receiving the notice of report rejection.

(E) Subcontract awards that are related to work for more than one executive agency shall be appropriately allocated.

(F) The authority to acknowledge or reject SSRs, including SSRs submitted by subcontractors with subcontracting plans, resides with the Government agency awarding the prime contracts unless stated otherwise in the contract.

(ii) Reports submitted under a commercial plan.

(A) The report shall include all subcontract awards under the commercial plan in effect during the Government's fiscal year and all indirect costs.

(B) The report shall be submitted annually, within 30 days after the end of the Government's fiscal year.

(C) If a Contractor has a commercial plan and is performing work for more than one executive agency, the Contractor shall specify the percentage of dollars attributable to each agency.

(D) The authority to acknowledge or reject SSRs for commercial plans resides with the Contracting Officer who approved the commercial plan.

APPENDIX F

Measures and contributions to performance areas and scores for 2021 Performance and 2022 Service Charge

To be performed in accordance with the 2021 FEHB Plan Performance Assessment Procedure Manual and the FEHB Plan Performance Assessment Methodology Carrier Letter (CL 2020-15). The Service Charge for the 2022 contract year will be based on the Overall Performance Score calculated in accordance with this Appendix F.

1. Performance Area Contributions to Overall Performance Score (OPS)

Performance Area	Contribution to Overall Performance Score
Clinical Quality, Customer Service, and Resource Use	65%
Contract Oversight	35%

2. Clinical Quality, Customer Service, and Resource Use (QCR) Performance Area Measures

Performance Area	Measure	Abbrv	Measure Source	Priority Level	Measure Weight
Clinical Quality	Controlling High Blood Pressure	CBP	HEDIS	1	2.50
	Comprehensive Diabetes Care (HbA1c <8.0%)	CDC	HEDIS	1	2.50
	Prenatal and Postpartum Care (Timeliness of Prenatal Care)	PPC	HEDIS	1	2.50
	Avoidance of Antibiotic Treatment for Acute Bronchitis/Bronchiolitis (18-64)	AAB(18-64)	HEDIS	2	1.25
	Asthma Medication Ratio	AMR	HEDIS	2	1.25
	Breast Cancer Screening	BCS	HEDIS	2	1.25

	Cervical Cancer Screening	CCS	HEDIS	2	1.25
	Colorectal Cancer Screening	COL	HEDIS	2	1.25
	Follow-Up After Emergency Department Visit for Alcohol and Other Drug Abuse or Dep. (30 Day)	FUA30	HEDIS	2	1.25
	Follow-Up After Emergency Department Visit for Mental Illness (30 Day)	FUM30	HEDIS	2	1.25
	Flu Vaccinations for Adults (18-64)	FVA	CAHPS	2	1.25
	Statin Therapy for Patients with Cardiovascular Disease (Adherence)	SPC	HEDIS	2	1.25
	Well-Child Visits in the First 30 Months of Life (First 15 Months)	W30(15)	HEDIS	2	1.25
Customer Service	Coordination of Care	CoC	CAHPS	3	1.00
	Claims Processing	CP	CAHPS	3	1.00
	Getting Care Quickly	GCQ	CAHPS	3	1.00
	Getting Needed Care	GNC	CAHPS	3	1.00
	Overall Health Plan Rating	RHP	CAHPS	3	1.00
	Overall Personal Doctor Rating	RPD	CAHPS	3	1.00
Resource Use	Use of Imaging Studies for Low Back Pain	LBP	HEDIS	1	2.50

Fee-For-Service Carriers

2023

AMENDMENT TO CONTRACT CS XXXX

CONTRACT NO: 1039
EFFECTIVE: January 1, 2023

AMENDMENT NO. 2023A
EFFECTIVE: January 1, 2023

BETWEEN: THE UNITED STATES OFFICE OF PERSONNEL MANAGEMENT
hereafter called the OPM, the Agency, or the Government

Address: 1900 E Street, NW
Washington, DC 20415-3610

AND

CONTRACTOR: Blue Cross and Blue Shield Association
hereafter also called the Carrier

Address: 1310 G Street, NW
Washington, DC 20005

In consideration of payment by the Agency of subscription charges set forth in Appendix B, the Carrier agrees to perform all of the services set forth in this contract, including Appendix A.

FOR THE CARRIER	FOR THE GOVERNMENT
William A. Breskin	Sylvia V. Pulley
Name of Person Authorized to Execute Contract	Name of Contracting Officer
Title: Senior Vice President Government Programs	Title: Contracting Officer
William A. Breskin	Sylvia V. Pulley
Signature	Signature
12/19/2022	12/28/2022
Date Signed	*Date Signed*

1. **Section 1.5 Enrollment Records and Information**

This section changes the title of Section 1.5 and adds a new paragraph (f) that links the quality and timeliness of a Carrier's Master Enrollment Index (MEI) file submissions to its score for the Contract Oversight performance area of the Plan Performance Assessment.

SECTION 1.5
ENROLLMENT RECORDS AND INFORMATION (JAN 2023)

(a) OPM shall maintain or cause to be maintained records from which the Carrier may determine the names and social security numbers of all Enrollees. OPM, other agencies of the Federal Government, Tribal Employer, or the FEHB Clearinghouse shall furnish the information to the Carrier at such times and in such form and detail as will enable the Carrier to maintain a currently accurate record of all Enrollees.

(b) The Carrier is entitled to rely on information furnished to it under paragraph (a). OPM agrees that any liabilities incurred under this contract in reliance upon such information shall be a valid charge against the contract. Errors or delays in keeping or reporting data relating to coverage shall not invalidate coverage that would otherwise be validly in force and shall not continue coverage that would otherwise be terminated. OPM shall make an equitable adjustment of premiums upon discovery of errors or delays under this Section.

(c) Clerical error (whether by OPM, any other agency, Tribal Employer, the FEHB Clearinghouse, or the Carrier) in keeping records pertaining to coverage under this contract, delays in making entries thereon, or failure to make or account for any deduction of enrollment charges, shall not invalidate coverage otherwise validly in force or continue coverage otherwise validly terminated. OPM shall make an equitable adjustment of premiums when an error, delay, or failure is discovered. If any person finds relevant facts pertaining to a person covered under this contract to be misstated, and if the misstatement affects the existence, amount, or extent of coverage, the actual facts shall determine whether coverage is in force under the terms of this contract and in what amount or to what extent. Any claim payments the Carrier makes before an adjustment or determination shall be a valid charge against this contract.

(d) The OPM shall direct the agencies and Tribal Employers to provide the Carrier or the FEHB Clearinghouse, not less often than quarterly, the names of Enrollees enrolled under the contract by payroll office and the premium paid for those Enrollees for the current pay cycle. The Carrier shall at least quarterly reconcile its enrollment records with those provided by the Government, the Tribal Employer, or the FEHB Clearinghouse.

(e) In instances of erroneous enrollments where benefit payments have been made in error, the Carrier must inform Enrollees within forty-five days of when the Carrier receives notification from the agency or the Tribal Employer that the Carrier will collect for these benefit payments. The Carrier shall provide notice to the Enrollees that they have the right to contest their enrollment change with their agency, Tribal Employer, or their retirement system.

(f) The Carrier shall submit enrollment data files on an ongoing basis to OPM's Master Enrollment Index (MEI) in a form and manner prescribed by OPM. The Carrier's enrollment data files must provide timely, accurate, and complete information to the MEI.

2. **Section 2.2 Benefits Provided**

This section amends (h)(2)(ii) that references the 2013 HHS regulation (45 C.FR. 146.136).

SECTION 2.2
BENEFITS PROVIDED (JAN 2023)

(a) The Carrier shall provide the benefits as described in the agreed upon brochure text found in Appendix A.

(b) In addition to providing benefits in accordance with (a) above, the Carrier shall be authorized to modify them as follows:

(1) To permit methods of treatment not expressly provided for, but not prohibited by law, rule or Federal policy, if otherwise contractually appropriate, and if such treatment is medically necessary and is as cost effective as providing benefits to which the Member may otherwise be entitled.

(2) To pay for or provide a health service or supply in an individual case which does not come within the specific benefit provisions of the contract, if the Carrier determines the benefit is within the intent of the contract, and the Carrier determines that the provision of such benefit is in the best interests of the Federal Employees Health Benefits Program.

(3) To offer in individual cases, after consultation with and concurrence by the Member and provider(s), a benefit alternative not ordinarily covered under this contract which will result in equally effective medical treatment at no greater benefit cost. An alternative benefit will be made available for a limited time period and is subject to the Carrier's ongoing review. Members must cooperate with the Carrier's review process.

(c)The decision to offer, deny, or withdraw coverage for a modified benefit provided in accordance with (b) above is solely within the Carrier's discretion (unless the Carrier and Member have entered into an alternative benefits agreement that expressly modifies this authority), and is not subject to OPM review under the disputed claims process.

(d) In each case when the Carrier provides a non-covered benefit in accordance with the authority of (b) above, the Carrier shall document in writing prior to the provision of such benefit the reasons and justification for its determination. The writing may be in the form of an alternative benefit agreement with the Member. Such payment or provision of services or supplies while a valid charge under the contract shall not be considered to be a precedent in the disposition of similar cases or extensions in the same case beyond the approved period.

(e) Except as provided for in (b) above, the Carrier shall provide benefits for services or supplies in accordance with Appendix A.

(f) The Carrier, subject to (g) below, shall determine whether in its judgment a service or supply is medically necessary or payable under this contract.

(g) The Carrier agrees to pay for or provide a health service or supply in an individual case if OPM finds that the Member is entitled thereto under the terms of the contract.

(h) (1) Notwithstanding (b) and (e) above, in accordance with the Rehabilitation Act of 1973, in the case of a Member who is a qualified individual with a disability, the Carrier shall pay for or provide a covered health service or supply as an alternative benefit appropriate to the Member's needs, when required by OPM following OPM consultation with the Carrier, pursuant to paragraph 2.2(g), above.

(2)(i) An OPM requirement under (h)(1) is subject to ongoing review by OPM and the Carrier. Members must cooperate with the review process. If, in the Carrier's judgment, the conditions for the OPM requirement are no longer satisfied, the Carrier may request that OPM modify or terminate the requirement. OPM's decision to modify or terminate a requirement shall be subject to judicial review.

(ii) The Carrier agrees that its benefits as described in the brochure found at Appendix A, are reasonably and in good faith expected to result in coverage that satisfies the Mental Health Parity and Addiction Equity Act, as amended.

(i) In accordance with Section 2706(a) of the Public Health Service Act as added by the Affordable Care Act, the Carrier shall not discriminate with respect to participation under the plan or coverage against any health care provider who is acting within the scope of that provider's license or certification under applicable State law. This section shall not require the Carrier to contract with any health care provider willing to abide by the terms and conditions for participation established by the carrier. Nothing in this section shall be construed as preventing a Carrier from establishing varying reimbursement rates based on quality or performance measures.

3. Section 4.1 Alterations in Contract

Updated to correct typographical error and to align with terms used in FAR 52.232-33 and Section 5.58 of the contract.

SECTION 4.1
ALTERATIONS IN CONTRACT (JAN 1998) (FAR 52.252-4)

Portions of this contract are altered as follows:

(--) Section 3.2(b)(2)(ii) of this contract is amended to comply with 5 U.S.C. 8909(f) as follows:

(1) No tax, fee, or other monetary payment may be imposed, directly or indirectly, on a Carrier or an underwriting or plan administration subcontractor of an approved health benefits plan by any State, the District of Columbia, or the Commonwealth of Puerto Rico, or by any political subdivision or other governmental authority thereof, with respect to any payment made from the Fund.

(2) Paragraph (1) shall not be construed to exempt any Carrier or subcontractor of an approved health benefits plan from the imposition, payment, or collection of a tax, fee, or other monetary payment on the net income or profit accruing to or realized by such Carrier or underwriting or plan administration subcontractor from business conducted under this Chapter, if that tax, fee, or payment is applicable to a broad range of business activity.

(--) Section 1.14, *Misleading, Deceptive, or Unfair Advertising*, is amended by removing the reference to the NAIC Advertisements of Accident and Sickness Insurance Model Regulation. Carrier should continue to use the FEHB Supplemental Literature Guidelines (now at the renumbered Appendix C) along with FEHBAR 1603.7002.

(--) Section 5.58. The reference to System for Award Management (SAM) in FAR 52.232-33, Payment by Electronic Funds Transfer-System for Award Management (SAM), is not applicable to this contract.

4. Section 5.44 Authorized Deviations in Clauses

Correction to the FAR Citation Date

SECTION 5.44
AUTHORIZED DEVIATIONS IN CLAUSES (NOV 2020) (FAR 52.252-6)

5. **Section 5.47 Protecting the Government's Interest when Subcontracting With Contractors Debarred, Suspended or Proposed For Debarment**

Updated per changes to the FAR

SECTION 5.47
PROTECTING THE GOVERNMENT'S INTEREST WHEN SUBCONTRACTING WITH CONTRACTORS DEBARRED, SUSPENDED OR PROPOSED FOR DEBARMENT (NOV 2021) (FAR 52.209-6)

(a) Definition. "Commercially available off-the-shelf (COTS)" item, as used in this clause—

(1) Means any item of supply (including construction material) that is—

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" in Federal Acquisition Regulation (FAR) 2.101);

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

(b) The Government suspends or debars Contractors to protect the Government's interests. Other than a subcontract for a commercially available off-the-shelf item, the Contractor shall not enter into any subcontract, in excess of the threshold specified in FAR 9.405-2(b) on the date of subcontract award with a Contractor that is debarred, suspended, or proposed for debarment by any executive agency unless there is a compelling reason to do so.

(c) The Contractor shall require each proposed subcontractor whose subcontract will exceed the threshold specified in FAR 9.405-2(b) on the date of subcontract award, other than a subcontractor providing a commercially available off-the-shelf item, to disclose to the Contractor, in writing, whether as of the time of award of the subcontract, the subcontractor, or its principals, is or is not debarred, suspended, or proposed for debarment by the Federal Government.

(d) A corporate officer or a designee of the Contractor shall notify the Contracting Officer, in writing, before entering into a subcontract with a party (other than a subcontractor providing a commercially available off-the-shelf item) that is debarred, suspended, or proposed for debarment (see FAR 9.404 for information on the System for Award Management (SAM) Exclusions). The notice must include the following:

(1) The name of the subcontractor.

(2) The Contractor's knowledge of the reasons for the subcontractor being listed with an exclusion in SAM.

(3) The compelling reason(s) for doing business with the subcontractor notwithstanding its being listed with an exclusion in SAM.

(4) The systems and procedures the Contractor has established to ensure that it is fully protecting the Government's interests when dealing with such subcontractor in view of the specific basis for the party's debarment, suspension, or proposed debarment.

(e) Subcontracts. Unless this is a contract for the acquisition of commercial products or commercial services, the Contractor shall include the requirements of this clause, including this paragraph (e) (appropriately modified for the identification of the parties), in each subcontract that—

(1) Exceeds the threshold specified in FAR 9.405-2(b) on the date of subcontract award; and

(2) Is not a subcontract for commercially available off-the-shelf items.

6. **Section 5.56 Authorization and Consent**

Correction to the FAR Citation Date

SECTION 5.56
AUTHORIZATION AND CONSENT (JUN 2020) (FAR 52.227-1)

7. **Section 5.60 Subcontracts for Commercial Products and Commercial Services**

Updated per changes to the FAR

SECTION 5.60
SUBCONTRACTS FOR COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (JAN 2022) (FAR 52.244-6)

(a) Definitions. As used in this clause —

"Commercial product," "commercial service," and "commercially available off-the-shelf item" have the meanings contained in Federal Acquisition Regulation 2.101.

"Subcontract" includes a transfer of commercial products or commercial services between divisions, subsidiaries, or affiliates of the Contractor or subcontractor at any tier.

(b) To the maximum extent practicable, the Contractor shall incorporate, and require its subcontractors at all tiers to incorporate, commercial products, commercial services, or non-developmental items as components of items to be supplied under this contract.

(c)(1) The Contractor shall insert the following clauses in subcontracts for commercial products or commercial services:

(i) 52.203-13, Contractor Code of Business Ethics and Conduct (NOV 2021) (41 U.S.C. 3509), if the subcontract exceeds the threshold specified in FAR 3.1004(a) on the date of subcontract award, and has a performance period of more than 120 days. In altering this clause to identify the appropriate parties, all disclosures of violation of the civil False Claims Act or of Federal criminal law shall be directed to the agency Office of the Inspector General, with a copy to the Contracting Officer.

(ii) 52.203-15, Whistleblower Protections Under the American Recovery and Reinvestment Act of 2009 (Jun 2010) (Section 1553 of Pub. L. 111-5), if the subcontract is funded under the Recovery Act.

(iii) 52.203-19, Prohibition on Requiring Certain Internal Confidentiality Agreements or Statements (JAN 2017).

(iv) 52.204–21, Basic Safeguarding of Covered Contractor Information Systems (NOV 2021), other than subcontracts for commercially available off-the-shelf items, if flow down is required in accordance with paragraph (c) of FAR clause 52.204–21.

(v) 52.204-23, Prohibition on Contracting for Hardware, Software, and Services Developed or Provided by Kaspersky Lab and Other Covered Entities (NOV 2021) (Section 1634 of Pub. L. 115-91).

(vi) 52.204-25, Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment. (NOV 2021) (Section 889(a)(1)(A) of Pub. L. 115-232).

(vii) 52.219-8, Utilization of Small Business Concerns (OCT 2018) (15 U.S.C. 637(d)(2) and (3)) if the subcontract offers further subcontracting opportunities. If the subcontract (except subcontracts to small business concerns) exceeds, the applicable threshold specified in FAR 19.702(a) on the date of subcontract award, the subcontractor must include 52.219-8 in lower tier subcontracts that offer subcontracting opportunities.

(viii) 52.222-21 Prohibition of Segregated Facilities (Apr 2015)

(ix) 52.222-26, Equal Opportunity (Sep 2015) (E.O. 11246).

(x) 52.222-35, Equal Opportunity for Veterans (Jun 2020) (38 U.S.C. 4212(a).

(xi) 52.222-36, Equal Opportunity for Workers with Disabilities (Jun 2020) (29 U.S.C. 793).

(xii) 52.222-37, Employment Reports on Veterans (Jun 2020) (38 U.S.C. 4212).

(xiii) 52.222-40, Notification of Employee Rights Under the National Labor Relations Act (Dec 2010) (E.O. 13496), if flow down is required in accordance with paragraph (f) of FAR clause 52.222-40.

(xiv)(A) 52.222-50, Combating Trafficking in Persons (NOV 2021) (22 U.S.C. chapter 78 and E.O. 13627).

(B) Alternate I (MAR 2015) of 52.222-50 (22 U.S.C. chapter 78 and E.O. 13627).

(xv) 52.222-55 , Minimum Wages for Contractor Workers under Executive Order 14026 (JAN 2022), if flow down is required in accordance with paragraph (k) of FAR clause 52.222-55.

(xvi) 52.222-62, Paid Sick Leave Under Executive Order 13706 (JAN 2022) (E.O. 13706), if flowdown is required in accordance with paragraph (m) of FAR clause 52.222-62.

(xvii) (A) 52.224-3, Privacy Training (Jan 2017) (5 U.S.C. 552a) if flow down is required in accordance with 52.224-3(f).

(B) Alternate I (Jan 2017) of 52.224-3, if flow down is required in accordance with 52.224-3(f) and the agency specifies that only its agency-provided training is acceptable).

(xviii) 52.225-26, Contractors Performing Private Security Functions Outside the United States (Oct 2016) (Section 862, as amended, of the National Defense Authorization Act for Fiscal Year 2008; 10 U.S.C. 2302 Note).

(xix) 52.232-40, Providing Accelerated Payments to Small Business Subcontractors (NOV 2021) if flow down is required in accordance with paragraph (c) of FAR clause 52.232-40.

(xx) 52.247-64, Preference for Privately Owned U.S.-Flag Commercial Vessels (NOV 2021) 46 U.S.C. 55305 and 10 U.S.C. 2631), if flow down is required in accordance with paragraph (d) of FAR clause 52.247-64).

(2) While not required, the Contractor may flow down to subcontracts for commercial products or commercial services a minimal number of additional clauses necessary to satisfy its contractual obligations.

(d) The Contractor shall include the terms of this clause, including this paragraph (d), in subcontracts awarded under this contract.

8. Section 5.64 Contractor Code of Business Ethics and Conduct

Updated per changes to the FAR

SECTION 5.64
CONTRACTOR CODE OF BUSINESS ETHICS AND CONDUCT (NOV 2021) (FAR 52.203–13).

(a) *Definitions*. As used in this clause--

Agent means any individual, including a director, an officer, an employee, or an independent Contractor, authorized to act on behalf of the organization.

Full cooperation--(1) Means disclosure to the Government of the information sufficient for law enforcement to identify the nature and extent of the offense and the individuals responsible for the conduct. It includes providing timely and complete response to Government auditors' and investigators' request for documents and access to employees with information;

(2) Does not foreclose any Contractor rights arising in law, the FAR, or the terms of the contract. It does not require--

(i) A Contractor to waive its attorney-client privilege or the protections afforded by the attorney work product doctrine; or

(ii) Any officer, director, owner, or employee of the Contractor, including a sole proprietor, to waive his or her attorney client privilege or Fifth Amendment rights; and

(3) Does not restrict a Contractor from--

(i) Conducting an internal investigation; or

(ii) Defending a proceeding or dispute arising under the contract or related to a potential or disclosed violation.

"*Principal*" means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a division, or business segment; and similar positions).

"*Subcontract*" means any contract entered into by a subcontractor to furnish supplies or services for performance of a prime contract or a subcontract.

"*Subcontractor*" means any supplier, distributor, vendor, or firm that furnished supplies or services to or for a prime contractor or another subcontractor.

"*United States*" means the 50 States, the District of Columbia, and outlying areas.

(b) *Code of business ethics and conduct*.

(1) Within 30 days after contract award, unless the Contracting Officer establishes a longer time period, the Contractor shall—

(i) Have a written code of business ethics and conduct; and

(ii) Make a copy of the code available to each employee engaged in performance of the contract.

(2) The Contractor shall--

(i) Exercise due diligence to prevent and detect criminal conduct; and

(ii) Otherwise promote an organizational culture that encourages ethical conduct and a commitment to compliance with the law.

(3)(i) The Contractor shall timely disclose, in writing, to the agency Office of the Inspector General (OIG), with a copy to the Contracting Officer, whenever, in connection with the award, performance, or closeout of this contract or any subcontract thereunder, the Contractor has credible evidence that a principal, employee, agent, or subcontractor of the Contractor has committed--

(A) A violation of Federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in Title 18 of the United States Code; or

(B) A violation of the civil False Claims Act (31 U.S.C. 3729-3733).

(ii) The Government, to the extent permitted by law and regulation, will safeguard and treat information obtained pursuant to the Contractor's disclosure as confidential where the information has been marked ``confidential" or ``proprietary" by the company. To the extent permitted by law and regulation, such information will not be released by the Government to the public pursuant to a Freedom of Information Act request, 5 U.S.C. Section 552, without prior notification to the Contractor. The Government may transfer documents provided by the Contractor to any department or agency within the Executive Branch if the information relates to matters within the organization's jurisdiction.

(iii) If the violation relates to an order against a Governmentwide acquisition contract, a multi-agency contract, a multiple-award schedule contract such as the Federal Supply Schedule, or any other procurement instrument intended for use by multiple agencies, the Contractor shall notify the OIG of the ordering agency and the IG of the agency responsible for the basic contract.

(c) Business ethics awareness and compliance program and internal control system. This paragraph (c) does not apply if the Contractor has represented itself as a small business concern pursuant to the award of this contract or if this contract is for the acquisition of a commercial product or commercial service as defined at FAR 2.101. The Contractor shall establish the following within 90 days after contract award, unless the Contracting Officer establishes a longer time period:

(1) An ongoing business ethics awareness and compliance program.

(i) This program shall include reasonable steps to communicate periodically and in a practical manner the Contractor's standards and procedures and other aspects of the Contractor's business ethics awareness and compliance program and internal control system, by conducting effective training programs and otherwise disseminating information appropriate to an individual's respective roles and responsibilities.

(ii) The training conducted under this program shall be provided to the Contractor's principals and employees, and as appropriate, the Contractor's agents and subcontractors.

(2) An internal control system.

(i) The Contractor's internal control system shall--

(A) Establish standards and procedures to facilitate timely discovery of improper conduct in connection with Government contracts; and

(B) Ensure corrective measures are promptly instituted and carried out.

(ii) At a minimum, the Contractor's internal control system shall provide for the following:

(A) Assignment of responsibility at a sufficiently high level and adequate resources to ensure effectiveness of the business ethics awareness and compliance program and internal control system.

(B) Reasonable efforts not to include an individual as a principal, whom due diligence would have exposed as having engaged in conduct that is in conflict with the Contractor's code of business ethics and conduct.

(C) Periodic reviews of company business practices, procedures, policies, and internal controls for compliance with the Contractor's code of business ethics and conduct and the special requirements of Government contracting, including--

(1) Monitoring and auditing to detect criminal conduct;

(2) Periodic evaluation of the effectiveness of the business ethics awareness and compliance program and internal control system, especially if criminal conduct has been detected; and

(3) Periodic assessment of the risk of criminal conduct, with appropriate steps to design, implement, or modify the business ethics awareness and compliance program and the internal control system as necessary to reduce the risk of criminal conduct identified through this process.

(D) An internal reporting mechanism, such as a hotline, which allows for anonymity or confidentiality, by which employees may report suspected instances of improper conduct, and instructions that encourage employees to make such reports.

(E) Disciplinary action for improper conduct or for failing to take reasonable steps to prevent or detect improper conduct.

(F) Timely disclosure, in writing, to the agency OIG, with a copy to the Contracting Officer, whenever, in connection with the award, performance, or closeout of any Government contract performed by the Contractor or a subcontract thereunder, the Contractor has credible evidence that a principal, employee, agent, or subcontractor of the Contractor has committed a violation of Federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in Title 18 U.S.C. or a violation of the civil False Claims Act (31 U.S.C. 3729-3733).

(1) If a violation relates to more than one Government contract, the Contractor may make the disclosure to the agency OIG and Contracting Officer responsible for the largest dollar value contract impacted by the violation.

(2) If the violation relates to an order against a Governmentwide acquisition contract, a multi-agency contract, a multiple-award schedule contract such as the Federal Supply Schedule, or any other procurement instrument intended for use by multiple agencies, the contractor shall notify the OIG of the ordering agency and the IG of the agency responsible for the basic contract, and the respective agencies' contracting officers.

(3) The disclosure requirement for an individual contract continues until at least 3 years after final payment on the contract.

(4) The Government will safeguard such disclosures in accordance with paragraph (b)(3)(ii) of this clause.

(G) Full cooperation with any Government agencies responsible for audits, investigations, or corrective actions.

(d) Subcontracts. (1) The Contractor shall include the substance of this clause, including this paragraph (d), in subcontracts that exceed the threshold specified in FAR 3.1004(a) on the date of subcontract award and a performance period of more than 120 days.

(2) In altering this clause to identify the appropriate parties, all disclosures of violation of the civil False Claims Act or of Federal criminal law shall be directed to the agency Office of the Inspector General, with a copy to the Contracting Officer.

9. Section 5.65 Employment Eligibility Verification

Updated per changes to the FAR

SECTION 5.65
EMPLOYMENT ELIGIBILITY VERIFICATION (MAY 2022) (FAR 52.222-54).

(a) Definitions. As used in this clause–

"Commercially available off-the-shelf (COTS) item"—

(1) Means any item of supply that is–

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" at Federal Acquisition Regulation (FAR) 2.101;

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products. Per 46 CFR 525.1(c)(2), "bulk cargo" means cargo that is loaded and carried in bulk onboard ship without mark or count, in a loose unpackaged form, having homogenous characteristics. Bulk cargo loaded into intermodal equipment, except LASH or Seabee barges, is subject to mark and count and, therefore, ceases to be bulk cargo.

Employee assigned to the contract means an employee who was hired after November 6, 1986 (after November 27, 2009, in the Commonwealth of the Northern Mariana Islands), who is directly performing work, in the United States, under a contract that is required to include the clause prescribed at 22.1803. An employee is not considered to be directly performing work under a contract if the employee-

(1) Normally performs support work, such as indirect or overhead functions; and

(2) Does not perform any substantial duties applicable to the contract.

Subcontract means any contract, as defined in 2.101, entered into by a subcontractor to furnish supplies or services for performance of a prime contract or a subcontract. It includes but is not limited to purchase orders, and changes and modifications to purchase orders.

Subcontractor means any supplier, distributor, vendor, or firm that furnishes supplies or services to or for a prime Contractor or another subcontractor.

United States, as defined in 8 U.S.C. 1101(a)(38), means the 50 States, the District of Columbia, Puerto Rico, Guam, the Commonwealth of the Northern Mariana Islands, and the U.S. Virgin Islands.

(b) Enrollment and verification requirements.

(1) If the Contractor is not enrolled as a Federal Contractor in E-Verify at time of contract award, the Contractor shall—

(i) Enroll. Enroll as a Federal Contractor in the E-Verify program within 30 calendar days of contract award;

(ii) Verify all new employees. Within 90 calendar days of enrollment in the E-Verify program, begin to use E-Verify to initiate verification of employment eligibility of all new hires of the Contractor, who are working in the United States, whether or not assigned to the contract, within 3 business days after the date of hire (but see paragraph (b)(3) of this section); and

(iii) Verify employees assigned to the contract. For each employee assigned to the contract, initiate verification within 90 calendar days after date of enrollment or within 30

calendar days of the employee's assignment to the contract, whichever date is later (but see paragraph (b)(4) of this section).

(2) If the Contractor is enrolled as a Federal Contractor in E-Verify at time of contract award, the Contractor shall use E-Verify to initiate verification of employment eligibility of—

(i) All new employees.

(A) Enrolled 90 calendar days or more. The Contractor shall initiate verification of all new hires of the Contractor, who are working in the United States, whether or not assigned to the contract, within 3 business days after the date of hire (but see paragraph (b)(3) of this section); or

(B) Enrolled less than 90 calendar days. Within 90 calendar days after enrollment as a Federal Contractor in E-Verify, the Contractor shall initiate verification of all new hires of the Contractor, who are working in the United States, whether or not assigned to the contract, within 3 business days after the date of hire (but see paragraph (b)(3) of this section); or

(ii) Employees assigned to the contract. For each employee assigned to the contract, the Contractor shall initiate verification within 90 calendar days after date of contract award or within 30 days after assignment to the contract, whichever date is later (but see paragraph (b)(4) of this section).

(3) If the Contractor is an institution of higher education (as defined at 20 U.S.C. 1001(a)); a State or local government or the government of a Federally recognized Indian tribe; or a surety performing under a takeover agreement entered into with a Federal agency pursuant to a performance bond, the Contractor may choose to verify only employees assigned to the contract, whether existing employees or new hires. The Contractor shall follow the applicable verification requirements at (b)(1) or (b)(2) respectively, except that any requirement for verification of new employees applies only to new employees assigned to the contract.

(4) Option to verify employment eligibility of all employees. The Contractor may elect to verify all existing employees hired after November 6, 1986 (after November 27, 2009, in the Commonwealth of the Northern Mariana Islands), rather than just those employees assigned to the contract. The Contractor shall initiate verification for each existing employee working in the United States who was hired after November 6, 1986 (after November 27, 2009, in the Commonwealth of the Northern Mariana Islands), within 180 calendar days of-

(i) Enrollment in the E-Verify program; or

(ii) Notification to E-Verify Operations of the Contractor's decision to exercise this option, using the contact information provided in the E-Verify program Memorandum of Understanding (MOU).

(5) The Contractor shall comply, for the period of performance of this contract, with the requirements of the E-Verify program MOU.

(i) The Department of Homeland Security (DHS) or the Social Security Administration (SSA) may terminate the Contractor's MOU and deny access to the E-Verify system in accordance with the terms of the MOU. In such case, the Contractor will be referred to a suspension or debarment official.

(ii) During the period between termination of the MOU and a decision by the suspension or debarment official whether to suspend or debar, the Contractor is excused from its obligations under paragraph (b) of this clause. If the suspension or debarment official determines not to suspend or debar the Contractor, then the Contractor must reenroll in E-Verify.

(c) Web site. Information on registration for and use of the E-Verify program can be obtained via the Internet at the Department of Homeland Security Web site: *https://www.e-Verify.gov*.

(d) Individuals previously verified. The Contractor is not required by this clause to perform additional employment verification using E-Verify for any employee –

(1) Whose employment eligibility was previously verified by the Contractor through the E-Verify program;

(2) Who has been granted and holds an active U.S. Government security clearance for access to confidential, secret, or top secret information in accordance with the National Industrial Security Program Operating Manual; or

(3) Who has undergone a completed background investigation and been issued credentials pursuant to Homeland Security Presidential Directive (HSPD)-12, Policy for a Common Identification Standard for Federal Employees and Contractors.

(e) Subcontracts. The Contractor shall include the requirements of this clause, including this paragraph (e) (appropriately modified for identification of the parties), in each subcontract that -

(1) Is for

(i) Services (except for commercial services that are part of the purchase of a COTS item (or an item that would be a COTS item, but for minor modifications), performed by the COTS provider, and are normally provided for that COTS item); or

(ii) Construction;

(2) Has a value of more than $3,500; and

(3) Includes work performed in the United States.

10. Section 5.71 Combating Trafficking in Persons

Updated per changes to the FAR

SECTION 5.71
COMBATING TRAFFICKING IN PERSONS (NOV 2021) (FAR 52.222-50)

(a) Definitions. As used in this clause—

"Agent" means any individual, including a director, an officer, an employee, or an independent contractor, authorized to act on behalf of the organization.

"Coercion" means—

(1) Threats of serious harm to or physical restraint against any person;

(2) Any scheme, plan, or pattern intended to cause a person to believe that failure to perform an act would result in serious harm to or physical restraint against any person; or

(3) The abuse or threatened abuse of the legal process. "Commercial sex act" means any sex act on account of which anything of value is given to or received by any person.

"Commercially available off-the-shelf (COTS) item"

(1) Means any item of supply (including construction material) that is-

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" at Federal Acquisition Regulation (FAR) 2.101;

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

"Debt bondage" means the status or condition of a debtor arising from a pledge by the debtor of his or her personal services or of those of a person under his or her control as a security for debt, if the value of those services as reasonably assessed is not applied toward the liquidation of the debt or the length and nature of those services are not respectively limited and defined.

"Employee" means an employee of the Contractor directly engaged in the performance of work under the contract who has other than a minimal impact or involvement in contract performance.

"Forced Labor" means knowingly providing or obtaining the labor or services of a person—

(1) By threats of serious harm to, or physical restraint against, that person or another person;

(2) By means of any scheme, plan, or pattern intended to cause the person to believe that, if the person did not perform such labor or services, that person or another person would suffer serious harm or physical restraint; or

(3) By means of the abuse or threatened abuse of law or the legal process.

"Involuntary servitude" includes a condition of servitude induced by means of—

(1) Any scheme, plan, or pattern intended to cause a person to believe that, if the person did not enter into or continue in such conditions, that person or another person would suffer serious harm or physical restraint; or

(2) The abuse or threatened abuse of the legal process.

"Recruitment fees" means fees of any type, including charges, costs, assessments, or other financial obligations, that are associated with the recruiting process, regardless of the time, manner, or location of imposition or collection of the fee.

(1) Recruitment fees include, but are not limited to, the following fees (when they are associated with the recruiting process) for—

(i) Soliciting, identifying, considering, interviewing, referring, retaining, transferring, selecting, training, providing orientation to, skills testing, recommending, or placing employees or potential employees;

(ii) Advertising;

(iii) Obtaining permanent or temporary labor certification, including any associated fees;

(iv) Processing applications and petitions;

(v) Acquiring visas, including any associated fees;

(vi) Acquiring photographs and identity or immigration documents, such as passports, including any associated fees;

(vii) Accessing the job opportunity, including required medical examinations and immunizations; background, reference, and security clearance checks and examinations; and additional certifications;

(viii) An employer's recruiters, agents or attorneys, or other notary or legal fees;

(ix) Language interpretation or translation, arranging for or accompanying on travel, or providing other advice to employees or potential employees;

(x) Government-mandated fees, such as border crossing fees, levies, or worker welfare funds;

(xi) Transportation and subsistence costs—

(A) While in transit, including, but not limited to, airfare or costs of other modes of transportation, terminal fees, and travel taxes associated with travel from the country of origin to the country of performance and the return journey upon the end of employment; and

(B) From the airport or disembarkation point to the worksite;

(xii) Security deposits, bonds, and insurance; and

(xiii) Equipment charges.

(2) A recruitment fee, as described in the introductory text of this definition, is a recruitment fee, regardless of whether the payment is—

(i) Paid in property or money;

(ii) Deducted from wages;

(iii) Paid back in wage or benefit concessions;

(iv) Paid back as a kickback, bribe, in-kind payment, free labor, tip, or tribute; or

(v) Collected by an employer or a third party, whether licensed or unlicensed, including, but not limited to—

(A) Agents;

(B) Labor brokers;

(C) Recruiters;

(D) Staffing firms (including private employment and placement firms);

(E) Subsidiaries/affiliates of the employer;

(F) Any agent or employee of such entities; and

(G) Subcontractors at all tiers.

"Severe forms of trafficking in persons" means—

(1) Sex trafficking in which a commercial sex act is induced by force, fraud, or coercion, or in which the person induced to perform such act has not attained 18 years of age; or

(2) The recruitment, harboring, transportation, provision, or obtaining of a person for labor or services, through the use of force, fraud, or coercion for the purpose of subjection to involuntary servitude, peonage, debt bondage, or slavery.

"Sex trafficking" means the recruitment, harboring, transportation, provision, or obtaining of a person for the purpose of a commercial sex act.

"Subcontract" means any contract entered into by a subcontractor to furnish supplies or services for performance of a prime contract or a subcontract.

"Subcontractor" means any supplier, distributor, vendor, or firm that furnishes supplies or services to or for a prime contractor or another subcontractor.

"United States" means the 50 States, the District of Columbia, and outlying areas.

(b) Policy. The United States Government has adopted a policy prohibiting trafficking in persons including the trafficking-related activities of this clause. Contractors, contractor employees, and their agents shall not—

(1) Engage in severe forms of trafficking in persons during the period of performance of the contract;

(2) Procure commercial sex acts during the period of performance of the contract; or

(3) Use forced labor in the performance of the contract.

(4) Destroy, conceal, confiscate, or otherwise deny access by an employee to the employee's identity or immigration documents, such as passports or drivers' licenses, regardless of issuing authority;

(5)(i) Use misleading or fraudulent practices during the recruitment of employees or offering of employment, such as failing to disclose, in a format and language understood by the employee or potential employee, basic information or making material misrepresentations during the recruitment of employees regarding the key terms and conditions of employment, including wages and fringe benefits, the location of work, the living conditions, housing and associated costs (if employer or agent provided or arranged), any significant cost to be charged to the employee or potential employee, and, if applicable, the hazardous nature of the work;

(ii) Use recruiters that do not comply with local labor laws of the country in which the recruiting takes place;

(6) Charge employees or potential employees recruitment fees;

(7)(i) Fail to provide return transportation or pay for the cost of return transportation upon the end of employment-

(A) For an employee who is not a national of the country in which the work is taking place and who was brought into that country for the purpose of working on a U.S. Government contract or subcontract (for portions of contracts performed outside the United States); or

(B) For an employee who is not a United States national and who was brought into the United States for the purpose of working on a U.S. Government contract or subcontract, if the payment of such costs is required under existing temporary worker programs or pursuant to a written agreement with the employee (for portions of contracts performed inside the United States); except that-

(ii) The requirements of paragraphs (b)(7)(i) of this clause shall not apply to an employee who is-

(A) Legally permitted to remain in the country of employment and who chooses to do so; or

(B) Exempted by an authorized official of the contracting agency from the requirement to provide return transportation or pay for the cost of return transportation;

(iii) The requirements of paragraph (b)(7)(i) of this clause are modified for a victim of trafficking in persons who is seeking victim services or legal redress in the country of employment, or for a witness in an enforcement action related to trafficking in persons. The contractor shall provide the return transportation or pay the cost of return transportation in a way that does not obstruct the victim services, legal redress, or witness activity. For example, the contractor shall not only offer return transportation to a witness at a time when the witness is still needed to testify. This paragraph does not apply when the exemptions at paragraph (b)(7)(ii) of this clause apply.

(8) Provide or arrange housing that fails to meet the host country housing and safety standards; or

(9) If required by law or contract, fail to provide an employment contract, recruitment agreement, or other required work document in writing. Such written work document shall be in a language the employee understands. If the employee must relocate to perform the work, the work document shall be provided to the employee at least five days prior to the employee relocating. The employee's work document shall include, but is not limited to, details about work description, wages, prohibition on charging recruitment fees, work location(s), living accommodations and associated costs, time off, roundtrip transportation arrangements, grievance process, and the content of applicable laws and regulations that prohibit trafficking in persons.

(c) Contractor requirements. The Contractor shall—

(1) Notify its employees and agents of—

(i) The United States Government's policy prohibiting trafficking in persons, described in paragraph (b) of this clause; and

(ii) The actions that will be taken against employees or agents for violations of this policy. Such actions for employees may include, but are not limited to, removal from the contract, reduction in benefits, or termination of employment; and

(2) Take appropriate action, up to and including termination, against employees, agents, or subcontractors that violate the policy in paragraph (b) of this clause.

(d) *Notification.*

(1) The Contractor shall inform the Contracting Officer and the agency Inspector General immediately of—

(i)Any credible information it receives from any source (including host country law enforcement) that alleges a Contractor employee, subcontractor, subcontractor employee, or their agent has engaged in conduct that violates the policy; in in paragraph (b) of this clause (see also 18 U.S.C. 1351, Fraud in Foreign Labor Contracting, and 52.203-13(b)(3)(i)(A), if that clause is included in the solicitation or contract, which requires disclosure to the agency Office of the Inspector General when the Contractor has credible evidence of fraud) ; and

(ii) Any actions taken against a Contractor employee, subcontractor, or subcontractor employee, or their agent pursuant to this clause.

(2) If the allegation may be associated with more than one contract, the Contractor shall inform the contracting officer for the contract with the highest dollar value.

(e) *Remedies*. In addition to other remedies available to the Government, the Contractor's failure to comply with the requirements of paragraphs (c), (d), (g), (h) or (i) of this clause may result in—

(1) Requiring the Contractor to remove a Contractor employee or employees from the performance of the contract;

(2) Requiring the Contractor to terminate a subcontract;

(3) Suspension of contract payments until the Contractor has taken appropriate remedial action;

(4) Loss of award fee, consistent with the award fee plan, for the performance period in which the Government determined Contractor non-compliance;

(5) Declining to exercise available options under the contract;

(6) Termination of the contract for default or cause, in accordance with the termination clause of this contract; or

(7) Suspension or debarment.

(f) Mitigating and aggravating factors. When determining remedies, the Contracting Officer may consider the following:

(1) Mitigating factors. The Contractor had a Trafficking in Persons compliance plan or an awareness program at the time of the violation, was in compliance with the plan, and has taken appropriate remedial actions for the violation, that may include reparation to victims for such violations.

(2) Aggravating factors. The Contractor failed to abate an alleged violation or enforce the requirements of a compliance plan, when directed by the Contracting Officer to do so.

(g) Full cooperation.

(1) The Contractor shall, at a minimum-

(i) Disclose to the agency Inspector General information sufficient to identify the nature and extent of an offense and the individuals responsible for the conduct;

(ii) Provide timely and complete responses to Government auditors' and investigators' requests for documents;

(iii) Cooperate fully in providing reasonable access to its facilities and staff (both inside and outside the U.S.) to allow contracting agencies and other responsible Federal agencies to conduct audits, investigations, or other actions to ascertain compliance with the Trafficking Victims Protection Act of 2000 (22 U.S.C. chapter 78), E.O. 13627, or any other applicable law or regulation establishing restrictions on trafficking in persons, the procurement of commercial sex acts, or the use of forced labor; and

(iv) Protect all employees suspected of being victims of or witnesses to prohibited activities, prior to returning to the country from which the employee was recruited, and shall not prevent or hinder the ability of these employees from cooperating fully with Government authorities.

(2) The requirement for full cooperation does not foreclose any Contractor rights arising in law, the FAR, or the terms of the contract. It does not-

(i) Require the Contractor to waive its attorney-client privilege or the protections afforded by the attorney work product doctrine;

(ii) Require any officer, director, owner, employee, or agent of the Contractor, including a sole proprietor, to waive his or her attorney client privilege or Fifth Amendment rights; or

(iii) Restrict the Contractor from-

(A) Conducting an internal investigation; or

(B) Defending a proceeding or dispute arising under the contract or related to a potential or disclosed violation.

(h) Compliance plan.

(1) This paragraph (h) applies to any portion of the contract that-

(i) Is for supplies, other than commercially available off-the-shelf items, acquired outside the United States, or services to be performed outside the United States; and

(ii) Has an estimated value that exceeds $550,000.

(2) The Contractor shall maintain a compliance plan during the performance of the contract that is appropriate-

(i) To the size and complexity of the contract; and

(ii) To the nature and scope of the activities to be performed for the Government, including the number of non-United States citizens expected to be employed and the risk that the contract or subcontract will involve services or supplies susceptible to trafficking in persons.

(3) Minimum requirements. The compliance plan must include, at a minimum, the following:

(i) An awareness program to inform contractor employees about the Government's policy prohibiting trafficking-related activities described in paragraph (b) of this clause, the activities prohibited, and the actions that will be taken against the employee for violations. Additional information about Trafficking in Persons and examples of awareness programs can be found at the website for the Department of State's Office to Monitor and Combat Trafficking in Persons at http://www.state.gov/j/tip/.

(ii) A process for employees to report, without fear of retaliation, activity inconsistent with the policy prohibiting trafficking in persons, including a means to make available to all

employees the hotline phone number of the Global Human Trafficking Hotline at 1-844-888-FREE and its email address at help@befree.org.

(iii) A recruitment and wage plan that only permits the use of recruitment companies with trained employees, prohibits charging recruitment fees to the employees or potential employees, and ensures that wages meet applicable host-country legal requirements or explains any variance.

(iv) A housing plan, if the Contractor or subcontractor intends to provide or arrange housing, that ensures that the housing meets host-country housing and safety standards.

(v) Procedures to prevent agents and subcontractors at any tier and at any dollar value from engaging in trafficking in persons (including activities in paragraph (b) of this clause) and to monitor, detect, and terminate any agents, subcontracts, or subcontractor employees that have engaged in such activities.

(4) Posting.

(i) The Contractor shall post the relevant contents of the compliance plan, no later than the initiation of contract performance, at the workplace (unless the work is to be performed in the field or not in a fixed location) and on the Contractor's Web site (if one is maintained). If posting at the workplace or on the Web site is impracticable, the Contractor shall provide the relevant contents of the compliance plan to each worker in writing.

(ii) The Contractor shall provide the compliance plan to the Contracting Officer upon request.

(5) Certification. Annually after receiving an award, the Contractor shall submit a certification to the Contracting Officer that-

(i) It has implemented a compliance plan to prevent any prohibited activities identified at paragraph (b) of this clause and to monitor, detect, and terminate any agent, subcontract or subcontractor employee engaging in prohibited activities; and

(ii) After having conducted due diligence, either-

(A) To the best of the Contractor's knowledge and belief, neither it nor any of its agents, subcontractors, or their agents is engaged in any such activities; or

(B) If abuses relating to any of the prohibited activities identified in paragraph (b) of this clause have been found, the Contractor or subcontractor has taken the appropriate remedial and referral actions.

(i) *Subcontracts*.

(1) The Contractor shall include the substance of this clause, including this paragraph (f), in all subcontracts and in all contracts with agents. The requirements in paragraph (h) of this clause apply only to any portion of the subcontract that-

(i) Is for supplies, other than commercially available off-the-shelf items, acquired outside the United States, or services to be performed outside the United States; and

(ii) Has an estimated value that exceeds $550,000.

(2) If any subcontractor is required by this clause to submit a certification, the Contractor shall require submission prior to the award of the subcontract and annually thereafter. The certification shall cover the items in paragraph (h)(5) of this clause.

11. <u>Section 5.72 Basic Safeguarding of Covered Contractor Information Systems</u>
Updated per changes to the FAR

SECTION 5.72

BASIC SAFEGUARDING OF COVERED CONTRACTOR INFORMATION SYSTEMS (NOV 2021) (FAR 52.204-21)

(a) Definitions. As used in this clause Covered contractor information system means an information system that is owned or operated by a contractor that processes, stores, or transmits Federal contract information.

Federal contract information means information, not intended for public release, that is provided by or generated for the Government under a contract to develop or deliver a product or service to the Government, but not including information provided by the Government to the public (such as on public websites) or simple transactional information, such as necessary to process payments.

Information means any communication or representation of knowledge such as facts, data, or opinions, in any medium or form, including textual, numerical, graphic, cartographic, narrative, or audiovisual (Committee on National Security Systems Instruction (CNSSI) 4009).

Information system means a discrete set of information resources organized for the collection, processing, maintenance, use, sharing, dissemination, or disposition of information (44 U.S.C. 3502).

Safeguarding means measures or controls that are prescribed to protect information systems.

(b) Safeguarding requirements and procedures. (1) The Contractor shall apply the following basic safeguarding requirements and procedures to protect covered contractor information systems. Requirements and procedures for basic safeguarding of covered contractor information systems shall include, at a minimum, the following security controls:

(i) Limit information system access to authorized users, processes acting on behalf of authorized users, or devices (including other information systems).

(ii) Limit information system access to the types of transactions and functions that authorized users are permitted to execute.

(iii) Verify and control/limit connections to and use of external information systems.

(iv) Control information posted or processed on publicly accessible information systems.

(v) Identify information system users, processes acting on behalf of users, or devices.

(vi) Authenticate (or verify) the identities of those users, processes, or devices, as a prerequisite to allowing access to organizational information systems.

(vii) Sanitize or destroy information system media containing Federal Contract Information before disposal or release for reuse.

(viii) Limit physical access to organizational information systems, equipment, and the respective operating environments to authorized individuals.

(ix) Escort visitors and monitor visitor activity; maintain audit logs of physical access; and control and manage physical access devices.

(x) Monitor, control, and protect organizational communications (i.e., information transmitted or received by organizational information systems) at the external boundaries and key internal boundaries of the information systems.

(xi) Implement subnetworks for publicly accessible system components that are physically or logically separated from internal networks.

(xii) Identify, report, and correct information and information system flaws in a timely manner.

(xiii) Provide protection from malicious code at appropriate locations within organizational information systems.

(xiv) Update malicious code protection mechanisms when new releases are available.

(xv) Perform periodic scans of the information system and real-time scans of files from external sources as files are downloaded, opened, or executed.

(2) Other requirements. This clause does not relieve the Contractor of any other specific safeguarding requirements specified by Federal agencies and departments relating to covered contractor information systems generally or other Federal safeguarding requirements for controlled unclassified information (CUI) as established by Executive Order 13556.

(c) Subcontracts. The Contractor shall include the substance of this clause, including this paragraph (c), in subcontracts under this contract (including subcontracts for the acquisition of commercial products or commercial services, other than commercially available off-the-shelf items), in which the subcontractor may have Federal contract information residing in or transiting through its information system.

12. <u>Section 5.74 Prohibition On Contracting For Hardware, Software, And Services Developed Or Provided By Kaspersky Lab And Other Covered Entities</u>

Updated per changes to the FAR

SECTION 5.74
PROHIBITION ON CONTRACTING FOR HARDWARE, SOFTWARE, AND SERVICES DEVELOPED OR PROVIDED BY KASPERSKY LAB AND OTHER COVERED ENTITIES (NOV 2021) (FAR 52.204-23).

(a) *Definitions*. As used in this clause—

"Covered article" means any hardware, software, or service that–

(1) Is developed or provided by a covered entity;

(2) Includes any hardware, software, or service developed or provided in whole or in part by a covered entity; or

(3) Contains components using any hardware or software developed in whole or in part by a covered entity.

"Covered entity" means–

(1) Kaspersky Lab;

(2) Any successor entity to Kaspersky Lab;

(3) Any entity that controls, is controlled by, or is under common control with Kaspersky Lab; or

(4) Any entity of which Kaspersky Lab has a majority ownership.

(b) *Prohibition.* Section 1634 of Division A of the National Defense Authorization Act for Fiscal Year 2018 (Pub. L. 115-91) prohibits Government use of any covered article. The Contractor is prohibited from—

(1) Providing any covered article that the Government will use on or after October 1, 2018; and

(2) Using any covered article on or after October 1, 2018, in the development of data or deliverables first produced in the performance of the contract.

(c) *Reporting requirement.*

(1) In the event the Contractor identifies a covered article provided to the Government during contract performance, or the Contractor is notified of such by a subcontractor at any tier or any other source, the Contractor shall report, in writing, to the Contracting Officer or, in the case of the Department of Defense, to the website at https://dibnet.dod.mil. For indefinite delivery contracts, the Contractor shall report to the Contracting Officer for the indefinite delivery contract and the Contracting Officer(s) for any affected order or, in the case of the Department of Defense, identify both the indefinite delivery contract and any affected orders in the report provided at https://dibnet.dod.mil.

(2) The Contractor shall report the following information pursuant to paragraph (c)(1) of this clause:

(i) Within 1 business day from the date of such identification or notification: the contract number; the order number(s), if applicable; supplier name; brand; model number (Original Equipment Manufacturer (OEM) number, manufacturer part number, or wholesaler number); item description; and any readily available information about mitigation actions undertaken or recommended.

(ii) Within 10 business days of submitting the report pursuant to paragraph (c)(1) of this clause: any further available information about mitigation actions undertaken or recommended. In addition, the Contractor shall describe the efforts it undertook to prevent use or submission of a covered article, any reasons that led to the use or submission of the covered article, and any additional efforts that will be incorporated to prevent future use or submission of covered articles.

(d) Subcontracts. The Contractor shall insert the substance of this clause, including this paragraph (d), in all subcontracts including subcontracts for the acquisition of commercial products or commercial services.

13. Section 5.75 Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment

Updated per changes to the FAR

SECTION 5.75
PROHIBITION ON CONTRACTING FOR CERTAIN TELECOMMUNICATIONS AND VIDEO SURVEILLANCE SERVICES OR EQUIPMENT (NOV 2021) (FAR 52.204-25).

(a) *Definitions.* As used in this clause—

"Backhaul" means intermediate links between the core network, or backbone network, and the small subnetworks at the edge of the network (e.g., connecting cell phones/towers to the core telephone network). Backhaul can be wireless (e.g., microwave) or wired (e.g., fiber optic, coaxial cable, Ethernet).

"Covered foreign country" means The People's Republic of China.

"Covered telecommunications equipment or services" means–

(1) Telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities);

(2) For the purpose of public safety, security of Government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities);

(3) Telecommunications or video surveillance services provided by such entities or using such equipment; or

(4) Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.

"Critical technology" means–

(1) Defense articles or defense services included on the United States Munitions List set forth in the International Traffic in Arms Regulations under subchapter M of chapter I of title 22, Code of Federal Regulations;

(2) Items included on the Commerce Control List set forth in Supplement No. 1 to part 774 of the Export Administration Regulations under subchapter C of chapter VII of title 15, Code of Federal Regulations, and controlled-

(i) Pursuant to multilateral regimes, including for reasons relating to national security, chemical and biological weapons proliferation, nuclear nonproliferation, or missile technology; or

(ii) For reasons relating to regional stability or surreptitious listening;

(3) Specially designed and prepared nuclear equipment, parts and components, materials, software, and technology covered by part 810 of title 10, Code of Federal Regulations (relating to assistance to foreign atomic energy activities);

(4) Nuclear facilities, equipment, and material covered by part 110 of title 10, Code of Federal Regulations (relating to export and import of nuclear equipment and material);

(5) Select agents and toxins covered by part 331 of title 7, Code of Federal Regulations, part 121 of title 9 of such Code, or part 73 of title 42 of such Code; or

(6) Emerging and foundational technologies controlled pursuant to section 1758 of the Export Control Reform Act of 2018 (50 U.S.C. 4817).

"Interconnection arrangements" means arrangements governing the physical connection of two or more networks to allow the use of another's network to hand off traffic where it is ultimately delivered (e.g., connection of a customer of telephone provider A to a customer of telephone company B) or sharing data and other information resources.

"Reasonable inquiry" means an inquiry designed to uncover any information in the entity's possession about the identity of the producer or provider of covered

telecommunications equipment or services used by the entity that excludes the need to include an internal or third- party audit.

"Roaming" means cellular communications services (e.g., voice, video, data) received from a visited network when unable to connect to the facilities of the home network either because signal coverage is too weak or because traffic is too high.

"Substantial or essential component" means any component necessary for the proper function or performance of a piece of equipment, system, or service.

(b) *Prohibition.* (1) Section 889(a)(1)(A) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115–232) prohibits the head of an executive agency on or after August 13, 2019, from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. The Contractor is prohibited from providing to the Government any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless an exception at paragraph (c) of this clause applies or the covered telecommunication equipment or services are covered by a waiver described in FAR 4.2104.

(2) Section 889(a)(1)(B) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115–232) prohibits the head of an executive agency on or after August 13, 2020, from entering into a contract, or extending or renewing a contract, with an entity that uses any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless an exception at paragraph (c) of this clause applies or the covered telecommunication equipment or services are covered by a waiver described in FAR 4.2104. This prohibition applies to the use of covered telecommunications equipment or services, regardless of whether that use is in performance of work under a Federal contract.

(c) *Exceptions.* This clause does not prohibit contractors from providing—

(1) A service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(2) Telecommunications equipment that cannot route or redirect user data traffic or permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(d) Reporting requirement. (1)In the event the Contractor identifies covered telecommunications equipment or services used as a substantial or essential component of any system, or as critical technology as part of any system, during contract performance, or the Contractor is notified of such by a subcontractor at any tier or by any other source, the Contractor shall report the information in paragraph (d)(2) of this clause to the Contracting Officer, unless elsewhere in this contract are established procedures for reporting the information; in the case of the Department of Defense, the Contractor shall report to the website at https://dibnet.dod.mil. For indefinite delivery contracts, the Contractor shall report to the Contracting Officer for the indefinite delivery contract and the Contracting Officer(s) for any affected order or, in the case of the Department of Defense, identify both the indefinite delivery contract and any affected orders in the report provided at https://dibnet.dod.mil.

(2) The Contractor shall report the following information pursuant to paragraph (d)(1) of this clause

(i) Within one business day from the date of such identification or notification: the contract number; the order number(s), if applicable; supplier name; supplier unique entity identifier (if known); supplier Commercial and Government Entity (CAGE) code (if known); brand; model number (original equipment manufacturer number, manufacturer part number, or wholesaler number); item description; and any readily available information about mitigation actions undertaken or recommended.

(ii) Within 10 business days of submitting the information in paragraph (d)(2)(i) of this clause: any further available information about mitigation actions undertaken or recommended. In addition, the Contractor shall describe the efforts it undertook to prevent use or submission of covered telecommunications equipment or services, and any additional efforts that will be incorporated to prevent future use or submission of covered telecommunications equipment or services.

(a) *Subcontracts.* The Contractor shall insert the substance of this clause, including this paragraph (e) and excluding paragraph (b)(2), in all subcontracts and other contractual instruments, including subcontracts for the acquisition of commercial products or commercial services.

Part IV-SPECIAL PROVISIONS is deleted and replaced with the following:

SECTION 4.1
ALTERATIONS IN CONTRACT (JAN 2019) (FAR 52.252-4)

Portions of this contract are altered as follows:

(a) Section 1.6 Confidentiality of Records. The following subsection is added:

(d) Local Blue Cross and/or Blue Shield Plans may combine the personal data and medical records of Federal subscribers, and information relating thereto, with the same information of other individuals who have health benefits coverage under the Local Blue Cross and/or Blue Shield Plan. This combined data may only be used and disclosed for the Plan's health care operations and payment activities, as such terms and conditions are defined under the Health Insurance Portability and Accountability Act, and its implementing regulations (45 CFR § 164.501). Such activities include, but are not limited to: care management; prevention, detection, and recovery of funds subject to fraud and abuse; and negotiation of provider contracts.

(e) As used in subsection (b)(1) of this section, "administration of this contract" means health care operations and payment activities, as such terms and conditions are defined under the Health Insurance Portability and Accountability Act, and its implementing regulations (45 CFR § 164.501).

(b) Section 1.9 Plan Performance - Experience-Rated FFS Contracts.

The Carrier may use the appropriate systems for measurement and/or collection of data on the quality of the health care services as described in subparagraph 1.9(b).

(c) Section 1.14, Misleading, Deceptive, or Unfair Advertising, is amended by removing the reference to the NAIC Advertisements of Accident and Sickness Insurance Model Regulation (Appendix D-b). Carrier should continue to use the FEHB Supplemental Literature Guidelines (now at the renumbered Appendix C) along with FEHBAR 1603.7002.

(d) Section 1.15 Renewal and Withdrawal of Approval (FEHBAR). The following subsections are added:

(d) If the agency suspends payment of the subscription charges for any reason, the Carrier may (1) suspend making benefit payments until payment of all subscription charges due is fully restored; or (2) terminate the contract without prior notice.

(e) Section 1.21 Patient Bill of Rights. For the purpose of compliance with this Section, the Carrier will conduct the following minimum activities: (1) the Carrier will provide subscribers with a Fact Sheet that includes information about the disenrollment rate in the Blue Cross and Blue Shield Service Benefit Plan, as well as Local Plan-specific information including compliance with Federal and State financial requirements, public corporate information, years in existence, and accreditation status; (2) Provider

Directories will include language advising subscribers to contact their providers directly to obtain information about the providers, including but not limited to board certifications, languages spoken, availability of interpreters, facility accessibility, and whether the provider is accepting new patients.

(f) Section 1.30 Health Information Technology Privacy and Security. Subsections (b), (c) and the introductory paragraph of Subsection (d) of Section 1.30 are amended to read as follows:

(b) The Carrier will promote consumer transparency by ensuring that at the point where the Federal member enters the subcontractor's, large provider's, or vendor's website or web portal the link to the subcontractor's, large provider's, or vendor's notice of privacy practices and/or privacy policies is displayed on the bottom, or prominently displayed elsewhere, on the website or web portal.

(c) Notice of privacy practices and/or privacy policies disclosures must describe the uses of individually identifiable protected health information and any potential disclosure to other entities as described in the HIPAA Privacy Rule.

(d) The Carrier will participate with the Contracting Officer or an authorized representative of the Contracting Officer in credential vulnerability scans and configuration compliance audits conducted in accordance with rules of engagement agreed to by the Contracting Officer and the Blue Cross and Blue Shield Association. The rules of engagement will include the software and hardware used for vulnerability scanning; the specific process used to conduct vulnerability scanning; precautions taken to prevent negative disruption on the systems being scanned; restrictions on the release of documents and artifacts; and how the results of the scanning will be reviewed and reported.

(g) Section 2.2 Benefits Provided. The following paragraph is added to subsection 2.2(a):

(4) The Carrier may pay the Preferred Provider Organization level of benefits under this contract to ease the hardship of members affected by natural disasters such as earthquakes, floods, etc., when because of the natural disaster members have difficulty gaining access to Preferred network providers. The Carrier may pay the Preferred level of benefits without regard to the provider's contractual relationship with the Carrier and will determine an appropriate time frame based on local conditions during which the provision of this paragraph will apply. Benefits provided under this paragraph will be made available to all members similarly affected by the natural disaster.

(h) Section 2.3 Payment of Benefits and Provision of Services and Supplies. Notwithstanding subsection (f) of Section 2.3, benefits provided under the contract are not assignable by the Member to any person without express written approval of the carrier, and in the absence of such approval, any such assignment shall be void. Notwithstanding such approval, no assignment of benefits may be made in any case prior to the time that a valid claim for benefits arises.

(i) Section 2.3 Payment of Benefits and Provision of Services and Supplies. The introductory paragraph of Subsection 2.3(g) is amended to read as follows:

(g) *Erroneous Payments*.

(i) If the Carrier or OPM determines that a Member's claim has been paid in error for any reason (except in the case of fraud or abuse), the Carrier shall make a prompt and diligent effort to recover the erroneous payment to the member from the member or, if to the provider, from the provider; the recovery of any overpayment must be treated as an erroneous benefit payment, overpayment, or duplicate payment under 48 C.F.R. 1631.201-70(h) regardless of any time period limitations in the written agreement with the provider.

(ii) The Carrier shall be deemed to have satisfied the requirements of Subsection (g) (i) above by complying with Subsections (ii), (iii), and (iv). Local Blue Cross and Blue Shield Plans which have time period limitations in their provider contracts which prevent the Plan from recovering erroneous benefit payments made to providers will participate in an action plan. The action plan shall be developed by the Blue Cross and Blue Shield Association by December 31, 2008 and agreed to by the Contracting Officer and the Blue Cross and Blue Shield Association. The Blue Cross and Blue Shield Association and the Contracting Officer shall utilize standards of commercial reasonableness and neither shall unreasonably withhold agreement. The action plan shall be designed to reduce the occurrence of erroneous benefit payments, to identify and recover erroneous benefit payments within the time limits stipulated in their provider contracts, and to demonstrate due diligence in making an attempt to identify and recover within that provider contract timeframe such erroneous benefit payments.

(iii) The Blue Cross and Blue Shield Association shall be responsible for monitoring and determining whether each Blue Cross and Blue Shield Plan participating in the action plan is complying with its obligations under the action plan.

(iv) A Blue Cross and Blue Shield Plan which is in compliance with its obligations under the action plan shall be found to be in compliance with its obligation under this Section 2.3(g) to make a prompt and diligent effort to recover erroneous benefit payments. In the event that any Plan with such time period limitations is determined to be not in substantial compliance with the action plan, and that Plan is determined not to have pursued material benefit payments with promptness and diligence, then the Plan shall return the erroneous benefit payments to the Program.

(v) The Carrier shall follow general business practices and procedures in collecting debts owed under the Federal Employees Health Benefits Program. Prompt and diligent effort to recover erroneous payments means that upon discovering that an erroneous payment exists, the Carrier shall—

(j) Section 2.3 Payment of Benefits and Provision of Services and Supplies. Subsection (g)(7)(ii) of Section 2.3 is amended to read as follows:

Notwithstanding (g)(7)(i), the Carrier may not charge the contract for the administrative costs to correct erroneous benefit payments (or to correct processes or procedures that

caused erroneous benefit payments) when the errors are egregious and repeated. These costs are deemed to be unreasonable and unallowable under Section 3.2(b). The term "repeated" in the previous sentence does not apply to situations in which a claims processing system error causes multiple erroneous payments or to situations that involve audit findings on errors that are endemic to the provision of insurance and claims processing.

(k) Section 2.3 Payment of Benefits and Provision of Services and Supplies. Subsection (g)(10) of Section 2.3 is amended to read as follows:

(10) In compliance with the Contracts Disputes Act, the Carrier shall return to the Program an amount equal to the uncollected erroneous benefit payment where the Contracting Officer determines that the Carrier failed to make a prompt and diligent effort, as that term is described above, to recover the erroneous benefit payment. This provision applies to benefit payments which have been paid in error for any reason (except in the case of fraud or abuse).

(l) Section 2.4 Termination of Coverage and Conversion Privileges. The conversion contract set forth in Section 2.4(c) may be a contract that is regularly offered by the local Blue Cross and/or Blue Shield Plan.

(m) Section 2.5 Subrogation. The following subsections are added:

(c) To the extent that a Member has received benefits for covered services under this contract for an injury or illness caused by a third party, the Carrier shall have the right to be subrogated and succeed to any rights of recovery against any person or organization from whom the Member is legally entitled to receive all or part of those same benefits, including insurers of individuals (non-group) policies of liability insurance that are issued to and in the name of the Member. The obligation of the Carrier to recover amounts through subrogation is limited to making a reasonable effort to seek recovery of amounts to which it is entitled to recover in cases which are brought to its attention. The Carrier shall not be required to recover any amounts from any person or organization who causes an injury or illness for which the Member makes claims for benefits.

(d) The Carrier may also recover directly from the Member all amounts received by the Member by suit, settlement, or otherwise from any third party or its insurer, or the Member's insurer under an individual policy or liability insurance, for benefits which have also been paid under this contract.

(e) The Member shall take such action, furnish such information and assistance, and execute such papers as the Carrier or its representative believes are necessary to facilitate enforcement of its rights, and shall take no action which would prejudice the interests of the Carrier to subrogation.

(f) Effective January 1, 1997, all Participating Plans shall subrogate under a single, nation-wide policy to ensure equitable and consistent treatment for all Members under the contract.

(n) Section 2.6 Coordination of Benefits (FEHBAR). The following subsections are added:

(g) The benefits payable by this Plan shall be determined, on a claim by claim basis, only for those claims in excess of $100, except where Medicare is the primary payer of benefits, claims in excess of $50.

(h) Whenever payments which should have been made under this contract in accordance with this provision have been made under any other group health coverage, the Carrier shall have the right, exercisable alone and in its sole discretion, to pay over to any organizations making such other payments any amount it shall determine to be warranted in order to satisfy the intent of this provision, and amounts so paid shall be deemed to be benefits paid under this contract and, to the extent of such payments discharged from liability under the contract.

(o) Section 3.1 Payments (FEHBAR). The following sentence is added to the end of Section 3.1(a):

OPM will withhold from the subscription charges amounts for other obligations due under the contract only to the extent that OPM and the Carrier have agreed in writing to specific deductions for such other obligations.

(p) Section 3.1 Payments (FEHBAR). The following subsection is added:

(g) Except as required pursuant to Sections 1.25 and 2.12, in the event this contract is terminated or not renewed, the agency shall be liable for all sums due and unpaid, including subscription charges, for the period up to the last day of the Member's entitlement to benefits.

(q) Section 3.2 Accounting and Allowable Cost (FEHBAR). Section 3.2(b)(2)(ii) of this contract is amended to comply with 5 U.S.C. 8909(f) as follows:

(1) No tax, fee, or other monetary payment may be imposed, directly or indirectly, on a Carrier or an underwriting or plan administration subcontractor of an approved health benefits plan by any State, the District of Columbia, or the Commonwealth of Puerto Rico, or by any political subdivision or other governmental authority thereof, with respect to any payment made from the Fund.

(2) Paragraph (1) shall not be construed to exempt any Carrier or subcontractor of an approved health benefits plan from the imposition, payment, or collection of a tax, fee, or other monetary payment on the net income or profit accruing to or realized by such Carrier or underwriting or plan administration subcontractor from business conducted under this Chapter, if that tax, fee, or payment is applicable to a broad range of business activity.

(r) Section 3.2 Accounting and Allowable Cost (FEHBAR). The provision in Section 3.2 (b)(2)(iv)(A) is supplemented as follows:

Charges for mandatory statutory reserves (Section 3.2(b)(2)(iv)(A)) to satisfy mandatory

statutory reserve requirements of Participating Plans are allowable to the extent that such requirements exceed that portion of the service charge at Appendix B, Subscription Rates, Charges, Allowances and Limitations applicable to such Plans.

(s) Section 3.2 Accounting and Allowable Cost (FEHBAR). This section is modified as follows:

The Carrier, as required by the Blue Cross and Blue Shield Service Benefit Plan Workplan, shall furnish OPM an accounting of its operations under the contract not less than 120 days after the end of the calendar year contract period.

(t) Section 3.3 Special Reserve. The provision in Section 3.3(a) is supplemented as follows:

The Special reserve held by or on behalf of the Carrier is to be used only for payment of charges against this contract, including advance payments to Participating Plans and to hospitals.

(u) Section 3.10, Audit, Financial, and Other Information. Compliance by the Carrier and Participating Blue Cross and Blue Shield Plans with the Blue Cross Blue Shield Service Benefit Plan Workplan, as agreed upon between the Carrier and OPM, will constitute compliance with the Audit Guide referred to in Sections 3.2 and 3.10.

SECTION 4.2
HOSPITAL (FACILITY) BENEFIT PAYMENTS AND CONDITIONS (JAN 1991)

(a) Benefits described in the agreed upon brochure text shall be provided to the extent practicable in the form of services rendered by hospitals, freestanding ambulatory facilities, and home health care agencies, and payment, therefore, by or on behalf of the carrier shall constitute a complete discharge of their obligations under this contract to the extent of services rendered in accordance with the terms and conditions of the contract.

(b) Benefits for inpatient hospital care shall be available only to a Member admitted to the hospital on the recommendation, and while under the active medical supervision of a duly licensed physician or alternative provider as described in section 8902(k)(1) of title 5 U.S.C. who is a member of the staff of, or acceptable to, the hospital selected.

(c) Hospital service is subject to all the rules and regulations of the hospital selected including rules governing admissions.

(d) While a Member may elect to be hospitalized in any hospital, the Carrier does not undertake to guarantee the admission of such Member to the hospital, nor the availability of any accommodations or services therein requested by the Member or his physician.

SECTION 4.3
DEFINITION OF CARRIER (JAN 1991)

The Carrier is the Blue Cross and Blue Shield Association, an Illinois not-for-profit corporation, acting on behalf of participating Blue Cross and Blue Shield Plans and

pursuant to authority specified in Exhibit A for and in behalf of the organizations specified in Exhibit A (hereinafter sometimes referred to as "Participating Plans").

SECTION 4.4
AUDIT DISPUTES (JAN 2000)

(a) Any questioned costs or issues documented by or on behalf of OPM's Office of the Inspector General (OIG) in draft or final audit reports examining the Carrier's and Participating Plans' performance under this contract, that are provided to the Carrier and that were initially raised in the timeframe set forth in subsection (c) below, remain open until resolved. Audit issues related to monetary findings for which extensions of the waiver period for the issuance of final decisions and processing of prior period adjustments were obtained in previous contract terms also remain open until resolved.

(b) Resolution of a questioned cost or issue can be the result of a resolution letter or the issuance of a final decision by the Contracting Officer, or by the processing of a prior period adjustment, an adjustment to the Special reserve, or submission of a claim to OPM (as appropriate) by the Carrier or Participating Plan. A prior period adjustment intended to partially or fully resolve an audit finding will not be considered closed until properly reported on the calendar year Annual Accounting Statement.

(c) A claim seeking, as a matter of right, the payment of money, in a sum certain, pursuant to 48 CFR section 52.233-1, shall not be made more than five years following the last day prescribed by the contract for filing the calendar year Annual Accounting Statement for the year with respect to which the claim arises. A claim includes, in the case of the carrier, a charge against the contract.

SECTION 4.5
ASSOCIATION DUES (JAN 2004)

A Participating local Blue Cross and Blue Shield Plan may charge to this contract Association Dues, with the exception of dues related to those lobbying costs and Special Assessments determined to be unallowable. In calculating the unallowable portion of dues related to lobbying costs for a contract year, the Blue Cross and Blue Shield Plan will rely on the percentage of dues, less any special assessments, as determined by the BCBSA for IRS purposes, to be not tax deductible from the previous contract year.

SECTION 4.6
TRAVEL COSTS (JAN 1996)

The Carrier may charge and account for travel expenses related to administration of the contract on a per diem basis, subject to the maximums prescribed by the Federal Travel Regulations. For those travel costs for each contract term that are subject to the Federal per diem rates set forth at 48 CFR section 31.205-46, the Carrier shall charge to the contract an amount equal to the lesser of:

(i) the actual aggregate charges for those costs, or
(ii) the aggregate charges calculated using the per diem rates set forth in the Federal Travel Regulations.

SECTION 4.7
MARKET RESEARCH COSTS (JAN 1996)

(a) Costs of market research surveys or studies are generally allowable if the survey or study is:

1. directed to current Members and Members who left the Blue Cross and Blue Shield Service Benefit Plan in the most recent Open season, or
2. focused on long-range planning, industry state-of-the-art developments, or product development issues for which a direct benefit or potential benefit to the FEHB Program can be identified, or
3. pre-approved by the Contracting Officer.

(b) Costs of market research surveys or studies are generally not allowable if the primary purpose is to survey or study an otherwise unallowable cost item, such as: to determine the effectiveness of advertising or sales strategies; to evaluate image effectiveness or ways to achieve image enhancement; or to perform a competitive analysis with other carriers in the FEHB Program. Such costs are unallowable, regardless of who receives the research surveys or studies.

(c) This provision does not supersede other contract requirements, such as prior approval for subcontracts under Section 1.16 Subcontracts (FEHBAR 1652.244-70).

SECTION 4.8
PRESCRIPTION DRUG BENEFITS WAIVER PROVISIONS (JAN 2009)

(a) For the purposes of applying the special provisions in this section, the Standard Option Mail Service Prescription Drug Program service standards are:

(1) When a prescription order is placed that does not require additional information or clarification (i.e., a clean or non-diverted prescription), the prescription order shall be dispensed within three business days from the date of receipt so the enrollee may expect to receive the medication within 7 calendar days.

(2) When a prescription order is placed that does require additional information, clarification or resolution of payment issues (i.e., a diverted prescription), the prescription order shall be dispensed within seven business days from the date of receipt so the enrollee may expect to receive the medication within 14 calendar days. However the following situations will not be considered a diverted prescription for the purposes of this section:

(i) Prescriptions for refrigerated products that require prior arrangements between the mail order pharmacy and a Member before the Member can receive the Prescription;

(ii) Prescriptions requiring specific counseling obligations imposed by the pharmaceutical manufacturer, distributor or the FDA;

(iii) Prescriptions requiring "registration" with a pharmaceutical manufacturer.

(b) The special provisions described in paragraphs (c)(1), (2), and (3) shall become effective automatically when less than 98 percent of the prescriptions are filled within the

service standards described in either paragraph (a)(1) or (a)(2) for 7 consecutive business days. The special provisions shall terminate when for 7 consecutive business days 98 percent or more of the prescriptions are filled within the service standards described in paragraphs (a)(1) and (a)(2) of this section.

(c) The special provisions are:

(1) The Carrier shall waive during the effective periods in paragraph (b) the coinsurance for a 21 day prescription filled at a Preferred retail pharmacy when the Mail Service Prescription Drug Program vendor is unable to fill the prescription within the service standards. This waiver of the coinsurance shall be in effect for 14 calendar days after notice to the enrollee as described in paragraph (c)(2) below.

(2) The Carrier shall deliver to the enrollee a written or telephone notice no later than 5 days from the date of receipt for clean or non-diverted prescriptions and no later than 12 days from the date of receipt for diverted prescriptions.

This notice shall:

(i) advise the enrollee that the Mail Service Prescription Drug Program may not be able to fill the prescription(s) within the service standard timeframes;

(ii) advise the enrollee that any applicable coinsurance will be waived for a 21 day supply of the medication(s) when filled at a Preferred retail pharmacy;

(iii) provide the enrollee with instructions on how to use the waiver, and

(iv) advise the enrollee when the waiver will expire.

(3) The Carrier may use next day delivery service at no additional cost to the enrollee in order to meet the service standards in (a)(1) and (a)(2).

SECTION 4.9
SMALL BUSINESS SUBCONTRACTING PLAN (JAN 2002) (FAR 52.219-9) (AS AMENDED)

An amended clause 52.219-9, Small Business Subcontracting Plan, is attached to Appendix E.

SECTION 4.10
LETTER OF CREDIT (JAN 1997)

As of January 1, 1997, OPM will administer Letter of Credit drawdowns directly with the local Plans.

SECTION 4.11
PILOTING OF COST CONTAINMENT PROGRAMS (JAN 2001)

Upon approval by the Contracting Officer, the Carrier may design and implement pilot programs in one or more local Plan areas that test the feasibility and examine the impact of various managed care initiatives. The Carrier shall brief the Contracting Officer on a pilot program prior to its implementation, advise the Contracting Officer of the progress of the pilot program and provide a written evaluation at the conclusion of the pilot program. The evaluation of the pilot program shall, at a minimum, assess the cost effectiveness, effect on quality of care and/or quality of life, and customer satisfaction, and recommend whether the pilot program should be continued or expanded.

SECTION 4.12
TRANSITION COSTS FOR PLAN TERMINATIONS (JAN 1999)

In the event a Participating Plan's license to use the Blue Cross and/or Blue Shield service marks is terminated, thereby rendering it ineligible to participate in this Contract, the costs of transitioning the terminated Plan's Service Benefit Plan subscribers to a successor Plan shall be subject to advance approval. The Carrier shall submit to OPM a proposed transition plan, together with a detailed estimate of costs, prior to the incurrence of any significant transition costs. OPM and the Carrier shall negotiate an advance agreement pursuant to FAR 31.109 that covers the extent of allowable transition costs.

SECTION 4.13
PAYMENT BY ELECTRONIC FUNDS TRANSFER-CENTRAL CONTRACTOR REGISTRATION (MAY 1999) (FAR 52.232-33)

The references to the Central Contractor Registration in FAR 52.232-33 are not applicable to this contract.

SECTION 4.14
FEDERAL INCOME TAX RELATED TO HEALTH INSURANCE PROVIDERS' FEE (JANUARY 2015)

(a) Notwithstanding FAR 31.205-41(b)(1) and this Contract Section 3.2(b)(1)(ii), a charge for an incremental amount of Federal income tax liability incurred as the result of compliance with the Health Insurance Providers Fee (HIP Fee) provision of the Affordable Care Act section 9010 (hereafter referred to as the "HIP Tax Cost") by a participating local plan (Local Plan) that administers the Service Benefit Plan on behalf of the Blue Cross and Blue Shield Association (Carrier), and that is a covered entity within the meaning of 26 CFR Part 57, is an allowable cost to the Carrier under this contract under the criteria set forth below.

(1) The allowable cost to the Carrier for a year is the sum of the HIP Tax Cost for each Local Plan. The HIP Tax Cost for each Local Plan equals:
the amount reimbursed by OPM to the Carrier for the HIP Fee attributable to the Local Plan (Local Plan HIP Fee) for the year, divided by one minus the tax rate for the Local Plan specified under section (2) below, (Local Plan Tax Rate), less the Local Plan HIP Fee. In mathematical terms, the allowable charge to the Carrier for the HIP Tax Cost is the sum of each Local Plan's application of the formula below:

$$\left[\frac{\text{Local Plan HIP Fee}}{1 - \text{Local Plan Tax Rate}}\right] - \text{Local Plan HIP Fee}$$

(2) The Local Plan Tax Rate for purposes of the formula specified in section (1) is the lowest of the following:
(a) the rate specified at 26 USC §11 (b) (1) (D),

(b) the rate specified at 26 USC § 55(b)(1)(B)(i), for any year in which the Local Plan is entitled to the special deduction under 26 USC § 833(a)(2), or
(c) zero, for any year in which the Local Plan experiences a Net Operating Loss or other circumstance resulting in no tax liability. For a year in which the Local Plan experiences a Net Operating Loss resulting in no tax liability, the Carrier will charge the HIP Tax Cost attributable to the Local Plan in the first subsequent year in which the Local Plan's tax liability is greater than zero. The Local Plan will calculate the HIP Tax Cost in this circumstance by applying the formula using the HIP Fee for the year of the loss and the Local Plan Tax Rate for the year in which the tax liability is greater than zero. This charge by the Carrier is in addition to the charge allowed by the Carrier for the Local Plan Tax Cost for the year in which the tax liability is greater than zero.

(d) If the Local Plan Tax Rate reflected on the Local Plan's tax return actually filed for the contract year (which normally occurs the following year) differs from the Local Plan Tax Rate that was anticipated when the costs were drawn down by the Carrier for the contract year as allowable administrative expenses, the Carrier will make a commensurate adjustment to its current year drawdown of administrative expenses.

(b) The Contracting Officer or an authorized representative of the Contracting Officer shall have the right to examine and audit all books and records, including tax filings, relating to the calculation of the HIP Tax Cost charge for each Local Plan.

Part IV - Attachment I
SECTION 4.14
FEDERAL INCOME TAX RELATED TO HEALTH INSURER'S PROVIDER FEE

Examples of Allowable 9010 Tax Cost:

C is an experience rated FEHB carrier consisting of participating Local Plans F and G who underwrite and administer C in different geographic areas.

In 2015, F reports $900 on IRS Form 8963 and pays $500 pursuant to methods described at 26 CFR Part 57, in satisfaction of its Affordable Care Act section 9010 Health Insurance Provider Fee (HIP Fee) expense with respect to calendar year 2014 health risks. Of the $500 HIP Fee, F's Form 8963 reflects that $300 is attributable to F's FEHBP business.

Also in 2015, G reports $950 on IRS Form 8963 and pays $550 pursuant to methods described at 26 CFR Part 57, in satisfaction of its Affordable Care Act section 9010 Health Insurance Provider Fee (HIP Fee) expense with respect to calendar year 2014 health risks. Of the $550 HIP Fee, G's Form 8963 reflects that $325 is attributable to G's FEHBP business.

In 2015, C draws down a 2015 HIP Fee Reimbursement of its FEHBP HIP Fee expense for 2014 health risks, which is calculated as the sum of F and G's HIP Fee, or $300 +325 = $725, which is an allowable cost, from its FEHB letter of credit account (LOCA). C reimburses F for its HIP Fee of 300 and G for its HIP Fee of 325.

F records income of $300 for the reimbursement of the allowable HIP fee and does not have any associated income tax deduction increasing taxable income by $300. F records 2015 income tax expense as an accrued expense as required under Generally Accepted Accounting Principles (GAAP) or Statements of Statutory Accounting Principles (SSAP). In addition, F pays quarterly payments to the IRS for its' 2015 tax liability. F's 2015 tax rate is 35 percent.

G records income of $325 for the reimbursement of the allowable HIP fee and does not have any associated income tax deduction increasing taxable income by $325. G records 2015 income tax expense as an accrued expense as required under Generally Accepted Accounting Principles (GAAP) or Statements of Statutory Accounting Principles (SSAP). In addition, G pays quarterly payments to the IRS for its' 2015 tax liability. Because G claims a special deduction under 26 USC § 833(a)(2), G's 2015 tax rate is 20 percent.

In 2015, C also draws down from its LOCA a 2015 HIP Tax Cost reimbursement for the 2015 income tax expense accrued and paid by F & G in 2015. C's 2015 HIP Tax cost reimbursement is calculated as follows:

Local Plan F HIP Tax Cost: ($300/1-.35)-$300 = $162
Local Plan G HIP Tax Cost: ($325/1-.20)-$325 = $81
Sum which is C's allowable HIP Tax Cost for 2015 = $243

In 2016, F & G report the same HIP Fee expense for 2015 health risks.

In 2016, F experiences the same tax rate as for 2015, but G incurs a net operating loss, resulting in a zero percent tax rate for 2016.

In 2016, C draws down a 2016 HIP Fee Reimbursement of its FEHBP HIP Fee expense for 2015 health risks of 300 + 325 = $725, which is an allowable cost, from C's FEHB letter of credit account (LOCA). C reimburses F for 300 and G for 325.

In 2016, F proceeds as in 2015 and C may charge 162 as an allowable HIP Tax Cost attributable to F in 2016.

In 2016 G records income of $325 for the reimbursement of the allowable HIP fee and does not have any associated income tax deduction increasing taxable income by $325. Because G determines that its 2016 tax liability will be zero as it will have a Net Operating Loss for 2016, C does not incur an allowable 2016 HIP Tax Cost attributable to G. C must refund any such amounts drawn down during 2016.

Local Plan F HIP Tax Cost for 2016 = 162
Local Plan G HIP Tax Cost for 2016 = 0
Reimbursement attributable to G = adjustment for amounts drawn down by C, if any
Sum = C's allowable HIP Tax Cost for 2016 = 162 less adjustment.

In 2017, F proceeds as in 2015. C's allowable 2017 HIP Tax Cost includes $162 attributable to F. In 2017, G has an operating gain and reports the same HIP Fee amount and experiences the same 20% tax rate as in 2015. C's allowable 2017 HIP Tax Cost includes $81 attributable to G.

In addition, in 2017, because G's operating gain results in a tax rate higher than zero, G incurs economic disadvantage. This is because the 2016 HIP Fee reimbursement of $325 has reduced G's otherwise applicable Net Operating Loss carry-forward amount. G calculates the economic disadvantage as the difference between its 2017 tax liability with and without the 2016 HIP Fee reimbursement. This disadvantage is included in the Carrier's 2017 charge as an allowable HIP Tax Cost with respect to 2016. This is calculated as $325 (2016 HIP Fee) divided by 1-20% (application of 2017 Local Plan Tax Rate), less $325.]

Local Plan F HIP Tax Cost for 2017 = 162
Local Plan G HIP Tax Cost for 2017 = 81
Local Plan G HIP Tax Cost for 2017 due to 2016 HIP Fee reimbursement = apply formula using 2016 Fee Reimbursement amount and 2017 tax rate of 20% =81
Sum = C's allowable HIP Tax Cost for 2017 = 162 + 81 + 81 = $324

APPENDIX A

ATTACH

2023 FEHB BROCHURE

APPENDIX B

SUBSCRIPTION RATES, CHARGES, ALLOWANCES AND LIMITATIONS

Fee-For-Service Carrier
(Blue Cross and Blue Shield Association)

CONTRACT NO. CS 1039
Effective January 1, 2023

(a) Biweekly net-to-Carrier rates, with appropriate adjustments for Enrollees paid on other than a biweekly basis, are as follows:

$333.07 Self, $748.48 Self Plus One, and $816.66 Family BASIC Option
$386.65 Self, $845.55 Self Plus One, and $922.41 Family STANDARD Option
$208.52 Self, $448.25 Self Plus One, and $493.06 Family FOCUS Option

(b) The amount of administrative expenses and charges to be included in the Annual Accounting Statement required by Section 3.2 shall be as set out in the schedule below:

Item	Amount
(i) Administrative Expenses	Actual, but not to exceed the Contractual Expense Limitation for 2023, * plus an amount sufficient to cover the costs needed to pay the Plan's Independent Public Accountant to undertake the audits and agreed upon procedures required in the "FEHBP Experienced-Rated Carrier and Service Organization Audit Guide."
(ii) Taxes	Actual (except that premium taxes as defined are not allowable).
(iii) Service Charge**	[redacted]

*The Contractual Expense Limitation for 2023 is [redacted]. Notwithstanding Section 3.2(b) of this Contract, costs of "activities that improve healthcare quality" as determined in accordance with the medical loss ratio provision of the Affordable Care Act (Section 2718 of the Public Health Service act; 42 U.S.C. 300gg-18 and its implementing regulations), are accounted for as benefits and not counted toward the Contractual Expense Limit.

** The Service Charge for the 2023 contract year is based on the Overall Performance Score calculated in accordance with the 2022 Appendix F. The Service Charge for the 2024 contract year will be based on the Overall Performance Score calculated in accordance with the 2023 Appendix F.

APPENDIX E

Small Business Subcontracting Plan (NOV 2021) (FAR 52.219-9)

(a) This clause does not apply to small business concerns.

(b) *Definitions*. As used in this clause—

"Alaska Native Corporation (ANC)" means any Regional Corporation, Village Corporation, Urban Corporation, or Group Corporation organized under the laws of the State of Alaska in accordance with the Alaska Native Claims Settlement Act, as amended (43 U.S.C. 1601, et seq.) and which is considered a minority and economically disadvantaged concern under the criteria at 43 U.S.C. 1626(e)(1). This definition also includes ANC direct and indirect subsidiary corporations, joint ventures, and partnerships that meet the requirements of 43 U.S.C. 1626(e)(2).

"Commercial plan" means a subcontracting plan (including goals) that covers the offeror's fiscal year and that applies to the entire production of commercial products and commercial services sold by either the entire company or a portion thereof (*e.g.,* division, plant, or product line).

"Commercial product" means a product that satisfies the definition of "commercial product" in the Federal Acquisition Regulation (FAR) 2.101.

"Commercial service" means a service that satisfies the definition of "commercial service" in FAR 2.101.

"Indian tribe" means any Indian tribe, band, group, pueblo, or community, including native villages and native groups (including corporations organized by Kenai, Juneau, Sitka, and Kodiak) as defined in the Alaska Native Claims Settlement Act (43 U.S.C.A. 1601 et seq.), that is recognized by the Federal Government as eligible for services from the Bureau of Indian Affairs in accordance with 25 U.S.C. 1452(c). This definition also includes Indian-owned economic enterprises that meet the requirements of 25 U.S.C. 1452(e).

"Individual subcontracting plan" means a subcontracting plan that covers the entire contract period (including option periods), applies to a specific contract, and has goals that are based on the offeror's planned subcontracting in support of the specific contract, except that indirect costs incurred for common or joint purposes may be allocated on a prorated basis to the contract.

"Master subcontracting plan" means a subcontracting plan that contains all the required elements of an individual subcontracting plan, except goals, and may be incorporated into individual subcontracting plans, provided the master subcontracting plan has been approved.

"Reduced payment" means a payment that is for less than the amount agreed upon in a subcontract in accordance with its terms and conditions, for supplies and services for which the Government has paid the prime contractor.

"Subcontract" means any agreement (other than one involving an employer-employee relationship) entered into by a Federal Government prime Contractor or subcontractor calling for supplies or services required for performance of the contract or subcontract.

"Total contract dollars" means the final anticipated dollar value, including the dollar value of all options.

"Untimely payment" means a payment to a subcontractor that is more than 90 days past due under the terms and conditions of a subcontract for supplies and services for which the Government has paid the prime contractor.

(c) (1) The Offeror, upon request by the Contracting Officer, shall submit and negotiate a subcontracting plan, where applicable, that separately addresses subcontracting with small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns. If the Offeror is submitting an individual subcontracting plan, the plan must separately address subcontracting with small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns, with a separate part for the basic contract and separate parts for each option (if any). The subcontracting plan shall be included in and made a part of the resultant contract. The subcontracting plan shall be negotiated within the time specified by the Contracting Officer. Failure to submit and negotiate the subcontracting plan shall make the Offeror ineligible for award of a contract.

2)(i) The Contractor may accept a subcontractor's written representations of its size and socioeconomic status as a small business, small disadvantaged business, veteran-owned small business, service-disabled veteran-owned small business, or a women-owned small business if the subcontractor represents that the size and socioeconomic status representations with its offer are current, accurate, and complete as of the date of the offer for the subcontract.

(ii) The Contractor may accept a subcontractor's representations of its size and socioeconomic status as a small business, small disadvantaged business, veteran-owned small business, service-disabled veteran-owned small business, or a women-owned small business in the System for Award Management (SAM) if–

(A) The subcontractor is registered in SAM; and

(B) The subcontractor represents that the size and socioeconomic status representations made in SAM are current, accurate and complete as of the date of the offer for the subcontract.

(iii) The Contractor may not require the use of SAM for the purposes of representing size or socioeconomic status in connection with a subcontract.

(iv) In accordance with 13 CFR 121.411, 124.1015, 125.29, 126.900, and 127.700, a contractor acting in good faith is not liable for misrepresentations made by its subcontractors regarding the subcontractor's size or socioeconomic status.

(d) The offeror's subcontracting plan shall include the following:

(1) Separate goals, expressed in terms of total dollars subcontracted, and as a percentage of total planned subcontracting dollars, for the use of small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns as subcontractors. For individual subcontracting plans, and if required by the Contracting Officer, goals shall also be expressed in terms of percentage of total contract dollars, in addition to the goals expressed as a percentage of total subcontract dollars. The Offeror shall include all subcontracts that contribute to contract performance, and may include a proportionate share of products and services that are normally allocated as indirect costs. In accordance with 43 U.S.C. 1626–

(i) Subcontracts awarded to an ANC or Indian tribe shall be counted towards the subcontracting goals for small business and small disadvantaged business concerns, regardless of the size or Small Business Administration certification status of the ANC or Indian tribe; and

(ii) Where one or more subcontractors are in the subcontract tier between the prime Contractor and the ANC or Indian tribe, the ANC or Indian tribe shall designate the appropriate Contractor(s) to count the subcontract towards its small business and small disadvantaged business subcontracting goals.

(A) In most cases, the appropriate Contractor is the Contractor that awarded the subcontract to the ANC or Indian tribe.

(B) If the ANC or Indian tribe designates more than one Contractor to count the subcontract toward its goals, the ANC or Indian tribe shall designate only a portion of the total subcontract award to each Contractor. The sum of the amounts designated to various Contractors cannot exceed the total value of the subcontract.

(C) The ANC or Indian tribe shall give a copy of the written designation to the Contracting Officer, the prime Contractor, and the subcontractors in between the prime Contractor and the ANC or Indian tribe within 30 days of the date of the subcontract award.

(D) If the Contracting Officer does not receive a copy of the ANC's or the Indian tribe's written designation within 30 days of the subcontract award, the Contractor that awarded the subcontract to the ANC or Indian tribe will be considered the designated Contractor.

(2) A statement of—

(i) Total dollars planned to be subcontracted for an individual subcontracting plan; or the Offeror's total projected sales, expressed in dollars, and the total value of projected subcontracts, including all indirect costs except as described in paragraph (g) of this clause, to support the sales for a commercial plan;

(ii) Total dollars planned to be subcontracted to small business concerns (including ANC and Indian tribes); and

(iii) Total dollars planned to be subcontracted to veteran-owned small business concerns;

(iv) Total dollars planned to be subcontracted to service-disabled veteran-owned small business;

(v) Total dollars planned to be subcontracted to HUBZone small business concerns;

(vi) Total dollars planned to be subcontracted to small disadvantaged business concerns (including ANC and Indian tribes); and

(vii) Total dollars planned to be subcontracted to women-owned small business concerns

(3) A description of the principal types of supplies and services to be subcontracted, and an identification of the types planned for subcontracting to—

(i) Small business concerns;

(ii) Veteran-owned small business concerns;

(iii) Service-disabled veteran-owned small business concerns;

(iv) HUBZone small business concerns;

(v) Small disadvantaged business concerns; and

(vi) Women-owned small business concerns.

(4) A description of the method used to develop the subcontracting goals in paragraph (d)(1) of this clause.

(5) A description of the method used to identify potential sources for solicitation purposes (*e.g.,* existing company source lists, SAM, veterans service organizations, the National Minority Purchasing Council Vendor Information Service, the Research and Information Division of the Minority Business Development Agency in the Department of Commerce, or small, HUBZone, small disadvantaged, and women-owned small business trade associations). A firm may rely on the information contained in SAM as an accurate representation of a concern's size and ownership characteristics for the purposes of maintaining a small, veteran-owned small, service-disabled veteran-owned small, HUBZone small, small disadvantaged, and women-owned small business source list. Use of SAM as its source list does not relieve a firm of its

responsibilities (*e.g.,* outreach, assistance, counseling, or publicizing subcontracting opportunities) in this clause.

(6) A statement as to whether or not the Offeror included indirect costs in establishing subcontracting goals, and a description of the method used to determine the proportionate share of indirect costs to be incurred with—

(i) Small business concerns (including ANC and Indian tribes);

(ii) Veteran-owned small business concerns;

(iii) Service-disabled veteran-owned small business concerns;

(iv) HUBZone small business concerns;

(v) Small disadvantaged business concerns; and

(vi) Women-owned small business concerns.

(7) The name of the individual employed by the Offeror who will administer the Offeror's subcontracting program, and a description of the duties of the individual.

(8) A description of the efforts the Offeror will make to assure that small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns have an equitable opportunity to compete for subcontracts.

(9) Assurances that the Offeror will include the clause of this contract entitled "Utilization of Small Business Concerns" in all subcontracts that offer further subcontracting opportunities, and that the Offeror will require all subcontractors (except small business concerns) that receive subcontracts in excess of the applicable threshold specified in FAR 19.702(a) on the date of subcontract award, with further subcontracting possibilities to adopt a subcontracting plan that complies with the requirements of this clause.

(10) Assurances that the Offeror will—

(i) Cooperate in any studies or surveys as may be required;

(ii) Submit periodic reports so that the Government can determine the extent of compliance by the Offeror with the subcontracting plan;

(iii) After November 30, 2017, include subcontracting data for each order when reporting subcontracting achievements for indefinite-delivery, indefinite-quantity contracts with individual subcontracting plans where the contract is intended for use by multiple agencies;

(iv) Submit Standard Form (SF) 294 Subcontracting Report for Individual Contract in accordance with paragraph (l) of this clause. Submit the Summary Subcontract Report (SSR), in accordance with paragraph (l) of this clause. The reports shall provide information on subcontract awards to small business concerns (including ANCs and Indian tribes that are not small businesses), veteran-owned small business concerns, service-disabled veteran-owned small business concerns, HUBZone small business concerns, small disadvantaged business concerns (including ANCs and Indian tribes that have not been certified by the Small Business Administration as small disadvantaged businesses), women-owned small business concerns, and for NASA only, Historically Black Colleges and Universities and Minority Institutions. Reporting shall be in accordance with this clause, or as provided in agency regulations;

(v) Ensure that its subcontractors with subcontracting plans agree to submit the SF 294 in accordance with paragraph (l) of this clause. Ensure that its subcontractors with subcontracting plans agree to submit the SSR in accordance with paragraph (l) of this clause

(vi) [RESERVED]; and

(vii) Require that each subcontractor with a subcontracting plan provide the prime contract number, its own unique entity identifier, and the e-mail address of the subcontractor's

official responsible for acknowledging receipt of or rejecting the Standard Forms 294, to its subcontractors with subcontracting plans.

(11) A description of the types of records that will be maintained concerning procedures that have been adopted to comply with the requirements and goals in the plan, including establishing source lists; and a description of the offeror's efforts to locate small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns and award subcontracts to them. The records shall include at least the following (on a plant-wide or company-wide basis, unless otherwise indicated):

(i) Source lists (*e.g.,* SAM), guides, and other data that identify small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns.

(ii) Organizations contacted in an attempt to locate sources that are small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, or women-owned small business concerns.

(iii) Records on each subcontract solicitation resulting in an award of more than the simplified acquisition threshold, as defined in FAR 2.101 on the date of subcontract award, indicating—

(A) Whether small business concerns were solicited and, if not, why not;

(B) Whether veteran-owned small business concerns were solicited and, if not, why not;

(C) Whether service-disabled veteran-owned small business concerns were solicited and, if not, why not;

(D) Whether HUBZone small business concerns were solicited and, if not, why not;

(E) Whether small disadvantaged business concerns were solicited and, if not, why not;

(F) Whether women-owned small business concerns were solicited and, if not, why not; and

(G) If applicable, the reason award was not made to a small business concern.

(iv) Records of any outreach efforts to contact—

(A) Trade associations;

(B) Business development organizations;

(C) Conferences and trade fairs to locate small, HUBZone small, small disadvantaged service-disabled veteran-owned, and women-owned small business sources; and

(D) Veterans service organizations.

(v) Records of internal guidance and encouragement provided to buyers through—

(A) Workshops, seminars, training, etc.; and

(B) Monitoring performance to evaluate compliance with the program's requirements.

(vi) On a contract-by-contract basis, records to support award data submitted by the offeror to the Government, including the name, address, and business size of each subcontractor. Contractors having commercial plans need not comply with this requirement.

(12) Assurances that the Offeror will make a good faith effort to acquire articles, equipment, supplies, services, or materials, or obtain the performance of construction work from the small business concerns that it used in preparing the bid or proposal, in the same or greater scope, amount, and quality used in preparing and submitting the bid or proposal. Responding to a request for a quote does not constitute use in preparing a bid or proposal. The Offeror used a small business concern in preparing the bid or proposal if–

(i) The Offeror identifies the small business concern as a subcontractor in the bid or proposal or associated small business subcontracting plan, to furnish certain supplies or perform a portion of the subcontract; or

(ii) The Offeror used the small business concern's pricing or cost information or technical expertise in preparing the bid or proposal, where there is written evidence of an intent or understanding that the small business concern will be awarded a subcontract for the related work if the Offeror is awarded the contract.

(13) Assurances that the Contractor will provide the Contracting Officer with a written explanation if the Contractor fails to acquire articles, equipment, supplies, services or materials or obtain the performance of construction work as described in (d)(12) of this clause. This written explanation must be submitted to the Contracting Officer within 30 days of contract completion.

(14) Assurances that the Contractor will not prohibit a subcontractor from discussing with the Contracting Officer any material matter pertaining to payment to or utilization of a subcontractor.

(15) Assurances that the Offeror will pay its small business subcontractors on time and in accordance with the terms and conditions of the underlying subcontract, and notify the contracting officer when the prime contractor makes either a reduced or an untimely payment to a small business subcontractor (see 52.242-5).

(e) In order to effectively implement this plan to the extent consistent with efficient contract performance, the Contractor shall perform the following functions:

(1) Assist small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns by arranging solicitations, time for the preparation of bids, quantities, specifications, and delivery schedules so as to facilitate the participation by such concerns. Where the Contractor's lists of potential small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business subcontractors are excessively long, reasonable effort shall be made to give all such small business concerns an opportunity to compete over a period of time.

(2) Provide adequate and timely consideration of the potentialities of small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns in all "make-or-buy" decisions.

(3) Counsel and discuss subcontracting opportunities with representatives of small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business firms.

(4) Confirm that a subcontractor representing itself as a HUBZone small business concern is certified by SBA as a HUBZone small business concern in accordance with 52.219-8(d)(2).

(5) Provide notice to subcontractors concerning penalties and remedies for misrepresentations of business status as small, veteran-owned small business, HUBZone small, small disadvantaged, or women-owned small business for the purpose of obtaining a subcontract that is to be included as part or all of a goal contained in the Contractor's subcontracting plan.

(6) For all competitive subcontracts over the simplified acquisition threshold, as defined in FAR 2.101 on the date of subcontract award, in which a small business concern received a small business preference, upon determination of the successful subcontract Offeror, prior to award of the subcontract the Contractor must inform each unsuccessful small business subcontract Offeror

in writing of the name and location of the apparent successful Offeror and if the successful subcontract Offeror is a small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, or women-owned small business concern.

(7) Assign each subcontract the NAICS code and corresponding size standard that best describes the principal purpose of the subcontract.

(f) A master subcontracting plan on a plant or division-wide basis that contains all the elements required by paragraph (d) of this clause, except goals, may be incorporated by reference as a part of the subcontracting plan required of the Offeror by this clause; provided—

(1) The master subcontracting plan has been approved;

(2) The Offeror ensures that the master subcontracting plan is updated as necessary and provides copies of the approved master subcontracting plan, including evidence of its approval, to the Contracting Officer; and

(3) Goals and any deviations from the master subcontracting plan deemed necessary by the Contracting Officer to satisfy the requirements of this contract are set forth in the individual subcontracting plan.

(g) A commercial plan is the preferred type of subcontracting plan for contractors furnishing commercial products and commercial services. The commercial plan shall relate to the offeror's planned subcontracting generally, for both commercial and Government business, rather than solely to the Government contract. Once the Contractor's commercial plan has been approved, the Government will not require another subcontracting plan from the same Contractor while the plan remains in effect, as long as the product or service being provided by the Contractor continues to meet the definition of a commercial product or commercial service. A Contractor with a commercial plan shall comply with the reporting requirements stated in paragraph (d)(10) of this clause by submitting one SSR for all contracts covered by its commercial plan. A Contractor authorized to use a commercial subcontracting plan shall include in its subcontracting goals and in its SSR all indirect costs, with the exception of those such as the following: Employee salaries and benefits; payments for petty cash; depreciation; interest; income taxes; property taxes; lease payments; bank fees; fines, claims, and dues; original equipment manufacturer relationships during warranty periods (negotiated up front with the product); utilities and other services purchased from a municipality or an entity solely authorized by the municipality to provide those services in a particular geographical region; and philanthropic contributions. This report shall be acknowledged or rejected by the Contracting Officer who approved the plan. This report shall be submitted within 30 days after the end of the Government's fiscal year.

(h) Prior compliance of the offeror with other such subcontracting plans under previous contracts will be considered by the Contracting Officer in determining the responsibility of the offeror for award of the contract.

(i) A contract may have no more than one subcontracting plan. When a contract modification exceeds the subcontracting plan threshold in 19.702(a), or an option is exercised, the goals of the existing subcontracting plan shall be amended to reflect any new subcontracting opportunities. When the goals in a subcontracting plan are amended, these goal changes do not apply retroactively.

(j) Subcontracting plans are not required from subcontractors when the prime contract contains the clause at FAR 52.212-5, Contract Terms and Conditions Required to Implement Statutes or Executive Orders—Commercial Products and Commercial Services, or when the

subcontractor provides a commercial product or commercial service subject to the clause at FAR 52.244-6, Subcontracts for Commercial Products and Commercial Services, under a prime contract.

(k)The failure of the Contractor or subcontractor to comply in good faith with—

(1) the clause of this contract entitled "Utilization Of Small Business Concerns," or

(2) an approved plan required by this clause, shall be a material breach of the contract and may be considered in any past performance evaluation of the Contractor.

(l) The Contractor shall submit a SF 294. Purchases from a corporation, company, or subdivision that is an affiliate of the Contractor or subcontractor are not included in these reports. Subcontract awards by affiliates shall be treated as subcontract awards by the Contractor. Subcontract award data reported by the Contractor and subcontractors shall be limited to awards made to their immediate next-tier subcontractors. Credit cannot be taken for awards made to lower tier subcontractors, unless the Contractor or subcontractor has been designated to receive a small business or small disadvantaged business credit from an ANC or Indian tribe. Only subcontracts involving performance in the U.S. or its outlying areas should be included in these reports with the exception of subcontracts under a contract awarded by the State Department or any other agency that has statutory or regulatory authority to require subcontracting plans for subcontracts performed outside the United States and its outlying areas.

(1) SF 294. This report is not required for commercial plans. The report is required for each contract containing an individual subcontracting plan.

(i) The report shall be submitted semi-annually during contract performance for the periods ending March 31 and September 30. A report is also required for each contract within 30 days of contract completion. Reports are due 30 days after the close of each reporting period, unless otherwise directed by the Contracting Officer. Reports are required when due, regardless of whether there has been any subcontracting activity since the inception of the contract or the previous reporting period. When a Contracting Officer rejects a report, the Contractor shall submit a revised report within 30 days of receiving the notice of report rejection.

(ii) (A) When a subcontracting plan contains separate goals for the basic contract and each option, as prescribed by FAR 19.704(c), the dollar goal inserted on this report shall be the sum of the base period through the current option; for example, for a report submitted after the second option is exercised, the dollar goal would be the sum of the goals for the basic contract, the first option, and the second option.

(B) If a subcontracting plan has been added to the contract pursuant to 19.702(a)(3) or 19.301-2(e), the Contractor's achievements must be reported in the report on a cumulative basis from the date of incorporation of the subcontracting plan into the contract.

(i) When a subcontracting plan includes indirect costs in the goals, these costs must be included in this report.

(ii) The authority to acknowledge receipt or reject the SF 294 resides–

(A) In the case of the prime Contractor, with the Contracting Officer; and

(B) In the case of a subcontract with a subcontracting plan, with the entity that awarded the subcontract.

(2) SSR. (i) Reports submitted under individual contract plans.

(A) This report encompasses all subcontracting under prime contracts and subcontracts with an executive agency, regardless of the dollar value of the subcontracts. This report also includes indirect costs on a prorated basis when the indirect costs are excluded from the subcontracting goals.

(B) The report may be submitted on a corporate, company or subdivision (e.g., plant or division operating as a separate profit center) basis, unless otherwise directed by the agency.

(C) If the Contractor and/or a subcontractor is performing work for more than one executive agency, a separate report shall be submitted to each executive agency covering only that agency's contracts, provided at least one of that agency's contracts is over the applicable threshold specified in FAR 19.702(a), and the contract contains a subcontracting plan. For DoD, a consolidated report shall be submitted for all contracts awarded by military departments/agencies and/or subcontracts awarded by DoD prime contractors.

(D) The report shall be submitted annually by October 30, for the twelve month period ending September 30. When a Contracting Officer rejects an SSR, the Contractor is required to submit a revised SSR within 30 days of receiving the notice of report rejection.

(E) Subcontract awards that are related to work for more than one executive agency shall be appropriately allocated.

(F) The authority to acknowledge or reject SSRs, including SSRs submitted by subcontractors with subcontracting plans, resides with the Government agency awarding the prime contracts unless stated otherwise in the contract.

(ii) Reports submitted under a commercial plan.

(A) The report shall include all subcontract awards under the commercial plan in effect during the Government's fiscal year and all indirect costs.

(B) The report shall be submitted annually, within 30 days after the end of the Government's fiscal year.

(C) If a Contractor has a commercial plan and is performing work for more than one executive agency, the Contractor shall specify the percentage of dollars attributable to each agency.

(D) The authority to acknowledge or reject SSRs for commercial plans resides with the Contracting Officer who approved the commercial plan.

APPENDIX F

Measures and contributions to performance areas and scores for 2023 Performance and 2024 Service Charge

To be performed in accordance with the 2023 FEHB Plan Performance Assessment Procedure Manual and the FEHB Plan Performance Assessment Methodology Carrier Letter (CL 2020-15). The Service Charge for the 2024 contract year will be based on the Overall Performance Score calculated in accordance with this Appendix F.

1. Performance Area Contributions to Overall Performance Score (OPS)

Performance Area	Contribution to Overall Performance Score
Clinical Quality, Customer Service, and Resource Use	65%
Contract Oversight	35%

2. Clinical Quality, Customer Service, and Resource Use (QCR) Performance Area Measures

Performance Area	Measure	Abbrv	Measure Source	Priority Level	Measure Weight
	Avoidance of Antibiotic Treatment for Acute Bronchitis/Bronchiolitis (18-64)	AAB	HEDIS	1	2.50
	Controlling High Blood Pressure	CBP	HEDIS	1	2.50

2024

(FFS – 2024)

AMENDMENT TO CONTRACT CS 1039

CONTRACT NO: CS 1039
EFFECTIVE: January 1, 2024

AMENDMENT NO. 2024A
EFFECTIVE: January 1, 2024

BETWEEN: THE UNITED STATES OFFICE OF PERSONNEL MANAGEMENT
hereafter called the OPM, the Agency, or the Government

Address: 1900 E Street, NW
Washington, DC 20415-3610

AND

CONTRACTOR: Blue Cross Blue Shield Association
hereafter also called the Carrier

Address: 1310 G Street, NW
Washington, DC 20005

In consideration of payment by the Agency of subscription charges set forth in Appendix B, the Carrier agrees to perform all of the services set forth in this contract, including Appendix A.

(FFS – 2024)

1. Section 1.24 Notice On Termination Of FEHBP Or Provider Contract

Clarifies application to pregnancy per CL 2022-12.

SECTION 1.24
NOTICE ON TERMINATION OF FEHBP OR PROVIDER CONTRACT (JAN 2024)

(a) Members who are undergoing treatment for a chronic or disabling condition or for pregnancy at the time a Carrier terminates (1) its FEHBP contract, or (2) the Members' specialty provider contract, or (3) a Preferred Provider Organization (PPO) or Point of Service (POS) network contract, for reasons other than cause, may be able to continue to see their specialty provider for up to 90 days or through their postpartum care.
(b) The Carrier shall notify its Members in writing of its intent to terminate its FEHBP contract, the Members' specialty provider contract, or a PPO or POS network contract, for reasons other than cause, in order to allow sufficient time for the Members to arrange for continued care after the 90-day period or their postpartum care, whichever applies. The Carrier shall send the required notice to the Member if the Carrier has in its records an address for the Member different from the Enrollee's address; otherwise, the Carrier may send the notice to the Enrollee. The Carrier shall send the notice in time to ensure it is received by the Members no less than 90 days prior to the date it terminates the contract, unless the Carrier demonstrates it was prevented from doing so for reasons beyond its control. The Carrier's prompt notice will ensure that the notification period and the transitional care period run concurrently.

2. Section 1.25 Transitional Care

Clarifies application to pregnancy per CL 2022-12.

SECTION 1.25
TRANSITIONAL CARE (JAN 2024)

(a) "Transitional care" is specialized care provided for up to 90 days or through the postpartum period, whichever is later, to a Member who is undergoing treatment for a chronic or disabling condition or for pregnancy when the Carrier terminates (1) its FEHBP contract, (2) the Member's specialty provider contract, or (3) a Preferred Provider Organization (PPO) or Point of Service (POS) network contract for reasons other than cause. The 90-day period begins the earlier of the date the Member receives the notice required under Section 1.24, Notice on Termination of FEHBP or Provider Contract, or the date the Carrier's or the provider's contract ends.

(b) The Carrier shall ensure the following:

(1) If it terminates a specialty provider contract or a PPO or POS network contract other than for cause, it allows Members who are undergoing treatment for a chronic or disabling condition or for pregnancy to continue treatment under the specialty provider for up to 90 days, or through their postpartum period, whichever is later, under the same terms and conditions that existed at the beginning of the transitional care period; and

(2) If it enrolls a new Member who voluntarily changed Carriers because the Member's former Carrier was no longer available in the FEHB Program, it provides transitional care for the Member if the Member is undergoing treatment for a chronic or disabling condition or for

pregnancy for up to 90 days, or through the postpartum period, whichever is later, under the same terms and conditions the Member had under the prior Carrier.

(c) In addition, the Carrier shall (1) pay for or provide the transitional care required under this clause at no additional cost to Members;

(2) require the specialty provider or network to promptly transfer all medical records to the designated new provider during or upon completion of the transition period, as authorized by the patient; and,

(3) require the specialty provider or network to give all necessary information to the Carrier for quality assurance purposes.

3. Section 1.26 Standards for Arrangements with Pharmacy Benefit Managers

Amends section to allow revisions to take effect before expiration of a current PBM contract or option to extend the contract term.

SECTION 1.26
STANDARDS FOR ARRANGEMENTS WITH PHARMACY BENEFIT MANAGERS (JAN 2024)

The Carrier must ensure and report that the following standards are included in new, renewing or amended contracts with Pharmacy Benefit Managers (PBMs) providing services to Enrollees and family Members effective on or after January 1, 2024.
Notwithstanding the foregoing, revisions to Section 1.26 shall not take effect before the expiration of the Carrier's current contract (including the exercise of an existing option to extend the term by not more than one year at a time) but not later than January 2027.
The PBM includes all entities that have a majority ownership interest in or majority control over the PBM. The PBM also includes any other subsidiary of the entity that has majority ownership or control over the PBM.

4. Section 1.26 (a)(8) Standards for Arrangements with Pharmacy Benefit Managers

Clarifies that the term "Third Party" does not include wholesaler and distributor arrangements with retail pharmacies.

STANDARDS FOR ARRANGEMENTS WITH PHARMACY BENEFIT MANAGERS (JAN 2024)

(8) "Third Party" means any consultant, partner, administrator, intermediary or other entity outside the scope of the relationships between or among the PBM and the FEHB enrollee, Carrier, and/or OPM. A wholesaler or distributor is not considered to be a Third Party when the wholesaler or distributor acts pursuant to its arrangement with a retail pharmacy.

5. Section 1.26 (a)(9) Standards for Arrangements with Pharmacy Benefit Managers

Adds language to clarify that the requirement extends to pharmacies affiliated with the PBM.

STANDARDS FOR ARRANGEMENTS WITH PHARMACY BENEFIT MANAGERS (JAN 2024)

(9) "Total Product Revenue" means the total dollar sales of prescription drugs at the prescription price negotiated with clients and associated administrative fees, either through retail Networks or PBM-owned or controlled mail order pharmacies, with respect to the PBM's entire client base, for the reporting period.

6. Section 1.26 (a)(10) Standards for Arrangements with Pharmacy Benefit Managers

Clarifies that mid-year formulary changes include changes made to the formulary on or after the first day of the plan year. Fixes typographical error by changing "costs sharing" to "cost sharing".

STANDARDS FOR ARRANGEMENTS WITH PHARMACY BENEFIT MANAGERS (JAN 2024)

(10) "Mid-year formulary change" means any change that occurs to the formulary effective on a date in a plan year later than the first day of the plan year. Positive mid-year formulary changes enhance formularies by adding drugs or placing a drug on a lower cost sharing tier or removing or relaxing utilization management (UM) requirements for drugs. Restrictive mid-year formulary changes negatively impact formularies by removing drugs, moving drugs to higher tiers, or tightening UM requirements for drugs.

7. Section 1.26 (b) (2) Standards for Arrangements with Pharmacy Benefit Managers

Provides new language in the PBM section regarding transparency standard and the required pass-through of negotiated amounts. Replaces the term "drugs" with the terms "drugs, products, and supplies."

STANDARDS FOR ARRANGEMENTS WITH PHARMACY BENEFIT MANAGERS (JAN 2024)
SECTION 1.26(b)

(b) Transparency Standards
(1) The PBM shall not be majority-owned or majority-controlled by a pharmaceutical manufacturing company. The PBM must disclose to the Carrier and OPM the name of any entity that has a majority ownership interest in or majority control over the PBM.
(2) The PBM shall agree to provide Pass-Through Transparent Pricing for the following categories:
(i) Retail Pharmacies: The PBM shall charge the Carrier no more than the amount as determined by Pass-Through Transparent Pricing paid to the pharmacy for each drug, product or supply plus a dispensing fee. The value of the discounts negotiated in each pharmacy agreement must be passed-through to the Carrier including all transaction fees, credits, true-ups, and other amounts collected back from the pharmacies.
(ii) Mail Order or Specialty Pharmacies not owned or affiliated with the PBM: The PBM shall charge the Carrier no more than the amount as determined by Pass Through Transparent Pricing paid to the pharmacy for each drug, product, or supply plus a dispensing fee. The value of the

discounts negotiated in each pharmacy agreement must be passed- through to the Carrier including all transaction fees, credits, true-ups, and other amounts collected back from the pharmacies.
(iii) Mail Order or Specialty Pharmacies owned or affiliated with the PBM: The PBM shall charge the Carrier the cost of drugs, products, and supplies based on the pharmacy's actual acquisition cost, plus a dispensing fee. Actual acquisition cost must include all non-specific drug discounts received from drug wholesalers and manufacturers that are attributable to the FEHBP including, but not limited to, buy side rebates, manufacturer charge backs, prompt payment discounts, market share incentives, bulk purchase/volume incentives, and other direct and indirect credits. Costs shall not be based on industry benchmarks or set pricing, including but not limited to, Average Acquisition Cost, Maximum Allowable Charge (MAC), Average Wholesale Price (AWP), and Wholesale Acquisition Cost (WAC).

8. Section 1.26 (b)(4) Standards for Arrangements with Pharmacy Benefit Managers

Clarifies that the PBM must identify all sources of revenue to the Carrier and OPM.

STANDARDS FOR ARRANGEMENTS WITH PHARMACY BENEFIT MANAGERS (JAN 2024)

(4) The PBM must identify all sources of revenue or other consideration to the Carrier and OPM as it relates to the FEHB contract.

9. Section 1.26 (b)(5) Standards for Arrangements with Pharmacy Benefit Managers

Clarifies that the PBM's fees are the only profit source to the PBM.

STANDARDS FOR ARRANGEMENTS WITH PHARMACY BENEFIT MANAGERS (JAN 2024)

(5) All of the PBM's fees, including, but not limited to, administrative or dispensing fees, must be clearly identified to retail claims, mail claims, specialty claims, and clinical or other programs, if applicable. The PBM must agree to disclose each fee to the Carrier and OPM. The PBM's fees must represent its sole source of profit for administering the Carrier's pharmacy benefits at Pass-Through Transparent Pricing.

10. Section 1.26 (b)(10) Standards for Arrangements with Pharmacy Benefit Managers

Adds a provision that the PBM must provide to OIG any wholesaler and/or any distributor contracts for PBM owned or affiliated mail order and specialty pharmacies. Fixes typographical error (changes period (.) to semicolon (;)).

STANDARDS FOR ARRANGEMENTS WITH PHARMACY BENEFIT MANAGERS (JAN 2024)

(10) In accordance with FEHBAR 1652.204-74, FAR 52.215-2 and FEHBAR 1652.246-70, all contracts and other documentation that support amounts charged and credited to the Carrier contract are fully disclosed to and auditable by the OPM Office of Inspector General (OPM OIG).

The PBM must provide the OPM OIG upon request complete copies of all PBM records including, but not limited to:

(i) All PBM contracts with Participating Pharmacies, including invoices, receipts and credits;

(ii) All PBM contracts with Pharmaceutical Manufacturers, including invoices, receipts, and credits;

(iii) All PBM owned or affiliated mail order and specialty pharmacy contracts with pharmaceutical manufacturers, distributors, and wholesalers, including invoices, receipts, and credits;

(iv) All PBM contracts with Third Parties purchasing or using claims data;

(v) All PBM transmittals in connection with sales of claims data to Third Parties or other entities;

(vi) All PBM Maximum Allowable Cost (MAC) price lists; ;

(vii) All PBM records relating to patient assistance maximizer programs, optimizer programs, or similar arrangements with Third Parties; and

(viii) All PBM records pertaining to arrangements with Third Parties, including Group Purchasing Organizations (GPOs).

(11) The Carrier at the minimum must perform an annual check of the PBM's adherence to the pricing standards outlined in (b)(2)(i), (ii), and (iii).

11. Section 1.26 (c)(6) Standards for Arrangements with Pharmacy Benefit Managers

Addresses additional gag clauses that are not covered in the PBM Transparency Standard. The current gag clause was expanded to include all providers and disclosure of clinical criteria/medical policies on prescription drugs.

STANDARDS FOR ARRANGEMENTS WITH PHARMACY BENEFIT MANAGERS (JAN 2024)

(c) Integrity Standards
(6) A PBM, or Carrier, shall not enter into a contract or other agreement that prevents, prohibits or penalizes a PBM, Carrier, or any provider (including a pharmacy or pharmacist) for disclosure of information regarding:
(i) The cost of a prescription medication to the Member; or
(ii). The availability of any therapeutically-equivalent alternative medications; or
alternative methods of purchasing the prescription medication, including but not limited to, paying a cash price that is less expensive to the Member than the cost of the prescription under the Plan; or
(iii) Any medical policies or clinical criteria for coverage of a prescription medication.

12. Section 1.26 (d)(4) Standards for Arrangements with Pharmacy Benefit Managers

Replaces the term "PBM" with "pharmacy" since the PBM is not dispensing the medications.

STANDARDS FOR ARRANGEMENTS WITH PHARMACY BENEFIT MANAGERS (JAN 2024)

(4) Dispensing accuracy – The in-network, PBM owned and affiliated mail order pharmacies dispense prescriptions to the correct patient and for the correct drug, drug strength and dosage in accordance with the prescription not less than 99.9 percent of the time.

13. Section 1.26 (d)(5) Standards for Arrangements with Pharmacy Benefit Managers

Replaces the term "PBM" with "pharmacy" since the PBM is not dispensing the medications.

STANDARDS FOR ARRANGEMENTS WITH PHARMACY BENEFIT MANAGERS (JAN 2024)

(5) Mail service pharmacy turnaround time – The in-network, PBM owned and affiliated mail order pharmacies promptly dispense and ship at least 98 percent on average of all prescriptions not requiring intervention or clarification within 3 business days or meets an equivalent measure approved by OPM.

14. Section 1.26 (e)(3) Standards for Arrangements with Pharmacy Benefit Managers

Typographical error – update "EHB" to "FEHB"

STANDARDS FOR ARRANGEMENTS WITH PHARMACY BENEFIT MANAGERS (JAN 2024)

(3) FEHB Carriers must provide Impacted Members with written notice of a Restrictive mid-year formulary change at least 60 days prior to the date the formulary change becomes effective.

15. SECTION 1.26 (f)(1) Standards for Arrangements with Pharmacy Benefit Managers

Fixes typographical error (removes unnecessary "the").

STANDARDS FOR ARRANGEMENTS WITH PHARMACY BENEFIT MANAGERS

(1) The PBM must treat the Prescriber, and not itself, as the ultimate decision-maker. Furthermore, to the extent appropriate under the circumstances, the PBM must allow patient input into that decision-making process. At a minimum, the PBM must provide the patient with a written notice in the package sent to the patient that the drug interchange has occurred with the approval of the Prescriber.

16. Section 2.14 Coordination of Prescription Drug Benefits with Medicare

Amends current language based on 2024 Call Letter updates (CL2023-04). Updates Medicare Part B language to include Part B drugs in retail, specialty, and mail order pharmacies (CL2023-04). Includes new EGWP language to accommodate Medicare EGWP coordination (CL2023-02).

SECTION 2.14
COORDINATION OF PRESCRIPTION DRUG BENEFITS WITH MEDICARE (JAN 2024)

(a) The Carrier shall comply with the Center for Medicare and Medicaid Services' (CMS) Part D Coordination of Benefits Guidance. This guidance provides the requirements and procedures for coordination of benefits between Part D plans and other providers of prescription drug coverage.

(b) For Medicare Part B covered prescription drugs, the Carrier will coordinate benefits with Medicare including, but not limited to, when such prescription drugs are purchased from retail, specialty, or mail order pharmacies. OPM may recover funds if upon any future audit(s), it is determined that a drug was inappropriately billed to FEHB when it should have been adjudicated and paid for under the Member's Medicare Part B benefit.

(c) For Medicare Advantage Prescription Drug Employer Group Waiver Plans and stand-alone Prescription Drug Employer Group Waiver Plans (MA-PD EGWPs and PDP-EGWPs), the Carrier shall comply with CMS Guidance on EGWPs and related OPM guidance.

17. Section 2.18 (a) Surprise Billing

Amends section heading and adds section provisions. The Consolidated Appropriations Act, 2021 contained requirements that group health plans and issuers are required to report information about pharmacy benefits and health care spending to the Department of Health and Human Services on a yearly basis. The suggested amendment below to Sec. 2.18 adds this requirement to the FEHB contracts as well.

SECTION 2.18
SURPRISE BILLING AND TRANSPARENCY (JAN 2024)

(a) The Carrier shall comply with requirements described in the provisions of sections 2799A–1, 2799A-2, 2799A-3, 2799A-4, 2799A-5, and 2799A-7, 2799A-8 and 2799A-10(a) of the Public Health Service Act, sections 716, 717, 718, 719, 720, 722, 723 and 725(a) of the Employee Retirement Income Security Act of 1974, and sections 9816, 9817, 9818, 9819, 9820, 9822, 9823 and 9825(a) of the Internal Revenue Code of 1986 (as applicable) in the same manner as such provisions apply to a group health plan or health insurance issuer offering group or individual health insurance coverage, as described in such sections.

18. Section 5.14 Utilization of Small Business Concerns

Updates per changes to the FAR

SECTION 5.14
UTILIZATION OF SMALL BUSINESS CONCERNS (SEP 2023) (FAR 52.219-8)

(a) Definitions. As used in this contract --

"HUBZone small business concern" means a small business concern that meets the requirements described in 13 CFR 126.200, certified by the Small Business Administration (SBA) and designated by SBA as a HUBZone small business concern in the Dynamic Small Business Search (DSBS) and SAM.

"Service-disabled veteran-owned small business concern"

(1) Means a small business concern—

(i) Not less than 51 percent of which is owned by one or more service-disabled veterans or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more service-disabled veterans; and

(ii) The management and daily business operations of which are controlled by one or more service-disabled veterans or, in the case of a service-disabled veteran with permanent and severe disability, the spouse or permanent caregiver of such veteran.

(2) Service-disabled veteran means a veteran, as defined in 38 U.S.C. 101(2), with a disability that is service-connected, as defined in 38 U.S.C. 101(16).

"Small business concern" means a concern, including its affiliates, that is independently owned and operated, not dominant in its field of operation and qualified as a small business under the criteria and size standards in 13 CFR part 121, including the size standard that corresponds to the NAICS code assigned to the contract or subcontract.

"Small disadvantaged business concern", consistent with 13 CFR 124.1001, means a small business concern under the size standard applicable to the acquisition, that--

(1) Is at least 51 percent unconditionally and directly owned (as defined at 13 CFR 124.105) by—

(i) One or more socially disadvantaged (as defined at 13 CFR 124.103) and economically disadvantaged (as defined at 13 CFR 124.104) individuals who are citizens of the United States; and

(ii) Each individual claiming economic disadvantage has a net worth not exceeding the threshold at 13 CFR 124.104(c)(2) after taking into account the applicable exclusions set forth at 13 CFR 124.104(c)(2); and

(2) The management and daily business operations of which are controlled (as defined at 13.CFR 124.106) by individuals, who meet the criteria in paragraphs (1)(i) and (ii) of this definition.

"Veteran-owned small business concern" means a small business concern—

(1) Not less than 51 percent of which is owned by one or more veterans (as defined at 38 U.S.C. 101(2)) or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more veterans; and

(2) The management and daily business operations of which are controlled by one or more veterans.

"Women-owned small business concern" means a small business concern—

(1) That is at least 51 percent owned by one or more women, or, in the case of any publicly owned business, at least 51 percent of the stock of which is owned by one or more women; and

(2) Whose management and daily business operations are controlled by one or more women.

(b) It is the policy of the United States that small business concerns, veteran-owned small business concerns, service-disabled veteran-owned small business concerns, HUBZone small business concerns, small disadvantaged business concerns, and women-owned small business concerns shall have the maximum practicable opportunity to participate in performing contracts let by any Federal agency, including contracts and subcontracts for subsystems, assemblies, components, and related services for major systems. It is further the policy of the United States that its prime contractors establish procedures to ensure the timely payment of amounts due pursuant to the terms of their subcontracts with small business concerns, veteran-owned small business concerns, service-disabled veteran-owned small business concerns, HUBZone small business concerns, small disadvantaged business concerns, and women-owned small business concerns.

(c)(1) A joint venture qualifies as a small business concern if –

(i) Each party to the joint venture qualifies as small under the size standard for the solicitation; or

(ii) The protégé is small under the size standard for the solicitation in a joint venture comprised of a mentor and protégé with an approved mentor-protégé agreement under a SBA mentor-protégé program.

(2) A joint venture qualifies as –

(i) A service-disabled veteran-owned small business concern if it complies with the requirements in 13 CFR part 125; or

(ii) A HUBZone small business concern if it complies with the requirements in 13 CFR 126.616(a) through (c).

(d) The Contractor hereby agrees to carry out this policy in the awarding of subcontracts to the fullest extent consistent with efficient contract performance. The Contractor further agrees to cooperate in any studies or surveys as may be conducted by the United States Small Business Administration or the awarding agency of the United States as may be necessary to determine the extent of the Contractor's compliance with this clause.

(e)(1) The Contractor may accept a subcontractor's written representations of its size and socioeconomic status as a small business, small disadvantaged business, a veteran-owned small business, service-disabled veteran-owned small business or a women-owned small business if the subcontractor represents that the size and socioeconomic status representations with its offer are current, accurate, and complete as of the date of the offer for the subcontract.

(2) The Contractor may accept a subcontractor's representations of its size and socioeconomic status as a small business, small disadvantaged business, veteran-owned small business, service-disabled veteran-owned small business, or a women-owned small business in the System for Award Management (SAM) if–

(i) The subcontractor is registered in SAM; and

(ii) The subcontractor represents that the size and socioeconomic status representations made in SAM are current, accurate and complete as of the date of the offer for the subcontract.

(3) The Contractor may not require the use of SAM for the purposes of representing size or socioeconomic status in connection with a subcontract.

(4) In accordance with 13 CFR 121.411, 126.900, 127.700, and 128.600, a contractor acting in good faith is not liable for misrepresentations made by its subcontractors regarding the subcontractor's size or socioeconomic status.

(5) The Contractor shall confirm that a subcontractor representing itself as a HUBZone small business concern is certified by SBA as a HUBZone small business concern by accessing SAM or by accessing DSBS at https://web.sba.gov/pro-net/search/dsp_dsbs.cfm. If the subcontractor is a joint venture, the Contractor shall confirm that at least one party to the joint venture is certified by SBA as a HUBZone small business concern. The Contractor may confirm the representation by accessing SAM.

19. Section 5.54 Penalties For Unallowable Costs

Updates per changes to the FAR.

SECTION 5.54
PENALTIES FOR UNALLOWABLE COSTS (DEC 2022) (FAR 52.242-3)

(a) Definition. Proposal, as used in this clause, means either --

(1) A final indirect cost rate proposal submitted by the Contractor after the expiration of its fiscal year which--

(i) Relates to any payment made on the basis of billing rates; or

(ii) Will be used in negotiating the final contract price; or

(2) The final statement of costs incurred and estimated to be incurred under the Incentive Price Revision clause (if applicable), which is used to establish the final contract price.

(b) Contractors which include unallowable indirect costs in a proposal may be subject to penalties. The penalties are prescribed in 10 U.S.C. 3748 or 41 U.S.C. chapter 43, as applicable, which is implemented in Section 42.709 of the Federal Acquisition Regulation (FAR).

(c) The Contractor shall not include in any proposal any cost that is unallowable, as defined in subpart 2.1 of the FAR, or an executive agency supplement to the FAR.

(d) If the Contracting Officer determines that a cost submitted by the Contractor in its proposal is expressly unallowable under a cost principle in the FAR, or an executive agency supplement to the FAR, that defines the allowability of specific selected costs, the Contractor shall be assessed a penalty equal to--

(1) The amount of the disallowed cost allocated to this contract; plus

(2) Simple interest, to be computed--

(i) On the amount the Contractor was paid (whether as a progress or billing payment) in excess of the amount to which the Contractor was entitled; and

(ii) Using the applicable rate effective for each six-month interval prescribed by the Secretary of the Treasury pursuant to Pub. L. 92-41 (85 Stat. 97).

(e) If the Contracting Officer determines that a cost submitted by the Contractor in its proposal includes a cost previously determined to be unallowable for that Contractor, then the Contractor will be assessed a penalty in an amount equal to two times the amount of the disallowed cost allocated to this contract.

(f) Determinations under paragraphs (d) and (e) of this clause are final decisions within the meaning of 41 U.S.C. chapter 71, Contract Disputes.

(g) Pursuant to the criteria in FAR 42.709-6, the Contracting Officer may waive the penalties in paragraph (d) or (e) of this clause.

(h) Payment by the Contractor of any penalty assessed under this clause does not constitute repayment to the Government of any unallowable cost which has been paid by the Government to the Contractor.

20. Section 5.60 SUBCONTRACTS FOR COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (FFS/ER HMO CONTRACTS)

Updating per changes to the FAR

SECTION 5.60
SUBCONTRACTS FOR COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (SEP 2023) (FAR 52.244-6)

(a) Definitions. As used in this clause —

"Commercial product," "commercial service," and "commercially available off-the-shelf item" have the meanings contained in Federal Acquisition Regulation 2.101.

"Subcontract" includes a transfer of commercial products or commercial services between divisions, subsidiaries, or affiliates of the Contractor or subcontractor at any tier.

(b) To the maximum extent practicable, the Contractor shall incorporate, and require its subcontractors at all tiers to incorporate, commercial products, commercial services, or non-developmental items as components of items to be supplied under this contract.

(c)(1) The Contractor shall insert the following clauses in subcontracts for commercial products or commercial services:

(i) 52.203-13, Contractor Code of Business Ethics and Conduct (Nov 2021) (41 U.S.C. 3509), if the subcontract exceeds the threshold specified in FAR 3.1004(a) on the date of subcontract award, and has a performance period of more than 120 days. In altering this clause to identify the appropriate parties, all disclosures of violation of the civil False Claims Act or of Federal criminal law shall be directed to the agency Office of the Inspector General, with a copy to the Contracting Officer.

(ii) 52.203-15, Whistleblower Protections Under the American Recovery and Reinvestment Act of 2009 (Jun 2010) (Section 1553 of Pub. L. 111-5), if the subcontract is funded under the Recovery Act.

(iii) 52.203-19, Prohibition on Requiring Certain Internal Confidentiality Agreements or Statements (JAN 2017).

(iv) 52.204–21, Basic Safeguarding of Covered Contractor Information Systems (Nov 2021), other than subcontracts for commercially available off-the-shelf items, if flow down is required in accordance with paragraph (c) of FAR clause 52.204–21.

(v) 52.204-23, Prohibition on Contracting for Hardware, Software, and Services Developed or Provided by Kaspersky Lab and Other Covered Entities (Jul 2018) (Section 1634 of Pub. L. 115-91).

(vi) 52.204-25, Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment. (Nov 2021) (Section 889(a)(1)(A) of Pub. L. 115-232).

(vii) 52.204-27, Prohibition on a ByteDance Covered Application (JUN 2023) (Section 102 of Division R of Pub.L. 117-328).

(viii) 52.219-8, Utilization of Small Business Concerns (SEP 2023) (15 U.S.C. 637(d)(2) and (3)), if the subcontract offers further subcontracting opportunities. If the subcontract (except subcontracts to small business concerns) exceeds, the applicable threshold

specified in FAR 19.702(a) on the date of subcontract award, the subcontractor must include 52.219-8 in lower tier subcontracts that offer subcontracting opportunities.

(ix) 52.222-21 Prohibition of Segregated Facilities (Apr 2015)

(x) 52.222-26, Equal Opportunity (Sep 2015) (E.O. 11246).

(xi) 52.222-35, Equal Opportunity for Veterans (Jun 2020) (38 U.S.C. 4212(a).

(xii) 52.222-36, Equal Opportunity for Workers with Disabilities (Jun 2020) (29 U.S.C. 793).

(xiii) 52.222-37, Employment Reports on Veterans (Jun 2020) (38 U.S.C. 4212).

(xiv) 52.222-40, Notification of Employee Rights Under the National Labor Relations Act (Dec 2010) (E.O. 13496), if flow down is required in accordance with paragraph (f) of FAR clause 52.222-40.

(xv) (A) 52.222-50, Combating Trafficking in Persons (Nov 2021) (22 U.S.C. chapter 78 and E.O. 13627).

(B) Alternate I (MAR 2015) of 52.222-50 (22 U.S.C. chapter 78 and E.O. 13627).

(xvi) 52.222-55 , Minimum Wages for Contractor Workers under Executive Order 14026 (Jan 2022), if flow down is required in accordance with paragraph (k) of FAR clause 52.222-55.

(xvii) 52.222-62, Paid Sick Leave Under Executive Order 13706 (Jan 2022) (E.O. 13706), if flowdown is required in accordance with paragraph (m) of FAR clause 52.222-62.

(xviii) (A) 52.224-3, Privacy Training (Jan 2017) (5 U.S.C. 552a) if flow down is required in accordance with 52.224-3(f).

(B) Alternate I (Jan 2017) of 52.224-3, if flow down is required in accordance with 52.224-3(f) and the agency specifies that only its agency-provided training is acceptable).

(xix) 52.225-26, Contractors Performing Private Security Functions Outside the United States (Oct 2016) (Section 862, as amended, of the National Defense Authorization Act for Fiscal Year 2008; 10 U.S.C. Subtitle A, Part V, Subpart G Note).

(xx) 52.232-40, Providing Accelerated Payments to Small Business Subcontractors (Mar 2023), if flow down is required in accordance with paragraph (c) of FAR clause 52.232-40.

(xxi) 52.247-64, Preference for Privately Owned U.S.-Flag Commercial Vessels (Nov 2021) 46 U.S.C. 55305 and 10 U.S.C. 2631), if flow down is required in accordance with paragraph (d) of FAR clause 52.247-64).

(2) While not required, the Contractor may flow down to subcontracts for commercial products or commercial services a minimal number of additional clauses necessary to satisfy its contractual obligations.

(d) The Contractor shall include the terms of this clause, including this paragraph (d), in subcontracts awarded under this contract.

21. Addition of Section 5.77 Implementing the No TikTok on Government Devices Act

SECTION 5.77

Prohibition on a Bytedance Covered Application (JUN 2023)

(a) Definitions. As used in this clause—

Covered application means the social networking service TikTok or any successor application or service developed or provided by ByteDance Limited or an entity owned by ByteDance Limited.

Information technology, as defined in 40 U.S.C. 11101(6)—

(1) Means any equipment or interconnected system or subsystem of equipment, used in the automatic acquisition, storage, analysis, evaluation, manipulation, management, movement, control, display, switching, interchange, transmission, or reception of data or information by the executive agency, if the equipment is used by the executive agency directly or is used by a contractor under a contract with the executive agency that requires the use—

(i) Of that equipment; or

(ii) Of that equipment to a significant extent in the performance of a service or the furnishing of a product;

(2) Includes computers, ancillary equipment (including imaging peripherals, input, output, and storage devices necessary for security and surveillance), peripheral equipment designed to be controlled by the central processing unit of a computer, software, firmware and similar procedures, services (including support services), and related resources; but
(3) Does not include any equipment acquired by a Federal contractor incidental to a Federal contract.

(b) Prohibition. Section 102 of Division R of the Consolidated Appropriations Act, 2023 (Pub. L. 117–328), the No TikTok on Government Devices Act, and its implementing guidance under Office of Management and Budget (OMB) Memorandum M–23–13, dated February 27, 2023, "No TikTok on Government Devices" Implementation Guidance, collectively prohibit the presence or use of a covered application on executive agency information technology, including certain equipment used by Federal contractors. The Contractor is prohibited from having or using a covered application on any information technology owned or managed by the Government, or on any information technology used or provided by the Contractor under this contract, including equipment provided by the Contractor's employees; however, this prohibition does not apply if the Contracting Officer provides written notification to the Contractor that an exception has been granted in accordance with OMB Memorandum M–23–13.

(c) Subcontracts. The Contractor shall insert the substance of this clause, including this paragraph (c), in all subcontracts, including subcontracts for the acquisition of commercial products or commercial services.

Part IV-SPECIAL PROVISIONS is deleted and replaced with the following:

SECTION 4.1
ALTERATIONS IN CONTRACT (JAN 2019) (FAR 52.252-4)

Portions of this contract are altered as follows:

(a) Section 1.6 Confidentiality of Records. The following subsection is added:

(d) Local Blue Cross and/or Blue Shield Plans may combine the personal data and medical records of Federal subscribers, and information relating thereto, with the same information of other individuals who have health benefits coverage under the Local Blue Cross and/or Blue Shield Plan. This combined data may only be used and disclosed for the Plan's health care operations and payment activities, as such terms and conditions are defined under the Health Insurance Portability and Accountability Act, and its implementing regulations (45 CFR § 164.501). Such activities include, but are not limited to: care management; prevention, detection, and recovery of funds subject to fraud and abuse; and negotiation of provider contracts.

(e) As used in subsection (b)(1) of this section, "administration of this contract" means health care operations and payment activities, as such terms and conditions are defined under the Health Insurance Portability and Accountability Act, and its implementing regulations (45 CFR § 164.501).

(b) Section 1.9 Plan Performance - Experience-Rated FFS Contracts.

The Carrier may use the appropriate systems for measurement and/or collection of data on the quality of the health care services as described in subparagraph 1.9(b).

(c) Section 1.14, Misleading, Deceptive, or Unfair Advertising, is amended by removing the reference to the NAIC Advertisements of Accident and Sickness Insurance Model Regulation (Appendix D-b). Carrier should continue to use the FEHB Supplemental Literature Guidelines (now at the renumbered Appendix C) along with FEHBAR 1603.7002.

(d) Section 1.15 Renewal and Withdrawal of Approval (FEHBAR). The following subsections are added:

(d) If the agency suspends payment of the subscription charges for any reason, the Carrier may (1) suspend making benefit payments until payment of all subscription charges due is fully restored; or (2) terminate the contract without prior notice.

(e) Section 1.21 Patient Bill of Rights. For the purpose of compliance with this Section, the Carrier will conduct the following minimum activities: (1) the Carrier will provide subscribers with a Fact Sheet that includes information about the disenrollment rate in the Blue Cross and Blue Shield Service Benefit Plan, as well as Local Plan-specific information including compliance with Federal and State financial requirements, public corporate information, years in existence, and accreditation status; (2) Provider

Directories will include language advising subscribers to contact their providers directly to obtain information about the providers, including but not limited to board certifications, languages spoken, availability of interpreters, facility accessibility, and whether the provider is accepting new patients.

(f) Section 1.30 Health Information Technology Privacy and Security. Subsections (b), (c) and the introductory paragraph of Subsection (d) of Section 1.30 are amended to read as follows:

(b) The Carrier will promote consumer transparency by ensuring that at the point where the Federal member enters the subcontractor's, large provider's, or vendor's website or web portal the link to the subcontractor's, large provider's, or vendor's notice of privacy practices and/or privacy policies is displayed on the bottom, or prominently displayed elsewhere, on the website or web portal.

(c) Notice of privacy practices and/or privacy policies disclosures must describe the uses of individually identifiable protected health information and any potential disclosure to other entities as described in the HIPAA Privacy Rule.

(d) The Carrier will participate with the Contracting Officer or an authorized representative of the Contracting Officer in credential vulnerability scans and configuration compliance audits conducted in accordance with rules of engagement agreed to by the Contracting Officer and the Blue Cross and Blue Shield Association. The rules of engagement will include the software and hardware used for vulnerability scanning; the specific process used to conduct vulnerability scanning; precautions taken to prevent negative disruption on the systems being scanned; restrictions on the release of documents and artifacts; and how the results of the scanning will be reviewed and reported.

(g) Section 2.2 Benefits Provided. The following paragraph is added to subsection 2.2(a):

(4) The Carrier may pay the Preferred Provider Organization level of benefits under this contract to ease the hardship of members affected by natural disasters such as earthquakes, floods, etc., when because of the natural disaster members have difficulty gaining access to Preferred network providers. The Carrier may pay the Preferred level of benefits without regard to the provider's contractual relationship with the Carrier and will determine an appropriate time frame based on local conditions during which the provision of this paragraph will apply. Benefits provided under this paragraph will be made available to all members similarly affected by the natural disaster.

(h) Section 2.3 Payment of Benefits and Provision of Services and Supplies. Notwithstanding subsection (f) of Section 2.3, benefits provided under the contract are not assignable by the Member to any person without express written approval of the carrier, and in the absence of such approval, any such assignment shall be void. Notwithstanding such approval, no assignment of benefits may be made in any case prior to the time that a valid claim for benefits arises.

(i) Section 2.3 Payment of Benefits and Provision of Services and Supplies. The introductory paragraph of Subsection 2.3(g) is amended to read as follows:

(g) *Erroneous Payments.*

(i) If the Carrier or OPM determines that a Member's claim has been paid in error for any reason (except in the case of fraud or abuse), the Carrier shall make a prompt and diligent effort to recover the erroneous payment to the member from the member or, if to the provider, from the provider; the recovery of any overpayment must be treated as an erroneous benefit payment, overpayment, or duplicate payment under 48 C.F.R. 1631.201-70(h) regardless of any time period limitations in the written agreement with the provider.

(ii) The Carrier shall be deemed to have satisfied the requirements of Subsection (g) (i) above by complying with Subsections (ii), (iii), and (iv). Local Blue Cross and Blue Shield Plans which have time period limitations in their provider contracts which prevent the Plan from recovering erroneous benefit payments made to providers will participate in an action plan. The action plan shall be developed by the Blue Cross and Blue Shield Association by December 31, 2008 and agreed to by the Contracting Officer and the Blue Cross and Blue Shield Association. The Blue Cross and Blue Shield Association and the Contracting Officer shall utilize standards of commercial reasonableness and neither shall unreasonably withhold agreement. The action plan shall be designed to reduce the occurrence of erroneous benefit payments, to identify and recover erroneous benefit payments within the time limits stipulated in their provider contracts, and to demonstrate due diligence in making an attempt to identify and recover within that provider contract timeframe such erroneous benefit payments.

(iii) The Blue Cross and Blue Shield Association shall be responsible for monitoring and determining whether each Blue Cross and Blue Shield Plan participating in the action plan is complying with its obligations under the action plan.

(iv) A Blue Cross and Blue Shield Plan which is in compliance with its obligations under the action plan shall be found to be in compliance with its obligation under this Section 2.3(g) to make a prompt and diligent effort to recover erroneous benefit payments. In the event that any Plan with such time period limitations is determined to be not in substantial compliance with the action plan, and that Plan is determined not to have pursued material benefit payments with promptness and diligence, then the Plan shall return the erroneous benefit payments to the Program.

(v) The Carrier shall follow general business practices and procedures in collecting debts owed under the Federal Employees Health Benefits Program. Prompt and diligent effort to recover erroneous payments means that upon discovering that an erroneous payment exists, the Carrier shall—

(j) Section 2.3 Payment of Benefits and Provision of Services and Supplies. Subsection (g)(7)(ii) of Section 2.3 is amended to read as follows:

Notwithstanding (g)(7)(i), the Carrier may not charge the contract for the administrative costs to correct erroneous benefit payments (or to correct processes or procedures that

caused erroneous benefit payments) when the errors are egregious and repeated. These costs are deemed to be unreasonable and unallowable under Section 3.2(b). The term "repeated" in the previous sentence does not apply to situations in which a claims processing system error causes multiple erroneous payments or to situations that involve audit findings on errors that are endemic to the provision of insurance and claims processing.

(k) Section 2.3 Payment of Benefits and Provision of Services and Supplies. Subsection (g)(10) of Section 2.3 is amended to read as follows:

(10) In compliance with the Contracts Disputes Act, the Carrier shall return to the Program an amount equal to the uncollected erroneous benefit payment where the Contracting Officer determines that the Carrier failed to make a prompt and diligent effort, as that term is described above, to recover the erroneous benefit payment. This provision applies to benefit payments which have been paid in error for any reason (except in the case of fraud or abuse).

(l) Section 2.4 Termination of Coverage and Conversion Privileges. The conversion contract set forth in Section 2.4(c) may be a contract that is regularly offered by the local Blue Cross and/or Blue Shield Plan.

(m) Section 2.5 Subrogation. The following subsections are added:

(c) To the extent that a Member has received benefits for covered services under this contract for an injury or illness caused by a third party, the Carrier shall have the right to be subrogated and succeed to any rights of recovery against any person or organization from whom the Member is legally entitled to receive all or part of those same benefits, including insurers of individuals (non-group) policies of liability insurance that are issued to and in the name of the Member. The obligation of the Carrier to recover amounts through subrogation is limited to making a reasonable effort to seek recovery of amounts to which it is entitled to recover in cases which are brought to its attention. The Carrier shall not be required to recover any amounts from any person or organization who causes an injury or illness for which the Member makes claims for benefits.

(d) The Carrier may also recover directly from the Member all amounts received by the Member by suit, settlement, or otherwise from any third party or its insurer, or the Member's insurer under an individual policy or liability insurance, for benefits which have also been paid under this contract.

(e) The Member shall take such action, furnish such information and assistance, and execute such papers as the Carrier or its representative believes are necessary to facilitate enforcement of its rights, and shall take no action which would prejudice the interests of the Carrier to subrogation.

(f) Effective January 1, 1997, all Participating Plans shall subrogate under a single, nation-wide policy to ensure equitable and consistent treatment for all Members under the contract.

(n) Section 2.6 Coordination of Benefits (FEHBAR). The following subsections are added:

(g) The benefits payable by this Plan shall be determined, on a claim by claim basis, only for those claims in excess of $100, except where Medicare is the primary payer of benefits, claims in excess of $50.

(h) Whenever payments which should have been made under this contract in accordance with this provision have been made under any other group health coverage, the Carrier shall have the right, exercisable alone and in its sole discretion, to pay over to any organizations making such other payments any amount it shall determine to be warranted in order to satisfy the intent of this provision, and amounts so paid shall be deemed to be benefits paid under this contract and, to the extent of such payments discharged from liability under the contract.

(o) Section 3.1 Payments (FEHBAR). The following sentence is added to the end of Section 3.1(a):

OPM will withhold from the subscription charges amounts for other obligations due under the contract only to the extent that OPM and the Carrier have agreed in writing to specific deductions for such other obligations.

(p) Section 3.1 Payments (FEHBAR). The following subsection is added:

(g) Except as required pursuant to Sections 1.25 and 2.12, in the event this contract is terminated or not renewed, the agency shall be liable for all sums due and unpaid, including subscription charges, for the period up to the last day of the Member's entitlement to benefits.

(q) Section 3.2 Accounting and Allowable Cost (FEHBAR). Section 3.2(b)(2)(ii) of this contract is amended to comply with 5 U.S.C. 8909(f) as follows:

(1) No tax, fee, or other monetary payment may be imposed, directly or indirectly, on a Carrier or an underwriting or plan administration subcontractor of an approved health benefits plan by any State, the District of Columbia, or the Commonwealth of Puerto Rico, or by any political subdivision or other governmental authority thereof, with respect to any payment made from the Fund.

(2) Paragraph (1) shall not be construed to exempt any Carrier or subcontractor of an approved health benefits plan from the imposition, payment, or collection of a tax, fee, or other monetary payment on the net income or profit accruing to or realized by such Carrier or underwriting or plan administration subcontractor from business conducted under this Chapter, if that tax, fee, or payment is applicable to a broad range of business activity.

(r) Section 3.2 Accounting and Allowable Cost (FEHBAR). The provision in Section 3.2 (b)(2)(iv)(A) is supplemented as follows:

Charges for mandatory statutory reserves (Section 3.2(b)(2)(iv)(A)) to satisfy mandatory

statutory reserve requirements of Participating Plans are allowable to the extent that such requirements exceed that portion of the service charge at Appendix B, Subscription Rates, Charges, Allowances and Limitations applicable to such Plans.

(s) Section 3.2 Accounting and Allowable Cost (FEHBAR). This section is modified as follows:

The Carrier, as required by the Blue Cross and Blue Shield Service Benefit Plan Workplan, shall furnish OPM an accounting of its operations under the contract not less than 120 days after the end of the calendar year contract period.

(t) Section 3.3 Special Reserve. The provision in Section 3.3(a) is supplemented as follows:

The Special reserve held by or on behalf of the Carrier is to be used only for payment of charges against this contract, including advance payments to Participating Plans and to hospitals.

(u) Section 3.10, Audit, Financial, and Other Information. Compliance by the Carrier and Participating Blue Cross and Blue Shield Plans with the Blue Cross Blue Shield Service Benefit Plan Workplan, as agreed upon between the Carrier and OPM, will constitute compliance with the Audit Guide referred to in Sections 3.2 and 3.10.

SECTION 4.2
HOSPITAL (FACILITY) BENEFIT PAYMENTS AND CONDITIONS (JAN 1991)

(a) Benefits described in the agreed upon brochure text shall be provided to the extent practicable in the form of services rendered by hospitals, freestanding ambulatory facilities, and home health care agencies, and payment, therefore, by or on behalf of the carrier shall constitute a complete discharge of their obligations under this contract to the extent of services rendered in accordance with the terms and conditions of the contract.

(b) Benefits for inpatient hospital care shall be available only to a Member admitted to the hospital on the recommendation, and while under the active medical supervision of a duly licensed physician or alternative provider as described in section 8902(k)(1) of title 5 U.S.C. who is a member of the staff of, or acceptable to, the hospital selected.

(c) Hospital service is subject to all the rules and regulations of the hospital selected including rules governing admissions.

(d) While a Member may elect to be hospitalized in any hospital, the Carrier does not undertake to guarantee the admission of such Member to the hospital, nor the availability of any accommodations or services therein requested by the Member or his physician.

SECTION 4.3
DEFINITION OF CARRIER (JAN 1991)

The Carrier is the Blue Cross and Blue Shield Association, an Illinois not-for-profit corporation, acting on behalf of participating Blue Cross and Blue Shield Plans and

pursuant to authority specified in Exhibit A for and in behalf of the organizations specified in Exhibit A (hereinafter sometimes referred to as "Participating Plans").

SECTION 4.4
AUDIT DISPUTES (JAN 2000)

(a) Any questioned costs or issues documented by or on behalf of OPM's Office of the Inspector General (OIG) in draft or final audit reports examining the Carrier's and Participating Plans' performance under this contract, that are provided to the Carrier and that were initially raised in the timeframe set forth in subsection (c) below, remain open until resolved. Audit issues related to monetary findings for which extensions of the waiver period for the issuance of final decisions and processing of prior period adjustments were obtained in previous contract terms also remain open until resolved.

(b) Resolution of a questioned cost or issue can be the result of a resolution letter or the issuance of a final decision by the Contracting Officer, or by the processing of a prior period adjustment, an adjustment to the Special reserve, or submission of a claim to OPM (as appropriate) by the Carrier or Participating Plan. A prior period adjustment intended to partially or fully resolve an audit finding will not be considered closed until properly reported on the calendar year Annual Accounting Statement.

(c) A claim seeking, as a matter of right, the payment of money, in a sum certain, pursuant to 48 CFR section 52.233-1, shall not be made more than five years following the last day prescribed by the contract for filing the calendar year Annual Accounting Statement for the year with respect to which the claim arises. A claim includes, in the case of the carrier, a charge against the contract.

SECTION 4.5
ASSOCIATION DUES (JAN 2004)

A Participating local Blue Cross and Blue Shield Plan may charge to this contract Association Dues, with the exception of dues related to those lobbying costs and Special Assessments determined to be unallowable. In calculating the unallowable portion of dues related to lobbying costs for a contract year, the Blue Cross and Blue Shield Plan will rely on the percentage of dues, less any special assessments, as determined by the BCBSA for IRS purposes, to be not tax deductible from the previous contract year.

SECTION 4.6
TRAVEL COSTS (JAN 1996)

The Carrier may charge and account for travel expenses related to administration of the contract on a per diem basis, subject to the maximums prescribed by the Federal Travel Regulations. For those travel costs for each contract term that are subject to the Federal per diem rates set forth at 48 CFR section 31.205-46, the Carrier shall charge to the contract an amount equal to the lesser of:

(i) the actual aggregate charges for those costs, or
(ii) the aggregate charges calculated using the per diem rates set forth in the Federal Travel Regulations.

SECTION 4.7
MARKET RESEARCH COSTS (JAN 1996)

(a) Costs of market research surveys or studies are generally allowable if the survey or study is:

1. directed to current Members and Members who left the Blue Cross and Blue Shield Service Benefit Plan in the most recent Open season, or
2. focused on long-range planning, industry state-of-the-art developments, or product development issues for which a direct benefit or potential benefit to the FEHB Program can be identified, or
3. pre-approved by the Contracting Officer.

(b) Costs of market research surveys or studies are generally not allowable if the primary purpose is to survey or study an otherwise unallowable cost item, such as: to determine the effectiveness of advertising or sales strategies; to evaluate image effectiveness or ways to achieve image enhancement; or to perform a competitive analysis with other carriers in the FEHB Program. Such costs are unallowable, regardless of who receives the research surveys or studies.

(c) This provision does not supersede other contract requirements, such as prior approval for subcontracts under Section 1.16 Subcontracts (FEHBAR 1652.244-70).

SECTION 4.8
PRESCRIPTION DRUG BENEFITS WAIVER PROVISIONS (JAN 2009)

(a) For the purposes of applying the special provisions in this section, the Standard Option Mail Service Prescription Drug Program service standards are:

(1) When a prescription order is placed that does not require additional information or clarification (i.e., a clean or non-diverted prescription), the prescription order shall be dispensed within three business days from the date of receipt so the enrollee may expect to receive the medication within 7 calendar days.

(2) When a prescription order is placed that does require additional information, clarification or resolution of payment issues (i.e., a diverted prescription), the prescription order shall be dispensed within seven business days from the date of receipt so the enrollee may expect to receive the medication within 14 calendar days. However the following situations will not be considered a diverted prescription for the purposes of this section:

(i) Prescriptions for refrigerated products that require prior arrangements between the mail order pharmacy and a Member before the Member can receive the Prescription;

(ii) Prescriptions requiring specific counseling obligations imposed by the pharmaceutical manufacturer, distributor or the FDA;

(iii) Prescriptions requiring "registration" with a pharmaceutical manufacturer.

(b) The special provisions described in paragraphs (c)(1), (2), and (3) shall become effective automatically when less than 98 percent of the prescriptions are filled within the

service standards described in either paragraph (a)(1) or (a)(2) for 7 consecutive business days. The special provisions shall terminate when for 7 consecutive business days 98 percent or more of the prescriptions are filled within the service standards described in paragraphs (a)(1) and (a)(2) of this section.

(c) The special provisions are:

(1) The Carrier shall waive during the effective periods in paragraph (b) the coinsurance for a 21 day prescription filled at a Preferred retail pharmacy when the Mail Service Prescription Drug Program vendor is unable to fill the prescription within the service standards. This waiver of the coinsurance shall be in effect for 14 calendar days after notice to the enrollee as described in paragraph (c)(2) below.

(2) The Carrier shall deliver to the enrollee a written or telephone notice no later than 5 days from the date of receipt for clean or non-diverted prescriptions and no later than 12 days from the date of receipt for diverted prescriptions.

This notice shall:

(i) advise the enrollee that the Mail Service Prescription Drug Program may not be able to fill the prescription(s) within the service standard timeframes;

(ii) advise the enrollee that any applicable coinsurance will be waived for a 21 day supply of the medication(s) when filled at a Preferred retail pharmacy;

(iii) provide the enrollee with instructions on how to use the waiver, and

(iv) advise the enrollee when the waiver will expire.

(3) The Carrier may use next day delivery service at no additional cost to the enrollee in order to meet the service standards in (a)(1) and (a)(2).

SECTION 4.9
SMALL BUSINESS SUBCONTRACTING PLAN (JAN 2002) (FAR 52.219-9) (AS AMENDED)

An amended clause 52.219-9, Small Business Subcontracting Plan, is attached to Appendix E.

SECTION 4.10
LETTER OF CREDIT (JAN 1997)

As of January 1, 1997, OPM will administer Letter of Credit drawdowns directly with the local Plans.

SECTION 4.11
PILOTING OF COST CONTAINMENT PROGRAMS (JAN 2001)

Upon approval by the Contracting Officer, the Carrier may design and implement pilot programs in one or more local Plan areas that test the feasibility and examine the impact of various managed care initiatives. The Carrier shall brief the Contracting Officer on a pilot program prior to its implementation, advise the Contracting Officer of the progress of the pilot program and provide a written evaluation at the conclusion of the pilot program. The evaluation of the pilot program shall, at a minimum, assess the cost effectiveness, effect on quality of care and/or quality of life, and customer satisfaction, and recommend whether the pilot program should be continued or expanded.

SECTION 4.12
TRANSITION COSTS FOR PLAN TERMINATIONS (JAN 1999)

In the event a Participating Plan's license to use the Blue Cross and/or Blue Shield service marks is terminated, thereby rendering it ineligible to participate in this Contract, the costs of transitioning the terminated Plan's Service Benefit Plan subscribers to a successor Plan shall be subject to advance approval. The Carrier shall submit to OPM a proposed transition plan, together with a detailed estimate of costs, prior to the incurrence of any significant transition costs. OPM and the Carrier shall negotiate an advance agreement pursuant to FAR 31.109 that covers the extent of allowable transition costs.

SECTION 4.13
PAYMENT BY ELECTRONIC FUNDS TRANSFER-CENTRAL CONTRACTOR REGISTRATION (MAY 1999) (FAR 52.232-33)

The references to the Central Contractor Registration in FAR 52.232-33 are not applicable to this contract.

SECTION 4.14
FEDERAL INCOME TAX RELATED TO HEALTH INSURANCE PROVIDERS' FEE (JANUARY 2015)

(a) Notwithstanding FAR 31.205-41(b)(1) and this Contract Section 3.2(b)(1)(ii), a charge for an incremental amount of Federal income tax liability incurred as the result of compliance with the Health Insurance Providers Fee (HIP Fee) provision of the Affordable Care Act section 9010 (hereafter referred to as the "HIP Tax Cost") by a participating local plan (Local Plan) that administers the Service Benefit Plan on behalf of the Blue Cross and Blue Shield Association (Carrier), and that is a covered entity within the meaning of 26 CFR Part 57, is an allowable cost to the Carrier under this contract under the criteria set forth below.

(1) The allowable cost to the Carrier for a year is the sum of the HIP Tax Cost for each Local Plan. The HIP Tax Cost for each Local Plan equals:
the amount reimbursed by OPM to the Carrier for the HIP Fee attributable to the Local Plan (Local Plan HIP Fee) for the year, divided by one minus the tax rate for the Local Plan specified under section (2) below, (Local Plan Tax Rate), less the Local Plan HIP Fee. In mathematical terms, the allowable charge to the Carrier for the HIP Tax Cost is the sum of each Local Plan's application of the formula below:

$$\left[\frac{\text{Local Plan HIP Fee}}{1 - \text{Local Plan Tax Rate}}\right] - \text{Local Plan HIP Fee}$$

(2) The Local Plan Tax Rate for purposes of the formula specified in section (1) is the lowest of the following:
(a) the rate specified at 26 USC §11 (b) (1) (D),

(b) the rate specified at 26 USC § 55(b)(1)(B)(i), for any year in which the Local Plan is entitled to the special deduction under 26 USC § 833(a)(2), or
(c) zero, for any year in which the Local Plan experiences a Net Operating Loss or other circumstance resulting in no tax liability. For a year in which the Local Plan experiences a Net Operating Loss resulting in no tax liability, the Carrier will charge the HIP Tax Cost attributable to the Local Plan in the first subsequent year in which the Local Plan's tax liability is greater than zero. The Local Plan will calculate the HIP Tax Cost in this circumstance by applying the formula using the HIP Fee for the year of the loss and the Local Plan Tax Rate for the year in which the tax liability is greater than zero. This charge by the Carrier is in addition to the charge allowed by the Carrier for the Local Plan Tax Cost for the year in which the tax liability is greater than zero.

(d) If the Local Plan Tax Rate reflected on the Local Plan's tax return actually filed for the contract year (which normally occurs the following year) differs from the Local Plan Tax Rate that was anticipated when the costs were drawn down by the Carrier for the contract year as allowable administrative expenses, the Carrier will make a commensurate adjustment to its current year drawdown of administrative expenses.

(b) The Contracting Officer or an authorized representative of the Contracting Officer shall have the right to examine and audit all books and records, including tax filings, relating to the calculation of the HIP Tax Cost charge for each Local Plan.

Part IV - Attachment I
SECTION 4.14
FEDERAL INCOME TAX RELATED TO HEALTH INSURER'S PROVIDER FEE

Examples of Allowable 9010 Tax Cost:

C is an experience rated FEHB carrier consisting of participating Local Plans F and G who underwrite and administer C in different geographic areas.

In 2015, F reports $900 on IRS Form 8963 and pays $500 pursuant to methods described at 26 CFR Part 57, in satisfaction of its Affordable Care Act section 9010 Health Insurance Provider Fee (HIP Fee) expense with respect to calendar year 2014 health risks. Of the $500 HIP Fee, F's Form 8963 reflects that $300 is attributable to F's FEHBP business.

Also in 2015, G reports $950 on IRS Form 8963 and pays $550 pursuant to methods described at 26 CFR Part 57, in satisfaction of its Affordable Care Act section 9010 Health Insurance Provider Fee (HIP Fee) expense with respect to calendar year 2014 health risks. Of the $550 HIP Fee, G's Form 8963 reflects that $325 is attributable to G's FEHBP business.

In 2015, C draws down a 2015 HIP Fee Reimbursement of its FEHBP HIP Fee expense for 2014 health risks, which is calculated as the sum of F and G's HIP Fee, or $300 +325 = $725, which is an allowable cost, from its FEHB letter of credit account (LOCA). C reimburses F for its HIP Fee of 300 and G for its HIP Fee of 325.

F records income of $300 for the reimbursement of the allowable HIP fee and does not have any associated income tax deduction increasing taxable income by $300. F records 2015 income tax expense as an accrued expense as required under Generally Accepted Accounting Principles (GAAP) or Statements of Statutory Accounting Principles (SSAP). In addition, F pays quarterly payments to the IRS for its' 2015 tax liability. F's 2015 tax rate is 35 percent.

G records income of $325 for the reimbursement of the allowable HIP fee and does not have any associated income tax deduction increasing taxable income by $325. G records 2015 income tax expense as an accrued expense as required under Generally Accepted Accounting Principles (GAAP) or Statements of Statutory Accounting Principles (SSAP). In addition, G pays quarterly payments to the IRS for its' 2015 tax liability. Because G claims a special deduction under 26 USC § 833(a)(2), G's 2015 tax rate is 20 percent.

In 2015, C also draws down from its LOCA a 2015 HIP Tax Cost reimbursement for the 2015 income tax expense accrued and paid by F & G in 2015. C's 2015 HIP Tax cost reimbursement is calculated as follows:

Local Plan F HIP Tax Cost: ($300/1-.35)-$300 = $162
Local Plan G HIP Tax Cost: ($325/1-.20)-$325 = $81
Sum which is C's allowable HIP Tax Cost for 2015 = $243

In 2016, F & G report the same HIP Fee expense for 2015 health risks.

In 2016, F experiences the same tax rate as for 2015, but G incurs a net operating loss, resulting in a zero percent tax rate for 2016.

In 2016, C draws down a 2016 HIP Fee Reimbursement of its FEHBP HIP Fee expense for 2015 health risks of 300 + 325 = $725, which is an allowable cost, from C's FEHB letter of credit account (LOCA). C reimburses F for 300 and G for 325.

In 2016, F proceeds as in 2015 and C may charge 162 as an allowable HIP Tax Cost attributable to F in 2016.

In 2016 G records income of $325 for the reimbursement of the allowable HIP fee and does not have any associated income tax deduction increasing taxable income by $325. Because G determines that its 2016 tax liability will be zero as it will have a Net Operating Loss for 2016, C does not incur an allowable 2016 HIP Tax Cost attributable to G. C must refund any such amounts drawn down during 2016.

Local Plan F HIP Tax Cost for 2016 = 162
Local Plan G HIP Tax Cost for 2016 = 0
Reimbursement attributable to G = adjustment for amounts drawn down by C, if any
Sum = C's allowable HIP Tax Cost for 2016 = 162 less adjustment.

In 2017, F proceeds as in 2015. C's allowable 2017 HIP Tax Cost includes $162 attributable to F. In 2017, G has an operating gain and reports the same HIP Fee amount and experiences the same 20% tax rate as in 2015. C's allowable 2017 HIP Tax Cost includes $81 attributable to G.

In addition, in 2017, because G's operating gain results in a tax rate higher than zero, G incurs economic disadvantage. This is because the 2016 HIP Fee reimbursement of $325 has reduced G's otherwise applicable Net Operating Loss carry-forward amount. G calculates the economic disadvantage as the difference between its 2017 tax liability with and without the 2016 HIP Fee reimbursement. This disadvantage is included in the Carrier's 2017 charge as an allowable HIP Tax Cost with respect to 2016. This is calculated as $325 (2016 HIP Fee) divided by 1-20% (application of 2017 Local Plan Tax Rate), less $325.]

Local Plan F HIP Tax Cost for 2017 = 162
Local Plan G HIP Tax Cost for 2017 = 81
Local Plan G HIP Tax Cost for 2017 due to 2016 HIP Fee reimbursement = apply formula using 2016 Fee Reimbursement amount and 2017 tax rate of 20% =81
Sum = C's allowable HIP Tax Cost for 2017 = 162 + 81 + 81 = $324

APPENDIX A

ATTACH
2024 BLUE CROSS AND BLUE SHIELD
SERVICE BENEFIT PLAN BROCHURES
RI 71-005 AND RI 71-017

APPENDIX B

SUBSCRIPTION RATES, CHARGES, ALLOWANCES AND LIMITATIONS

Fee-For-Service Carrier

Blue Cross Blue Shield Association
CONTRACT NO. CS _1039__
Effective January 1, 2024

(a) Biweekly net-to-Carrier rates, with appropriate adjustments for Enrollees paid on other than a biweekly basis, are as follows:

The attached letter contains your final 2024 biweekly rates of:
$353.05 Self, $793.39 Self Plus One, and $873.83 Family BASIC Option
$405.98 Self, $887.83 Self Plus One, and $977.75 Family STANDARD Option
$212.71 Self, $457.25 Self Plus One, and $502.94 Family FOCUS Option

(b) The amount of administrative expenses and charges to be included in the Annual Accounting Statement required by Section 3.2 shall be as set out in the schedule below:

Item	Amount
(i) Administrative Expenses	Actual, but not to exceed the Contractual Expense Limitation for 2024, * plus an amount sufficient to cover the costs needed to pay the Plan's Independent Public Accountant to undertake the audits and agreed upon procedures required in the "FEHBP Experienced-Rated Carrier and Service Organization Audit Guide."
(ii) Taxes	Actual (except that premium taxes as defined are not allowable).
(iii) Service Charge**	$ Redacted

*The Contractual Expense Limitation for 2024 is $Redacted. Notwithstanding Section 3.2(b) of this contract, costs of "activities that improve healthcare quality" as determined in accordance with the medical loss ratio provision of the Affordable Care Act (Section 2718 of the Public Health Service act; 42 U.S.C. 300gg-18 and its implementing regulations), are accounted for as benefits and not counted towards the Contractual Expense Limit.

** The Service Charge for the 2024 contract year is based on the Overall Performance Score calculated in accordance with the 2023 Appendix F. The Service Charge for the 2025 contract year will be based on the Overall Performance Score calculated in accordance with the 2024 Appendix F.

Appendix E

Updates per changes to the FAR.

SMALL BUSINESS SUBCONTRACTING PLAN (SEP 2023) (FAR 52.219-9)

(a) This clause does not apply to small business concerns.

(b) *Definitions*. As used in this clause—

"Alaska Native Corporation (ANC)" means any Regional Corporation, Village Corporation, Urban Corporation, or Group Corporation organized under the laws of the State of Alaska in accordance with the Alaska Native Claims Settlement Act, as amended (43 U.S.C. 1601, et seq.) and which is considered a minority and economically disadvantaged concern under the criteria at 43 U.S.C. 1626(e)(1). This definition also includes ANC direct and indirect subsidiary corporations, joint ventures, and partnerships that meet the requirements of 43 U.S.C. 1626(e)(2).

"Commercial plan" means a subcontracting plan (including goals) that covers the offeror's fiscal year and that applies to the entire production of commercial products and commercial services sold by either the entire company or a portion thereof (*e.g.*, division, plant, or product line).

"Commercial product" means a product that satisfies the definition of "commercial product" in the Federal Acquisition Regulation (FAR) 2.101.

"Commercial service" means a service that satisfies the definition of "commercial service" in FAR 2.101.

"Indian tribe" means any Indian tribe, band, group, pueblo, or community, including native villages and native groups (including corporations organized by Kenai, Juneau, Sitka, and Kodiak) as defined in the Alaska Native Claims Settlement Act (43 U.S.C.A. 1601 et seq.), that is recognized by the Federal Government as eligible for services from the Bureau of Indian Affairs in accordance with 25 U.S.C. 1452(c). This definition also includes Indian-owned economic enterprises that meet the requirements of 25 U.S.C. 1452(e).

"Individual subcontracting plan" means a subcontracting plan that covers the entire contract period (including option periods), applies to a specific contract, and has goals that are based on the offeror's planned subcontracting in support of the specific contract, except that indirect costs incurred for common or joint purposes may be allocated on a prorated basis to the contract.

"Master subcontracting plan" means a subcontracting plan that contains all the required elements of an individual subcontracting plan, except goals, and may be incorporated into individual subcontracting plans, provided the master subcontracting plan has been approved.

"Reduced payment" means a payment that is for less than the amount agreed upon in a subcontract in accordance with its terms and conditions, for supplies and services for which the Government has paid the prime contractor.

"Subcontract" means any agreement (other than one involving an employer-employee relationship) entered into by a Federal Government prime Contractor or subcontractor calling for supplies or services required for performance of the contract or subcontract.

"Total contract dollars" means the final anticipated dollar value, including the dollar value of all options.

"Untimely payment" means a payment to a subcontractor that is more than 90 days past due under the terms and conditions of a subcontract for supplies and services for which the Government has paid the prime contractor.

(c) (1) The Offeror, upon request by the Contracting Officer, shall submit and negotiate a subcontracting plan, where applicable, that separately addresses subcontracting with small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns. If the Offeror is submitting an individual subcontracting plan, the plan must separately address subcontracting with small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns, with a separate part for the basic contract and separate parts for each option (if any). The subcontracting plan shall be included in and made a part of the resultant contract. The subcontracting plan shall be negotiated within the time specified by the Contracting Officer. Failure to submit and negotiate the subcontracting plan shall make the Offeror ineligible for award of a contract.

(2)(i) The Contractor may accept a subcontractor's written representations of its size and socioeconomic status as a small business, small disadvantaged business, veteran-owned small business, service-disabled veteran-owned small business, or a women-owned small business if the subcontractor represents that the size and socioeconomic status representations with its offer are current, accurate, and complete as of the date of the offer for the subcontract.

(ii) The Contractor may accept a subcontractor's representations of its size and socioeconomic status as a small business, small disadvantaged business, veteran-owned small business, service-disabled veteran-owned small business, or a women-owned small business in the System for Award Management (SAM) if–

(A) The subcontractor is registered in SAM; and

(B) The subcontractor represents that the size and socioeconomic status representations made in SAM are current, accurate and complete as of the date of the offer for the subcontract.

(iii) The Contractor may not require the use of SAM for the purposes of representing size or socioeconomic status in connection with a subcontract.

(iv) In accordance with 13 CFR 121.411,126.900,127.700, and 128.600 a contractor acting in good faith is not liable for misrepresentations made by its subcontractors regarding the subcontractor's size or socioeconomic status.

(d) The offeror's subcontracting plan shall include the following:

(1) Separate goals, expressed in terms of total dollars subcontracted, and as a percentage of total planned subcontracting dollars, for the use of small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns as subcontractors. For individual subcontracting plans, and if required by the Contracting Officer, goals shall also be expressed in terms of percentage of total contract dollars, in addition to the goals expressed as a percentage of total subcontract dollars. The Offeror shall include all subcontracts that contribute to contract performance, and may include a proportionate share of products and services that are normally allocated as indirect costs. In accordance with 43 U.S.C. 1626–

(i) Subcontracts awarded to an ANC or Indian tribe shall be counted towards the subcontracting goals for small business and small disadvantaged business concerns, regardless of the size or Small Business Administration certification status of the ANC or Indian tribe; and

(ii) Where one or more subcontractors are in the subcontract tier between the prime Contractor and the ANC or Indian tribe, the ANC or Indian tribe shall designate the appropriate Contractor(s) to count the subcontract towards its small business and small disadvantaged business subcontracting goals.

(A) In most cases, the appropriate Contractor is the Contractor that awarded the subcontract to the ANC or Indian tribe.

(B) If the ANC or Indian tribe designates more than one Contractor to count the subcontract toward its goals, the ANC or Indian tribe shall designate only a portion of the total subcontract award to each Contractor. The sum of the amounts designated to various Contractors cannot exceed the total value of the subcontract.

(C) The ANC or Indian tribe shall give a copy of the written designation to the Contracting Officer, the prime Contractor, and the subcontractors in between the prime Contractor and the ANC or Indian tribe within 30 days of the date of the subcontract award.

(D) If the Contracting Officer does not receive a copy of the ANC's or the Indian tribe's written designation within 30 days of the subcontract award, the Contractor that awarded the subcontract to the ANC or Indian tribe will be considered the designated Contractor.

(2) A statement of—

(i) Total dollars planned to be subcontracted for an individual subcontracting plan; or the Offeror's total projected sales, expressed in dollars, and the total value of projected subcontracts, including all indirect costs except as described in paragraph (g) of this clause, to support the sales for a commercial plan;

(ii) Total dollars planned to be subcontracted to small business concerns (including ANC and Indian tribes); and

(iii) Total dollars planned to be subcontracted to veteran-owned small business concerns;

(iv) Total dollars planned to be subcontracted to service-disabled veteran-owned small business;

(v) Total dollars planned to be subcontracted to HUBZone small business concerns;

(vi) Total dollars planned to be subcontracted to small disadvantaged business concerns (including ANC and Indian tribes); and

(vii) Total dollars planned to be subcontracted to women-owned small business concerns

(3) A description of the principal types of supplies and services to be subcontracted, and an identification of the types planned for subcontracting to—

(i) Small business concerns;

(ii) Veteran-owned small business concerns;

(iii) Service-disabled veteran-owned small business concerns;

(iv) HUBZone small business concerns;

(v) Small disadvantaged business concerns; and

(vi) Women-owned small business concerns.

(4) A description of the method used to develop the subcontracting goals in paragraph (d)(1) of this clause.

(5) A description of the method used to identify potential sources for solicitation purposes (*e.g.,* existing company source lists, SAM, veterans service organizations, the National Minority Purchasing Council Vendor Information Service, the Research and Information Division of the Minority Business Development Agency in the Department of Commerce, or small, HUBZone, small disadvantaged, and women-owned small business trade associations). A firm may rely on the information contained in SAM as an accurate representation of a concern's size and ownership characteristics for the purposes of maintaining a small, veteran-owned small, service-disabled veteran-owned small, HUBZone small, small disadvantaged, and women-owned small business source list. Use of SAM as its source list does not relieve a firm of its responsibilities (*e.g.,* outreach, assistance, counseling, or publicizing subcontracting opportunities) in this clause.

(6) A statement as to whether or not the Offeror included indirect costs in establishing subcontracting goals, and a description of the method used to determine the proportionate share of indirect costs to be incurred with—

(i) Small business concerns (including ANC and Indian tribes);

(ii) Veteran-owned small business concerns;

(iii) Service-disabled veteran-owned small business concerns;

(iv) HUBZone small business concerns;

(v) Small disadvantaged business concerns; and

(vi) Women-owned small business concerns.

(7) The name of the individual employed by the Offeror who will administer the Offeror's subcontracting program, and a description of the duties of the individual.

(8) A description of the efforts the Offeror will make to assure that small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns have an equitable opportunity to compete for subcontracts.

(9) Assurances that the Offeror will include the clause of this contract entitled "Utilization of Small Business Concerns" in all subcontracts that offer further subcontracting opportunities, and that the Offeror will require all subcontractors (except small business concerns) that receive subcontracts in excess of the applicable threshold specified in FAR 19.702(a) on the date of subcontract award, with further subcontracting possibilities to adopt a subcontracting plan that complies with the requirements of this clause.

(10) Assurances that the Offeror will—

(i) Cooperate in any studies or surveys as may be required;

(ii) Submit periodic reports so that the Government can determine the extent of compliance by the Offeror with the subcontracting plan;

(iii) After November 30, 2017, include subcontracting data for each order when reporting subcontracting achievements for indefinite-delivery, indefinite-quantity contracts with individual subcontracting plans where the contract is intended for use by multiple agencies;

(iv) Submit Standard Form (SF) 294 Subcontracting Report for Individual Contract in accordance with paragraph (l) of this clause. Submit the Summary Subcontract Report (SSR), in accordance with paragraph (l) of this clause. The reports shall provide information on subcontract awards to small business concerns (including ANCs and Indian tribes that are not small businesses), veteran-owned small business concerns, service-disabled veteran-owned small business concerns, HUBZone small business concerns, small disadvantaged business concerns (including ANCs and Indian tribes that have not been certified by the Small Business Administration as small disadvantaged businesses), women-owned small business concerns, and for NASA only, Historically Black Colleges and Universities and Minority Institutions. Reporting shall be in accordance with this clause, or as provided in agency regulations;

(v) Ensure that its subcontractors with subcontracting plans agree to submit the SF 294 in accordance with paragraph (l) of this clause. Ensure that its subcontractors with subcontracting plans agree to submit the SSR in accordance with paragraph (l) of this clause

(vi) [RESERVED]; and

(vii) Require that each subcontractor with a subcontracting plan provide the prime contract number, its own unique entity identifier, and the e-mail address of the subcontractor's official responsible for acknowledging receipt of or rejecting the Standard Forms 294, to its subcontractors with subcontracting plans.

(11) A description of the types of records that will be maintained concerning procedures that have been adopted to comply with the requirements and goals in the plan, including establishing source lists; and a description of the offeror's efforts to locate small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns and award subcontracts to them. The records shall include at least the following (on a plant-wide or company-wide basis, unless otherwise indicated):

(i) Source lists (*e.g.,* SAM), guides, and other data that identify small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns.

(ii) Organizations contacted in an attempt to locate sources that are small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, or women-owned small business concerns.

(iii) Records on each subcontract solicitation resulting in an award of more than the simplified acquisition threshold, as defined in FAR 2.101 on the date of subcontract award, indicating—

(A) Whether small business concerns were solicited and, if not, why not;

(B) Whether veteran-owned small business concerns were solicited and, if not, why not;

(C) Whether service-disabled veteran-owned small business concerns were solicited and, if not, why not;

(D) Whether HUBZone small business concerns were solicited and, if not, why not;

(E) Whether small disadvantaged business concerns were solicited and, if not, why not;

(F) Whether women-owned small business concerns were solicited and, if not, why not; and

(G) If applicable, the reason award was not made to a small business concern.

(iv) Records of any outreach efforts to contact—

(A) Trade associations;

(B) Business development organizations;

(C) Conferences and trade fairs to locate small, HUBZone small, small disadvantaged service-disabled veteran-owned, and women-owned small business sources; and

(D) Veterans service organizations.

(v) Records of internal guidance and encouragement provided to buyers through—

(A) Workshops, seminars, training, etc.; and

(B) Monitoring performance to evaluate compliance with the program's requirements.

(vi) On a contract-by-contract basis, records to support award data submitted by the offeror to the Government, including the name, address, and business size of each subcontractor. Contractors having commercial plans need not comply with this requirement.

(12) Assurances that the Offeror will make a good faith effort to acquire articles, equipment, supplies, services, or materials, or obtain the performance of construction work from the small business concerns that it used in preparing the bid or proposal, in the same or greater scope, amount, and quality used in preparing and submitting the bid or proposal. Responding to a request for a quote does not constitute use in preparing a bid or proposal. The Offeror used a small business concern in preparing the bid or proposal if–

(i) The Offeror identifies the small business concern as a subcontractor in the bid or proposal or associated small business subcontracting plan, to furnish certain supplies or perform a portion of the subcontract; or

(ii) The Offeror used the small business concern's pricing or cost information or technical expertise in preparing the bid or proposal, where there is written evidence of an intent or understanding that the small business concern will be awarded a subcontract for the related work if the Offeror is awarded the contract.

(13) Assurances that the Contractor will provide the Contracting Officer with a written explanation if the Contractor fails to acquire articles, equipment, supplies, services or materials or obtain the performance of construction work as described in (d)(12) of this clause. This written explanation must be submitted to the Contracting Officer within 30 days of contract completion.

(14) Assurances that the Contractor will not prohibit a subcontractor from discussing with the Contracting Officer any material matter pertaining to payment to or utilization of a subcontractor.

(15) Assurances that the Offeror will pay its small business subcontractors on time and in accordance with the terms and conditions of the underlying subcontract, and notify the contracting officer when the prime contractor makes either a reduced or an untimely payment to a small business subcontractor (see 52.242-5).

(e) In order to effectively implement this plan to the extent consistent with efficient contract performance, the Contractor shall perform the following functions:

(1) Assist small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns by arranging solicitations, time for the preparation of bids, quantities, specifications, and delivery schedules so as to facilitate the participation by such concerns. Where the Contractor's lists of potential small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business subcontractors are excessively long, reasonable effort shall be made to give all such small business concerns an opportunity to compete over a period of time.

(2) Provide adequate and timely consideration of the potentialities of small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns in all "make-or-buy" decisions.

(3) Counsel and discuss subcontracting opportunities with representatives of small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business firms.

(4) Confirm that a subcontractor representing itself as a HUBZone small business concern is certified by SBA as a HUBZone small business concern by accessing SAM or by accessing Dynamic Small Business Search (DSBS) at *https://web.sba.gov/pro-net/search/dsp_dsbs.cfm.*

(5) Provide notice to subcontractors concerning penalties and remedies for misrepresentations of business status as small, veteran-owned small business, HUBZone small, small disadvantaged, or women-owned small business for the purpose of obtaining a subcontract that is to be included as part or all of a goal contained in the Contractor's subcontracting plan.

(6) For all competitive subcontracts over the simplified acquisition threshold, as defined in FAR 2.101 on the date of subcontract award, in which a small business concern received a small business preference, upon determination of the successful subcontract Offeror, prior to award of the subcontract the Contractor must inform each unsuccessful small business subcontract Offeror in writing of the name and location of the apparent successful Offeror and if the successful subcontract Offeror is a small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, or women-owned small business concern.

(7) Assign each subcontract the NAICS code and corresponding size standard that best describes the principal purpose of the subcontract.

(f) A master subcontracting plan on a plant or division-wide basis that contains all the elements required by paragraph (d) of this clause, except goals, may be incorporated by reference as a part of the subcontracting plan required of the Offeror by this clause; provided—

(1) The master subcontracting plan has been approved;

(2) The Offeror ensures that the master subcontracting plan is updated as necessary and provides copies of the approved master subcontracting plan, including evidence of its approval, to the Contracting Officer; and

(3) Goals and any deviations from the master subcontracting plan deemed necessary by the Contracting Officer to satisfy the requirements of this contract are set forth in the individual subcontracting plan.

(g) A commercial plan is the preferred type of subcontracting plan for contractors furnishing commercial products and commercial services. The commercial plan shall relate to the offeror's planned subcontracting generally, for both commercial and Government business, rather than solely to the Government contract. Once the Contractor's commercial plan has been approved, the Government will not require another subcontracting plan from the same Contractor while the plan remains in effect, as long as the product or service being provided by the Contractor continues to meet the definition of a commercial product or commercial service. A Contractor with a commercial plan shall comply with the reporting requirements stated in paragraph (d)(10) of this clause by submitting one SSR for all contracts covered by its commercial plan. A Contractor authorized to use a commercial subcontracting plan shall include in its subcontracting goals and in its SSR all indirect costs, with the exception of those such as the following: Employee salaries and benefits; payments for petty cash; depreciation; interest; income taxes; property taxes; lease payments; bank fees; fines, claims, and dues; original equipment manufacturer relationships during warranty periods (negotiated up front with the product); utilities and other services purchased from a municipality or an entity solely authorized by the municipality to provide those services in a particular geographical region; and philanthropic contributions. This report shall be acknowledged or rejected by the Contracting Officer who approved the plan. This report shall be submitted within 30 days after the end of the Government's fiscal year.

(h) Prior compliance of the offeror with other such subcontracting plans under previous contracts will be considered by the Contracting Officer in determining the responsibility of the offeror for award of the contract.

(i) A contract may have no more than one subcontracting plan. When a contract modification exceeds the subcontracting plan threshold in 19.702(a), or an option is exercised, the goals of the existing subcontracting plan shall be amended to reflect any new subcontracting opportunities. When the goals in a subcontracting plan are amended, these goal changes do not apply retroactively.

(j) Subcontracting plans are not required from subcontractors when the prime contract contains the clause at FAR 52.212-5, Contract Terms and Conditions Required to Implement Statutes or Executive Orders—Commercial Products and Commercial Services, or when the subcontractor provides a commercial product or commercial service subject to the clause at FAR 52.244-6, Subcontracts for Commercial Products and Commercial Services, under a prime contract.

(k) The failure of the Contractor or subcontractor to comply in good faith with—

(1) the clause of this contract entitled "Utilization Of Small Business Concerns," or

(2) an approved plan required by this clause, shall be a material breach of the contract and may be considered in any past performance evaluation of the Contractor.

(l) The Contractor shall submit a SF 294. Purchases from a corporation, company, or subdivision that is an affiliate of the Contractor or subcontractor are not included in these reports. Subcontract awards by affiliates shall be treated as subcontract awards by the Contractor. Subcontract award data reported by the Contractor and subcontractors shall be limited to awards made to their immediate next-tier subcontractors. Credit cannot be taken for awards made to lower tier subcontractors, unless the Contractor or subcontractor has been designated to receive a small business or small disadvantaged business credit from an ANC or Indian tribe. Only subcontracts involving performance in the U.S. or its outlying areas should be included in these reports with the exception of subcontracts under a contract awarded by the State Department or any other agency that has statutory or regulatory authority to require subcontracting plans for subcontracts performed outside the United States and its outlying areas.

(1) SF 294. This report is not required for commercial plans. The report is required for each contract containing an individual subcontracting plan.

(i) The report shall be submitted semi-annually during contract performance for the periods ending March 31 and September 30. A report is also required for each contract within 30 days of contract completion. Reports are due 30 days after the close of each reporting period, unless otherwise directed by the Contracting Officer. Reports are required when due, regardless of whether there has been any subcontracting activity since the inception of the contract or the previous reporting period. When a Contracting Officer rejects a report, the Contractor shall submit a revised report within 30 days of receiving the notice of report rejection.

(ii) (A) When a subcontracting plan contains separate goals for the basic contract and each option, as prescribed by FAR 19.704(c), the dollar goal inserted on this report shall be the sum of the base period through the current option; for example, for a report submitted after the second option is exercised, the dollar goal would be the sum of the goals for the basic contract, the first option, and the second option.

(B) If a subcontracting plan has been added to the contract pursuant to 19.702(a)(3) or 19.301-2(e), the Contractor's achievements must be reported in the report on a cumulative basis from the date of incorporation of the subcontracting plan into the contract.

(i) When a subcontracting plan includes indirect costs in the goals, these costs must be included in this report.

(ii) The authority to acknowledge receipt or reject the SF 294 resides–

(A) In the case of the prime Contractor, with the Contracting Officer; and

(B) In the case of a subcontract with a subcontracting plan, with the entity that awarded the subcontract.

(2) SSR. (i) Reports submitted under individual contract plans.

(A) This report encompasses all subcontracting under prime contracts and subcontracts with an executive agency, regardless of the dollar value of the subcontracts. This report also includes indirect costs on a prorated basis when the indirect costs are excluded from the subcontracting goals.

(B) The report may be submitted on a corporate, company or subdivision (e.g., plant or division operating as a separate profit center) basis, unless otherwise directed by the agency.

(C) If the Contractor and/or a subcontractor is performing work for more than one executive agency, a separate report shall be submitted to each executive agency covering only that agency's contracts, provided at least one of that agency's contracts is over the applicable threshold specified in FAR 19.702(a), and the contract contains a subcontracting plan. For DoD, a consolidated report shall be submitted for all contracts awarded by military departments/agencies and/or subcontracts awarded by DoD prime contractors.

(D) The report shall be submitted annually by October 30, for the twelve month period ending September 30. When a Contracting Officer rejects an SSR, the Contractor is required to submit a revised SSR within 30 days of receiving the notice of report rejection.

(E) Subcontract awards that are related to work for more than one executive agency shall be appropriately allocated.

(F) The authority to acknowledge or reject SSRs, including SSRs submitted by subcontractors with subcontracting plans, resides with the Government agency awarding the prime contracts unless stated otherwise in the contract.

(ii) Reports submitted under a commercial plan.

(A) The report shall include all subcontract awards under the commercial plan in effect during the Government's fiscal year and all indirect costs.

(B) The report shall be submitted annually, within 30 days after the end of the Government's fiscal year.

(C) If a Contractor has a commercial plan and is performing work for more than one executive agency, the Contractor shall specify the percentage of dollars attributable to each agency.

(D) The authority to acknowledge or reject SSRs for commercial plans resides with the Contracting Officer who approved the commercial plan.

Appendix F Plan Performance Assessment

Amends Appendix F of the FEHB contract regarding the measures utilized in the Plan Performance Assessment.

Measures and contributions to performance areas and scores for 2024 Performance and 2025 Service Charge.

To be performed in accordance with the 2024 FEHB Plan Performance Assessment Procedure Manual and the FEHB Plan Performance Assessment Methodology Carrier Letter (CL 2020-15). The Service Charge for the 2025 contract year will be based on the Overall Performance Score calculated in accordance with this Appendix F.

1. Performance Area Contributions to Overall Performance Score (OPS)

Performance Area	Contribution to Overall Performance Score
Clinical Quality, Customer Service, and Resource Use	65%
Contract Oversight	35%

2. Clinical Quality, Customer Service, and Resource Use (QCR) Performance Area Measures

Performance Area	Measure	Abbrv	Measure Source	Priority Level	Measure Weight
	Avoidance of Antibiotic Treatment for Acute Bronchitis/Bronchiolitis: 18-64 Years	AAB	HEDIS	1	2.50
	Controlling High Blood Pressure	CBP	HEDIS	1	2.50
	Hemoglobin A1c (HbA1c) Control for Patients with Diabetes: HbA1c Control <8.0%	HBD	HEDIS	1	2.50

Clinical Quality	Antidepressant Medication Management: Effective Continuation Phase Treatment	AMM	HEDIS	2	1.25
	Asthma Medication Ratio	AMR	HEDIS	2	1.25
	Breast Cancer Screening	BCS-E	HEDIS	2	1.25
	Cervical Cancer Screening	CCS	HEDIS	2	1.25
	Childhood Immunization Status: Combination 10	CIS	HEDIS	2	1.25
	Colorectal Cancer Screening: 51-75 Years	COL	HEDIS	2	1.25
	Follow-Up After Emergency Department Visit for Substance Use - 30-Day Follow-Up: Total	FUA	HEDIS	2	1.25
	Follow-Up After Emergency Department Visit for Mental Illness-30-Day Follow-Up: Total	FUM	HEDIS	2	1.25
	Prenatal and Postpartum Care: Timeliness of Prenatal Care	PPC	HEDIS	2	1.25
	Statin Therapy for Patients With Cardiovascular Disease-Statin Adherence 80%: Total	SPC	HEDIS	2	1.25

	Use of Opioids From Multiple Providers: Multiple Prescribers	UOP	HEDIS	2	1.25
Customer Service	Coordination of Care	CoC	CAHPS	3	1.00
	Claims Processing	CP	CAHPS	3	1.00
	Getting Care Quickly	GCQ	CAHPS	3	1.00

Important Notice from the Blue Cross and Blue Shield Service Benefit Plan About Our Prescription Drug Coverage and Medicare

OPM has determined that the Blue Cross and Blue Shield Service Benefit Plan's prescription drug coverage is, on average, expected to pay out as much as the standard Medicare prescription drug coverage will pay for all plan participants and is considered Creditable Coverage. This means you do not need to enroll in Medicare Part D and pay extra for prescription drug coverage. If you decide to enroll in Medicare Part D later, you will not have to pay a penalty for late enrollment as long as you keep your FEHB coverage.

However, if you choose to enroll in Medicare Part D, you can keep your FEHB coverage and your FEHB plan will coordinate benefits with Medicare.

Remember: If you are an annuitant and you cancel your FEHB coverage, you may not re-enroll in the FEHB Program.

Please be advised

If you lose or drop your FEHB coverage and go 63 days or longer without prescription drug coverage that's at least as good as Medicare's prescription drug coverage, your monthly Medicare Part D premium will go up at least 1 percent per month for every month that you did not have that coverage. For example, if you go 19 months without Medicare Part D prescription drug coverage, your premium will always be at least 19 percent higher than what many other people pay. You will have to pay this higher premium as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the next Annual Coordinated Election Period (October 15 through December 7) to enroll in Medicare Part D.

Medicare's Low Income Benefits

For people with limited income and resources, extra help paying for a Medicare prescription drug plan is available. Information regarding this program is available through the Social Security Administration (SSA) online at www.socialsecurity.gov, or call the SSA at 800-772-1213 (TTY: 800-325-0778).

You can get more information about Medicare prescription drug plans and the coverage offered in your area from these places:

- Visit www.medicare.gov for personalized help.
- Call 800-MEDICARE (800-633-4227), (TTY: 877-486-2048).

Introduction

This brochure describes the benefits of the **Blue Cross and Blue Shield Service Benefit Plan** under our contract (CS 1039) with the United States Office of Personnel Management, as authorized by the Federal Employees Health Benefits law. This Plan is underwritten by participating Blue Cross and Blue Shield Plans (Local Plans) that administer this Plan in their individual localities. For customer service assistance, visit our website, www.fepblue.org, or contact your Local Plan at the telephone number appearing on the back of your ID card.

The Blue Cross and Blue Shield Association is the Carrier of the Plan. The address for the Blue Cross and Blue Shield Service Benefit Plan administrative office is:

Blue Cross and Blue Shield Service Benefit Plan
1310 G Street NW, Suite 900
Washington, DC 20005

This brochure is the official statement of benefits. No verbal statement can modify or otherwise affect the benefits, limitations, and exclusions of this brochure. It is your responsibility to be informed about your healthcare benefits.

If you are enrolled in this Plan, you are entitled to the benefits described in this brochure. If you are enrolled in Self and Family coverage, each eligible family member is also entitled to these benefits. If you are enrolled in Self Plus One coverage, you and one eligible family member that you designate when you enroll are entitled to these benefits. You do not have a right to benefits that were available before January 1, 2018, unless those benefits are also shown in this brochure.

OPM negotiates benefits and rates with each plan annually. Benefit changes are effective January 1, 2018, and changes are summarized on pages 16-18. Rates are shown on the back cover of this brochure.

Coverage under this Plan qualifies as minimum essential coverage (MEC) and satisfies the Patient Protection and Affordable Care Act's (ACA) individual shared responsibility requirement. Please visit the Internal Revenue Service (IRS) website at www.irs.gov/uac/Questions-and-Answers-on-the-Individual-Shared-Responsibility-Provision for more information on the individual requirement for MEC.

The ACA establishes a minimum value for the standard of benefits of a health plan. The minimum value standard is 60% (actuarial value). The health coverage of this Plan meets the minimum value standard for the benefits the Plan provides. (See page 10)

Plain Language

All FEHB brochures are written in plain language to make them easy to understand. Here are some examples:

- Except for necessary technical terms, we use common words. For instance, "you" means the enrollee or family member; "we" means the Blue Cross and Blue Shield Service Benefit Plan.
- We limit acronyms to ones you know. FEHB is the Federal Employees Health Benefits Program. OPM is the United States Office of Personnel Management. If we use others, we tell you what they mean.
- Our brochure and other FEHB plans' brochures have the same format and similar descriptions to help you compare plans.

Stop Health Care Fraud!

Fraud increases the cost of healthcare for everyone and increases your Federal Employees Health Benefits Program premium.

OPM's Office of the Inspector General investigates all allegations of fraud, waste, and abuse in the FEHB Program regardless of the agency that employs you or from which you retired.

Protect Yourself From Fraud – Here are some things you can do to prevent fraud:

- Do not give your plan identification (ID) number over the telephone or to people you do not know, except for your healthcare provider, authorized health benefits plan, or OPM representative.
- Let only the appropriate medical professionals review your medical record or recommend services.
- Avoid using healthcare providers who say that an item or service is not usually covered, but they know how to bill us to get it paid.
- Carefully review explanations of benefits (EOBs) statements that you receive from us.

- Periodically review your claim history for accuracy to ensure we have not been billed for services that you did not receive.
- Do not ask your doctor to make false entries on certificates, bills, or records in order to get us to pay for an item or service.
- If you suspect that a provider has charged you for services you did not receive, billed you twice for the same service, or misrepresented any information, do the following:
  - Call the provider and ask for an explanation. There may be an error.
  - If the provider does not resolve the matter, call the FEP Fraud Hotline at 800-FEP-8440 (800-337-8440) and explain the situation.
  - If we do not resolve the issue:

CALL – THE HEALTH CARE FRAUD HOTLINE

877-499-7295

OR go to www.opm.gov/our-inspector-general/hotline-to-report-fraud-waste-or-abuse/complaint-form/

The online form is the desired method of reporting fraud in order to ensure accuracy, and a quick response time.

You can also write to:
United States Office of Personnel Management
Office of the Inspector General Fraud Hotline
1900 E Street NW Room 6400
Washington, DC 20415-1100

- Do not maintain as a family member on your policy:
  - Your former spouse after a divorce decree or annulment is final (even if a court order stipulates otherwise); or
  - Your child age 26 or over (unless he/she was disabled and incapable of self-support prior to age 26).
- If you have any questions about the eligibility of a dependent, check with your personnel office if you are employed, with your retirement office (such as OPM) if you are retired, or with the National Finance Center if you are enrolled under Temporary Continuation of Coverage (TCC).
- Fraud or intentional misrepresentation of material fact is prohibited under the Plan. You can be prosecuted for fraud and your agency may take action against you. Examples of fraud include falsifying a claim to obtain FEHB benefits, trying to or obtaining service or coverage for yourself or for someone who is not eligible for coverage, or enrolling in the Plan when you are no longer eligible.
- If your enrollment continues after you are no longer eligible for coverage (i.e., you have separated from Federal service) and premiums are not paid, you will be responsible for all benefits paid during the period in which premiums were not paid. You may be billed by your provider for services received. You may be prosecuted for fraud for knowingly using health insurance benefits for which you have not paid premiums. It is your responsibility to know when you or a family member is no longer eligible to use your health insurance coverage.

Discrimination Is Against the Law

We comply with all applicable Federal civil rights laws, to include both Title VII of the Civil Rights Act of 1964 and Section 1557 of the Affordable Care Act. Pursuant to Section 1557 we do not discriminate, exclude people, or treat them differently on the basis of race, color, national origin, age, disability, or sex.

We:

- Provide free aids and services to people with disabilities to communicate effectively with us, such as:
  - Qualified sign language interpreters
  - Written information in other formats (large print, audio, accessible electronic formats, other formats)

- Provide free language services to people whose primary language is not English, such as:
  - Qualified interpreters
  - Information written in other languages

If you need these services, contact the Civil Rights Coordinator of your Local Plan by contacting your Local Plan at the telephone number appearing on the back of your ID card.

If you believe that we have failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can file a grievance with the Civil Rights Coordinator of your Local Plan. You can file a grievance in person or by mail, fax, or email. If you need help filing a grievance, your Local Plan's Civil Rights Coordinator is available to help you.

For information about how to file a civil rights complaint, go to www.fepblue.org/en/rights-and-responsibilities/.

Call the customer service number on the back of your Member ID card. For TTY, dial 711.

Preventing Medical Mistakes

Medical mistakes continue to be a significant cause of preventable deaths within the United States. While death is the most tragic outcome, medical mistakes cause other problems such as permanent disabilities, extended hospital stays, longer recoveries, and additional treatments. Medical mistakes and their consequences also add significantly to the overall cost of healthcare. Hospitals and healthcare providers are being held accountable for the quality of care and reduction in medical mistakes by their accrediting bodies. You can also improve the quality and safety of your own healthcare and that of your family members by learning more about and understanding your risks. Take these simple steps:

1. Ask questions if you have doubts or concerns.

- Ask questions and make sure you understand the answers.
- Choose a doctor with whom you feel comfortable talking.
- Take a relative or friend with you to help you take notes, ask questions and understand answers.

2. Keep and bring a list of all the medicines you take.

- Bring the actual medicines or give your doctor and pharmacist a list of all the medicines and dosages that you take, including non-prescription (over-the-counter) medicines and nutritional supplements.
- Tell your doctor and pharmacist about any drug, food, and other allergies you have, such as to latex.
- Ask about any risks or side effects of the medication and what to avoid while taking it. Be sure to write down what your doctor or pharmacist says.
- Make sure your medicine is what the doctor ordered. Ask the pharmacist about your medicine if it looks different than you expected.
- Read the label and patient package insert when you get your medicine, including all warnings and instructions.
- Know how to use your medicine. Especially note the times and conditions when your medicine should and should not be taken.
- Contact your doctor or pharmacist if you have any questions.
- Understand both the generic and brand names of your medication. This helps ensure you do not receive double dosing from taking both a generic and a brand. It also helps prevent you from taking a medication to which you are allergic.

3. Get the results of any test or procedure.

- Ask when and how you will get the results of tests or procedures. Will it be in person, by phone, mail, through the Plan or Provider's portal?
- Don't assume the results are fine if you do not get them when expected. Contact your healthcare provider and ask for your results.
- Ask what the results mean for your care.

4. Talk to your doctor about which hospital or clinic is best for your health needs.

- Ask your doctor about which hospital or clinic has the best care and results for your condition if you have more than one hospital or clinic to choose from to get the healthcare you need.
- Be sure you understand the instructions you get about follow-up care when you leave the hospital or clinic.

5. Make sure you understand what will happen if you need surgery.

- Make sure you, your doctor, and your surgeon all agree on exactly what will be done during the operation.
- Ask your doctor, "Who will manage my care when I am in the hospital?"
- Ask your surgeon:
  - "Exactly what will you be doing?"
  - "About how long will it take?"
  - "What will happen after surgery?"
  - "How can I expect to feel during recovery?"
- Tell the surgeon, anesthesiologist, and nurses about any allergies, bad reactions to anesthesia, and any medications or nutritional supplements you are taking.

Preventable Healthcare Acquired Conditions ("Never Events")

When you enter the hospital for treatment of one medical problem, you don't expect to leave with additional injuries, infections, or other serious conditions that occur during the course of your stay. Although some of these complications may not be avoidable, patients do suffer from injuries or illnesses that could have been prevented if doctors or the hospital had taken proper precautions. Errors in medical care that are clearly identifiable, preventable and serious in their consequences for patients can indicate a significant problem in the safety and credibility of a healthcare facility. These conditions and errors are sometimes called "Never Events" or "Serious Reportable Events."

We have a benefit payment policy that encourages hospitals to reduce the likelihood of hospital-acquired conditions such as certain infections, severe bedsores, and fractures, and to reduce medical errors that should never happen. When such an event occurs, neither you nor your FEHB plan will incur costs to correct the medical error.

You will not be billed for inpatient services when care is related to treatment of specific hospital-acquired conditions if you use Preferred or Member hospitals. This policy helps to protect you from having to pay for the cost of treating these conditions, and it encourages hospitals to improve the quality of care they provide.

FEHB Facts

Coverage information

- **No pre-existing condition limitation**

We will not refuse to cover the treatment of a condition you had before you enrolled in this Plan solely because you had the condition before you enrolled.

- **Minimum essential coverage (MEC)**

Coverage under this Plan qualifies as minimum essential coverage (MEC) and satisfies the Patient Protection and Affordable Care Act's (ACA) individual shared responsibility requirement. Please visit the Internal Revenue Service (IRS) website at www.irs.gov/uac/Questions-and-Answers-on-the-Individual-Shared-Responsibility-Provision for more information on the individual requirement for MEC.

- **Minimum value standard**

Our health coverage meets the minimum value standard of 60% established by the ACA. This means that we provide benefits to cover at least 60% of the total allowed costs of essential health benefits. The 60% standard is an actuarial value; your specific out-of-pocket costs are determined as explained in this brochure.

Where you can get information about enrolling in the FEHB Program

See www.opm.gov/healthcare-insurance/healthcare for enrollment information as well as:

- Information on the FEHB Program and plans available to you
- A health plan comparison tool
- A list of agencies that participate in Employee Express
- A link to Employee Express
- Information on and links to other electronic enrollment systems

Also, your employing or retirement office can answer your questions, and give you brochures for other plans, and other materials you need to make an informed decision about your FEHB coverage. These materials tell you:

- When you may change your enrollment
- How you can cover your family members
- What happens when you transfer to another Federal agency, go on leave without pay, enter military service, or retire
- What happens when your enrollment ends
- When the next Open Season for enrollment begins

We do not determine who is eligible for coverage and, in most cases, cannot change your enrollment status without information from your employing or retirement office. For information on your premium deductions, you must also contact your employing or retirement office.

Types of coverage available for you and your family

Self Only coverage is for you alone. Self Plus One coverage is an enrollment that covers you and one eligible family member. Self and Family coverage is for you, your spouse, and your dependent children under age 26, including any foster children authorized for coverage by your employing agency or retirement office. Under certain circumstances, you may also continue coverage for a disabled child 26 years of age or older who is incapable of self-support.

If you have a Self Only enrollment, you may change to a Self and Family or Self Plus One enrollment if you marry, give birth, or add a child to your family. You may change your enrollment 31 days before to 60 days after that event. The Self Plus One or Self and Family enrollment begins on the first day of the pay period in which the child is born or becomes an eligible family member. When you change to Self Plus One or Self and Family because you marry, the change is effective on the first day of the pay period that begins after your employing office receives your enrollment form. Benefits will not be available until you are married.

Your employing or retirement office will **not** notify you when a family member is no longer eligible to receive health benefits, nor will we. Please tell us immediately of changes in family member status, including your marriage, divorce, annulment, or when your child reaches age 26.

If you or one of your family members is enrolled in one FEHB plan, that person may not be enrolled in or covered as a family member by another FEHB plan.

If you have a qualifying life event (QLE) – such as marriage, divorce, or the birth of a child – outside of the Federal Benefits Open Season, you may be eligible to enroll in the FEHB Program, change your enrollment, or cancel coverage. For a complete list of QLEs, visit the FEHB website at www.opm.gov/healthcare-insurance/life-events. If you need assistance, please contact your employing agency, Tribal Benefits Officer, personnel/payroll office, or retirement office.

- **Family member coverage**

Family members covered under your Self and Family enrollment are your spouse (including your spouse by valid common-law marriage if you reside in a state that recognizes common-law marriages) and children as described in the chart below. A Self Plus One enrollment covers you and your spouse, or one other eligible family member as described in the chart below.

Children	Coverage
Natural children, adopted children, and stepchildren	Natural children, adopted children, and stepchildren are covered until their 26th birthday.
Foster children	Foster children are eligible for coverage until their 26th birthday if you provide documentation of your regular and substantial support of the child and sign a certification stating that your foster child meets all the requirements. Contact your human resources office or retirement system for additional information.
Children incapable of self-support	Children who are incapable of self-support because of a mental or physical disability that began before age 26 are eligible to continue coverage. Contact your human resources office or retirement system for additional information.
Married children	Married children (but **NOT** their spouse or their own children) are covered until their 26th birthday.
Children with or eligible for employer-provided health insurance	Children who are eligible for or have their own employer-provided health insurance are covered until their 26th birthday.

Newborns of covered children are insured only for routine nursery care during the covered portion of the mother's maternity stay.

You can find additional information at www.opm.gov/healthcare-insurance.

- **Children's Equity Act**

OPM has implemented the Federal Employees Health Benefits Children's Equity Act of 2000. This law mandates that you be enrolled for Self Plus One or Self and Family coverage in the FEHB Program, if you are an employee subject to a court or administrative order requiring you to provide health benefits for your child or children.

If this law applies to you, you must enroll in Self Plus One or Self and Family coverage in a health plan that provides full benefits in the area where your children live or provide documentation to your employing office that you have obtained other health benefits coverage for your children. If you do not do so, your employing office will enroll you involuntarily as follows:

- If you have no FEHB coverage, your employing office will enroll you for Self Plus One or Self and Family coverage, as appropriate, in the Blue Cross and Blue Shield Service Benefit Plan's Basic Option;
- If you have a Self Only enrollment in a fee-for-service plan or in an HMO that serves the area where your children live, your employing office will change your enrollment to Self Plus One or Self and Family, as appropriate, in the same option of the same plan; or

- If you are enrolled in an HMO that does not serve the area where the children live, your employing office will change your enrollment to Self Plus One or Self and Family, as appropriate, in the Blue Cross and Blue Shield Service Benefit Plan's Basic Option.

As long as the court/administrative order is in effect, and you have at least one child identified in the order who is still eligible under the FEHB Program, you cannot cancel your enrollment, change to Self Only, or change to a plan that doesn't serve the area in which your children live, unless you provide documentation that you have other coverage for the children. If the court/administrative order is still in effect when you retire, and you have at least one child still eligible for FEHB coverage, you must continue your FEHB coverage into retirement (if eligible) and cannot cancel your coverage, change to Self Only, or change to a plan that doesn't serve the area in which your children live as long as the court/administrative order is in effect. Similarly, you cannot change to Self Plus One if the court/administrative order identifies more than one child. Contact your employing office for further information.

- **When benefits and premiums start**

The benefits in this brochure are effective on January 1. If you joined this Plan during Open Season, your coverage begins on the first day of your first pay period that starts on or after January 1. **If you changed plans or plan options during Open Season and you receive care between January 1 and the effective date of coverage under your new plan or option, your claims will be paid according to the 2018 benefits of your old plan or option.** However, if your old plan left the FEHB Program at the end of the year, you are covered under that plan's 2017 benefits until the effective date of your coverage with your new plan. Annuitants' coverage and premiums begin on January 1. If you joined at any other time during the year, your employing office will tell you the effective date of coverage.

If your enrollment continues after you are no longer eligible for coverage (i.e., you have separated from Federal service), and premiums are not paid, you will be responsible for all benefits paid during the period in which premiums were not paid. You may be billed for services received directly from your provider. You may be prosecuted for fraud for knowingly using health insurance benefits for which you have not paid premiums. It is your responsibility to know when you or family members are no longer eligible to use your health insurance coverage.

- **When you retire**

When you retire, you can usually stay in the FEHB Program. Generally, you must have been enrolled in the FEHB Program for the last five years of your Federal service. If you do not meet this requirement, you may be eligible for other forms of coverage, such as Temporary Continuation of Coverage (TCC).

When you lose benefits

- **When FEHB coverage ends**

You will receive an additional 31 days of coverage, for no additional premium, when:

- Your enrollment ends, unless you cancel your enrollment; or
- You are a family member no longer eligible for coverage.

Any person covered under the 31-day extension of coverage who is confined in a hospital or other institution for care or treatment on the 31st day of the temporary extension is entitled to continuation of the benefits of the Plan during the continuance of the confinement but not beyond the 60th day after the end of the 31-day temporary extension.

You may be eligible for spouse equity coverage or assistance with enrolling in a conversion policy (non-FEHB individual policy). FEP helps members with Temporary Continuation of Coverage (TCC) and with finding replacement coverage.

- **Upon divorce**

If you are divorced from a Federal employee or annuitant you may not continue to get benefits under your former spouse's enrollment. This is the case even when the court has ordered your former spouse to provide health benefits coverage for you. However, you may be eligible for your own FEHB coverage under either the spouse equity law or TCC. If you are recently divorced or are anticipating a divorce, contact your ex-spouse's employing or retirement office to get additional information about your coverage choices. You can also visit OPM's website, www.opm.gov/healthcare-insurance/healthcare/plan-information/guides.

- **Temporary Continuation of Coverage (TCC)**

If you leave Federal service, Tribal employment, or if you lose coverage because you no longer qualify as a family member, you may be eligible for TCC. The Affordable Care Act (ACA) did not eliminate TCC or change the TCC rules. For example, you can receive TCC if you are not able to continue your FEHB enrollment after you retire, if you lose your Federal job, if you are a covered dependent child and you turn age 26, regardless of marital status, etc.

You may not elect TCC if you are fired from your Federal or Tribal job due to gross misconduct.

Enrolling in TCC. Get the RI 79-27, which describes TCC, from your employing or retirement office or from www.opm.gov/healthcare-insurance/healthcare/plan-information/guides. It explains what you have to do to enroll.

Alternatively, you can buy coverage through the Health Insurance Marketplace where, depending on your income, you could be eligible for a new kind of tax credit that lowers your monthly premiums. Visit www.HealthCare.gov to compare plans and see what your premium, deductible, and out-of-pocket costs would be before you make a decision to enroll. Finally, if you qualify for coverage under another group health plan (such as your spouse's plan), you may be able to enroll in that plan, as long as you apply within 30 days of losing FEHB coverage.

- **Finding replacement coverage**

If you would like to purchase health insurance through the Affordable Care Act's Health Insurance Marketplace, please refer to the next section of this brochure. We will help you find replacement coverage inside or outside the Marketplace. For assistance, please contact your Local Plan at the telephone number appearing on the back of your ID card, or visit www.bcbs.com to access the website of your Local Plan.

Note: We do not determine who is eligible to purchase health benefits coverage inside the Affordable Care Act's Health Insurance Marketplace. These rules are established by the Federal Government agencies that have responsibility for implementing the Affordable Care Act and by the Marketplace.

- **Health Insurance Marketplace**

If you would like to purchase health insurance through the Affordable Care Act's Health Insurance Marketplace, please visit www.HealthCare.gov. This is a website provided by the U.S. Department of Health and Human Services that provides up-to-date information on the Marketplace.

Section 1. How this Plan works

This Plan is a fee-for-service (FFS) plan. You can choose your own physicians, hospitals, and other healthcare providers. We reimburse you or your provider for your covered services, usually based on a percentage of the amount we allow. The type and extent of covered services, and the amount we allow, may be different from other plans. Read brochures carefully.

OPM requires that FEHB plans be accredited to validate that plan operations and/or care management meet nationally recognized standards. The local plans and vendors that support Blue Cross and Blue Shield Service Benefit Plan hold accreditation from National Committee for Quality Assurance (NCQA) and/or URAC. To learn more about this plan's accreditations, please visit the following websites:

- National Committee for Quality Assurance (www.ncqa.org);
- URAC (www.URAC.org).

General features of our Standard and Basic Options

We have a Preferred Provider Organization (PPO)

Our fee-for-service plan offers services through a PPO. This means that certain hospitals and other healthcare providers are "Preferred providers." When you use our PPO (Preferred) providers, you will receive covered services at a reduced cost. Your Local Plan (or, for Preferred retail pharmacies, CVS Caremark) is solely responsible for the selection of PPO providers in your area. Contact your Local Plan for the names of PPO (Preferred) providers and to verify their continued participation. You can also visit www.fepblue.org/provider/ to use our National Doctor & Hospital Finder[SM]. You can reach our website through the FEHB website, www.opm.gov/healthcare-insurance.

Under Standard Option, PPO (Preferred) benefits apply only when you use a PPO (Preferred) provider. PPO networks may be more extensive in some areas than in others. We cannot guarantee the availability of every specialty in all areas. If no PPO (Preferred) provider is available, or you do not use a PPO (Preferred) provider, non-PPO (non-preferred) benefits apply.

Under Basic Option, you must use Preferred providers in order to receive benefits. See page 21 for the exceptions to this requirement.

Note: Dentists and oral surgeons who are in our Preferred Dental Network for routine dental care are not necessarily Preferred providers for other services covered by this Plan under other benefit provisions (such as the surgical benefit for oral and maxillofacial surgery). Call us at the customer service number on the back of your ID card to verify that your provider is Preferred for the type of care (e.g., routine dental care or oral surgery) you are scheduled to receive.

How we pay professional and facility providers

We pay benefits when we receive a claim for covered services. Each Local Plan contracts with hospitals and other healthcare facilities, physicians, and other healthcare professionals in its service area, and is responsible for processing and paying claims for services you receive within that area. Many, but not all, of these contracted providers are in our PPO (Preferred) network.

- **PPO providers.** PPO (Preferred) providers have agreed to accept a specific negotiated amount as payment in full for covered services provided to you. **We refer to PPO facility and professional providers as "Preferred."** They will generally bill the Local Plan directly, who will then pay them directly. You do not file a claim. Your out-of-pocket costs are generally less when you receive covered services from Preferred providers, and are limited to your coinsurance or copayments (and, under **Standard Option** only, the applicable deductible).
- **Participating providers.** Some Local Plans also contract with other providers that are not in our Preferred network. **If they are professionals, we refer to them as "Participating" providers. If they are facilities, we refer to them as "Member" facilities.** They have agreed to accept a different negotiated amount than our Preferred providers as payment in full. They will also generally file your claims for you. They have agreed not to bill you for more than your applicable deductible, and coinsurance or copayments, for covered services. We pay them directly, but at our Non-preferred benefit levels. Your out-of-pocket costs will be greater than if you use Preferred providers.

  Note: Not all areas have Participating providers and/or Member facilities. To verify the status of a provider, please contact the Local Plan where the services will be performed.

- **Non-participating providers.** Providers who are not Preferred or Participating providers do not have contracts with us, and may or may not accept our allowance. **We refer to them as "Non-participating providers" generally, although if they are facilities we refer to them as "Non-member facilities."** When you use Non-participating providers, you may have to file your claims with us. We will then pay our benefits to you, and you must pay the provider.

  You must pay any difference between the amount Non-participating providers charge and our allowance (except in certain circumstances – see pages 151-153). In addition, you must pay any applicable coinsurance amounts, copayment amounts, amounts applied to your calendar year deductible, and amounts for noncovered services. **Important: Under Standard Option, your out-of-pocket costs may be substantially higher when you use Non-participating providers than when you use Preferred or Participating providers.** Under Basic Option, you must use Preferred providers to receive benefits. See page 21 for the exceptions to this requirement.

  Note: In Local Plan areas, Preferred providers and Participating providers who contract with us will accept 100% of the Plan allowance as payment in full for covered services. As a result, you are only responsible for applicable coinsurance or copayments (and, under **Standard Option** only, the applicable deductible), for covered services, and any charges for noncovered services.

  Note: We may implement pilot programs in one or more Local Plan areas to test the feasibility and examine the impact of various initiatives. The pilot programs do not affect all Plan areas. Information on specific pilots is not published in this brochure; it is communicated to members and network providers in accordance with our agreement with OPM. Certain pilot programs may incorporate benefits that are different from those described in this brochure. For example, certain pilot programs may revise the Plan Allowance for Non-participating providers described in Section 10 of this brochure.

Your rights and responsibilities

OPM requires that all FEHB plans provide certain information to their FEHB members. You may get information about us, our networks, and our providers. OPM's FEHB website (www.opm.gov/insure) lists the specific types of information that we must make available to you. Some of the required information is listed below.

- Years in existence
- Profit status
- Care management, including medical practice guidelines
- Disease management programs
- How we determine if procedures are experimental or investigational

You are also entitled to a wide range of consumer protections and have specific responsibilities as a member of this Plan. You can view the complete list of these rights and responsibilities by visiting our website, at www.fepblue.org/en/rights-and-responsibilities.

By law, you have the right to access your personal health information (PHI). For more information regarding access to PHI, visit our website at www.fepblue.org/en/terms-and-privacy/notice-of-privacy-practices/ to obtain a Notice of our Privacy Practices. You can also contact us to request that we mail you a copy of that Notice.

If you want more information about us, call or write to us. Our telephone number is shown on the back of your Service Benefit Plan ID card. You may also visit our website at www.fepblue.org.

Your medical and claims records are confidential

We will keep your medical and claims information confidential. Note: As part of our administration of this contract, we may disclose your medical and claims information (including your prescription drug utilization) to any treating physicians or dispensing pharmacies. You may view our Notice of Privacy Practice for more information about how we may use and disclose member information by visiting our website at www.fepblue.org.

Section 2. Changes for 2018

Do not rely only on these change descriptions; this Section is not an official statement of benefits. For that, go to Section 5 (*Benefits*). Also, we edited and clarified language throughout the brochure; any language change not shown here is a clarification that does not change benefits.

Changes to our Standard Option only

- Your copayment for Tier 1 (generic) anti-hypertensive drugs obtained at Preferred retail pharmacies is now $3 (no deductible). Previously, your cost-share under Preferred retail pharmacies was 20% of the plan allowance (no deductible). (See page 105.)
- Your copayment for Tier 1 (generic) anti-hypertensive drugs obtained through the Mail Service Prescription Drug Program is now $3 (no deductible). Previously, your copayment for the Mail Service Prescription Drug Program was $15 (no deductible). (See page 105.)
- Your copayment for Tier 2 preferred brand-name asthma drugs obtained at Preferred retail pharmacies is now 20% of the Plan allowance (no deductible). Previously, your copayment was 30% of the Plan allowance (no deductible). (See page 106.)
- Your copayment for Tier 2 preferred brand-name asthma drugs obtained through the Mail Service Prescription Drug Program is now $65 (no deductible). Previously, your copayment was $80 (no deductible). (See page 106.)
- Your cost-share for Tier 3 non-preferred brand-name drugs is 50% (no deductible) of the Plan allowance for Preferred retail pharmacies. Previously, your cost-share was 45% (no deductible) of the Plan allowance. (See page 111.)
- Your copayment for Tier 3 non-preferred brand-name drugs will be $125 copayment (no deductible) for the Mail Service Prescription Drug Program. Previously, your copayment was $105. (See page 112.)
- We now provide benefits for skilled nursing facility admissions for members who do not have Medicare Part A as their primary payor. Previously, benefits were limited to Standard Option members with primary Medicare Part A. (See page 88.)

Changes to our Basic Option only

- We now provide a reimbursement account for Medicare Part B premiums to any member with Medicare Part A and Part B. The account must be used exclusively to pay Medicare Part B premiums. Previously, there was no reimbursement account benefit. (See page 122.)
- Your copayment for Tier 1 (generic) anti-hypertensive drugs obtained at Preferred retail pharmacies is now $5. Previously, your cost-share under Preferred retail pharmacies was $10 copayment for 30-day supply. (See page 105.)
- When Medicare Part B is primary, your copayment for Tier 1 (generic) anti-hypertensive drugs obtained through the Mail Service Prescription Drug Program is now $5. Previously, your copayment for the Mail Service Prescription Drug Program was $20. (See page 106.)
- Your copayment for Tier 2 preferred brand-name asthma drugs obtained at a Preferred retail pharmacy is now $35 for each purchase of up to a 30-day supply ($105 copayment for a 90-day supply). Previously, your copayment was $50 for each purchase of up to a 30-day supply ($150 copayment for 90-day supply). (See page 106.)
- When Medicare Part B is primary, your copayment for Tier 2 preferred brand-name asthma drugs obtained at a Preferred retail pharmacy is now $30 for each purchase of up to a 30-day supply ($90 copayment for a 90-day supply). Previously, your copayment was $45 for each purchase up to a 30-day supply ($135 copayment for 90-day supply). (See page 106.)
- When Medicare Part B is primary, your copayment for Tier 2 preferred brand-name asthma drugs obtained through the Mail Service Prescription Drug Program is now a $75 copayment. Previously, your copayment was $90. (See page 106.)
- Your cost-share for Tier 3 non-preferred brand-name drugs obtained at a Preferred retail pharmacy is 60% of Plan allowance ($75 minimum) for up to a 30-day supply ($210 minimum for a 90-day supply). Previously, your cost-share was 60 % of the Plan allowance ($65 minimum) for a 30-day supply ($195 minimum for a 90-day supply). (See page 111.)
- When Medicare Part B is primary, your cost-share for Tier 3 non-preferred brand-name drugs obtained at a Preferred retail pharmacy is 50% of the Plan allowance ($60 minimum) for up to a 30-day supply ($175 minimum for a 90-day supply). Previously, your cost-share was 50% of the Plan allowance ($55 minimum) for a 30-day supply ($165 minimum for a 90-day supply). (See page 111).
- When Medicare Part B is primary, your cost-share for Tier 3 non-preferred brand-name drugs obtained through the Mail Service Prescription Drug Program is now a $125 copayment. Previously, your copayment was $115. (See page 112.)

Changes to both our Standard and Basic Options

- Your copayment for Tier 1 (generic) asthma drugs is now $5 for Preferred retail pharmacies and Mail Service Prescription Drug Program (with and without Medicare Part B). Previously, your cost-share was 20% of the Plan allowance (no deductible) for Standard Option and $10 copayment for each purchase of up to a 30-day supply and a $30 copayment for 90-day supply for Basic Option. (See page 106.)
- We now provide preventive care benefits for DNA analysis of stool samples as a technique for colorectal cancer screening, paid in full when billed by a preferred provider. Limited to one per calendar year. Previously, medical benefits were provided with a member cost-share. (See page 42.)
- We now provide preventive care benefits for generic cholesterol-lowering statin drugs. Previously, pharmacy benefits were provided with a member cost-share. (See page 110.)
- We now provide preventive care benefits for aspirin to prevent cardiovascular disease and colorectal cancer for adults ages 50 through 59. (See page 110.)
- We now provide preventive care benefits for the screening of latent tuberculosis infection in adults age 18 and over. Limited to once per calendar year. Previously, no preventive care benefits were available for this screening. (See pages 41 and 47.)
- We now provide benefits for telehealth services delivered via phone or secure online video for the treatment of minor acute conditions (see page 150 for definition), and counseling for behavioral health and substance use disorders. (See pages 38 and 98.)
- We now use the Local Plan Allowance as our Plan allowance for inpatient services performed by Non-member facilities. Previously, our allowance was based on the average amount paid nationally on a per day basis to contracting and non-contracting facilities for covered room, board, and ancillary charges for your type of admission. (See page 151.)
- We now use the allowance equal to the greater of 1) the Medicare participating fee schedule amount or the Medicare Part B drug average sale price (ASP), or 2) 100% of the Local Plan Allowance for services performed by Non-participating professional providers. Previously, if there was no Medicare participating fee schedule or Local Plan UCR amount, our allowance was 60% of the billed charge. (See page 152.)
- The contract holder and spouse are eligible for the wellness incentive rewards for the Blue Health Assessment, Diabetes Management Incentive Program, Hypertension Management Program, Pregnancy Care Incentive Program, and Smoking and Tobacco Cessation Program. Previously, eligible members for the wellness incentive rewards were limited to two adults per contract, age 18 or over. (See pages 120, 121 and 122.)
- You are now entitled to receive the pregnancy care incentive of $75 toward your health account and the MyBlue Pregnancy Box when you complete the Blue Health Assessment (BHA) indicating that you are pregnant and submit a copy of the provider's medical record documenting the first trimester prenatal care visit. Previously, you had to complete the BHA and enroll in My Pregnancy Care Assistant. (See page 122.)
- If you choose to get the brand-name drug and your provider's prescription allows for generic substitution, your applicable cost-share for a brand-name drug will be the drug tier cost-share plus the difference in the costs of the brand-name and generic drugs. Your expenses for "dispense as written" prescriptions do not count toward your catastrophic protection out-of-pocket maximum. Previously, if the provider's prescription allowed for generic substitution and you chose to get the brand-name drug, you were responsible only for the drug tier cost-share. (See page 101.)
- We now require precertification for overseas admission to a residential treatment center. Benefits are not available if precertification is not obtained. Previously, precertification was not required. (See page 125.)
- We now provide 100% coverage for inpatient services performed at a Preferred facility for overseas members when AXA Assistance has arranged direct billing or acceptance of a guarantee of benefits with the facility, and for services billed by a Department of Defense (DoD) facility. Previously, member cost-share was not waived for services billed by a DoD facility. (See page 32.)
- We now provide family planning benefits for vasectomy and related covered professional services, e.g., anesthesia, with no member cost-share. Previously, this was a surgical benefit with member cost-share. (See page 50.)
- We now provide benefits for oral medical foods under the pharmacy benefit only. Prior approval is required. Previously, medical benefits were provided for oral medical foods. (See page 107.)

- We may implement pilot programs in one or more Local Plan areas to test the feasibility and examine the impact of various initiatives. The pilot programs do not affect all Plan areas. Information on specific pilots is not published in this brochure; it is communicated to members and network providers in accordance with our agreement with OPM. Certain pilot programs may incorporate benefits that are different from those described in this brochure. Previously, we did not provide pilot language in the brochure. Pilot oversight was conducted with the affected Plans. (See page 15.)
- We now apply facility-billed claims for osteopathic and chiropractic manipulative treatment services to a member's annual manipulative treatment visit maximum. Previously, only professional claims applied to a member's annual visit maximum. (See page 60.)
- We now provide benefits for gonadotropin-releasing hormone (GnRH) antagonists and testosterones regardless of age. Previously, benefits were limited to members age 16 and over. (See page 108.)
- We now limit the coverage of blood and marrow stem cell transplants for autoimmune diagnoses to those listed on page 75. Previously, the listed diagnoses were presented as examples of covered diagnoses. Now those listed diagnoses serve as the complete list of covered diagnoses. Benefits are not available for diagnoses not on the list.
- We now limit the coverage of allogeneic blood or marrow stem cells to the following inherited metabolic disorders: Gaucher's disease, metachromatic leukodystrophy, adrenoleukodystrophy, Hurler's syndrome and Maroteaux-Lamy syndrome variants. Previously, we also covered Hunter's syndrome and Sanfilippo's syndrome. (See page 72.)
- We now provide coverage limited to the following diagnoses for autologous blood or marrow stem cell transplants, only when performed as part of a clinical trial: chronic lymphocytic leukemia/small lymphocytic lymphoma (CLL/SLL), chronic myelogenous leukemia, glial tumors, retinoblastoma, rhabdomyosarcoma, Wilm's tumor and other childhood kidney cancers. Previously, we also covered breast cancer and epithelial ovarian cancer under the autologous blood or marrow stem cell clinical trial transplant benefit. (See page 74.)

Section 3. How you get care

Identification cards

We will send you an identification (ID) card when you enroll. You should carry your ID card with you at all times. You will need it whenever you receive services from a covered provider, or fill a prescription through a Preferred retail pharmacy. Until you receive your ID card, use your copy of the Health Benefits Election Form, SF-2809, your health benefits enrollment confirmation letter (for annuitants), or your electronic enrollment system (such as Employee Express) confirmation letter.

If you do not receive your ID card within 30 days after the effective date of your enrollment, or if you need replacement cards, call the Local Plan serving the area where you reside and ask them to assist you, or write to us directly at: FEP® Enrollment Services, 840 First Street NE, Washington, DC 20065. You may also request replacement cards through our website, www.fepblue.org.

Where you get covered care

Under Standard Option, you can get care from any "covered professional provider" or "covered facility provider." How much we pay – and you pay – depends on the type of covered provider you use. If you use our Preferred, Participating, or Member providers, you will pay less.

Under Basic Option, you **must** use those "covered professional providers" or "covered facility providers" that are **Preferred providers** for Basic Option in order to receive benefits. Please refer to page 21 for the exceptions to this requirement. Refer to page 14 for more information about Preferred providers.

Under both Standard and Basic Option, you can also get care for the treatment of minor acute conditions (see page 150 for definition), counseling for behavioral health and substance use disorder using teleconsultation services delivered via phone by calling 855-636-1579 (TTY: 855-636-1578) or via secure online video at fepblue.org/telehealth. Please see pages 38 and 98 for more information.

The term "primary care provider" includes family practitioners, general practitioners, medical internists, pediatricians, obstetricians/gynecologists, and physician assistants.

Covered professional providers

We provide benefits for the services of covered professional providers, as required by Section 2706(a) of the Public Health Service Act (PHSA). Covered professional providers are healthcare providers who perform covered services when acting within the scope of their license or certification under applicable state law and who furnish, bill, or are paid for their healthcare services in the normal course of business. Covered services must be provided in the state in which the provider is licensed or certified. Your Local Plan is responsible for determining the provider's licensing status and scope of practice. As reflected in Section 5, the Plan does limit coverage for some services, in accordance with accepted standards of clinical practice regardless of the geographic area.

- **Under Standard Option**, we cover any licensed professional provider for covered services performed within the scope of that license.
- **Under Basic Option**, we cover any licensed professional provider who is Preferred for covered services performed within the scope of that license.

Covered professional providers are physicians and other healthcare providers, when they provide covered services *and* meet the state's applicable licensing or certification requirements. **If the state has no applicable licensing or certification requirement, the provider must meet the requirements of the Local Plan.**

If you have questions about covered providers or would like the names of PPO (Preferred) providers, please contact the Local Plan where services will be performed.

• Covered facility providers

Covered facilities include those listed below, when they meet the state's applicable licensing or certification requirements.

Hospital – An institution, or a distinct portion of an institution, that:

1. Primarily provides diagnostic and therapeutic facilities for surgical and medical diagnoses, treatment, and care of injured and sick persons provided or supervised by a staff of licensed doctors of medicine (M.D.) or licensed doctors of osteopathy (D.O.), for compensation from its patients, on an inpatient or outpatient basis;
2. Continuously provides 24-hour-a-day professional registered nursing (R.N.) services; and

3. Is not, other than incidentally, an extended care facility; a nursing home; a place for rest; an institution for exceptional children, the aged, drug addicts, or alcoholics; or a custodial or domiciliary institution having as its primary purpose the furnishing of food, shelter, training, or non-medical personal services.

Note: We consider college infirmaries to be Non-member hospitals. In addition, we may, at our discretion, recognize any institution located outside the 50 states and the District of Columbia as a Non-member hospital.

Freestanding Ambulatory Facility – A freestanding facility, such as an ambulatory surgical center, freestanding surgicenter, freestanding dialysis center, or freestanding ambulatory medical facility, that:

1. Provides services in an outpatient setting;
2. Contains permanent amenities and equipment primarily for the purpose of performing medical, surgical, and/or renal dialysis procedures;
3. Provides treatment performed or supervised by doctors and/or nurses, and may include other professional services performed at the facility; and
4. Is not, other than incidentally, an office or clinic for the private practice of a doctor or other professional.

Note: We may, at our discretion, recognize any other similar facilities, such as birthing centers, as freestanding ambulatory facilities.

Residential Treatment Center – Residential treatment centers (RTCs) are accredited by a nationally recognized organization and licensed by the state, district, or territory to provide residential treatment for medical conditions, mental health conditions, and/or substance use. Accredited healthcare facilities (excluding hospitals, skilled nursing facilities, group homes, halfway houses, and similar types of facilities) provide 24-hour residential evaluation, treatment and comprehensive specialized services relating to the individual's medical, physical, mental health, and/or substance use therapy needs. RTCs offer programs for persons who need short-term transitional services designed to achieve predicted outcomes focused on fostering improvement or stability in functional, physical and/or mental health, recognizing the individuality, strengths, and needs of the persons served. Benefits are available for services performed and billed by RTCs, as described on pages 87 and 99. If you have questions about treatment at an RTC, please contact us at the customer service number listed on the back of your ID card.

Blue Distinction® Specialty Care

Certain facilities have been selected to be Blue Distinction Centers for Bariatric Surgery, Cardiac Care, Knee and Hip Replacement, Spine Surgery, and Complex and Rare Cancers. These facilities meet objective quality criteria established with input from expert physician panels, surgeons, and other medical professionals. Blue Distinction Centers offer comprehensive care delivered by multidisciplinary teams with subspecialty training and distinguished clinical expertise.

We cover facility costs for specialty care at designated Blue Distinction Centers at Preferred benefit levels, which means that your out-of-pocket expenses for specialty facility services are limited. In addition, we provide enhanced benefits for covered inpatient facility services related to specific bariatric, knee, hip, and spine surgical procedures, when the surgery is performed at a Blue Distinction Center. We also provide enhanced benefits for covered facility services related to outpatient laparoscopic gastric banding and gastric stapling surgical procedures, when the surgery is performed at a Blue Distinction Center for Bariatric Surgery. See page 87 for more information.

Facility care that is not part of the Blue Distinction Program is reimbursed according to the network status of the facility. In addition, some Blue Distinction Centers may use professional providers who do not participate in our provider network. Non-participating providers have no agreements with us to limit what they can bill you. This is why it's important to always request Preferred providers for your care. For more information, see pages 29-31 in Section 4, Your costs for covered services, or call your Local Plan at the number listed on the back of your ID card. For listings of Preferred providers in your area, visit www.fepblue.org/provider to use our National Doctor & Hospital Finder.

If you are considering covered bariatric surgery, cardiac procedures, knee or hip replacement, spine surgery, or inpatient treatment for a complex or rare cancer, you may want to consider receiving those services at a Blue Distinction Center. To locate a Blue Distinction Center, visit www.fepblue.org/provider to use our National Doctor & Hospital Finder, or call us at the customer service number listed on the back of your ID card.

Blue Distinction Centers for Transplants®

In addition to the Blue Distinction Centers listed above, you have access to Blue Distinction Centers for Transplants. Blue Distinction Centers for Transplants are selected based on their ability to meet defined clinical quality criteria that are unique for each type of transplant. We provide enhanced benefits for covered transplant services performed at these designated centers as described on page 77.

Regular benefits (subject to the regular cost-sharing levels for facility and professional services) are paid for pre- and post-transplant services performed in Blue Distinction Centers for Transplants before and after the transplant period. (Regular benefit levels and cost-sharing amounts also apply to services unrelated to a covered transplant.)

Cancer Research Facility – A facility that is:

1. A National Cooperative Cancer Study Group institution that is funded by the National Cancer Institute (NCI) and has been approved by a Cooperative Group as a blood or marrow stem cell transplant center;
2. An NCI-designated Cancer Center; or
3. An institution that has a peer-reviewed grant funded by the National Cancer Institute (NCI) or National Institutes of Health (NIH) to study allogeneic or autologous blood or marrow stem cell transplants.

FACT-Accredited Facility

A facility with a transplant program accredited by the Foundation for the Accreditation of Cellular Therapy (FACT). FACT-accredited cellular therapy programs meet rigorous standards. Information regarding FACT transplant programs can be obtained by contacting the transplant coordinator at the customer service number listed on the back of your ID card or by visiting www.factwebsite.org.

Note: Certain stem cell transplants must be performed at a FACT-accredited facility (see page 71).

Skilled Nursing Facility (SNF)

A SNF is a freestanding institution or a distinct part of a hospital which customarily bills insurance as a skilled nursing facility and meets the following criteria:

- Is Medicare-certified as a skilled nursing facility;
- Is licensed in accordance with state or local law or is approved by the state or local licensing agency as meeting the licensing standards (where state or local law provides for the licensing of such facilities);
- Has a transfer agreement in effect with one or more Preferred hospitals; and
- Is primarily engaged in providing skilled nursing care and related services for patients who require medical or nursing care; or rehabilitation services for the rehabilitation of injured, disabled or sick persons.

To be covered, skilled nursing facility care cannot be maintenance or custodial care. The term skilled nursing facility does not include any institution that is primarily for the care and treatment of mental diseases.

Note: Additional criteria apply when you do not have Medicare Part A (see page 88).

Other facilities specifically listed in the benefits descriptions in Section 5(c)

What you must do to get covered care

Under **Standard Option**, you can go to any covered provider you want, but in some circumstances, we must approve your care in advance.

Under **Basic Option**, you **must** use **Preferred** providers in order to receive benefits, except under the situations listed below. In addition, we must approve certain types of care in advance. Please refer to Section 4, *Your costs for covered services*, for related benefits information.

1. Medical emergency or accidental injury care in a hospital emergency room and related ambulance transport as described in Section 5(d), *Emergency services/accidents*;
2. Professional care provided at Preferred facilities by Non-preferred radiologists, anesthesiologists, certified registered nurse anesthetists (CRNAs), pathologists, emergency room physicians, and assistant surgeons;
3. Laboratory and pathology services, X-rays, and diagnostic tests billed by Non-preferred laboratories, radiologists, and outpatient facilities;

4. Services of assistant surgeons;
5. Care received outside the United States, Puerto Rico, and the U.S. Virgin Islands; or
6. Special provider access situations, other than those described above. We encourage you to contact your Local Plan for more information in these types of situations before you receive services from a Non-preferred provider.

Unless otherwise noted in Section 5, when services are covered under Basic Option exceptions for Non-preferred provider care, you are responsible for the applicable coinsurance or copayment, and may also be responsible for any difference between our allowance and the billed amount.

- **Transitional care**

Specialty care: If you have a chronic or disabling condition and

- lose access to your specialist because we drop out of the Federal Employees Health Benefits (FEHB) Program and you enroll in another FEHB plan, or
- lose access to your Preferred specialist because we terminate our contract with your specialist for reasons other than for cause,

you may be able to continue seeing your specialist and receiving any Preferred benefits for up to 90 days after you receive notice of the change. Contact us or, if we drop out of the Program, contact your new plan.

If you are in the second or third trimester of pregnancy and you lose access to your specialist based on the above circumstances, you can continue to see your specialist and your Preferred benefits will continue until the end of your postpartum care, even if it is beyond the 90 days.

- **If you are hospitalized when your enrollment begins**

We pay for covered services from the effective date of your enrollment. However, if you are in the hospital when your enrollment in our Plan begins, call us immediately. If you have not yet received your Service Benefit Plan ID card, you can contact your Local Plan at the telephone number listed in your local telephone directory. If you already have your new Service Benefit Plan ID card, call us at the number on the back of the card. If you are new to the FEHB Program, we will reimburse you for your covered services while you are in the hospital beginning on the effective date of your coverage.

However, if you changed from another FEHB plan to us, your former plan will pay for the hospital stay until:

- you are discharged, not merely moved to an alternative care center;
- the day your benefits from your former plan run out; or
- the 92nd day after you become a member of this Plan, whichever happens first.

These provisions apply only to the benefits of the hospitalized person. If your plan terminates participation in the FEHB in whole or in part, or if OPM orders an enrollment change, this continuation of coverage provision does not apply. In such cases, the hospitalized family member's benefits under the new plan begin on the effective date of enrollment.

You need prior Plan approval for certain services

The pre-service claim approval processes for inpatient hospital admissions (called precertification) and for Other services (called prior approval) are detailed in this Section. A **pre-service claim** is any claim, in whole or in part, that requires approval from us before you receive medical care or services. In other words, a pre-service claim for benefits may require precertification and prior approval. If you do not obtain precertification, there may be a reduction or denial of benefits. Be sure to read all of the precertification and prior approval information below and on pages 23-27.

- **Inpatient hospital admission, inpatient residential treatment center admission, or skilled nursing facility admission**

Precertification is the process by which – prior to your inpatient admission – we evaluate the medical necessity of your proposed stay, the procedure(s)/service(s) to be performed, the number of days required to treat your condition, and any applicable benefit criteria. Unless we are misled by the information given to us, we will not change our decision on medical necessity.

In most cases, your physician or facility will take care of requesting precertification. Because you are still responsible for ensuring that your care is precertified, you should always ask your physician, hospital, inpatient residential treatment center, or skilled nursing facility whether they have contacted us and provided all necessary information. You are also responsible for enrolling in case management and working with your case manager if you care involves residential treatment or a skilled nursing facility. For information about precertification of an emergency inpatient hospital admission, please see page 26.

Warning: We will reduce our benefits for the inpatient hospital stay by $500, even if you have obtained prior approval for the service or procedure being performed during the stay, if no one contacts us for precertification. If the stay is not medically necessary, we will not provide benefits for inpatient hospital room and board or inpatient physician care; we will only pay for covered medical services and supplies that are otherwise payable on an outpatient basis.

Note: If precertification was not obtained prior to admission, inpatient benefits (such as room and board) are not available for inpatient care at a residential treatment center, or if you do not have Medicare Part A, at a skilled nursing facility. We will pay only for covered medical services and supplies that are otherwise payable on an outpatient basis.

Exceptions: You do not need precertification in these cases:

- You are admitted to a hospital outside the United States; with the exception of admissions for gender reassignment surgery and admissions to residential treatment centers, and skilled nursing facilities.
- You have another group health insurance policy that is the primary payor for the hospital stay; with the exception of admissions for gender reassignment surgery. (See page 77 for special instructions regarding admissions to Blue Distinction Centers for Transplants.)
- Medicare Part A is the primary payor for the hospital or skilled nursing facility stay; with the exception of admissions for gender reassignment surgery. (See page 77 for special instructions regarding admissions to Blue Distinction Centers for Transplants.)

  Note: If you exhaust your Medicare hospital benefits and do not want to use your Medicare lifetime reserve days, then you **do** need precertification.

  Note: Morbid obesity surgery performed during an inpatient stay (even when Medicare Part A is your primary payor) must meet the surgical requirements described on page 67 in order for benefits to be provided for the admission and surgical procedure.

• Other services

You must obtain prior approval **for these services under both Standard and Basic Option. Precertification is also required if the service or procedure requires an inpatient hospital admission. All gender reassignment surgeries require prior approval; if inpatient admission is necessary, precertification is also required. Contact us using the custome**r service number listed on the back of your ID card before receiving these types of services, and we will request the medical evidence needed to make a coverage determination:

- **Outpatient sleep studies performed outside the home** – Prior approval is required for sleep studies performed in a provider's office, sleep center, clinic, outpatient center, hospital, skilled nursing facility, residential treatment center and any other location that is not your home.
- **Applied behavior analysis (ABA)** – Prior approval is required for ABA and all related services, including assessments, evaluations, and treatments.
- **Gender reassignment surgery –** Prior to surgical treatment of gender dysphoria, your provider must submit a treatment plan including all surgeries planned and the estimated date each will be performed. A new prior approval must be obtained if the treatment plan is approved and your provider later modifies the plan.
- **BRCA testing and testing for large genomic rearrangements in the BRCA1 and BRCA2 genes** – Prior approval is required for BRCA testing and testing for large genomic rearrangements in the BRCA1 and BRCA2 genes whether performed for preventive or diagnostic reasons. Contact us at the customer service number listed on the back of your ID card to request prior approval before receiving the test. We will request the medical evidence we need to make our coverage determination.

  Note: You must receive genetic counseling and evaluation services before preventive BRCA testing is performed. See page 43.
- **Surgical services** – The surgical services on the following list require prior approval for care performed by Preferred, Participating/Member, and Non-participating/Non-member professional and facility providers:
  - Outpatient surgery for morbid obesity;

    (Note: Benefits for the surgical treatment of morbid obesity – performed on an inpatient or outpatient basis – are subject to the pre-surgical requirements listed on page 67.)

- Outpatient surgical correction of congenital anomalies (see definition on page 147);
- Outpatient surgery needed to correct accidental injuries (see definition on page 147) to jaws, cheeks, lips, tongue, roof and floor of mouth; and
- Gender reassignment surgery.

- **Outpatient intensity-modulated radiation therapy (IMRT)** – Prior approval is required for all outpatient IMRT services except IMRT related to the treatment of head, neck, breast, prostate or anal cancer. Brain cancer is not considered a form of head or neck cancer; therefore, prior approval is required for IMRT treatment of brain cancer.
- **Hospice care** – Prior approval is required for home hospice, continuous home hospice, or inpatient hospice care services. We will advise you which home hospice care agencies we have approved. See page 89 for information about the exception to this requirement.
- **Organ/tissue transplants** – See pages 72-75 for the list of covered organ/tissue transplants. **Prior approval is required for** both the procedure and the facility. If you travel to a Blue Distinction Center for Transplants, prior approval is also required for travel benefits (see page 77). Contact us at the customer service number listed on the back of your ID card before obtaining services. We will request the medical evidence we need to make our coverage determination. We will consider whether the facility is approved for the procedure and whether you meet the facility's criteria.

  The **organ transplant procedures** listed on page 71 must be performed in a facility with a Medicare-Approved Transplant Program for the type of transplant anticipated. Transplants involving more than one organ must be performed in a facility that offers a Medicare-Approved Transplant Program for each organ transplanted. Medicare's approved programs are listed at: www.cms.gov/Medicare/Provider-Enrollment-and-Certification/CertificationandComplianc/downloads/ApprovedTransplantPrograms.pdf.

  If Medicare does not offer an approved program for a certain type of organ transplant procedure, this requirement does not apply and you may use any covered facility that performs the procedure. If Medicare offers an approved program for an anticipated organ transplant, but your facility is not approved by Medicare for the procedure, please contact your Local Plan at the customer service number appearing on the back of your ID card.

  The blood or marrow stem cell transplants listed on pages 72-74 must be performed in a facility with a transplant program accredited by the Foundation for the Accreditation of Cellular Therapy (FACT), or in a facility designated as a Blue Distinction Center for Transplants or as a Cancer Research Facility. The **transplant procedures listed on page 75** must be performed at a FACT-accredited facility. See page 21 for more information about these types of facilities.

  Not every facility provides transplant services for every type of transplant procedure or condition listed, or is designated or accredited for every covered transplant. Benefits are not provided for a covered transplant procedure unless the facility is specifically designated or accredited to perform that procedure. Before scheduling a transplant, call your Local Plan at the customer service number appearing on the back of your ID card for assistance in locating an eligible facility and requesting prior approval for transplant services.
- **Clinical trials for certain** blood or marrow stem cell **transplants** – See pages 74 and 75 for the list of conditions covered **only** in clinical trials. Contact us at the customer service number on the back of your ID card for information or to request prior approval before obtaining services. We will request the medical evidence we need to make our coverage determination.

  Note: For the purposes of the blood or marrow stem cell clinical trial transplants covered under this Plan, a clinical trial is a research study whose protocol has been reviewed and approved by the Institutional Review Board (IRB) of the FACT-accredited facility, Blue Distinction Center for Transplants, or Cancer Research Facility (see page 74) where the procedure is to be performed.
- **Prescription drugs and supplies – Certain prescription drugs and supplies require prior approval.** Contact CVS Caremark, our Pharmacy Program administrator, at 800-624-5060 (TTY: 800-624-5077 for the hearing impaired) to request prior approval, or to obtain a list of drugs and supplies that require prior approval. We will request the information we need to make our coverage determination. You must periodically renew prior approval for certain drugs. See page 104 for more about our prescription drug prior approval program, which is part of our Patient Safety and Quality Monitoring (PSQM) program.

Please note that updates to the list of drugs and supplies requiring prior approval are made periodically during the year. New drugs and supplies may be added to the list and prior approval criteria may change. Changes to the prior approval list or to prior approval criteria are not considered benefit changes.

Note: Until we approve them, you must pay for these drugs in full when you purchase them – even if you purchase them at a Preferred retail pharmacy or through our specialty drug pharmacy – and submit the expense(s) to us on a claim form. Preferred pharmacies will not file these claims for you.

Standard Option members may use our Mail Service Prescription Drug Program to fill their prescriptions. **Basic Option** members with primary Medicare Part B coverage also may use this program once prior approval is obtained.

Note: The Mail Service Prescription Drug Program will not fill your prescription until you have obtained prior approval. CVS Caremark, the program administrator, will hold your prescription for you up to 30 days. If prior approval is not obtained within 30 days, your prescription will be returned to you along with a letter explaining the prior approval procedures.

Note: The Specialty Drug Pharmacy Program will not fill your prescription until you have obtained prior approval. AllianceRx Walgreens Prime, the program administrator, will hold your prescription for you up to 30 days. If prior approval is not obtained within 30 days, your prescription will be returned to you along with a letter explaining the prior approval procedures.

- **Medical foods covered under the pharmacy benefit require prior approval.**

- **Surgery by Non-participating providers under Standard Option**

You may request prior approval and receive specific benefit information in advance for non-emergency surgeries to be performed by Non-participating physicians when the charge for the surgery **will be $5,000 or more**. When you contact your local Blue Cross and Blue Shield Plan before your surgery, the Local Plan will review your planned surgery to determine your coverage, the medical necessity of the procedure(s), and the Plan allowance for the services. You can call your Local Plan at the customer service number on the back of your ID card.

Note: Standard Option members are not required to obtain prior approval for surgeries performed by Non-participating providers (unless the surgery is listed on pages 22-25 or is one of the transplant procedures listed on pages 71-75) – even if the charge will be $5,000 or more. If you do not call your Local Plan in advance of the surgery, we will review your claim to provide benefits for the services in accordance with the terms of your coverage.

- **How to request precertification for an admission or get prior approval for *Other services***

First, you, your representative, your physician, or your hospital, residential treatment center or other covered inpatient facility must call us at the telephone number listed on the back of your Service Benefit Plan ID card any time prior to admission or before receiving services that require prior approval.

Next, provide the following information:

- enrollee's name and Plan identification number;
- patient's name, birth date, and phone number;
- reason for inpatient admission, proposed treatment, or surgery;
- name and phone number of admitting physician;
- name of hospital or facility;
- number of days requested for hospital stay;
- any other information we may request related to the services to be provided; and
- if the admission is to a residential treatment center, a preliminary treatment and discharge plan agreed to by the member, provider and case manager at the Local Plan, and the RTC.

  Note: You must enroll and participate in case management with your Local Plan prior to, during, and following an inpatient RTC stay. See pages 87 and 99 for additional information.

Note: If we approve the request for prior approval or precertification, you will be provided with a notice that identifies the approved services and the authorization period. You must contact us with a request for a new approval five (5) business days prior to a change to the approved original request, and for requests for an extension beyond the approved authorization period in the notice you received. We will advise you of the information needed to review the request for change and/or extension.

- **Non-urgent care claims**

For non-urgent care claims (including non-urgent concurrent care claims), we will tell the physician and/or hospital the number of approved inpatient days, or the care that we approve for *Other services* that must have prior approval. We will notify you of our decision within 15 days after the receipt of the pre-service claim.

If matters beyond our control require an extension of time, we may take up to an additional 15 days for review and we will notify you of the need for an extension of time before the end of the original **15-day** period. Our notice will include the circumstances underlying the request for the extension and the date when a decision is expected.

If we need an extension because we have not received necessary information from you, our notice will describe the specific information required and we will allow you up to 60 days from the receipt of the notice to provide the information.

- **Urgent care claims**

If you have an **urgent care claim** (i.e., when waiting for your medical care or treatment could seriously jeopardize your life, health, or ability to regain maximum function, or in the opinion of a physician with knowledge of your medical condition, would subject you to severe pain that cannot be adequately managed without this care or treatment), we will expedite our review of the claim and notify you of our decision within 72 hours as long as we receive sufficient information to complete the review. (For concurrent care claims that are also urgent care claims, please see *If your treatment needs to be extended* on page 27.) If you request that we review your claim as an urgent care claim, we will review the documentation you provide and decide whether it is an urgent care claim by applying the judgment of a prudent layperson who possesses an average knowledge of health and medicine.

If you fail to provide sufficient information, we will contact you within 24 hours after we receive the claim to let you know what information we need to complete our review of the claim. You will then have up to 48 hours to provide the required information. We will make our decision on the claim within 48 hours of (1) the time we received the additional information or (2) the end of the time frame, whichever is earlier.

We may provide our decision orally within these time frames, but we will follow up with written or electronic notification within three days of oral notification. You may request that your urgent care claim on appeal be reviewed simultaneously by us and OPM. Please let us know that you would like a simultaneous review of your urgent care claim by OPM either in writing at the time you appeal our initial decision, or by calling us at the telephone number listed on the back of your Service Benefit Plan ID card. You may also call OPM's Health Insurance 1 at (202) 606-0727 between 8 a.m. and 5 p.m. Eastern Time to ask for the simultaneous review. We will cooperate with OPM so they can quickly review your claim on appeal. In addition, if you did not indicate that your claim was a claim for urgent care, call us at the telephone number listed on the back of your ID card. If it is determined that your claim is an urgent care claim, we will expedite our review (if we have not yet responded to your claim).

- **Concurrent care claims**

A concurrent care claim involves care provided over a period of time or over a number of treatments. We will treat any reduction or termination of our pre-approved course of treatment before the end of the approved period of time or number of treatments as an appealable decision. This does not include reduction or termination due to benefit changes or if your enrollment ends. If we believe a reduction or termination is warranted, we will allow you sufficient time to appeal and obtain a decision from us before the reduction or termination takes effect.

If you request an extension of an ongoing course of treatment at least 24 hours prior to the expiration of the approved time period and this is also an urgent care claim, then we will make a decision within 24 hours after we receive the request.

Emergency inpatient admission

If you have an emergency admission due to a condition that you reasonably believe puts your life in danger or could cause serious damage to bodily function, you, your representative, the physician, or the hospital must telephone us within two business days following the day of the emergency admission, even if you have been discharged from the hospital. If you do not telephone us within two business days, a $500 penalty may apply – see *Warning* under *Inpatient hospital admissions* earlier in this Section and *If your facility stay needs to be extended* on page 27.

Admissions to residential treatment centers do not qualify as emergencies.

- **Maternity care**

You do not need precertification of a maternity admission for a routine delivery. However, if your medical condition requires you to stay more than 48 hours after a vaginal delivery or 96 hours after a cesarean section, then your physician or the hospital must contact us for precertification of additional days. Further, if your baby stays after you are discharged, then your physician or the hospital must contact us for precertification of additional days for your baby.

Note: When a newborn requires definitive treatment during or after the mother's confinement, the newborn is considered a patient in his or her own right. If the newborn is eligible for coverage, regular medical or surgical benefits apply rather than maternity benefits.

- **If your facility stay needs to be extended**

If your **hospital** stay – including for maternity care – needs to be extended, you, your representative, your physician, or the hospital must ask us to approve the additional days. If you remain in the hospital beyond the number of days we approved and did not get the additional days precertified, then:

- for the part of the admission that was medically necessary, we will pay inpatient benefits, but
- for the part of the admission that was not medically necessary, we will pay only medical services and supplies otherwise payable on an outpatient basis and we will not pay inpatient benefits.

If your **residential treatment center** stay needs to be extended, you, your representative, your physician or the residential treatment center must ask us to approve the additional days. If you remain in the residential treatment center beyond the number of days approved and did not get the additional days precertified, we will provide benefits for medically necessary covered services, other than room and board and inpatient physician care, at the level we would have paid if they had been provided on an outpatient basis.

- **If your treatment needs to be extended**

If you request an extension of an ongoing course of treatment at least 24 hours prior to the expiration of the approved time period and this is also an urgent care claim, then we will make a decision within 24 hours after we receive the claim.

If you disagree with our pre-service claim decision

If you have a **pre-service** claim and you do not agree with our decision regarding precertification of an inpatient admission or prior approval of *Other services*, you may request a review by following the procedures listed below. Note that these procedures apply to requests for reconsideration of concurrent care claims as well (see page 147 for definition). (If you have already received the service, supply, or treatment, then your claim is a **post-service claim** and you must follow the entire disputed claims process detailed in Section 8.)

- **To reconsider a non-urgent care claim**

Within 6 months of our initial decision, you may ask us in writing to reconsider our initial decision. Follow Step 1 of the disputed claims process detailed in Section 8 of this brochure.

In the case of a pre-service claim and subject to a request for additional information, we have 30 days from the date we receive your written request for reconsideration to:

1. Precertify your inpatient admission or, if applicable, approve your request for prior approval for the service, drug, or supply; or
2. Write to you and maintain our denial; or
3. Ask you or your provider for more information.

   You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days.

If we do not receive the information within 60 days, we will decide within 30 days of the date the information was due. We will base our decision on the information we already have. We will write to you with our decision.

- **To file an appeal with OPM**

After we reconsider your **pre-service claim**, if you do not agree with our decision, you may ask OPM to review it by following Step 3 of the disputed claims process detailed in Section 8 of this brochure.

Section 4. Your costs for covered services

This is what you will pay out-of-pocket for your covered care:

Cost share/ Cost-sharing

Cost share or cost-sharing is the general term used to refer to your out-of-pocket costs (e.g., deductible, coinsurance, and copayments) for the covered care you receive.

Note: You may have to pay the deductible, coinsurance, and/or copayment amount(s) that apply to your care at the time you receive the services.

Copayment

A copayment is a fixed amount of money you pay to the provider, facility, pharmacy, etc., when you receive certain services.

Example: If you have Standard Option when you see your Preferred physician, you pay a copayment of $25 for the office visit, and we then pay the remainder of the amount we allow for the office visit. (You may have to pay separately for other services you receive while in the physician's office.) When you go into a Preferred hospital, you pay a copayment of $350 per admission. We then pay the remainder of the amount we allow for the covered services you receive.

Copayments do not apply to services and supplies that are subject to a deductible and/or coinsurance amount.

Note: If the billed amount (or the Plan allowance that providers we contract with have agreed to accept as payment in full) is less than your copayment, you pay the lower amount.

Note: When multiple copayment services are performed by the same professional or facility provider on the same day, only one copayment applies per provider per day. When the copayment amounts are different, the highest copayment is applicable. You may be responsible for a separate copayment for some services.

Example: If you have Basic Option when you visit the outpatient department of a Preferred hospital for non-emergency treatment services, your copayment is $100 (see page 82). If you also receive an ultrasound in the outpatient department of the same hospital on the same day, you will not be responsible for the $40 copayment for the ultrasound (shown on page 84).

Deductible

A deductible is a fixed amount of covered expenses you must incur for certain covered services and supplies before we start paying benefits for them. Copayments and coinsurance amounts do not count toward your deductible. When a covered service or supply is subject to a deductible, only the Plan allowance for the service or supply that you then pay counts toward meeting your deductible.

Under Standard Option, the calendar year deductible is $350 per person. After the deductible amount is satisfied for an individual, covered services are payable for that individual. Under a Self Plus One enrollment, both family members must meet the individual deductible. Under a Self and Family enrollment, an individual may meet the individual deductible, or all family members' individual deductibles are considered to be satisfied when the family members' deductibles are combined and reach $700.

Note: If the billed amount (or the Plan allowance that providers we contract with have agreed to accept as payment in full) is less than the remaining portion of your deductible, you pay the lower amount.

Example: If the billed amount is $100, the provider has an agreement with us to accept $80, and you have not paid any amount toward meeting your Standard Option calendar year deductible, you must pay $80. We will apply $80 to your deductible. We will begin paying benefits once the remaining portion of your Standard Option calendar year deductible ($270) has been satisfied.

Note: If you change plans during Open Season and the effective date of your new plan is after January 1 of the next year, you do not have to start a new deductible under your old plan between January 1 and the effective date of your new plan. If you change plans at another time during the year, you must begin a new deductible under your new plan.

Under Basic Option, there is **no calendar year deductible**.

Coinsurance

Coinsurance is the percentage of the Plan allowance that you must pay for your care. Your coinsurance is based on the Plan allowance, or billed amount, whichever is less. **Under Standard Option only**, coinsurance does not begin until you have met your calendar year deductible. Example: You pay 15% of the Plan allowance under Standard Option for durable medical equipment obtained from a Preferred provider, after meeting your $350 calendar year deductible.

If your provider routinely waives your cost

Note: **If your provider routinely waives** (does not require you to pay) your applicable deductible (under Standard Option only), coinsurance, or copayments, the provider is misstating the fee and may be violating the law. In this case, when we calculate our share, we will reduce the provider's fee by the amount waived.

Example: If your physician ordinarily charges $100 for a service but routinely waives your 35% Standard Option coinsurance, the actual charge is $65. We will pay $42.25 (65% of the actual charge of $65).

Waivers

In some instances, a Preferred, Participating, or Member provider may ask you to sign a "waiver" prior to receiving care. This waiver may state that you accept responsibility for the total charge for any care that is not covered by your health plan. If you sign such a waiver, whether you are responsible for the total charge depends on the contracts that the Local Plan has with its providers. If you are asked to sign this type of waiver, please be aware that, if benefits are denied for the services, you could be legally liable for the related expenses. If you would like more information about waivers, please contact us at the customer service number on the back of your ID card.

Differences between our allowance and the bill

Our "**Plan allowance**" is the amount we use to calculate our payment for certain types of covered services. Fee-for-service plans arrive at their allowances in different ways, so allowances vary. For information about how we determine our Plan allowance, see the definition of Plan allowance in Section 10.

Often, the provider's bill is more than a fee-for-service plan's allowance. It is possible for a provider's bill to exceed the plan's allowance by a significant amount. Whether or not you have to pay the difference between our allowance and the bill will depend on the type of provider you use. Providers that have agreements with this Plan are Preferred or Participating and will not bill you for any balances that are in excess of our allowance for covered services. See the descriptions appearing below for the types of providers available in this Plan.

- **Preferred providers**. These types of providers have agreements with the Local Plan to limit what they bill our members. Because of that, when you use a Preferred provider, your share of the provider's bill for covered care is limited.

  Under Standard Option, your share consists only of your deductible and coinsurance or copayment. Here is an example about coinsurance: You see a Preferred physician who charges $250, but our allowance is $100. If you have met your deductible, you are only responsible for your coinsurance. That is, under Standard Option, you pay just 15% of our $100 allowance ($15). Because of the agreement, your Preferred physician will not bill you for the $150 difference between our allowance and his/her bill.

  Under Basic Option, your share consists only of your copayment or coinsurance amount, since there is no calendar year deductible. Here is an example involving a copayment: You see a Preferred physician who charges $250 for covered services subject to a $30 copayment. Even though our allowance may be $100, you still pay just the $30 copayment. Because of the agreement, your Preferred physician will not bill you for the $220 difference between your copayment and his/her bill.

Remember, under Basic Option, you must use Preferred providers in order to receive benefits. See page 21 for the exceptions to this requirement.

- **Participating providers.** These types of **Non-preferred** providers have agreements with the Local Plan to limit what they bill our **Standard Option** members.

  Under Standard Option, when you use a Participating provider, your share of covered charges consists only of your deductible and coinsurance or copayment. Here is an example: You see a Participating physician who charges $250, but the Plan allowance is $100. If you have met your deductible, you are only responsible for your coinsurance. That is, under Standard Option, you pay just 35% of our $100 allowance ($35). Because of the agreement, your Participating physician will not bill you for the $150 difference between our allowance and his/her bill.

Under Basic Option, there are no benefits for care performed by Participating providers; you pay all charges. See page 21 for the exceptions to this requirement.

- **Non-participating providers.** These **Non-preferred providers** have no agreement to limit what they will bill you. As a result, your share of the provider's bill could be significantly more than what you would pay for covered care from a Preferred provider. If you plan to use a Non-participating provider for your care, we encourage you to ask the provider about the expected costs and visit our website, www.fepblue.org, or call us at the customer service number on the back of your ID card for assistance in estimating your total out-of-pocket expenses.

  Under Standard Option, when you use a Non-participating provider, you will pay your deductible and coinsurance – **plus** any difference between our allowance and the charges on the bill (except in certain circumstances – see pages 151-153). For example, you see a Non-participating physician who charges $250. The Plan allowance is again $100, and you have met your deductible. You are responsible for your coinsurance, so you pay 35% of the $100 Plan allowance or $35. Plus, because there is no agreement between the Non-participating physician and us, the physician can bill you for the $150 difference between our allowance and his/her bill. This means you would pay a total of $185 ($35 + $150) for the Non-participating physician's services, rather than $15 for the same services when performed by a Preferred physician. We encourage you to **always visit Preferred providers for your care. Using Non-participating or Non-member providers could result in your having to pay significantly greater amounts for the services you receive.**

Under Basic Option, there are no benefits for care performed by Non-participating providers; you pay all charges. See page 21 for the exceptions to this requirement.

The tables appearing below and on the next page illustrate how much **Standard Option** members have to pay out-of-pocket for services performed by Preferred providers, Participating/Member providers, and Non-participating/Non-member providers. The first example shows services provided by a physician and the second example shows facility care billed by an ambulatory surgical facility. In both examples, your calendar year deductible has already been met. **Use this information for illustrative purposes only**.

Basic Option benefit levels for physician care begin on page 37; see page 82 for Basic Option benefit levels that apply to outpatient hospital or ambulatory surgical facility care.

In the following example, we compare how much you have to pay out-of-pocket for services provided by a Preferred physician, a Participating physician, and a Non-participating physician. The table uses our example of a service for which the physician charges $250 and the Plan allowance is $100.

EXAMPLE	Preferred Physician Standard Option		Participating Physician Standard Option		Non-participating Physician Standard Option	
Physician's charge		$250		$250		$250
Our allowance	We set it at:	100	We set it at:	100	We set it at:	100
We pay	85% of our allowance:	85	65% of our allowance:	65	65% of our allowance:	65
You owe: Coinsurance	15% of our allowance:	15	35% of our allowance:	35	35% of our allowance:	35
You owe: Copayment	Not applicable		Not applicable		Not applicable	
+ Difference up to charge?	No:	0	No:	0	Yes:	150
TOTAL YOU PAY		**$15**		**$35**		**$185**

Note: If you had not met any of your **Standard Option** deductible in the above example, only our allowance ($100), which you would pay in full, would count toward your deductible.

In the following example, we compare how much you have to pay out-of-pocket for services billed by a Preferred, Member, and Non-member ambulatory surgical facility for facility care associated with an outpatient surgical procedure. The table uses an example of services for which the ambulatory surgical facility charges $5,000. The Plan allowance is $2,900 when the services are provided at a Preferred or Member facility, and the Plan allowance is $2,500 when the services are provided at a Non-member facility.

EXAMPLE	Preferred Ambulatory Surgical Facility Standard Option		Member Ambulatory Surgical Facility Standard Option		Non-member Ambulatory Surgical Facility* Standard Option	
Facility's charge		$5,000		$5,000		$5,000
Our allowance	We set it at:	2,900	We set it at:	2,900	We set it at:	2,500
We pay	85% of our allowance:	2,465	65% of our allowance:	1,885	65% of our allowance:	1,625
You owe: Coinsurance	15% of our allowance:	435	35% of our allowance:	1,015	35% of our allowance:	875
You owe: Copayment	Not applicable		Not applicable		Not applicable	
+ Difference up to charge?	No:	0	No:	0	Yes:	2,500
TOTAL YOU PAY		**$435**		**$1,015**		**$3,375**

Note: If you had not met any of your **Standard Option** deductible in the above example, $350 of our allowed amount would be applied to your deductible before your coinsurance amount was calculated.

***A Non-member facility may bill you any amount for the services it provides. You are responsible for paying all expenses over our allowance, regardless of the total amount billed, in addition to your calendar year deductible and coinsurance. For example, if you use a Non-member facility that charges $60,000 for facility care related to outpatient bariatric surgery, and we pay the $1,625 amount illustrated above, you would owe $58,375 ($60,000 - $1,625 = $58,375). This example assumes your calendar year deductible has been met.**

Important notice about Non-participating providers!

Preferred hospitals and other covered facilities may contract with Non-participating providers to provide certain medical or surgical services at their facilities. Non-participating providers have no agreements with your Local Plan to limit what they can bill you. Using Non-participating or Non-member providers could result in your having to pay significantly greater amounts for the services you receive.

Here is an example: You have coverage under Standard Option and go into a Preferred hospital for surgery. During surgery, you receive the services of a Non-participating anesthesiologist. Under Standard Option, members pay 15% of the Non-participating Provider Allowance plus any difference between that allowance and the amount billed (after the member's $350 calendar year deductible has been satisfied), for services provided in Preferred facilities by Non-participating anesthesiologists (see page 63). For Preferred provider services, members pay only a coinsurance amount of 15% of the Preferred Provider Allowance after meeting the $350 calendar year deductible.

In this example, the Non-participating anesthesiologist charges $1,200 for his/her services. Our Non-participating Provider Allowance for those services is $400. For the Non-preferred anesthesiologist's services, you would be responsible for paying 15% of the allowance ($60), plus the $800 difference between the allowance and the amount billed, for a total of $860. If you instead received services from a Preferred anesthesiologist, you would pay only 15% of the $400 allowance (after meeting your deductible), or $60, resulting in a savings to you of $800 ($860 - $60 = $800).

Always request Preferred providers for your care. Call your Local Plan at the number listed on the back of your ID card or go to our website, www.fepblue.org, to check the contracting status of your provider or to locate a Preferred provider near you.

Under Basic Option, there are no benefits for care performed by Participating/Member or Non-participating/Non-member providers. You must use Preferred providers in order to receive benefits. See page 21 for the exceptions to this requirement.

Your costs for other care

- **Overseas care. Under Standard and Basic Options**, we pay overseas claims at Preferred benefit levels. In most cases, our Plan allowance for professional provider services is based on our Overseas Fee Schedule. Most overseas professional providers are under no obligation to accept our allowance, and you must pay any difference between our payment and the provider's bill. For inpatient facility care you receive overseas, we provide benefits in full for admissions to a Department of Defense (DoD) facility, or when the Worldwide Assistance Center, (provided by AXA Assistance) has arranged direct billing or acceptance of a guarantee of benefits with the facility. If a direct billing arrangement or guarantee of benefits is not accepted by the facility, you are responsible for the applicable copayment or coinsurance. For outpatient facility care you receive overseas, we provide benefits in full after you pay the applicable copayment or coinsurance (and under Standard Option, any deductible amount that may apply). See Section 5(i) for more information about our overseas benefits.
- **Dental care. Under Standard Option**, we pay scheduled amounts for covered dental services and you pay balances as described in Section 5(g). **Under Basic Option**, you pay $30 for any covered evaluation and we pay the balance for covered services. **Basic Option members** must use **Preferred** dentists in order to receive benefits. See Section 5(g) for a listing of covered dental services and additional payment information.

Inpatient facility care. Under Standard and Basic Options, you pay the coinsurance or copayment amounts listed in Section 5(c). **Under Standard Option**, you must meet your deductible before we begin providing benefits for certain facility-billed services. **Under Basic Option**, you must use **Preferred** facilities in order to receive benefits. See page 21 for the exceptions to this requirement.

Your catastrophic protection out-of-pocket maximum for deductibles, coinsurance, and copayments

Under Standard and Basic Options, we limit your annual out-of-pocket expenses for the covered services you receive to protect you from unexpected healthcare costs. When your eligible out-of-pocket expenses reach this catastrophic protection maximum, you no longer have to pay the associated cost-sharing amounts for the rest of the calendar year. For Self Plus One and Self and Family enrollments, once any individual family member reaches the Self Only catastrophic protection out-of-pocket maximum during the calendar year, that member's claims will no longer be subject to associated cost-sharing amounts for the rest of the year. All other family members will be required to meet the balance of the catastrophic protection out-of-pocket maximum.

Note: Certain types of expenses do not accumulate to the maximum.

Standard Option maximums:

Preferred Provider maximum – For a Self Only enrollment, your out-of-pocket maximum for your deductible, and for eligible coinsurance and copayment amounts, is $5,000 when you use Preferred providers. For a Self Plus One or Self and Family enrollment, your out-of-pocket maximum for these types of expenses is $10,000 for Preferred provider services. Only eligible expenses for Preferred provider services count toward these limits.

Non-preferred Provider maximum – For a Self Only enrollment, your out-of-pocket maximum for your deductible, and for eligible coinsurance and copayment amounts, is $7,000 when you use Non-preferred providers. For a Self Plus One or Self and Family enrollment, your out-of-pocket maximum for these types of expenses is $14,000 for Non-preferred provider services. For either enrollment type, eligible expenses for the services of Preferred providers also count toward these limits.

Basic Option maximum:

Preferred Provider maximum – For a Self Only enrollment, your out-of-pocket maximum for eligible coinsurance and copayment amounts, is $5,500 when you use Preferred providers. For a Self Plus One or a Self and Family enrollment, your out-of-pocket maximum for these types of expenses is $11,000 when you use Preferred providers. Only eligible expenses for Preferred provider services count toward these limits.

The following expenses are not included under this feature. These expenses do not count toward your catastrophic protection out-of-pocket maximum, and you must continue to pay them even after your expenses exceed the limits described above.

- The difference between the Plan allowance and the billed amount. See pages 29-31;
- Expenses for services, drugs, and supplies in excess of our maximum benefit limitations;
- Under Standard Option, your 35% coinsurance for inpatient care in a Non-member hospital;
- Under Standard Option, your 35% coinsurance for outpatient care by a Non-member facility;
- Your expenses for dental services in excess of our fee schedule payments under Standard Option. See Section 5(g);
- The $500 penalty for failing to obtain precertification, and any other amounts you pay because we reduce benefits for not complying with our cost containment requirements; and
- Under Basic Option, your expenses for care received from Participating/Non-participating professional providers or Member/Non-member facilities, except for coinsurance and copayments you pay in those situations where we do pay for care provided by Non-preferred providers. Please see page 21 for the exceptions to the requirement to use Preferred providers.

If your provider's prescription allows for generic substitution and you select a brand-name drug, your expenses for the difference in cost-share do not count toward your catastrophic protection out-of-pocket maximum (see page 101 for additional information).

Carryover

Note: If you change to another plan during Open Season, we will continue to provide benefits between January 1 and the effective date of your new plan.

- If you had already paid the out-of-pocket maximum, we will continue to provide benefits as described on page 32 and on this page until the effective date of your new plan.
- If you had not yet paid the out-of-pocket maximum, we will apply any expenses you incur in January (before the effective date of your new plan) to our prior year's out-of-pocket maximum. Once you reach the maximum, you do not need to pay our deductibles, copayments, or coinsurance amounts (except as shown on page above) from that point until the effective date of your new plan.

Note: Because benefit changes are effective January 1, we will apply our next year's benefits to any expenses you incur in January.

Note: If you change options in this Plan during the year, we will credit the amounts already accumulated toward the catastrophic protection out-of-pocket limit of your old option to the catastrophic protection out-of-pocket limit of your new option. If you change from Self Only to Self Plus One or Self and Family, or vice versa, during the calendar year, please call us about your out-of-pocket accumulations and how they carry over.

If we overpay you

We will make diligent efforts to recover benefit payments we made in error but in good faith. We may reduce subsequent benefit payments to offset overpayments.

Note: We will generally first seek recovery from the provider if we paid the provider directly, or from the person (covered family member, guardian, custodial parent, etc.) to whom we sent our payment.

Note: If we provided coverage in error, but in good faith, for prescription drugs purchased through one of our pharmacy programs, we will request reimbursement from the member.

When Government facilities bill us

Facilities of the Department of Veterans Affairs, the Department of Defense, and the Indian Health Service are entitled to seek reimbursement from us for certain services and supplies they provide to you or a family member. They may not seek more than their governing laws allow. You may be responsible to pay for certain services and charges. Contact the government facility directly for more information.

Section 5. Standard and Basic Option Benefits

See page 16 for how our benefits changed this year. Pages 160-163 are a benefits summary of each option. Make sure that you review the benefits that are available under the option in which you are enrolled.

Standard and Basic Option Overview 36

Section 5(a). Medical services and supplies provided by physicians and other healthcare professionals 37
- Diagnostic and treatment services 38
- Lab, X-ray, and other diagnostic tests 39
- Preventive care, adult 41
- Preventive care, children 46
- Maternity care 48
- Family planning 50
- Reproductive services 51
- Allergy care 52
- Treatment therapies 53
- Physical therapy, occupational therapy, speech therapy, and cognitive rehabilitation therapy 54
- Hearing services (testing, treatment, and supplies) 55
- Vision services (testing, treatment, and supplies) 55
- Foot care 56
- Orthopedic and prosthetic devices 57
- Medical supplies 59
- Manipulative treatment 60

Section 5(b). Surgical and anesthesia services provided by physicians and other healthcare professionals 63
- Surgical procedures 65
- Organ/tissue transplants 71

Section 5(c). Services provided by a hospital or other facility, and ambulance services 79
- Inpatient hospital 80
- Residential Treatment Center 87
- Hospice care 89

Section 5(d). Emergency services/accidents 93
- Accidental injury 94
- Medical emergency 95
- Ambulance 96

Section 5(e). Mental health and substance use disorder benefits 97
- Professional services 98
- Residential Treatment Center 99
- Not covered (Inpatient or Outpatient) 100

Section 5(f). Prescription drug benefits 101
- Covered medications and supplies 105
- Preferred retail pharmacies 111
- Mail Service Prescription Drug Program 112
- Specialty Drug Pharmacy Program 113

Section 5(g). Dental benefits 116
- Accidental injury benefit 116
- Dental benefits 117

Section 5(h). Wellness and other special features 120
Health Tools 120
Services for the deaf and hearing impaired 120
Web accessibility for the visually impaired 120
Travel benefit/services overseas 120
Healthy Families 120
Blue Health Assessment 121
Diabetes Management Incentive Program 121
Hypertension Management Program 122
Pregnancy Care Incentive Program 122
Reimbursement Account for Basic Option Members enrolled in Medicare Part A and Part B 122
MyBlue® Customer eService 123
National Doctor & Hospital FinderSM 123
Care Management Programs 123
Flexible benefits option 124
Telehealth Services 124

Section 5(i). Services, drugs, and supplies provided overseas 125

Non-FEHB benefits available to Plan Members 128
Blue365® 128
Health Club Memberships 128
Discount Drug Program 128
Vision Care Affinity Program 128
ARAG® Legal Center 129
DIY Docs™ 129

Standard and Basic Option Overview

This Plan offers both a Standard and Basic Option. Both benefit packages are described in Section 5. Make sure that you review the benefits that are available under the option in which you are enrolled.

The Standard and Basic Option Section 5 is divided into subsections. Please read *Important things you should keep in mind* at the beginning of the subsections. Also read the general exclusions in Section 6; they apply to the benefits in the following subsections. To obtain claim forms, claims filing advice, or more information about Standard and Basic Option benefits, contact us at the customer service telephone number on the back of your Service Benefit Plan ID card or on our website at www.fepblue.org. Each option offers unique features.

Standard Option

When you have Standard Option, you can use both Preferred and Non-preferred providers. However, your out-of-pocket expenses are lower when you use Preferred providers and Preferred providers will submit claims to us on your behalf. Standard Option has a calendar year deductible for some services and a $25 copayment for office visits to primary care providers ($35 for specialists). Standard Option also features a Preferred Retail Pharmacy Program, a Preferred Mail Service Prescription Drug Program, and a Preferred Specialty Drug Pharmacy Program.

Basic Option

Basic Option does not have a calendar year deductible. Most services are subject to copayments ($30 for primary care providers and $40 for specialists). Members do not need to have referrals to see specialists. You must use Preferred providers for your care to be eligible for benefits, except in certain circumstances, such as emergency care. Preferred providers will submit claims to us on your behalf. Basic Option also offers a Preferred Retail Pharmacy Program and a Preferred Specialty Drug Pharmacy Program. Members with primary Medicare Part B coverage have access to the Mail Service Prescription Drug Program.

Section 5(a). Medical services and supplies provided by physicians and other healthcare professionals

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Please refer to Section 3, *How you get care*, for information on covered professional providers and other healthcare professionals.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also, read Section 9 for information about how we pay if you have other coverage, or if you are age 65 or over.
- We base payment on whether a facility or a healthcare professional bills for the services or supplies. You will find that some benefits are listed in more than one section of the brochure. This is because how they are paid depends on what type of provider bills for the service. For example, physical therapy is paid differently depending on whether it is billed by an inpatient facility, a physician, a physical therapist, or an outpatient facility.
- The services listed in this Section are for the charges billed by a physician or other healthcare professional for your medical care. See Section 5(c) for charges associated with the facility (i.e., hospital or other outpatient facility, etc.).
- PPO benefits apply only when you use a PPO provider. When no PPO provider is available, non-PPO benefits apply.
- Benefits for certain self-injectable drugs are limited to once per lifetime per therapeutic category of drug when obtained from a covered provider other than a pharmacy under the pharmacy benefit. This benefit limitation does not apply if you have primary Medicare Part B coverage. See page 111 for information about Tier 4 and Tier 5 specialty drug fills from a Preferred pharmacy. Medications restricted under this benefit are available on our Specialty Drug List. Visit www.fepblue.org/specialtypharmacy or call us at 888-346-3731. Basic Option members must use a preferred pharmacy.
- **Under Standard Option,**
  - The calendar year deductible is $350 per person ($700 per Self Plus One or Self and Family enrollment).
  - We provide benefits at 85% of the Plan allowance for services provided in Preferred facilities by Non-preferred radiologists, anesthesiologists, certified registered nurse anesthetists (CRNAs), pathologists, emergency room physicians, and assistant surgeons (including assistant surgeons in a physician's office). You are responsible for any difference between our payment and the billed amount.
- **Under Basic Option,**
  - There is **no calendar year deductible**.
  - **You must use Preferred providers in order to receive benefits. See below and page 21 for the exceptions to this requirement**.
  - We provide benefits at Preferred benefit levels for services provided in Preferred facilities by Non-preferred radiologists, anesthesiologists, certified registered nurse anesthetists (CRNAs), pathologists, emergency room physicians, and assistant surgeons (including assistant surgeons in a physician's office). You are responsible for any difference between our payment and the billed amount.

Benefit Description	You Pay	
Note: For Standard Option, we state whether or not the calendar year deductible applies for each benefit listed in this Section. There is no calendar year deductible under Basic Option.		
Diagnostic and treatment services	**Standard Option**	**Basic Option**
Outpatient professional services of physicians and other healthcare professionals: • Consultations • Second surgical opinions • Clinic visits • Office visits • Home visits • Initial examination of a newborn needing definitive treatment when covered under a Self Plus One or Self and Family enrollment • Pharmacotherapy (medication management) (See Section 5(f) for prescription drug coverage) Note: Please refer to pages 39-40 for our coverage of laboratory, X-ray, and other diagnostic tests billed for by a healthcare professional, and to pages 83-84 for our coverage of these services when billed for by a facility, such as the outpatient department of a hospital.	Preferred primary care provider or other healthcare professional: $25 copayment per visit (no deductible) Preferred specialist: $35 copayment per visit (no deductible) Participating: 35% of the Plan allowance (deductible applies) Non-participating: 35% of the Plan allowance (deductible applies), plus any difference between our allowance and the billed amount	Preferred primary care provider or other healthcare professional: $30 copayment per visit Preferred specialist: $40 copayment per visit Note: You pay 30% of the Plan allowance for agents, drugs, and/or supplies administered or obtained in connection with your care. (See page 147 for more information about "agents.") Participating/Non-participating: You pay all charges
Telehealth professional services for: • Minor acute conditions (see page 150 for definition) Note: Refer to Section 5(h) Wellness and other special Features for information on telehealth services and how to access a provider.	Preferred Telehealth Provider: $10 (no deductible) Participating/Non-participating: You pay all charges	Preferred Telehealth Provider: $15 Participating/Non-participating: You pay all charges
Inpatient professional services: • During a covered hospital stay • Services for nonsurgical procedures when ordered, provided, and billed by a physician during a covered inpatient hospital admission • Medical care by the attending physician (the physician who is primarily responsible for your care when you are hospitalized) on days we pay hospital benefits Note: A consulting physician employed by the hospital is not the attending physician. • Consultations when requested by the attending physician • Concurrent care – hospital inpatient care by a physician other than the attending physician for a condition not related to your primary diagnosis, or because the medical complexity of your condition requires this additional medical care • Physical therapy by a physician other than the attending physician • Initial examination of a newborn needing definitive treatment when covered under a Self Plus One or Self and Family enrollment *(continued on next page)*	Preferred: 15% of the Plan allowance (deductible applies) Participating: 35% of the Plan allowance (deductible applies) Non-participating: 35% of the Plan allowance (deductible applies), plus any difference between our allowance and the billed amount	Preferred: Nothing Participating/Non-participating: You pay all charges

Diagnostic and treatment services – continued on next page

Diagnostic and treatment services *(continued)*	You Pay	
	Standard Option	**Basic Option**
Inpatient professional services *(continued)* • Pharmacotherapy (medication management) (See Section 5(c) for our coverage of drugs you receive while in the hospital.) • Second surgical opinion • Nutritional counseling when billed by a covered provider	See page 38	See page 38
Not covered: • *Routine services except for those Preventive care services described on pages 41-47* • *Telephone consultations and online medical evaluation and management services except as shown in Section 5(a) page 39 and Section 5(e) page 98* • *Private duty nursing* • *Standby physicians* • *Routine radiological and staff consultations required by facility rules and regulations* • *Inpatient physician care when your admission or portion of an admission is not covered (See Section 5(c).)* *Note: If we determine that an inpatient admission is not covered, we will not provide benefits for inpatient room and board or inpatient physician care. However, we will provide benefits for covered services or supplies other than room and board and inpatient physician care at the level that we would have paid if they had been provided in some other setting.*	*All charges*	*All charges*
Lab, X-ray, and other diagnostic tests		
Diagnostic tests limited to: • Laboratory tests (such as blood tests and urinalysis) • Pathology services • EKGs Note: See Section 5(c) for services billed for by a facility, such as the outpatient department of a hospital.	Preferred: 15% of the Plan allowance (deductible applies) Participating: 35% of the Plan allowance (deductible applies) Non-participating: 35% of the Plan allowance (deductible applies), plus any difference between our allowance and the billed amount Note: If your Preferred provider uses a Non-preferred laboratory or radiologist, we will pay Non-preferred benefits for any laboratory and X-ray charges.	Preferred: Nothing Note: You pay 30% of the Plan allowance for agents, drugs, and/or supplies administered or obtained in connection with your care. (See page 147 for more information about "agents.") Participating/Non-participating: You pay all charges (except as noted below) Note: For services billed by Participating and Non-participating laboratories or radiologists, you pay any difference between our allowance and the billed amount.

Lab, X-ray, and other diagnostic tests – continued on next page

Lab, X-ray, and other diagnostic tests *(continued)*	**You Pay**	
	Standard Option	**Basic Option**
Diagnostic tests including but not limited to: • Cardiovascular monitoring • EEGs • Neurological testing • Ultrasounds • X-rays (including set-up of portable X-ray equipment) Note: See Section 5(c) for services billed for by a facility, such as the outpatient department of a hospital.	Preferred: 15% of the Plan allowance (deductible applies) Participating: 35% of the Plan allowance (deductible applies) Non-participating: 35% of the Plan allowance (deductible applies), plus any difference between our allowance and the billed amount Note: If your Preferred provider uses a Non-preferred laboratory or radiologist, we will pay Non-preferred benefits for any laboratory and X-ray charges.	Preferred: $40 copayment Note: You pay 30% of the Plan allowance for agents, drugs, and/or supplies administered or obtained in connection with your care. (See page 147 for more information about “agents.”) Participating/Non-participating: You pay all charges (except as noted below) Note: For services billed by Participating and Non-participating laboratories or radiologists, you pay any difference between our allowance and the billed amount in addition to the Preferred copayment listed above.
Diagnostic tests limited to: • Bone density tests • CT scans/MRIs/PET scans • Angiographies • Genetic testing Note: Benefits are available for specialized diagnostic genetic testing when it is medically necessary to diagnose and/or manage a patient’s existing medical condition. Benefits are not provided for genetic panels when some or all of the tests included in the panel are not covered, are experimental or investigational, or are not medically necessary. Refer to the next paragraph for information about diagnostic BRCA testing. Note: You must obtain prior approval for BRCA testing (see page 23). Diagnostic BRCA testing, including testing for large genomic rearrangements in the BRCA1 and BRCA2 genes. Benefits are available for members with a cancer diagnosis when the requirements in the note above are met, and the member does not meet criteria for Preventive BRCA testing. Benefits are limited to one test of each type per lifetime whether covered as a diagnostic test or paid under Preventive care benefits (see pages 43-44). Note: See page 43 in this Section for coverage of genetic counseling and testing services related to family history of cancer or other disease. • Nuclear medicine • Sleep studies Note: Prior approval is required for sleep studies performed in a location other than the home. Note: See Section 5(c) for services billed for by a facility, such as the outpatient department of a hospital.	Preferred: 15% of the Plan allowance (deductible applies) Participating: 35% of the Plan allowance (deductible applies) Non-participating: 35% of the Plan allowance (deductible applies), plus any difference between our allowance and the billed amount Note: If your Preferred provider uses a Non-preferred laboratory or radiologist, we will pay Non-preferred benefits for any laboratory and X-ray charges.	Preferred: $100 copayment for bone density tests, CT scans/MRIs/PET scans, angiographies, genetic testing, nuclear medicine, and sleep studies performed outside the home Preferred: $40 copayment for sleep studies performed at home Note: You pay 30% of the Plan allowance for agents, drugs, and/or supplies administered or obtained in connection with your care. (See page 147 for more information about “agents.”) Participating/Non-participating: You pay all charges (except as noted below) Note: For services billed by Participating and Non-participating laboratories or radiologists, you pay any difference between our allowance and the billed amount in addition to the Preferred copayment listed above.

Preventive care, adult	You Pay	
	Standard Option	Basic Option
Benefits are provided for preventive care services for adults age 22 and over, including services recommended by the U.S. Preventive Services Task Force (USPSTF). Covered services include: • Visits/exams for preventive care Note: See the definition of Preventive care, Adult on page 154 for included health screening services. • Individual counseling on prevention and reducing health risks Note: Preventive care benefits are not available for group counseling. Note: Preventive care benefits for each of the services listed below are limited to one per calendar year. • Chest X-ray • EKG • Urinalysis • General health panel • Basic or comprehensive metabolic panel test • CBC • Fasting lipoprotein profile (total cholesterol, LDL, HDL, and/or triglycerides) • Screening for diabetes mellitus • Screening for hepatitis B • Screening for hepatitis C • Screening for alcohol/substance use Note: See pages 62 and 113 for our coverage of smoking and tobacco cessation treatment. • Screening for chlamydial infection • Screening for gonorrhea infection • Screening for human papillomavirus (HPV) for females • Screening for human immunodeficiency virus (HIV) infection • Screening for syphilis infection • Screening for latent tuberculosis infection • Administration and interpretation of a Health Risk Assessment (HRA) questionnaire (see *Definitions*) Note: As a member of the Service Benefit Plan, you have access to the Blue Cross and Blue Shield HRA, called the "Blue Health Assessment" questionnaire. Completing the questionnaire entitles you to receive special benefit incentives. See Section 5(h) for complete information.	Preferred: Nothing (no deductible) Note: If you receive both preventive and diagnostic services from your Preferred provider on the same day, you are responsible for paying your cost-share for the diagnostic services. Participating: 35% of the Plan allowance (deductible applies) Non-participating: 35% of the Plan allowance (deductible applies), plus any difference between our allowance and the billed amount Note: When billed by a facility, such as the outpatient department of a hospital, we provide benefits as shown here, according to the contracting status of the facility.	Preferred: Nothing Note: If you receive both preventive and diagnostic services from your Preferred provider on the same day, you are responsible for paying your cost-share for the diagnostic services. Participating/Non-participating: You pay all charges (except as noted below) Note: For services billed by Participating and Non-participating laboratories or radiologists, you pay any difference between our allowance and the billed amount. Note: When billed by a Preferred facility, such as the outpatient department of a hospital, we provide benefits as shown here for Preferred providers. Note: Benefits are not available for visits/exams for preventive care, associated laboratory tests, colonoscopies, or routine immunizations performed at Member or Non-member facilities. Note: See Section 5(c) for our payment levels for covered cancer screenings and ultrasound screening for abdominal aortic aneurysm billed for by Member or Non-member facilities and performed on an outpatient basis.

Preventive care, adult – continued on next page

Preventive care, adult *(continued)*	**You Pay**	
	Standard Option	**Basic Option**
• Colorectal cancer tests, including: – Fecal occult blood test – Colonoscopy, with or without biopsy (see page 65 for our payment levels for diagnostic colonoscopies) – Sigmoidoscopy – Double contrast barium enema – DNA analysis of stool samples • Prostate cancer tests – Prostate Specific Antigen (PSA) test • Cervical cancer tests (including Pap tests) • Screening mammograms, including mammography using digital technology Note: Preventive care benefits for each of the services listed above are limited to one per calendar year. Note: We pay preventive care benefits on the first claim we process for each of the above tests you receive in the calendar year. Regular coverage criteria and benefit levels apply to subsequent claims for those types of tests if performed in the same year. • Low-dose CT screening for lung cancer (limited to one per year, for adults ages 55 to 80, with a history of tobacco use) • Osteoporosis screening for women age 65 and over or women ages 50 to 65 who are at increased risk • Ultrasound for abdominal aortic aneurysm for adults, ages 65 to 75, limited to one screening per lifetime • Nutritional counseling when billed by a covered provider Note: Benefits are limited to individual nutritional counseling services. We do not provide benefits for group counseling services. Note: If you receive both preventive and diagnostic services from your Preferred provider on the same day, you are responsible for paying your cost-share for the diagnostic services.	Preferred: Nothing (no deductible) Participating: 35% of the Plan allowance (deductible applies) Non-participating: 35% of the Plan allowance (deductible applies), plus any difference between our allowance and the billed amount Note: When billed by a facility, such as the outpatient department of a hospital, we provide benefits as shown here, according to the contracting status of the facility.	Preferred: Nothing Participating/Non-participating: You pay all charges (except as noted below) Note: For services billed by Participating and Non-participating laboratories or radiologists, you pay any difference between our allowance and the billed amount. Note: When billed by a Preferred facility, such as the outpatient department of a hospital, we provide benefits as shown here for Preferred providers. Note: Benefits are not available for visits/exams for preventive care, associated laboratory tests, colonoscopies, or routine immunizations performed at Member or Non-member facilities. Note: See Section 5(c) for our payment levels for covered cancer screenings and ultrasound screening for abdominal aortic aneurysm billed for by Member or Non-member facilities and performed on an outpatient basis.

Preventive care, adult – continued on next page

Preventive care, adult *(continued)*	You Pay	
	Standard Option	Basic Option
Hereditary Breast and Ovarian Cancer Screening Benefits are available for screening members, age 18 and over, to evaluate the risk for developing certain types of hereditary breast or ovarian cancer related to mutations in BRCA1 and BRCA2 genes: • **Genetic counseling and evaluation** for members whose personal and/or family history is associated with an increased risk for harmful mutations in BRCA1 and BRCA2 genes. • **BRCA testing** for members whose personal and/or family history is associated with an increased risk for harmful mutations in BRCA1 or BRCA2 genes. Note: You must receive genetic counseling and evaluation services and obtain prior approval before you receive preventive BRCA testing. Preventive care benefits will not be provided for BRCA testing unless you receive genetic counseling and evaluation prior to the test, and scientifically valid screening measures are used for the evaluation, and the results support BRCA testing. See page 22 for information about prior approval. Eligible members must meet at least one of the following criteria: – Members who have a personal history of breast, ovarian, fallopian tube, peritoneal, pancreatic and/or prostate cancer, who have not received BRCA testing, when genetic counseling and evaluation using scientifically valid measures (see above) supports BRCA testing – Members who have not been diagnosed with breast, ovarian, fallopian tube, peritoneal, pancreatic, and/or prostate cancer who meet at least one of the following family history criteria (see below for members of Ashkenazi Jewish heritage): o Individual from a family with a known harmful mutation in BRCA1 and/or BRCA2 gene; or o Two first-degree female relatives with breast cancer, one of whom was diagnosed at age 50 or younger; or o A combination of three or more first- or second-degree female relatives with breast cancer regardless of age at diagnosis; or o A first- or second-degree relative with both breast and ovarian cancer at any age; or o A history of breast cancer in a first- or second-degree female relative, and a history of ovarian, fallopian tube, or primary peritoneal cancer in the same or another female first- or second-degree relative; or *(continued on next page)*	Preferred: Nothing (no deductible) Participating: 35% of the Plan allowance (deductible applies) Non-participating: 35% of the Plan allowance (deductible applies), plus any difference between our allowance and the billed amount	Preferred: Nothing Participating/Non-participating: You pay all charges (except as noted below) Note: For services billed by Participating and Non-participating laboratories, you pay any difference between our allowance and the billed amount. Note: When billed by a Preferred facility, such as the outpatient department of a hospital, we provide benefits as shown here for Preferred providers. Benefits are not available for BRCA testing performed at Member or Non-member facilities.

Preventive care, adult – continued on next page

Preventive care, adult *(continued)*	You Pay	
	Standard Option	Basic Option
BRCA testing *(continued)* o A first-degree female relative with bilateral breast cancer; or o A combination of two or more first- or second-degree female relatives with ovarian cancer regardless of age at diagnosis; or o A history of pancreatic or prostate cancer diagnosed in a first- or second-degree relative; or o A history of breast cancer in a male relative – Members of Ashkenazi Jewish heritage who have not been diagnosed with breast, ovarian, fallopian tube, peritoneal, pancreatic, and/or prostate cancer must meet one of the following family history criteria: o Individual from a family with a known harmful mutation in BRCA1 and/or BRCA2 gene; or o Any first-degree relative with breast or ovarian cancer; or o A history of pancreatic or prostate cancer diagnosed in a first- or second-degree relative; or o Two second-degree relatives on the same side of the family with breast or ovarian cancer First-degree relatives are defined as: parents, siblings, and children of the member being tested. Second-degree relatives are defined as: grandparents, aunts, uncles, nieces, nephews, grandchildren, and half-siblings (siblings with one shared biological parent) of the member being tested. Relatives may be living or deceased. • **Testing for large genomic rearrangements of the BRCA1 and BRCA2 genes** – Eligible members are age 18 or older; and – Receive genetic counseling and evaluation prior to the BRCA1 and BRCA2 testing; and – Meet BRCA testing criteria described above and on page 43. Note: Benefits for BRCA testing and testing for large genomic rearrangements of the BRCA1 and BRCA2 genes are limited to one of each type of test per lifetime whether considered a preventive screening or a diagnostic test (see page 40 for our coverage of diagnostic BRCA testing). Note: Preventive care benefits are not available for surgical removal of breasts, ovaries, or prostate.	See page 43	See page 43

Preventive care, adult – continued on next page

Preventive care, adult *(continued)*	**You Pay**	
	Standard Option	**Basic Option**
Immunizations limited to the following vaccines (as licensed by the U.S. Food and Drug Administration (FDA)): • Hepatitis (Types A and B) for patients with increased risk or family history • Herpes zoster (shingles)* • Human papillomavirus (HPV)* • Influenza (flu)* • Measles, mumps, rubella • Meningococcal* • Pneumococcal* • Tetanus, diphtheria, pertussis booster (one every 10 years) • Varicella *Many Preferred retail pharmacies participate in our vaccine network. See page 108 for our coverage of these vaccines when provided by pharmacies in the vaccine network.	Preferred: Nothing (no deductible) Participating: 35% of the Plan allowance (deductible applies) Non-participating: 35% of the Plan allowance (deductible applies), plus any difference between our allowance and the billed amount Note: We waive your deductible and coinsurance amount for services billed by Participating/ Non-participating providers related to Influenza (flu) vaccines. If you use a Non-participating provider, you pay any difference between our allowance and the billed amount. Note: When billed by a facility, such as the outpatient department of a hospital, we provide benefits as shown here, according to the contracting status of the facility.	Preferred: Nothing Participating/Non-participating: You pay all charges (except as noted below) Note: We provide benefits for services billed by Participating/ Non-participating providers related to Influenza (flu) vaccines. If you use a Non-participating provider, you pay any difference between our allowance and the billed amount. Note: When billed by a facility, such as the outpatient department of a hospital, we provide benefits as shown here, according to the contracting status of the facility.
Note: U.S. FDA licensure may restrict the use of the immunizations and vaccines listed above to certain age ranges, frequencies, and/or other patient-specific indications, including gender. Note: If you receive both preventive and diagnostic services from your Preferred provider on the same day, you are responsible for paying your cost-share for the diagnostic services. Note: See page 110 for our payment levels for medicines to promote better health as recommended under the Affordable Care Act. Note: The benefits listed above and on pages 41-45 do not apply to children up to age 22. (See benefits under *Preventive care, children*, this Section.) Note: Any procedure, injection, diagnostic service, laboratory, or X-ray service done in conjunction with a routine examination and not included in the preventive listing of services will be subject to the applicable member copayments, coinsurance, and deductible. Note: A complete list of preventive care services recommended under the U.S. Preventive Services Task Force (USPSTF) is available online at: www.uspreventiveservicestaskforce.org/Page/Name/uspstf-a-and-b-recommendations/ HHS: www.healthcare.gov/preventive-care-benefits A complete list of women's preventive services can be found at www.healthcare.gov/preventive-care-women/ For additional information: healthfinder.gov/myhealthfinder/default.aspx	See above and pages 41-45	See above and pages 41-45

Maternity care	You Pay	
	Standard Option	Basic Option
Maternity (obstetrical) care including related conditions resulting in childbirth or miscarriage, such as: • Prenatal care (including ultrasound, laboratory, and diagnostic tests) Note: See Section 5(h) for details about our Pregnancy Care Incentive Program. • Delivery • Postpartum care • Assistant surgeons/surgical assistance if required because of the complexity of the delivery • Anesthesia (including acupuncture) when requested by the attending physician and performed by a certified registered nurse anesthetist (CRNA) or a physician other than the operating physician (surgeon) or the assistant • Tocolytic therapy and related services when provided on an inpatient basis during a covered hospital admission • Breastfeeding education and individual coaching on breastfeeding by healthcare providers such as physicians, physician assistants, midwives, nurse practitioners/clinical specialists, and lactation consultants Note: See page 49 for our coverage of breast pump kits. • Mental health treatment for postpartum depression and depression during pregnancy Note: We provide benefits to cover up to 4 visits per year in full to treat depression associated with pregnancy (i.e., depression during pregnancy, postpartum depression, or both) when you use a Preferred provider. See Section 5(e) for our coverage of mental health visits to Non-preferred providers and benefits for additional mental health services. Note: See page 42 for our coverage of nutritional counseling. Note: Benefits for home nursing visits related to covered maternity care are subject to the visit limitations described on page 60. Note: Maternity care benefits are not provided for prescription drugs required during pregnancy, except as recommended under the Affordable Care Act. See page 110 for more information. See Section 5(f) for other prescription drug coverage. Note: Here are some things to keep in mind: • You do not need to precertify your delivery; see page 27 for other circumstances, such as extended stays for you or your baby. *(continued on next page)*	Preferred: Nothing (no deductible) Note: For facility care related to maternity, including care at birthing facilities, we waive the per admission copayment and pay for covered services in full when you use Preferred providers. Participating: 35% of the Plan allowance (deductible applies) Non-participating: 35% of the Plan allowance (deductible applies), plus any difference between our allowance and the billed amount Note: You may request prior approval and receive specific benefit information in advance for the delivery itself and any other maternity-related surgical procedures to be provided by a Non-participating physician when the charge for that care will be **$5,000 or more**. Call your Local Plan at the customer service number on the back of your ID card to obtain information about your coverage and the Plan allowance for the services.	Preferred: Nothing Note: For Preferred facility care related to maternity, including care at Preferred birthing facilities, your responsibility for covered inpatient services is limited to $175 per admission. For outpatient facility services related to maternity, see the notes on pages 82-85. Participating/Non-participating: You pay all charges (except as noted below) Note: For services billed by Participating and Non-participating laboratories or radiologists, you are responsible only for any difference between our allowance and the billed amount.

Maternity care – continued on next page

Maternity care *(continued)*	**You Pay**	
	Standard Option	**Basic Option**
• You may remain in the hospital up to 48 hours after a vaginal delivery and 96 hours after a cesarean delivery. We will cover an extended stay if medically necessary. • We cover routine nursery care of the newborn child when performed during the covered portion of the mother's maternity stay and billed by the facility. We cover other care of an infant who requires professional services or non-routine treatment, only if we cover the infant under a Self Plus One or Self and Family enrollment. Surgical benefits, not maternity benefits, apply to circumcision. • Hospital services are listed in Section 5(c) and Surgical benefits are in Section 5(b). Note: When a newborn requires definitive treatment during or after the mother's confinement, the newborn is considered a patient in his or her own right. Regular medical or surgical benefits apply rather than maternity benefits. Note: See page 65 for our payment levels for circumcision.		
• Breast pump kit, limited to one of the two kits listed below, per calendar year, for women who are pregnant and/or nursing – Ameda Manual pump kit ***or*** – Ameda Double Electric pump kit Note: The breast pump kit will include a supply of 150 Ameda milk storage bags. You may order Ameda milk storage bags, limited to 150 bags every 90 days, even if you own your own breast pump. Note: Benefits for the breast pump kit and milk storage bags are only available when you order them through CVS Caremark by calling 800-262-7890.	Nothing (no deductible)	Nothing
Not covered: • *Procedures, services, drugs, and supplies related to abortions except when the life of the mother would be endangered if the fetus were carried to term or when the pregnancy is the result of an act of rape or incest* • *Genetic testing/screening of the baby's father (see page 40 for our coverage of medically necessary diagnostic genetic testing)* • *Childbirth preparation, Lamaze, and other birthing/parenting classes* • *Breast pumps and milk storage bags except as stated on page 49* • *Breastfeeding supplies other than those contained in the breast pump kit described on page 49 including clothing (e.g., nursing bras), baby bottles, or items for personal comfort or convenience (e.g., nursing pads)* • *Tocolytic therapy and related services provided on an outpatient basis* • *Maternity care for women not enrolled in this Plan*	*All charges*	*All charges*

	Standard Option	Basic Option
A range of voluntary family planning services for women, limited to: • Contraceptive counseling • Diaphragms and contraceptive rings • Injectable contraceptives • Intrauterine devices (IUDs) • Implantable contraceptives • Tubal ligation or tubal occlusion/tubal blocking procedures only Family planning services for men, limited to: • Vasectomy Note: We also provide benefits for professional services associated with tubal ligation/occlusion/blocking procedures, vasectomy, and with the fitting, insertion, implantation, or removal of the contraceptives listed above at the payment levels shown here. Note: When billed by a facility, such as the outpatient department of a hospital, we provide benefits as shown here, according to the contracting status of the facility.	Preferred: Nothing (no deductible) Participating: 35% of the Plan allowance (deductible applies) Non-participating: 35% of the Plan allowance (deductible applies), plus any difference between our allowance and the billed amount	Preferred: Nothing Participating/Non-participating: You pay all charges
• Oral and transdermal contraceptives Note: We waive your cost-share for generic oral and transdermal contraceptives when you purchase them at a Preferred retail pharmacy or for Standard Option members and for Basic Option members with primary Medicare Part B, through the Mail Service Prescription Drug Program. See page 108 for more information. Note: When billed by a facility, such as the outpatient department of a hospital, we provide benefits as shown here, according to the contracting status of the facility.	Preferred: 15% of the Plan allowance (deductible applies) Participating: 35% of the Plan allowance (deductible applies) Non-participating: 35% of the Plan allowance (deductible applies), plus any difference between our allowance and the billed amount	Preferred: 30% of the Plan allowance Participating/Non-participating: You pay all charges
Not covered: • *Reversal of* voluntary surgical sterilization • *Contraceptive devices not described above* • *Over-the-counter (OTC) contraceptives, except as described in Section 5(f)*	*All charges*	*All charges*

Reproductive services	You Pay	
	Standard Option	Basic Option
Diagnosis and treatment of infertility, except for the Reproductive services listed as not covered on page 49 Note: See Section 5(f) for prescription drug coverage.	Preferred: 15% of the Plan allowance (deductible applies) Participating: 35% of the Plan allowance (deductible applies) Non-participating: 35% of the Plan allowance (deductible applies), plus any difference between our allowance and the billed amount	Preferred primary care provider or other healthcare professional: $30 copayment per visit Preferred specialist: $40 copayment per visit Note: You pay 30% of the Plan allowance for agents, drugs, and/or supplies administered or obtained in connection with your care. (See page 147 for more information about "agents.") Participating/Non-participating: You pay all charges (except as noted below) Note: For services billed by Participating and Non-participating laboratories or radiologists, you pay any difference between our allowance and the billed amount.
The services listed below are not covered as treatments for infertility or as alternatives to conventional conception: • Assisted reproductive technology (ART) and assisted insemination procedures, including but not limited to: – Artificial insemination (AI) – In vitro fertilization (IVF) – Embryo transfer and gamete intrafallopian transfer (GIFT) and zygote intrafallopian transfer (ZIFT) – Intravaginal insemination (IVI) – Intracervical insemination (ICI) – Intracytoplasmic sperm injection (ICSI) – Intrauterine insemination (IUI) • Services, procedures, and/or supplies that are related to ART and/or assisted insemination procedures • Cryopreservation or storage of sperm (sperm banking), eggs, or embryos • Preimplantation diagnosis, testing, and/or screening, including the testing or screening of eggs, sperm, or embryos • Drugs used in conjunction with ART and assisted insemination procedures • Services, supplies, or drugs provided to individuals not enrolled in this Plan	All charges	All charges

Allergy care	You Pay	
	Standard Option	Basic Option
• Allergy testing • Allergy treatment • Sublingual allergy desensitization drugs as licensed by the FDA, limited to Grastek, Oralair, and Ragwitek Note: See page 38 for applicable office visit copayment.	Preferred: 15% of the Plan allowance (deductible applies) Participating: 35% of the Plan allowance (deductible applies) Non-participating: 35% of the Plan allowance (deductible applies), plus any difference between our allowance and the billed amount	Preferred primary care provider or other healthcare professional: $30 copayment Preferred specialist: $40 copayment Note: You pay 30% of the Plan allowance for agents, drugs, and/or supplies administered or obtained in connection with your care. (See page 147 for more information about “agents.”) Participating/Non-participating: You pay all charges (except as noted below) Note: For services billed by Participating and Non-participating laboratories or radiologists, you pay any difference between our allowance and the billed amount.
• Allergy injections Note: See page 38 for applicable office visit copayment.	Preferred: 15% of the Plan allowance (deductible applies) Participating: 35% of the Plan allowance (deductible applies) Non-participating: 35% of the Plan allowance (deductible applies), plus any difference between our allowance and the billed amount	Preferred: Nothing Participating/Non-participating: You pay all charges
• Preparation of each multi-dose vial of antigen Note: See page 38 for applicable office visit copayment.	Preferred: 15% of the Plan allowance (deductible applies) Participating: 35% of the Plan allowance (deductible applies) Non-participating: 35% of the Plan allowance (deductible applies), plus any difference between our allowance and the billed amount	Preferred primary care provider or other healthcare professional: $30 copayment per multi-dose vial of antigen Preferred specialist: $40 copayment per multi-dose vial of antigen Participating/Non-participating: You pay all charges (except as noted below) Note: For services billed by Participating and Non-participating laboratories or radiologists, you pay any difference between our allowance and the billed amount.
Not covered: Provocative food testing	*All charges*	*All charges*

Treatment therapies	You Pay	
	Standard Option	Basic Option
Outpatient treatment therapies: • Chemotherapy and radiation therapy Note: We cover high dose chemotherapy and/or radiation therapy in connection with bone marrow transplants, and drugs or medications to stimulate or mobilize stem cells for transplant procedures, only for those conditions listed as covered under *Organ/tissue transplants* in Section 5(b). See also, *Other services* under *You need prior Plan approval for certain services* in Section 3 (pages 23-25). • Intensity-modulated radiation therapy (IMRT) Note: **You must get prior approval for outpatient IMRT related to cancers, except head, neck, breast, prostate, or anal cancer.** Please refer to page 24 for more information. • Renal dialysis – Hemodialysis and peritoneal dialysis • Intravenous (IV)/infusion therapy – Home IV or infusion therapy Note: Home nursing visits associated with Home IV/infusion therapy are covered as shown under *Home health services* on page 60. • Outpatient cardiac rehabilitation • Pulmonary rehabilitation therapy • Applied behavior analysis (ABA) for the treatment of an autism spectrum disorder (see prior approval requirements on page 23) Note: See Section 5(c) for our payment levels for treatment therapies billed for by the outpatient department of a hospital. Note: See page 60 for our coverage of osteopathic and chiropractic manipulative treatment.	Preferred: 15% of the Plan allowance (deductible applies) Participating: 35% of the Plan allowance (deductible applies) Non-participating: 35% of the Plan allowance (deductible applies), plus any difference between our allowance and the billed amount	Preferred primary care provider or other healthcare professional: $30 copayment per visit Preferred specialist: $40 copayment per visit Note: You pay 30% of the Plan allowance for agents, drugs, and/or supplies administered or obtained in connection with your care. (See page 147 for more information about "agents.") Participating/Non-participating: You pay all charges
Inpatient treatment therapies: • Chemotherapy and radiation therapy Note: We cover high dose chemotherapy and/or radiation therapy in connection with bone marrow transplants, and drugs or medications to stimulate or mobilize stem cells for transplant procedures, only for those conditions listed as covered under *Organ/tissue transplants* in Section 5(b). See also, *Other services* under *You need prior Plan approval for certain services* in Section 3 (pages 23-25). • Renal dialysis – Hemodialysis and peritoneal dialysis • Pharmacotherapy (medication management) (See Section 5(c) for our coverage of drugs administered in connection with these treatment therapies.) • Applied behavior analysis (ABA) for the treatment of an autism spectrum disorder (see prior approval requirements on page 23)	Preferred: 15% of the Plan allowance (deductible applies) Participating: 35% of the Plan allowance (deductible applies) Non-participating: 35% of the Plan allowance (deductible applies), plus any difference between our allowance and the billed amount	Preferred: Nothing Participating/Non-participating: You pay all charges

Physical therapy, occupational therapy, speech therapy, and cognitive rehabilitation therapy	You Pay	
	Standard Option	Basic Option
• Physical therapy, occupational therapy, and speech therapy • Cognitive rehabilitation therapy Note: When billed by a skilled nursing facility, nursing home, extended care facility, or residential treatment center, we pay benefits as shown here for professional care, according to the contracting status of the facility.	Preferred primary care provider or other healthcare professional: $25 copayment per visit (no deductible) Preferred specialist: $35 copayment per visit (no deductible) Participating: 35% of the Plan allowance (deductible applies) Non-participating: 35% of the Plan allowance (deductible applies), plus any difference between our allowance and the billed amount Note: Benefits are limited to 75 visits per person, per calendar year for physical, occupational, or speech therapy, or a combination of all three. Note: Visits that you pay for while meeting your calendar year deductible count toward the limit cited above. Note: When billed by a facility, such as the outpatient department of a hospital, we provide benefits as shown here, according to the contracting status of the facility.	Preferred primary care provider or other healthcare professional: $30 copayment per visit Preferred specialist: $40 copayment per visit Note: You pay 30% of the Plan allowance for agents, drugs, and/or supplies administered or obtained in connection with your care. (See page 147 for more information about “agents.”) Note: Benefits are limited to 50 visits per person, per calendar year for physical, occupational, or speech therapy, or a combination of all three. Participating/Non-participating: You pay all charges Note: See Section 5(c) for our payment levels for rehabilitative therapies billed for by the outpatient department of a hospital.
Not covered: • *Recreational or educational therapy, and any related diagnostic testing except as provided by a hospital as part of a covered inpatient stay* • *Maintenance or palliative rehabilitative therapy* • *Exercise programs* • *Hippotherapy (exercise on horseback)* • *Massage therapy*	*All charges*	*All charges*

Hearing services (testing, treatment, and supplies)	You Pay	
	Standard Option	Basic Option
• Hearing tests related to illness or injury • Testing and examinations for prescribing hearing aids Note: For our coverage of hearing aids and related services, see page 57.	Preferred: 15% of the Plan allowance (deductible applies) Participating: 35% of the Plan allowance (deductible applies) Non-participating: 35% of the Plan allowance (deductible applies), plus any difference between our allowance and the billed amount	Preferred primary care provider or other healthcare professional: $30 copayment per visit Preferred specialist: $40 copayment per visit Note: You pay 30% of the Plan allowance for agents, drugs, and/or supplies administered or obtained in connection with your care. (See page 147 for more information about "agents.") Participating/Non-participating: You pay all charges
Not covered: • *Routine hearing tests (except as indicated on page 46)* • *Hearing aids (except as described on page 57)*	*All charges*	*All charges*
Vision services (testing, treatment, and supplies)		
Benefits are limited to one pair of eyeglasses, replacement lenses, or contact lenses per incident prescribed: • To correct an impairment directly caused by a single instance of accidental ocular injury or intraocular surgery; • If the condition can be corrected by surgery, but surgery is not an appropriate option due to age or medical condition; • For the nonsurgical treatment for amblyopia and strabismus, for children from birth through age 21 Note: Benefits are provided for refractions only when the refraction is performed to determine the prescription for the one pair of eyeglasses, replacement lenses, or contact lenses provided per incident as described above.	Preferred: 15% of the Plan allowance (deductible applies) Participating: 35% of the Plan allowance (deductible applies) Non-participating: 35% of the Plan allowance (deductible applies), plus any difference between our allowance and the billed amount	Preferred: 30% of the Plan allowance Participating/Non-participating: You pay all charges
• Eye examinations related to a specific medical condition • Nonsurgical treatment for amblyopia and strabismus, for children from birth through age 21 Note: See page 55 for our coverage of eyeglasses, replacement lenses, or contact lenses when prescribed as nonsurgical treatment for amblyopia and strabismus. Note: See Section 5(b), Surgical procedures, for coverage for surgical treatment of amblyopia and strabismus. Note: See pages 39-40 in this Section for our payment levels for Lab, X-ray, and other diagnostic tests performed or ordered by your provider. Benefits are not available for refractions except as described on page 55.	Preferred primary care provider or other healthcare professional: $25 copayment (no deductible) Preferred specialist: $35 copayment (no deductible) Participating: 35% of the Plan allowance (deductible applies) Non-participating: 35% of the Plan allowance (deductible applies), plus any difference between our allowance and the billed amount	Preferred primary care provider or other healthcare professional: $30 copayment per visit Preferred specialist: $40 copayment per visit Note: You pay 30% of the Plan allowance for agents, drugs, and/or supplies administered or obtained in connection with your care. (See page 147 for more information about "agents.") Participating/Non-participating: You pay all charges

Vision services (testing, treatment, and supplies) – continued on next page

Vision services (testing, treatment, and supplies) *(continued)*	**You Pay**	
	Standard Option	**Basic Option**
Not covered: • *Eyeglasses, contact lenses, routine eye examinations, or vision testing for the prescribing or fitting of eyeglasses or contact lenses, except as described on page 55* • *Deluxe eyeglass frames or lens features for eyeglasses or contact lenses such as special coating, polarization, UV treatment, etc.* • *Multifocal, accommodating, toric, or other premium intraocular lenses (IOLs) including Crystalens, ReStor, and ReZoom* • *Eye exercises, visual training, or orthoptics, except for nonsurgical treatment of amblyopia and strabismus as described above* • *LASIK, INTACS, radial keratotomy, and other refractive surgical services* • *Refractions, including those performed during an eye examination related to a specific medical condition, except as described on page 55*	*All charges*	*All charges*
Foot care		
Routine foot care when you are under active treatment for a metabolic or peripheral vascular disease, such as diabetes Note: See *Orthopedic and prosthetic devices* for information on podiatric shoe inserts. Note: See Section 5(b) for our coverage for surgical procedures.	Preferred primary care provider or other healthcare professional: $25 copayment for the office visit (no deductible); 15% of the Plan allowance for all other services (deductible applies) Preferred specialist: $35 copayment for the office visit (no deductible); 15% of the Plan allowance for all other services (deductible applies) Participating: 35% of the Plan allowance (deductible applies) Non-participating: 35% of the Plan allowance (deductible applies), plus any difference between our allowance and the billed amount	Preferred primary care provider or other healthcare professional: $30 copayment per visit Preferred specialist: $40 copayment per visit Note: You pay 30% of the Plan allowance for agents, drugs, and/or supplies administered or obtained in connection with your care. (See page 147 for more information about “agents.”) Participating/Non-participating: You pay all charges
Not covered: Routine foot care, such as cutting, trimming, or removal of corns, calluses, or the free edge of toenails, and similar routine treatment of conditions of the foot, except as stated above	*All charges*	*All charges*

Orthopedic and prosthetic devices		
Orthopedic braces and prosthetic appliances such as: • Artificial limbs and eyes • Functional foot orthotics when prescribed by a physician • Rigid devices attached to the foot or a brace, or placed in a shoe • Replacement, repair, and adjustment of covered devices • Following a mastectomy, breast prostheses and surgical bras, including necessary replacements • Surgically implanted penile prostheses limited to treatment of erectile dysfunction or as part of an approved plan for gender reassignment surgery • Surgical implants Note: **A prosthetic appliance** is a device that is surgically inserted or physically attached to the body to restore a bodily function or replace a physical portion of the body. We provide hospital benefits for internal prosthetic devices, such as artificial joints, pacemakers, cochlear implants, and surgically implanted breast implants following mastectomy; see Section 5(c) for payment information. Insertion of the device is paid as surgery; see Section 5(b).	Preferred: 15% of the Plan allowance (deductible applies) Participating: 35% of the Plan allowance (deductible applies) Non-participating: 35% of the Plan allowance (deductible applies), plus any difference between our allowance and the billed amount	Preferred: 30% of the Plan allowance Participating/Non-participating: You pay all charges
• Hearing aids for children up to age 22, limited to $2,500 per calendar year • Hearing aids for adults age 22 and over, limited to $2,500 every 3 calendar years Note: Benefits for hearing aid dispensing fees, fittings, batteries, and repair services are included in the benefit limits described above.	Any amount over $2,500 (no deductible)	Any amount over $2,500
• Bone anchored hearing aids when medically necessary for members with traumatic injury or malformation of the external ear or middle ear (such as a surgically induced malformation or congenital malformation), limited to $5,000 per calendar year	Any amount over $5,000 (no deductible)	Any amount over $5,000
• Wigs for hair loss due to the treatment of cancer Note: Benefits for wigs are paid at 100% of the billed amount, limited to $350 for one wig per lifetime.	Any amount over $350 for one wig per lifetime (no deductible)	Any amount over $350 for one wig per lifetime
Not covered: • *Shoes (including diabetic shoes)* • *Over-the-counter orthotics* • *Arch supports* • *Heel pads and heel cups* • *Wigs (including cranial prostheses), except for scalp hair prosthesis for hair loss due to the treatment of cancer, as stated above* • *Hearing aid accessories or supplies (including remote controls and warranty packages)*	*All charges*	*All charges*

Durable medical equipment (DME)	You Pay	
	Standard Option	Basic Option
Durable medical equipment (DME) is equipment and supplies that: 1. Are prescribed by your attending physician (i.e., the physician who is treating your illness or injury); 2. Are medically necessary; 3. Are primarily and customarily used only for a medical purpose; 4. Are generally useful only to a person with an illness or injury; 5. Are designed for prolonged use; and 6. Serve a specific therapeutic purpose in the treatment of an illness or injury. We cover rental or purchase of durable medical equipment, at our option, including repair and adjustment. Covered items include: • Home dialysis equipment • Oxygen equipment • Hospital beds • Wheelchairs • Crutches • Walkers • Continuous passive motion (CPM) devices • Dynamic orthotic cranioplasty (DOC) devices • Insulin pumps • Other items that we determine to be DME, such as compression stockings Note: We cover DME at Preferred benefit levels only when you use a Preferred DME provider. Preferred physicians, facilities, and pharmacies are not necessarily Preferred DME providers.	Preferred: 15% of the Plan allowance (deductible applies) Participating: 35% of the Plan allowance (deductible applies) Non-participating: 35% of the Plan allowance (deductible applies), plus any difference between our allowance and the billed amount Note: See Section 5(c) for our coverage of DME provided and billed by a facility.	Preferred: 30% of the Plan allowance Participating/Non-participating: You pay all charges Note: See Section 5(c) for our coverage of DME provided and billed by a facility.
• Speech-generating devices, limited to $1,250 per calendar year	Any amount over $1,250 per year (no deductible)	Any amount over $1,250 per year

Durable medical equipment (DME) – continued on next page

Durable medical equipment (DME) *(continued)*	**You Pay**	
	Standard Option	**Basic Option**
Not covered: • *Exercise and bathroom equipment* • *Vehicle modifications, replacements, or upgrades* • *Home modifications, upgrades, or additions* • *Lifts, such as seat, chair, or van lifts* • *Car seats* • *Diabetic supplies, except as described in Section 5(f) or when Medicare Part B is primary* • *Air conditioners, humidifiers, dehumidifiers, and purifiers* • *Breast pumps, except as described on page 49* • *Communications equipment, devices, and aids (including computer equipment) such as "story boards" or other communication aids to assist communication-impaired individuals (except for speech-generating devices as listed on page 58)* • *Equipment for cosmetic purposes* • *Topical Hyperbaric Oxygen Therapy (THBO)*	*All charges*	*All charges*
Medical supplies		
• Medical foods and nutritional supplements when administered by catheter or nasogastric tubes Note: See Section 10, *Definitions*, for more information about medical foods. • Ostomy and catheter supplies • Oxygen Note: When billed by a skilled nursing facility, nursing home, or extended care facility, we pay benefits as shown here for oxygen, according to the contracting status of the facility. • Blood and blood plasma, except when donated or replaced, and blood plasma expanders Note: We cover medical supplies at Preferred benefit levels only when you use a Preferred medical supply provider. Preferred physicians, facilities, and pharmacies are not necessarily Preferred medical supply providers.	Preferred: 15% of the Plan allowance (deductible applies) Participating: 35% of the Plan allowance (deductible applies) Non-participating: 35% of the Plan allowance (deductible applies), plus any difference between our allowance and the billed amount	Preferred: 30% of the Plan allowance Participating/Non-participating: You pay all charges
Not covered: • *Infant formulas used as a substitute for breastfeeding* • *Diabetic supplies, except as described in Section 5(f) or when Medicare Part B is primary* • *Medical foods administered orally, except as described in Section 5(f)*	*All charges*	*All charges*

Home health services	You Pay	
	Standard Option	Basic Option
Home nursing care for two hours per day when: • A registered nurse (R.N.) or licensed practical nurse (L.P.N.) provides the services; and • A physician orders the care	Preferred: 15% of the Plan allowance (deductible applies) Participating: 35% of the Plan allowance (deductible applies) Non-participating: 35% of the Plan allowance (deductible applies), plus any difference between our allowance and the billed amount Note: Benefits for home nursing care are limited to 50 visits per person, per calendar year. Note: Visits that you pay for while meeting your calendar year deductible count toward the annual visit limit.	Preferred: $30 copayment per visit Note: You pay 30% of the Plan allowance for agents, drugs, and/or supplies administered or obtained in connection with your care. (See page 147 for more information about "agents.") Note: Benefits for home nursing care are limited to 25 visits per person, per calendar year. Participating/Non-participating: You pay all charges
Not covered: • *Nursing care requested by, or for the convenience of, the patient or the patient's family* • *Services primarily for bathing, feeding, exercising, moving the patient, homemaking, giving medication, or acting as a companion or sitter* • *Services provided by a nurse, nursing assistant, health aide, or other similarly licensed or unlicensed person that are billed by a skilled nursing facility, extended care facility, or nursing home, except as included in the benefits described on page 88* • *Private duty nursing*	*All charges*	*All charges*
Manipulative treatment		
Manipulative treatment performed by a Doctor of Osteopathy (D.O.), Doctor of Medicine (M.D.), or Doctor of Chiropractic (D.C.) when the provider is practicing within the scope of his/her license, limited to: • Osteopathic manipulative treatment to any body region • Chiropractic spinal and/or extraspinal manipulative treatment Note: Benefits for manipulative treatment are limited to the services and combined treatment visits stated here. Note: When billed by a facility, such as the outpatient department of a hospital, we provide benefits as shown here, according to the contracting status of the facility.	Preferred: $25 copayment per visit (no deductible) Participating: 35% of the Plan allowance (deductible applies) Non-participating: 35% of the Plan allowance (deductible applies), plus any difference between our allowance and the billed amount Note: Benefits for osteopathic and chiropractic manipulative treatment are limited to a combined total of 12 visits per person, per calendar year. Note: Manipulation visits that you pay for while meeting your calendar year deductible count toward the treatment limit cited above.	Preferred: $30 copayment per visit Note: Benefits for osteopathic and chiropractic manipulative treatment are limited to a combined total of 20 visits per person, per calendar year. Participating/Non-participating: You pay all charges

Alternative treatments	You Pay	
	Standard Option	Basic Option
Acupuncture Note: Acupuncture must be performed and billed by a healthcare provider who is licensed or certified to perform acupuncture by the state where the services are provided, and who is acting within the scope of that license or certification. See page 19 for more information. Note: See page 78 for our coverage of acupuncture when provided as anesthesia for covered surgery. Note: See page 48 for our coverage of acupuncture when provided as anesthesia for covered maternity care.	Preferred: 15% of the Plan allowance (deductible applies) Participating: 35% of the Plan allowance (deductible applies) Non-participating: 35% of the Plan allowance (deductible applies), plus any difference between our allowance and the billed amount Note: Benefits for acupuncture are limited to 24 visits per calendar year. Note: Visits that you pay for while meeting your calendar year deductible count toward the limit cited above.	Preferred primary care provider or other healthcare professional: $30 copayment per visit Preferred specialist: $40 copayment per visit Note: Benefits for acupuncture are limited to 10 visits per calendar year. Note: You pay 30% of the Plan allowance for drugs and supplies. Participating/Non-participating: You pay all charges
Not covered: • *Biofeedback* • *Self-care or self-help training*	*All charges*	*All charges*

Educational classes and programs	You Pay	
	Standard Option	Basic Option
• Smoking and tobacco cessation treatment • Individual counseling for smoking and tobacco use cessation Note: Benefits are not available for group counseling. • Smoking and tobacco cessation classes Note: See Section 5(f) for our coverage of smoking and tobacco cessation drugs.	Preferred: Nothing (no deductible) Participating: 35% of the Plan allowance (deductible applies) Non-participating: 35% of the Plan allowance (deductible applies), plus any difference between our allowance and the billed amount	Preferred: Nothing Participating/Non-participating: You pay all charges
• Diabetic education Note: See pages 39 and 42 for our coverage of nutritional counseling services that are not part of a diabetic education program.	Preferred: 15% of the Plan allowance (deductible applies) Participating: 35% of the Plan allowance (deductible applies) Non-participating: 35% of the Plan allowance (deductible applies), plus any difference between our allowance and the billed amount	Preferred primary care provider or other healthcare professional: $30 copayment per visit Preferred specialist: $40 copayment per visit Participating/Non-participating: You pay all charges
Not covered: • *Marital, family, educational, or other counseling or training services, or applied behavior analysis (ABA), when performed as part of an educational class or program* • *Premenstrual syndrome (PMS), lactation (except as described on page 48), headache, eating disorder (except as described on pages 39 and 42), and other educational clinics* • *Recreational or educational therapy, and any related diagnostic testing except as provided by a hospital as part of a covered inpatient stay* • *Services performed or billed by a school or halfway house or a member of its staff*	*All charges*	*All charges*

Section 5(b). Surgical and anesthesia services provided by physicians and other healthcare professionals

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Be sure to read Section 4, **Your costs for covered services**, for valuable information about how cost-sharing works. Also, read Section 9 for information about how we pay if you have other coverage, or if you are age 65 or over.
- We base payment on whether a facility or a healthcare professional bills for the services or supplies. You will find that some benefits are listed in more than one section of the brochure. This is because how they are paid depends on what type of provider bills for the service.
- The services listed in this Section are for the charges billed by a physician or other healthcare professional for your surgical care. See Section 5(c) for charges associated with the facility (i.e., hospital, surgical center, etc.).
- **YOU MUST GET PRIOR APPROVAL for the following surgical services if they are to be performed on an outpatient basis: surgery for morbid obesity; surgical correction of congenital anomalies; and outpatient surgery needed to correct accidental injuries (see *Definitions*) to jaws, cheeks, lips, tongue, roof and floor of mouth. Please refer to page 24 for more information.**
- **YOU MUST GET PRIOR APPROVAL for all organ transplant surgical procedures (except kidney and cornea transplants); and if your surgical procedure requires an inpatient admission, YOU MUST GET PRECERTIFICATION. Please refer to the prior approval and precertification information shown in Section 3 to be sure which services require prior approval or precertification.**
- **YOU MUST GET PRIOR APPROVAL for gender reassignment surgery. Prior to any gender reassignment surgery, your provider must submit a treatment plan including all surgeries planned and the estimated date each will be performed. A new prior approval must be obtained if the treatment plan is approved and your provider later modifies the plan (including changes to the procedures to be performed or the anticipated dates for the procedures). See page 23 and page 65 for additional information. If your surgical procedure requires an inpatient admission, YOU MUST ALSO GET PRECERTIFICATION of the inpatient care.**
- PPO benefits apply only when you use a PPO provider. When no PPO provider is available, non-PPO benefits apply.
- Benefits for certain self-injectable drugs are limited to once per lifetime per therapeutic category of drugs when obtained from a covered provider other than a pharmacy under the pharmacy benefit. This benefit limitation does not apply if you have primary Medicare Part B coverage. See page 111 for information about Tier 4 and Tier 5 specialty drug fills from a Preferred pharmacy. Medications restricted under this benefit are available on our Specialty Drug List. Visit www.fepblue.org/specialtypharmacy or call us at 888-346-3731. Basic Option members must use a preferred pharmacy.
- **Under Standard Option,**
  - The calendar year deductible is $350 per person ($700 per Self Plus One or Self and Family enrollment).
  - We provide benefits at 85% of the Plan allowance for services provided in Preferred facilities by Non-preferred radiologists, anesthesiologists, certified registered nurse anesthetists (CRNAs), pathologists, emergency room physicians, and assistant surgeons (including assistant surgeons in a physician's office). You are responsible for any difference between our payment and the billed amount.
  - You may request prior approval and receive specific benefit information in advance for surgeries to be performed by Non-participating physicians when the charge for the surgery will be **$5,000 or more**. See page 25 for more information.

- **Under Basic Option,**
  - There is **no calendar year deductible**.
  - **You must use Preferred providers in order to receive benefits. See below and page** 29 **for the exceptions to this requirement**.
  - We provide benefits at Preferred benefit levels for services provided in Preferred facilities by Non-preferred radiologists, anesthesiologists, certified registered nurse anesthetists (CRNAs), pathologists, emergency room physicians, and assistant surgeons (including assistant surgeons in a physician's office). You are responsible for any difference between our payment and the billed amount.

Benefit Description	You Pay	
Note: For Standard Option, we state whether or not the calendar year deductible applies for each benefit listed in this Section. There is no calendar year deductible under Basic Option.		
Surgical procedures	**Standard Option**	**Basic Option**
A comprehensive range of services, such as: • Operative procedures • Assistant surgeons/surgical assistance if required because of the complexity of the surgical procedures • Treatment of fractures and dislocations, including casting • Normal pre- and post-operative care by the surgeon • Correction of amblyopia and strabismus • Colonoscopy, with or without biopsy Note: Preventive care benefits apply to the professional charges for your first covered colonoscopy of the calendar year (see page 42). We provide benefits as described here for subsequent colonoscopy procedures performed by a professional provider in the same year. • Endoscopic procedures • Injections • Biopsy procedures • Removal of tumors and cysts • Correction of congenital anomalies (see *Reconstructive surgery* on page 69) • Treatment of burns • Male circumcision • Insertion of internal prosthetic devices. See Section 5(a) – Orthopedic and prosthetic devices, and Section 5(c) – Other hospital services and supplies – for our coverage for the device. • Gender reassignment surgical benefits are limited to the following: – For female to male surgery: mastectomy, hysterectomy, vaginectomy, salpingo-oophorectomy, metoidioplasty, phalloplasty, urethroplasty, scrotoplasty, and placement of testicular and erectile prosthesis – For male to female surgery: penectomy, orchiectomy, vaginoplasty, clitoroplasty, labiaplasty **Note: Prior approval is required for gender reassignment surgery.** For more information about prior approval, please refer to page 23. *(continued on next page)*	Preferred: 15% of the Plan allowance (deductible applies) Participating: 35% of the Plan allowance (deductible applies) Non-participating: 35% of the Plan allowance (deductible applies), plus any difference between our allowance and the billed amount Note: You may request prior approval and receive specific benefit information in advance for surgeries to be performed by Non-participating physicians when the charge for the surgery will be **$5,000 or more**. See page 25 for more information.	Preferred: $150 copayment per performing surgeon, for surgical procedures performed in an office setting Preferred: $200 copayment per performing surgeon, for surgical procedures performed in all other settings Note: Your provider will document the place of service when filing your claim for the procedure(s). Please contact the provider if you have any questions about the place of service. Note: If you receive the services of a co-surgeon, you pay a separate copayment for those services, based on where the surgical procedure is performed. No additional copayment applies to the services of assistant surgeons. Note: You pay 30% of the Plan allowance for agents, drugs, and/or supplies administered or obtained in connection with your care. (See page 147 for more information about "agents.") Participating/Non-participating: You pay all charges

Surgical procedures – continued on next page

Surgical procedures *(continued)*	You Pay	
	Standard Option	Basic Option
Gender reassignment surgical benefits *(continued)* Note: Benefits for gender reassignment surgery are limited to once per covered procedure, per lifetime. Benefits are not available for repeat or revision procedures when benefits were provided for the initial procedure. Benefits are not available for gender reassignment surgery for any condition other than gender dysphoria. • Gender reassignment surgery on an inpatient or outpatient basis is subject to the pre-surgical requirements listed below. **The member must meet all requirements**. – **Prior approval is obtained** – **Member must be at least 18 years of age at the time prior approval is requested and the treatment plan is submitted** – Diagnosis of gender dysphoria by a qualified healthcare professional o New gender identity has been present for at least 24 continuous months o Member has a strong desire to be rid of primary and/or secondary sex characteristics because of a marked incongruence with the member's identified gender o Member's gender dysphoria is not a symptom of another mental disorder or chromosomal abnormality o Gender dysphoria causes clinical distress or impairment in social, occupational, or other important areas of functioning – Member must meet the following criteria: o Living 12 months of continuous, full time, real life experience in the desired gender (including place of employment, family, social and community activities) o 12 months of continuous hormone therapy appropriate to the member's gender identity o Two referral letters from qualified mental health professionals – one must be from the psychotherapist who has treated the member for at least 12 continuous months. Letters must document: diagnosis of persistent and chronic gender dysphoria; any existing co-morbid conditions are stable; member is prepared to undergo surgery and understands all practical aspects of the planned surgery o If medical or mental health concerns are present, they are being optimally managed and are reasonably well-controlled	See page 65	See page 65

Surgical procedures – continued on next page

Surgical procedures *(continued)*	You Pay	
	Standard Option	Basic Option
• Procedures to treat morbid obesity – a condition in which an individual has a Body Mass Index (BMI) of 40 or more, or an individual with a BMI of 35 or more with one or more co-morbidities; eligible members must be age 18 or over. Benefits are available only for the following procedures: – Roux-en-Y – Gastric bypass – Laparoscopic adjustable gastric banding – Sleeve gastrectomy – Biliopancreatic bypass with duodenal switch **Note: Benefits for the surgical treatment of morbid obesity are subject to the requirements listed on pages 63-64.** Note: For certain surgical procedures, your out-of-pocket costs for facility services are reduced if you use a facility designated as a Blue Distinction Center. See page 86 for information. Note: **Prior approval is required for outpatient surgery for morbid obesity.** For more information about prior approval, please refer to page 23. • Benefits for the surgical treatment of morbid obesity, performed on an inpatient or outpatient basis, are subject to the pre-surgical requirements listed below. **The member must meet all requirements.** – Diagnosis of morbid obesity (as defined on page 67) for a period of 2 years prior to surgery – Participation in a medically supervised weight loss program, including nutritional counseling, for at least 3 months prior to the date of surgery. (Note: Benefits are not available for commercial weight loss programs; see page 42 for our coverage of nutritional counseling services.) – Pre-operative nutritional assessment and nutritional counseling about pre- and post-operative nutrition, eating, and exercise – Evidence that attempts at weight loss in the 1 year period prior to surgery have been ineffective – Psychological clearance of the member's ability to understand and adhere to the pre- and post-operative program, based on a psychological assessment performed by a licensed professional mental health practitioner (see page 98 for our payment levels for mental health services) – Member has not smoked in the 6 months prior to surgery – Member has not been treated for substance use for 1 year prior to surgery and there is no evidence of substance use during the 1-year period prior to surgery	See page 65	See page 65

Surgical procedures – continued on next page

Surgical procedures *(continued)*	**You Pay**	
	Standard Option	**Basic Option**
• Benefits for subsequent surgery for morbid obesity, performed on an inpatient or outpatient basis, are subject to the following additional pre-surgical requirements: – All criteria listed above for the initial procedure must be met again, except when the subsequent surgery is necessary to treat a complication from the prior morbid obesity surgery. – Previous surgery for morbid obesity was at least 2 years prior to repeat procedure – Weight loss from the initial procedure was less than 50% of the member's excess body weight at the time of the initial procedure – Member complied with previously prescribed post-operative nutrition and exercise program – Claims for the surgical treatment of morbid obesity must include documentation from the member's provider(s) that all pre-surgical requirements have been met	See page 65	See page 65
Note: When multiple surgical procedures that add time or complexity to patient care are performed during the same operative session, the Local Plan determines our allowance for the combination of multiple, bilateral, or incidental surgical procedures. Generally, we will allow a reduced amount for procedures other than the primary procedure. Note: We do not pay extra for "incidental" procedures (those that do not add time or complexity to patient care). Note: When unusual circumstances require the removal of casts or sutures by a physician other than the one who applied them, the Local Plan may determine that a separate allowance is payable.		
Not covered: • *Reversal of voluntary sterilization* • *Services of a standby physician* • *Routine surgical treatment of conditions of the foot (See Section 5(a) – Foot care.)* • *Cosmetic surgery* • *LASIK, INTACS, radial keratotomy, and other refractive surgery* • *Surgeries related to sexual inadequacy (except surgical placement of penile prostheses to treat erectile dysfunction and gender reassignment surgeries specifically listed as covered)* • *Reversal of gender reassignment surgery*	*All charges*	*All charges*

Reconstructive surgery	You Pay	
	Standard Option	Basic Option
• Surgery to correct a functional defect • Surgery to correct a congenital anomaly (See Section 10, p. 147 for definition) • Treatment to restore the mouth to a pre-cancer state • All stages of breast reconstruction surgery following a mastectomy, such as: – Surgery to produce a symmetrical appearance of the patient's breasts – Treatment of any physical complications, such as lymphedemas Note: Internal breast prostheses are paid as orthopedic and prosthetic devices; See Section 5(a). See Section 5(c) when billed by a facility. Note: If you need a mastectomy, you may choose to have the procedure performed on an inpatient basis and remain in the hospital up to 48 hours after the procedure. • Surgery for placement of penile prostheses to treat erectile dysfunction	Preferred: 15% of the Plan allowance (deductible applies) Participating: 35% of the Plan allowance (deductible applies) Non-participating: 35% of the Plan allowance (deductible applies), plus any difference between our allowance and the billed amount Note: You may request prior approval and receive specific benefit information in advance for surgeries to be performed by Non-participating physicians when the charge for the surgery will be **$5,000 or more**. See page 25 for more information.	Preferred: $150 copayment per performing surgeon, for surgical procedures performed in an office setting Preferred: $200 copayment per performing surgeon, for surgical procedures performed in all other settings Note: Your provider will document the place of service when filing your claim for the procedure(s). Please contact the provider if you have any questions about the place of service. Note: If you receive the services of a co-surgeon, you pay a separate copayment for those services, based on where the surgical procedure is performed. No additional copayment applies to the services of assistant surgeons. Note: You pay 30% of the Plan allowance for agents, drugs, and/or supplies administered or obtained in connection with your care. (See page 147 for more information about "agents.") Participating/Non-participating: You pay all charges
Not covered: • *Cosmetic surgery – any operative procedure or any portion of a procedure performed primarily to improve physical appearance through change in bodily form – unless required for a congenital anomaly or to restore or correct a part of the body that has been altered as a result of accidental injury, disease, or surgery (does not include anomalies related to the teeth or structures supporting the teeth)* • *Surgeries related to sexual dysfunction or sexual inadequacy (except surgical placement of penile prostheses to treat erectile dysfunction and gender reassignment surgeries specifically listed as covered)* • *Reversal of gender reassignment surgery*	*All charges*	*All charges*

Oral and maxillofacial surgery	You Pay	
	Standard Option	**Basic Option**
Oral surgical procedures, limited to: • Excision of tumors and cysts of the jaws, cheeks, lips, tongue, roof and floor of mouth when pathological examination is necessary • Surgery needed to correct accidental injuries (see *Definitions*) to jaws, cheeks, lips, tongue, roof and floor of mouth Note: **You must get prior approval for outpatient surgery needed to correct accidental injuries as described above.** Please refer to page 24 for more information. • Excision of exostoses of jaws and hard palate • Incision and drainage of abscesses and cellulitis • Incision and surgical treatment of accessory sinuses, salivary glands, or ducts • Reduction of dislocations and excision of temporomandibular joints • Removal of impacted teeth Note: Dentists and oral surgeons who are in our Preferred Dental Network for routine dental care are not necessarily Preferred providers for other services covered by this Plan under other benefit provisions (such as the surgical benefit for oral and maxillofacial surgery). Call us at the customer service number on the back of your ID card to verify that your provider is Preferred for the type of care (e.g., routine dental care or oral surgery) you are scheduled to receive.	Preferred: 15% of the Plan allowance (deductible applies) Participating: 35% of the Plan allowance (deductible applies) Non-participating: 35% of the Plan allowance (deductible applies), plus any difference between our allowance and the billed amount Note: You may request prior approval and receive specific benefit information in advance for surgeries to be performed by Non-participating physicians when the charge for the surgery will be **$5,000 or more**. See page 25 for more information.	Preferred: $150 copayment per performing surgeon, for surgical procedures performed in an office setting Preferred: $200 copayment per performing surgeon, for surgical procedures performed in all other settings Note: Your provider will document the place of service when filing your claim for the procedure(s). Please contact the provider if you have any questions about the place of service. Note: If you receive the services of a co-surgeon, you pay a separate copayment for those services, based on where the surgical procedure is performed. No additional copayment applies to the services of assistant surgeons. Note: You pay 30% of the Plan allowance for agents, drugs, and/or supplies administered or obtained in connection with your care. (See page 147 for more information about “agents.”) Participating/Non-participating: You pay all charges
Not covered: • *Oral implants and transplants except for those required to treat accidental injuries as specifically described above and in Section 5(g)* • *Surgical procedures that involve the teeth or their supporting structures (such as the periodontal membrane, gingiva, and alveolar bone), except for those required to treat accidental injuries as specifically described above and in Section 5(g)* • *Surgical procedures involving dental implants or preparation of the mouth for the fitting or the continued use of dentures, except for those required to treat accidental injuries as specifically described above and in Section 5(g)* • *Orthodontic care before, during, or after surgery, except for orthodontia associated with surgery to correct accidental injuries as specifically described above and in Section 5(g)*	*All charges*	*All charges*

Organ/tissue transplants

Prior approval requirements:

You must obtain prior approval (see page 24-24) from the Local Plan, for both the procedure and the facility, for the transplant procedures listed below. Prior approval is not required for kidney transplants or for transplants of corneal tissue.

- Blood or marrow stem cell transplant procedures
  Note: See pages 74-75 for **additional requirements** that apply to blood or marrow stem cell transplants that are covered **only** as part of a **clinical trial**.
- Autologous pancreas islet cell transplant
- Heart transplant
- Implantation of an artificial heart as a bridge to transplant or destination therapy
- Heart-lung transplant
- Intestinal transplants (small intestine with or without other organs)
- Liver transplant
- Lung (single, double, or lobar) transplant
- Pancreas transplant
- Simultaneous liver-kidney transplant
- Simultaneous pancreas-kidney transplant

Note: Refer to pages 22-27 for information about precertification of inpatient care.

Covered organ transplants are listed on page 72. Benefits are subject to medical necessity and experimental/investigational review, and to the prior approval requirements shown above.

Organ transplants must be performed in a facility with a Medicare-Approved Transplant Program for the type of transplant anticipated. Transplants involving more than one organ must be performed in a facility that offers a Medicare-Approved Transplant Program for each organ transplanted. Medicare's approved programs are listed at: www.cms.gov/Medicare/Provider-Enrollment-and-Certification/CertificationandCompliance/downloads/ApprovedTransplantPrograms.pdf.

If Medicare does not offer an approved program for a certain type of organ transplant procedure, this requirement does not apply and you may use any covered facility that performs the procedure. If Medicare offers an approved program for an anticipated organ transplant, but your facility is not approved by Medicare for the procedure, please contact your Local Plan at the customer service number appearing on the back of your ID card.

Blood or marrow stem cell transplants are covered as shown on pages 72-75. Benefits are limited to the stages of the diagnoses listed.

Physicians consider many features to determine how diseases will respond to different types of treatments. Some of the features measured are the presence or absence of normal and abnormal chromosomes, the extension of the disease throughout the body, and how fast the tumor cells grow. By analyzing these and other characteristics, physicians can determine which diseases may respond to treatment without transplant and which diseases may respond to transplant. For the diagnoses listed on pages 72-73, the medical necessity limitation is considered satisfied if the patient meets the staging description.

The blood or marrow stem cell transplants listed on pages 72-74 must be performed in a facility with a transplant program accredited by the Foundation for the Accreditation of Cellular Therapy (FACT), or in a facility designated as a Blue Distinction Center for Transplants or as a Cancer Research Facility. The **transplant procedures listed on page 74** must be performed at a FACT-accredited facility. See page 21 for more information about these types of facilities.

Not every facility provides transplant services for every type of transplant procedure or condition listed, or is designated or accredited for every covered transplant. Benefits are not provided for a covered transplant procedure unless the facility is specifically designated or accredited to perform that procedure. Before scheduling a transplant, call your Local Plan at the customer service number appearing on the back of your ID card for assistance in locating an eligible facility and requesting prior approval for transplant services.

Note: Coverage for the blood or marrow stem cell transplants described on pages 72-73 includes benefits for those transplants performed in an approved clinical trial to treat any of the conditions listed when prior approval is obtained. Refer to pages 74-75 for information about **blood or marrow stem cell transplants covered only in clinical trials** and the **additional requirements** that apply.

Note: See page 140 for our coverage of other costs associated with clinical trials.

Note: We provide enhanced benefits for covered transplant services performed at Blue Distinction Centers for Transplants (see page 77 for more information).

Organ/tissue transplants – continued on next page

Organ/tissue transplants *(continued)*	You Pay	
	Standard Option	**Basic Option**
• Transplants of corneal tissue • Heart transplant • Heart-lung transplant • Kidney transplant • Liver transplant • Pancreas transplant • Simultaneous pancreas-kidney transplant • Simultaneous liver-kidney transplant • Autologous pancreas islet cell transplant (as an adjunct to total or near total pancreatectomy) only for patients with chronic pancreatitis • Intestinal transplants (small intestine) and the small intestine with the liver or small intestine with multiple organs such as the liver, stomach, and pancreas • Single, double, or lobar lung transplant • For members with end-stage cystic fibrosis, benefits for lung transplantation are limited to double lung transplants • Implantation of an artificial heart as a bridge to transplant or destination therapy Note: See page 71 for the prior approval and facility requirements that apply to **organ/tissue transplants**.	Preferred: 15% of the Plan allowance (deductible applies) Participating: 35% of the Plan allowance (deductible applies) Non-participating: 35% of the Plan allowance (deductible applies), plus any difference between our allowance and the billed amount Note: You may request prior approval and receive specific benefit information in advance for kidney and cornea transplants to be performed by Non-participating physicians when the charge for the surgery will be **$5,000 or more**. See page 25 for more information.	Preferred: $150 copayment per performing surgeon, for surgical procedures performed in an office setting Preferred: $200 copayment per performing surgeon, for surgical procedures performed in all other settings Note: Your provider will document the place of service when filing your claim for the procedure(s). Please contact the provider if you have any questions about the place of service. Note: If you receive the services of a co-surgeon, you pay a separate copayment for those services, based on where the surgical procedure is performed. No additional copayment applies to the services of assistant surgeons. Participating/Non-participating: You pay all charges
Allogeneic blood or marrow stem cell transplants for the diagnoses as indicated below: • Acute lymphocytic or non-lymphocytic (i.e., myelogenous) leukemia • Chronic lymphocytic leukemia/small lymphocytic lymphoma (CLL/SLL) with poor response to therapy, short time to progression, transformed disease, or high risk disease • Chronic myelogenous leukemia • Hemoglobinopathy (i.e., Sickle cell anemia, Thalassemia major) • High-risk neuroblastoma • Hodgkin's lymphoma • Infantile malignant osteopetrosis • Inherited metabolic disorders (e.g., Gaucher's disease, metachromatic leukodystrophy, adrenoleukodystrophy, Hurler's syndrome and Maroteaux-Lamy syndrome variants)		

Organ/tissue transplants – continued on next page

Organ/tissue transplants *(continued)*	You Pay	
	Standard Option	**Basic Option**
• Marrow failure (i.e., severe or very severe aplastic anemia, Fanconi's Anemia, paroxysmal nocturnal hemoglobinuria (PNH), pure red cell aplasia, congenital thrombocytopenia) • MDS/MPN (e.g., chronic myelomonocytic leukemia (CMML)) • Myelodysplasia/myelodysplastic syndromes (MDS) • Myeloproliferative neoplasms (MPN) (e.g., polycythemia vera, essential thrombocythemia, primary myelofibrosis) • Non-Hodgkin's lymphoma (e.g., Waldenstrom's macroglobulinemia, B-cell lymphoma, Burkitt lymphoma) • Plasma cell disorders (e.g., multiple myeloma, amyloidosis, polyneuropathy, organomegaly, endocrinopathy, monoclonal gammopathy, and skin changes (POEMS) syndrome) • Primary immunodeficiencies (e.g., severe combined immunodeficiency, Wiskott-Aldrich syndrome, hemophagocytic lymphohistiocytosis, X-linked lymphoproliferative syndrome, Kostmann's syndrome, leukocyte adhesion deficiencies) Note: See page 71 for the prior approval and facility requirements that apply to **blood or marrow stem cell transplants**. Note: Refer to pages 74-75 for information about **blood or marrow stem cell transplants covered only in clinical trials**.	Preferred: 15% of the Plan allowance (deductible applies) Participating: 35% of the Plan allowance (deductible applies) Non-participating: 35% of the Plan allowance (deductible applies), plus any difference between our allowance and the billed amount	Preferred: $150 copayment per performing surgeon, for surgical procedures performed in an office setting Preferred: $200 copayment per performing surgeon, for surgical procedures performed in all other settings Note: Your provider will document the place of service when filing your claim for the procedure(s). Please contact the provider if you have any questions about the place of service. Note: If you receive the services of a co-surgeon, you pay a separate copayment for those services, based on where the surgical procedure is performed. No additional copayment applies to the services of assistant surgeons. Participating/Non-participating: You pay all charges
Autologous blood or marrow stem cell transplants for the diagnoses as indicated below: • Acute lymphocytic or non-lymphocytic (i.e., myelogenous) leukemia • Central nervous system (CNS) embryonal tumors (e.g., atypical teratoid/rhabdoid tumor, primitive neuroectodermal tumors (PNETs), medulloblastoma, pineoblastoma, ependymoblastoma) • Ewing's sarcoma • Germ cell tumors (e.g., testicular germ cell tumors) • High-risk neuroblastoma • Hodgkin's lymphoma • Non-Hodgkin's lymphoma (e.g., Waldenstrom's macroglobulinemia, B-cell lymphoma, Burkitt Lymphoma) • Plasma cell disorders (e.g., multiple myeloma, amyloidosis, polyneuropathy, organomegaly, endocrinopathy, monoclonal gammopathy, and skin changes (POEMS) syndrome) *(continued on next page)*	Preferred: 15% of the Plan allowance (deductible applies) Participating: 35% of the Plan allowance (deductible applies) Non-participating: 35% of the Plan allowance (deductible applies), plus any difference between our allowance and the billed amount	Preferred: $150 copayment per performing surgeon, for surgical procedures performed in an office setting Preferred: $200 copayment per performing surgeon, for surgical procedures performed in all other settings Note: Your provider will document the place of service when filing your claim for the procedure(s). Organ/tissue transplants – continued on next page

Organ/tissue transplants *(continued)*	You Pay	
	Standard Option	**Basic Option**
Blood or marrow stem cell transplants for the diagnoses as indicated below, **only** when performed at a FACT-accredited facility (see page 21) as part of a **clinical trial** that meets the **requirements** listed below: • Nonmyeloablative or reduced-intensity conditioning (RIC) allogeneic blood or marrow stem cell transplants or autologous blood or marrow stem cell transplants for: – Autoimmune disease (limited to: multiple sclerosis, scleroderma, systemic lupus erythematosus and chronic inflammatory demyelinating polyneuropathy) **Requirements** for **blood or marrow stem cell transplants** covered **only** under **clinical trials**: • You must contact us at the customer service number listed on the back of your ID card to obtain prior approval (see page 23); and • The patient must be properly and lawfully registered in the clinical trial, meeting all the eligibility requirements of the trial; and – For the transplant procedures listed above, the clinical trial must be reviewed and approved by the Institutional Review Board (IRB) of the FACT-accredited facility where the procedure is to be performed; and – For the transplant procedures listed on page 74, the clinical trial must be reviewed and approved by the IRB of the FACT-accredited facility, Blue Distinction Center for Transplants, or Cancer Research Facility where the procedure is to be performed. Note: Clinical trials are research studies in which physicians and other researchers work to find ways to improve care. Each study tries to answer scientific questions and to find better ways to prevent, diagnose, or treat patients. A clinical trial has possible benefits as well as risks. Each trial has a protocol which explains the purpose of the trial, how the trial will be performed, who may participate in the trial, and the beginning and end points of the trial. Information regarding clinical trials is available at www.cancer.gov/about-cancer/treatment/clinical-trials. Even though we may state benefits are available for a specific type of clinical trial, you may not be eligible for inclusion in these trials or there may not be any trials available in a FACT-accredited facility, Blue Distinction Center for Transplants, or Cancer Research Facility to treat your condition at the time you seek to be included in a clinical trial. If your physician has recommended you participate in a clinical trial, we encourage you to contact the Case Management Department at your Local Plan for assistance. Note: See page 140 for our coverage of other costs associated with clinical trials.	Preferred: 15% of the Plan allowance (deductible applies) Participating: 35% of the Plan allowance (deductible applies) Non-participating: 35% of the Plan allowance (deductible applies), plus any difference between our allowance and the billed amount	Preferred: $150 copayment per performing surgeon, for surgical procedures performed in an office setting Preferred: $200 copayment per performing surgeon, for surgical procedures performed in all other settings Note: Your provider will document the place of service when filing your claim for the procedure(s). Please contact the provider if you have any questions about the place of service. Note: If you receive the services of a co-surgeon, you pay a separate copayment for those services, based on where the surgical procedure is performed. No additional copayment applies to the services of assistant surgeons. Participating/Non-participating: You pay all charges

Organ/Tissue Transplants at Blue Distinction Centers for Transplants® We participate in the Blue Distinction Centers for Transplants Program for the organ/tissue transplants listed below. Members who choose to use a Blue Distinction Center for Transplants for a covered transplant only pay the $350 per admission copayment under Standard Option, or the $175 per day copayment ($875 maximum) under Basic Option, for the transplant period. See page 155 for the definition of "transplant period." Members are not responsible for additional costs for included professional services. Regular benefits (subject to the regular cost-sharing levels for facility and professional services) are paid for pre- and post-transplant services performed in Blue Distinction Centers for Transplants before and after the transplant period and for services unrelated to a covered transplant. **All members (including those who have Medicare Part A or another group health insurance policy as their primary payor) must contact us at the customer service number listed on the back of their ID card before obtaining services.** You will be referred to the designated Plan transplant coordinator for information about Blue Distinction Centers for Transplants. • Heart (adult and pediatric) • Liver (adult and pediatric liver alone; adult only for simultaneous liver-kidney) • Pancreas; pancreas transplant alone; pancreas after kidney; simultaneous pancreas-kidney (adult only) • Single or double lung (adult only) • Blood or marrow stem cell transplants (adult and pediatric) listed on pages 72-75 • Related transplant services listed on page 76		
Travel benefits: Members who receive covered care at a Blue Distinction Center for Transplants for one of the transplants listed above can be reimbursed for incurred travel costs related to the transplant, subject to the criteria and limitations described here. We reimburse costs for transportation (air, rail, bus, and/or taxi) and lodging if you live 50 miles or more from the facility, up to a maximum of $5,000 per transplant for the member and one companion. If the transplant recipient is age 21 or younger, we pay up to $10,000 for eligible travel costs for the member and two caregivers. Reimbursement is subject to IRS regulations. Note: You must obtain prior approval for travel benefits (see page 24).		
Note: Benefits for cornea, kidney-only, intestinal, pediatric pancreas, pediatric lung, and heart-lung transplants are not available through Blue Distinction Centers for Transplants. See page 72 for benefit information for these transplants. Note: See Section 5(c) for our benefits for facility care. Note: See pages 71 and 72-75 for requirements related to blood or marrow stem cell transplant coverage.		
Not covered: • *Transplants for any diagnosis not listed as covered* • *Donor screening tests and donor search expenses, including associated travel expenses, except as defined on page 76* • *Implants of artificial organs, including those implanted as a bridge to transplant and/or as destination therapy, other than medically necessary implantation of an artificial heart as described on page 72* • *Allogeneic pancreas islet cell transplantation* • *Travel costs related to covered transplants performed at facilities other than Blue Distinction Centers for Transplants; travel costs incurred when prior approval has not been obtained; travel costs outside those allowed by IRS regulations, such as food-related expenses*	*All charges*	*All charges*

Anesthesia	You Pay	
	Standard Option	Basic Option
Anesthesia (including acupuncture) for covered medical or surgical services when requested by the attending physician and performed by: • A certified registered nurse anesthetist (CRNA), or • A physician other than the physician (or the assistant) performing the covered medical or surgical procedure Professional services provided in: • Hospital (inpatient) • Hospital outpatient department • Skilled nursing facility • Ambulatory surgical center • Residential treatment center • Office Anesthesia services consist of administration by injection or inhalation of a drug or other anesthetic agent (including acupuncture) to obtain muscular relaxation, loss of sensation, or loss of consciousness. Note: See Section 5(c) for our payment levels for anesthesia services billed by a facility.	Preferred: 15% of the Plan allowance (deductible applies) Participating: 35% of the Plan allowance (deductible applies) Non-participating: 35% of the Plan allowance (deductible applies), plus any difference between our allowance and the billed amount	Preferred: Nothing Participating/Non-participating: You pay all charges

Section 5(c). Services provided by a hospital or other facility, and ambulance services

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also, read Section 9 for information about how we pay if you have other coverage, or if you are age 65 or over.
- **YOU MUST GET PRECERTIFICATION FOR HOSPITAL STAYS; FAILURE TO DO SO WILL RESULT IN A $500 PENALTY.** Please refer to the precertification information listed in Section 3 to be sure which services require precertification.
- YOU MUST GET PRECERTIFICATION FOR RESIDENTIAL TREATMENT CENTER AND SKILLED NURSING FACILITY STAYS. Please refer to the precertification information listed in Section 3.
- Note: **Observation services** are billed as outpatient facility care. Benefits for observation services are provided at the outpatient facility benefit levels described on page 80. See page 151 for more information about these types of services.
- **YOU MUST GET PRIOR APPROVAL for the following services if they are to be performed on an outpatient basis: sleep studies performed outside the home, surgery for morbid obesity; surgical correction of congenital anomalies; and outpatient surgery needed to correct accidental injuries (see *Definitions*) to jaws, cheeks, lips, tongue, roof and floor of mouth. Please refer to page 22 for more information.**
- **YOU MUST GET PRIOR APPROVAL for gender reassignment surgery. See page 23 for prior approval and page 65 for the surgical benefit.**
- You should be aware that some PPO inpatient facilities may have non-PPO professional providers on staff.
- We base payment on whether a facility or a healthcare professional bills for the services or supplies. You will find that some benefits are listed in more than one section of the brochure. This is because how they are paid depends on what type of provider bills for the service. For example, physical therapy is paid differently depending on whether it is billed by an inpatient facility, a physician, a physical therapist, or an outpatient facility.
- The services listed in this Section are for the charges billed by the facility (i.e., hospital or surgical center) or ambulance service, for your inpatient or outpatient surgery or care. Any costs associated with the professional charge (i.e., physicians, etc.) are listed in Sections 5(a) or 5(b).
- PPO benefits apply only when you use a PPO provider. When no PPO provider is available, non-PPO benefits apply.
- **Under Standard Option,**
  - The calendar year deductible is $350 per person ($700 per Self Plus One or Self and Family enrollment).
- **Under Basic Option,**
  - There is **no calendar year deductible.**
  - **You must use Preferred providers in order to receive benefits.** See page 21 for the exceptions to this requirement.
  - Your cost-share for care performed and billed by Preferred professional providers in the outpatient department of a Preferred hospital is waived for services other than surgical services, drugs, supplies, orthopedic and prosthetic devices, and durable medical equipment. You are responsible for the applicable cost-sharing amount(s) for the services performed and billed by the hospital.

Benefit Description	You Pay	
Note: For Standard Option, we state whether or not the calendar year deductible applies for each benefit listed in this Section. There is no calendar year deductible under Basic Option.		
Inpatient hospital	**Standard Option**	**Basic Option**
Room and board, such as: • Semiprivate or intensive care accommodations • General nursing care • Meals and special diets Note: We cover a private room only when you must be isolated to prevent contagion, when your isolation is required by law, or when a Preferred or Member hospital only has private rooms. If a Preferred or Member hospital only has private rooms, we base our payment on the contractual status of the facility. If a Non-member hospital only has private rooms, we base our payment on the Plan allowance for your type of admission. Please see page 151 for more information. See pages 87 and 99 for inpatient residential treatment center. Other hospital services and supplies, such as: • Operating, recovery, maternity, and other treatment rooms • Prescribed drugs • Diagnostic studies, radiology services, laboratory tests, and pathology services • Administration of blood or blood plasma • Dressings, splints, casts, and sterile tray services • Internal prosthetic devices • Other medical supplies and equipment, including oxygen • Anesthetics and anesthesia services • Take-home items • Pre-admission testing recognized as part of the hospital admissions process • Nutritional counseling • Acute inpatient rehabilitation Note: **Observation services** are billed as outpatient facility care. As a result, benefits for observation services are provided at the outpatient facility benefit levels described on page 80. See page 151 for more information about these types of services. Note: Here are some things to keep in mind: • You do not need to precertify your delivery; see page 27 for other circumstances, such as extended stays for you or your baby. • If you need to stay longer in the hospital than initially planned, we will cover an extended stay if it is medically necessary. However, you must precertify the extended stay. See Section 3 for information on requesting additional days. *(continued on next page)*	Preferred: $350 per admission copayment for unlimited days (no deductible) Note: For facility care related to maternity, including care at birthing facilities, we waive the per admission copayment and pay for covered services in full when you use a Preferred facility. Member: $450 per admission copayment for unlimited days, plus 35% of the Plan allowance (no deductible) Non-member: $450 per admission copayment for unlimited days, plus 35% of the Plan allowance (no deductible), and any remaining balance after our payment Note: If you are admitted to a Member or Non-member facility due to a **medical emergency or accidental injury**, you pay a $450 per admission copayment for unlimited days and we then provide benefits at 100% of the Plan allowance.	Preferred: $175 per day copayment up to $875 per admission for unlimited days Member/Non-member: You pay all charges Note: For Preferred facility care related to maternity (including inpatient facility care, care at birthing facilities, and services you receive on an outpatient basis), your responsibility for the covered services you receive is limited to $175 per admission.

Inpatient hospital – continued on next page

Inpatient hospital *(continued)*	**You Pay**	
	Standard Option	**Basic Option**
Other hospital services and supplies *(continued)* • We pay inpatient hospital benefits for an admission in connection with the treatment of children up to age 22 with severe dental caries. We cover hospitalization for other types of dental procedures only when a non-dental physical impairment exists that makes hospitalization necessary to safeguard the health of the patient. We provide benefits for dental procedures as shown in Section 5(g). Note: See pages 48-49 for other covered maternity services. Note: See page 59 for coverage of blood and blood products. Note: For certain surgical procedures, your out-of-pocket costs for facility services are reduced if you use a facility designated as a Blue Distinction Center. See page 86 for information.	See page 80	See page 80
Not covered: • *Admission to noncovered facilities, such as nursing homes, extended care facilities, schools, or residential treatment centers (except as described on pages 87 and 99)* • *Personal comfort items, such as guest meals and beds, telephone, television, beauty and barber services* • *Private duty nursing* • *Facility room and board expenses when, in our judgment, an admission or portion of an admission is:* – *Custodial or long term care (see Definitions)* – *Convalescent care or a rest cure* – *Domiciliary care provided because care in the home is not available or is unsuitable* • *Care that is not medically necessary, such as:* – *When services did not require the acute hospital inpatient (overnight) setting but could have been provided safely and adequately in a physician's office, the outpatient department of a hospital, or some other setting, without adversely affecting your condition or the quality of medical care you receive.* – *Admissions for, or consisting primarily of, observation and/or evaluation that could have been provided safely and adequately in some other setting (such as a physician's office)* – *Admissions primarily for diagnostic studies, radiology services, laboratory tests, or pathology services that could have been provided safely and adequately in some other setting (such as the outpatient department of a hospital or a physician's office)* *Note: If we determine that an inpatient admission is one of the types listed above, we will not provide benefits for inpatient room and board or inpatient physician care. However, we will provide benefits for covered services or supplies other than room and board and inpatient physician care at the level that we would have paid if they had been provided in some other setting. Benefits are limited to care provided by covered facility providers (see pages 19-21).*	*All charges*	*All charges*

Outpatient hospital or ambulatory surgical center	You Pay	
	Standard Option	Basic Option
Outpatient **surgical and treatment services** performed and billed by a facility, such as: • Operating, recovery, and other treatment rooms • Anesthetics and anesthesia services • Pre-surgical testing performed within one business day of the covered surgical services • Chemotherapy and radiation therapy • Colonoscopy, with or without biopsy Note: Preventive care benefits apply to the facility charges for your first covered colonoscopy of the calendar year (see page 42). We provide diagnostic benefits for services related to subsequent colonoscopy procedures in the same year. • Intravenous (IV)/infusion therapy • Renal dialysis • Visits to the outpatient department of a hospital for non-emergency treatment services • Diabetic education • Administration of blood, blood plasma, and other biologicals • Blood and blood plasma, if not donated or replaced, and other biologicals • Dressings, splints, casts, and sterile tray services • Facility supplies for hemophilia home care • Other medical supplies, including oxygen • Surgical implants Note: See pages 93-96 for our payment levels for care related to a medical emergency or accidental injury. Note: See page 50 for our coverage of family planning services. Note: For our coverage of hospital-based clinic visits, please refer to the professional benefits described on page 38. Note: For certain surgical procedures, your out-of-pocket costs for facility services are reduced if you use a facility designated as a Blue Distinction Center. See page 86 for information. Note: For outpatient facility care related to maternity, including outpatient care at birthing facilities, we waive your cost-share amount and pay for covered services in full when you use a Preferred facility. See pages 48-49 for other included maternity services. *(continued on next page)*	Preferred facilities: 15% of the Plan allowance (deductible applies) Member facilities: 35% of the Plan allowance (deductible applies) Non-member facilities: 35% of the Plan allowance (deductible applies). You may also be responsible for any difference between our allowance and the billed amount.	Preferred: $100 copayment per day per facility (except as noted below) Note: You may be responsible for paying a $150 copayment per day per facility if other diagnostic services are billed in addition to the services listed here. Note: You pay 30% of the Plan allowance for surgical implants, agents, or drugs administered or obtained in connection with your care. (See page 147 for more information about "agents.") Member/Non-member: You pay all charges

Outpatient hospital or ambulatory surgical center – continued on next page

Outpatient hospital or ambulatory surgical center *(continued)*	You Pay	
	Standard Option	**Basic Option**
Outpatient surgical and treatment services *(continued)* Note: See page 85 for outpatient drugs, medical devices, and durable medical equipment billed for by a facility. Note: We cover outpatient hospital services and supplies related to the treatment of children up to age 22 with severe dental caries. We cover outpatient care related to other types of dental procedures only when a non-dental physical impairment exists that makes the hospital setting necessary to safeguard the health of the patient. See Section 5(g), *Dental benefits*, for additional benefit information.	See page 82	See page 82
Outpatient **observation services** performed and billed by a hospital or freestanding ambulatory facility Note: All outpatient services billed by the facility during the time you are receiving observation services are included in the cost-share amounts shown here. Please refer to Section 5(a) for services billed by professional providers during an observation stay and pages 79-81 for information about benefits for inpatient admissions. Note: For outpatient observation services related to maternity, we waive your cost-share amount and pay for covered services in full when you use a Preferred facility.	Preferred: $350 copayment for the duration of services (no deductible) Member: $450 copayment for the duration of services, plus 35% of the Plan allowance (no deductible) Non-member: $450 copayment for the duration of services, plus 35% of the Plan allowance (no deductible), and any remaining balance after our payment	Preferred: $175 per day copayment up to $875 Member/Non-member: You pay all charges
Outpatient **diagnostic testing and treatment services** performed and billed by a facility, limited to: • Angiographies • Bone density tests • CT scans/MRIs/PET scans • Genetic testing Note: We cover specialized diagnostic genetic testing billed for by a facility, such as the outpatient department of a hospital, as shown here. See page 40 for coverage criteria and limitations. • Nuclear medicine • Sleep studies Note: Prior approval is required for sleep studies performed in a location other than your home.	Preferred facilities: 15% of the Plan allowance (deductible applies) Member facilities: 35% of the Plan allowance (deductible applies) Non-member facilities: 35% of the Plan allowance (deductible applies). You may also be responsible for any difference between our allowance and the billed amount.	Preferred: $150 copayment per day per facility Member: $150 copayment per day per facility Non-member: $150 copayment per day per facility, plus any difference between our allowance and the billed amount Note: You pay 30% of the Plan allowance for agents or drugs administered or obtained in connection with your care. (See page 147 for more information about "agents.")

Outpatient hospital or ambulatory surgical center *(continued)*	**You Pay**	
	Standard Option	**Basic Option**
Outpatient **diagnostic and treatment services** performed and billed by a facility, limited to: • Laboratory tests and pathology services • EKGs Note: For outpatient facility care related to maternity, including outpatient care at birthing facilities, we waive your cost-share amount and pay for covered services in full when you use a Preferred facility.	Preferred facilities: 15% of the Plan allowance (deductible applies) Member facilities: 35% of the Plan allowance (deductible applies) Non-member facilities: 35% of the Plan allowance (deductible applies). You may also be responsible for any difference between our allowance and the billed amount.	Preferred: Nothing Member: Nothing Non-member: You pay any difference between our allowance and the billed amount Note: You may be responsible for paying a copayment per day per facility if other diagnostic and/or treatment services are billed in addition to the services listed here. Note: You pay 30% of the Plan allowance for agents or drugs administered or obtained in connection with your care. (See page 147 for more information about "agents.")
Outpatient **adult preventive care** performed and billed by a facility, limited to: • Visits/exams for preventive care, screening procedures, and routine immunizations described on pages 41-45 • Cancer screenings listed on page 42 and ultrasound screening for abdominal aortic aneurysm Note: See pages 43-44 for our coverage requirements for preventive BRCA testing. Note: See page 48 for our payment levels for covered preventive care services for children billed for by facilities and performed on an outpatient basis.	See pages 41-45 for our payment levels for covered preventive care services for adults	Preferred: Nothing Member/Non-member: Nothing for cancer screenings and ultrasound screening for abdominal aortic aneurysm Note: Benefits are not available for routine adult physical examinations, associated laboratory tests, colonoscopies, or routine immunizations performed at Member or Non-member facilities.
Outpatient **drugs, medical devices, and durable medical equipment** billed for by a facility, such as: • Prescribed drugs • Orthopedic and prosthetic devices • Durable medical equipment • Surgical implants Note: For outpatient facility care related to maternity, including outpatient care at birthing facilities, we waive your cost-share amount and pay for covered services in full when you use a Preferred facility. Note: Certain self-injectable drugs are covered only when dispensed by a pharmacy under the pharmacy benefit. These drugs will be covered once per lifetime per therapeutic category of drugs when dispensed by a non-pharmacy-benefit provider. This benefit limitation does not apply if you have primary Medicare Part B coverage. See page 111 for information about Tier 4 and Tier 5 specialty drug fills from a Preferred pharmacy.	Preferred facilities: 15% of the Plan allowance (deductible applies) Member facilities: 35% of the Plan allowance (deductible applies) Non-member facilities: 35% of the Plan allowance (deductible applies). You may also be responsible for any difference between our allowance and the billed amount.	Preferred: 30% of the Plan allowance Note: You may also be responsible for paying a copayment per day per facility for outpatient services. See above and pages 82-84 for specific coverage information. Member/Non-member: You pay all charges

Blue Distinction® Specialty Care	You Pay	
	Standard Option	Basic Option
We provide enhanced benefits for covered inpatient facility services related to the surgical procedures listed below, when the surgery is performed at a facility designated as a Blue Distinction Center for Knee and Hip Replacement, Blue Distinction Center for Spine Surgery, or Blue Distinction Center for Comprehensive Bariatric Surgery. • Bariatric surgeries covered are: – Roux-en-Y – Gastric bypass – Laparoscopic adjustable gastric banding – Sleeve gastrectomy – Biliopancreatic bypass with duodenal switch • Total hip replacement or revision • Total knee replacement or revision • Spine surgery, limited to: – Cervical discectomy – Thoracic discectomy – Laminectomy – Laminoplasty – Spinal fusion Note: You must precertify your hospital stay and verify your facility's designation as a Blue Distinction Center for the type of surgery being scheduled. Contact us prior to your admission at the customer service number listed on the back of your ID card for assistance. Note: Members are responsible for regular cost-sharing amounts for the surgery and related professional services as described in Section 5(b). Note: These benefit levels do not apply to inpatient facility care related to other services or procedures, or to outpatient facility care, even if the services are performed at a Blue Distinction Center. See pages 79-81 for regular inpatient hospital benefits and pages 82-85 for outpatient facility benefit levels. Note: See page 21 for more information about Blue Distinction Centers.	Blue Distinction Center: $150 per admission copayment for unlimited days (no deductible)	Blue Distinction Center: $100 per day copayment up to $500 per admission for unlimited days

Blue Distinction® Specialty Care – continued on next page

Blue Distinction® Specialty Care *(continued)*	You Pay	
	Standard Option	**Basic Option**
Outpatient facility services related to specific covered bariatric surgical procedures, when the surgery is performed at a designated Blue Distinction Center for Bariatric Surgery Note: You must meet the pre-surgical requirements listed on page 67. In addition, you must obtain prior approval and verify the facility's designation as a Blue Distinction Center for the type of surgery being scheduled. Contact us prior to the procedure at the customer service number listed on the back of your ID card for assistance. Note: Members are responsible for regular cost-sharing amounts for the surgery and related professional services as described in Section 5(b). Note: These benefits do not apply to other types of outpatient surgical services, even when performed at a Blue Distinction Center. See page 82 for the benefits we provide. Note: See page 21 for more information about Blue Distinction Centers.	Blue Distinction Center: $100 per day per facility (no deductible)	Blue Distinction Center: $25 per day per facility
Residential Treatment Center		
Precertification prior to admission is required. A preliminary treatment plan and discharge plan must be developed and agreed to by the Member, provider (residential treatment center (RTC)), and case manager in the Local Plan where the RTC is located prior to admission. We cover inpatient care provided and billed by an RTC for Members enrolled and participating in case management through the Local Plan, when the care is medically necessary for treatment of a medical, mental health, and/or substance use condition: • Room and board, such as semiprivate room, nursing care, meals, special diets, ancillary charges, and covered therapy services when billed by the facility (see page 38 for services billed by professional providers). Note: RTC benefits are not available for facilities licensed as a skilled nursing facility, group home, halfway house, or similar type facility. Note: Benefits are not available for non-covered services, including: respite care; outdoor residential programs; services provided outside of the provider's scope of practice; recreational therapy; educational therapy; educational classes; bio-feedback; Outward Bound programs; equine therapy provided during the approved stay; personal comfort items, such as guest meals and beds, telephone, television, beauty and barber services; custodial or long term care (see *Definitions*); and domiciliary care provided because care in the home is not available or is unsuitable.	Preferred: $350 per admission copayment for unlimited days (no deductible) Member: $450 per admission copayment for unlimited days, plus 35% of the Plan allowance (no deductible) Non-member: $450 per admission copayment for unlimited days, plus 35% of the Plan allowance (no deductible), and any remaining balance after our payment Note: Non-member RTCs must, prior to admission, agree to abide by the terms established by the Local Plan for the care of the particular Member and for the submission and processing of related claims.	Preferred: $175 per day copayment up to $875 per admission for unlimited days Member/Non-member: You pay all charges

Extended care benefits/Skilled nursing care facility benefits	You Pay	
	Standard Option	Basic Option
When you do not have Medicare Part A: For Members who do not have Medicare Part A, we cover skilled nursing facility (SNF) inpatient care for a maximum of 30 days annually, when the Member can be expected to benefit from short-term SNF services with a goal of returning home. The following criteria must also be met: • Member is enrolled in case management prior to admission to the SNF (signed consent required), and actively participates in case management both prior to and during admission to the SNF. • Precertification is obtained prior to admission (including overseas care). • We approve the preliminary treatment plan prior to admission (plan must include proposed therapies and document the need for inpatient care). • Member participates in all treatment and care planning activities, including discharge planning/transition to home. Benefits are not available for inpatient SNF care solely for management of tube feedings, for home level dialysis treatment, as an interim transition to long term care placement, or for any other non-covered services. Note: No inpatient benefits (such as room and board) will be provided if precertification is not obtained prior to admission (see page 23). Members are responsible for enrolling in case management (see page 22)	Preferred: $175 (no deductible) per admission Participating/Member: $275 plus 35% of the Plan allowance (no deductible) per admission Non-participating/Non-member: $275 plus 35% of the Plan allowance (no deductible), and any remaining balance after our payment per admission	All charges
When you have Medicare Part A: When Medicare Part A is the primary payor (meaning it pays first) and has made a payment, **Standard Option** provides limited secondary benefits. We pay the applicable Medicare Part A copayments incurred **in full** during the first through the 30th day of confinement for each benefit period (as defined by Medicare) in a qualified skilled nursing facility. Note: See https://www.cms.gov/Regulations-and-Guidance/Guidance/Manuals/downloads/ge101c03.pdf for complete Medicare benefit period definition. If Medicare pays the first 20 days in full, Plan benefits will begin on the 21st day (when Medicare Part A copayments begin) and will end on the 30th day. Note: See page 54 for benefits provided for outpatient physical, occupational, speech, and cognitive rehabilitation therapy when billed by a skilled nursing facility. See Section 5(f) for benefits for prescription drugs. ***Note: If you have Medicare Part A, we will only provide benefits if Medicare provided benefits for the admission.***	Preferred: Nothing (no deductible) Participating/Member: Nothing (no deductible) Non-participating/Non-member: Nothing (no deductible) Note: You pay all charges not paid by Medicare after the 30th day.	All charges

Extended care benefits/Skilled nursing care facility benefits – continued on next page

Extended care benefits/Skilled nursing care facility benefits *(continued)*	You Pay	
	Standard Option	Basic Option
Not covered: *Telephone, television, personal comfort items, such as guest meals and beds, beauty and barber services, recreational outings/trips, stretcher or wheelchair transportation, non-emergent ambulance transport that is requested, beyond the nearest facility adequately equipped to treat the Member's condition, by patient or physician for continuity of care or other reason, custodial or long term care (see Definitions), and domiciliary care provided because care in the home is not available or is unsuitable.*	*All charges*	*All charges*
Hospice care		
Hospice care is an integrated set of services and supplies designed to provide palliative and supportive care to Members with a projected life expectancy of six months or less due to a terminal medical condition, as certified by the Member's primary care provider or specialist.	See below and page 90	See below and page 90
Pre-Hospice Enrollment Benefits **Prior approval is not required**. Before home hospice care begins, Members may be evaluated by a physician to determine if home hospice care is appropriate. We provide benefits for pre-enrollment visits when provided by a physician who is employed by the home hospice agency and when billed by the agency employing the physician. The pre-enrollment visit includes services such as: • Evaluating the Member's need for pain and/or symptom management; and • Counseling regarding hospice and other care options	Nothing (no deductible)	Nothing
Prior approval from the Local Plan is required for all hospice services. Our prior approval decision will be based on the medical necessity of the hospice treatment plan and the clinical information provided to us by the primary care provider (or specialist) and the hospice provider. We may also request information from other providers who have treated the Member. All hospice services must be billed by the approved hospice agency. **You are responsible for making sure the hospice care provider has received prior approval from the Local Plan** (see page 24 for instructions). Please check with your Local Plan, and/or visit www.fepblue.org/provider to use our National Doctor & Hospital Finder, for listings of Preferred hospice providers. *(continued on next page)*		

Hospice care – continued on next page

Hospice Care *(continued)*	**You Pay**	
	Standard Option	**Basic Option**
Hospice care prior approval *(continued)* Note: If Medicare Part A is the primary payor for the Member's hospice care, prior approval is not required. However, our benefits will be limited to those services listed above and on page 90. **Members with a terminal medical condition (or those acting on behalf of the Member) are encouraged to contact the Case Management Department at their Local Plan for information about hospice services and Preferred hospice providers.**		
Covered services We provide benefits for the hospice services listed below when the services have been included in an approved hospice treatment plan and are provided by the home hospice program in which the Member is enrolled: • Nursing care • Periodic physician visits • Dietary counseling • Durable medical equipment rental • Medical social services • Medical supplies • Oxygen therapy • Physical therapy, occupational therapy, and speech therapy related to the terminal medical condition • Prescription drugs • Services of home health aides (certified or licensed, if the state requires it, and provided by the home hospice agency)	See next page	See next page
Traditional Home Hospice Care Periodic visits to the Member's home for the management of the terminal medical condition and to provide limited patient care in the home. See page 90 for prior approval requirements.	Nothing (no deductible)	Nothing

Hospice Care *(continued)*	You Pay	
	Standard Option	**Basic Option**
Continuous Home Hospice Care Services provided in the home to Members enrolled in home hospice during a period of crisis, such as frequent medication adjustments to control symptoms or to manage a significant change in the Member's condition, requiring a minimum of 8 hours of care during each 24-hour period by a registered nurse (R.N.) or licensed practical nurse (L.P.N.). Note: Members must receive prior approval from the Local Plan for each episode of continuous home hospice care (see page 90). An episode consists of up to seven consecutive days of continuous care. Each episode must be separated by at least 21 days of traditional home hospice care. The Member must be enrolled in a home hospice program and the continuous home hospice care services must be provided by the home hospice program in which the Member is enrolled.	Preferred: $350 per episode copayment (no deductible) Member: $450 per episode copayment (no deductible) Non-member: $450 per episode copayment, plus 35% of the Plan allowance (no deductible), and any remaining balance after our payment	Preferred: $150 per day copayment up to $750 maximum per episode Member/Non-member: You pay all charges
Inpatient Hospice Care Benefits are available for inpatient hospice care when provided by a facility that is licensed as an inpatient hospice facility and when: • Inpatient services are necessary to control pain and/or manage the Member's symptoms; • Death is imminent; or • Inpatient services are necessary to provide an interval of relief (respite) to the caregiver Note: Benefits are provided for up to thirty consecutive days in a facility licensed as an inpatient hospice facility. Each inpatient stay must be separated by at least 21 days of traditional home hospice care. The Member does not have to be enrolled in a home hospice care program to be eligible for the first inpatient stay. However, the Member must be enrolled in a home hospice care program in order to receive benefits for subsequent inpatient stays.	Preferred: Nothing (no deductible) Member: $450 per admission copayment, plus 35% of the Plan allowance (no deductible) Non-member: $450 per admission copayment, plus 35% of the Plan allowance (no deductible), and any remaining balance after our payment	Preferred: Nothing Member/Non-member: You pay all charges
Not covered: • *Homemaker services* • *Home hospice care (e.g., care given by a home health aide) that is provided and billed for by other than the approved home hospice agency when the same type of care is already being provided by the home hospice agency*	*All charges*	*All charges*

Ambulance	You Pay	
	Standard Option	Basic Option
Professional ambulance **transport services** to or from the nearest hospital equipped to adequately treat your condition, when medically necessary, and: • Associated with covered hospital inpatient care • Related to medical emergency • Associated with covered hospice care Note: We also cover medically necessary emergency care provided at the scene when transport services are not required.	$100 copayment per day for ground ambulance transport services (no deductible) $150 copayment per day for air or sea ambulance transport services	$100 copayment per day for ground ambulance transport services $150 copayment per day for air or sea ambulance transport services
Professional ambulance **transport services** to or from the nearest hospital equipped to adequately treat your condition, when medically necessary, and when related to accidental injury Note: We also cover medically necessary emergency care provided at the scene when transport services are not required.	Nothing (no deductible) Note: These benefit levels apply only if you receive care in connection with, and within 72 hours after, an accidental injury. For services received after 72 hours, see above.	$100 copayment per day for ground ambulance transport services $150 copayment per day for air or sea ambulance transport services
Medically necessary emergency ground, air and sea ambulance transport services to the nearest hospital equipped to adequately treat your condition if you travel outside the United States, Puerto Rico and the U.S. Virgin Islands Note: If you are traveling overseas and need assistance with emergency evacuation services to the nearest facility equipped to adequately treat your condition, please contact Worldwide Assistance Center (provided by AXA Assistance) by calling the center collect at 804-673-1678. See page 125 for more information.	$100 copayment per day for ground ambulance transport services (no deductible) $150 copayment per day for air or sea ambulance transport services	$100 copayment per day for ground ambulance transport services $150 copayment per day for air or sea ambulance transport services
Not covered: • *Wheelchair van services and gurney van services* • *Ambulance and any other modes of transportation to or from services including but not limited to physician appointments, dialysis, or diagnostic tests not associated with covered inpatient hospital care* • *Ambulance transport that is requested, beyond the nearest facility adequately equipped to treat the Member's condition, by patient or physician for continuity of care or other reason* • *Commercial air flights* • *Repatriation from an international location back to the United States. See definition of repatriation in Section 10. Members traveling overseas should consider purchasing a travel insurance policy that covers repatriation to your home country.* • *Costs associated with overseas air or sea transportation to other than the closest hospital equipped to adequately treat your condition.*	*All charges*	*All charges*

Section 5(d). Emergency services/accidents

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also, read Section 9 for information about how we pay if you have other coverage, or if you are age 65 or over.
- You should be aware that some Preferred (PPO) hospitals may have Non-preferred (non-PPO) professional providers on staff.
- We provide benefits at Preferred benefit levels for emergency room services performed by both PPO and non-PPO providers when their services are related to an accidental injury or medical emergency. The Plan allowance for these services is determined by the contracting status of the provider. If services are performed by non-PPO professional providers in a PPO facility, you will be responsible for your cost-share for those services, plus any difference between our allowance and the billed amount.
- PPO benefits apply only when you use a PPO provider (except as described above). When no PPO provider is available, non-PPO benefits apply.
- **Under Standard Option,**
  - The calendar year deductible is $350 per person ($700 per Self Plus One or Self and Family enrollment).
- **Under Basic Option,**
  - There is **no calendar year deductible**.
  - **You must use Preferred providers in order to receive benefits, except in cases of medical emergency or accidental injury. Refer to the guidelines appearing below for additional information.**

What is an accidental injury?

An accidental injury is an injury caused by an external force or element such as a blow or fall and which requires immediate medical attention, including animal bites and poisonings. (See Section 5(g) for dental care for accidental injury.)

What is a medical emergency?

A medical emergency is the sudden and unexpected onset of a condition or an injury that you believe endangers your life or could result in serious injury or disability, and requires immediate medical or surgical care. Some problems are emergencies because, if not treated promptly, they might become more serious; examples include deep cuts and broken bones. Others are emergencies because they are potentially life threatening, such as heart attacks, strokes, poisonings, gunshot wounds, or sudden inability to breathe. There are many other acute conditions that we may determine are medical emergencies – what they all have in common is the need for quick action.

Basic Option benefits for emergency care

Under **Basic Option,** you are encouraged to seek care from Preferred providers in cases of accidental injury or medical emergency. However, if you need care immediately and cannot access a Preferred provider, we will provide benefits for the **initial** treatment provided in the emergency room of any hospital – even if the hospital is not a Preferred facility. We will also provide benefits if you are admitted directly to the hospital from the emergency room until your condition has been stabilized. In addition, we will provide benefits for emergency ambulance transportation provided by Preferred or Non-preferred ambulance providers if the transport is due to a medical emergency or accidental injury.

We provide emergency benefits when you have acute symptoms of sufficient severity – including severe pain – such that a prudent layperson, who possesses average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in serious jeopardy to the person's health, or with respect to a pregnant woman, the health of the woman and her unborn child.

Benefit Description	You Pay	
Note: For Standard Option, we state whether or not the calendar year deductible applies for each benefit listed in this Section. There is no calendar year deductible under Basic Option.		
Accidental injury	**Standard Option**	**Basic Option**
• **Professional provider services** in the emergency room, hospital outpatient department, or provider's office, including professional care, diagnostic studies, radiology services, laboratory tests, and pathology services, when billed by a professional provider	Preferred: Nothing (no deductible) Participating: Nothing (no deductible) Non-participating: Any difference between our allowance and the billed amount (no deductible)	Preferred: Nothing Participating: Nothing Non-participating: You pay any difference between our allowance and the billed amount Note: These benefit levels apply only to professional provider services performed in the emergency room. Regular benefit levels apply to covered services provided in all other settings. See Sections 5(a) and 5(b) for those benefits.
• Outpatient **hospital services** and supplies, including professional provider services, diagnostic studies, radiology services, laboratory tests, and pathology services, when billed by the hospital	Preferred: Nothing (no deductible) Member: Nothing (no deductible) Non-member: Any difference between our allowance and the billed amount (no deductible)	Preferred emergency room: $125 copayment per day per facility Member emergency room: $125 copayment per day per facility Non-member emergency room: $125 copayment per day per facility, plus any difference between our allowance and the billed amount Note: If you are admitted directly to the hospital from the emergency room, you do not have to pay the $125 emergency room copayment. However, the $175 per day copayment for Preferred inpatient care still applies. Note: Regular benefit levels apply to covered outpatient hospital services provided in settings other than an emergency room. See Section 5(c) for those benefits.
• Urgent care center services and supplies, including professional providers' services, diagnostic studies, radiology services, laboratory tests and pathology services, when billed by the provider	Preferred urgent care center: Nothing (no deductible) Participating urgent care center: Nothing (no deductible) Non-participating urgent care center: Any difference between our allowance and the billed amount (no deductible)	Preferred urgent care center: $35 copayment per visit Participating/Non-participating urgent care center: You pay all charges

Accidental injury – continued on next page

Accidental injury *(continued)*	**You Pay**	
	Standard Option	**Basic Option**
Note: If you are treated by a non-PPO professional provider in a PPO facility, you will be responsible for your cost-share for the services, plus any difference between our allowance and the billed amount. Note: We pay inpatient benefits if you are admitted. See Sections 5(a), 5(b), and 5(c) for those benefits. Note: See Section 5(g) for dental benefits for accidental injuries.	Note: The benefits described above apply only if you receive care in connection with, and within 72 hours after, an accidental injury. For services received after 72 hours, regular benefits apply. See Sections 5(a), 5(b), and 5(c) for the benefits we provide. Note: For drugs, services, supplies, and/or durable medical equipment billed by a provider other than a hospital, urgent care center, or physician, see Sections 5(a) and 5(f) for the benefit levels that apply.	Note: All follow-up care must be performed and billed for by Preferred providers to be eligible for benefits.
Not covered: • *Oral surgery except as shown in Section 5(b)* • *Injury to the teeth while eating* • *Emergency room professional charges for shift differentials*	*All charges*	*All charges*
Medical emergency		
• **Professional provider services in the emergency room**, including professional care, diagnostic studies, radiology services, laboratory tests, and pathology services, when billed by a professional provider	Preferred: 15% of the Plan allowance (deductible applies) Participating: 15% of the Plan allowance (deductible applies) Non-participating: 15% of the Plan allowance (deductible applies), plus any difference between our allowance and the billed amount	Preferred: Nothing Participating: Nothing Non-participating: You pay any difference between our allowance and the billed amount

Medical emergency – continued on next page

Medical emergency *(continued)*	**You Pay**	
	Standard Option	**Basic Option**
• Outpatient **hospital emergency room services** and supplies, including professional provider services, diagnostic studies, radiology services, laboratory tests, and pathology services, when billed by the hospital Note: We pay inpatient benefits if you are admitted as a result of a medical emergency. See Section 5(c). Note: Regular benefit levels apply to covered services provided in settings other than the emergency room. See Section 5(c) for those benefits.	Preferred: 15% of the Plan allowance (deductible applies) Member: 15% of the Plan allowance (deductible applies) Non-member: 15% of the Plan allowance (deductible applies), plus any difference between our allowance and the billed amount	Preferred: $125 copayment per day per facility Member: $125 copayment per day per facility Non-member: $125 copayment per day per facility, plus any difference between our allowance and the billed amount Note: If you are admitted directly to the hospital from the emergency room, you do not have to pay the $125 emergency room copayment. However, the $175 per day copayment for Preferred inpatient care still applies. Note: All follow-up care must be performed and billed for by Preferred providers to be eligible for benefits.
• Urgent care center services and supplies, including professional providers' services, diagnostic studies, radiology services, laboratory tests and pathology services, when billed by the provider	Preferred urgent care center: $30 copayment per visit (no deductible) Participating urgent care center: 35% of the Plan allowance (deductible applies) Non-participating urgent care center: 35% of the Plan allowance (deductible applies), plus any difference between our allowance and the billed amount	Preferred urgent care center: $35 copayment per visit Participating/Non-participating urgent care center: You pay all charges
Note: If you are treated by a non-PPO professional provider in a PPO facility, you will be responsible for your cost-share for the services, plus any difference between our allowance and the billed amount. Note: We pay inpatient benefits if you are admitted. See Sections 5(a), 5(b), and 5(c) for those benefits.	Note: These benefit levels **do not** apply if you receive care in connection with, and within 72 hours after, an accidental injury. See pages 94-95 for the benefits we provide.	Note: All follow-up care must be performed and billed for by Preferred providers to be eligible for benefits.
Not covered: Emergency room professional charges for shift differentials	*All charges*	*All charges*
Ambulance		
See page 92 for complete ambulance benefit and coverage information.		

Section 5(e). Mental health and substance use disorder benefits

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- If you have a chronic and/or complex condition, you may be eligible to receive the services of a professional case manager to assist in assessing, planning, and facilitating individualized treatment options and care. For more information about our Case Management process, please refer to page 123. Contact us at the telephone number listed on the back of your Service Benefit Plan ID card if you have any questions or would like to discuss your healthcare needs.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also, read Section 9 for information about how we pay if you have other coverage, or if you are age 65 or over.
- Every year, we conduct an analysis of the financial requirements and treatment limitations which apply to this Plan's mental health and substance use disorder benefits in compliance with the federal Mental Health Parity and Addiction Equity Act (the Act), and the Act's implementing regulations. Based on the results of this analysis, we may suggest changes to program benefits to OPM. More information on the Act is available on the following Federal Government websites:
  https://www.cms.gov/CCIIO/Programs-and-Initiatives/Other-Insurance-Protections/mhpaea_factsheet.html
  https://www.dol.gov/ebsa/mentalhealthparity/
  www.samhsa.gov/health-financing/implementation-mental-health-parity-addiction-equity-act
- **YOU MUST GET PRECERTIFICATION FOR HOSPITAL STAYS; FAILURE TO DO SO WILL RESULT IN A $500 PENALTY**. Please refer to the precertification information listed in Section 3.
- YOU MUST GET PRECERTIFICATION FOR RESIDENTIAL TREATMENT CENTER STAYS. Please refer to the precertification information listed in Section 3.
- PPO benefits apply only when you use a PPO provider. When no PPO provider is available, non-PPO benefits apply.
- **Under Standard Option,**
  - The calendar year deductible is $350 per person ($700 per Self Plus One or Self and Family enrollment).
  - You may choose to receive care from In-Network (Preferred) or Out-of-Network (Non-preferred) providers. Cost-sharing and limitations for In-Network (Preferred) and Out-of-Network (Non-preferred) mental health and substance use disorder benefits are no greater than for similar benefits for other illnesses and conditions.
- **Under Basic Option,**
  - **You must use Preferred providers in order to receive benefits. See page 21 for the exceptions to this requirement.**
  - There is **no calendar year deductible.**

Benefit Description	You Pay	
Note: For Standard Option, we state whether or not the calendar year deductible applies for each benefit listed in this Section. There is no calendar year deductible under Basic Option.		
Professional services	**Standard Option**	**Basic Option**
We cover professional services by licensed professional mental health and substance use disorder practitioners when acting within the scope of their license.	Your cost-sharing responsibilities are no greater than for other illnesses or conditions.	Your cost-sharing responsibilities are no greater than for other illnesses or conditions.
Services provided by licensed professional mental health and substance use disorder practitioners when acting within the scope of their license • Individual psychotherapy • Group psychotherapy • Pharmacologic (medication) management • Psychological testing • Office visits • Clinic visits • Home visits Note: To locate a Preferred provider, visit www.fepblue.org/provider to use our National Doctor & Hospital Finder, or contact your Local Plan at the mental health and substance use phone number on the back of your ID card. Note: See pages 62 and 113 for our coverage of smoking and tobacco cessation treatment. Note: See page 48 for our coverage of mental health visits to treat postpartum depression and depression during pregnancy.	Preferred: $25 copayment for the visit (no deductible) Participating: 35% of the Plan allowance (deductible applies) Non-participating: 35% of the Plan allowance (deductible applies), plus the difference between our allowance and the billed amount	Preferred: $30 copayment per visit Participating/Non-participating: You pay all charges
Telehealth professional services for: • Behavioral health counseling • Substance use disorder counseling Note: Refer to Section 5(h) Wellness and other special features for information on telehealth services and how to access a provider.	Preferred Telehealth provider : $10 (no deductible) Participating/Non-participating: You pay all charges	Preferred Telehealth provider: $15 Participating/Non-participating: You pay all charges
• Inpatient professional services	Preferred: Nothing (no deductible) Participating: 35% of the Plan allowance (no deductible) Non-participating: 35% of the Plan allowance (no deductible), plus the difference between our allowance and the billed amount	Preferred: Nothing Participating/Non-participating: You pay all charges
• Professional charges for facility-based intensive outpatient treatment • Professional charges for outpatient diagnostic tests	Preferred: 15% of the Plan allowance (deductible applies) Participating: 35% of the Plan allowance (deductible applies) Non-participating: 35% of the Plan allowance (deductible applies), plus the difference between our allowance and the billed amount	Preferred: Nothing Participating/Non-participating: You pay all charges

Inpatient hospital or other covered facility	You Pay	
	Standard Option	Basic Option
Inpatient services provided and billed by a hospital or other covered facility (See below for residential treatment center care.) • Room and board, such as semiprivate or intensive accommodations, general nursing care, meals and special diets, and other hospital services • Diagnostic tests Note: Inpatient care to treat substance use disorder-includes room and board and ancillary charges for confinements in a hospital/treatment facility for rehabilitative treatment of alcoholism or substance use. Note: You must get precertification of inpatient hospital stays; failure to do so will result in a $500 penalty.	Preferred: $350 per admission copayment for unlimited days (no deductible) Member: $450 per admission copayment for unlimited days, plus 35% of the Plan allowance (no deductible) Non-member: 35% of the Plan allowance for unlimited days (no deductible), and any remaining balance after our payment	Preferred: $175 per day copayment up to $875 per admission for unlimited days Member/Non-member: You pay all charges
Residential Treatment Center		
Precertification prior to admission is required. A preliminary treatment plan and discharge plan must be developed and agreed to by the Member, provider (residential treatment center (RTC)), and case manager in the Local Plan where the RTC is located prior to admission. We cover inpatient care provided and billed by an RTC for Members enrolled and participating in case management through the Local Plan, when the care is medically necessary for treatment of a medical, mental health, and/or substance use condition: • Room and board, such as semiprivate room, nursing care, meals, special diets, ancillary charges, and covered therapy services when billed by the facility (see page 98 for services billed by professional providers) Note: RTC benefits are not available for facilities licensed as a skilled nursing facility, group home, halfway house, or similar type facility. Note: Benefits are not available for non-covered services, including: respite care; outdoor residential programs; services provided outside of the provider's scope of practice; recreational therapy; educational therapy; educational classes; biofeedback; Outward Bound programs; equine therapy provided during the approved stay; personal comfort items, such as guest meals and beds, telephone, television, beauty and barber services; custodial or long term care (see *Definitions*); and domiciliary care provided because care in the home is not available or is unsuitable.	Preferred: $350 per admission copayment for unlimited days (no deductible) Member: $450 per admission copayment for unlimited days, plus 35% of the Plan allowance (no deductible) Non-member: $450 per admission copayment for unlimited days, plus 35% of the Plan allowance (no deductible), and any remaining balance after our payment Note: Non-member facilities must, prior to admission, agree to abide by the terms established by the Local Plan for the care of the particular Member and for the submission and processing of related claims.	Preferred: $175 per day copayment up to $875 per admission for unlimited days Member/Non-member: You pay all charges

Outpatient hospital or other covered facility	You Pay	
	Standard Option	Basic Option
Outpatient services provided and billed by a covered facility • Individual psychotherapy • Group psychotherapy • Pharmacologic (medication) management • Partial hospitalization • Intensive outpatient treatment	Preferred: 15% of the Plan allowance (deductible applies) Member: 35% of the Plan allowance (deductible applies) Non-member: 35% of the Plan allowance (deductible applies). You may also be responsible for any difference between our allowance and the billed amount.	Preferred: $30 copayment per day per facility Member/Non-member: You pay all charges
Outpatient services provided and billed by a covered facility • Diagnostic tests • Psychological testing	Preferred: 15% of the Plan allowance (deductible applies) Member: 35% of the Plan allowance (deductible applies) Non-member: 35% of the Plan allowance (deductible applies). You may also be responsible for any difference between our allowance and the billed amount.	Preferred: Nothing Member/Non-member: Nothing
Not covered (Inpatient or Outpatient)		
• *Marital, family, educational, or other counseling or training services* • *Services performed by a noncovered provider* • *Testing for and treatment of learning disabilities and intellectual disability* • *Inpatient services performed or billed by residential treatment centers, except as described on pages 87 and 99* • *Services performed or billed by schools, halfway houses, or members of their staffs* *Note: We cover professional services as described on page 98 when they are provided and billed by a covered professional provider acting within the scope of his or her license.* • *Psychoanalysis or psychotherapy credited toward earning a degree or furtherance of education or training regardless of diagnosis or symptoms that may be present* • *Services performed or billed by residential therapeutic camps (e.g., wilderness camps, Outward Bound, etc.)* • *Light boxes* • *Custodial or long term care (see* Definitions*)*	*All charges*	*All charges*

Section 5(f). Prescription drug benefits

Important things you should keep in mind about these benefits:

- We cover prescription drugs and supplies, as described in the chart beginning on page 105.
- If there is no generic drug available, you must still pay the brand-name cost-sharing amount when you receive a brand-name drug.
- If you select a brand-name drug over an available generic drug, you will be responsible for the applicable tier cost-share plus the difference in the costs of the brand-name and generic drugs. If the provider's prescription is for the brand-name drug and indicates "dispense as written," you are responsible only for the applicable tier cost-share.
- For generic and brand-name drug purchases, if the cost of your prescription is less than your cost-sharing amount, you pay only the cost of your prescription.
- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Benefits for certain self-injectable (self-administered) drugs are provided only when they are dispensed by a pharmacy under the pharmacy benefit. Medical benefits will be provided for a once-per-lifetime dose per therapeutic category of drugs dispensed by your provider or any non-pharmacy-benefit provider. This benefit limitation does not apply if you have primary Medicare Part B coverage. See page 111 for Tier 4 and Tier 5 specialty drug fills from a Preferred pharmacy.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also, read Section 9 for information about how we pay if you have other coverage, or if you are age 65 or over.
- Medication prices vary among different retail pharmacies, the Mail Service Prescription Drug Program, and the Specialty Drug Pharmacy Program. **Review purchasing options for your prescriptions to get the best price.** A drug cost tool is available at www.fepblue.org or call:
  - **Retail Pharmacy Program: 800-624-5060 (TTY: 800-624-5077)**
  - **Mail Service Prescription Drug Program: 800-262-7890 (TTY: 800-216-5343)**
  - **Specialty Drug Pharmacy Program: 888-346-3731 (TTY: 877-853-9549)**
- **YOU MUST GET PRIOR APPROVAL FOR CERTAIN DRUGS AND SUPPLIES, and prior approval must be renewed periodically.** Prior approval is part of our Patient Safety and Quality Monitoring (PSQM) program. Please refer to page 104 for more information about the PSQM program and to Section 3 for more information about prior approval.
- During the course of the year, we may move a brand-name drug from Tier 2 (preferred brand-name) to Tier 3 (non-preferred brand-name) if a generic equivalent becomes available or if new safety concerns arise. We may also move a specialty drug from Tier 4 (preferred) to Tier 5 (non-preferred) if a generic equivalent or biosimilar becomes available or if new safety concerns arise. If your drug is moved to a higher tier, your cost-share will increase. See pages 111, 112 and 113 for the amounts Members pay for Preferred retail, mail service, and specialty drug purchases. Tier reassignments during the year are not considered benefit changes.
- A pharmacy restriction may be applied for clinically inappropriate use of prescription drugs and supplies.

- **Under Standard Option,**
  - You may use the Retail Pharmacy Program, the Mail Service Prescription Drug Program, or the Specialty Drug Pharmacy Program to fill your prescriptions.
  - The Standard Option formulary contains a comprehensive list of drugs under all therapeutic categories with two exceptions: some drugs, nutritional supplements and supplies are not covered (see page 115); we may also exclude certain FDA-approved drugs when multiple generic equivalents/alternative medications are available. See pages 103 and 104 for details.
  - The calendar year deductible does **not** apply to prescriptions filled through the Retail Pharmacy Program, the Mail Service Prescription Drug Program, or the Specialty Drug Pharmacy Program.
  - PPO benefits apply only when you use a PPO provider. When no PPO provider is available, non-PPO benefits apply.
- **Under Basic Option,**
  - **You must use Preferred providers or the Specialty Drug Pharmacy Program in order to receive benefits. See page 21 for the exceptions to this requirement.** Our specialty drug pharmacy is a Preferred provider.
  - The Basic Option formulary contains a comprehensive list of drugs under all therapeutic categories with two exceptions: some drugs, nutritional supplements and supplies are not covered (see page 115); we may also exclude certain FDA-approved drugs when multiple generic equivalents/ alternative medications are available. See pages 103 and 104 for details.
  - We use a managed formulary for certain drug classes.
  - There is **no calendar year deductible.**
  - The Mail Service Prescription Drug Program is available only to Members with primary Medicare Part B coverage.

We will send each new enrollee a combined prescription drug/Plan identification card. Standard Option Members, and Basic Option Members with primary Medicare Part B coverage, are eligible to use the Mail Service Prescription Drug Program and will also receive a mail service order form and a preaddressed reply envelope.

- **Who can write your prescriptions.** A physician or dentist licensed in the United States, Puerto Rico, or the U.S. Virgin Islands, or, in states that permit it, a licensed or certified physician assistant, nurse practitioner, or psychologist must write your prescriptions. See Section 5(i) for drugs purchased overseas.
- **Where you can obtain them.**

  Under Standard Option, you may fill prescriptions at a Preferred retail pharmacy, at a Non-Preferred retail pharmacy, through our Mail Service Prescription Drug Program, or through the Specialty Drug Pharmacy Program. Under Standard Option, we pay a higher level of benefits when you use a Preferred retail pharmacy, our Mail Service Prescription Drug Program, or the Specialty Drug Pharmacy Program. See page 154 for the definition of "specialty drugs."

  Under Basic Option, you must fill prescriptions only at a Preferred retail pharmacy or through the Specialty Drug Pharmacy Program, in order to receive benefits. If Medicare Part B is your primary coverage, you may also fill prescriptions through our Mail Service Prescription Drug Program. See page 154 for the definition of "specialty drugs."

  Note: The Mail Service Prescription Drug Program will not fill your prescription until you have obtained prior approval. CVS Caremark, the program administrator, will hold your prescription for you up to 30 days. If prior approval is not obtained within 30 days, your prescription will be returned to you along with a letter explaining the prior approval procedures.

  Note: The Specialty Drug Pharmacy Program will not fill your prescription until you have obtained prior approval. AllianceRx Walgreens Prime, the program administrator, will hold your prescription for you up to 30 days. If prior approval is not obtained within 30 days, your prescription will be returned to you along with a letter explaining the prior approval procedures.

  Under Standard Option and Basic Option

  Note: Both Preferred and Non-Preferred retail pharmacies may offer options for ordering prescription drugs online. Drugs ordered online may be delivered to your home; however, these online orders are not a part of the Mail Service Prescription Drug Program, described on page 112.

  Note: Due to manufacturer restrictions, a small number of specialty drugs used to treat rare or uncommon conditions may be available only through a Preferred retail pharmacy. See page 111 for information about your cost-share for specialty drugs purchased at a Preferred retail pharmacy that are affected by these restrictions.

Standard Option Only

- **Under Standard Option**, some drugs, nutritional supplements and supplies are not covered (see page 115); we may also exclude certain FDA-approved drugs when multiple generic equivalents/alternative medications are available. If you purchase a drug, nutritional supplement, or supply that is not covered or a drug specifically excluded from coverage on the formulary, you will be responsible for the full cost of the item.
- The Standard Option formulary includes a list of preferred drugs that are safe, effective and appropriate for our Members, and are available at lower costs than those of non-preferred drugs. If your physician prescribed a more expensive non-preferred drug for you, we may ask that he or she prescribe a preferred drug instead; we encourage you to do the same. If you purchase a drug that is not on our preferred drug list, your cost will be higher. Your cooperation with our cost-savings efforts helps keep your premium affordable.

Note: Before filling your prescription, please check the preferred/non-preferred status of the drug. Other than changes resulting from new drugs or safety issues, the preferred drug list is updated periodically during the year.

- **Under Basic Option, we use a managed formulary for certain drug classes.** If you purchase a drug in a class included in the managed formulary that is not on the managed formulary, you will pay the full cost of that drug since that drug is not covered under your benefit.
- The Basic Option formulary includes a list of preferred drugs that are safe, effective and appropriate for our Members, and are available at lower costs than those of non-preferred drugs. If your physician prescribed a more expensive non-preferred drug for you, we may ask that he or she prescribe a preferred drug instead; we encourage you to do the same. If you purchase a drug that is not on our preferred drug list, your cost will be higher. Your cooperation with our cost-savings efforts helps keep your premium affordable.
- **Under Basic Option**, some drugs, nutritional supplements, and supplies are not covered (see page 115); we may also exclude certain FDA-approved drugs when multiple generic equivalents/alternative medications are available. If you purchase a drug, nutritional supplement, or supply that is not covered or a drug specifically excluded from coverage, you will be responsible for the full cost of the item.

  Note: **Before filling your prescription, please check the preferred/non-preferred status of the drug.** Other than changes resulting from new drugs or safety issues, the preferred drug list is updated periodically during the year.

  Note: Member cost-share for prescription drugs is determined by the tier to which a drug has been assigned. To determine the tier assignments for formulary drugs, we work with our Pharmacy and Medical Policy Committee, a group of physicians and pharmacists who are not employees or agents of, nor have financial interest in, the Blue Cross and Blue Shield Service Benefit Plan. The Committee meets quarterly to review new and existing drugs to assist us in our assessment of these drugs for safety and efficacy. Drugs determined to be of equal therapeutic value and similar safety and efficacy are then evaluated on the basis of cost. The Committee's recommendations, together with our evaluation of the relative cost of the drugs, determine the placement of formulary drugs on a specific tier. Using lower cost preferred drugs will provide you with a high quality, cost-effective prescription drug benefit.

  Our payment levels are generally categorized as:

  Tier 1: Includes generic drugs

  Tier 2: Includes preferred brand-name drugs

  Tier 3: Includes non-preferred brand-name drugs

  Tier 4: Includes preferred specialty drugs

  Tier 5: Includes non-preferred specialty drugs

  You can view both the Standard Option and Basic Option formularies, which include the preferred drug list for each on our website at www.fepblue.org or request a copy by mail by calling 800-624-5060 (TTY: 800-624-5077). If you do not find your drug on the formulary or the preferred drug list, please call 800-624-5060. Any savings we receive on the cost of drugs purchased under this Plan from drug manufacturers are credited to the reserves held for this Plan. Please note the list of drugs excluded from coverage may change during the year. For the most up-to-date excluded drug list, please visit www.fepblue.org/formulary.

- **Generic equivalents**

  Generic equivalent drugs have the same active ingredients as their brand-name equivalents. By filling your prescriptions (or those of family members covered by the Plan) at a retail pharmacy, through the Specialty Drug Pharmacy Program, or, for Standard Option Members and for Basic Option Members with primary Medicare Part B, through the Mail Service Prescription Drug Program, you authorize the pharmacist to substitute any available Federally approved generic equivalent, unless you or your physician specifically request a brand-name drug. Keep in mind that **Basic Option Members must use Preferred providers in order to receive benefits.** See Section 10, *Definitions*, for more information about generic alternatives and generic equivalents.

- Disclosure of information. As part of our administration of prescription drug benefits, we may disclose information about your prescription drug utilization, including the names of your prescribing physicians, to any treating physicians or dispensing pharmacies.

- **These are the dispensing limitations.**

  Standard Option: Subject to manufacturer packaging and your prescriber's instructions, you may purchase **up to** a 90-day supply of covered drugs and supplies through the Retail Pharmacy Program or a 31 to 90-day supply through the Specialty Drug Pharmacy Program. You may purchase a supply of **more than** 21 days **up to** 90 days through the Mail Service Prescription Drug Program for a single copayment.

  Basic Option: When you fill Tier 1 (generic), Tier 2 (preferred brand-name), and Tier 3 (non-preferred brand-name) prescriptions at a Preferred retail pharmacy, you may purchase **up to** a 30-day supply for a single copayment, or **up to** a 90-day supply for additional copayments. When you fill Tier 4 and Tier 5 specialty drug prescriptions, you may purchase up to a 30-day supply through a Preferred pharmacy or the Specialty Drug Pharmacy Program. Members with primary Medicare Part B coverage may purchase a supply of **more than** 21 days **up to** 90 days through the Mail Service Prescription Drug Program for a single copayment.

  Note: Certain drugs such as narcotics may have additional FDA limits on the quantities that a pharmacy may dispense. In addition, pharmacy dispensing practices are regulated by the state where they are located and may also be determined by individual pharmacies. Due to safety requirements, some medications are dispensed as originally packaged by the manufacturer and we cannot make adjustments to the packaged quantity or otherwise open or split packages to create 90-day supplies of those medications. **In most cases, refills cannot be obtained until 75% of the prescription has been used.** Call us or visit our website if you have any questions about dispensing limits. Please note that in the event of a national or other emergency, or if you are a reservist or National Guard member who is called to active military duty, you should contact us regarding your prescription drug needs. See the contact information below.

Patient Safety and Quality Monitoring (PSQM)

We have a special program to promote patient safety and monitor healthcare quality. Our Patient Safety and Quality Monitoring (PSQM) program features a set of closely aligned programs that are designed to promote the safe and appropriate use of medications. Examples of these programs include:

- Prior approval – As described below, this program requires that approval be obtained for certain prescription drugs and supplies before we provide benefits for them.
- Safety checks – Before your prescription is filled, we perform quality and safety checks for usage precautions, drug interactions, drug duplication, excessive use, and frequency of refills.
- Quantity allowances – Specific allowances for several medications are based on FDA-approved recommendations, clinical studies, and manufacturer guidelines.

For more information about our PSQM program, including listings of drugs subject to prior approval or quantity allowances, visit our website at www.fepblue.org or call the Retail Pharmacy Program at 800-624-5060 (TTY: 800-624-5077).

Prior Approval

As part of our Patient Safety and Quality Monitoring (PSQM) program (see above), **you must make sure that your physician obtains prior approval for certain prescription drugs and supplies in order to use your prescription drug coverage.** In providing prior approval, we may limit benefits to quantities prescribed in accordance with accepted standards of medical, dental, or psychiatric practice in the United States. **Prior approval must be renewed periodically.** To obtain a list of these drugs and supplies and to obtain prior approval request forms, call the Retail Pharmacy Program at 800-624-5060 (TTY: 800-624-5077). You can also obtain the list through our website at www.fepblue.org. Please read Section 3 for more information about prior approval.

Please note that updates to the list of drugs and supplies requiring prior approval are made periodically during the year. New drugs and supplies may be added to the list and prior approval criteria may change. Changes to the prior approval list or to prior approval criteria are not considered benefit changes.

Note: If your prescription requires prior approval and you have not yet obtained prior approval, you must pay the full cost of the drug or supply at the time of purchase and file a claim with the Retail Pharmacy Program to be reimbursed. Please refer to Section 7 for instructions on how to file prescription drug claims.

Covered medications and supplies

Standard Option Generic Incentive Program

Your cost-share will be waived for the first 4 generic prescriptions filled (and/or refills ordered) per drug per calendar year if you purchase a brand-name drug on the Generic Incentive Program List while a Member of the Service Benefit Plan and then change to a corresponding generic drug replacement while still a Member of the Plan.

Preferred Retail Pharmacy Program

- Your 20% coinsurance amount (15% when Medicare Part B is primary) is waived for the first 4 generic drug replacements filled (and/or refills ordered) per drug per calendar year. You may receive up to 4 coinsurance waivers per drug change per year.
- If you switch from one generic drug to another, you will be responsible for your coinsurance amount.
- Both the brand-name drug and its corresponding generic drug replacement must be purchased during the same calendar year.

Mail Service Prescription Drug Program

- Your $15 copayment ($10 when Medicare Part B is primary) is waived for the first 4 generic drug replacements filled (and/or refills ordered) per drug per calendar year. You may receive up to 4 copayment waivers per drug change per year.
- If you switch from one generic drug to another, you will be responsible for the copayment.
- Both the brand-name drug and its corresponding generic drug replacement must be purchased during the same calendar year.

Please note the list of eligible generic drug replacements may change. For the most up-to-date information, please visit www.fepblue.org/en/benefit-plans/coverage/pharmacy/generic-incentive-program or call:
