

MINUTE ORDER: Upon consideration of Plaintiff's motion for extension, Dkt. 24 , and the proposed intervenors' opposition, Dkt. 25 , it is hereby ORDERED that the motion is GRANTED. Plaintiff shall file any opposition to the pending motion to intervene on or before August 4, 2026. The Court appreciates proposed intervenors' concern that any delay in resolving their motion might affect their ability to be heard on the merits of this dispute but, given the pending motion to dismiss, the Court is satisfied that Plaintiff's requested extension will not prevent the timely adjudication of proposed intervenors' motion or their participation in the merits stage should the case proceed to that point.
